Upon rescission, the Community shall refund to the Member, or the Member’s legally- authorized representative, any portion of Entrance Fees the Member paid to the Community less (i) per diem or monthly charges specified in the Agreement for the Member’s residence applicable to the period the residence was actually occupied by the Member; (ii) those nonstandard costs specifically incurred by the Community at the request of Member which are not covered by the per diem or monthly charges applicable to Member; and not to exceed the greater of two percent of the Entrance Fee or \$1,000.00. Any such refund shall be paid by the Community within sixty days following receipt of written notification of such termination.

B. Termination by Member Prior to Occupancy Based on Change in Health Status

If the Member dies before occupying his or her residence or becomes incapable of meeting the physical, mental, or financial requirements for admission before such occupancy, the Agreement shall be automatically canceled. In such case, the Community shall refund to the resident, the resident’s estate, or the resident’s legally- authorized representative, any portion of Entrance Fees the Member paid to the Community less (i) those nonstandard costs specifically incurred by the Community at the request of Member which are not covered by the per diem or monthly charges applicable to Member; and (ii) the greater of two percent of the Entrance Fee or \$1,000.00. Any such refund shall be paid by the Community within sixty days following receipt of written notification of such termination.

C. Termination by Member Prior to Occupancy Based on Change in Health Status

Once the thirty-day rescission period described in “A”, above, has expired, but before Member takes occupancy, the Member may terminate this Agreement for any reason not covered by “B”, by giving written notice to the Community. For rescinded or canceled contracts under this section, the resident or the resident’s legal representative shall receive a refund of all money or property transferred to the provider, less (i) those nonstandard costs specifically incurred by the provider or facility at the request of the resident and described in the contract or any contract amendment signed by the resident; (ii) nonrefundable fees, if set out in the contract; and (iii) a reasonable service charge, if set out in the contract, not to exceed the greater of two percent of the Entrance Fee or of one \$1,000. Any such refund shall be paid by the Community within sixty days following receipt of written notification of such termination.

D. Termination by Member After Occupancy

Once the thirty-day rescission period described above has expired, and after the Member takes occupancy, the Member may, at any time upon ninety days' notice in writing to the Community, terminate his or her membership. Upon termination, a portion of the Entrance Fee may be refunded to the withdrawing Member, as described in the Agreement Section VI, G.

E. The Community's Right to Terminate Agreement

The Community shall have the right at any time, upon thirty days' notice in writing to the Member, to terminate his or her membership because the Member has failed to meet his or her obligations under the Agreement, including but not limited to:

- a. Member has not paid monthly fees and other charges on a timely basis;
- b. Member engages in behavior that unreasonably interferes with the quiet enjoyment of other Members; or
- c. Member has failed to abide by the provisions of the Community's Resident Handbook.

The following may result in immediate termination of membership and discharge:

- a. Member engages in behavior that negatively impacts or threatens the health, safety or welfare of other Members, staff, or visitors.

Such notice shall specify the obligation which the Member has failed to perform. Upon such termination, the Member may be entitled to a refund of a portion of the Entrance Fee paid, as described in the Agreement Section VI, G.

F. Termination Upon Death

Death of a Member shall be treated as a termination of membership on the date of death. The refund due, if any, shall be computed as described in the Agreement Section VI, G.

G. Refund Upon Termination

Upon contract termination, the Member may be entitled to a refund of a portion of the Entrance Fee paid, as follows:

1. **0% Refundable Entrance Fee Option** For Members who have chosen the 0% Refundable Entrance Fee Option, the refund due, if any, shall be the Entrance Fee paid, less: (i) ten percent for any termination occurring in months one through five after occupancy, (ii) two percent for each month that has elapsed between month six and the date of withdrawal up to month fifty; (iii) a fee of \$1,000; and (iv) any amount due to the Community for monthly care or other unpaid services. No part of the 0% Refundable Entrance Fee is refundable after a Member has resided at the Community for fifty months. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.
2. **50% Refundable Entrance Fee Option** For Members who have chosen the 50% Refundable Entrance Fee Option, the refund due shall be the Entrance Fee

paid less: (i) ten percent for any termination occurring in months one through ten after occupancy; (ii) one percent for each month that has elapsed between month eleven and the date of withdrawal up to month fifty; (iii) a fee of \$1,000; and (iv) any amount due to the Community for monthly care or other unpaid services. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

3. 90% Refundable Entrance Fee Option For Members who have chosen the 90% Refundable Entrance Fee Option, the refund due shall be the Entrance Fee paid less:

- i. ten percent;
- ii. a fee of \$1,000; and
- iii. any amount due to the Community for monthly care or other unpaid services. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

If the Member is not alive when a refund becomes due, any refund shall be paid to the estate of the deceased Member or to a beneficiary identified in advance by the Member.

H. Condition of Residence

At the effective date of termination of the Agreement, the Member shall vacate the Residence and shall leave it in good condition except for normal wear and tear. The Member shall be liable to the Community for any cost incurred in restoring the Residence to good condition except for normal wear and tear. Such costs will be deducted from any refund due to the Member under the terms of the Agreement.

I. Use of Refundable Entrance Fee Option for Health Care Expenses at Aldersgate

1. Should a Member who has chosen the 90% or 50% Refundable Entrance Fee Option vacate his or her Residence by transferring permanently to a Health Care Facility at the Community, the Member may then draw against his or her refund to supplement payment of his or her health care costs at Aldersgate but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at Aldersgate. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at Aldersgate. The refundable portion of the Entrance Fee can be accessed exclusively for healthcare services at Aldersgate as a supplement to any income the Member receives from all available sources. The Member would still be entitled to receive any applicable Member discount on his or her health care.

2. The following conditions apply when "the Member" is used in the Agreement to apply to two married individuals in an Independent Living Residence who have chosen the 90% or 50% Refundable Entrance Fee Option:

- a. The Entrance Fee relates to Member identified in the Agreement,

not to either individual Member alone. As such, as long as one of the Members remains in the Community, no refund of the Entrance Fee is due to either Member, even if one member vacates the community for any reason.

- b. Should both Members vacate their Residence by transferring permanently to a Health Care Facility at the Community, either or both Member(s) may then draw against the 90% or 50% Refundable Entrance Fee to supplement payment of their health care costs at Aldersgate but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at Aldersgate. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at Aldersgate. The 90% and 50% Refundable Entrance Fee option can be accessed exclusively for health care services at Aldersgate as a supplement to any income the Member receives from all available sources. The Member would still be entitled to receive any applicable Member discount on their health care. The Member may access the refund for health care purposes only when the vacated Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.
- c. Should one Member vacate their Residence by transferring to a Health Care Facility at the Community, and the other Member vacates the Residence by transferring to an independent accommodation that carries a lesser Entrance Fee, the Member who has transferred to the Health Care Facility may then draw against the 90% or 50% Refundable Entrance Fee to supplement payment of their health care costs at Aldersgate, up to the difference between the original Entrance Fee, and the then current Entrance Fee (Revised Entrance Fee) for the new independent accommodation, but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at Aldersgate. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at Aldersgate. The Member would still be entitled to receive any applicable Member discount on their health care. Should the Member residing in the independent living accommodation vacate said accommodation by transferring to Assisted Living or the Health Care Facility at the Community, that Member may then draw upon the refundable portion of the Revised Entrance Fee to supplement payment of their health care costs at Aldersgate, but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at Aldersgate. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at Aldersgate. The 90% or 50% Refundable Entrance Fee can be accessed exclusively for health care services at Aldersgate as a supplement to any income the Member receives from all available sources. The Member would still be entitled to receive any applicable Member discount on their health care. The Member may access the refund for health care purposes only when the vacated Residence is reserved by a new Member and the

new Member has paid his/her/their Entrance Fee.

- d. Utilization of the 90% or 50% Refundable Entrance Fee option may be made to supplement payment of health care costs at Aldersgate only. Contingent upon a financial review of the Member's income and assets, Aldersgate reserves the right to determine the amount of the 90% or 50% Refundable Entrance Fee that may be used to supplement the Member's health care fees at Aldersgate.

Change of Accommodations

The Member may request a change in type of accommodation from time to time, subject to permission of Aldersgate and the availability of the type requested. If such change is made, the following rules apply:

- a. If the Entrance Fee for the new accommodation is higher than the Entrance Fee paid for the accommodation to be vacated, the Member will pay the difference between the Entrance Fee for the new accommodation and the Entrance Fee paid for the prior accommodation. In the event of termination, the amount of the refund, if any, will be based on the total Entrance Fees paid.
- b. Member will be responsible for any costs associated with the change of accommodation, including moving expenses. Aldersgate charges a \$15,000 transfer fee to change accommodations.

In the best interests of the entire Aldersgate community and in consultation with the Member and/or his or her responsible party, Aldersgate may request the Member change accommodations. If agreement cannot be reached, Aldersgate may initiate mediation or arbitration for resolution. Any such resultant accommodation shall be subject to the provisions set forth in the Agreement, except that no greater Entrance Fee may be required of the Member.

Transfer of the Member to any of the health care facilities of Aldersgate, which currently includes Asbury Health & Rehabilitation Center, Parker Terrace Assisted Living, and Cuthbertson Village Memory Support, does not constitute a change of accommodation for these purposes.

Marriages

If a Member marries while residing at Aldersgate, the spouse of the Member is expected to follow Aldersgate's normal admission procedure. Among the basic factors for approval are:

- a. Behavioral characteristics must be appropriate for group living at Aldersgate;
- b. There must be sufficient financial resources to enable the couple to meet financial obligations, or their circumstances must be such as to qualify for financial assistance within Aldersgate's policies and ability to provide;
- c. Such married Member will be required to enter into the then current Residence and Services Agreement which will supersede any and all previous contracts or agreements.

If the applying spouse is approved for residency at Aldersgate and is to live in the same

residential accommodation with the Member, additional Entrance Fee is required. If the applying spouse is to live in a separate unit, a regular Entrance Fee is required. Regular monthly (daily in nursing care) fees and other charges would be in accordance with Aldersgate's regular schedule for double or individual occupancy, as appropriate.

If the applying spouse should not meet the requirements of residency, the applying spouse would not be able to reside at Aldersgate and the Member may terminate the Agreement in the same manner as provided in Section VI of the Agreement with respect to a voluntary termination. As of the date of this Disclosure Statement, no applying spouse has failed to meet the requirements.

If a Member while occupying a residence marries a person who is also a Member, the two Members may occupy the residence of either Member if it is a residence designed for occupancy of two persons. Such married Members will be required to enter into the then current Residence and Services Agreement which will terminate any and all previous contracts or agreements with Aldersgate. Such married Members will pay the Monthly Fee for double occupancy associated with the Residence occupied by them. In the event that a Member shall marry a person who is not a Member of the Community, the spouse may become a Member if such spouse meets all the then current requirements to reside in the Community and both Members of the couple enter into a then current version of the Residence and Services Agreement with the Community. The Member and spouse shall then pay the Monthly Fee for double occupancy associated with the Residence occupied by them.

Cohabitation Policy

If a Member cohabitates with another Member while residing at Aldersgate, the Member who vacates his/her unit to move will be treated as a "related" non-married second occupant. The Member who is moving will be subject to his / her own Entrance Fee, the second person monthly fee with all rights and duties attendant to a "related" second person occupant. The Member who is moving will receive any applicable refundable Entrance Fee from the unit he/she/they are vacating. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

Inability To Pay

If a Member should encounter financial difficulty while residing at Aldersgate, the Member may apply for financial assistance. Aldersgate has limited financial assistance resources for this purpose. In a number of cases, there are guaranty agreements between Aldersgate and a Member's family or other sponsor that make possible the Member's continued residency at Aldersgate. Continued residency is contingent upon payment in some manner of all fees and charges associated with residency. Aldersgate is unable to guarantee initial or continuing allocations of financial assistance to a Member.

Lease Option

Aldersgate also offers a lease option through which an individual can enter the community by signing a thirteen-month lease agreement. The lease agreement does not require payment of an Entrance Fee but does require payment of a monthly fee at a higher rate than Members who have paid an Entrance Fee. This option provides lessees access to the same services and amenities as Members, except for health care services. Lessees shall be charged direct admit rates for any higher levels of care. This lease option is available only in specified residences.

