

MIKE CAUSEY
INSURANCE COMMISSIONER & STATE FIRE MARSHAL

BRIAN TAYLOR, CHIEF STATE FIRE MARSHAL

REPORT ON SUPPLEMENTAL GRANTS

Pursuant to Session Law 2022-74, of the funds appropriated to the Department of Insurance, \$36,575,000 in nonrecurring funds was designated to provide supplemental grants in the amount of \$35,000 to eligible fire departments under G.S. § 58-87-1(b) and eligible rescue and EMS units under G.S. § 58-87-5(b). Pursuant to the session law, eligible fire departments and eligible rescue or EMS units could apply for a supplemental grant of \$35,000. The supplemental grants were to help mitigate the financial impact of the COVID-19 pandemic and its impact on the abilities of departments and units to conduct fundraising and generate revenue.

A fire department applying for a supplemental grant qualifies as an eligible fire department if:

- It consists entirely of volunteer members, with the exception that the unit may have paid members to fill the equivalent of six full-time paid positions or less; and
- It has been certified by the Department of Insurance.

A rescue or EMS unit applying for a supplemental grant qualifies as an eligible rescue or EMS unit if:

- It consists entirely of volunteer members, with the exception that the unit may have paid members to fill the equivalent of ten full-time paid positions or less.
- It has been recognized by the Department as a rescue unit, a rescue/EMS unit, or an EMS unit.
- It has satisfied the eligibility criteria established by the Department under G.S. § 58-87-5(a).

The determination of whether a department meets the requirements to be an eligible fire department, or a unit meets the requirements to be an eligible rescue or EMS unit under the statutes is made based on their application.

853 fire departments completed applications for a supplemental grant. 851 were determined to meet the statutory requirements to be considered eligible fire departments and were awarded the grants. An additional 85 departments started the application process but did not complete the application. 97 counties had departments

receiving grants. Only Durham, New Hanover and Wake had no departments receiving grants.

74 rescue, EMS, or rescue/EMS units completed applications for a supplemental grant. 73 were determined to be eligible units and were awarded grants. An additional 4 units started the application process but did not complete the application. 47 counties had rescue, EMS, or rescue/EMS units receiving grants.

The total amount of supplemental grants awarded to eligible fire departments was \$29,785,000. The total amount of supplemental grants awarded to eligible units was \$2,555,000. The total amount of supplemental grants awarded for both fire departments and rescue or EMS units was \$32,340,000.

Attached to this report is a list of approved departments by county, including the name of each eligible fire department and the amount of the supplemental grant award. Also attached to this report is a list of approved rescue or EMS units by county.

Any unexpended and unincumbered funds will revert to the fund from which the appropriation was made at the end of the 2022-2023 fiscal year.
