Disclosure Statement

I. Organization Introduction

Name and Business Address of the Continuing Care Facility:

The name of the continuing care facility is Carmel Hills. Carmel Hills' business address and physical facilities are located at 2801 Carmel Road, Charlotte, NC 28226. It was incorporated under the laws of North Carolina on June 17, 1977, as a non-profit corporation.

II. Facility Introduction and Information

Affiliation:

Carmel Hills was formed to provide a residential retirement facility for older brothers and older sisters associated with a group of Christians commonly known as Plymouth Brethren. (According to the U.S. Department of Commerce Census of Religious bodies, Bulletin #6 1936). Insofar as Carmel Hills was formed under the principles of the group defined in the general statement, (pg. 1 of the referenced census document)* and is currently managed and directed by those associated with the referenced group, Carmel Hills remains in association with them. However, as delineated in the general statement of the referenced census document,* they have no formal structure of hierarchy. Therefore, there are no formal agreements between Carmel Hills and the referenced fellowship of Christians. Members of the Board of Directors of Carmel Hills are currently selected by Charlotte Gospel Hall, which is an assembly of Christians located in Charlotte, NC, identified with those denoted by the census report* referenced above. Although Carmel Hills routinely solicits and receives contributions from assemblies and individuals in these assemblies, such assemblies and individuals have no contractual obligation, or responsibility, either explicitly or implicitly, for the continued support and funding of Carmel Hills. Carmel Hills does give preferential treatment to individuals associated with the Christian fellowship denoted above* in its selection procedures and its scheduled rates. Carmel Hills is exempt from Federal income taxation under paragraph 501 (c) (3) of the Internal Revenue Code, which exempts certain charitable and religious organizations from income taxation.

Physical Property:

Carmel Hills is located on 15 acres of land in southeast Charlotte, NC. Within the 15-acre site is a Community Building, initially constructed in 1980, with additions added in 1984, 1985, 1987, 1991 and 1995. Approximately one-third of the site is a large flat wooded area adjacent to Carmel Road. The land to the rear of the community building is heavily wooded, sloping down to a 1-acre lake. The lake is the focal point for five duplex units, which are somewhat separate from other housing facilities. Throughout the site there are trails and clearings for the use and enjoyment of the residents. Attached hereto is an exhibit marked "Site Plan" which provides a general overview of the facilities of Carmel Hills. See Attachment K.

The Community Building serves as the focal point for most Carmel Hills activities. The Community Building contains a main lounge/gathering area which has a fireplace as well as a piano, a central dining area and food service section, as well as several offices and a library/game/exercise room. The Community Building contains the majority of the dwelling units at Carmel Hills including the Assisted Living unit. The Community Building contains approximately 42,300 square feet. Attached hereto is an exhibit marked "Community Building" which provides a general overview of the central part of the Community Building. See attachment K.

Assisted Living Unit:

The Assisted Living Unit is housed in the Community Building. The Assisted Living Unit contains 24 rooms. Each room is large enough to accommodate two beds. We are licensed for 38 beds. As per our previous discussions with the Department of Insurance, Financial Evaluation Division, the Board considers 30/31 to be "full" because at any time we can be required by our contracts as a Continuing Care Retirement Community to provide domiciliary care for residents from the independent section of Carmel Hills. Although such rooms may be occupied by one person, Carmel Hills makes no assurance or claims that such rooms will continue with single occupancy. The Licensed Domiciliary Care provides on-site care facilities for those residents who need assistance with personal hygiene and limited assistance in personal care.

Continuing Care Occupants: Carmel Hills anticipates that it will provide continuing care coverage for approximately 70 residents during 2023.

III. Policies

Standard for Admissions and Continued Occupancy:

Carmel Hills generally requires that all applicants be over age 55 years and capable of independent living, as solely determined by the Admissions Committee of Carmel Hills and the policies as determined by the Board of Directors. Acceptable applicants must demonstrate their financial ability, as solely determined by the Admissions Committee of Carmel Hills, to fully sustain themselves as a resident of Carmel Hills for the remainder of their lives. Carmel Hills may make exceptions to the above criteria, on a case-by-case basis and in consideration of such factors as the applicant's service to the fellowship of Christians (denoted by the referenced census bulletin at the end of this section) *, the availability of funds by Carmel Hills, the availability of space within Carmel Hills, and other extenuating circumstances.

The first ninety (90) days of occupancy at Carmel Hills by a new resident constitutes a trial period during which a new resident may be required to terminate residency at Carmel Hills if the Board, in its sole discretion, determines that a resident is unable to make a physical or mental adjustment to the style of living provided. This trial period also serves to establish whether the applicant's physical and mental condition may have deteriorated since such applicant was accepted for admission. If an applicant prior to the ninety (90) day trial period, is unable to establish, to the sole satisfaction of the Admissions Committee of Carmel Hills, that they are mentally and physically capable of living at Carmel Hills and making the necessary adjustments to the style of living provided, then the resident shall be terminated, and refunded as provided under the provisions stated in Section VII.

In the application, the applicant has provided Carmel Hills certain financial information upon which Carmel Hills shall rely in reviewing the application. The applicant represents that such financial information is true, accurate and complete. The applicant agrees not to deplete or otherwise dispose of any assets, cash or property of the applicant, before and after becoming a resident of Carmel Hills, through gifts or any other voluntary means to such an extent that the ability of the applicant to meet the monthly payments due for the Cost-of-Care shall be jeopardized. Carmel Hills may require such applicant not to make such disposition if, in the sole discretion of the Admissions Committee, such a disposition will deplete the applicant's or resident's assets in a manner that will jeopardize the applicant's or resident's ability to continue to meet the monthly payments for the Cost-of-Care.

A resident's privilege of living at Carmel Hills shall continue for the lifetime of such resident unless terminated under the terms set out in the Entrance Agreement and specified herein or unless terminated by such resident. However, neither the Entrance Agreement nor this disclosure statement is a lease and these documents do not create any interest on the part of any resident in the real property or personal property of Carmel Hills. The occupancy privilege of a resident does not and shall not inure to the use or benefit of any person, firm or corporation other than such resident. The rights of occupancy and all other rights of a resident shall at all times be subordinate and junior to the lien of any/all deeds of trust which might be executed by Carmel Hills.

*U.S. Department of Commerce Census of Religious Bodies, Bulletin #6, 1936

Transfer and Termination Policies:

The first ninety (90) days of the occupancy at Carmel Hills by a resident constitutes a trial period during which a resident may be required to terminate residency at Carmel Hills if the Board, in its sole discretion, determines that a resident is unable to make a physical or mental adjustment to the style of living provided.

A resident may voluntarily terminate residency at Carmel Hills at any time.

A resident shall be required to abide by the policies and regulations established from time to time by the Board concerning the conduct and activity of all residents of Carmel Hills. Carmel Hills may terminate a resident's occupancy for failure to comply with such policies and regulations.

As part of the application procedure, each applicant must furnish Carmel Hills with certain specified financial and medical information. Carmel Hills may terminate a resident for falsifying or failing to reveal financial and medical information requested on the application forms.

The Board shall have a right to terminate the residency of a resident at Carmel Hills at any time for what is, in the sole judgment and discretion of the Board, any just or sufficient cause, and any such termination shall be final and conclusive. Any refund shall be pursuant to contract.

In the event of a termination of residency the only refund of the Entrance Fee shall be as provided in Section VII subsection labeled "Refund Policies" (Pages 26-27)

Carmel Hills maintains the right to transfer a resident, either temporarily or permanently, to another facility when nursing care is required under the prescription or direction of a resident's physician or other licensed physician of Carmel Hills' choosing.

If Carmel Hills determines, in its sole discretion, that a resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills, then Carmel Hills shall have the right to transfer such resident to such other facility as Carmel Hills, in its discretion, and upon the order or prescription of such resident's physician or the order of a licensed physician selected by Carmel Hills, shall determine to be in the best interest of such resident. The transfer shall be according to the conditions and procedures specified in paragraph (2) of rule 10A NCAC 13F.0702 effective July 1, 2004.

Individuals admitted directly to the Assisted Living Unit of Carmel Hills and who are not under continuing care coverage occupy such facility on a day-to-day basis. Carmel Hills may transfer or discharge such residents upon its sole discretion. Carmel Hills may transfer or discharge such residents when additional beds are necessary for continuing care residents or Affiliated Applicants. Carmel Hills is not obligated to convert any or all rooms in the Assisted Living Unit from single occupancy to double occupancy before discharging a resident not under continuing care.

Carmel Hills, in its sole discretion, can terminate a resident's occupancy for such resident's failure to make the prescribed payments in a timely manner.

Availability of Dwelling Units and Rooms within the Assisted Living Unit:

A Dwelling Unit or a bed in the Assisted Living Unit may be made available by Carmel Hills to a different or new resident under the following circumstances:

1. termination of the occupancy of a prior resident
2. transfer of a resident to another unit within Carmel Hills
3. transfer of a resident to a nursing care facility or other health care facility outside Carmel Hills
4. allowing an additional individual to share a currently occupied Dwelling Unit
 - only upon request of all residents then occupying the Dwelling Unit-and-
 - only with the approval of Carmel Hills
5. admitting a resident or applicant to a then-occupied room in the Assisted Living Unit

Financial Assistance:

Carmel Hills has a policy of trying to assist qualified and needy applicants or residents who are unable to meet all of the financial requirements. The Board will determine in its sole discretion whether to waive or reduce certain financial requirements and the terms by which such reduction or waiver will be provided. Residents or applicants who feel financial assistance may be necessary are encouraged to inquire. Specific contributions to provide this assistance are received from time to time.

The Carmel Hills Resident's Assistance Fund (RAF) was established (prior to 1980) to provide assistance to some of the Lord's people who may not be able to live in Carmel Hills without some financial assistance.

Opportunity is given to any who want to contribute to this fund, to do so by making tax-deductible contributions to Carmel Hills, designated for the "*Carmel Hills Resident's Assistance Fund*". Contributions may be made in cash, in property, by will or by any legitimate means.

The Fund is administered by the Carmel Hills Board of Directors which may establish a committee for this purpose. Administration will be in accordance with the guidelines contained herein and any guidelines established in the future by the Carmel Hills Board of Directors.

At the discretion of the Board of Directors, the Fund (RAF) may be used to provide assistance for entry into and/or continuing maintenance in either the Residential Section or the Assisted Living Unit of Carmel Hills or any other facility serving under the jurisdiction of Carmel Hills.

Guidelines for Administration of the Fund

1. Both the principal and any interest earned by the Fund are available for use in the purposes of the fund.
2. Contributions to the Fund may be received from assemblies and individuals in assemblies and from other Christians who are sympathetic with the purposes of the Fund.
3. Assistance from the Fund may be provided to anyone who is in regular fellowship in one of the assemblies expressing practical fellowship with Carmel Hills and the Charlotte Gospel Hall. Such fellowship must have been in effect for a reasonable time. From time to time, the Board of Directors may choose to amend this policy for specific situations and for specific periods of time. Such changes will be recorded in the board minutes.
4. Candidates for assistance must:
 - Meet all entrance requirements of Carmel Hills except the financial requirements.
 - Fill out and submit a "Resident's Assistance Fund Application".

Residents initially admitted to the Dwelling Units or initially admitted directly to the Assisted Living Unit under an agreement for continuing care, may be transferred by Carmel Hills to another licensed North Carolina domiciliary care facility or a licensed North Carolina nursing care facility approved by Carmel Hills should they require a level of care beyond what can be provided at Carmel Hills. All residents except those under the Declining Refund Entrance Fee (Maple Plan) shall pay to such facility the rates charged for services rendered.

When a Declining Refund Entrance Fee (Maple Plan) resident is transferred to such a nursing care facility licensed by the State of North Carolina and approved by Carmel Hills, Carmel Hills will pay the Basic Monthly Service Charge of the nursing care facility at the rate for a semi-private room for such nursing care facility. A Declining Refund Entrance Fee (Maple Plan) resident may be transferred to another care facility if: (1) Carmel Hills determines, in its sole discretion, that a resident has become so physically or mentally ill as to jeopardize such resident's health or peace or as to jeopardize the health and peace of other residents; or (2) if a similar determination is made by the resident's physician, provided that Carmel Hills agrees with such physician's determination. Should Carmel Hills disagree with such physician's determination, then Carmel Hills shall select a licensed physician to make an independent determination. Such a determination shall be conclusive as to whether or not the resident shall be transferred.

If a Declining Refund Entrance Fee (Maple Plan) resident moves or is transferred to a nursing care facility under one of the above conditions, all expenses incurred for such resident's occupancy and care in such receiving nursing care facility, with the exception of the receiving facility's basic Monthly Service Charge at a semi-private room rate, shall be borne by such resident. Carmel Hills will only pay the receiving facility's basic Monthly Service Charge to the extent it is not covered by a resident's insurance and/or Medicare. In no event shall Carmel Hills pay for ancillary services provided to the transferred resident. Carmel Hills will also not pay for the use and maintenance of respirators, heart lung machines, dialysis machines or any other life support equipment or machinery. Carmel Hills will not be responsible for any transportation activities related to the above-mentioned equipment or procedures. While a resident is an occupant of any such nursing care facility, such resident will be obligated to pay the current monthly fee of \$3,710 for a semi-private room.

VI. Fees

Affiliated and Non-Affiliated Residents or Applicants:

Fees may vary between those Carmel Hills residents and applicants who are associated with the company of Christians identified per subject census document* and those who are not associated. Individuals who are associated with the company of Christians identified per the subject census document* shall hereinafter be referred to as Affiliated Residents or Affiliated Applicants. To qualify for affiliation, the applicant must have been identified with a congregation defined by the subject census document* prior to his or her making application to Carmel Hills. When application is made jointly by a husband and wife, or by two or more long established friends who have previously lived together, if either spouse or any of the friends are affiliated with those identified by the census,* then for purposes of classification, determination of fees, and rights to a certain level of services, both spouses and all of the friends shall be considered in affiliation with

those identified by the census bulletin.* The Admissions Committee shall determine, in its sole discretion, whether a group of individuals are long established friends who have previously lived together. If a resident, formerly not affiliated with those identified by the census bulletin,* subsequently becomes affiliated with those identified by the census bulletin,* he or she shall still be deemed to be Non-Affiliated for the purposes of determining fees, rights to a certain level of services, and priority for limited facilities. When spouses or long-established friends, having previously lived together, do not apply jointly, each individual's affiliation with those identified by the census bulletin* will be determined separately. A decision on whether an individual is affiliated with those identified by the census bulletin* is based solely on a determination by the Admissions Committee of Carmel Hills. The Admission Committee's finding shall be final and conclusive.

Application Fee:

A \$200 application fee for both Affiliated and Non-Affiliated Applicants is paid with the presentation of a written application to Carmel Hills. Each individual must submit a separate application and a separate application fee. Applications are said to be "joint" when such applications are submitted together at the same time and are indicated on the application as "joint". The application fee is non-refundable and is not part of the Entrance Fee, Residency Fee, or Security Deposit.

