INSURANCE COMMISSIONER & STATE FIRE MARSHAL

BRIAN TAYLOR, CHIEF STATE FIRE MARSHAL

REPORT ON BASE ALLOCATION GRANTS

Session Law 2021-180 and Session Law 2022-74 appropriated \$8,000,000 from the State Fiscal Recovery Fund and \$1,500,000 in nonrecurring funds were to the Department of Insurance to provide grants to eligible fire departments under G.S. 58-81-1(b). Pursuant to the session laws, eligible fire departments could apply for a grant of \$10,000, which were named “Base Allocation Grants.” The grants were to help mitigate the financial impact of the COVID-19 pandemic and its impact on departments’ ability to conduct fundraising and generate revenue. Base Allocation Grants are to be used for purposes consistent with G.S. 58-87-1(a1)(3) and do not require a match.

A fire department applying for a Base Allocation Grant qualifies as an eligible fire department if:

- It consists entirely of volunteer members, with the exception that the unit may have paid members to fill the equivalent of six full-time paid positions; and
- It has been certified by the Department of Insurance.

The determination of whether a department meets the requirements to be an eligible fire department under the statute is made based on the department’s application. No department is ineligible solely because it is classified as a municipal department.

800 departments completed applications for a Base Allocation Grant. 798 departments were determined to meet the statutory requirements to be considered eligible fire departments and were awarded the grants. An additional 156 departments started the application process but did not submit an application. 96 counties had departments receiving grants. Only Durham, Mecklenburg, New Hanover, and Wake Counties had no departments receiving grants.

Attached to this report is a list of approved departments by county, including the name of each eligible fire department and the amount of the Base Allocation Grant.

Any unexpended and unincumbered funds appropriated to the Department of Insurance will revert to the fund from which the appropriation was made at the end of the 2022-2023 fiscal year.