Health Care Services

If it is determined that the Member requires assisted living services or nursing care, the Community will provide assisted living services in its assisted living or memory support centers as described in the Agreement and subject to changes in law. The Community will admit the Member on a temporary or permanent basis as needed. Use of these nursing services requires the certification of such need by the Member's attending physician and shall be subject to availability of an appropriate accommodation at the Community.

If an appropriate accommodation is not available upon determination that a permanent transfer is required, the Community will arrange and pay for Member's care in his/her Residence by a certified home care agency of the Community's choice, if reasonably possible, until an appropriate accommodation becomes available at Aldersgate. If home health care is not medically possible, the Community will arrange and pay for the member's care in another facility of the Community's choice that can provide the same care that would otherwise have been provided by the Community until space becomes available. The Community will pay for care in another facility to the same extent as if it were provided by the Community. The Member will pay monthly or daily service fees to Aldersgate as if the Member were living at Aldersgate.

Fees and Charges

The Community will provide assisted living services or nursing care in exchange for payment of the applicable monthly or daily service fee to the extent that it is not covered by Member's insurance, Medicare or any other governmental programs or entitlements which Member is required to maintain under the Agreement, subject to the following:

Effect on Monthly Service Fee

- a. **Temporary Transfers** A transfer is considered temporary when the condition that requires the Member's transfer has the potential to be resolved in a manner which may allow the Member to return to the Residence. The Member's Residence will be held for the Member's return.
 - i. **Single Occupancy** Should the Member have a temporary need for Assisted Living or Health Care Facility services while still occupying a Residence, the Member will continue to pay both the then-current Monthly Service Fee for the Residence and the then-current applicable pro-rated monthly rate at Assisted Living or the then-current daily rate at the Health Care Facility.
 - ii. **Double Occupancy** Should one or both Residents have a temporary need for Assisted Living or Health Care Facility services while still occupying the Residence, the Resident will continue to pay the then-current Monthly Service Fee less the then-current second person Monthly Service Fee for the Residence. Additionally, each Resident requiring temporary care provided in Assisted Living or Health Care Facility, will be required to pay the then-current applicable pro-rated monthly rate at Assisted Living or the then-current daily rate at the Health Care Facility.
 - iii. Temporary utilization of Assisted Living or Health Care Facility services does not constitute a change of accommodations subject to the provisions of Section IV.M of the Agreement.
- b. **Permanent Transfers** A transfer is considered permanent when a condition requires a move to one of the levels of Healthcare and will not allow the Resident to return to their Residence and the Residence has been vacated. A move from Independent Living to another Independent Living residence due to health circumstances, upon approval, will be subject to a Transfer Fee of \$15,000. The exact amount may vary depending on the

circumstances which will be evaluated at the time of transfer approval. Aldersgate reserves the right to waive or modify such transfer charges.

- i. Single Occupancy Should the Member have a permanent need for Assisted Living or Health Care Facility services, the Resident will be required to release the Residence as provided in Section V of the Agreement. If the member entered the Community as a qualified Health Care Benefit Member, the Member's Monthly Service Fee will be initially adjusted to the Health Care Benefit rate, which is the market rate of the 90% refundable contract option Monthly Service Fee for the two-bedroom, two-bathroom Sycamore type independent living residence, plus the cost of additional meals such that the resident receives \$51 dining dollars per person per day (the "Health Care Benefit Rate".) If the Member is not eligible for the Qualified Health Care Benefit, the monthly fee will be the current monthly fee for the accommodation the Member is moving to (See Exhibit A of Resident and Services Agreement).
- ii. Double Occupancy Should one Resident have a permanent need for Assisted Living or Health Care Facility services, the Monthly Service Fee will be equal to the then-current Monthly Service Fee for the Residence for one person plus either the Health Care Benefit Rate or Member rate without Health Care Benefits. For the Assisted Living Facility or Health Care Facility referenced in Exhibit A. Should both Residents have a permanent need for Assisted Living or Health Care Facility services, Resident will be required to release the Residence as provided under Section V of the Agreement. The Monthly Service Fee will be initially adjusted to two times the Health Care Benefit rate or Monthly Service rate for the Assisted Living Facility or Health Care rate listed in Exhibit A.
- c. Additional Charges Residents will be responsible for all costs and charges associated with Assisted Living or the Health Care Facility that are not covered by the monthly or daily rates for such care then in effect which may include drugs, supplies, ancillary charges and level of care fees, if applicable. In the event of a temporary or permanent transfer, the member will be responsible for all costs of relocation.

Should the Member require health care services, Member may utilize such services as provided at Aldersgate. Use of these health care services shall require the certification of such need by the Member's attending physician and shall be subject to availability of appropriate accommodation.

Should the Member or the Member's legally authorized representative applies for and receive assistance under the Medicaid program, or any successor program of a similar nature, the Member's contract will be terminated. Temporary utilization of the assisted living services and nursing services does not constitute a change of accommodations as referred to under "Change of Accommodations" in the Agreement.

FINANCIAL INFORMATION

Financial Overview Statement

Aldersgate has relied upon gifts, pledges, bequests and funds received from trust balances to cover a portion of the cost of construction, equipment, landscaping, other extraordinary expenses and debt service. Aldersgate has long term debt arising from tax-exempt bond issuance in October 2013, the proceeds of which were used to refund the Series 2009 and 2010 bonds and in October 2015, the proceeds of which were used for project related cost for the New Memory Care Suites, the Town Center, and the New Nursing Center. In 2017, Aldersgate issued tax-exempt bonds and two bank loans to construct a new Commons (community center) and sixty-two new independent living units.

General Statutes Chapter 58, Article 64 requires Aldersgate to establish and maintain an operating reserve equal to twenty-five percent of the total operating costs projected for the twelve-month period ending December 31, 2020, or fifty percent of such total operating costs if occupancy at Aldersgate is less than ninety percent (the "Operating Reserve Requirement"). Aldersgate expects to maintain an occupancy rate more than ninety percent and have sufficient funds available to meet the Operating Reserve Requirement. The projected amount of the Operating Reserve Requirement is \$7,827,000 as defined by statute for the forecasted year ending December 31, 2021. Aldersgate's operating reserve consists of cash, cash equivalents and marketable securities, principally mutual funds.

A more detailed discussion of long-term debt is contained in Note 7 to the Audited Financial Statements in Attachment I.

The Board of Directors determines the way funds of Aldersgate are invested. The funds of Aldersgate are invested in a diversified portfolio of marketable securities, including cash, cash equivalents, bonds, stocks, mutual funds and other permitted instruments.

Aldersgate operates on a fiscal year that ends on the last day of December. The financial records of the facility are audited annually by an independent certified public accountant. Audited Financial Statements for the years ended December 31, 2020 and December 31, 2019 are included in Attachment I.

Interim, unaudited financial statements as of April 30, 2021, and the year then ended are included as Attachment IV.

Projected Financial Statements for the fiscal years 2021 through 2025 are included as Attachment II.

Reserves, Escrow, and Trust

Aldersgate continues to develop funds that are to be used for assistance to residents who are approved for financial assistance. As of December 31, 2020, the principal of these funds was approximately \$1,961,767 consisting of both donor and board-designated amounts. The income from these funds constitutes one of several sources of Aldersgate's financial assistance. Other sources of assistance include an annual Mother's Day Offering and grants from wills, trusts, foundations and the Western North Carolina Conference of the United Methodist Church. Aldersgate does not guarantee that the principal of board designated funds will remain committed solely for financial assistance.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. For the year ended December 31, 2020, we also conducted our audit in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization

Aldersgate United Methodist Retirement Community, Inc. (Aldersgate at Shamrock) is a North Carolina nonprofit corporation operated in cooperation with the Western North Carolina Conference of The United Methodist Church (the Conference). Aldersgate at Shamrock is a continuing care retirement community located in Charlotte, North Carolina. Its campus includes independent living apartments and cottages, assisted living apartments including memory-support, and a skilled nursing facility offering long-term care and Medicare and Medicaid certified skilled nursing and rehabilitation services.

Aldersgate Holdings, Inc. (Holdings), a nonprofit corporation, is consolidated with Aldersgate at Shamrock as Aldersgate at Shamrock has an economic interest in Holdings and common control exists. Holdings holds land for the sole support of Aldersgate at Shamrock.

Aldersgate at Shamrock is an affiliate of Aldersgate Life Plan Services, Inc. (ALPS), the sole member of Aldersgate at Shamrock. ALPS was incorporated in 2016 as a North Carolina nonprofit corporation. The purpose of ALPS is to create, maintain, and operate continuing care retirement communities and to provide related services as a nonprofit corporation. ALPS also functions as the sole member of Aldersgate at Home, Inc. (Aldersgate at Home), Aldersgate at Sharon, Inc. (Aldersgate at Sharon), Aldersgate at Shalom Park, Inc. dba: Generations at Shalom Park (Generations at Shalom Park), Aldersgate Home Health, Inc. (Aldersgate Home Health) and Aldersgate Foundation, Inc. (Foundation). These entities are related organizations to Aldersgate at Shamrock.

Principles of Consolidation

The consolidated financial statements include the accounts of Aldersgate at Shamrock and Holdings (collectively, Aldersgate). Significant intercompany balances and transactions between the consolidated organizations have been eliminated.

Basis of Presentation

Aldersgate reports in accordance with the industry audit and accounting guide for Health Care Entities issued by the American Institute of Certified Public Accountants. These consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America to present balances and transactions according to the existence or absence of donor-imposed restrictions. This is accomplished by classification of net assets and transactions into two classes which are with donor restrictions and without donor restrictions.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

**NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Basis of Presentation (Continued)

Net Assets With Donor Restrictions – Net assets with donor restrictions are net assets subject to donor-imposed stipulations that are either restricted in perpetuity, time restricted, or restricted for certain purposes. Generally, the donor of these assets will permit Aldersgate to use all or part of the income earned on related investments for general or specific purposes.

Net Assets Without Donor Restrictions – Net assets without donor restrictions are net assets which represent resources generated from operations, contributions received without donor-imposed restrictions, and contributions with donor-imposed restrictions that have been met by actions of Aldersgate and/or the passage of time.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Estimates made by Aldersgate relate primarily to the life expectancies used to amortize deferred revenue from entrance fees, the collectability of accounts receivable and the economic lives of depreciating assets. Actual results could differ from those estimates.

Cash and Cash Equivalents

Aldersgate considers all cash, money market funds, and highly liquid investments with a stated maturity of three months or less when purchased to be cash and cash equivalents unless classified as assets limited as to use.

Allowance for Doubtful Accounts

The carrying amount of accounts receivable has been reduced by an allowance using management's estimate of the amounts that will not be collected. Payment for services is required upon receipt of invoice or claim submitted. The allowance for doubtful accounts is based on actual cash receipts as a percentage of the previous month's ending accounts receivable balance. Accounts past due are individually analyzed for collectability. Aldersgate believes all receivables net of the allowance for doubtful accounts of approximately \$570,000 and \$987,000, respectively, are collectible as of December 31, 2020 and 2019.

Investments

Investments are held as available for sale and are stated at fair value in the consolidated balance sheets. Investment income (including realized gains and losses on investments, interest and dividends) is included in the deficit of revenues, gains, and other support under expenses unless restricted by donors or law. Unrealized gains and losses on investments, if any, are excluded from investment income and included as nonoperating income, as appropriate.

Investments (Continued)

Management continually reviews its investments and evaluates whether declines in the fair value of securities should be considered an impairment. Factored into this evaluation are the general market conditions, the issuer's financial condition and near-term prospects, the recommendation of investment advisors and the length of time and extent to which the market value has been less than cost. At December 31, 2020 and 2019, Aldersgate determined that no impairment was necessary.

Assets Limited as to Use

Assets limited as to use are stated at fair value in the consolidated balance sheets and include assets required by statute, held under bond agreements, held under donor restrictions or designated by the board of directors for financial assistance to residents. The board may, at its discretion, subsequently use assets it has designated for other purposes.

Property, Plant, and Equipment

Property, plant, and equipment are stated at cost, net of accumulated depreciation. Assets contributed to Aldersgate are recorded at fair market value at the date of contribution.

Expenditures which materially increase values, change capacities, or extend useful lives are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, ranging from 3 to 40 years.

Debt Issuance Costs

Debt issuance costs have been incurred in connection with the issuance of Aldersgate's long-term debt. These costs are amortized over the term of the related indebtedness, which approximates the effective interest method. Debt issuance costs, net of accumulated amortization, were approximately \$1,560,000 and \$1,653,000 at December 31, 2020 and 2019, respectively.