Entrance/Residency Fees for Residents Admitted to Dwelling Unit:

Residents admitted directly to the Dwelling Units at Carmel Hills must pay a one-time Entrance Fee or Residency Fee. A resident's privilege of living at Carmel Hills shall continue for the lifetime of such resident unless terminated under the terms set out in their specific Entrance Agreement or unless terminated by such resident (see item #41 in contract). The amount of the fee varies according to the size of the Dwelling Unit. The amount of the Entrance Fee or Residency Fee also differs between Affiliated Applicants and Non-Affiliated Applicants. The Entrance Fee or Residency Fee currently for one or more individuals, admitted jointly (i.e. admitted at the same time after submitting a joint application), to a then unoccupied Dwelling Unit is as follows:

Individuals admitted directly (i.e. not transferred from another Dwelling Unit) to an occupied Dwelling Unit, except those who choose the Magnolia Plan, must currently pay a minimum of \$107,875 to offset the cost of the continuing care obligation of Carmel Hills. An additional amount may also be required. The amount of the additional Entrance Fee or Residency Fee shall be determined on a case-by-case basis, depending on, among other things, whether, in the sole discretion of the Carmel Hills' Admissions Committee, the new resident will affect the projected turnover rate of the Dwelling Unit. In order to be admitted to a Dwelling Unit occupied by a resident of Carmel Hills, the applicant must be requested by the current resident(s) of the Dwelling Unit, and the applicant must also be approved by Carmel Hills' Admissions Committee. Entrance Fee or Residency Fee requirements and application procedures within this paragraph are applicable for all applicants seeking direct admission to a then occupied Dwelling Unit. A spouse seeking admission to Carmel Hills, whose spouse has previously been admitted, is not automatically entitled to admission into Carmel Hills (this includes marriage to a non-resident). The spouse requesting such subsequent admission must meet the admission requirements of Carmel Hills and must also be accepted for admission by the Carmel Hills Admissions Committee. The spouse requesting admission must also pay an assessed Entrance Fee or Residency Fee as determined under the provisions described in this paragraph. The monthly fee to be paid by the second person is listed under Monthly Cost-of-Care as "extra person in any unit".

Monthly Cost-Of-Care:

For residents residing in the Dwelling Units the Monthly Cost-of-Care varies according to the Dwelling Unit occupied, the residential plan selected, and the number of persons admitted to the Dwelling Unit. There is no distinction in Monthly Cost-of-Care fees assessed to Affiliated Residents and Non-Affiliated Residents

Fees for Transferring Between Dwelling Units Including Marriages:

Residents, with permission of Carmel Hills, may transfer from one Dwelling Unit to another. When the transfer is from a smaller Dwelling Unit to a larger Dwelling Unit, cost for such a transfer shall be the difference between the Entrance Fee or Residency Fee at the time of his or her admission and the current Entrance Fee or Residency Fee for the unit to which the resident wishes to transfer. The Entrance Fee or Residency Fee on the Dwelling Unit to which the transferring resident wishes to transfer is calculated as if there was then no resident then occupying such Dwelling Unit. When more than one current resident of Carmel Hills is transferring into the same Dwelling Unit the transfer fee is calculated by deducting the aggregate Entrance Fees or Residency Fee paid by each of the transferring residents from the Entrance Fee or Residency Fee then required for the Dwelling Unit to which the transferring residents transfer. Carmel Hills will not refund any Entrance Fees or Residency Fee to transferring residents, even in the event that the amount of Entrance Fees or Residency Fee paid by the transferring resident or residents exceeds the then-current Entrance Fee or Residency Fee for the unit to which the resident(s) transfer. The monthly fee to be paid by the second person is listed under monthly Cost-of-Care as "extra person in a unit". In addition to the above transfer fees, residents will be responsible for other expenses as detailed in the subsection labeled "Other Fees."

Any resident who leaves Carmel Hills because of marrying a non-resident is subject to the same refund policy that applies to all other residents, as found on pages 26 to 27 under refund policies.

Fees for Transferring to Assisted Living Unit or Nursing Facilities:

Depending on the plan chosen, residents originally admitted to the Dwelling Units of Carmel Hills who have been temporarily or permanently transferred to the Assisted Living Unit in Carmel Hills or have been temporarily or permanently transferred to other care facilities under a plan of continuing care coverage by Carmel Hills, shall remain liable for the Monthly Cost-of-Care as long as the unit is retained. The Monthly Cost-of-Care fee will continue until the dwelling unit being occupied by the resident becomes unoccupied and available for disposition by Carmel Hills to a new resident. The Monthly Cost-of-Care for such transferred residents shall be at the same rate as if the transferred person was still residing in or retaining the Dwelling Unit. In addition to the Monthly Cost-of-Care each resident transferred from a Dwelling Unit to Assisted Living Unit shall pay an additional fee. The fee for care in the Assisted Living area for each Residential Plan is listed below. If the resident is temporarily or permanently transferred to another facility Maple Plan residents continue to pay the same rate as if they were in the Carmel Hills Assisted Living; residents with other plans pay the rates charged by the new facility to that facility for their services rendered.

The semi-private fees associated with the other Residential Plans are:

- Magnolia - Presently, \$6,045 per month.
- Oak - 95% of Magnolia Plan, or \$5,745 per month.

Declining Entrance Fee (Maple Plan) residents initially admitted to a Dwelling Unit and currently residing in the Assisted Living Unit of Carmel Hills, must pay the current rate of \$3,710 per month for semi-private accommodations.

When available and practical, private rooms may be provided at an additional cost.

Entrance Fee for Residents Admitted Directly to the Assisted Living Facility:

Both Affiliated Applicants and Non-Affiliated Applicants may be admitted directly to the Assisted Living Facility at Carmel Hills. There is no entrance fee, either for Affiliated Applicants or Non-Affiliated Applicants, for direct admission into the Assisted Living facility, unless such an applicant seeks Carmel Hills' continuing care coverage. This continuing care coverage was previously described within the "Service" subsection herein. Individuals admitted directly to the Assisted Living Unit of Carmel Hills are only eligible for continuing care coverage if they are in association with those identified by the census bulletin,* as previously defined, and contract for the continuing care coverage. Affiliated Residents admitted directly to the Assisted Living Unit who desire Carmel Hills' continuing care coverage must pay an entrance fee of \$107,875 per person for a semi-private room.

Monthly Cost-Of-Care for Residents Admitted Directly to the Assisted Living Facility at Carmel Hills

The Monthly Cost-of-Care fee for Affiliated Residents admitted directly to the Assisted Living Facility of Carmel Hills with or without an agreement for continuing care coverage is not to be greater than \$6,045 per person for a semi-private room. Non-Affiliated residents admitted directly to the Assisted Living Unit at Carmel Hills shall pay a Monthly Cost-of-Care fee not greater than \$6,045 per person for a semi-private room. When available and practical, private rooms may be offered. The present extra charge for a private room is \$1,795 per month.

Other Fees:

1. Residents of Carmel Hills transferring from one Dwelling Unit to another shall be responsible for such expenses incurred by Carmel Hills in preparing both the unit to which the resident is transferring and the unit from which the transferring resident has left. When the resident requests the transfer, he will be responsible to pay the higher of the two monthly rates until the vacated apartment has been occupied. Such expenses may include, but are not limited to, painting of the Dwelling Units, and replacing certain appliances, even if the performance of such services and replacement are necessitated by normal wear and tear on the Unit. All residents whether transferring between Dwelling Units or transferring away from Carmel Hills, are responsible for insuring that the Dwelling Units are completely cleaned and restored to the condition in which such residents found the Dwelling Units, aside from normal wear and tear. Carmel Hills shall determine in its sole discretion whether certain damage is the result of normal wear and tear. Carmel Hills may assess such resident or his estate the cost to clean and restore the Dwelling Unit. If a resident moves from a larger unit to a smaller unit and transitions to the Assisted Living within 6 months of moving from a larger unit, the resident will pay the larger unit rate in the Assisted Living.

*U.S. Department of Commerce Census of Religious Bodies, Bulletin #6, 1936

2. In the event a resident is transferred from Carmel Hills, or in the event of the death of a resident, Carmel Hills shall request that all items from a resident's unit be removed within 48 hours. Carmel Hills retains the right to remove and store the furniture and personal effects of such a resident on its premises for thirty (30) days from such transfer or until such prior time as written instructions are received from such resident or his legal representative as to the disposition of such items. If, after thirty (30) days, no such instructions are received, Carmel Hills may, at its option, transfer such items to a public storage facility at the expense of the resident or his estate.

3. Carmel Hills may provide additional services other than such services as previously listed herein. In such cases where Carmel Hills provides services or items not herein specified, Carmel Hills may charge additional fees for such services or items. The cost of such items shall be determined in the sole discretion of Carmel Hills. The estimated cost of such services must be stated to the resident or Applicant prior to any agreement for the performance of such services by Carmel Hills.

4. Carmel Hills shall have no responsibility to provide to a resident, and a resident shall be responsible for providing and paying for, the following items received or used by a resident: all medicine (prescription and non-prescription); all surgical, medical, dental and optical services, all fees to physicians, nurses and other medical care personnel, all medical services of any type beyond those services which are described in the section labeled "Services"; dry-cleaning and laundry services other than those which might be available on the grounds of Carmel Hills for use by the residents; telephone; and, cablevision services.

5. Except for domiciliary nursing care and the one meal per day provided by Carmel Hills to a resident at no extra cost, a resident shall pay from such resident's own funds the deductible, the per diem and all other charges for or cost to Carmel Hills of any hospitalization and medical and other health services not paid for by the Medicare programs or other insurance. Carmel Hills shall not be responsible for any charges for such services but may, to the extent that a resident's resources are inadequate to do so, from time to time in its charitable function and in the sole discretion of the Board, assist a resident in paying such charges.

6. A resident who resides in a Cottage/Duplex is permitted to have pets. A separate signed Pet Policy Agreement and a \$500 non-refundable pet fee is required (See attachment I)

Payment Policies:

1. Upon becoming a resident of Carmel Hills, payment is due before the 10th day of each month for the Monthly Cost-of-Care for that month. If a resident is unable to make full payment of all amounts due under the Entrance Agreement at the time such payment is due, the resident shall notify the administrator of Carmel Hills in writing, giving an explanation of the present situation and a current financial statement. Carmel Hills will determine in its sole discretion whether to waive or reduce certain financial requirements and the terms by which such reduction or waiver will be provided. A waiver of any Monthly Cost-of-Care must be in writing. A waiver of a fee or any part thereof for any particular month shall not constitute a waiver for any subsequent months unless so specifically stated in writing by Carmel Hills. If a resident is unable to make full payment of all amounts due and Carmel Hills chooses to terminate the Entrance Agreement for failure to pay, Carmel Hills shall first provide written notice demanding that the resident bring his account current within twenty (20) days from receipt of the written demand. Should the resident fail to bring the account current within the twenty (20) day period, then Carmel Hills may in its sole discretion, terminate the Entrance Agreement.

2. A resident shall, upon request by Carmel Hills, apply for any federal, state or local grant, aid or benefits for which such resident may be eligible or to which such resident may be entitled, and a resident shall apply such grant, aid or benefits to the Monthly Cost-of-Care of such resident in keeping with the account procedures of Carmel Hills.

3. If the applicant or resident is eligible and not already enrolled, the applicant or resident shall, upon request by Carmel Hills:

(a) apply for and secure participation under the Medicare hospital insurance benefits program under part A of Public Law 89-97;

(b) at the next enrollment period following the application of the applicant or resident to Carmel Hills, apply for, secure and pay the premiums for participation under part B of Public Law 89-97.

4. A resident shall authorize, as requested by Carmel Hills, any provider of hospitalization, medical or health services under Medicare Part A and Part B and of any other hospitalization, medical or health services to receive reimbursement as provided under those programs or as provided from any insurer providing hospitalization, medical and health insurance which covers such residents.

5. A resident shall make, as may be necessary, assignment to the provider of medical and other health services under Medicare Part B and any supplementary extended coverage plan of all benefits accruing to such a resident under such plans. Carmel Hills' obligation to render services to a resident is contingent upon such resident's payment of the prescribed fees, including the Entrance Fee and the Monthly Cost-of-Care.

Notification of Fee Increases:

All fees herein stated as current fees are based on fees assessed to residents as of May 1, 2023. Carmel Hills by its action in the total discretion of the Board, may, at any time and from time to time, increase or decrease any and all fees, including but not limited to, the Application Fee, the Monthly Cost-of-Care fees, the Supplemental Cost-of-Care, the Entrance Fees and the Residency Fees. Such increases and decreases may become necessary based upon changes in the cost of living and other economic factors. Notice of fee increases will be given thirty (30) days prior to the effective date of the increase. All then-current residents, including residents transferred to outside nursing care facilities under the continuing care program of Carmel Hills, are responsible for any increases in the fees required by Carmel Hills. Residents are not responsible for any increases in the Entrance Fee once such residents have begun their occupancy at Carmel Hills, unless such a resident transfers to a different Dwelling Unit. In the event of such a transfer the increased Entrance Fee becomes part of the calculation for determining the applicable transfer fee under the formula in Section VI set out in the subsection labeled "Fees for Transferring between Dwelling Units." All applicants are responsible for payment of any increases in the required Entrance Fee that occur after the application has been made, but before final approval of the applicant. In the event that any fees, including Entrance Fees are decreased, neither current residents nor applicants will be entitled to any refunds.

VII. Refund Policies:

1. Upon final approval of the application, the applicant will be notified by Carmel Hills that final approval of the application has been made and the applicant may be admitted to reside at Carmel Hills. At that time, the applicant shall enter into an Entrance Agreement with Carmel Hills. Within thirty (30) days after written notice is sent to the applicant, the applicant shall pay to Carmel Hills the Entrance Fee or Residency Fee as set forth in the Entrance Agreement. Upon final approval of the application and upon receipt by Carmel Hills of the Entrance Fee or Residency Fee and the Monthly Cost-of-Care fee, the applicant shall then become a resident of Carmel Hills.

2. If an applicant dies before becoming a resident, or if on account of illness, injury, or incapacity, an applicant would be precluded from becoming a resident under the terms of the Entrance Agreement, the Entrance Agreement is automatically canceled and the applicant or legal representative of the applicant shall receive a refund within thirty (30) days of all money or property transferred to Carmel Hills, less the application fee and any non-standard expenses which Carmel Hills has incurred at the request of the applicant.

3. An applicant may rescind the Entrance Agreement within thirty (30) days following the later of the execution of the Entrance Agreement or the receipt of this disclosure statement. In the event that an applicant rescinds the Entrance Agreement within the 30-day period, any money transferred to Carmel Hills, other than the application fee, shall be returned to the applicant within thirty (30) days, subject to the following conditions and charges:

(a) In the event that the applicant has begun occupancy of a Dwelling Unit or residency in the Assisted Living Unit after the expiration of the above thirty (30) days, then Carmel Hills shall be allowed to retain all of the Residency Fee (for Magnolia residents) or that part of the Entrance Fee (for residents in the other plans) as necessary to clean and repair the Dwelling Unit in a manner sufficient for occupancy by a new occupant. The resident is not required to move in during the 30-day rescission period.

(b) Additionally, Carmel Hills shall be entitled to retain a pro rata share of the Monthly Cost-of-Care based on the number of days of occupancy by the resident before he rescinded the Entrance Agreement, if applicable, and terminated his residency at Carmel Hills.

(c) Carmel Hills may also retain the cost of all other expenses incurred by Carmel Hills on behalf of the resident.

