  - (2) The Resident fails to comply with any term of the Residency and Care Agreement not involving the payment of money or any provisions of the Rules

and Regulations and the Resident fails to cure such non-compliance within seven (7) days after written notice from the Company; or

- (3) The Resident, the Resident's authorized representative makes a material misrepresentation or omission in the information provided to the Company for its consideration of the Resident for residency in the CCRC.
- (c) Immediate Termination. If the Company determines in its sole and absolute discretion that a Resident's behavior interferes with or threatens to interfere with the safety of the Resident or the quiet enjoyment or safety of other Residents, visitors and/or staff of the CCRC, or if the Resident's behavior is a detriment to other residents, visitors, and/or staff of the CCRC, the Company may immediately terminate the Residency and Care Agreement and the Resident shall promptly vacate the Apartment. In such event, the Resident shall pay the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until all of the Resident's personal belongings are removed from the Apartment.
- (d) Effect of Termination by the Company after the Occupancy Date. In the event the Company terminates the Residency and Care Agreement after the Occupancy Date pursuant to the applicable subsections of the Residency and Care Agreement, the Resident shall promptly vacate the Apartment, but shall pay the Company for all Optional Services rendered by the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until the date that all of the Resident's personal belongings are removed from the Apartment.

## VIII. Fees

The following is a list of the fees and charges expected to be charged to the Residents of the CCRC:

- A. Priority Deposit. At the time the Priority Partner Agreement is executed, the prospective resident shall submit to the Company a payment of One-Thousand Dollars (\$1,000.00) (the "Priority Deposit"). The Priority Deposit is fully refundable should the prospective resident choose not to proceed with the reservation process and not enter into a Residency and Care Agreement for any reason. The Priority Deposit will be fully applied toward the Security Deposit should the prospective resident proceed with the reservation process and execute a Residency and Care Agreement.
- B. Apartment Selection Fee. Upon the execution of the Apartment Selection Agreement, the Resident shall submit to the Company a fee equal to one Monthly Service Fee payment (the "Apartment Selection Fee"). The Apartment Selection Fee is a non-refundable fee (except as defined in the Residency and Care Agreement) and shall be fully applied toward the first month's Monthly Service Fee.
- C. Community Fee. Upon the execution of the Apartment Selection Agreement, the Resident shall submit to the Company a fee equal to one Monthly Service Fee

payment (the “Community Fee”). The Community Fee is a one-time, nonrefundable fee (except as defined in the Residency and Care Agreement) which entitles the Resident priority access to all services and amenities of the Community. A Community Fee will not be charged to Residents upon any renewal of the Residency and Care Agreement.

- D. Security Deposit. Upon the execution of the Residency and Care Agreement, the Resident shall make a Security Deposit payment to the Company equal to one Monthly Service Fee payment (the “Security Deposit”), which shall be deposited in accordance with statute, law or regulation of the federal, state, and local Government. If the Resident has complied with all terms of the Residency and Care Agreement and returns the Apartment in the same or materially similar condition as when the Resident moved into the Apartment, the Company will return the Security Deposit to the Resident within thirty (30) days after the Resident’s move-out date. The Security Deposit shall be credited to the Resident as the last Monthly Service Fee payment in the event of the Resident’s death. In the event that the Resident breaches or otherwise violates the Residency and Care Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company. The Resident is additionally responsible for any expense incurred by the Company resulting from damages to the Apartment that are in excess of the Security Deposit. In the event that the Resident has entered into a Priority Partner Agreement and paid a refundable deposit to the Company, the Priority Deposit shall be applied to the amount due as the Security Deposit.
- E. Monthly Service Fee. Throughout the term, Residents shall pay the Company a Monthly Service Fee (the “Monthly Service Fee”) as described in Exhibit A attached to the Residency and Care Agreement. The Monthly Service Fees shall be paid by the Resident on or before the fifth (5<sup>th</sup>) day of each month for Basic Services to be rendered that month with the first payment due on or before the Occupancy Date. The Monthly Service Fee shall be due regardless of whether or not the Apartment is actually occupied by the Resident on the scheduled Occupancy Date and such Monthly Service Fee will not be adjusted if the Resident is voluntarily absent from the CCRC at any time after such date. If the Resident obtains possession of the Apartment prior to the first of a month, the Resident shall pay the Company the first Monthly Service Fee on a pro-rata basis based on the actual number of days contained in the month. If the Residency and Care Agreement does not terminate at the expiration of the initial Term or a renewal Term, the Monthly Service Fee may continue to be payable beyond the date of termination as set forth in the Residency and Care Agreement.
- F. Adjustments to Monthly Service Fees. The Company reserves the right to change the amount of the Monthly Service Fee upon thirty (30) days’ written notice prior at any renewal of the Residency and Care Agreement. Adjustments to the Monthly Service Fee will be made as may be reasonably necessary according to the economic requirements and conditions of the Company and the level and quality of services provided to the residents of the CCRC and consistent with operating on a

sound financial basis. See Exhibit F for five years of the historical average dollar amount of increases in fees.

- G. Fees for Optional Services. The Resident shall receive a monthly statement from the Company showing the total amount of fees and other charges owed by the Resident, which shall be paid by the fifth (5<sup>th</sup>) day of each month. A list of fees for recurring Optional Services the Resident has elected to purchase as of the date of the Residency and Care Agreement shall be attached to the Residency and Care Agreement as Exhibit A.
- H. Healthcare Center Fees and Charges. The Healthcare Center will consist of accommodations, equipment and staffing necessary for skilled nursing care services on a temporary or permanent basis. The Company shall establish and publish per diem rates for accommodations and services at the Healthcare Center. Each calendar year, the Resident shall receive a ten percent (10%) discount on fees the Resident accrues during its first thirty (30) days of residency in the Healthcare Center (each day being a “Discounted Fee Day”). The Resident may not carry any unused Discounted Fee Days over to the following calendar year. Fees for residency in the Healthcare Center shall otherwise be payable in accordance with the Residency and Care Agreement and in accordance with the then published Healthcare Center per diem charge.
- I. Refund of Fees. If the Resident cancels during the Rescission Period as defined in the Residency and Care Agreement, the Priority Deposit, Apartment Selection Fee, Community Fee, and Security Deposit (and any other fees paid by Resident) in accordance with the Residency and Care Agreement will be refunded to the Resident, without interest, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at Resident’s request and set forth in Exhibit A of the Residency and Care Agreement or in writing in a separate addendum to the Residency and Care Agreement, signed by the Resident and the Company. Any refund shall be paid within thirty (30) days after the Company’s receipt of the Resident’s written notice of rescission. The Apartment Selection Fee and the Community Fee become non-refundable after the Rescission Period. The Security Deposit is refundable and will be returned to the Resident within thirty (30) days after the Resident’s move-out date if the Resident has complied with all terms of the Residency and Care Agreement and returns the Apartment in the same or materially similar condition as when Resident moved into the Apartment. If the Resident breaches or otherwise violates the Residency and Care Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company.
- J. Late Charges. The Company will charge a one percent (1%) late payment charge per month on any Monthly Service Fees and extra charges that have not been paid within five (5) days after their due date.