In accordance with generally accepted accounting principles (GAAP), Aldersgate presents debt issuance costs as a direct deduction from the face amount of the related borrowings, amortizes debt issuance costs using the effective interest method over the life of the debt, and records the amortization as a component of interest expense.

Refundable Advance – Paycheck Protection Program

In April 2020, Aldersgate received loan proceeds in the amount of \$3,636,800 to fund payroll, rent, utilities and interest on mortgages and existing debt through the Paycheck Protection Program (the PPP Loan). The PPP loan may be forgiven by the U.S. Small Business Administration (SBA) subject to certain performance barriers, as outlined in the loan agreement and the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Refundable Advance - Paycheck Protection Program (Continued)

Accordingly, the PPP Loan is presented on the accompanying consolidated balance sheet as a Refundable Advance. This amount is expected to be forgiven in fiscal year 2021, therefore it is being shown as current on the accompanying balance sheet as of December 31, 2020. Payment of principal and interest is deferred until the date on which the amount of forgiveness is remitted to the lender.

Entrance Fees

Entrance fees represent initial payments made by residents in exchange for membership at Aldersgate. Membership includes the use and privileges of amenities at the community and discounted fees for certain residents when using health care accommodations. Entrance fees are based upon the accommodation chosen by the member. Aldersgate offers four types of lifecare residency agreements distinguished by the extent to which the entrance fee is refundable:

Standard Contract – Entrance fees are refundable less a processing fee and less 2% per month for each of the first 50 months of residency, unless refunded within the first five months, in which case the refund is the entrance fee paid less a processing fee and 10% of the entrance fee paid.

95% Refundable Contract – Entrance fees are refundable less a processing fee and less 5%. This contract option was available only for certain new charter members.

90% Refundable Contract – Entrance fees are refundable less a processing fee and less 10%.

50% Refundable Contract – Entrance fees are refundable less a processing fee and less 1% per month for each of the first 50 months of occupancy, unless refunded within the first 11 months, in which case the refund is the entrance fee paid less a processing fee and 10% of the entrance fee paid. After 50 months of occupancy, the refund is 50% of the entrance fee paid.

The defined health care benefit for these contracts is an equalized rate that residents would pay while in either assisted living or nursing, regardless of the type of independent unit they occupy.

The refundable portion of entrance fees is recorded as Refundable Entrance Fees until such time as the agreement is terminated. The nonrefundable portion of entrance fees is recorded as Deferred Entrance Fees and amortized into income using the straight-line method over the remaining life of the member, actuarially adjusted annually, beginning with the date of each member's occupancy.

Provider Relief Funding

In response to the Coronavirus pandemic, the U.S. Department of Health and Human Services (HHS) made available emergency relief grant funds to health care providers through the CARES Act Provider Relief Fund (PRF). Total grant funds approved and received by Aldersgate as of December 31, 2020 was \$1,250,259. The PRF's are subject to certain restrictions on eligible expenses or uses, reporting requirements, and will be subject to audit. At December 31, 2020, Aldersgate recognized the entire amount of funding received as other revenue in the consolidated statement of operations. Management believes that amounts have been recognized appropriately as of December 31, 2020.

Financial Assistance

Aldersgate has a financial assistance policy to identify residents who are unable to pay and use certain funds designated for financial assistance to subsidize the entrance fees and services provided to those residents. A resident who enters Aldersgate and later becomes unable to pay some or all of their charges after receiving care, through no fault of their own, may apply for financial assistance from Aldersgate's Financial Assistance Program. The policy governing this program has established a committee consisting of management and members of the board of directors to accept and consider applications for assistance.

Aldersgate has estimated its direct and indirect costs of providing financial assistance under its Financial Assistance Program. In order to estimate the cost of providing such care, management calculated a cost-to-charge ratio by comparing the cost to provide services to residents and amounts charged to residents. The cost-to-charge ratio is applied to the charges foregone to calculate the estimated direct and indirect cost of providing financial assistance. Using this methodology, Aldersgate has estimated the costs for services under Aldersgate's financial assistance policy to be approximately \$412,000 and \$786,000 for the years ended December 31, 2020 and 2019, respectively.

Aldersgate received approximately \$81,000 and \$108,000 to subsidize the costs of providing financial assistance under its policy for the years ended December 31, 2020 and 2019, respectively.

Donor-Restricted Contributions

Conditional promises to give and indications of intentions to give cash and other assets to Aldersgate are reported at fair value at the date the contribution is received. The contributions are reported as support with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and are reported in the consolidated statements of operations as net assets released from restrictions if used for services, and are reported as changes in net assets without donor restrictions if used for purchase of property and equipment. Donor-restricted contributions, whose restrictions are met within the same year as received, are reported as other income in the accompanying consolidated statements of operations.

Performance Indicator

Aldersgate's operations include deficit of revenue, gains, and other support under expenses, known as the performance indicator. Nonoperating income and losses include unrealized gains and losses on investments, change in value of the interest rate swap liability or gains and losses on the disposal of capital assets, if any.

Income Taxes

Aldersgate at Shamrock and Holdings are exempt from federal income taxes under Section 501(c)(3) and 501(c)(2), respectively, of the Internal Revenue Code (IRC). Accordingly, Aldersgate at Shamrock and Holdings have made no provision for income taxes in the consolidated financial statements.

Aldersgate at Shamrock and Holdings are not aware of any activities that would jeopardize their tax-exempt status. Aldersgate at Shamrock and Holdings follow accounting guidance regarding recognition and measurement of uncertain tax positions. As of December 31, 2020 and 2019, management is not aware of any uncertain tax positions.

Fair Value of Financial Instruments

Aldersgate uses fair value measurements to record certain assets and liabilities. Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under the Fair Value Measurements and Disclosures standard. Aldersgate emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that Aldersgate has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments may be estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair Value of Financial Instruments (Continued)

The Fair Value Option Standard for Financial Assets and Financial Liabilities allows entities the irrevocable option to elect fair value for the initial and subsequent measurement for eligible financial assets and liabilities on an instrument-by-instrument basis. Aldersgate has not elected to measure any existing financial assets or financial liabilities at fair value under this option.

Functional Allocation of Expenses

The costs of programs and supporting services activities have been summarized on a functional basis in the consolidated statements of operations. The consolidated statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The consolidated financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied.

Reclassifications

Certain amounts in the 2019 consolidated financial statements have been reclassified to conform to the 2020 presentation. These reclassifications had no impact on previously reported net assets or changes in net assets.

Subsequent Events

In preparing these consolidated financial statements, Aldersgate has evaluated events and transactions for potential recognition or disclosure through April 29, 2021, the date the consolidated financial statements were available to be issued.

NOTE 2 STATUTORY OPERATING RESERVE

Regulations of the North Carolina Department of Insurance (Department) requires Aldersgate to maintain an operating reserve equal to a percentage of the total operating costs projected for the 12-month period following the period covered by the most recent annual statement filed with the Department. As of December 31, 2020 and 2019, Aldersgate has reserved approximately \$7,827,000 and \$8,781,000, respectively, in compliance with these regulations.

NOTE 3 RISKS AND UNCERTAINTIES

Concentrations of Credit Risks

Financial instruments, which potentially subject Aldersgate to concentration of credit risk, consist principally of cash equivalents, investments, assets limited as to use, and receivables. Aldersgate limits the amount of credit exposure to each individual financial institution and places its temporary cash and investments with high credit quality financial institutions. At times, such cash and investments may be in excess of Federal Deposit Insurance Corporation limits. Management believes these financial institutions have strong credit ratings and that credit risk related to these deposits is minimal.

Regulatory Matters

Aldersgate is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, Medicare and Medicaid program participation requirements and reimbursement for patient services, and Medicare and Medicaid fraud and abuse.

Insurance

Aldersgate purchases commercial insurance policies for general and professional liability, director and officer, workers' compensation, property, and other general business coverage with minimal deductibles. Adequate provision has been made for amounts expected to be paid under each policy's deductible limits for unasserted claims not covered by the policy and any other uninsured liability.

On July 1, 2016, Aldersgate changed from a fully insured health insurance plan for its employees to a self-insured arrangement. From the employee perspective, the elements of the self-insured plan are identical to what had been in place under the fully insured plan, but the risk for payment of all claims is now borne by Aldersgate rather than an insurance company. Aldersgate has engaged Blue Cross Blue Shield of NC (BCBSNC) as third-party administrator, giving employees access to the BCBSNC network and negotiated fees. Aldersgate also has purchased specific stop loss protection from BCBSNC for all claims over \$90,000, and aggregate stop loss protection for aggregated claims which exceed \$1,000,000 over the policy period of 12 months.

COVID-19

In March 2020, the World Health Organization declared COVID-19 a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact the local, regional, national, and global economies. The extent to which COVID-19 impacts Aldersgate's results are dependent on the breadth and duration of the pandemic and could be affected by factors currently unable to be predicted. The impact may include, but are not limited to additional costs for emergency preparedness, disease control and containment, potential shortages of healthcare personnel, or loss of revenue due to reductions in certain revenue streams. Management believes Aldersgate is taking appropriate actions to mitigate the negative impact. However, the full impact is unknown and cannot be reasonably estimated at this time.

An initial advance of approximately \$2,878,000 was provided at closing to refund outstanding debt. Additional advances on the loan were made by the financial institution at the request of Aldersgate at Shamrock as needed for construction. Interest was payable monthly beginning October 2016 at a rate of LIBOR plus a credit spread (ranging from 2.2% to 2.9%) depending on Aldersgate at Shamrock's debt to capitalization ratio. In May 2017, the North Carolina Medical Care Commission issued its \$19,080,000 Retirement Facilities First Mortgage Revenue Refunding Bonds Series 2017A (the 2017A Bonds). The proceeds of the 2017A Bonds are to refund the outstanding 2016 bank loan, finance the costs of constructing, renovating, equipping and furnishing an approximately 43,000 square foot community center, to acquire a parcel of land, to fund a debt service reserve fund, and to pay certain expenses incurred in connection with the issuance of the Series 2017A Bonds. NOTE 7 LONG-TERM DEBT (CONTINUED)

The terms of the agreements related to the 2013, 2015, 2017A, and 2017B Bonds require, among other provisions, a debt coverage ratio (as defined) greater than or equal to 1.2. At December 31, 2020 and 2019, management believes Aldersgate at Shamrock was in compliance with these requirements as well as all other financial covenants contained in its bond agreements. The series 2013, 2015, 2017A, and 2017B Bonds are collateralized by certain property of Aldersgate.

In December 2019, Aldersgate entered into an interest rate swap agreement related to a portion of the outstanding Series 2017B Bonds. The swap agreement is with a financial institution and has a current notional amount of \$6,790,000 with a trade date of December 30, 2019, an effective date of January 2, 2020 and a termination date of June 1, 2027. Under the swap agreement, the interest rate on the Aldersgate's Series 2017B Bonds variable rate borrowings are effectively converted to 1.56%. Aldersgate recognizes the fair value of its interest rate swap on the consolidated balance sheets, representing a liability of approximately \$465,000 and \$92,000 at December 31, 2020 and 2019, respectively. An analysis on the effectiveness of the swap was not performed, causing the change in fair value of the swap to be included in deficit of revenues, gains, and other support under expenses.

NOTE 9 NET ASSETS (CONTINUED)

Aldersgate complies with the North Carolina Uniform Prudent Management of Institutional Funds Act (the Act). Aldersgate has interpreted the Act as requiring the preservation of the fair value of the original gift as of the gift date absent explicit donor stipulations to the contrary. Aldersgate classifies as net assets with donor restrictions the original value of gifts with donor-imposed restrictions and the portion of income derived from the gift, if any, that the donor requires to be kept in perpetuity. The portion of income derived from the gift, if any, that the donor does not require to be kept in perpetuity is classified in the consolidated balance sheets as net assets with donor restrictions until those amounts are appropriated for expenditure by Aldersgate in a manner consistent with the donor's stipulation and the standard of prudence prescribed in the Act. Unless a donor explicitly stipulates otherwise, unrealized net appreciation in market value of the original gift is maintained as net assets with donor restrictions until those amounts are appropriated for expenditure by Aldersgate in a manner consistent with the donor's stipulation and the standard of prudence prescribed in the Act. Any unrealized net depreciation that causes total market value to decline below the amount of the original gift is reported in net assets without donor restrictions.