4. In the event of the termination of residency of a Carmel Hills resident by reason of death or any other reason at any time beyond the thirty (30) day period stated in Section 3, any portion of the Entrance Fee will be refunded in accordance with the provisions of this section, provided that, as a result of such termination of residency, the residential unit being occupied by the resident at the time of termination of residency shall then become unoccupied and available for disposition by Carmel Hills to a new resident. The Monthly Cost-of-Care for the unit shall continue until the unit is unoccupied and available to another resident. In the event a termination of residency qualifies for a refund, a refund will be made based on the following provisions for the various plans:

Residency Fee Plan (Magnolia): No Entrance fee is paid by Magnolia Plan residents. Carmel Hills offers thirteen (13) month agreements, renewable for successive periods of thirteen (13) months automatically renewable. The Residency Fee is not refundable upon the termination of residency. Resident shall pay the current rates for time spent in the Assisted Living at Carmel Hills or in another facility if such is required.

90% Refundable Entrance Fee Plan (Oak): If the period of residency for Oak Plan residents is beyond the previously stated thirty (30) day period, ninety percent (90%) of the original Entrance Fee will be payable upon re-occupancy of the dwelling unit after the death of the Resident or termination of the contract.

Declining Refund Entrance Fee Plan (Maple Plan): If the period of residency for Maple Plan residents is beyond the thirty (30) day period, but less than ninety (90) days, seventy five percent (75%) of the Entrance Fee will be refunded. If the resident resides in the unit for ninety (90) days or greater up to twenty one (21) months, the resident will be refunded seventy five percent (75%) less four percent (4%) for each period of thirty (30) days or increment thereof of residency.

Carmel Hills will also deduct from any such refund and retain the amount equal to one hundred dollars (\$100) per day for each day or a portion thereof during the first one (1) month of residency that the resident has occupied either the Carmel Hills Assisted Living Unit or a nursing home or both. Any resident who dies or is terminated as a resident of Carmel Hills after having been a resident of Carmel Hills or a resident of a nursing home for more than twenty-one (21) months shall not be entitled to any refund or any portion of the Entrance Fee. Any allowable Entrance Fee refund described above will be payable upon re-occupancy of the dwelling unit after the death of the resident or termination of the contract.

VIII. Early Reservation Agreement

Carmel Hills determined that there may be persons who are younger than the typical Future Resident who wish to obtain a priority on Carmel Hills' waiting list. A prospective Resident under the age of sixty-two (an "Early Preserver") may reserve a priority position on Carmel Hills' waiting list without completing a Future Reservation Agreement by signing an Early Reservation Agreement (an "Early Reservation Agreement"), the current version of which is attached hereto as Appendix D. An Early Reserver must pay a one hundred dollar (\$100) non-refundable fee.

The Early Reservation Agreement does not entitle the Early Reserver to any current privileges at Carmel Hills; it merely places the Early Reserver on the waiting list so that he or she has a better opportunity to have a Dwelling Unit available when the Early Reserver may be ready to occupy it.

Under the Early Reservation Agreement, within a year of turning sixty-two (62) years old, the potential resident must sign a Future Residency Agreement and comply with the application procedures contained therein, including making a reservation deposit of \$1,000. Should the prospective resident fail to fulfill the requirements of the Early Reservation Agreement the prospective resident shall forfeit his or her position on the waiting list.

IX. Future Residency Agreement

A prospective Resident (a "Future Resident") may reserve a priority position on Carmel Hills waiting list for occupancy at some time in the future by entering into a Future Residency Agreement (a "Future Residency Agreement"), the current version of which is attached hereto as Appendix C. A prospective Future Resident is required to submit an Application for Admission, a Personal Health History and a Confidential Financial Statement within thirty (30) days of executing a Future Residency Agreement. A non-interest-bearing deposit of one thousand dollars (\$1,000.00) is required of all Future Residents, and will be credited toward the entrance fees due by the Future Resident at the time of occupancy as outlined in the Carmel Hills Dwelling Unit Entrance Agreement.

The Future Residency Agreement provides that upon notification by Carmel Hills that a Dwelling Unit of the type selected by the Future Resident will be available for occupancy, and the Future Resident has reached sixty-two (62) years of age, the Future Resident has three (3) days to accept such Dwelling Unit. When the Future Resident accepts a Dwelling Unit, the Future Resident and Carmel Hills will enter into the Carmel Hills Dwelling Unit Entrance Agreement in effect at the time of such acceptance. The Future Resident may reject any offer by Carmel Hills to take occupancy without losing the Future Resident's priority on Carmel Hills' waiting list. The right to reserve Dwelling Units becoming available for occupancy will be alternated between Residents occupying a Dwelling Unit at Carmel Hills who wish to transfer to another Dwelling Unit and Future Residents who have executed a Future Residency Agreement with Carmel Hills.

Notwithstanding Carmel Hills' policy to alternate the right to reserve Dwelling Units becoming available for occupancy between those Residents who wish to transfer to another Dwelling Unit and Future Residents entering Carmel Hills, Residents will have priority over all non-residents, including Future Residents, in transferring to another Dwelling Unit becoming available in the following circumstances:

- i Transfers due to medical necessity as determined by the Administrator;
- ii Transfers to a same size or smaller Dwelling Unit; and
- iii When two Dwelling units (one of which is vacant) are combined, the Resident occupying one of the Dwelling Units will have priority in reserving the combined Dwelling Unit.

Carmel Hills also reserves the right to fill in its sole discretion and without regard to the waiting list, up to five (5) vacancies in Dwelling Units each year.

The Future Residency Agreement entitles the future Residents to certain privileges at Carmel Hills with prior reservations at established rates, including meals in Carmel Hills' dining room, use of the common areas within Carmel Hills and participation in any planned programs provided by Carmel Hills.

XI. Reserves and Prepayments

Reserve Funding:

N.C.G.S. 58-64-33 requires Carmel Hills to establish an operating reserve equal to 50% of the total operating costs projected for the twelve-month operation period ending 4/30/24, or 25% of such total operating costs if occupancy at 4/30/23 is in excess of 90%. Carmel Hills' average for the year is currently 95% of capacity and expects to maintain occupancy in excess of 90%. Based on the financial forecast prepared by Foard & Company, P.A.:

The reserve of \$865,000 is being held in designated reserve accounts.

The President of the Board of Trustees of Carmel Hills will make the final decision as to where these funds will be invested. The funds will be invested according to the restrictions listed in 58-64-33 Operating Reserves.

The method used for calculation of the Reserves listed above is to take the "Total Expenses" on page 3 of the accountants "Forecasted Financial Statements", add principal payment on long-term debt, deduct the itemized "Depreciation", and multiply remainder by 0.25. This method yields the required reserve.

Applicable Fiscal Year	Required Reserve	Date Reserve Required	Projected Funded Reserve	Excess (Deficit) Reserve
4/24	865,000	3/1/24	865,000	0
4/25	880,000	3/1/25	880,000	0
4/26	910,000	3/1/26	910,000	0
4/27	906,000	3/1/27	906,000	0
4/28	927,000	3/1/28	927,000	0

Carmel Hills Dwelling Unit Entrance Agreement

**Magnolia
A Residency Fee is Required**

This is not a life care contract

THIS ENTRANCE AGREEMENT is made _____, 2023,
by CARMEL HILLS, a North Carolina corporation with its principal office in Mecklenburg County,
North Carolina ("Carmel Hills"), and _____,
a resident of _____
("Applicant"). Applicant seeks joint admission with _____.

Statement of Purpose

Applicant has made written application to live at Carmel Hills. The parties agree by this instrument that the acceptance of the application and any tenure of residence of applicant as an occupant at Carmel Hills shall be governed by this instrument.

Carmel Hills is organized under the laws of North Carolina as a nonprofit corporation. The Board of Directors ("the Board") of Carmel Hills do not receive any salary or other remuneration for such functions. Board members perform such functions gratuitously as a ministry to the Lord and His people. It is the intent of Carmel Hills to maintain the lowest possible cost consistent with sound, economic principles of operations and the philanthropic purposes of Carmel Hills. Carmel Hills has been designed to provide comfortable surroundings at a low cost where older people may live in peace and contentment in Christian neighborliness. Carmel Hills and Applicant agree to seek and maintain these ideals. Carmel Hills was founded and operated by individuals associated with a group of Christians commonly known as Plymouth Brethren (according to the U.S. Department of Commerce Census of Religious Bodies, Bulletin #6, 1936). Although Carmel Hills routinely solicits and receives contributions from assemblies and individuals in these assemblies, such assemblies and individuals have no contractual obligation, or responsibility, either explicitly or implicitly, for continued support and funding of Carmel Hills. Residents who have been associated with the above-mentioned group and the Board of Directors of Carmel Hills are considered Affiliated Residents and those not so associated are called Non-affiliated Residents.

The Carmel Hills Assisted Living unit is licensed as a "Home for the aged" by the State of North Carolina. As a "Home for the aged", medical care in Carmel Hills is usually occasional or incidental, such as may be required in the home of any individual or family, but the administration of medication is supervised in the Assisted Living. Continuing planned medical and nursing care to meet the resident's needs may be provided under the direct supervision of a physician, nurse, or home health agency.

Agreement of the Parties

1. Applicant has received and reviewed the Carmel Hills Disclosure Statement (hereinafter referred to as "Disclosure Statement").
2. Applicant has paid to Carmel Hills with the presentation of a written application an application fee of two hundred dollars (\$200), which is not part of the Residency Fee. The application fee is non-refundable.
3. The application will be reviewed by the Admissions Committee of Carmel Hills. That Committee will make a decision in its sole discretion and judgment, acting in good faith and in reliance upon information contained in the application. This decision will be:
(a) preliminary approval of the application, (b) non-approval of the application, or (c) final approval of the application.
4. Preliminary approval is granted when the type of accommodations for which application was made is not available, or the applicant is not yet ready to move. The application is still subject to final approval by the Committee. Final approval is made when the Committee approves the Applicant for residency at Carmel Hills, and the type of accommodation for which application was made is available. Non-approval is a decision made by the Committee when it will not accept Applicant for residency at Carmel Hills. The decision of the Committee is not subject to appeal.
5. If preliminary approval is granted, the applicant will be placed on a waiting list. If applicant has paid a Reservation Deposit of One Thousand Dollars (\$1,000) under the Future Residency Agreement, this deposit will be credited towards the Residency Fees due from the Future Resident at the time of occupancy of a Dwelling Unit at Carmel Hills.
6. When preliminary approval has been granted, and the type of accommodation for which the application was made becomes available, Carmel Hills will notify Applicant. Applicant must then provide Carmel Hills with a revised application showing any changes and containing current information. The Committee will review the new application and render a final decision.
7. Upon final approval, Applicant will be notified by Carmel Hills. Within thirty (30) days of that notice, Applicant shall pay to Carmel Hills a "non-refundable" Residency Fee. Carmel Hills offers thirteen (13) month agreements, automatically renewable for successive periods of thirteen (13) months unless terminated by the resident with thirty (30) days written notice to Carmel Hills, or unless terminated by Carmel Hills. After final approval of the application, the Applicant officially becomes a resident of Carmel Hills upon signing this Entrance Agreement, paying the Residency Fee in full and paying the first Monthly Cost-of-Care Fee.
8. As used in this agreement, the term "Residency Fee" shall mean the amount of money specified by Carmel Hills which is required to be paid by Applicant prior to becoming a resident. The amount of the Residency Fee will vary depending upon the type of accommodations for which application is made and whether the resident is Affiliated or

Non-Affiliated. Carmel Hills shall have the right to change the amount of the required Residency Fee at any time and from time to time after application for residency has been made and before the beginning of residency. See rates page 14 of Disclosure Statement for single and joint occupancy.

9. After Applicant has received notice of preliminary approval of the application but before Applicant has received notice of final approval, Applicant may prepay the Residency Fee to Carmel Hills. The amount of such payment may be the entire Residency Fee
10. Upon final approval of the application by Carmel Hills, Carmel Hills shall provide to Applicant a place of residence at its facility located on Carmel Road, in Charlotte, North Carolina. 13. After 30 days (see item #12 above), in the event of the termination of residency of a Carmel Hills resident by reason of death of a resident, none of the Residency Fee will be refunded. The Monthly Cost-of-Care fee will continue until the dwelling unit being occupied by the resident at the time of termination of residency shall then become unoccupied and available for disposition by Carmel Hills to a new resident.
14. If Applicant dies before officially becoming a resident, or if on account of illness, injury, or incapacity, an applicant would be precluded from becoming a resident under the terms of this agreement, this agreement is automatically canceled and Applicant or legal representative of Applicant shall receive a refund of all money transferred to Carmel Hills, less the application fee and any non-standard expenses which Carmel Hills has incurred at the written request of the applicant.
15. The first ninety (90) days of occupancy at Carmel Hills by a resident constitutes a trial period during which a resident will be required to terminate residency at Carmel Hills if the Board, in its sole discretion, determines that a resident is unable to make a physical or mental adjustment to the style of living provided. Monthly Cost-of-Care fees still apply for time spent at Carmel Hills.

16. A resident may voluntarily terminate residency at Carmel Hills at any time.
17. The Board shall have a right to terminate residency of a resident at Carmel Hills at any time for what is, in the sole judgment and discretion of the Board, any just or sufficient cause, and any such termination shall be final and conclusive.

19. A resident shall be required to abide by the policies and regulations established by the Board concerning the conduct and activity of all residents of Carmel Hills. Carmel Hills may terminate a resident for failure to comply with such policies and regulations.
20. In the event of a Resident's termination of residency after ninety (90) days of residency, none of the Residency Fee shall be refunded. Neither Carmel Hills nor any member of the Board shall have any liability by reason of termination of the occupancy of a resident at Carmel Hills for any reason.
21. If a resident is transferred or moved to a facility outside of the Carmel Hills facilities, resident may opt to continue payment of Monthly Cost-of-Care to retain the unit. Failure to pay the Monthly Cost-of-Care will terminate the agreement. The Monthly Cost-of-Care will continue until the dwelling unit being occupied by the resident at the time of termination of residency shall then become unoccupied and available for disposition by Carmel Hills to a new resident. If, in such case, such resident does recover and returns to Carmel Hills, such resident shall have the right to occupy the first dwelling unit of similar size and cost which becomes available at Carmel Hills.
22. During the time a resident is an occupant at Carmel Hills, Carmel Hills shall supply to a resident the following services:
 - Bi-weekly cleaning of each Dwelling Unit;

23. A resident's responsibility is to procure and pay for the following items received or used by such resident: all medications (prescription and non-prescription); all surgical, medical, dental and optical services; all fees to physicians, nurses and other medical care personnel; rehabilitative nursing home care; all medical services of any type beyond those services which are described in paragraph 22; dry cleaning and laundry services other than those which might be available on the grounds of Carmel Hills for use by residents; telephone and cablevision services.
24. From time to time, at Carmel Hills' sole discretion and when there are surplus funds, surplus volunteers, or surplus employees, Carmel Hills may provide services beyond those required under this agreement. Such additional services are not, nor shall they become, an entitlement either to the party receiving these additional services or to any other resident of Carmel Hills. Notwithstanding any provision herein, either explicit or implied, Carmel Hills shall not be responsible for providing any level of care, service, treatment, or facilities beyond such care, service, treatment or facility available and provided by Carmel Hills to its residents as of October 10, 1989. The level of care, service, treatment or facilities provided specifically excludes, without limitation, furnishing or maintaining any life support equipment such as respirators, dialysis, or heart-lung machines. Carmel Hills will not be responsible for any transportation activities related to the above- mentioned equipment or procedures.
25. Carmel Hills reserves the right:
- (a) To transfer a resident, either temporarily or permanently, to the Assisted Living unit within Carmel Hills or another facility outside of Carmel Hills, as Carmel Hills may determine, in its sole discretion, to be in the best interest of a resident, when nursing care is required or domiciliary care is required and Carmel Hills determines, in its discretion, that such resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills.
- (b) To transfer a resident, either temporarily or permanently, to another facility if nursing care or domiciliary care is required and a resident's physician determines that such resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills, provided Carmel Hills agrees with such physician's determination.
- In the event Carmel Hills disagrees with a resident's physician's determination as to the resident's need for further nursing care based on resident's physical and mental condition, or that the resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health and peace of other residents of Carmel Hills, then

Carmel Hills shall select a licensed physician to make a determination. Such determination by the physician selected by Carmel Hills shall be conclusive as to whether the resident shall be transferred.