## **IX. Financial Information**

- A. Audited Financial Statements. Audited financial statements of the Company as of

and for the year ended December 31, 2022 are included as Exhibit A.

- B. Actual versus Forecasted Results. A narrative of material differences between the previously forecasted financial statements and actual results of operations for the year ended December 31, 2022 for the Company are included as Exhibit B.
- C. Interim Financial Statements. Interim financial statements for the three-month period ended March 31, 2023 for the Company are included as Exhibit C.
- D. 5-Year Prospective Financial Statements. Financial projections for each of the five years ending December 31, 2027 for the Company as compiled by an independent public accountant are included as Exhibit D.
- E. Reserves, Escrow and Trusts. North Carolina law requires continuing care retirement communities such as the Community to maintain operating reserves equal to fifty percent (50%) of the total operating costs in a given year, or twenty-five percent (25%) of such total operating costs if occupancy as of a certain date exceeds ninety percent (90%) of the Community's capacity (such reserve amount is referred to herein as the "Statutory Reserve"). This law provides security to the Residents that the CCRC will be able to meet its contractual obligations to provide continuing care. The Company's Statutory Reserve will be maintained through a letter of credit issued by a financial institution approved by the North Carolina Department of Insurance (the "Letter of Credit"). The Letter of Credit will name the North Carolina Department of Insurance as the beneficiary and be in an amount sufficient to satisfy the Statutory Reserve requirement.

## Report of Independent Auditor

To the Members  
Quail Haven Village  
Wilmington, North Carolina

### Opinion

We have audited the accompanying combined financial statements of Quail Haven Village (the “Company”), a group of entities under common control, which comprise the combined balance sheet as of December 31, 2022, and the related combined statements of operations and changes in members’ equity and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2022, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Combined Financial Statements* section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Change in Accounting Principle

As discussed in Note 2 to the combined financial statements, the Company changed its method of accounting for leases as of January 1, 2022, due to the adoption of Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*, as amended.

### Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

### Auditor’s Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the combined financial statements taken as a whole.

### Note 1—Nature of operations

*Nature of Operations* – Quail Haven Village (the “Company” or “CCRC”) is an economic entity comprised of three individual companies listed below. The Company provides senior living services in Pinehurst, North Carolina. Services include providing and maintaining an independent living retirement community, assisted living services, skilled nursing care, and supporting services. The Company was acquired and began operations in November 2013. In 2020, the North Carolina Department of Insurance (“NC DOI”) approved a modification in the continuing care retirement community (the “CCRC”) license to include all three of the following companies as co-providers.

Quail Haven Properties of Pinehurst, LLC (“Quail Haven Properties”) is a closely held North Carolina for-profit limited liability company formed for the purpose of developing and owning real property and the buildings of the Company.

Quail Haven of Pinehurst, LLC (“Quail Haven Pinehurst”) is a North Carolina for-profit limited liability company formed for the purpose of leasing and operating independent living units. Quail Haven Pinehurst is owned by Liberty Senior Living, LLC, a North Carolina limited liability company. Liberty Senior Living, LLC is owned by Liberty Healthcare Group, LLC (“Liberty Healthcare”), a North Carolina limited liability company.

Quail Haven Healthcare Center of Pinehurst, LLC (“Quail Haven Healthcare”) is a North Carolina for-profit limited liability company formed for the purpose of leasing and operating the 72-bed family care homes and skilled nursing facilities. Quail Haven Healthcare is owned by Liberty Senior Living, LLC, a North Carolina limited liability company. Liberty Senior Living, LLC is owned by Liberty Healthcare Group, LLC, a North Carolina limited liability company.

Quail Haven Properties owns two six-bed family care homes and holds the certificate of need (“CON”) for 60 skilled nursing beds, including 25 closed beds reserved for independent living residents, the value of which is recorded as an intangible asset on Quail Haven Properties.

### Note 2—Summary of significant accounting policies

*Principles of Combination* – The combined financial statements include the accounts of the limited liability companies noted above (Quail Haven Pinehurst, Quail Haven Properties, and Quail Haven Healthcare), all of which are owned and controlled by the members of the limited liability companies. All significant inter-company accounts and transactions have been eliminated, including right of use asset and right of use lease liability amounts. The combined financial statements do not and are not intended to represent the activity of a legal entity.

*Basis of Accounting* – The accompanying combined financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

*Use of Estimates* – The preparation of combined financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of any contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

No assets or liabilities (real or contingent) of the individual members of any of the limited liability companies are included in the combined financial statements of the Company. Individual members are not liable for the Company’s debt.

*Cash and Cash Equivalents* – Cash includes deposit accounts and investments purchased with an original maturity of three months or less. There were no cash equivalents as of December 31, 2022.

## NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2022

---

### Note 2—Summary of significant accounting policies (continued)

*Restricted Cash* – Restricted cash is comprised of patient trust funds and refundable security deposits (the “Security Deposit”) received from current residents and refundable priority deposits (the “Priority Deposits”) received from future residents, which are held in accordance with statute, law and regulation of the federal, state, and local government. The Priority Deposit will be applied to the Security Deposit paid by the resident upon execution of a Residency and Care Agreement. The liability associated with refundable Security Deposits and refundable Priority Deposits is included within accrued expenses and other payables on the combined balance sheet and totaled \$110,499 as of December 31, 2022.

*Inventories* – Inventories consist primarily of food supplies and are stated at the lower of average cost or net realizable value.

*Property and Equipment, Net* – Property and equipment are stated at cost. Maintenance and repairs are charged to expense as incurred, and renewals and betterments are capitalized. Gains or losses on disposals are credited or charged to operations.

Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets. Depreciation and amortization amounted to \$350,104 for the year ended December 31, 2022.

The estimated useful lives used in computing depreciation are as follows:

Buildings and improvements	5 to 40 years
Land improvements	5 to 15 years
Furniture and fixtures	5 to 20 years
Leasehold improvements	Lesser of 40 years or the lease term
Equipment	3 to 20 years

*Debt Issuance Costs* – Financing costs associated with the notes payable have been deferred and are being amortized over the term of the related debt using the straight-line method, which approximates the effective interest method. Amortization of debt issuance costs is recognized as interest expense in the statement of operations and changes in members’ equity. Unamortized debt issuance costs are included as a reduction to related debt liabilities.