Endowment net asset composition by type and fund was as follows as of December 31, 2020 and 2019:

Aldersgate had board designated endowment funds of \$1,231,490 and \$1,111,709 for the years ended December 31, 2020 and 2019, respectively. These board designated endowment funds are included as a component of net assets without donor restrictions.

Return Objectives and Risk Parameters

Aldersgate has adopted an investment policy for donor-restricted gifts that attempts to provide a predictable stream of funding. Such assets are invested in a manner that is intended to maximize income while preserving capital, strive for consistent absolute returns, and preserve purchasing power by striving for returns which exceed fees and inflation without putting the principal value at imprudent risk. Management targets an asset allocation that diversifies investments consistent with commonly accepted industry standards to minimize the risk of large losses and meet Aldersgate's return objectives. Imprudent concentrations in any single asset class or investment vehicle are prohibited.

Spending Policy

Aldersgate spends income generated from endowment assets according to stipulations of the donors. Aldersgate's spending policy preserves the value of the original gift of the endowment assets held in perpetuity.

NOTE 10 RESIDENT SERVICE REVENUE

Resident service revenue is reported at the amount that reflects the consideration to which Aldersgate expects to be entitled in exchange for providing resident care. These amounts are due from residents, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, Aldersgate bills the residents and third-party payors several days after the services are performed. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by Aldersgate. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. Aldersgate believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to residents in the facilities receiving skilled nursing services or residents receiving services in the facilities. Aldersgate measures the performance obligation from admission into the facility, or the commencement of an outpatient service, to the point when it is no longer required to provide services to that resident, which is generally at the time of discharge or completion of the outpatient services. Aldersgate considers monthly rental for housing services as a separate performance obligation and measures this on a monthly basis, or upon move-out within the month, whichever is shorter. Nonrefundable entrance fees are considered to contain a material right associated with access to future services, which is the related performance obligation. Revenue from nonrefundable entrance fees is recognized ratably in future periods covering a resident's life expectancy using a time-based measurement similar to the output method. Revenue for performance obligations satisfied at a point in time is generally recognized when goods are provided to our residents and customers in a retail setting (for example, gift shop and cafeteria meals) and Aldersgate does not believe it is required to provide additional goods or services related to that sale.

Because all of its performance obligations relate to contracts with a duration of less than one year, Aldersgate has elected to apply the optional exemption provided in FASB ASC 606 10 50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

Aldersgate determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with Aldersgate's policy, and/or implicit price concessions provided to residents. Aldersgate determines its estimates of contractual adjustments based on contractual agreements, its policies, and historical experience. Aldersgate determines its estimate of implicit price concessions based on its historical collection experience.

NOTE 10 RESIDENT SERVICE REVENUE (CONTINUED)

Agreements with third-party payors typically provide for payments at amounts less than established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare and Medicaid

Aldersgate's licensed nursing facility participates in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). The nursing facility was paid under the Medicare Prospective Payment System (PPS) for residents who are Medicare Part A eligible and meet the coverage guidelines for skilled nursing facility services. The PPS was a per diem price-based system. CMS finalized the Patient Driven Payment Model (PDPM) to replace the existing Medicare reimbursement system effective October 1, 2019. Under PDPM, therapy minutes are removed as the primary basis for payment and instead use the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variable adjustment factors that change reimbursement rates during the resident's length of stay. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare and Medical Assistance programs are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

Aldersgate's licensed nursing facility participates in the Medicaid program which is administered by the North Carolina Division of Health Benefits. Services rendered to Medicaid program beneficiaries are reimbursed using predetermined per diem rate as defined for each Medicaid provider in North Carolina. Annual cost report filings are required for Medicaid providers, which include the completion of the North Carolina Division of Health Benefit's supplemental schedules. For Continuing Care Retirement Facilities, the Supplemental Schedules do not contain a cost settlement.

Other

Payment agreements with certain commercial insurance carriers provide for payment using prospectively determined daily rates.

NOTE 10 RESIDENT SERVICE REVENUE (CONTINUED)

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and Aldersgate's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations. Adjustments arising from a change in an implicit price concession impacting transaction price, were not significant in 2020 or 2019.

Generally residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. Aldersgate estimates the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident services revenue in the period of the change. Additional revenue recognized due to changes in its estimates of implicit price concessions, discounts, and contractual adjustments were not considered material for the years ended December 31, 2020 and 2019. Subsequent changes that are determined to be the result of an adverse change in the resident's ability to pay are recorded as bad debt expense.

Aldersgate has determined that the nature, amount, timing, and uncertainty of revenue and cash flows are affected by the following factors: payors, service lines, method of reimbursement, and timing of when revenue is recognized.

The composition of resident service revenue by primary payor for the years ended December 31 is as follows:

	<u>2020</u>	<u>2019</u>
Medicare	\$ 7,834,576	\$ 7,707,122
Medicaid	1,143,026	708,843

Total	<u>\$ 34,098,538</u>	<u>\$ 33,976,044</u>

Revenue from resident's deductibles and coinsurance are included in the categories presented above based on primary payor.

Financing Component

Aldersgate has elected the practical expedient allowed under FASB ASC 606-10-32-18 and does not adjust the promised amount of consideration from residents and third-party payors for the effects of a significant financing component due to Aldersgate's expectation that the period between the time the service is provided to a resident and the time that the resident or a third-party payor pays for that service will be one year or less. However, Aldersgate does, in certain instances, enter into payment agreements with residents that allow payments in excess of one year. For those cases, the financing component is not deemed to be significant to the contract.

Contract Costs

Aldersgate has applied the practical expedient provided by FASB ASC 340-40-25-4 and all incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset that the Organization otherwise would have recognized is one year or less in duration.

Employees whose annual compensation hours exceed 1,000 shall be eligible to receive a discretionary annual contribution of a percentage of annual gross compensation subject to approval by the board of directors, depending on the financial performance of Aldersgate. There were no discretionary contributions made to the plan by Aldersgate during the years ended December 31, 2020 and 2019.

NOTE 12 FAIR VALUE MEASUREMENTS

Aldersgate uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

All assets have been valued using a market approach, except for funds which are valued based on a net asset value per share (or its equivalent). Alternative funds held by Aldersgate seek long-term capital appreciation and reduction of overall portfolio risk through investing in Commonfund contingent asset, multi-strategy equity, and multi-strategy bond investor portfolios, and directional and nondirectional hedge fund of funds. Aldersgate has an alternative investment valuation procedure in which management validates the fair value reported by the third-party investment manager.

For additional information on how Aldersgate measures fair value refer to Note 1 – Organization and Summary of Significant Accounting Policies.

The following table presents the fair value hierarchy for the balances of the assets and liabilities of Aldersgate measured at fair value on a recurring basis, except those measured by using net asset value (NAV) per share as a practical expedient, as of December 31, 2020 and 2019:

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Aldersgate United Methodist Retirement Community, Inc.
(An Affiliate of Aldersgate Life Plan Services, Inc.)
Charlotte, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Aldersgate United Methodist Retirement Community, Inc. (an affiliate of Aldersgate Life Plan Services, Inc.) (a nonprofit corporation), which comprise the balance sheet as of December 31, 2020, and the related statements of operations and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated April 29, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Aldersgate United Methodist Retirement Community, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Aldersgate United Methodist Retirement Community, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Aldersgate United Methodist Retirement Community, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

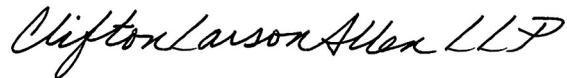

Board of Directors
Aldersgate United Methodist Retirement Community, Inc.
(An Affiliate of Aldersgate Life Plan Services, Inc.)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Aldersgate United Methodist Retirement Community, Inc.'s consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Aldersgate United Methodist Retirement Community, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Aldersgate United Methodist Retirement Community, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTE A - INTRODUCTION AND BACKGROUND INFORMATION (continued):

Residency Agreements

In order to reserve an independent living unit, a prospective resident must execute a residence and services agreement (the "Residency Agreement") and provide payment of an initial entrance fee deposit equal to 10 percent of the applicable entrance fee pricing (the "Deposit") for the selected independent living unit (the "Depositor") within 10 days of signing the Residency Agreement. The Depositor must also provide a self-disclosure of his or her health and finances.

The Residency Agreement is a contract under which the Company is obligated, upon payment by the resident of an entrance fee and ongoing payments of the monthly fee to the Community, to provide certain services for life to the resident.

To be accepted for admission to the independent living units, a prospective resident must be at least 62 years of age (or if a couple, one spouse is at least 62 years of age) at the time residency is established, have financial assets adequate to pay the entrance fee, and have sufficient income to meet the anticipated monthly fee and other personal expenses not provided under the Residency Agreement (the "Resident"). The remaining 90 percent of the entrance fee is due on or before the date of occupancy (the "Occupancy Date").

The Residency Agreement may be terminated by the Resident for any reason prior to occupancy by giving written notice. In the event of such termination, the Resident shall receive a refund of the entrance fee according to the reason for termination. However, if the Resident dies before occupying his or her residence or becomes incapable of meeting the physical, mental or financial requirements of admission, the Residency Agreement shall be cancelled and the entire entrance fee amount shall be refunded.

Services and Amenities

Under the Residency Agreement, payment of the entrance fee and monthly fee entitles all Residents to occupy the selected independent living unit and receive the following services and amenities at no additional cost:

- Utilities (except telephone, internet services, and cable television);
- \$527 dining dollars per month; additional dining dollars are available for purchase;
- Routine maintenance;
- 24-hour emergency response service;
- 24-hour security;
- Planned social and recreational activities;
- Scheduled local transportation;
- Weekly housekeeping;
- Priority admission to assisted living, memory support, and skilled nursing services;
- Weekly laundry for flat linens;
- Uncovered parking; and
- Use of grounds and common facilities.

Additional services that are available to Residents for an extra charge include, but are not limited to, additional dining dollars, telephone service and cable television, high-speed internet access, guest accommodations, additional housekeeping or maintenance services, medicine and medical supplies, tray service, and catering.

NOTE A - INTRODUCTION AND BACKGROUND INFORMATION (continued):

Health Care Benefit

The Residency Agreement offers a defined lifecare benefit (the "Health Care Benefit") that is based on an equalized rate that Residents would pay while in the Standard Assisted Living Units, Memory Support Suites, or Nursing Beds (collectively defined as "Health Care"), regardless of the type of independent living unit they occupy. The lifecare benefit that is offered is as follows:

- Temporary Transfers to Health Care - If a Resident temporarily transfers to Health Care, the resident is required to pay both the monthly fee for their independent living unit and the applicable current private daily fee for the Health Care unit/bed.
- Permanent Transfers to Health Care - If a single Resident is permanently transferred to Health Care, the monthly fee adjusts to the monthly rate under a 90% refundable contract for a particular two (2) bedroom, two (2) bathroom independent living residence plus the cost of additional meals such that the Resident receives \$1,581 dining dollars per person (the "Health Care Benefit Rate"). The Health Care Benefit Rate is, therefore, a fixed amount payable by all Residents without regard to the type of independent living residence being released. In the case of a couple, if one resident remains in the independent living unit and the other is transferred to Health Care, the resident continues to pay the associated monthly fee for their independent living unit for a single occupant, plus the Health Care Benefit Rate. Should both residents enter Health Care, the Resident would release their independent living unit and each pay the Health Care Benefit Rate mentioned above.

Residents qualifying for the Health Care Benefit pay a one-time entrance fee and an ongoing monthly services fee. Should a Health Care Benefit Resident need additional services in Health Care on a permanent basis, the base monthly services fee will be changed to the then current Health Care Benefit Rate.

Residents not qualifying for the Health Care Benefit may be admitted to the Community at the discretion of Aldersgate, but the Health Care Benefit will not be applicable to them. These Residents will pay a one-time reduced entrance fee and an ongoing monthly services fee. Should a non-Health Care Benefit Resident need additional services in Health Care on a permanent basis, the base monthly fee will be changed to the then current market rate per day for the appropriate level of care.

If it is determined that the Resident requires assisted living services or nursing care, the Community will provide assisted living services in its assisted living or memory support centers as described in the Residency Agreements and subject to changes in law. The Community will admit the Resident on a temporary or permanent basis as needed. Use of these nursing services requires the certification of such need by the Resident's attending physician and shall be subject to availability of an appropriate accommodation at the Community.