26. If a resident is transferred to the Assisted Living unit within Carmel Hills, Carmel Hills will provide domiciliary care in a semi-private room while in the Assisted Living unit. Residents transferred to the Assisted Living unit shall pay the current rate for services rendered. If the transfer is considered temporary, the resident may continue to pay their Monthly Cost-of-Care rate in addition to the rate in the Carmel Hills Assisted Living unit to retain use of the previously occupied unit. These fees are subject to change by the actions of and/or at the discretion of the Board.
27. If a qualifying resident moves or is transferred by Carmel Hills outside of Carmel Hills, to a nursing care facility or lesser care facility licensed by the State of North Carolina and approved by Carmel Hills (such facilities hereinafter referred to as "Alternative Facilities"), the following rights and restrictions shall be in effect:
 - (a) Resident shall be responsible for all charges for occupancy and care in the Alternative Facilities. Some charges may be covered by Medicare or the resident's insurance. Carmel Hills will not be responsible for any of the costs.
 - (b) If the resident wishes to hold their present living unit, the Monthly-Cost-of-Care fees will continue to apply.
 - (c) Carmel Hills will also not pay for the use and maintenance of respirators, heart-lung machines, dialysis machines or any other life support equipment or machinery. Carmel Hills will not be responsible for any transportation activities related to the above mentioned equipment or procedures.
28. If a qualifying resident moves or is transferred to a hospital, all expenses incurred for such resident's occupancy and care in such hospital shall be borne by such resident.
29. Upon becoming an occupant of Carmel Hills, a resident shall pay before the tenth (10th) day of each month the Cost-of-Care for that month. The Cost-of-Care for that type of Dwelling Unit specified in paragraph 11 presently is \$ _____ per month and is subject to increase or decrease by the action and in the sole discretion of the Board. Carmel Hills reserves the right, in its sole discretion, to change or adjust the Monthly Cost-of-Care based upon changes in the cost of living and other economic necessities as they arise. Carmel Hills reserves the right to charge one and one-half percent (1.5%) per month on the unpaid balance of all Cost-of-Care fees not received by the tenth (10th) day of each month.
30. If a resident is unable to make full payment of all amounts due under this agreement at the time such payment is due, the resident shall notify the administrator of Carmel Hills in writing, giving an explanation of the present situation and a current financial statement. Carmel Hills will determine in its sole discretion whether to waive or reduce certain financial requirements and the terms by which such reduction or waiver will be provided. A waiver of any Monthly Cost-of-Care must be in writing. A waiver of a fee or any part thereof for any particular month shall not constitute a waiver for any subsequent months unless so specifically stated in writing by Carmel Hills.

31. If a resident is unable to make full payment of all amounts due under this agreement at the time such payment is due and Carmel Hills does not agree to provide financial assistance, then Carmel Hills may terminate this agreement. Before terminating this agreement for failure to pay, Carmel Hills shall provide written notice demanding that resident bring his account current within twenty (20) days from receipt of the written demand. Should the resident fail to bring the account current within the twenty (20) day period, then Carmel Hills may terminate this agreement.
32. A resident upon request by Carmel Hills shall apply for any federal, state or local grant, aid or benefits for which such resident may be eligible or to which such resident may be entitled, and a resident shall apply such grant, aid or benefit to the Cost-of-Care of such resident in keeping with the accounting procedures of Carmel Hills.
33. If Applicant is eligible and not already enrolled, Applicant upon request of Carmel Hills shall:
 - (a) apply for and secure participation under the Medicare Hospital Insurance Benefits Program under Part A of Public Law 89-97; and
 - (b) at the next enrollment period following the application of Applicant to Carmel Hills, apply for, secure and pay the premiums for participation under Part B of Public Law 89-97.
34. A resident shall authorize, as requested by Carmel Hills, any provider of hospitalization, medical or health services under Medicare Part A and Part B - and of any other hospitalization, medical or health services - to receive reimbursement as provided under those programs or as provided from any insurer providing hospitalization, medical and health insurance which covers such resident.
35. A resident shall make, as may be necessary, assignment to the provider of medical and other health services under Medicare Part B and any supplementary extended coverage plan of all benefits accruing to such resident under those plans.
36. Except for in-house domiciliary nursing care and the one meal per day provided by Carmel Hills, a resident shall pay from such resident's own funds the deductible, the per diem and all other charges for or costs of any hospitalization and medical/other health services not paid for by the Medicare programs or other insurance. Carmel Hills shall not be responsible for any charges for such services but may, to the extent that a resident's resources are inadequate to do so, from time to time in its charitable functions and in the sole discretion of the Board assist a resident in paying such charges.
37. Residents shall remain liable for the full Monthly Cost-of-Care even if such resident is voluntarily absent from Carmel Hills, provided that this agreement has not been terminated, in writing, by either Carmel Hills or the resident.
38. Each resident assumes all risks of personal injury and damage to property which such resident may incur by reason of any act or omission occurring while such resident is an occupant of Carmel Hills. Residents are encouraged to purchase "Renters insurance" to cover their personal property. Carmel Hills does not insure the residents' personal belongings.
39. Applicant agrees, if Applicant has not already done so, to make the following advance care documents:

- (a) make a will providing for the disposition of the remaining assets and personal effects of Applicant and provision for proper burial of Applicant at the expense of Applicant. Applicant shall keep the Administrator of Carmel Hills informed at all times as to the location of Applicant's will and the name of the executor of said will before and after becoming a resident at Carmel Hills.
- (b) Prepare and sign a Health Care Power of Attorney allowing a person you trust to make medical decisions for you if you cannot speak for yourself. A copy of said Health Care Power of Attorney shall be maintained in the Carmel Hills business office and in the resident's "In Case of Emergency" folder on the back of the door of their residential unit.
- (c) Prepare and sign a Durable Power of Attorney allowing a person you appoint to continue to pay your bills if you could not handle these matters yourself. A copy of said Durable Power of Attorney shall be maintained in the Carmel Hills business office.
40. On the application form, Applicant has provided Carmel Hills certain financial information upon which Carmel Hills shall rely in reviewing the application. Applicant represents that such financial information is true, accurate and correct. Providing false information or failing to provide all the requested information are grounds for termination. Applicant agrees not to deplete or otherwise dispose of any assets, cash or property of Applicant, before and after becoming a resident at Carmel Hills, through gifts or any other voluntary means to such an extent that the ability of Applicant to meet the monthly payments due for Cost-of-Care shall be jeopardized.
41. A resident's privilege of living at Carmel Hills shall continue for thirteen (13) months. The Entrance Agreement will automatically renew for thirteen (13) consecutive month terms unless terminated by such resident with thirty (30) days written notice to Carmel Hills or unless terminated by Carmel Hills. However, this agreement is not a lease and does not create any interest on the part of any resident in the real property or personal property of Carmel Hills. The occupancy privilege of a resident does not and shall not inure to the use or benefit of any person, firm or corporation other than such resident. The rights of occupancy and all other rights of a resident shall at all times be subordinate and junior to the lien of any and all deeds of trust which might be executed by Carmel Hills.
42. In the event a resident is transferred from Carmel Hills as provided in paragraphs 21, 25, and 27, or in the event of the death of a resident, Carmel Hills shall request that all items from a resident's unit be removed within 48 hours. Carmel Hills retains the right to remove and store the furniture and personal effects of such a resident on its premises for thirty (30) days from such transfer or until such prior time as written instructions are received from such resident or his legal representative as to the disposition of such items. If, after thirty (30) days, no such instructions are received, Carmel Hills may, at its option, transfer such items to a public storage facility at the expense of the resident or his estate.
43. This agreement may be modified only in writing signed by both parties.
44. This instrument contains the entire agreement of the parties, and there are no other written or verbal agreements or understandings between the parties in existence except as appears in this instrument.

- 45. This agreement and the rights and liabilities of the parties there under shall be governed and construed under the laws of the State of North Carolina.
- 46. If any part, term, or provision of this Entrance Agreement is by the courts held to be illegal or in conflict with any North Carolina law, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Entrance Agreement did not contain the particular part, term, or provision held to be invalid.

IN WITNESS of their agreement, Carmel Hills and Applicant have signed this instrument under seal on the day and year first above written.

12. Applicant may rescind the Entrance Agreement within thirty (30) days following the later of either the execution of the Entrance Agreement or the receipt of the disclosure statement. The resident is not required to move in during the thirty (30) day rescission period. In the event that Applicant rescinds the Entrance Agreement within this thirty (30) day period, any money transferred to Carmel Hills, other than the application fee, shall be returned to Applicant within thirty (30) days after the rescinding date and subject to the following conditions and charges:
 - (a) In the event that Applicant has begun occupancy of a Dwelling Unit or residency in the Assisted Living Unit within the above thirty (30) days, then Carmel Hills shall be allowed to retain that part of the Entrance Fee necessary to clean and repair the Dwelling Unit in a manner sufficient for occupancy by a new occupant.

The Monthly Cost-of-Care fee will continue until the dwelling unit being occupied by the resident at the time of termination of residency shall then become unoccupied and available for disposition by Carmel Hills to a new resident. Any allowable Entrance Fee refund described above will be payable upon re-occupancy after the death of the resident or termination of the contract. Such refunds will be available firstly to the resident or secondly to the spouse (if applicable and living) or refunded to the estate of such resident.

14. If Applicant dies before officially becoming a resident, or if on account of illness, injury, or incapacity, an applicant would be precluded from becoming a resident under the terms of this agreement, this agreement is automatically canceled and Applicant or legal representative of Applicant shall receive a refund of all money transferred to Carmel Hills, less the application fee and any non-standard expenses which Carmel Hills has incurred at the written request of the applicant.
15. The first ninety (90) days of occupancy at Carmel Hills by a resident constitutes a trial period during which a resident will be required to terminate residency at Carmel Hills if the Board, in its sole discretion, determines that a resident is unable to make a physical or mental adjustment to the style of living provided. Monthly Cost-of Care fees still apply for time spent at Carmel Hills.
16. A resident may voluntarily terminate residency at Carmel Hills at any time.
17. The Board shall have a right to terminate residency of a resident at Carmel Hills at any time for what is, in the sole judgment and discretion of the Board, any just or sufficient cause, and any such termination shall be final and conclusive.
18. As part of the application procedure, Applicant must furnish Carmel Hills with certain specified financial and medical information. Carmel Hills may terminate a resident for falsifying or failing to reveal financial or medical information requested on the application forms.
19. A resident shall be required to abide by the policies and regulations established from time to time by the Board concerning the conduct and activity of all residents of Carmel Hills. Carmel Hills may terminate a resident for failure to comply with such policies and regulations.
20. In the event of a termination of residency, the only refund of the original Entrance Fee shall be as provided in paragraph thirteen (13) herein. Neither Carmel Hills nor any member of the Board shall have any liability by reason of termination of the occupancy of a resident at Carmel Hills for any reason.
21. If a resident is transferred or moved to a facility outside of the Carmel Hills facilities, and if such resident's physician is of the opinion that the resident is not likely to return to the facilities of Carmel Hills, then Carmel Hills shall have the right to allow another applicant or resident of Carmel Hills to occupy the Dwelling Unit assigned to such resident. If, in such case, such resident does recover and returns to Carmel Hills, such resident shall have the right to occupy the first dwelling unit of similar size and cost which becomes available at Carmel Hills.
22. During the time a resident is an occupant at Carmel Hills, Carmel Hills shall supply to a resident the following services:

- Bi-weekly cleaning of each Dwelling Unit;
 - Laundry of bed linens;
 - All utilities: heating, air conditioning, gas, electricity, trash removal. Residents pay individually for telephone and cablevision service;
 - Homeowners insurance on the building. Residents must provide for their own renters insurance on their personal property if they desire;
 - One well-balanced meal each day served semi-cafeteria style in the dining room. The resident's plate is prepared by the food service department in the resident's presence, and the resident selects his own salads, drinks, etc. Residents may prepare additional meals in their own Dwelling Unit;

If a higher level of care is required, the resident and/or responsible person shall find a suitable facility. The resident is responsible to pay that facility for services provided.
23. Carmel Hills shall have no responsibility to provide to a resident, and a resident shall be responsible for providing and paying for, the following items received or used by a resident: all medications (prescription and non-prescription); all surgical, medical, dental and optical services; all fees to physicians, nurses and other medical care personnel; rehabilitative nursing home care; all medical services of any type beyond those services which are described in paragraph 22; dry cleaning and laundry services other than those which might be available on the grounds of Carmel Hills for use by residents; telephone and cablevision services.
24. From time to time, at Carmel Hills' sole discretion and when there are surplus funds, surplus volunteers, or surplus employees, Carmel Hills may provide services beyond those required under this agreement. Such additional services are not, nor shall they become, an entitlement either to the party receiving these additional services or to any other resident of Carmel Hills. Notwithstanding any provision herein, either explicit or implied, Carmel Hills shall not be responsible for providing any level of care, service, treatment, or facilities beyond such care, service, treatment or facility available and provided by Carmel Hills to its residents as of October 10, 1989. The level of care, service, treatment or facilities provided specifically excludes, without limitation, furnishing or maintaining any life support equipment such as respirators, dialysis, or heart-lung machines. Carmel Hills will not be responsible for any transportation activities related to the above-mentioned equipment or procedures.

25. Carmel Hills reserves the right:

(a) To transfer a resident, either temporarily or permanently, to the Assisted Living unit within Carmel Hills or another facility outside of Carmel Hills, as Carmel Hills may determine, in its sole discretion, to be in the best interest of a resident, when nursing care is required or domiciliary care is required and Carmel Hills determines, in its discretion, that such resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills.

(b) To transfer a resident, either temporarily or permanently, to another facility if nursing care or domiciliary care is required and a resident's physician determines that such resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills, provided Carmel Hills agrees with such physician's determination.

In the event Carmel Hills disagrees with a resident's physician's determination as to the resident's need for further nursing care based on resident's physical and mental condition, or that the resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health and peace of other residents of Carmel Hills, then Carmel Hills shall select a licensed physician to make a determination. Such determination by the physician selected by Carmel Hills shall be conclusive as to whether the resident shall be transferred.

26. If a resident is transferred to the Assisted Living unit within Carmel Hills, Carmel Hills will provide domiciliary care in a semi-private room while in the Assisted Living unit. Residents transferred to the Assisted Living unit shall pay ninety five percent (95%) of the current rate in the Assisted Living unit. If the transfer is considered temporary, the resident may continue to pay their Monthly Cost-of-Care rate in addition to the rate in the Carmel Hills Assisted Living unit to retain use of the previously occupied unit. These fees are subject to change by the actions of and/or at the discretion of the Board.