*Revenue Recognition* – The Company follows the guidance provided by Accounting Standards Codification (“ASC”) 606, *Revenue from Contracts with Customers* and uses a five-step model to apply to revenue recognition, consisting of: (1) determination of whether a contract, an agreement between two or more parties that creates legally enforceable rights and obligations, exists; (2) identification of the performance obligations in the contract; (3) determination of the transaction price; (4) allocation of the transaction price to the performance obligations in the contract; and (5) recognition of revenue when (or as) the performance obligation is satisfied.

*Resident Revenue* – Resident fee revenue is reported at the amount that reflects the consideration the Company expects to receive in exchange for the services period. These amounts are due from residents or third-party payers and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Resident fee revenue is recognized as performance obligations are satisfied.

Under the Company’s skilled nursing and assisted living senior living residency agreements, the Company provides senior living services to residents for a stated daily or monthly fee. The Company recognizes revenue for room, assistance with activities of daily living, inpatient therapy, healthcare, and personalized health services provided under assisted living and skilled nursing residency agreements in accordance with the provisions of U.S. GAAP. The senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time and recognized ratably over the contractual term, typically daily.

## NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2022

### Note 2—Summary of significant accounting policies (continued)

The Company also collects a one-time upfront nonrefundable community fee. The community fee is a one-time fee equivalent to one Monthly Service Fee and becomes non-refundable 30 days after the resident signs the Residency and Care Agreement (the “Rescission Period”). The community fee is initially recorded as deferred revenue, then recognized as revenue at the end of the Rescission Period.

The Company has a performance obligation related to the series of distinct goods and services and another performance obligation related to access residents have for discounted fee days. Management has determined it is appropriate to allocate an equal amount of revenue to this material right each month.

The Company receives revenue for services under various third-party payor programs which include Medicare, Medicaid, and other third-party payors. Settlements with third party payors for retroactive adjustments due to audits, reviews, or investigations are included in the determination of the estimated transaction price for providing services. The Company estimates the transaction price based on terms of the contract with the payor, correspondence with the payor and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

The Company receives revenue from independent living residents containing a lease component that would fall under the guidance of ASC 842, *Leases*. The amount of revenue recorded under this guidance was approximately \$2,900,000 and there would be no difference in how the revenue would be recognized under ASC 606 or ASC 842.

*Disaggregated Revenue* – The Company has determined that the senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time.

*Contract Balances* – Timing differences among revenue recognition may result in contract assets or liabilities. Contract liabilities on the accompanying combined balance sheet related to the nonrefundable community fee, donated funds, stimulus funds received for COVID expenses, and prepaid resident/patient revenue totaling \$32,631, \$20,222, \$6,958, and \$100,546 respectively, as of December 31, 2022 and is recorded as deferred revenue on the combined balance sheet. There were no contract assets as of December 31, 2022.

*Resident Accounts Receivable, Net* – Receivables from residents, patients, insurance companies, and third-party contractual agencies are recorded at regular resident service rates, net of estimated contractual adjustments. Contractual adjustments are estimated based on the terms of third party insured contracts and arrangements. Adequate allowances are provided for doubtful accounts and other uncertainties. Credit losses have historically been within management’s expectations. Accounts receivables are stated in the amount management expects to collect from outstanding balances.

*Income Taxes* – The Company, with the consent of its members, has elected under the Internal Revenue Code to be taxed essentially as a partnership. In lieu of corporate federal income taxes, the members of a limited liability company are taxed on their proportionate share of the Company’s taxable income. Management has evaluated the effect of the guidance provided by U.S. GAAP on Accounting for Uncertainty in Income Taxes. Management has evaluated all other tax positions that could have a significant effect on the combined financial statements and determined the Company had no uncertain income tax positions at December 31, 2022.

**QUAIL HAVEN VILLAGE**  
**NOTES TO THE COMBINED FINANCIAL STATEMENTS**

DECEMBER 31, 2022

---

**Note 2—Summary of significant accounting policies (continued)**

*Intangible Asset* – In accordance with U.S. GAAP, goodwill and intangible assets that have indefinite useful lives are not amortized but rather are tested at least annually for impairment. For the Company, this asset includes a CON. Intangible assets with indefinite useful lives are reviewed for impairment in accordance with ASC 350, *Intangibles – Goodwill and Other*, which requires the Company to evaluate the recoverability of long-lived assets annually and whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. The Company continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of its CON may warrant revision or that the remaining carrying value may not be recoverable. As permitted by ASC 350, the Company performed a qualitative assessment of impairment to determine whether the value of the CON was impaired. Based on the results of this qualitative assessment, the CON was not impaired as of December 31, 2022.

*Impairment of Long-Lived Assets* – The Company reviews the carrying value of its long-lived assets such as property and equipment, whether held for use or disposal when events and circumstances indicate that the carrying amount of an asset may not be recoverable based on expected undiscounted cash flows attributable to that asset. The amount of any impairment is measured as the difference between the carrying value and the fair value of the impaired asset. Based on results of this review, property and equipment were not impaired as of December 31, 2022.

*Operating Reserves* – CCRCs located in North Carolina are licensed and monitored by the NC DOI under Article 64 of Chapter 58 of the North Carolina General Statutes. The Commissioner of Insurance has the authority to revoke or restrict the license of or impose additional requirements on any continuing care facility under certain circumstances specified in North Carolina General Statute 58-64-10.

North Carolina General Statute 58-64-33 requires that continuing care retirement communities with occupancy levels in excess of 90% maintain an operating reserve equal to 25% of total operating costs projected for the 12-month period following the most recent annual statement filed with the NC DOI, upon approval of the Commissioner. Continuing care retirement communities with less than 90% occupancy are required to maintain an operating reserve equal to 50% of projected total operating costs. Total operating costs shall include budgeted operating expenses plus debt service less depreciation and amortization expense and revenue associated with non-contractual expenses.

In order to meet the North Carolina General Statute operating reserve requirement for 2022, the Company maintained an irrevocable standby letter of credit throughout the year. At December 31, 2022, the amount of the letter of credit was \$5,237,000.

*Credit Concentrations* – The Company places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts. During the year ended December 2022, the Company from time to time may have had amounts on deposit in excess of the insured limits.

The Company grants credit without collateral to its patients and residents, most of who are insured by third party payors. The mix of receivables from patients and third-party payors at December 31, 2022 was as follows:

Medicare	75%
Medicaid	21%
Commercial insurance/private pay/other	4%

### Note 2—Summary of significant accounting policies (continued)

The Company's mix of revenue sources for the year ended December 31, 2022 was as follows:

Medicare	21%
Medicaid	19%
Commercial insurance/private pay/other	60%

	<hr/>

*Advertising Costs* – Advertising costs are expensed in the period incurred and totaled \$183,565 for the year ended December 31, 2022.