In the event that an appropriate accommodation is not available upon determination that a permanent transfer is required, the Community will arrange and pay for Resident's care in his/her residence by a certified home health care agency of the Community's choice, if reasonably possible, until an appropriate accommodation becomes available at Aldersgate. If home health care is not medically possible, the Community will arrange and pay for the Resident's care in another facility of the Community's choice that can provide the same care that would otherwise have been provided by the Community until space becomes available. The Community will pay for care in another facility to the same extent as if it were provided by the Community. The Resident will pay monthly or daily service fees to Aldersgate as if the Resident were living at the Community.

NOTE A - INTRODUCTION AND BACKGROUND INFORMATION (continued):

Health Care Benefit (continued)

Residents are also responsible for any charges that are not covered by the Health Care Benefit Rate which may include drugs, supplies, ancillary services and level-of-care fees, if applicable.

Prior Residency Agreements

Prior to spring 2013, the Company offered a resident contract under which a Resident agreed to pay an initial entrance fee and a monthly fee, which entitles the resident to lifetime occupancy of a residential unit, subject to contractual conditions, with a modified discount for services in Health Care (the "Prior Residency Agreements"). Entrance fees paid under the Prior Residency Agreements were either non-refundable or 90 percent refundable upon termination.

Under the Prior Residency Agreements, Residents pay for services in the Health Care units as follows:

- **Temporary Transfers** - If a Resident temporarily transfers to Health Care, the resident is projected to pay both the monthly fee for their independent living unit and the applicable current private daily fee for the Health Care unit.
- **Permanent Transfers** - If a single Resident is permanently transferred to Health Care, the Resident is required to pay the then current private pay monthly fee less a percentage discount for Assisted Living Units, Memory Support Suites and Nursing Beds. In the case of a couple, if one Resident remains in the independent living unit and the other enters Health Care, they will continue to pay the associated monthly fee for their independent living unit, plus the corresponding discounted private pay rate mentioned above. Should both Residents require Health Care services, upon release of their independent living unit, the Residents pay the appropriate discounted private pay rate.

Refund Upon Termination

Aldersgate offers three (3) refund plans under the current Residency Agreement, as described below. As previously noted, under the Prior Residency Agreements, only the non-refundable and 90% refundable plan was offered to residents.

The below describes refund provisions for both the current Residency Agreement and Prior Residency Agreement refund options.

90% Refundable Plan - For Residents who have chosen the 90% Refundable Entrance Fee option, the refund due shall be the entrance fee paid less: (i) ten percent (10%); (ii) a fee of one thousand dollars (\$1,000); and (iii) any amount due to the Company for monthly care or other unpaid services.

50% Refundable Plan - For Residents who have chosen the 50% Refundable Entrance Fee option, the refund due shall be the entrance fee paid less: (i) ten percent (10%) for any termination occurring in months one (1) through ten (10) after occupancy; (ii) one percent (1%) for each month that has elapsed between month eleven (11) and the date of withdrawal up to month fifty (50); (iii) a fee of one thousand dollars (\$1,000); and (iv) any amount due to the Company for monthly care or other unpaid services.

NOTE A - INTRODUCTION AND BACKGROUND INFORMATION (continued):

Refund Upon Termination (continued)

0% Refundable Plan - For Residents who have chosen the 0% Refundable Entrance Fee option, the refund due, if any, shall be the Entrance Fee paid, less: (i) ten percent (10%) for any termination occurring in months one through five (5) after occupancy, (ii) two percent (2%) for each month that has elapsed between month six (6) and the date of withdrawal up to month fifty (50); (iii) a fee of one thousand dollars (\$1,000); and (iv) any amount due to the Company for monthly care or other unpaid services. No part of the 0% Refundable Entrance Fee is Refundable after a Resident has resided at the Company for fifty (50) months.

Residents who put down deposits on Gateway before March 31, 2018 had the option of a 95% Refundable Plan which has the same amortization schedule as the 90% Refundable Plan.

Under all entrance fee options, upon termination of the Residency Agreement either by the Resident, by the Company or as the result of the death of the Resident, the balance of the refundable portion of the entrance fee will be refunded to the Resident or the Resident's estate after the Community has received a new entrance fee for the vacated unit. Based on its review of its Residency Agreements, Management has indicated that from January 1, 2002 through December 31, 2016, it offered a refund policy such that refunds would be paid the earlier of unit reoccupancy or 2 years from when the refund obligation arose.

Lease Agreements

For a limited number of specified residences at the Community, the Company offers a lease option. The lease option provides access to the same services and amenities as other residents. Health Care services are available at market rates (no discounts). The total number of available independent living units referenced in Table 1 above includes the Leased Units. For the Leased Units, Aldersgate offers a thirteen (13) month lease agreement (the "Lease Agreement"). As of December 31, 2020, there are four (4) individuals living at the Community under the Lease Agreement (the "Limited Residents"). While the Lease Agreement does not require payment of an entrance fee, it does require payment of a monthly fee at a higher rate than Residents who have executed the Residency Agreement and paid the entrance fee. The Lease Agreement provides the Limited Residents access to the same services provided to Residents, with exception of services provided in Health Care. Further, the Limited Residents receive limited access to the wellness clinic in Ray Hall Community Center. Should the Limited Resident require admission into Aldersgate's Health Care, the Limited Resident agrees to pay for the services provided therein at the then current monthly or daily rate for non-Residents. At the expiration of the initial thirteen (13) month term, the Limited Resident may extend the Lease Agreement on a month-to-month term or the Limited Resident has the option of becoming a Resident by executing the Residency Agreement. Management has indicated that it would limit the number of Lease Agreements to 12 during the Projection Period.

Summary of Significant Forecast Assumptions and Accounting Policies For the Years Ending December 31, 2021 through 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting and Presentation

The Company maintains its accounting and financial records according to the accrual basis of accounting. Management's financial projection has been presented in conformity with guidelines for presentation of a projection established by the American Institute of Certified Public Accountants.

Use of Estimates

The preparation of prospective financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates made by the Company relate primarily to the life expectancy used to amortize deferred revenue from entrance fees and the collectability of accounts receivable. Actual results could differ from those estimates.

Cash and Cash Equivalents

All highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Investments

Investments are stated at fair value in the projected balance sheets. Investment income (including realized gains and losses on investments, interest and dividends) is included in decrease in net deficit without donor restriction unless restricted by donors or law. Management does not assume any changes in the underlying values of investments during the Projection Period.

Management continually reviews its investments portfolio and evaluates whether declines in the fair value of securities should be considered other-than-temporary. Factored into this evaluation are the general market conditions, the issuer's financial condition and near-term prospects, the recommendation of investment advisors and the length of time and extent to which the market value has been less than cost. Management has projected that no provision for other-than temporary decline during the Projection Period is necessary.

Revenue Recognition

Health service revenue provided from third-party payers and related accounts receivable are recorded at their estimated net realizable amounts. Revenue under third-party payer agreements is subject to audit, retroactive adjustment, and significant regulatory actions. Provisions for amounts due to or from third-party reimbursement agencies are provided in the period the related services are rendered. Differences between the estimated amounts accrued and interim and final settlements are reported in operations in the year of settlement. Laws and regulations governing Medicare and Medicaid programs are complex and subject to interpretation. It is reasonably possible that the recorded estimates will change in the near term. Third-party payers retain the right to review and propose adjustments to amounts recorded by the Company. In the opinion of Management, actual adjustments, if any, will not be materially different from the amounts recorded.

Allowance for Doubtful Accounts

The Company provides an allowance for uncollectible accounts using Management's estimate about the collectability of past due accounts. Payment for services is required upon receipt of invoice or claim submitted. Accounts that are past due more than 30 days, are individually analyzed for collectability.

Summary of Significant Forecast Assumptions and Accounting Policies For the Years Ending December 31, 2021 through 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Inventories

Inventories, included in other current assets in the projected balance sheets, consist primarily of medical supplies and are stated at the lower of cost or market, which is determined on a first-in, first-out basis.

Assets Limited As To Use

Assets limited as to use include assets designated by the board of directors for financial assistance to residents, held under bond agreements, restricted by donors, and required to fund the statutory operating reserve. Assets limited as to use are stated at fair value in the projected balance sheets. The board may, at its discretion, subsequently use assets it has designated for other purposes.

North Carolina General Statute section 58-64-33, as amended, establishes an operating reserve requirement that must be satisfied on an annual basis. Specifically, in years where the combined independent and assisted living occupancy of the licensed facility exceeds 90 percent, the operating reserve amount required equals 25 percent of projected operating expenses (adjusted for non-cash items). In years where the combined independent and assisted living occupancy is under 90 percent, a reserve equal to 50 percent of projected operating expenses (adjusted for non-cash items) must be established. To the extent that funds have been set aside for the payment of interest and principal on debt, interest expense and principal payments are excluded from the statutory operating reserve requirements.

Property and Equipment

Property and equipment is stated at cost, net of accumulated depreciation. Assets contributed to the Community are recorded at fair market value at the date of contribution. Expenditures which materially increase values, change capacities, or extend useful lives are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, ranging from 3 to 40 years.

Long-Term Debt and Deferred Issuance Costs

Deferred issuance costs represent expenses incurred in connection with the issuance of debt and are deferred and amortized over the life of the related indebtedness using the straight-line method which approximates the effective interest method. ASU 2015-03, Simplifying the Presentation of Debt Issuance Costs, requires that debt issuance costs be presented in the projected balance sheets as a deduction from the carrying amount of the related liability, rather than as a deferred charge asset. In addition, amortization expense associated with the debt issuance costs is shown as a component of interest expense as opposed to depreciation/amortization expense. The effects of this standard have been taken into considerations in Management's projection.

Entrance Fees

Under the terms of the Residency Agreement, each resident member pays an entrance fee. The Residency Agreement requires a deposit of 10 percent of the entrance fee prior to occupancy, with the balance of the fee to be paid upon occupancy. The Company may offer a six-month deferral on payment of the entrance fee upon move-in to residents that meet criteria to qualify for the deferral program. Once a unit is occupied, entrance fees are recorded as refundable fees and deferred revenue. Deferred revenue is recognized as income using the straight-line method over the estimated life expectancy of the resident. Refundable fees are recorded as a liability until refunded at contract termination. The refundable portion of entrance fees is not amortized into income.

ALDRSGATE UNITED METHODIST RETIREMENT COMMUNITY, INC.

Summary of Significant Forecast Assumptions and Accounting Policies For the Years Ending December 31, 2021 through 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Net Assets with Donor Restrictions

The Company reports gifts of cash, other assets, and unconditional promises to give as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the projected statements of operations and changes in net assets (deficit) as net assets released from restrictions.

The Company reports gifts of land, buildings and equipment as an increase in net assets without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash, other assets, and unconditional promises to give that must be used to acquire long-lived assets are reported as donor restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Company reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service. Contributions received, including unconditional promises to give, are recorded as support in the period received at their fair market values.

Net assets with donor restrictions also include net assets received that carry donor-imposed restrictions that stipulate that donated assets be maintained in perpetuity, but permit the Company to use or expend the income derived from donated assets.

Income and Real Property Taxes

Aldersgate is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code ("IRC"), and is exempt from federal income taxes on related income pursuant to Section 501(a) of the IRC. Aldersgate is also exempt from state income taxes. Aldersgate is subject to local real property taxes but may exclude up to 100% of the taxes due by providing a prescribed amount of community benefit, unreimbursed housing, and charitable health care services. Management has not projected Aldersgate owing any federal income or real property taxes.

Obligation to Provide Future Services

The Company enters into continuing care contracts with various Residents. A continuing care contract is an agreement between a Resident and the Company specifying the services and facilities to be provided to a Resident over his or her remaining life. Under the contracts, the Company has the ability to increase fees as deemed necessary.

The Company routinely calculates the present value of the estimated cost of future services and use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. If the present value of the cost of future services and use of facilities exceeds the deferred revenue from entrance fees and the present value of periodic fees, a liability is recorded with the corresponding charge to income (obligation to provide future services). For purposes of the projection, Management has assumed no future service obligation liability, consistent with the historical analysis that the Company has done.