27. If a qualifying resident moves or is transferred by Carmel Hills outside of Carmel Hills to a nursing care facility or lesser care facility licensed by the State of North Carolina and approved by Carmel Hills (such facilities hereinafter referred to as "Alternative Facilities"), the following rights and restrictions shall be in effect:

(a) Resident shall be responsible for all charges for occupancy and care in the Alternative Facilities. Some charges may be covered by Medicare or the resident's insurance. Carmel Hills will not be responsible for any of the costs.

(b) If the resident wishes to hold their present living unit, the Monthly-Cost-of-Care fees will continue to apply.

- (c) Carmel Hills will also not pay for the use and maintenance of respirators, heart-lung machines, dialysis machines or any other life support equipment or machinery. Carmel Hills will not be responsible for any transportation activities related to the above-mentioned equipment or procedures.
28. If a qualifying resident moves or is transferred to a hospital, all expenses incurred for such resident's occupancy and care in such hospital shall be borne by such resident.
29. Upon becoming an occupant of Carmel Hills, a resident shall pay before the tenth (10th) day of each month the Cost-of-Care for that month. The Cost-of-Care for that type of Dwelling Unit specified in paragraph 11 presently is \$ _____ per month and is subject to increase or decrease by the action and in the sole discretion of the Board. Carmel Hills reserves the right, in its sole discretion, to change or adjust the Monthly Cost-of-Care based upon changes in the cost of living and other economic necessities as they arise. Carmel Hills reserves the right to charge one and one-half percent (1.5%) per month on the unpaid balance of all Cost-of-Care fees not received by the tenth (10th) day of each month.
30. If a resident is unable to make full payment of all amounts due under this agreement at the time such payment is due, the resident shall notify the administrator of Carmel Hills in writing, giving an explanation of the present situation and a current financial statement. Carmel Hills will determine in its sole discretion whether to waive or reduce certain financial requirements and the terms by which such reduction or waiver will be provided. A waiver of any Monthly Cost-of-Care must be in writing. A waiver of a fee or any part thereof for any particular month shall not constitute a waiver for any subsequent months unless so specifically stated in writing by Carmel Hills.
31. If a resident is unable to make full payment of all amounts due under this agreement at the time such payment is due and Carmel Hills does not agree to provide financial assistance, then Carmel Hills may terminate this agreement. Before terminating this agreement for failure to pay, Carmel Hills shall provide written notice demanding that resident bring his account current within twenty (20) days from receipt of the written demand. Should the resident fail to bring the account current within the twenty (20) day period, then Carmel Hills may terminate this agreement.
32. A resident upon request by Carmel Hills shall apply for any federal, state or local grant, aid or benefits for which such resident may be eligible or to which such resident may be entitled, and a resident shall apply such grant, aid or benefit to the Cost-of-Care of such resident in keeping with the accounting procedures of Carmel Hills.
33. If Applicant is eligible and not already enrolled, Applicant upon request of Carmel Hills shall:
- (a) apply for and secure participation under the Medicare Hospital Insurance Benefits Program under Part A of Public Law 89-97; and

- (b) at the next enrollment period following the application of Applicant to Carmel Hills, apply for, secure and pay the premiums for participation under Part B of Public Law 89-97.
34. A resident shall authorize, as requested by Carmel Hills, any provider of hospitalization, medical or health services under Medicare Part A and Part B - and of any other hospitalization, medical or health services - to receive reimbursement as provided under those programs or as provided from any insurer providing hospitalization, medical and health insurance which covers such resident.
35. A resident shall make, as may be necessary, assignment to the provider of medical and other health services under Medicare Part B and any supplementary extended coverage plan of all benefits accruing to such resident under those plans.
36. Except for in-house domiciliary nursing care and the one meal per day provided by Carmel Hills, a resident shall pay from such resident's own funds the deductible, the per diem and all other charges for or costs of any hospitalization and medical and other health services not paid for by the Medicare programs or other insurance. Carmel Hills shall not be responsible for any charges for such services but may, to the extent that a resident's resources are inadequate to do so, from time to time in its charitable functions and in the sole discretion of the Board assist a resident in paying such charges.
37. Residents shall remain liable for the full Monthly Cost-of-Care even if such resident is voluntarily absent from Carmel Hills, provided that this agreement has not been terminated, in writing, by either Carmel Hills or the resident.
38. Each resident assumes all risks of personal injury and damage to property which such resident may incur by reason of any act or omission occurring while such resident is an occupant of Carmel Hills. Residents are encouraged to purchase "Renters insurance" to cover their personal property. Carmel Hills does not insure the residents' personal belongings.
39. Applicant agrees, if Applicant has not already done so, to make the following advance care documents:
- (a) make a will providing for the disposition of the remaining assets and personal effects of Applicant and provision for proper burial of Applicant at the expense of Applicant. Applicant shall keep the Administrator of Carmel Hills informed at all times as to the location of Applicant's will and the name of the executor of said will before and after becoming a resident at Carmel Hills.
- (b) Prepare and sign a Health Care Power of Attorney allowing a person you trust to make medical decisions for you if you cannot speak for yourself. A copy of said Health Care Power of Attorney shall be maintained in the Carmel Hills business office and in the resident's "In Case of Emergency" folder on the back of the door of their residential unit.

- (c) Prepare and sign a Durable Power of Attorney allowing a person you appoint to continue to pay your bills if you could not handle these matters yourself. A copy of said Durable Power of Attorney shall be maintained in the Carmel Hills business office.
40. On the application form, Applicant has provided Carmel Hills certain financial information upon which Carmel Hills shall rely in reviewing the application. Applicant represents that such financial information is true, accurate and correct. Providing false information or failing to provide all the requested information are grounds for termination. Applicant agrees not to deplete or otherwise dispose of any assets, cash or property of Applicant, before and after becoming a resident at Carmel Hills, through gifts or any other voluntary means to such an extent that the ability of Applicant to meet the monthly payments due for Cost-of-Care shall be jeopardized.
41. A resident's privilege of living at Carmel Hills shall continue for the lifetime of such resident unless terminated under the terms set out in this agreement or unless terminated by such resident. However, this agreement is not a lease and does not create any interest on the part of any resident in the real property or personal property of Carmel Hills. The occupancy privilege of a resident does not and shall not inure to the use or benefit of any person, firm or corporation other than such resident. The rights of occupancy and all other rights of a resident shall at all times be subordinate and junior to the lien of any and all deeds of trust which might be executed by Carmel Hills.
42. In the event a resident is transferred from Carmel Hills as provided paragraphs 21, 25, and 27, or in the event of the death of a resident, Carmel Hills shall request that all items from a resident's unit be removed within 48 hours. Carmel Hills retains the right to remove and store the furniture and personal effects of such a resident on its premises for thirty (30) days from such transfer or until such prior time as written instructions are received from such resident or his legal representative as to the disposition of such items. If, after thirty (30) days, no such instructions are received, Carmel Hills may, at its option, transfer such items to a public storage facility at the expense of the resident or his estate.
43. This agreement may be modified only in writing signed by both parties.
44. This instrument contains the entire agreement of the parties, and there are no other written or verbal agreements or understanding between the parties in existence except as appears in this instrument.
45. This agreement and the rights and liabilities of the parties there under shall be governed and construed under the laws of the State of North Carolina.
46. If any part, term, or provision of this Entrance Agreement is by the courts held to be illegal or in conflict with any North Carolina law, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Entrance Agreement did not contain the particular part, term, or provision held to be invalid.

IN WITNESS of their agreement, Carmel Hills and Applicant have signed this instrument under seal on the day and year first above written.

Carmel Hills Dwelling Unit Entrance Agreement

Declining Refund Entrance Fee (Maple Plan)

This is a Continuing Care contract

THIS ENTRANCE AGREEMENT is made _____, 2023,
by CARMEL HILLS, a North Carolina corporation with its principal office in Mecklenburg County,
North Carolina ("Carmel Hills"), and _____,
a resident of _____,
("Applicant"). Applicant seeks joint admission with _____.

STATEMENT OF PURPOSE

Applicant has made written application to live at Carmel Hills. The parties agree by this instrument that the acceptance of the application and any tenure of residence of applicant as an occupant at Carmel Hills shall be governed by this instrument.

Carmel Hills is organized under the laws of North Carolina as a nonprofit corporation. The Board of Directors ("the Board") of Carmel Hills do not receive any salary or other remuneration for such functions. Board members perform such functions gratuitously as a ministry to the Lord and His people. It is the intent of Carmel Hills to maintain the lowest possible cost consistent with sound, economic principles of operations and the philanthropic purposes of Carmel Hills. Carmel Hills has been designed to provide comfortable surroundings at a low cost where older people may live in peace and contentment in Christian neighborliness. Carmel Hills and Applicant agree to seek and maintain these ideals. Carmel Hills was founded and operated by individuals associated with a group of Christians commonly known as Plymouth Brethren (according to the U.S. Department of Commerce Census of Religious Bodies, Bulletin #6, 1936). Although Carmel Hills routinely solicits and receives contributions from assemblies and individuals in these assemblies, such assemblies and individuals have no contractual obligation, or responsibility, either explicitly or implicitly, for continued support and funding of Carmel Hills. Residents who have been associated with the above-mentioned group and the Board of Directors of Carmel Hills are considered Affiliated Residents and those not so associated are called Non-affiliated Residents.

The Carmel Hills Assisted Living unit is licensed as a "Home for the aged" by the State of North Carolina. As a "Home for the aged", medical care in Carmel Hills is usually occasional or incidental, such as may be required in the home of any individual or family, but the administration of medication is supervised in the Assisted Living. Continuing planned medical and nursing care to meet the resident's needs may be provided under the direct supervision of a physician, nurse, or home health agency.

AGREEMENT OF THE PARTIES

1. Applicant has received and reviewed the Carmel Hills Disclosure Statement (hereinafter referred to as "Disclosure Statement").
2. Applicant has paid to Carmel Hills with the presentation of a written application an application fee of two hundred dollars (\$200), which is not part of the Entrance Fee. The application fee is non-refundable.
3. The application will be reviewed by the Admissions Committee of Carmel Hills. That Committee will make a decision in its sole discretion and judgment, acting in good faith and in reliance upon information contained in the application. This decision will be:
(a) preliminary approval of the application, (b) non-approval of the application, or (c) final approval of the application.
4. Preliminary approval is granted when the type of accommodation for which application was made is not available, or the applicant is not yet ready to move. The application is still subject to final approval by the Committee. Final approval is made when the Committee approves the Applicant for residency at Carmel Hills, and the type of accommodation for which application was made is available. Non-approval is a decision made by the Committee when it will not accept Applicant for residency at Carmel Hills. The decision of the Committee is not subject to appeal.
5. If preliminary approval is granted, the applicant will be placed on a waiting list. If applicant has paid a Reservation Deposit of One Thousand Dollars (\$1,000) under the Future Residency Agreement, this deposit will be credited towards the Entrance Fees due from the Future Resident at the time of occupancy of a Dwelling Unit at Carmel Hills.
6. When preliminary approval has been granted, and the type of accommodation for which the application was made becomes available, Carmel Hills will notify Applicant. Applicant must then provide Carmel Hills with a revised application showing any changes and containing current information. The Committee will review the new application and render a final decision.
7. Upon final approval, Applicant will be notified by Carmel Hills. Within thirty (30) days of that notice, Applicant shall pay to Carmel Hills the Entrance Fee. After final approval of the application, the Applicant officially becomes a resident of Carmel Hills upon payment of the Entrance Fee and the Monthly Cost-of-Care. (If the Entrance Fee is not paid in full at the time of residency, the resident will be required to sign a Promissory Note, agreeing to pay monthly interest at the market rate per annum on the unpaid balance. This is designed as a short-term, less than six months, swing loan and is not intended for use as long-term financing)
8. As used in this agreement, the term "Entrance Fee" shall mean the amount of money specified by Carmel Hills which is required to be paid by Applicant prior to becoming a resident. The amount of the Entrance Fee will vary depending upon the type of accommodations for which application is made and whether the applicant is Affiliated or

Non-Affiliated. Carmel Hills shall have the right to change the amount of the required Entrance Fee at any time and from time to time after application for residency has been made and before the beginning of residency. See rates page 14 of Disclosure Statement for single and joint occupancy.

9. After Applicant has received notice of preliminary approval of the application but before Applicant has received notice of final approval, Applicant may prepay the Entrance Fee to Carmel Hills. The amount of such prepayment may be the entire Entrance Fee or any portion thereof in excess of five thousand dollars (\$5,000).
10. Upon final approval of the application by Carmel Hills, Carmel Hills shall provide to Applicant a place of residence at its facility located on Carmel Road, in Charlotte, North Carolina. Carmel Hills shall also provide Applicant the opportunity to participate in the social and creative programs of Carmel Hills.
11. In the event the application receives final approval by Carmel Hills, Applicant shall be entitled to occupy the dwelling unit for which application was made which is identified as follows:

 - Any resident who dies or is terminated as a resident of Carmel Hills after having been a resident of Carmel Hills or a resident of a nursing home for more than twenty-one (21) months shall not be entitled to any refund or any portion of the Entrance Fee.

Such refunds will be available firstly to the resident or secondly to the spouse (if applicable and living) or refunded to the estate of such resident.
14. If Applicant dies before officially becoming a resident, or if on account of illness, injury, or incapacity, an applicant would be precluded from becoming a resident under the terms of this agreement, this agreement is automatically canceled and Applicant or legal representative of Applicant shall receive a refund of all money transferred to Carmel Hills, less the application fee and any non-standard expenses which Carmel Hills has incurred at the written request of the applicant.

 - All utilities: heating, air conditioning, gas, electricity, trash removal. Residents pay individually for telephone and cablevision service;
 - Homeowners insurance on the building. Residents must provide for their own renters insurance on their personal property if they desire;
 - One well-balanced meal each day served semi-cafeteria style in the dining room. The resident's plate is prepared by the food service department in the resident's presence, and the resident selects his own salads, drinks, etc. Residents may prepare additional meals in their own Dwelling Unit;
 - Complete use of all common areas, including the lounge, library, dining room, exercise area, porch, lawn, lake, parking area, nature trails and walks;
 - Mail delivered daily, except on postal holidays, to residents' private locked boxes located in the lobby, or lower hall;
 - Free use of laundry facilities for personal laundry;
 - Maintenance and repair of all Carmel Hills' facilities;
 - Access to the Carmel Hills Assisted Living and/or nursing home care or a nursing facility duly licensed by the State of North Carolina.
23. Carmel Hills shall have no responsibility to provide to a resident, and a resident shall be responsible for providing and paying for, the following items received or used by a resident: all medications (prescription and non-prescription); all surgical, medical, dental and optical services; all fees to physicians, nurses and other medical care personnel; rehabilitative nursing home care; all medical services of any type beyond those services which are described in paragraph 22; dry cleaning and laundry services other than those which might be available on the grounds of Carmel Hills for use by residents; telephone and cablevision services.

24. From time to time, at Carmel Hills' sole discretion and when there are surplus funds, surplus volunteers, or surplus employees, Carmel Hills may provide services beyond those required under this agreement. Such additional services are not, nor shall they become, an entitlement either to the party receiving these additional services or to any other resident of Carmel Hills. Notwithstanding any provision herein, either explicit or implied, Carmel Hills shall not be responsible for providing any level of care, service, treatment, or facilities beyond such care, service, treatment or facility available and provided by Carmel Hills to its residents as of October 10, 1989.