#### *Residence and Care Agreement* –

*Services* – The residency agreement (“Residency Agreement”) is a rental contract under which the Company is obligated, upon payment by the resident of a community fee and ongoing payments of the monthly fee to the CCRC, to provide certain services to the resident. While the resident occupies an independent living unit, services provided include: nursing care at The Inn at Quail Haven Village Skilled Nursing Facility (the “Inn”) with preferred rate arrangement (except for the costs of physician services and ancillary health services and supplies); one meal per day; all utilities, except telephone; housekeeping services; maintenance of both the unit and the grounds and equipment; scheduled local transportation; health consultation at the Inn; planned social, recreational, and cultural activities; and use of the community area and other common activity facilities. In addition, the community healthcare services are provided to residents at fee for service rates at the Inn.

*Admittance Standards* – To be accepted for admission to the independent living units at the CCRC, each prospective resident must be at least 62 years of age at the time residency is established, have financial assets adequate to pay the admission fee, and have sufficient income to meet the anticipated monthly fee and other personal expenses not provided under the Residency Agreement. A reservation requires a signed Residency Agreement and the payment of a one-time community fee equal to one month's monthly resident fee. The community fee is refundable within the first 30 days of the execution of the Residency Agreement.

*Terms of Residency* – The initial Residency Agreement is for a term of 13 months. After the initial term, the resident has the option, each year, of executing another Residency Agreement for 13 months. If another 13-month Residency Agreement is not executed, the Residency Agreement will expire at the end of the term.

*Termination by the Resident Prior to Occupancy* – The resident may terminate the Residency Agreement prior to moving into the CCRC for any reason at any time by giving written notice. The community fee will be refundable at termination during the 30-day rescission period defined in the Residency Agreement. After the rescission period, the community fee becomes non-refundable.

*Termination by the Resident after Occupancy* – The resident may terminate the Residency Agreement after moving into the CCRC by giving 30 days prior written notice of termination, which shall be effective and irrevocable upon delivery. If the resident terminates the Residency Agreement prior to the expiration of the initial term or renewal term, then the resident will be obligated to pay the monthly fee throughout the remainder of the term until the later of (i) removal of possessions from the apartment and key return to administration or (ii) re-occupancy of the apartment by a new resident.

**QUAIL HAVEN VILLAGE**  
**NOTES TO THE COMBINED FINANCIAL STATEMENTS**

DECEMBER 31, 2022

**Note 2—Summary of significant accounting policies (continued)**

The Residency Agreement will automatically terminate upon death of the resident (unless there is a surviving joint resident) and a personal representative will have 30 days from date of death to remove personal property from the apartment. The resident's estate will be obligated to pay the monthly fee until the removal of possessions from the apartment and key return to administration.

*Termination by the Company* – The Company may terminate the Residency Agreement for just cause. Just cause includes (i) breach of agreement; (ii) misrepresenting information in admission process; (iii) failure to pay any charges; (iv) resident becomes infected with dangerous or contagious disease; and (v) a major change in physical or medical condition that cannot be cared for or is beyond the limits of the CCRC's license.

*Change in Accounting Principle* – In February 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-02, *Leases (Topic 842)*, which supersedes existing guidance for accounting for leases under Topic 840, *Leases*. FASB also subsequently issued additional ASUs which amend and clarify Topic 842.

The Company adopted these ASUs effective January 1, 2022 using the modified retrospective approach. The Company elected the three transition practical expedients that permit an entity to (a) not reassess whether expired or existing contracts contain leases, (b) not reassess lease classification for existing or expired leases, and (c) not consider whether previously capitalized initial direct costs would be appropriate under the new standard. Adoption of the new standard did not have a material impact on the Company's combined balance sheet or combined statement of operations and changes in members' equity.

*New Accounting Pronouncement* – In June 2016, FASB issued ASU 2016-13 *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, which requires certain financial assets to be measured at amortized cost net of an allowance for estimated credit losses, such that the net receivable represents the present value of expected cash collection. The new rules also require certain financial assets be measured at amortized cost reflecting an allowance for estimated credit losses that are expected to occur over the life of the assets. This estimate must be based on all relevant information, such as historical information, current conditions, and reasonable and supportable forecasts that could impact the collectability of the amounts. The standard is effective for the Company for the year ended December 31, 2023. The Company is currently in the process of evaluating the impact of adoption of this ASU on the combined financial statements.

## NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2022

---

### **Note 5—Long-term debt and financing leases (continued)**

Certain loan agreements contain customary affirmative and negative covenants. Management is not aware of any violations of its covenants at December 31, 2022.

### **Note 6—Related party transactions**

Other entities owned by Liberty Healthcare provide other benefits to the Company. These transactions are also considered related party transactions and are settled through related party cash accounts and payments to the other entities. As of December 31, 2022, total receivables and payables to related parties were \$1,981,673 and \$4,355,488, respectively.

Quail Haven Pinehurst and Quail Haven Healthcare have entered into a management agreement in which Quail Haven Pinehurst and Quail Haven Healthcare pay a management fee of 5% and 6%, respectively, of net revenues to Liberty Living Management, a related party who provides management services to the Company. These fees totaled \$579,284 for the year ended December 31, 2022.

### **Note 7—Leases**

Quail Haven Properties leases real estate which includes office space, nursing homes, and long-term care centers to Quail Haven Pinehurst and Quail Haven Healthcare (the “Lessees”) under the terms of the Operating Lease Agreements (the “Operating Leases”) effective September 18, 2013. The Operating Leases expire on October 31, 2023, and the Lessees have the option to renew for two additional terms of five years each. Renewal and termination clauses are factored into the determination of the lease term if it is reasonably certain that these options would be exercised by the Lessees.

Quail Haven Properties determines whether a contract contains a lease at inception by determining if the contract conveys the right to control the use of identified property and equipment for a period of time in exchange for consideration. Quail Haven Properties has elected to apply the practical expedient to account for lease and non-lease components as a single component, and all components qualify for this practical expedient as the timing and pattern of transfer of the lease and non-lease component are the same, and the lease would be classified as an operating lease if it were accounted for separately. Quail Haven Properties has determined that the leases are predominant in these contracts and are accounting for the combined leases as operating leases under ASC 842.

The presentation is dependent on lease classification. However, Quail Haven Properties only has operating leases from a lessor perspective. Assets leased by the Company under operating leases are presented as property and equipment in the Company’s combined balance sheet and depreciated over their estimated useful life.

