

EMPLOYEES CARS: NOT INSURED IN EMPLOYER S FLEET POLICY

It is the policy of the North Carolina Department of Insurance that the insuring of employees automobiles in fleet policies of their employer at lower rates than those which apply to other owners of private automobiles is unfair discrimination and is not permitted, whether or not the employees private cars are operated part of the time in the interest of the employer. This applies to all forms of automobile insurance. The inclusion of a privately owned car in a fleet or group policy will be construed as prima facie evidence of unfair discrimination.