The level of care, service, treatment or facilities provided specifically excludes, without limitation, furnishing or maintaining any life support equipment such as respirators, dialysis, or heart-lung machines. Carmel Hills will not be responsible for any transportation activities related to the above-mentioned equipment or procedures.

25. Carmel Hills reserves the right:

(a) To transfer a resident, either temporarily or permanently, to the Assisted Living unit within Carmel Hills or another facility outside of Carmel Hills, as Carmel Hills may determine, in its sole discretion, to be in the best interest of a resident, when nursing care is required or domiciliary care is required and Carmel Hills determines, in its discretion, that such resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills.

(b) To transfer a resident, either temporarily or permanently, to another facility if nursing care or domiciliary care is required and a resident's physician determines that such resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health or peace of other residents of Carmel Hills, provided Carmel Hills agrees with such physician's determination.

In the event Carmel Hills disagrees with a resident's physician's determination as to the resident's need for further nursing care based on resident's physical and mental condition, or that the resident has become so physically or mentally ill or abusive as to actually or perceptively jeopardize the health and peace of other residents of Carmel Hills, then Carmel Hills shall select a licensed physician to make a determination. Such determination by the physician selected by Carmel Hills shall be conclusive as to whether the resident shall be transferred.

26. If a resident is transferred to the Assisted Living unit within Carmel Hills, Carmel Hills will provide domiciliary care in a semi-private room while in the Assisted Living unit. Residents transferred to the Assisted Living unit shall continue to pay the Monthly Cost-of-Care at the then-current rate of one (1) person in a duplex. Additionally, residents transferred into the Assisted Living unit shall pay an additional fee to help offset the cost of the additional services and other expenses. This fee is subject to change by the actions of and/or at the discretion of the Board.
27. If a qualifying resident moves or is transferred by Carmel Hills outside of Carmel Hills to a nursing care facility or lesser care facility licensed by the State of North Carolina and approved by Carmel Hills (such facilities hereinafter referred to as "Alternative Facilities"), the following rights and restrictions shall be in effect:

- (a) Carmel Hills will pay for the basic monthly service charge of the Alternative Facilities based on a rate of a semi-private room in the Alternative Facilities, but only to the extent that payment is not covered by the insurance of the resident or Medicare.
- (b) The obligation of Carmel Hills to pay the Alternative Facilities for a resident's nursing care shall be contingent upon the continuing payment to Carmel Hills by the resident of the Monthly Cost-of-Care and the additional fees. The Monthly Cost-of-Care and additional fees obligations shall continue at the then current rate that would be charged to the resident had he not been transferred to the Alternative Facilities.
- (c) Notwithstanding anything herein to the contrary, Carmel Hills will not pay for ancillary services provided by the Alternative Facilities. Carmel Hills will also not pay for the use and maintenance of respirators, heart-lung machines, dialysis machines or any other life support equipment or machinery. Carmel Hills will not be responsible for any transportation activities related to the above-mentioned equipment or procedures.
28. If a qualifying resident moves or is transferred to a hospital, all expenses incurred for such resident's occupancy and care in such hospital shall be borne by such resident.
29. Upon becoming an occupant of Carmel Hills, a resident shall pay before the tenth (10th) day of each month the Cost-of-Care for that month. The Cost-of-Care for that type of Dwelling Unit specified in paragraph 11 presently is \$_____ per month and is subject to increase or decrease by the action and in the sole discretion of the Board. Carmel Hills reserves the right, in its sole discretion, to change or adjust the Monthly Cost-of-Care based upon changes in the cost of living and other economic necessities as they arise. Carmel Hills reserves the right to charge one and one-half percent (1.5%) per month on the unpaid balance of all Cost-of-Care fees not received by the tenth (10th) day of each month.
30. If a resident is unable to make full payment of all amounts due under this agreement at the time such payment is due, the resident shall notify the administrator of Carmel Hills in writing, giving an explanation of the present situation and a current financial statement. Carmel Hills will determine in its sole discretion whether to waive or reduce certain financial requirements and the terms by which such reduction or waiver will be provided. A waiver of any Monthly Cost-of-Care must be in writing. A waiver of a fee or any part thereof for any particular month shall not constitute a waiver for any subsequent months unless so specifically stated in writing by Carmel Hills.
31. If a resident is unable to make full payment of all amounts due under this agreement at the time such payment is due and Carmel Hills does not agree to provide financial assistance, then Carmel Hills may terminate this agreement. Before terminating this agreement for failure to pay, Carmel Hills shall provide written notice demanding that resident bring his account current within twenty (20) days from receipt of the written demand. Should the resident fail to bring the account current within the twenty (20) day period, then Carmel Hills may terminate this agreement.
32. A resident upon request by Carmel Hills shall apply for any federal, state or local grant, aid or benefits for which such resident may be eligible or to which such resident may be entitled, and a resident shall apply such grant, aid or benefit to the Cost-of-Care of such resident in keeping with the accounting procedures of Carmel Hills.

33. If Applicant is eligible and not already enrolled, Applicant upon request of Carmel Hills shall:
- (a) apply for and secure participation under the Medicare Hospital Insurance Benefits Program under Part A of Public Law 89-97; and
 - (b) at the next enrollment period following the application of Applicant to Carmel Hills, apply for, secure and pay the premiums for participation under Part B of Public Law 89-97.
34. A resident shall authorize, as requested by Carmel Hills, any provider of hospitalization, medical or health services under Medicare Part A and Part B - and of any other hospitalization, medical or health services - to receive reimbursement as provided under those programs or as provided from any insurer providing hospitalization, medical and health insurance which covers such resident.
35. A resident shall make, as may be necessary, assignment to the provider of medical and other health services under Medicare Part B and any supplementary extended coverage plan of all benefits accruing to such resident under those plans.
36. Except for in-house domiciliary nursing care and the one meal per day provided by Carmel Hills, a resident shall pay from such resident's own funds the deductible, the per diem and all other charges for or costs of any hospitalization and medical and other health services not paid for by the Medicare programs or other insurance. Carmel Hills shall not be responsible for any charges for such services but may, to the extent that a resident's resources are inadequate to do so, from time to time in its charitable functions and in the sole discretion of the Board assist a resident in paying such charges.
37. Residents shall remain liable for the full Monthly Cost-of-Care even if such resident is voluntarily absent from Carmel Hills, provided that this agreement has not been terminated, in writing, by either Carmel Hills or the resident.
38. Each resident assumes all risks of personal injury and damage to property which such resident may incur by reason of any act or omission occurring while such resident is an occupant of Carmel Hills. Residents are encouraged to purchase "Renters insurance" to cover their personal property. Carmel Hills does not insure the residents' personal belongings.
39. Applicant agrees, if Applicant has not already done so, to make the following advance care documents:
- (a) make a will providing for the disposition of the remaining assets and personal effects of Applicant and provision for proper burial of Applicant at the expense of Applicant. Applicant shall keep the Administrator of Carmel Hills informed at all times as to the location of Applicant's will and the name of the executor of said will before and after becoming a resident at Carmel Hills.

- (b) Sign a "DECLARATION OF DESIRE FOR NATURAL DEATH" or other instrument as may be required to instruct health care providers not to prolong life by artificial means when hope for recovery has dissipated. A copy of said DECLARATION shall be maintained in the Carmel Hills business office, and in the resident's "In case of emergency folder" on the back of the door of their residential unit. Carmel Hills will no longer be responsible for the life care of a resident if the resident, or the resident's responsible party has rescinded or ignored the DECLARATION, and extraordinary means are being used to prolong life.
 - (c) Prepare and sign a Health Care Power of Attorney allowing a person you trust to make medical decisions for you if you cannot speak for yourself. A copy of said Health Care Power of Attorney shall be maintained in the Carmel Hills business office, and in the resident's "In case of emergency folder" on the back of the door of their residential unit.
 - (d) Prepare and sign a Durable Power of Attorney allowing a person you appoint to continue to pay your bills if you could not handle these matters yourself. A copy of said Durable Power of Attorney shall be maintained in the Carmel Hills business office.
40. On the application form, Applicant has provided Carmel Hills certain financial information upon which Carmel Hills shall rely in reviewing the application. Applicant represents that such financial information is true, accurate and correct. Providing false information or failing to provide all the requested information are grounds for termination. Applicant agrees not to deplete or otherwise dispose of any assets, cash or property of Applicant, before and after becoming a resident at Carmel Hills, through gifts or any other voluntary means to such an extent that the ability of Applicant to meet the monthly payments due for Cost-of-Care shall be jeopardized.
41. A resident's privilege of living at Carmel Hills shall continue for the lifetime of such resident unless terminated under the terms set out in this agreement or unless terminated by such resident. However, this agreement is not a lease and does not create any interest on the part of any resident in the real property or personal property of Carmel Hills. The occupancy privilege of a resident does not and shall not inure to the use or benefit of any person, firm or corporation other than such resident. The rights of occupancy and all other rights of a resident shall at all times be subordinate and junior to the lien of any and all deeds of trust which might be executed by Carmel Hills.
42. In the event a resident is transferred from Carmel Hills as provided in paragraphs 21, 25, and 27, or in the event of the death of a resident, Carmel Hills shall request that all items from a resident's unit be removed within 48 hours. Carmel Hills retains the right to remove and store the furniture and personal effects of such a resident on its premises for thirty (30) days from such transfer or until such prior time as written instructions are received from such resident or his legal representative as to the disposition of such items. If, after thirty (30) days, no such instructions are received, Carmel Hills may, at its option, transfer such items to a public storage facility at the expense of the resident or his estate.
43. This agreement may be modified only in writing signed by both parties.
44. This instrument contains the entire agreement of the parties, and there are no other written or verbal agreements or understanding between the parties in existence except as appears in this instrument.

- 45. This agreement and the rights and liabilities of the parties there under shall be governed and construed under the laws of the State of North Carolina.
- 46. If any part, term, or provision of this Entrance Agreement is by the courts held to be illegal or in conflict with any North Carolina law, the validity of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Entrance Agreement did not contain the particular part, term, or provision held to be invalid.

IN WITNESS of their agreement, Carmel Hills and Applicant have signed this instrument under seal on the day and year first above written.

This is a Continuing Care contract.

Future Residency Agreement

This agreement is made this _____ day of _____, 20 ____,
Between Carmel Hills, Inc., a North Carolina nonprofit corporation (the "Corporation"), and
_____ (the
"Future Resident") (if husband and wife, or two other persons enter into this Agreement, the word
"Future Resident" shall apply to them collectively unless the context otherwise requires).

Introduction

WHEREAS, the corporation owns and operates a continuing care retirement community on Carmel Road in Charlotte, North Carolina ("Carmel Hills"); and

WHEREAS, the Future Resident desires to become a Resident of Carmel Hills and to use and enjoy the facilities, programs and services provided by Carmel Hills.

Agreement

I. Priority, Dwelling Unit Type, and Projected Date of Occupancy

- A. Priority Reservation. The Corporation agrees to assign to the Future Resident a priority position on Carmel Hills' waiting list based on the date of this Agreement and the chronological order in which all Early Reserves and Future Residents enter into such Early Reservation Agreements and Future Residency Agreements (as the case may be), regardless of the apartment type selected. If the Future Resident is an Early Reserver, the Priority Position assigned to him or her under the Early Reservation Agreement shall be the Future Resident's priority position for purposes of this Agreement.
- B. Apartment Type Preference. The Future Resident prefers to occupy a _____ type Dwelling Unit at Carmel Hills (the "Dwelling Unit") at some time in the future.
- C. Projected Date of Occupancy. The Future Resident projects readiness for actual occupancy of the Dwelling Unit at Carmel Hills in approximately _____ (Month) of _____ (Year). It is understood that such a Projected Date of Occupancy is an estimate and may vary due to the Future Resident's readiness and the actual availability of the Dwelling Unit at Carmel Hills.

II. ADDITIONAL PRIVILEGES

In addition to the priority established for the Future Resident for the apartment type and projected date of occupancy, the Future Resident shall have the following privileges at Carmel Hills:

- A. Meals. The Future Resident may have meals in Carmel Hills' dining room with prior reservations and at the established guest meal rate.
- B. Use of Common Areas. The Future Resident may use the common areas within Carmel Hills including the dining room, Shuffle Inn, library areas, multi-purpose rooms, lounges, beauty and barber shop, other recreational areas, common areas and amenities, from time-to-time with prior reservations and at rates established by the Corporation, if any.
- C. Participation in Planned Activities. The Future Resident may participate in planned social, recreational, educational, cultural, spiritual, arts and crafts, and exercise programs if provided by Carmel Hills, with prior reservations and at rates established by the Corporation, if any.

III. ADMISSION PROCEDURES

- A. Application Forms. Within thirty (30) days after execution of this Agreement, the Future Resident will submit completed application forms containing all the information required by the Admissions Committee of Carmel Hills for initial review. The Application forms shall include an Application for Residency, a Personal Health History ("Applicant's Medical Certificate"), and a Confidential Financial Statement on forms provided by Carmel Hills for review by the Admissions Committee.
- B. Admissions Committee Review. Upon receipt of the completed application forms, Carmel Hills Admissions Committee will review the forms submitted by the Future Resident as a basis for initial admission to Carmel Hills. The Admissions Committee, in its sole discretion, will within thirty (30) days of receipt of the completed application forms, approve or deny the application for initial admission based on admissions criteria and policies established by the Board of Directors of the Corporation.
- C. Notification of Availability of Living Accommodation. The Corporation will make reasonable efforts to notify the Future Resident of availability of the Dwelling Unit specified by the Future Resident at the time the Dwelling Unit becomes available for occupancy at or near the Projected Date of Occupancy. The Future Resident may accept or reject Carmel Hills' offer to take actual occupancy of the Dwelling Unit. The Future Resident has three (3) days from the date of notification by the Carmel Hills Business Office to accept the Dwelling Unit. The Future Resident may reject any offer by the Corporation to take occupancy without losing the Future Resident's priority on Carmel Hills' waiting list. The Future Resident understands that Residents of Carmel Hills who occupy a Dwelling Unit and who request a change of Dwelling Unit have priority over Future Residents on the waiting list.
- D. Priority As To Available Dwelling Units. The right to reserve Dwelling Units becoming available for occupancy will be alternated between Residents occupying Dwelling Units at Carmel Hills, who wish to transfer to another Dwelling Unit on one hand, and Future Residents who have executed a Future Residency Agreement with the Corporation on the other hand. Notwithstanding the plan to alternate the right to reserve Dwelling Units becoming available for occupancy between those Residents who wish to transfer to another Dwelling Unit and Future Residents entering Carmel Hills, Residents will have priority over all non-residents, including Future Residents, in transferring to another Dwelling Unit becoming available in the following circumstances:

1. transfers due to medical necessity as determined by the Administrator;
2. transfers to a same size or smaller Dwelling Unit; and
3. when two Dwelling Units (one of which is vacant) are combined, the Resident occupying one of the Dwelling Units will have priority in reserving the combined Dwelling Unit.

Notwithstanding the above, the Corporation reserves the right to fill, in its sole discretion and without regard to the waiting list, up to five (5) vacancies in Dwelling Units each year. The Dwelling Units granted under this paragraph may be of the same unit type. It is expected that filling vacant Dwelling Units pursuant to this paragraph will be rare.