The cost basis of land, buildings and improvements, and office furniture and equipment held under the terms of the lease agreement was \$10,466,953 and related accumulated depreciation was \$2,696,031 at December 31, 2022.

Quail Haven Properties receives rent payments directly from the Lessees. For the year ended December 31, 2022, the monthly payments were \$37,000 and \$13,000 for Quail Haven Pinehurst and Quail Haven Healthcare, respectively. According to the terms of the Operating Leases, the annual rent to be paid by the lessee will remain at a fixed rate throughout the remainder of the terms.

Total rental income for the year ended December 31, 2022 was \$600,000 for Quail Haven Properties and has been eliminated in the combined financial statements.

**Note 8—Contingencies**

The Company is subject to legal proceedings and claims which arise in the course of providing healthcare services. The Company maintains malpractice insurance coverage (\$1,000,000 per claim, \$3,000,000 aggregate) for claims made during the policy year. In management's opinion, adequate provision has been made for amounts expected to be paid under the policy's deductible limits for unasserted claims not covered by the policy and any other uninsured liability.

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government-healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

**Note 9—Pension plan**

The Company offers a defined contribution plan to eligible employees as defined by the plan. The Company will match employee contributions at the discretion of management. The Company contributed \$27,326 for the year ended December 31, 2022.

**Note 10—Subsequent events**

The Company has evaluated subsequent events through May 16, 2023, in connection with the preparation of these combined financial statements, which is the date the combined financial statements were available to be issued. The Company is unaware of any subsequent events that should be recognized or disclosed in the combined financial statements.

Quail Haven Village  
Wilmington, North Carolina

Management of Quail Haven Village, a group of entities under common control, (the "Company") and the day-to-day operating manager, Liberty Living Management, LLC (collectively "Management") is responsible for the accompanying financial projection of the Company, which comprises the projected combined balance sheets as of and for each of the five years ending December 31, 2027, the related projected combined statements of operations, changes in members' equity, and cash flows for each of the years then ending, and the related summaries of significant assumptions and rationale in accordance with guidelines for the presentation of a financial projection established by the American Institute of Certified Public Accountants ("AICPA").

The accompanying projection and this report were prepared for inclusion with the disclosure statement filing requirements of North Carolina General Statutes, Chapter 58, Article 64 and should not be used for any other purpose.

We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not examine or review the financial projection nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on this financial projection. The projected results may not be achieved, as there will usually be differences between the prospective and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Furthermore, even if the hypothetical assumption that the Company refinances its note payable at terms and rates similar to those reflected in the projection occurs during the projection period, there will usually be differences between the projected and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

We have no responsibility to update this report for events and circumstances occurring after the date of this report.

## Quail Haven Village

### Summary of Significant Projected Assumptions and Rationale

---

#### General

The accompanying financial projection presents, to the best of the knowledge and belief of management of Quail Haven Village, a group of entities under common control, (the “Company” or the “Community”) and the day-to-day operating manager, Liberty Living Management, LLC (the “Operating Manager”) (collectively, “Management”), the expected financial position, results of operations and changes in members’ equity, and cash flows of the Company as of and for the each of the five years ending December 31, 2027. Accordingly, the accompanying financial projection reflects Management’s judgment as of May 26, 2023, the date of this projection, of the expected conditions and its expected course of action during the projection period. There will usually be differences between the prospective and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Management’s purpose in releasing this financial projection is for inclusion in the Company’s annual disclosure statement in accordance with Chapter 58, Article 64, of the North Carolina General Statutes. Accordingly, this report should not be used for any other purpose. The assumptions disclosed herein are those that Management believes are significant to the prospective financial statements.

*Basis of Presentation* – The prospective financial statements included in the projection have been prepared in accordance with the accounting principles generally accepted in the United States of America. Significant accounting policies are described in the appropriate assumptions and notes to the prospective financial statements. The assumptions described are not all-inclusive.

*Hypothetical Assumptions* – A hypothetical assumption is an assumption used in a financial projection to present a condition or course of action that is not necessarily expected to occur but is consistent with the purpose of the presentation. Hypothetical assumptions are not derived from sources, which are based upon supporting documentation such as contracts, agreements, or other empirical data. Management has prepared its financial projection assuming the hypothetical assumption that the Company refinances its note payable at terms and rates similar to those reflected in the projection.

#### Background

The Company is an economic entity comprised of three individual companies listed below. Management provides senior living services in Pinehurst, North Carolina. Services include providing and maintaining an independent living retirement community, assisted living services, skilled nursing care, and supporting services. The Community was acquired and began operations as the Company in November 2013.

See Independent Accountants’ Compilation Report

Quail Haven Pinehurst is owned by Liberty Senior Living, LLC (“Liberty Senior Living”), a North Carolina limited liability company. Liberty Senior Living is owned by Liberty Healthcare Group, LLC (“Liberty Healthcare Group”), a North Carolina limited liability company.

Quail Haven Healthcare Center of Pinehurst, LLC (“Quail Haven Healthcare”) is a North Carolina for-profit limited liability company formed for the purpose of leasing and operating the 72-bed family care homes and the skilled nursing facility. The activities of Quail Haven Pinehurst, Quail Haven Healthcare, and Quail Haven Properties (collectively the “Company”) are included in Management’s projection.

The Community consists of 79 Independent Living Units (the “Independent Living Units”), two six-bed family care homes (the “Assisted Living Units”), and 60 skilled nursing beds (the “Skilled Nursing Beds”). The Assisted Living Units and the Skilled Nursing Beds are collectively referred to as the “Healthcare Center.”

Quail Haven Properties owns two six-bed family care homes and holds the certificate of need (“CON”) for 60 skilled nursing beds, the value of which is recorded as an intangible asset on the balance sheet of Quail Haven Properties. Quail Haven Healthcare leases all 72 family care home beds and skilled nursing beds from Quail Haven Properties. Included in these 72 beds are services for 25 skilled nursing beds (the “Closed Beds”) reserved for independent living residents of Quail Haven Pinehurst. In 2020, the North Carolina Department of Insurance approved a modification in the continuing care retirement community (the “CCRC”) license to include all three of the companies as co-providers.

#### *Related Parties*

Other entities owned by Liberty Healthcare Group provide other benefits to the Company. These transactions are considered related party transactions and are settled through related party cash accounts and payments to the other entities.

Quail Haven Pinehurst and Quail Haven Healthcare have entered into separate management agreements with the Operating Manager in which each company pays a management fee of 5 percent of total revenues derived from the Independent Living Units and 6 percent of total revenues derived from the Healthcare Center to the Operating Manager (the “Management Fee”).