Such married Members will pay the Monthly Fee for double occupancy associated with the Residence occupied by them. In the event that a Member shall marry a person who is not a Member of the Community, the spouse may become a Member if such spouse meets all the then current requirements to reside in the Community and both Members of the couple enter into a then current version of the Residence and Services Agreement with the Community. The Member and spouse shall then pay the Monthly Fee for double occupancy associated with the Residence occupied by them. If the Member's spouse shall not meet the requirements of the Community for admission as a Member, the Member may terminate this Agreement in the same manner as provided in Section VI hereof with respect to a voluntary termination.
- H. Added Member.** Should Member desire to invite an individual to join the Member in sharing a Residence for which the Member paid the entire Entrance

Fee and in which the Member is living alone, such person shall make application for entrance, and, if approved at the sole discretion of the Community, shall be admitted. The approved Members will occupy a unit no smaller than a two-bedroom apartment. Each applicant shall pay the separate full Entrance Fee applicable to the Residence in which they reside. One of the Members shall pay the Monthly Fee applicable to single occupancy and the second Member will pay the Monthly Fee applicable to double occupancy. At such time as one of the Members vacates the Residence, for whatever reason, the remaining Member shall pay the single occupancy Monthly Fee.

- I. Loss or Damage of Property.** The Community will obtain property and casualty insurance coverage on the buildings and grounds. Such coverage will not insure against loss or damage to personal property nor damage nor injury to others caused by the Member. The Community shall not be responsible for the loss or damage of any property belonging to the Member due to theft, mysterious disappearance, fire or any other cause. The Community encourages Members to purchase appropriate renter's and comprehensive insurance.
- J. Health Insurance.** The Member agrees that he or she will enroll for Basic and Supplementary coverage under the federal Medicare program, if not so enrolled at the time of admission. If so enrolled, Member agrees to continue participation in these programs.

Member also agree to execute all necessary forms to obtain payment of benefits which are or may be payable in the future to the Member or us for services provided hereunder.

Member will be responsible for paying for all health care services that are not covered by the Community, Medicare (or an equivalent substitute policy approved by the Community), or Medicare supplemental insurance, as set forth in this Agreement. If the Member has any questions about such coverage, the Community will assist them in obtaining answers.

The following rules shall apply to payments made by the Medicare program on behalf of the Member at any times during which the Community is eligible to receive Medicare reimbursement for services provided to Members:

- Any reimbursement received for Medicare Part A services provided to the Member by the Community shall be accepted by Community as payment in lieu of daily service fees that otherwise would apply while living in the Health Care Facility, to the extent permitted under applicable Federal and State laws and regulations governing Medicare reimbursement.
- Any reimbursement received for Medicare Part B services provided to the Member by Aldersgate will be applied as a credit to the Community's fees for those services to the extent permitted under applicable State and Federal laws and regulations governing Medicare reimbursement.

Should the Member or the Member's legally-authorized representative apply for assistance under the Medicaid program, or any successor program of a similar nature, the Member's contract will be terminated.

K. Right of Entry. It is agreed that employees or agents of the Community may need to enter the accommodation on occasion, and permission is hereby given by Member. The Community will make reasonable efforts to give notice of any entry whenever possible but is not bound to do so.

L. Residents' Council. Members of the Community may participate in the Residents' Council and Residents' Committees which will be open to all Members through an election process.

M. Change of Accommodations. The Member may request a change in the type of accommodation from time to time, subject to permission of the Community and the availability of the type requested. If such change is made, the following rules apply:

1. If the Entrance Fee for the new accommodation is higher than the Entrance Fee paid for the accommodation to be vacated, the Member will pay the difference between the Entrance Fee for the new accommodation and the Entrance Fee paid for the prior accommodation. In the event of termination, the amount of the refund, if any, will be based on the total Entrance Fee paid.
2. Member will be responsible for any costs associated with the change of accommodation, including moving expenses.
3. Member will be responsible for a \$15,000 transfer fee.

V. TRANSFERS OR CHANGES IN LEVELS OF CARE

A. Transfer to Assisted Living or Nursing Care. The Community offers various levels of care to best meet the progressive needs of its Members. A transfer to a higher level of care shall be based upon the recommendation of an interdisciplinary team, including the Member, to the extent practical, or the Member's legally-authorized representative determined in accordance with N.C. Gen. Stat. § 90-21.13(c), in conjunction with appropriate staff members and in consultation with the Member's attending physician. A decision to recommend a change in level of care shall be based on a determination that the Member cannot safely reside in their current accommodation or level of care. If agreement about level of care changes cannot be reached, the dispute will be submitted to binding arbitration for resolution, in accordance with the separate Mediation and Binding Arbitration Agreement executed between the Member or Member's legally-authorized representative and the Community. A Member transferring to a higher level of care does not constitute a change of accommodation for the purpose of calculating an Entrance Fee refund.

In the event of a Permanent Transfer, the Member shall release their Residence in order for the Community to make the Residence available to a new resident. In such event, the Community may enter into a new Agreement for occupancy of the Residence with a new resident. If the Residence is reassigned and should the Member subsequently recover sufficiently to maintain themselves independently in a residence, the Resident shall be offered the next available residence similar to the one relinquished. While the Resident is in the Assisted Living or the Health Care Facility, the Monthly Service Fee will continue to be due and payable as described in Section II, D.

If the Residence is occupied by two (2) Residents, the Permanent Transfer of one (1) Resident does not affect the rights and privileges under this Agreement of the remaining Resident.

- B. **Transfer to Hospital or Other Facility.** Should the Member need care beyond that which can be provided by the Community, the Member may be transferred to a hospital, center, or institution equipped to give such care, the cost of which will be the responsibility of the Member. Such transfer of the Member will be made only after consultation to the extent possible with the Member, or the Member's legally-authorized representative determined in accordance with N.C. Gen. Stat. § 90-21.13(c), and the Member's attending physician.

- C. **Vacating Residence.** If a Member's attending physician determines that any transfer described in Section V. A. and B. is likely to be permanent in nature, the Member agrees to vacate the Residence occupied by the Member prior to such transfer. If the interdisciplinary team, including the Member, to the extent practical, or the Member's legally-authorized representative, in conjunction with appropriate staff members and in consultation with the Member's attending physician, subsequently determines that the Member can resume occupancy in a Residence or accommodation comparable to that occupied by the Member prior to such transfer, the Member shall have priority to such residence as soon as it becomes available.

VI. **TERMINATION OF MEMBERSHIP AND REFUNDS**

- A. **Right to Rescind Agreement.** The Member shall have the right to rescind this Agreement within thirty (30) days after executing this Agreement or receipt of the Disclosure Statement as required by law, if later. The Member shall not be required to occupy the chosen residence at the Community before expiration of the thirty (30) day period. Upon rescission, the Community shall refund to the Member, or the Member's legally-authorized representative, any portion of the Entrance Fee the Member paid to the Community less (i) per diem or monthly charges specified in this Agreement for the Member's Residence applicable to the period the Residence was actually occupied by the Member; (ii) those nonstandard costs specifically incurred by the Community at the request of Member which are not covered by the per diem or monthly charges applicable to

Member; and (iii) the greater of two percent (2%) of the Entrance Fee or One Thousand Dollars (\$1,000.00). Any such refund shall be paid by the Community within sixty (60) days following receipt of written notification of such termination.

B. Termination by Member Prior to Occupancy Based on Death or Disability.

If the Member dies before occupying his or her residence or becomes incapable of meeting the physical, mental or financial requirements for admission before such occupancy, this Agreement shall be automatically canceled. In such case, the Community shall refund to the resident, the resident's estate, or the resident's legally-authorized representative, any portion of Entrance Fee the Member paid to the Community less (i) those nonstandard costs specifically incurred by the Community at the request of Member which are not covered by the per diem or monthly charges applicable to Member; and (ii) the greater of two percent (2%) of the Entrance Fee or One Thousand Dollars (\$1,000.00). Any such refund shall be paid by the Community within sixty (60) days following receipt of written notification of such termination.

C. Termination by Member Prior to Occupancy for Other Reasons. Once the thirty (30) day rescission period described in Section VI. A, above, has expired, but before the Member takes occupancy, the Member may terminate this Agreement for any reason not covered by Section VI. B, by giving written notice to the Community. For rescinded or canceled contracts under this section, the resident or the resident's legal representative shall receive a refund of all money or property transferred to the provider, less (i) those nonstandard costs specifically incurred by the provider or facility at the request of the resident and described in the contract or any contract amendment signed by the resident; (ii) nonrefundable fees, if set out in the contract; and (iii) a reasonable service charge, if set out in the contract, not to exceed the greater of one thousand dollars (\$1,000) or two percent (2%) of the entrance fee. Any such refund shall be paid by the Community within sixty (60) days following receipt of written notification of such termination.

D. Termination by Member After Occupancy. Once the thirty (30) day rescission period described in Section VI. A, above, has expired, and after the Member takes occupancy, the Member may, at any time upon ninety (90) days' notice in writing to the Community, terminate his or her membership. Upon termination, a portion of the Entrance Fee may be refunded to the withdrawing Member, as described in Section VI. G.

E. The Community's Right to Terminate Agreement. The Community shall have the right at any time, upon thirty (30) days' notice in writing to the Member, to terminate his or her membership because the Member has failed to meet his or her obligations under this Agreement, including but not limited to:

- Member has not paid monthly fees and other charges on a timely basis;
- Member engages in behavior that unreasonably interferes with the quiet enjoyment of other Members; or

- Member has failed to abide by the provisions of the Community's Resident Reference Guide.

The following may result in immediate termination of membership and discharge:

- Member engages in behavior that negatively impacts or threatens the health, safety or welfare of other Members, staff or visitors.

Such notice shall specify the obligation which the Member has failed to perform. Upon such termination, the Member may be entitled to a refund of a portion of the Entrance Fee paid, as described in Section VI, G.

F. Termination Upon Death. Death of a Member shall be treated as a termination of membership on the date of death. The refund due, if any, shall be computed as described in Section VI, G.

G. Refund Upon Termination. Upon contract termination, the Member may be entitled to a refund of a portion of the Entrance Fee paid, as follows:

1. 0% Refundable Entrance Fee Option. For Members who have chosen the 0% Refundable Entrance Fee Option, the refund due, if any, shall be the Entrance Fee paid, less: (i) ten percent (10%) for any termination occurring in months one through five after occupancy, (ii) two percent (2%) for each month that has elapsed between month six and the date of withdrawal up to month 50; (iii) a fee of One Thousand Dollars (\$1,000); and (iv) any amount due to the Community for monthly care or other unpaid services. No part of the 0% Refundable Entrance Fee is refundable after a Member has resided at the Community for fifty (50) months. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

2. 50% Refundable Entrance Fee Option. For Members who have chosen the 50% Refundable Entrance Fee Option, the refund due shall be the Entrance Fee paid less: (i) ten percent (10%) for any termination occurring in months one through ten after occupancy; (ii) one percent (1%) for each month that has elapsed between month eleven and the date of withdrawal up to month 50; (iii) a fee of One Thousand Dollars (\$1,000); and (iv) any amount due to the Community for monthly care or other unpaid services. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

3. 90% Refundable Entrance Fee Option. For Members who have chosen the 90% Refundable Entrance Fee Option, the refund due shall be the Entrance Fee paid less: (i) ten percent (10%); (ii) a fee of One Thousand Dollars (\$1,000); and (iii) any amount due to the Community for monthly care or other unpaid services. Any refundable amount shall be paid to the withdrawing Member only when the Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

Any refund due shall be paid to the estate of the deceased Member or to a beneficiary identified in advance by the Member.

If a member is 85 years of age or older at the time of the full payment of the entrance fee, a 10% premium is added to the entrance fee up to the age of 90. If a resident is 90 years of age or older at the time of the full payment of the entrance fee, a 10% premium is added to the entrance fee, and they are limited to the 0% refundable entrance fee option.

H. Condition of Residence. At the effective date of termination of this Agreement, the Member shall vacate the Residence and shall leave it in good condition except for normal wear and tear. The Member shall be liable to the Community for any cost incurred in restoring the Residence to good condition except for normal wear and tear. Such costs will be deducted from any refund due to the Member under the terms of this Agreement or will be billed to the Member or Member's estate or beneficiary if the available refund is not sufficient to cover the cost of repairs.