- E. Carmel Hills Dwelling Unit Entrance Agreement. Should the Future Resident accept the offer for occupancy of the Dwelling Unit at Carmel Hills, the Future Resident shall execute the Carmel Hills Dwelling Unit Entrance Agreement in effect at the time of such acceptance and pay the required fees in effect at such time as outlined in such Carmel Hills Dwelling Unit Entrance Agreement. Prior to occupancy by the Future Resident, the Future Resident shall have satisfied all the admissions requirements described in such Carmel Hills Dwelling Unit Entrance Agreement, including but not limited to the following:
1. Updated Application Forms, If Requested. Future Resident agrees to provide, if requested by the Corporation, updated application forms for review by the Admissions Committee before taking occupancy, including the Application for Residency, Personal Health History ("Applicant's Medical Certificate") and Confidential Financial Statement.
 2. Physician's Examination Report. Upon execution of the Carmel Hills Dwelling Unit Entrance Agreement, the Future Resident agrees to submit a physician's examination report completed by the Future Resident's personal physician on the Medical Certificate form provided by the Corporation for review by Carmel Hills Admissions Committee before taking occupancy.
- F. Final Review by Admissions Committee. Within thirty (30) days upon receipt of the Carmel Hills Dwelling Unit Entrance Agreement, the Applicant's Medical Certificate, and any updated application forms, if requested, the Admissions Committee will make final review of the application of the Future Resident, and in its sole discretion, approve or deny the application based on the admission criteria and policies as established by the Board of Directors of the Corporation at the time of occupancy, and notify Future Resident of such action.

IV. CONSIDERATION FROM FUTURE RESIDENT

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Carmel Hills, Inc.
Charlotte, North Carolina

Opinion

We have audited the accompanying financial statements of Carmel Hills, Inc. (the "Organization" - a nonprofit organization), which comprise the statement of financial position as of April 30, 2023, and the related statements of activities and cash flows for the year then ended, and the related notes to financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Carmel Hills, Inc. as of April 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carmel Hills, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carmel Hills, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Carmel Hills, Inc.
Charlotte, North Carolina

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of Carmel Hills, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carmel Hills, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Organization's 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 17, 2022. In our opinion, the summarized comparative information presented herein as of and for the year ended April 30, 2022, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of activities

Carmel Hills, Inc. (the "Organization") was incorporated as a nonprofit corporation on July 17, 1977 pursuant to the laws of the State of North Carolina. The Organization was formed for the purpose of providing a residential retirement facility for older brothers and sisters who share a common bond in our Lord Jesus Christ, that is, brethren, known to be walking together as members of the Body of Christ who gather only to the name of Christ (sometimes secularly referred to as "Plymouth Brethren").

The facility contains 41 apartment and duplex units, and an assisted living care center with 24 rooms that is licensed for 38 beds. A resident purchases the privilege of occupying a specific living unit and the accompanying medical care for their lifetime. The agreement states that it is not a lease and does not create any interest in the real estate or property. The Organization's primary source of revenue is resident fees.

Basis of presentation

The financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles (GAAP). Under GAAP, the Organization is required to report information regarding its financial position and activities according to the following classes of net assets.

Net assets without donor restrictions – These amounts are not subject to donor-imposed stipulations and include resources invested in property. Net assets without donor restrictions can be designated by the Organization for specific purposes.

Net assets with donor restrictions – These amounts are subject to donor-imposed stipulations. These restrictions may be temporary in nature, such that they may or will be met either by actions of the Organization or the passage of time, or perpetual in nature, such that the donor stipulates that they be maintained in perpetuity. As of year-end, the Organization had net assets of \$82,726 restricted for use in future building expansion. During the year, the Organization had no net assets with stipulations that they be maintained in perpetuity.

Contributions

In accordance with GAAP, the Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or the purpose of the restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Restricted grants and contributions whose restrictions are met in the same reporting period as received are reported as support without donor restrictions.

Carmel Hills, Inc.
Notes to Financial Statements
April 30, 2023

Revenue recognition

Contributions, including unconditional promises to give, are recognized as revenue in the period received. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions of cash and other assets are considered to be available for use unless specifically restricted by the donor. Fees and other revenues are recorded when earned. Amounts billed or collected in advance of being earned, such as special events, are recorded as deferred revenue and are recognized as revenue at the time of the event.

Obligation to provide future services

The Organization enters into continuing-care contracts with various residents. A continuing-care contract is an agreement between a resident and the Organization over his or her remaining life. Under the contracts, the Organization has the ability to increase fees as deemed necessary. No obligation for future costs associated with these contracts has been provided by the Organization because management believes that future cash inflows will be sufficient to cover such costs.

Entrance agreements

The residency entrance fee is set by the Board of Directors and is due in full at the time residency is established. A portion of the entrance fee is refundable on a decreasing basis over the first two years of residency. For financial statement purposes, entrance fees are recorded as a liability on the accompanying balance sheet as “Nonrefundable Entrance Fees” and amortized to revenue over the life expectancy of the resident and are adjusted annually for changes in life expectancy. Unamortized entrance fees as of year-end are \$1,490,108. Unamortized entrance fees in excess of any refund provisions are included in revenue at the termination of the occupancy agreement. In addition to the entrance fee, each unit is assessed a monthly service fee as set by the Board of Directors. Residents may elect to pay additional incremental monthly fees. Under a 90 percent option, a percentage of the original entrance fees are refundable depending on the contract option elected. The contract provides for payment of the refundable fees after the unit is vacated and a new resident occupies the unit and pays the entrance fee in effect at the time of occupancy. The refundable portion of the entrance fees paid under the refund option contract is reflected on the accompanying balance sheet as a liability as “Refundable Entrance Fees” and as of year-end, has a balance of \$607,670.

Cash and equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments with maturity of three months or less when purchased, to be cash equivalents.

Receivables

Receivables are recorded at net realizable value. Management assesses the collectability of receivables on an individual account basis and writes off any amounts deemed uncollectible. Therefore, no allowance for uncollectible accounts is provided. The balances at year-end are expected to be collected within the following year.

Inventories

Inventories are stated at the lower of cost or market determined on the first-in, first-out method.

Carmel Hills, Inc.

Notes to Financial Statements

April 30, 2023

Investments

The Organization maintains investments in stock, and certificates of deposits with various banks with various interest rates with original maturities in excess of three months. Investments are reflected on the accompanying balance sheet at fair value, while certificates of deposit are reflected at their original cost plus accrued interest, which approximates fair value.

Property and equipment

Property is recorded at cost if purchased or fair value if donated, subject to a \$1,000 capitalization policy. Depreciation is provided by charges to operations using the straight-line method at rates designed to amortize the cost of the assets over their estimated useful lives, which range from 3 to 40 years. Major renewals and improvements are charged to the property accounts, while replacements, maintenance, and repairs, which do not improve or extend the life of the assets, are expensed currently. Interest costs incurred during the construction period of significant construction projects are capitalized as a cost of the constructed asset and amortized over the useful life of the asset.

Resident fees

Resident fees represent the estimated net realizable amounts from patients, third-party payers, and others for services rendered. Resident fees are recorded as revenue when earned.

Income tax status

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code with respect to its exempt function income and is classified as other than a private foundation.

Use of estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising costs

The Organization expenses advertising costs as incurred.

Donated services and goods

Donated services are reported as contributions when the services (a) create or enhance nonfinancial assets or (b) would be purchased if they had not been provided by contribution, require specialized skills, and are provided by individuals possessing those skills. Donated goods, if significant, are included in support at fair value. During the year, the Organization recorded no donated services or goods.

In addition, many individuals volunteer their time and perform a variety of tasks that assist the Organization with specific assistance programs and various assignments. No amounts have been reflected in the financial statements for these contributions, as the contributions do not meet the criteria for recognition.

Carmel Hills, Inc.**Notes to Financial Statements****April 30, 2023**

New accounting pronouncement

The Organization adopted ASU 2016-02, Leases (Topic 842) during the year. The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the statement of financial position for all leases with terms longer than 12 months. Leases are classified as either financing or operating, with classifications affecting the pattern of expense recognition in the statement of activities. The Organization determined that its leases during the year were immaterial to present under the new standard.

Prior-year comparative totals

The financial statements include certain prior-year summarized information, which is presented for comparative purposes only. Accordingly, such information should be read in conjunction with the Organization's 2022 financial statements, from which the summarized information was derived. Certain prior-year amounts have been reclassified to conform to the presentation in the current-year financial statements.

NOTE 9 - FUNCTIONAL EXPENSES

All expenses in the accompanying statement of operations were incurred for or related to the provision of services by the retirement facility consisting of independent and assisted living services. Program services represent the primary focus of the Organization's activities. Supporting services are related to general and administrative activities. The Organization spends no significant amount of time related to fundraising; therefore, no expenses have been allocated to this function. Certain costs have been allocated among the program and supporting services. Personnel, telephone expenses are allocated based on management's estimates of time spent. Occupancy, depreciation, and miscellaneous expenses are allocated based on space usage. All other expenses are allocated on an analysis of the various expenses that comprise those costs. For the year, the total allocation of operating expenses is as follows:

NOTE 10 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles require fair value of financial instruments to be determined based on the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. It establishes a three-level valuation hierarchy based upon observable and unobservable inputs, as follows:

Level 1 - Fair value is based on quoted prices in active markets for identical assets or liabilities.

Level 2 - Fair value is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Fair value is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Organization's investments in publicly-traded stocks are classified as level 1 above and its investments in certificates of deposit are classified as level 2 above.

NOTE 11 - CONCENTRATION OF CREDIT RISK**Cash and equivalents**

Cash and certificates of deposit held in bank accounts are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). The total cash and certificates of deposit held by the Organization at year-end, include \$80,591 in excess of insured limits covered by the FDIC. However, the Organization believes it is not exposed to any significant credit risk related to these accounts.

Investments

Investments held in financial institutions are insured up to \$500,000 by the Securities Investor Protection Corporation (SIPC); however, this insurance does not cover the loss of value of the underlying assets. As disclosed in Note 2 above, the Organization maintains investments which are subject to fluctuations in market values and expose the Organization to a certain degree of investment risk.

Revenue and receivables

The Organization receives revenue from a limited number of sources and operates in a limited geographic area and is therefore sensitive to changes in the local economy.

NOTE 12 - CHARITY CARE*Property tax status*

During 2001, the State of North Carolina passed legislation which provides a property tax exemption for continuing care retirement communities (CCRCs) that expend five percent or more of their operating revenues on charity care and community service or CCRCs that have financed their facilities with tax-exempt bond financing. Partial exemptions are available for CCRCs which provide some charity care and community service and CCRCs that have facilities which are partially financed with tax-exempt bond financing. The property tax exemption must be requested each year. The Organization's management believes that it will qualify for a full or partial property tax exemption for the foreseeable future.

The Organization provides for a portion of the cost of resident care for those who are unable to pay the full cost of care from their own resources. The Organization has calculated charity care cost for the year based on a historical ratio of cost to income as follows:

Gross revenue for the prior year		\$	3,241,872
Less - other revenue:			
Contributions	\$	379,687	
Investment income		2,665	
Loss on disposal of assets		(1,128)	
Miscellaneous		30,135	411,359
			<hr/>
Net operating revenue			2,830,513
Cost of operations			3,284,188
Cost to income ratio			1.16
Charity care charges for the current year			<hr/> 173,771
Cost of providing charity care		\$	<hr/> <u>201,574</u>

NOTE 13 - LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

The Organization has \$1,785,110 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditure consisting of cash and equivalents of \$902,784, receivables of \$115,256, certificates of deposit of \$600,188 and other investments of \$166,882. Of this amount, the Organization is required to maintain an operating reserve of \$745,000 as described in Note 4 above. Also, \$82,726 of the financial assets are subject to donor restrictions that make them unavailable for general expenditure within one year of the balance sheet date. The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Organization also has an unused balance of approximately \$197,871 on a line of credit of \$250,000 in the event that funds are needed on a short-term basis.

Carmel Hills, Inc.**Notes to Financial Statements****April 30, 2023**

NOTE 14 - RELATED PARTIES

As of year-end, the Organization owed \$33,000 in bonds payable described in Note 8 to two members of the Organization's Board of Directors or their family members. These debts range in amounts from \$5,000 to \$10,000. Total interest paid by the Organization to related individuals during the year amounted to \$1,735.

NOTE 15 - SUBSEQUENT EVENTS

The Organization has evaluated subsequent events from the date of the statement of financial position through the date of the independent auditors' report, which is the date the financial statements were available to be issued. During this period, no material recognizable subsequent events were identified.

Summary of Significant Forecast Assumptions and Accounting Policies For the Five Years Ending April 30, 2028

Note 1 - Nature of Activities and Projections

General

The accompanying financial forecast presents, to the best knowledge and belief of the management (“Management”) of Carmel Hills, Inc. (the “Organization”) the expected financial position, changes in net assets, and cash flows of the Organization as of and for each of the five years ending April 30, 2028. Accordingly, the accompanying forecast reflects Management’s judgment as of August 23, 2023, the date of completion of this forecast, of the expected conditions and its course of action.

Management’s purpose in releasing this financial forecast is for inclusion in the Organization’s annual disclosure statement in accordance with Chapter 58, Article 64, of the North Carolina General Statutes. Accordingly, this report should not be used for any other purpose. The assumptions disclosed herein are those that Management believes are significant to the prospective financial statements. The Organization recognizes that there will be differences between prospective and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Background of the Organization

The Organization is a not-for-profit corporation formed in 1977 pursuant to the laws of the State of North Carolina. The Organization was formed to provide a residential facility for older brothers and older sisters associated with a group of Christians commonly known as “Plymouth Brethren.” Residents associated with the Plymouth Brethren (“Affiliated Residents”) received preferential treatment in the selection process and Entrance Fees.

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code with respect to its exempt function income and is classified as other than a private foundation.

The Organization owns and operates a continuing care retirement community (“CCRC”) known as Carmel Hills (the “Community”) in Charlotte, North Carolina. The Community is a licensed CCRC by the North Carolina Department of Insurance. The Community includes 41 independent living units (the “Independent Living Units”) and is licensed for 38 assisted living beds (the “Assisted Living Beds”).

The Community offers three entrance fee/residency plans. The Entrance Fee plans include a Declining Refund Entrance Fee Plan (“Maple”), and a 90% Refundable Entrance Fee Plan (“Oak”). The No Entrance Fee Plan (Magnolia) is a 13-month contract with a non-refundable residency fee. As of July 2023, six residents have selected the Oak plan, fifteen residents have selected the Magnolia plan, and twenty residents have selected the Maple plan.

Carmel Hills, Inc.

Summary of Significant Forecast Assumptions and Accounting Policies For the Five Years Ending April 30, 2028

Note 2 - Significant Accounting Policies

Basis of presentation

The prospective financial statements included in the forecast have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Significant accounting policies are described in the appropriate assumptions and notes to the prospective financial statements. The assumptions described are not all-inclusive.

Receivables

Receivables from residents are recorded at net realizable value with no allowance for doubtful accounts.

Inventories

Inventories are stated at the lower of cost or market determined on the first-in, first-out method.

Certificates of deposit and other investments

The Organization maintains certificates of deposits with various banks, interest rates and original maturities in excess of three months. Certificates of deposit are reflected on the accompanying balance sheet at their original cost plus accrued interest which approximates fair value. Other investments consist of various publicly stocks reflected on the balance sheet at their market value.