## Residency and Care Agreements

Services – The residency agreement (“Residency and Care Agreement”) is a rental contract under which the Company is obligated, upon payment by the resident (the “Resident” or “Residents”) of the Security Deposit, Community Fee, Apartment Selection Fee, and ongoing payment of the Monthly Fee, to provide certain services to the Resident. While the Resident occupies an Independent Living Unit, services provided include:

- Utilities, except telephone and internet service;
- One meal per day;
- Weekly housekeeping services;
- Interior unit and appliance maintenance;
- Maintenance of common area and the grounds;
- Use of common areas and wellness center;
- Uncovered parking;
- Scheduled transportation; and
- 24-hour emergency response system.

Optional services, including additional transportation, dining, and housekeeping services, are available for an extra charge as well as home care services through the Company’s licensed home care services program.

Admittance Standards – Prior to taking occupancy of a selected Independent Living Unit, the Resident executes a Residency and Care Agreement. The terms of the Residency and Care Agreement require the Company accept persons at least 62 years of age at the time of occupancy, who demonstrate the ability to live independently and meet the financial obligations as a Resident. A reservation requires a signed Residency and Care Agreement and payment of a one-time Security Deposit; a one-time, non-refundable Apartment Selection Fee; and a one-time, non-refundable Community Fee. Upon occupancy, Residents are expected to pay an ongoing Monthly Fee.

Healthcare Benefit – The Company provides Residents temporary or permanent assisted living and skilled nursing services in the Healthcare Center, within the limits of the Company’s licensure. Residents receive an annual, non-cumulative discount of 10 percent from the then current direct admission rate, during the first 30 days of residency in the Healthcare Center.

Terms of Residency – The initial Residency and Care Agreement is for a term of thirteen months. After the initial term, the Resident has the option, each year, of executing another Residency and Care Agreement for thirteen months. If another thirteen-month Residency and Care Agreements is not executed, the Residency and Care Agreement shall expire at the end of the term.

See Independent Accountants’ Compilation Report

*Termination by the Resident Prior to Occupancy* – The Resident may cancel at any time and for any reason during the 30-day rescission period as defined in the Residency and Care Agreement (the “Rescission Period”) and shall receive a refund of any fees paid less a service charge. After the Rescission Period, the Resident may terminate the Residency and Care Agreement prior to moving into the Community by giving 30 days’ prior written notice. Under this circumstance, the Apartment Selection Fee and Community Fee become non-refundable after the Rescission Period.

*Termination by the Resident After Occupancy* – The Resident may terminate the Residency and Care Agreement after moving into the Community by giving 30 days’ prior written notice of termination, which shall be effective and irrevocable upon delivery. If the Resident terminates the Residency and Care Agreement prior to the expiration of the initial term or renewal term, then the Resident shall be liable for the Monthly Fee until the date that all of the Resident’s personal belongings are removed from the Independent Living Unit. In addition, the Resident shall be responsible for payment of liquidated damages of one month’s rental charge.

The Residency and Care Agreement shall automatically terminate upon death of the Resident (unless there is a surviving joint Resident) and a personal representative shall have 30 days from date of death to remove personal property from the Independent Living Unit. The Resident’s estate is obligated to pay the Monthly Fee until the removal of possessions from the Independent Living Unit and key return to administration.

*Termination by the Company* – The Company may terminate the Residency and Care Agreement for just cause to include: (i) breach of agreement; (ii) misrepresenting information in the admission process; (iii) failure to pay any charges; (iv) Resident becomes infected with dangerous or contagious disease; or (v) violation of any reasonable procedures at the Community.

## Summary of Significant Accounting Policies

Basis of Accounting and Presentation – The Company is assumed to maintain its accounting and financial records according to the accrual basis of accounting.

Cash – Cash includes cash on hand and cash on deposit held by one financial institution.

Restricted Cash – Restricted cash is comprised of patient trust funds and Security Deposits received from current residents and refundable priority deposits (the “Priority Deposit”) received from future residents, which are held in accordance with statute, law, or regulation of the federal, state, and local government. The Priority Deposit shall be applied to the Security Deposit paid by the Resident upon execution of a Residency and Care Agreement.

Related-Party Transactions – The principal members of the Company and other entities which they own or with which they are associated are considered related parties. Management monitors cash flow at each related party entity and transfers cash on an as-needed basis.

Statutory Operating Reserve – North Carolina General Statute section 58-64-33, requires licensed CCRCs to maintain an operating reserve equal to 50 percent (50%) of the total projected operating costs (adjusted for non-cash items) in a given year. If a CCRC maintains a combined independent and assisted living occupancy in excess of 90 percent (90%), the operating reserve amount required equals 25 percent (25%) of projected operating expenses (adjusted for non-cash items). The reserve may be funded by cash, invested cash, or investment grade securities. In order to meet the North Carolina General Statutes operating reserve requirements, the Company maintains an irrevocable standby letter of credit from a financial institution. At December 31, 2022, the amount of the letter of credit was \$5,237,000. Management is to fund a \$500,000 operating reserve, at its discretion, to provide additional liquidity for Community’s operations.

Deferred Revenue – Prior to January 1, 2023, the Company amortized non-refundable Community Fees into income over five (5) years, the estimated average length of stay of a Resident in an Independent Living Unit. Beginning in fiscal year 2023, the Company records Community Fees as other income in the period received.

Lease Accounting – The Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-02, Lease Accounting Standard in February 2016. ASU 2016-02 requires all leases with lease terms over twelve months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of lease commencement. Leases are to be classified as either finance or operating. This distinction shall be relevant for the pattern of expense recognition in the statement of operations. Upon combining the Company’s financial statements, all material lease transactions occurring during the projection period were recognized as internal lease transfers and eliminated from the financial presentation.

**See Independent Accountants’ Compilation Report**

Property and Equipment – Property and equipment are recorded at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of depreciable assets. The cost of maintenance and repairs is charged to operations as incurred, whereas significant renewals and betterments are capitalized.

Deferred Marketing Costs – Management has implemented ASU No. 2014-09 “Revenue from Contracts with Customers” and adopted the treatment of deferred marketing costs. Under the standard, the Company capitalizes marketing sales commissions associated with securing new Residency and Care Agreements as an asset and amortizes these commissions over the estimated term of the respective Residency and Care Agreements.

Intangible Asset – For the Company, this asset includes fees related to the Company’s application for the CON. In accordance with accounting standards generally accepted in the United States of America, intangible assets with indefinite useful lives are reviewed for impairment in accordance with Accounting Standards Codification (“ASC”) 350, Intangibles – Goodwill and Other, which requires the Company to evaluate the recoverability of long-lived assets annually and whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. The Company continually evaluates whether events and circumstances have occurred that indicate the CON may warrant revision or that the remaining carrying value may not be recoverable. As permitted by ASC 350, the Company performs qualitative assessments of impairment to determine whether the value of the CON was impaired. Management assumes no impairment for the intangible asset to occur during the projection period.