I. Use of a Refundable Entrance Fee Option for Health Care Expenses at Aldersgate.

1. Should a Member who has chosen the 90% or 50% Refundable Entrance Fee Option permanently vacate his or her Residence by transferring to a Health Care Facility at the Community, the Member may then draw against his or her refund to supplement payment of his or her health care costs at the Community but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at the Community. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at the Community. The refundable portion of the Entrance Fee can be accessed exclusively for healthcare services at the Community as a supplement to any income the Member receives from all available sources. The Member would still be entitled to receive any applicable Member discount on his or her health care.
2. The following conditions apply when "the Member" is used in this contract to apply to two married individuals in an Independent Living Residence who have chosen the 90% or 50% Refundable Entrance Fee Option:
 - a. The Entrance Fee relates to the Member identified in this Agreement, not to either individual Member alone. As such, as long as one of the Members remains in the Community, no refund of the Entrance Fee is due to either Member, even if one Member vacates the Community for any reason.
 - b. Should both Members vacate their Residence by transferring to a Health Care Facility at the Community, either or both Member(s) may then draw against the 90% or 50% Refundable Entrance Fee to supplement payment of their health care costs at the Community but if and only if the Member's other assets from all available sources are insufficient to cover

the Member's health care costs at the Community. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at the Community. The 90% and 50% Refundable Entrance Fee option can be accessed exclusively for healthcare services at the Community as a supplement to any income the Member receives from all available sources. The Member would still be entitled to receive any applicable Member discount on their health care. The Member may access the refund for health care purposes only when the vacated Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.

- c. Should one Member vacate their Residence by transferring to a Health Care Facility at the Community, and the other Member vacates the Residence by transferring to an independent accommodation that carries a lesser entrance fee, the Member who has transferred to the Health Care Facility may then draw against the 90% or 50% Refundable Entrance Fee to supplement payment of their health care costs at the Community, up to the difference between the original Entrance Fee, and the then current Entrance Fee (Revised Entrance Fee) for the new independent accommodation, but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at the Community. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at the Community. The Member would still be entitled to receive any applicable Member discount on their health care. Should the Member residing in the independent living accommodation vacate said accommodation by transferring to Assisted Living or the Health Care Facility at the Community, that Member may then draw upon the refundable portion of the Revised Entrance Fee to supplement payment of their health care costs at the Community, but if and only if the Member's other assets from all available sources are insufficient to cover the Member's health care costs at the Community. The Community may require the Member to demonstrate the unavailability of other resources to cover health care costs at the Community. The 90% or 50% Refundable Entrance Fee can be accessed exclusively for health care services at the Community as a supplement to any income the Member receives from all available sources. The Member would still be entitled to receive any applicable Member discount on their health care. The Member may access the refund for health care purposes only when the vacated Residence is reserved by a new Member and the new Member has paid his/her/their Entrance Fee.
- d. Utilization of the 90% or 50% Refundable Entrance Fee option may be made to supplement payment of health care costs at the Community only. Contingent upon a financial review of the Members income and assets, at the Community reserves the right to determine the amount of the 90% or 50% Refundable Entrance Fee that may be used to supplement the Members health care fees at the Community.

VII. FINANCIAL ASSISTANCE

The Community reserves the right to terminate Member’s membership in the event the Member does not, or cannot, make the monthly payments required under Section II, and in the further event arrangements for payment of those fees cannot be made with Member, Member’s family and/or other responsible party. It is the goal of the Community, however, to provide for services for the Member for the balance of his or her lifetime without regard to the Member’s ability to pay the monthly fee which may be established from time to time. However, the Community has relied upon outside sources of financial support available to it for care of Members who have insufficient funds, upon financial information provided by the Member, and upon the good-faith assurances of the Member that he or she will utilize any assets now owned or hereafter acquired to the best of his or her ability to meet the financial obligations imposed on the Member under this Agreement. In the event the financial sources relied upon by the Community for the care of Members with insufficient funds cease or prove inadequate, or in the event the Member makes a material misstatement with regard to the nature or extent of his or her assets, or in the event the Member, after the date of this Agreement, takes action which depletes his or her assets, and the result of such misstatement or such action is to impair the Member’s ability to pay the monthly fee contemplated by this Agreement, the Community may exercise its right to terminate the Member’s membership. Should the Member apply for and receive assistance under the Medicaid program, or any successor program of a similar nature, the Member’s membership will be terminated.

Notwithstanding any other provision of this Agreement, nothing in this Section VII or any other portion of this Agreement is intended to constitute or should be construed as a promise to provide financial assistance to any Member and the decision to offer financial assistance to any Member is solely within the discretion of the Community based upon the unique facts of each Member’s situation.

VIII. GENERAL

- A. **Assignment.** The rights and privileges of the Member under this Agreement to the Residence, common areas, amenities, services, and programs of the Community are personal to the Member and may not be transferred or assigned by the Member or otherwise.
- B. **Management of the Community.** The absolute rights of management of the Community are reserved by the Community, its Board of Directors, and its administration/management as designated by said Board of Directors. The decision to accept or decline an application for Membership will be based upon criteria for admission developed by the Community. Members do not have the right to determine acceptance or terms of acceptance of any other Member.
- C. **Entire Agreement.** This Agreement and the Mediation and Binding Arbitration Agreement constitute the entire agreement between the Community and the Member. The Community shall not be liable or bound in any manner by any statements, representations, or promises made by any person representing or assuming to represent the Community, unless such statements, representations, or promises are set forth in this Agreement and/or the Mediation and Binding Arbitration Agreement.
- D. **Successors and Assigns.** Except as set forth herein, this Agreement shall bind and inure to the benefit of the successors and assigns of the Community and the heirs, executors, administrators, and assigns of the Member.
- E. **Power of Attorney, Will, and Medical Directive.** Member is encouraged to execute a durable power of attorney designating some competent person as attorney-in-fact. Member is encouraged to execute a will. Member is further encouraged to consider execution of a Living Will and Health Care Power of Attorney. The Member is asked to provide the Community with copies of the Member's Durable Power of Attorney, Living Will, Health Care Power of Attorney and any other advance directive executed by the Member.
- F. **Transfer of Property.** The Member agrees not to make any gift or other transfer of property for less than adequate consideration for the purpose of evading the Member's obligations under this Agreement or if such gift or transfer would render such Member unable to meet such obligations.
- G. **Property Disposition Upon Permanent Transfer or Death:**
- i. In the event of Member's permanent transfer from his/her Residence to some other living accommodation or upon his/her death, all Member's property shall be removed within the following time frames after notification by Community to Member or his/her legally-authorized representative:
 1. Fourteen (14) days from independent living accommodation;
 2. Ten (10) days from assisted living (other than memory support); Seventy-two (72) hours from memory support centers;
 3. Twenty-four (24) hours from the Health Care Facility.

Accommodation charges will remain in effect until all of the Member's property is removed from the accommodation.

2. If such property is not removed within said periods of time by Member's legally authorized representative, the Community shall have the right to remove and store such property. The costs attributed to such removal and storage shall be charged to the Member or the Member's estate, as applicable, and may be deducted from any refund otherwise due the Member. Thereafter, if such property is not claimed within thirty (30) days, then title to such property shall be vested in the Community and it shall be disposed of as the Community, in its sole discretion, deems proper, without any liability of the Community to the Member, his/her/their estate, or heirs.

H. Relationship to Church. The Community is affiliated with the Western North Carolina Conference of the United Methodist Church. However, Member acknowledges that the Community is an independent corporation which is solely responsible for carrying out its obligations hereunder and that neither the United Methodist Church, the Western North Carolina Conference of the United Methodist Church, nor any agency of them has any financial or contractual obligation to the Member on account of this Agreement.

I. Governing Law. This Agreement shall be governed by the laws of the State of North Carolina.

J. Notice Provisions. Any notices, consents, or other communications to the Community hereunder (collectively "notices") shall be in writing and addressed as follows:

MEDIATION AND BINDING ARBITRATION AGREEMENT

This Mediation and Binding Arbitration Agreement is entered into as of the date written below by and between Aldersgate United Methodist Retirement Community (hereinafter "the Community") and _____ ("Member") and _____, Member's Responsible Party ("Responsible Party"), if any.

I. Voluntary Mediation. Mediation is a form of alternative dispute resolution whereby an impartial person facilitates communication between the parties. The goal of mediation is to resolve the dispute promptly, amicably, and without incurring significant time and expense. Mediations are non-binding in nature. This Agreement provides for voluntary mediation whereby the parties may, upon mutual agreement, engage in mediation before resorting to arbitration. If the parties mutually agree to mediate any dispute that may arise between them, then the mediation will be conducted at a site selected by Community, which shall be at the Community or at a site within a reasonable distance of the Community. The costs of the mediation shall be borne equally by each party, and each party shall be responsible for their own legal fees. If the parties are unable to resolve their dispute through mediation, then the dispute may only be resolved by arbitration as provided in this Agreement. If the parties do not mutually agree to mediate any dispute that may arise between them, then they may proceed directly to arbitration.

II. Binding Arbitration. Arbitration is a specific process of dispute resolution utilized instead of the traditional state or federal court system. Instead of a judge and/or jury determining the outcome of a dispute, a neutral third party ("Arbitrator(s)") chosen by the parties to this Agreement renders the decision, which is binding on both parties. Generally an Arbitrator's decision is final and not open to appeal. The Arbitrator will hear both sides of the story and render a decision based on fairness, law, common sense and the rules established by the Arbitration Association selected by the parties. When Arbitration is binding, it is the only legal process available to the parties. Binding Arbitration has been selected with the goal of reducing the time, formalities and cost of utilizing the court system.

(a) Contractual and/or Property Damage Disputes. Unless resolved or settled by mediation, any controversy, dispute, disagreement or claim of any kind or nature, arising from, or relating to the Residence and Services Agreement ("the Agreement") executed between Member and the Community, or concerning any rights arising from or relating to an alleged breach of the Agreement, with the exception of (1) guardianship proceedings resulting from the alleged incapacity of the Member; and (2) disputes involving amounts in controversy of less than Twenty-Five Thousand Dollars (\$25,000), shall be settled exclusively by arbitration. This means that the Member will not be able to file a lawsuit in any court to resolve any disputes or claims that the Member may have against the Community. It also means that the Member is relinquishing or giving up all rights that the Member may have to a jury trial to resolve any disputes or claims against the Community. It also means that the Community is giving up any rights it may have to a jury trial or to bring claims in a court against the Member. Subject to Section (f), the Arbitration shall be administered by Carolina Dispute Settlement Services ("CDSS"), in accordance with the CDSS's Rules of Procedure, and judgment on any award rendered by the arbitrator(s) may be

entered in any court having appropriate jurisdiction. Member and/ or Responsible Person acknowledge(s) and understand(s) that there will be no jury trial on any claim or dispute submitted to arbitration, and Member and/or Responsible Person relinquish and give up their rights to a jury trial on any matter submitted to arbitration under this Agreement.

(b) Personal Injury or Medical Malpractice. Unless resolved or settled by mediation, any claim that the Member may have against the Community for any personal injuries sustained by the Member arising from or relating to any alleged medical malpractice, inadequate care, or any other cause or reason while residing in the Community, shall be settled exclusively by arbitration. This means that the Member will not be able to file a lawsuit in any court to bring any claims that the Member may have against the Community for personal injuries incurred while residing in the Community. It also means that the Member is relinquishing or giving up all rights that the Member may have to a jury trial to litigate any claims for damages or losses allegedly incurred as a result of personal injuries sustained while residing in the Community. Subject to Section (f), the Arbitration shall be administered by CDSS, in accordance with CDSS's Rules of Procedure, and judgment on any award rendered by the arbitrator(s) may be entered in any court having appropriate jurisdiction. Member and/or Responsible Person acknowledge(s) and understand(s) that there will be no jury trial on any claim or dispute submitted to arbitration, and Member and/or Responsible Person relinquish and give up the Member's right to a jury trial on any claims for damages arising from personal injuries to the Member which are submitted to arbitration under this Agreement.

(c) Exclusion From Arbitration. Those disputes which have been excluded from binding arbitration (i.e., guardianship proceedings and disputes involving amounts in controversy of less than \$25,000) may be resolved through the use of the judicial system. In situations involving any of the matters excluded from binding arbitration, neither Member nor the Community is required to use the arbitration process. Any legal actions related to those matters may be filed and litigated in any court which may have jurisdiction over the dispute. This arbitration provision shall not impair the rights of Member to appeal any transfer and/or discharge action initiated by the Community to the appropriate administrative agency if such transfer or appeal is governed by State or Federal law prescribing the instances in which a resident may be transferred or discharged, and after the exhaustion of such administrative appeals, to appeal to the court exercising appellate jurisdiction over the administrative agency.