Property and equipment

Property is recorded at cost if purchased or fair value if donated, subject to a \$1,000 capitalization policy. Depreciation is provided by charges to operations using the straight-line method at rates designed to amortize the cost of the assets over their estimated useful lives, which range from 3 to 30 years. Major renewals and improvements are charged to the property accounts, while replacements, maintenance and repairs, which do not improve or extend the life of the assets, are expensed currently. Interest costs incurred during the construction period of significant construction projects are capitalized as a cost of the constructed asset and amortized over the useful life of the asset.

Obligation to provide future services

The Organization enters into continuing-care contracts with various residents. A continuing-care contract is an agreement between a resident and the Organization specifying the services and facilities to be provided to a resident over his or her remaining life. Under the contracts, the Organization has the ability to increase fees as deemed necessary. No obligation for future costs associated with these contracts has been provided by the Organization because management believes that future cash inflows will be sufficient to cover such costs.

Carmel Hills, Inc.

Summary of Significant Forecast Assumptions and Accounting Policies For the Five Years Ending April 30, 2028

Entrance agreements

The residency entrance fee is set by the Board of Directors and is due in full at the time residency is established. Under the Maple plan a portion of the entrance fee is refundable on a decreasing basis over the first two years of residency. For financial statement purposes, entrance fees are recorded as a liability on the accompanying balance sheet as “Unamortized Entrance Fees” and amortized to revenue over the life expectancy of the resident and are adjusted annually for changes in life expectancy. Unamortized entrance fees in excess of any refund provisions are included in revenue at the termination of the occupancy agreement. In addition to the entrance fee, each unit is assessed a monthly service fee as set by the Board of Directors.

Residents may elect to pay additional incremental entrance fees based on the resident’s age at his or her nearest birthday on the date of occupancy. Under this option, 90 percent of the original entrance fees are refundable dependent on the contract option elected. The contract provides for payment of the refundable fees after the unit is vacated and a new resident occupies the unit and pays the entrance fee in effect at the time of occupancy. The refundable portion of the entrance fees paid under the refund option contract is reflected on the accompanying balance sheet as a liability as “Refundable Entrance Fees”.

Contributions

All contributions are considered to be available for operations use unless specifically restricted by the donor. Amounts received that contain donor-imposed stipulations that must be utilized for specific purposes or for future periods are reported as net assets with donor. When a restriction no longer applies, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Net assets with donor restrictions whose restrictions are met in the same reporting period as received are reported as net assets without donor restrictions. Management anticipates that all restricted contributions received during the forecasted period will be restricted for either resident assistance, small improvement projects, or capital improvements and will be utilized within the same period. Management does not anticipate receiving any other restricted contributions during the forecasted period.

Resident fees

Resident fees represent the estimated net realizable amounts from patients, third-party payers, and others for services rendered. Resident fees are recorded as revenue when earned. Management assumes resident fee rates will increase approximately three percent annually during the forecast period.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of support, revenues and expenses during the reporting period. Actual results could differ from those estimates.

Carmel Hills, Inc.

Summary of Significant Forecast Assumptions and Accounting Policies For the Five Years Ending April 30, 2028

Concentration of credit risk

The Organization's cash and certificates of deposit held by banks are insured up to \$250,000 by the Federal Deposit Insurance Corporation (the "FDIC"). These amounts may occasionally exceed the amount insured by the FDIC. However, the Organization believes it is not exposed to any significant credit risk related to these accounts.

Note 3 - Summary of Significant Balance Sheet Assumptions

Property and equipment

Management assumes no gain or loss from the sale or disposal of property and equipment and routine capital additions for each year during the forecast period as shown on the accompanying forecasted statement of cash flows.

Long-term debt

Management assumes long-term debt will consist of the following:

Year ending April 30,	2024	2025	2026	2027	2028
Bonds Payable	\$293	\$191	\$62	\$42	\$42
Notes Payable	-	-	-	-	-
Gift Annuities Payable	4	2	1	-	-
Long-term debt	297	193	63	42	42
Less current portion	(104)	(131)	(21)	(0)	(36)
Long-term debt, less current portion	\$193	\$62	\$42	\$42	\$ 7

Source: Management

The complete terms of these loans are described below. The Organization may decide to refinance the above notes and issue additional bonds during the forecast period.

Note Payable - The Organization's note payable consists of a balance advanced against an unsecured \$250,000 line of credit with a local bank. Monthly interest only is due at the bank's prime rate until December 17, 2024, at which time all unpaid principal is due. For purposes of the forecast, Management assumes no additional borrowings from the line of credit and balance paid in full by April 30, 2024.

Bonds Payable - The Organization's bonds payable consist of bonds previously sold to finance the construction of the facility and to purchase furniture, fixtures, equipment, etc. Approximately 80 percent of original maturing bonds were reinvested in the new bond. Bonds payable are unsecured and interest rates vary from 4.50% to 5.50% and remaining maturities from 1 to 10 years. Management assumes issuing no new bonds payable during the forecast period.

Carmel Hills, Inc.

Summary of Significant Forecast Assumptions and Accounting Policies For the Five Years Ending April 30, 2028

Gift Annuities Payable - The Organization entered into a charitable gift annuity agreement in a prior year. This contribution was given to the Organization with the condition that a specific payment is to be made to the contributor over his or her life. A liability is established based on the present value of the payments to be made. The anticipated remainder interest was recorded as a contribution. All variances in income earned and changes to life expectancy are recorded as changes in the value of the split interest agreement.

Statutory operating reserve requirement

North Carolina General Statute Chapter 58, Article 64 sets forth minimum operating reserve requirements. Under this legislation, the Organization is required to maintain an operating reserve at least equal to 25 percent of the upcoming year's total operating costs as defined by the statute. The reserve is maintained in certificates of deposits, mutual funds and exchange traded funds on the forecasted balance sheet.

Contingencies

The Organization has in place insurance coverage for possible litigation in the ordinary course of business related to general and professional liability claims including medical malpractice. Management believes that claims, if asserted, would be settled within the limits of coverage.

The State of North Carolina previously passed legislation which provides a property tax exemption for CCRCs that expend five percent or more of their operating revenues on charity care and community service. The property tax exemption must be requested each year. The forecast assumes that five percent of operating revenue will be spent on charity care and community service and that the Organization will qualify for a full property tax exemption for the forecast period.

Enclosed please find an application for the Residents Assistance Fund.

1 Timothy 5:16 talks about responsibilities regarding the elderly. The operations of a benevolent fund are based on this portion of scripture. We feel that Carmel Hills is considered a part of the local testimony and the primary responsibility for care of the older saints lies with the family. Any man or woman who is a believer, who has a widow in the family, should do everything possible for her and not allow her to become the church's responsibility. The church will then be free to look after those widows who are alone in the world.

This being the case, we would ask that the family appoint a spokesperson whose responsibility would be to contact every working child and grandchild of the resident and ask what they can do to support the widow. In many cases, ten or twenty dollars a week from each could multiply to meet the needs of the resident.

Once it has been determined what the family can contribute, the enclosed Residents Assistance Fund Application should be submitted to the administrator for review by the Board. The Board will then review if assistance is warranted and available; and if so, how much.

Please be assured that all related information is kept confidential. Thank you for your assistance in this matter. If you have any questions, please feel free to contact me.

Yours in His service,

Gabriel Iorga

PET POLICY

Addendum to Dwelling Units Entrance Agreement Relating to Pets

This ADDENDUM to the DWELLING UNIT ENTRANCE AGREEMENT (the "Agreement") dated _____, 20____, between Carmel Hills Inc. (the "Corporation") and the undersigned (the "Resident") shall add to the agreement the following terms and conditions related to pets.

The Resident occupies a cottage/duplex unit at Carmel Hills and has informed the Corporation that the Resident desires to keep a pet at Carmel Hills. The primary purpose of these terms and conditions is to establish reasonable requirements for the keeping of common household pets to provide a comfortable, safe, and sanitary environment for existing and prospective residents, employees, and the public and to preserve the physical condition of Carmel Hills.

Violation of this Addendum or of any other pet-related rules and regulations that the Corporation may adopt or amend shall be considered a material violation of the Agreement and may result in termination of the Agreement by the Corporation pursuant to either: Paragraph #17 of the Dwelling Unit Entrance Agreements or section #6 of the Residential Rental Contract agreement.

The Corporation and the Resident agree as follows:

1. There is a \$500 nonrefundable pet fee.
2. Attached to this Addendum is a photograph of the pet.
3. The pet is not permitted inside any building at Carmel Hills other than the Resident's Living Accommodation.

4. The Resident shall keep the pet under the Resident's control (for example, on a leash; being carried; in a container; or, for residents of cottage/duplex units only, through the use of a hidden pet fence) at all times that the pet is outside the Living Accommodation. No animal shall be chained or tied outside the Living Accommodation. Dogs and cats shall wear a collar with a tag identifying the pet and its owner, with name, address, and telephone number.
5. The Resident shall be responsible for the proper care of the pet, including, but not limited to, flea control, yearly inoculations, spaying and neutering, and compliance with all applicable laws, ordinances, rules, and regulations.
6. The Resident shall be responsible to clean up after his or her pet anywhere on Carmel Hills property and shall carry a disposable plastic bag any time the pet is outside the Living Accommodation. Pet waste shall be bagged and disposed of in the appropriate trash receptacles.
7. The Resident shall be responsible for ensuring that the pet's noise, odors, wastes, or other nuisances do not infringe upon or diminish the health, safety, or rights to peace and quiet enjoyment of other residents. The Resident shall keep his or her Living Accommodation and surrounding areas free of pet odors, insect infestation, waste and litter, and maintained in a sanitary condition at all times. The Resident shall pay, upon receipt of a bill, for the cost of all materials and/or labor required to repair any damage caused by the Resident's pet, including, but not limited to, charges for extermination services for pet-related insect infestation.
8. The Corporation has the right to demand that the pet be removed from Carmel Hills immediately if the Corporation, in its sole discretion, determines that the presence of the pet poses a safety threat to any member of Carmel Hills community, creates a nuisance, or otherwise violates the rights of any member of the community.
9. The Resident acknowledges that if the Resident moves to a Living Accommodation other than a Cottage/Duplex unit, the Resident will no longer be able to keep the pet at Carmel Hills.

10. The Resident shall make arrangements for someone to care for the pet in the event that the Resident becomes unable to do so. The Resident hereby authorizes Carmel Hills to take appropriate action to transfer the pet to an appropriate facility, with all corresponding fees to be charged to the Resident, if the Resident becomes unable to care for the pet and has not made prior arrangements for the pet's care.

11. The Resident agrees to indemnify and hold the Corporation, its officers, directors, agents, employees, and representatives harmless from all liabilities, losses, damages, claims, actions, causes of actions, demands, or costs of any nature whatsoever caused by the actions of the Resident's pet or by the Resident's own negligent or intentional actions related to care or control of the pet.

12. The terms and conditions of the Agreement are incorporated herein. To the extent that any provisions of the Agreement are inconsistent with the provisions of the Addendum, the provisions of the Addendum shall control.

IN WITNESS WHEREOF, the parties have executed the Addendum as of the _____ day of _____, 20_____.

Carmel Hills Retirement Community
Material Difference Narrative
 For the Year Ending April 30, 2023

The following explanation is furnished pursuant to Section 58-64-30 of the General Statutes of North Carolina. The explanation pertains to material differences between the Carmel Hills Retirement Community Forecasted Statements of Operations and Audited Cash Flows for the year ending April 30, 2023, included in the Disclosure Statement dated September 30, 2023 and the actual results of operations and cash flows for the year ended April 30, 2023, as shown in the audited financial statements.

For purposes of this narrative, "material" differences are variances of \$85,000, or more, and 10%, or more, on consolidated line-item amounts. However, dollar variances of less than \$25,000 are not considered material regardless of percentage. The \$85,000 and 10% parameters used for the purposes of determining which variances require a narrative explanation was determined subjectively after review of the line items presented in both the audited financial statements and the compiled financial forecast. \$85,000 is approximately 2.5% of Total Support & Revenue and 10% is a reasonable variation from line items that are smaller dollar amounts, where \$85,000 would be inappropriate.

Support and Revenue:

- Earned Entrance Fees - were \$189,268 or 32% higher than the amount forecasted of \$143,000 for the year ending 4/30/23. This increase was primarily due to two factors: more residents coming to Carmel Hills under the Maple plan than previous years on average and several residents on the Maple plan passing away.
- Contributions - were \$395,991 or 18% lower than the amount forecasted of \$480,000 for the year ending 4/30/23. This is primarily due to less donations than anticipated on average.

Expenses:

- Salaries - were up by \$290,434 or 18% higher than the amount forecasted of \$1,607,000 in the year ending 4/30/23. This is primarily due to changes in the long-term health care field staffing. Some 85% of long-term facilities are affected according to Kiplinger's.
- Repairs and Maintenance - were \$131,380 or 24% higher than the amount forecasted of \$106,000 for the year ending 4/30/23. This is primarily due to more room turnover renovations in the Assisted Living on average than in previous years.
- Utilities - were \$107,869 or 25% higher than the amount forecasted of \$106,000 for the year ending 4/30/23. This is primarily due to inflation and more grass areas being irrigated.
- Janitorial Expenses - were \$117,220 or 36% higher than the amount forecasted of \$86,000 for the year ending 4/30/23. This is primarily due to inflation.
- Contract Labor and Sales Commission - the cost of \$189,425, is 122% higher than the amount forecasted of \$85,000 during the year ending 4/30/23. This increase was incurred due to a lack of CNA labor force and Carmel Hills' commitment to providing excellent care to our Assisted Living residents. This is nonetheless a 200% decrease from the previous year.

Operating Activities

- **Change in Net Assets** - The amount of (\$259,809) is a 168% decrease in the forecast amount of \$382,000 for the year ending 4/30/23. This was overwhelmingly due to labor force patterns, the amount spent on contract labor, and inflation.
- **Entrance Fees Received net of refunds** - amount of \$94,026 is a 48% decrease in the forecast of \$181,000 in the year ending 4/30/23. Carmel Hills had less than the average number of new Oak plan residents moving in during the fiscal year 22-23. This is primarily due to the board-driven policy to discount the Maple plan.
- **Earned Entry Fees** - amount of (\$189,268) is 32% below the forecasted amount of (\$143,000) in the year ending on 4/30/23. This is due to an increase in the Maple plan being selected by new residents.
- **Accounts Receivable** - The amount of (\$102,363) is a 1,024% delta in the forecast amount of \$0 for the year ending 4/30/23. This is due to an increase in the Maple plan being selected by new residents who had outstanding entry fees balances (pending the sale of their property) at the end of fiscal year 2022-23.
- **Deferred Revenue-Resident Fees** - The amount of \$72,280 is a 7,000% increase in the forecast amount of \$1,000 for the year ending 4/30/23. This is due to an increase in the Magnolia plan being selected by new residents in fiscal year 2022-23.

Investment Activities

- **Purchase of Property and Equipment** - amount of (\$156,676), or 22% decrease of the forecasted (\$201,000) for the year ending 4/30/2023. This is because less equipment was purchased in turning over apartments than anticipated.
- **Change in CD and other Investments** - amount of \$145,207, or 108% delta from the forecasted \$(1,724,000) for the year ending 4/30/2023. This is a result of purchasing new CDs and T-notes with funds that were previously just sitting in cash.

Financing Activities

- **Principal payment on Long-Term Debt** - amount of (\$85,099) or 25% decrease from the forecasted amount of (\$114,000) for the year ending 4/30/2023. This is entirely a management decision not to pay off as much debt during times of economic uncertainty.