Debt Financing Cost – Cost associated with the issuance of debt is capitalized and is being amortized over the term of the related debt using the straight-line method, which approximates the effective interest method. Debt issuance costs are netted against the related debt on the combined balance sheet and the amortization is included on the statement of operations and changes in members’ equity.

Income Taxes – The Company has elected to be treated as a partnership for income tax purposes. The Company’s taxable income, its losses, and other pass-through items shall be reported on the members’ tax returns. Accordingly, no provision for income taxes has been included in the projection.

Such determination shall be in the Company's sole discretion and based on the professional opinion of the medical director of the Healthcare Center and the executive director of the CCRC that the Resident is no longer able to live independently or that living in the Apartment will endanger the Resident or the health and/or safety of others. Should the Resident fail to cooperate with a transfer of the Resident requested by the Company, the Company shall have the right to terminate this Agreement and the Resident shall no longer be permitted to live in the CCRC.
- c. Transfer Outside the CCRC. If, in the opinion of the Company, the physical or mental condition of the Resident requires services beyond that which can be provided by the facilities or personnel in the CCRC and the Healthcare Center or is beyond the scope of the services provided for in this Agreement, the Company may require that the Resident be temporarily or permanently transferred to a hospital, center, institution or other care environment equipped to give such care; provided however, the cost of the care at any such outside facility will be the responsibility of the Resident.
- d. Relinquishment of Apartment upon Permanent Transfer to the Healthcare Center or Outside Facility. If, in the sole discretion of the Company, the Resident's transfer to the Healthcare Center or to an outside facility is considered permanent, the Resident shall relinquish the Apartment and this Agreement shall terminate, unless there is a second Resident currently occupying the Apartment or unless otherwise approved by the Company.

7. Fees and Charges.

The following is a list of the fees and charges expected to be charged to the Residents of the CCRC.

- a. Apartment Selection Fee. Upon the execution of the Apartment Selection Agreement, the Resident paid an Apartment Selection Fee (the "Apartment Selection Fee") as identified in Exhibit A attached hereto. The Apartment Selection Fee is a nonrefundable fee (except as defined in Section 7.i. of this Agreement) and shall be applied to the first month's Monthly Service Fee.
- b. Community Fee. Upon the execution of the Apartment Selection Agreement, the Resident paid a Community Fee (the "Community Fee") as identified in Exhibit A attached hereto. The Community Fee is a one-time, nonrefundable fee (except as defined in Section 7.i. of this Agreement) which entitles Residents priority access to all services and amenities of the Community. A Community Fee will not be charged to Residents upon any renewal of this Agreement.

- c. Security Deposit Fee. Upon the execution of this Agreement, the Resident shall make a Security Deposit payment to the Company equal to one Monthly Service Fee payment (the “Security Deposit”), which shall be deposited in accordance with statute, law or regulation of the federal, state, and local Government. If the Resident has complied with all terms of the Agreement and returns the Apartment in the same or materially similar condition as when the Resident moved into the Apartment, the Company will return the Security Deposit to the Resident within thirty (30) days after the Resident’s move-out date. The Security Deposit shall be credited to the Resident as the last Monthly Service Fee payment in the event of the Resident’s death. In the event that the Resident breaches or otherwise violates the Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company. The Resident is additionally responsible for any expense incurred by the Company resulting from damages to the Apartment that are in excess of the Security Deposit. In the event that the Resident has entered into a Priority Partner Agreement (the “Priority Partner Agreement”) and paid a refundable deposit to the Company (the “Priority Deposit”), the Priority Deposit shall be applied to the amount due as the Security Deposit.
- d. Monthly Service Fees. Throughout the Term, the Resident shall pay to the Company a Monthly Service Fee (the “Monthly Service Fee”) in the amount of \$ \_\_\_\_\_, as described on Exhibit A attached hereto, for a single Resident. If the Apartment will be occupied by two Residents pursuant to this Agreement, an additional monthly amount of \$ \_\_\_\_\_ shall be paid by the second Resident. The Monthly Service Fee shall be paid by the Resident on or before the fifth (5<sup>th</sup>) day of each month for Basic Services to be rendered that month with the first payment due on or before the Occupancy Date. The Monthly Service Fee shall be due regardless of whether or not the Apartment is actually occupied by the Resident on the scheduled Occupancy Date and such Monthly Service Fee will not be adjusted if the Resident is voluntarily absent from the CCRC at any time after such date. If the Resident obtains possession of the Apartment prior to the first of a month, the Resident shall pay the Company the first Monthly Service Fee on a pro-rata basis based on the actual number of days contained in the month. If this Agreement does not terminate at the expiration of the initial Term or a renewal Term, the Monthly Service Fee may continue to be payable beyond the date of termination as set forth in Section 7 below.
- e. Adjustments to Monthly Service Fees. The Company reserves the right to change the amount of the Monthly Service Fee upon thirty (30) days’ written notice prior to the beginning of each calendar year. Adjustments to the Monthly Service Fee will be made as may be reasonably necessary according to the economic requirements and conditions of the CCRC, the level and quality of services provided to the residents of the CCRC and consistent with operating on a sound financial basis.
- f. Fees for Optional Services. The Resident shall receive a monthly statement from the Company showing the total amount of fees and other charges owed by the

Resident, which shall be paid by the fifth (5th) day of each month. A list of fees for recurring optional services (“Optional Services”) the Resident has elected to purchase as of the date of this Agreement is attached hereto as Exhibit A.