(d) Right to Legal Counsel. Member has the right to be represented by legal counsel in any proceedings initiated under this arbitration provision. Because this arbitration provision addresses important legal rights, the Community encourages and recommends that Member obtain the advice and assistance of legal counsel to review the legal significance of this binding arbitration provision prior to signing this Agreement.

(e) Location of Arbitration. The Arbitration will be conducted at a site selected by the Community, at the Community or at a site within a reasonable distance of the Community.

(f) Time Limitation for Arbitration. Any request for arbitration of a dispute must be requested and submitted to CDSS, with notice to the other party, prior to the lapse of two (2) years from the date on which the event giving rise to the dispute occurred. In the event CDSS is unable

or unwilling to serve, then the request for Arbitration must be submitted to the Community within thirty (30) days of receipt of notice of CDSS's unwillingness or inability to serve as a neutral arbitrator. Community shall select an alternative neutral arbitration service within thirty (30) days thereafter and the selected Arbitration Agency's procedural rules shall apply to the arbitration proceeding. The failure to submit a request for Arbitration to CDSS, or an alternate neutral arbitration service selected by Community, within the designated time (i.e., two (2) years) shall operate as a bar to any subsequent request for Arbitration, or for any claim for relief or a remedy, or to any action or legal proceeding of any kind or nature, and the parties will be forever barred from arbitrating or litigating a resolution to any such dispute. A copy of the CDS Rules and Procedures for Arbitration is attached to this Agreement as Attachment A. Contact information for CDSS, is as follows:

Email: www.notrials.com

(g) Limitation on Damages and Allocation of Costs for Arbitration. The costs of the arbitration shall be borne equally by each party, and each party shall be responsible for their own legal fees.

(h) Limited Member Right to Rescind this Binding Arbitration Clause (Sections (a-h) of this Agreement). Member or, in the event of Member's incapacity, Member's authorized representative have the right to rescind this arbitration clause by notifying the Community in writing within thirty (30) days of the execution of this Agreement. Such notice must be sent via certified mail to the attention of the Administrator of the Community, and the notice must be post-marked within thirty (30) days of the execution of this Agreement. The notice may also be hand-delivered to the Administrator within the same thirty (30) day period. The filing of a claim in a court of law within the thirty (30) days provided for above will automatically rescind the arbitration clause without any further action by Member or Member's authorized representative.

Or a written demand has been served on the other Party in accordance with either the pre-dispute written contractual provision or, if appropriate, proof of services in compliance with Federal Rules of Procedure; or

The Arbitrator shall be selected through the process of the Case Manager providing a list of three (3) proposed qualified potential Arbitrators to the Parties. Each Party shall have seven (7) days to strike one name if they so choose. The name remaining shall serve as Arbitrator for the case.

In the event that one Party chooses to not strike a name or the same name is struck by both Parties the Case Manager will select and appoint a qualified Arbitrator from the CDSS roster.

If for any reason the Pre- Hearing Conference does not take place within the specified time frame, the Case Manager will select and appoint a qualified Arbitrator from the CDSS roster.

LEASE AGREEMENT
of
Aldersgate United Methodist Retirement Community, Inc.
Charlotte, North Carolina

The Mission of Aldersgate is to provide excellent continuing care services for older adults.

This contract is entered into by Aldersgate United Methodist Retirement Community, Inc. of Charlotte, North Carolina, hereinafter called "Aldersgate", and _____, hereinafter called "the Resident".

The Resident desires to enter into residence at Aldersgate, and Aldersgate is willing to accept the Resident and to provide services to the Resident, all to be accomplished in accordance with the terms and conditions set forth in this contract. Therefore, Aldersgate and the Resident have agreed as follows:

I. TERM

Aldersgate leases to the Resident, and the Resident leases from Aldersgate, the accommodation known as _____, a private residence on the property of Aldersgate for the term commencing on the ____ day of _____, 202__ and ending on the ____ day of _____, 202__ or a term of thirteen (13) months (the "Term"). The total monthly fee shall be \$ _____ per month, of which \$ _____ is the accommodation fee and \$ _____ is the services/amenities fee. If Resident desires to terminate the lease at the end of the Term, then Resident shall give Aldersgate not less than ninety (90) days' notice of said termination prior to the expiration of the Term. In the event Resident fails to give such termination notice, this contract shall be automatically renewed for an additional thirteen (13) month term with a total monthly fee equal to the then prevailing rate for similar accommodations and service/amenities, as determined by Aldersgate in its discretion.

Aldersgate shall not discriminate against the Resident in the provision of services or in any other manner on the grounds of race, color, creed, religion, sex or national origin.

II. FEES TO BE PAID TO ALDERSGATE

In consideration of admission to Aldersgate, the Resident agrees as follows:

- A. To furnish to Aldersgate complete and accurate information with regard to the nature and extent of his or her assets (now owned or hereafter acquired);
- B. To manage those assets to the best of his or her ability in such a way as to permit the payment of the fees set forth herein;
- C. In the event the accommodation is occupied by two related persons as Residents, and one of said persons for any reason vacates the accommodation, the single occupancy fee will become the new monthly fee on the earlier of the date of such vacation or on the first day

of the month following written notice by Resident of such change in occupancy. In the event a person is added to the Agreement as a resident, upon qualification and approval by Aldersgate, a second person fee will be charged for the new resident in addition to the single occupancy fee charged to the first person;

- D. Upon request, to submit, at the discretion of Aldersgate, annually updated financial information;
- E. To abide by all other terms and provisions of this contract.

III. TERMINATION OF RESIDENCE

- A. If Resident has not occupied his or her residence, at any time within (30) days following the date of this contract, the Resident may terminate this contract. The Resident shall not be required to occupy his or her unit at Aldersgate until such thirty (30) day period is past. In addition, if the Resident dies before occupying his or her unit or, in the judgment of Aldersgate, becomes incapable of meeting the physical or mental requirements for admission before such occupancy, this contract shall be canceled.
- B. Aldersgate shall have the right at any time, upon thirty (30) days' notice in writing to the Resident, to terminate his or her contract because the Resident has failed to meet his or her obligations under this contract. Such notice shall specify the obligation which the Resident has failed to perform. Aldersgate may terminate a resident's lease if:
 - Resident has not paid monthly fees and other charges on a timely basis;
 - Resident engages in behavior that unreasonably interferes with the quiet enjoyment of other Community Members; or
 - Resident has failed to abide by the provisions of the Community's Resident Handbook.

The following may result in immediate termination of lease contract and discharge:

- Resident engages in behavior that negatively impacts or threatens the health, safety or welfare of other Community Members, staff or visitors.
- C. If the Resident does not vacate the premises on the effective date of the termination of this contract, or after notice of default with a failure to cure such default within ten days after receipt of notice, Aldersgate may pursue all judicial remedies under North Carolina Law for the eviction of the Resident.
- D. If the Resident vacates or is evicted from the residence without removing their personal property from the subject unit, Aldersgate may, without liability for trespass or conversion or any other claim, remove any personal property from the Resident's unit and store such property at Resident's expense. The personal property so removed shall be deemed abandoned if Resident has not made a written demand for the same within thirty days of Resident's vacation or eviction and Aldersgate thereafter has the right to dispose of the property as it deems appropriate without any liability whatsoever. If Resident makes such a demand, the property shall be released to Resident upon payment in full of all costs of removal and storage.

IV. CHANGE OF ACCOMMODATIONS

The Resident may request a change in the type of accommodation from time to time, subject to permission of Aldersgate and the availability of the type requested. If such change is made, the Resident agrees to pay the accommodation and services/amenities fees associated with the new accommodation at the then prevailing rate. Resident will be responsible for any fees associated with the change of accommodation, including moving expenses.

V. CONVERSION TO MEMBERSHIP

Resident may choose to convert this contract to full membership status within the Aldersgate Continuing Care Retirement Community, defined as having access to services associated with levels of care higher than independent living, at a member rate and member priority status, upon satisfaction of all requirements then applicable to membership in Aldersgate's Continuing Care Retirement Community. With conversion, Resident is eligible to receive credit for the time occupied in any lease period (such credit not to exceed 13 months in total) for the accommodation portion of their monthly fee as indicated in this contract. This credit may be applied toward the entrance fee of the accommodation chosen for full membership. At such time of conversion, this contract becomes void and the Resident shall sign an Aldersgate Resident and Services Agreement for Membership.

VI. PAYMENTS TO ALDERSGATE FOR MONTHLY SERVICES

The Resident agrees to pay for his or her residential services on a monthly basis, the fee to be paid in advance by the tenth (10) day of the month. For example, the payment of the fee for June is due by June 10th, the payment for July is due by July 10th, etc. The amount due for each month shall be the amount established by Aldersgate from time to time upon thirty (30) days notice to the Resident. Temporary absence of the Resident from Aldersgate for vacation, travel, business, medical care or otherwise does not change the Resident's obligation to pay the full monthly fee. Aldersgate may charge interest at a rate of one and one-half percent (1&1/2%) per month on any unpaid balance.

VII. SCOPE OF MONTHLY SERVICES

For the monthly fee paid by the Resident, Aldersgate shall provide to the Resident the use of the accommodation selected, board, and housekeeping service in accord with the practices of Aldersgate as they may be in effect from time to time, and the religious, social and creative life of Aldersgate. The services may be changed, added to or deleted from time to time in the sole discretion of Aldersgate. Residents have the option of choosing a meal plan and will be billed accordingly.

NOTE: Monthly fee does not include physicians' fees, outside hospitalization, drugs, phone, internet, cable TV services, medical supplies, dry cleaning, or funeral and burial expenses, all of which remain the sole responsibility of the Resident. Under this contract, Aldersgate is not obligated to provide healthcare services at Parker Terrace, Cuthbertson Village, Asbury Care Center or the Wellness Clinic.

VIII. HEALTHCARE SERVICES

Should the Resident require healthcare services as provided at Aldersgate, there are no guarantees, implied or otherwise, of accommodation availability. Should the Resident be

admitted into a healthcare accommodation as identified in Section VII, the Resident agrees to pay for the services provided at a Direct Admit/Private Pay fee-for-service basis.

IX. ASSIGNMENT AND SUBLETTING

Resident shall not sublease or encumber the accommodation or assign this contract in any way. Occupation of the accommodation by other than permitted occupants may result in termination of this contract.

X. RIGHT OF ENTRY

It is agreed that employees or agents of Aldersgate may need to enter the unit on occasion, and permission is hereby given by Resident. Aldersgate will make reasonable efforts to give notice of any entry whenever possible but is not bound to do so.

XI. PROPERTY MAINTENANCE

By execution of this contract, the Resident agrees that the unit described herein has been inspected by him/her and meets with his/her approval. He/she has found it to be in good and tenable condition, and agrees that at the end of the occupancy hereunder to deliver up and surrender said accommodation to Aldersgate in as good condition as when received, reasonable wear and tear excepted. No alteration, addition or improvements shall be made in or to the accommodation without prior written consent by Aldersgate and then only using materials and contractors approved by Aldersgate. All such work shall be done at Resident's expense and in such manner as Aldersgate may approve. All alterations, additions and improvements to the accommodation shall become part of the accommodation and the property of Aldersgate.

Resident shall use and maintain the accommodation during his/her residency in safe, clean, and sanitary manner and shall, upon termination of the residency, deliver all keys to Aldersgate, remove all personal property and leave the unit.

XII. INSURANCE, RELEASE, AND INDEMNITY

Resident shall insure his/her personal property located or stored within the accommodation or other storage areas that may be provided to the extent of its full insurable value against the risks of damage, destruction or loss resulting from theft and all hazards and casualties. Regardless of whether Resident secures such insurance, all personal property belonging to Resident or to any other persons within the accommodation shall be at the sole risk of the Resident or other such person and neither Aldersgate nor its employees or agents shall be liable for any theft or loss or for any actual damage, destruction or injury from any cause whatsoever to such property. Neither Aldersgate nor its employees or agents shall be responsible for any damage or injury to resident, his/her family or other person.
