ADMISSION AND RESIDENCY REQUIREMENTS / POLICIES

A. Residency Policy

The resident must be capable of meeting the requirements of occupancy, including that the resident (i) has reached the age of 62; (ii) is in sufficiently good health to be capable of occupying a residence, with or without reasonable accommodation or reasonable modification; and (iii) has sufficient assets and income to pay the Entrance Fee. After payment of the Entrance Fee, the resident must have sufficient financial resources to permit payment of the Monthly Fee plus other personal expenses which may be reasonably expected, to pay for the costs of Health Center services, and to meet anticipated increases in the cost of living and increases in the Monthly Fee. A copy of the complete Residency Policy is available for review in the Community's Marketing Office.

B. Residence and Care Agreements

At the time the resident makes application for residency at the Community, the resident will sign a Residence and Care Agreement to reserve the residence selected. In order to reside at the Community for life, subject to the Residence and Care Agreement, the resident will pay an Entrance Fee and a monthly fee. A portion of the Entrance Fee (deposit) is paid at the time the resident signs the Residence and Care Agreement. The remaining balance of the Entrance Fee will be paid upon the earlier of (i) occupancy or (ii) 90 days after the Residence and Care Agreement is executed.

The current Entrance Fee amounts (and five year historical Entrance Fees) are included in tables at the end of the main body of this Disclosure Statement.

The Community currently offers two forms of Residence and Care Agreements: a 75% Return-of-Capital™ Plan and a Traditional Plan (See Exhibits F and G of this Disclosure Statement). The differences between the 75% Return-of-Capital™ and the Traditional Plan are the amount of the Entrance Fee paid upon admission, and the amount of the repayment a resident (or resident's estate) is entitled to after a resident assumes occupancy at the Community as described in Section 7.2 of the Residence and Care Agreements.

C. Repayment of the Entrance Fee

1. **Non-acceptance.** If not accepted for residency, the portion of the Entrance Fee paid by a prospective resident will be repaid, without interest, within 30 days of notice of non-acceptance. All admission decisions of the Community are final and not subject to appeal.

2. **Right of Rescission Period.** In accordance with North Carolina laws and regulations, a resident has the right to rescind the Residence and Care Agreement within 30 days following the later of (i) his/her execution of the Residence and Care Agreement; or (ii) the receipt of a Disclosure Statement. If a resident rescinds the Agreement, the portion of the Entrance Fee paid by the resident will be repaid without interest within 30 days of our receipt of resident's written notice of cancellation, except that we will retain an amount equal to any charges specifically incurred by us at the resident's request, if any, and which are set forth in a separate addendum to the Agreement. The resident will not be required to move into the Community before expiration of the 30 day rescission period.

3. **Cancellation Prior to Occupancy Due to Death or Change in Condition.** If prior to occupancy a resident is precluded from occupying the Residence due to death, illness, injury, incapacity or a substantial change in physical, mental or financial condition, the Agreement will automatically cancel upon our receipt of written notice of such event. We will return to resident or resident's legal representative, without interest, the portion of the Entrance Fee paid within 60 days of our receipt of written notice of cancellation, except that we will retain an amount equal to any charges specifically incurred by us at resident's request, if any, and which are set forth in a separate addendum to the Agreement.

4. **Cancellation Prior to Occupancy for Other Reasons.** If prior to occupancy the resident wishes to cancel the Agreement for a reason other than those set forth in Sections 7.1.1, 7.1.2, or 7.1.3 of the Residence and Care Agreement, the resident must give us written notice of cancellation by registered or certified mail. Upon our receipt of your written notice, the Agreement will be cancelled, and we will attempt to obtain a new resident for the Residence. In such event, upon occupancy of the Residence by the new resident, and within 30 days of our receipt of the Entrance Fee paid by the new resident, we will remit to resident or resident's legal representative, without interest, the portion of the Entrance Fee paid to us, less a non-refundable fee consisting of: (i) 1% of the total Entrance Fee as specified in the Agreement and (ii) an

amount equal to any charges specifically incurred by us at resident's request, if any, and which are set forth in a separate addendum to the Agreement.

5. **Cancellation After Occupancy.** After occupying the Residence, should the resident (the survivor if there are two residents) die or cancel the Residence and Care Agreement, repayment of the Entrance Fee will be as follows:

(a) 75% Return-of-Capital™ Residence and Care Agreement (see Exhibit F to this Disclosure Statement): Under the 75% Return-of-Capital™ Residence and Care Agreement, during the first twelve (12) months of occupancy, we will remit to the resident or the resident's estate the Entrance Fee paid, without interest, less 1% of the Entrance Fee paid and less 2% of the Entrance Fee paid per month for each month or partial month of occupancy. After twelve (12) months of occupancy, we will remit to the resident or the resident's estate an amount equal to 75% of the Entrance Fee, without interest. Any repayment will be made upon occupancy of the Residence by a new resident and within 30 days of our receipt of the Entrance Fee paid by the new resident.