- g. Healthcare Center Fees and Charges. The Healthcare Center will consist of accommodations, equipment and staffing necessary for assisted living, assisted housing with services, skilled nursing care and memory care services on a temporary or permanent basis. The Company shall establish and publish per diem rates for accommodations and services at the Healthcare Center. Each calendar year, the Resident shall receive a ten percent (10%) discount on fees the Resident accrues during its first thirty (30) days of residency in the Healthcare Center (each day being a “Discounted Fee Day”). The Resident may not carry any unused Discounted Fee Days over to the following calendar year. Fees for residency in the Healthcare Center shall otherwise be payable in accordance with the Residency and Care Agreement and in accordance with the then published Healthcare Center per diem charge.
- h. Fees for Occupancy in the Healthcare Center. In the event the Resident is transferred to the Healthcare Center, as determined in the sole discretion of the Company, the Resident shall pay the then published Healthcare Center per diem charge plus charges for other services not included in the Healthcare Center per diem charge, subject to available Discounted Fee Days. In addition, the Resident shall continue to be responsible for the Monthly Service Fee and other charges payable under this Agreement.
- i. Refund of Fees. If the Resident cancels during the Rescission Period (as defined in Section 8.a.i of this Agreement), the Priority Deposit, Apartment Selection Fee, Community Fee and Security Deposit (and any other fees paid by Resident) in accordance with this Residency and Care Agreement will be refunded to the Resident, without interest, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at Resident’s request and set forth in Exhibit A of this Agreement or in writing in a separate addendum to the Agreement, signed by the Resident and the Company. Any refund shall be paid within thirty (30) days after the Company’s receipt of the Resident’s written notice of rescission. The Apartment Selection Fee and the Community Fee become non-refundable after the Rescission Period. The Security Deposit Fee is refundable and will be returned to the Resident within thirty (30) days after the Resident’s move-out date if the Resident has complied with all terms of the Agreement and returns the Apartment in the same or materially similar condition as when Resident moved into the Apartment. If the Resident breaches or otherwise violates the Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit Fee shall be forfeited to the Company.
- j. Late Charges. The Company will charge a one percent (1%) late payment charge per month on any Monthly Fees and extra charges that have not been paid within five (5) days after their due date.

8. Termination.

- a. Termination by Resident. Upon the termination of this Agreement, the Resident shall have no further right to reside in the CCRC. The Agreement may be terminated or cancelled by the Resident under the following terms and conditions:
- i. Rescission During First Thirty (30) Days. The Resident may terminate this Agreement for any reason within thirty (30) days following the later of the execution of this Agreement or receipt by the Resident of the Disclosure Statement (the “Rescission Period”), and the Resident is not required to move into the facility before expiration of the Rescission Period. The Resident’s termination of this Agreement during the Rescission Period is without penalty, and all payments made by the Resident before such termination, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at the Resident’s request and set forth in Exhibit A of this Agreement or in writing in a separate addendum to the Agreement signed by the Resident and the Company. Any refund shall be paid within thirty (30) days after the Company receives written notice of the Resident’s election to terminate this Agreement.
  - ii. Termination After Rescission Period but Prior to the Occupancy Date. For Residents electing to reside in an Apartment, the Resident may terminate the Residency and Care Agreement for any reason after the Rescission Period but prior to the Occupancy Date upon written notice to the Company. In the event of such termination, the Resident shall be entitled to a refund of all monies paid to the Company, except, as the case may be, the Community Fee, the Apartment Selection Fee, and any costs or other charges that the Resident and the Company agree in advance are non-refundable.
  - iii. General Termination Right. The Resident may terminate this Agreement at any time for any reason by giving the Company thirty (30) days’ written notice signed by the Resident (or both of them if there are two Residents). In the event of termination by the Resident for reasons other than those permitted in this Agreement, the Resident shall pay the Company for all Optional Services rendered by the Company to the Resident through the date of termination and shall continue to be liable for the Monthly Service Fee until the date that all of the Resident’s personal belongings are removed from the Apartment. In addition, the Resident shall be responsible for payment of liquidated damage of one month’s rental charge, calculated at the existing market rate.

b. Termination by Death or Serious Illness

- i. Termination by Death or Serious Illness Prior to the Occupancy Date. If, prior to the Occupancy Date, the Resident dies or is precluded from living in the CCRC under the terms of this Agreement as a result of serious illness, injury, non-qualification or incapacity, this Agreement will automatically terminate. In the event this Agreement is terminated as provided for in this subsection, the Resident or the Resident's estate shall be entitled to a refund of any amounts paid to the Company, except, as the case may be, a service charge of One Thousand Dollars (\$1,000.00) and for costs or other charges that the Resident and the Company agree in advance are non-refundable. Such refund shall be paid by the Company within thirty (30) days after this Agreement is terminated pursuant to this subsection. The foregoing notwithstanding, if there is more than one Resident, this Agreement will continue to be binding on the surviving or eligible Resident until this Agreement is terminated as to or by the surviving Resident as provided for herein.
- ii. Termination by Death or Serious Illness After the Occupancy Date. If the Resident dies after the Occupancy Date or the Resident is precluded from living in the CCRC under the terms of this Agreement as a result of serious illness, injury, or incapacity and the serious illness, injury or incapacity is not otherwise addressed by the provisions of Section 6, then this Agreement shall terminate. In such event, the Resident or the estate of the Resident shall pay for any Optional Services rendered to the Resident through the date of termination and shall continue to be liable for the Monthly Service Fee until the date that all of the Resident's personal belongings are removed from the Apartment and the Apartment can be made ready for re-occupancy. The foregoing notwithstanding, if there is more than one Resident, this Agreement will continue to be binding on the surviving or eligible Resident until this Agreement is terminated as to or by the surviving Resident as provided for herein.

c. Termination by the Company

- i. Termination by the Company Prior to the Occupancy Date. If, in the Company's sole discretion, the Resident does not satisfy the criteria for occupancy in the CCRC, this Agreement shall terminate upon the Company's notification to the Resident of non-approval. In such event, all amounts paid to the Company shall be refunded to the Resident within thirty (30) days after the Company provides the Resident notice of non-approval.
- ii. Termination by The Company after the Occupancy Date. The Company may terminate this Agreement upon thirty (30) days written notice to the Resident in the event of the following:

- (1) The Resident fails to make payments to the Company of any amounts when due and such failure is not cured within fifteen (15) days after notice is given to the Resident;
- (2) The Resident consistently fails to comply with any term of this Agreement not involving the payment of money or any provisions of the Rules and Regulations and the Resident fails to cure such non-compliance within seven (7) days after written notice from the Company; or
- (3) The Resident or the Resident's authorized representative makes a material misrepresentation or omission in the information provided to the Company for its consideration of the Resident for residency in the CCRC.

- iii. Immediate Termination. If the Company determines in its sole and absolute discretion that the Resident's behavior interferes with or threatens to interfere with the safety of the Resident or the quiet enjoyment or safety of other residents, visitors and/or staff of the CCRC, or if the Resident's behavior is a detriment to other residents, visitors, and/or staff of the CCRC, the Company may immediately terminate this Agreement and the Resident shall promptly vacate the Apartment. In such event, the Resident shall pay the Company for all Optional Services rendered by the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until all of the Resident's personal belongings are removed from the Apartment.
- iv. Effect of Termination by the Company after the Occupancy Date. In the event the Company terminates this Agreement after the Occupancy Date pursuant to subsection c.ii or c.iii above, the Resident shall promptly vacate the Apartment, but shall pay the Company for all Optional Services rendered by the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until the date that all of the Resident's personal belongings are removed from the Apartment.