(b) Traditional Residence and Care Agreement (see Exhibit G to this Disclosure Statement): Under the Traditional Residence and Care Agreement, during the first forty-eight (48) months of occupancy, we will remit to the resident or the resident's estate the Entrance Fee paid, without interest, less four percent (4%) of the Entrance Fee paid and less 2% of the Entrance Fee paid per month for each month or partial month of occupancy. After 48 months of occupancy, the entire Entrance Fee will be considered earned by us, and no portion of the Entrance Fee will be repayable to the resident or the resident's estate. Any repayment will be made upon occupancy of the Residence by a new resident and within 30 days of our receipt of the Entrance Fee paid by the new resident.

6. **Cancellation by Us.** Upon 30 days written notice to the resident or resident's legal representative, we may cancel the Residence and Care Agreement at any time on the following grounds, which shall be determined by us in our sole discretion:

- a. Resident does not comply with the terms of the Residence and Care Agreement or the Community's procedures, covenants, rules, regulations, or policies; or
- b. Resident misrepresents himself or fails to disclose information during the admissions process; or
- c. Resident fails to make payment to us of any fees or charges due us within 60 days of the due date; or
- d. Resident's health status or behavior constitutes a substantial threat to the health or safety of resident, other residents, or others, including Resident's refusal to consent to relocation, or would result in physical damage to the property of others; or
- e. Resident's physical or mental condition cannot be cared for in the Community Health Center within the limits of the Community's license.

Cancellation by us occurs only as a last resort, after it becomes clear to us that cancellation

is necessary, and after the resident or the resident's legal representative/ responsible party has an opportunity to be heard. Upon cancellation of the Agreement, any Monthly Fees paid in advance are pro-rated and an appropriate repayment is made. If cancellation occurs by us, any repayment of the Entrance Fee would be computed on the same basis as if the resident gave notice of cancellation after occupancy (see "Cancellation After Occupancy" above).

D. Insurance Criteria

The Residence and Care Agreement requires that the resident maintain Medicare Part A, Medicare Part B and one supplemental health insurance policy or equivalent insurance coverage acceptable to us.

E. Payment of a Monthly Fee

The resident is required to pay a Monthly Fee to the Community by the 15th day of each month. If there are two residents, a second person Monthly Fee will also be paid. The Monthly Fees are paid to provide the services and amenities described in the Residence and Care Agreement and to meet the costs of the expenses associated with the operation of the Community. We may increase the Monthly Fee upon 60 days written notice to the residents if we deem it necessary in order to meet the financial needs of the Community and to provide the services to the residents. The current Monthly Fee amounts are included in the tables at the end of the main body of this Disclosure Statement.

F. Health Center Services

Each continuing care resident is entitled to receive care in the Health Center (to receive assisted living services, memory care, or skilled nursing care), pursuant to the terms of the Residence and Care Agreement, at no extra charge, except for the costs of additional meals, physician services and ancillary health services and supplies, as outlined in Section 4 of the Residence and Care Agreement. If it is determined that the resident requires permanent care in a Health Center, the resident may be required to surrender his or her residence for occupancy by someone else.

G. Relocation/Moves

We reserve the right to relocate a resident to a different residence or a higher level of care after consultation with the resident, resident's family and attending physician if, in our sole discretion, it is determined that such a move should be made for the benefit of the resident or for the proper operation of the Community or to meet the requirements of law.

H. Provisions for New Second Resident

No person other than the resident may occupy the residence without our written approval. If a second person, who is not a party to the Residence and Care Agreement, wishes to become a resident of the Community, that person's acceptance will be in accordance with the current admission policies. An Entrance Fee as determined by the Community will be paid upon admission. In addition, each month the then-current Monthly Fee for second persons will be paid. If the second person does not meet the requirements for residency, he or she will not be permitted to occupy the residence for more than 30 days, except with our written approval.

Should the resident marry a person who is also a resident of the Community and should

they decide to occupy one residence, they must declare which residence will be occupied and which residence will be surrendered. The repayment due to the surrendered residence will be as described above. Each month, the then-current Monthly Fee for second persons shall be paid.

I. Financial Assistance

Financial assistance may be available to existing continuing care residents who live at the Community under a life care Residence and Care Agreement. To be eligible for such financial assistance, the resident cannot impair his/her ability to meet his/her financial obligations by transfer of assets other than to meet ordinary and customary living expenses or by not maintaining Medicare Part A, Medicare Part B, supplemental insurance or other health insurance as outlined in the Residence and Care Agreement. Financial assistance funds are available as long as providing financial assistance does not impair our ability to operate the Community on a sound financial basis for the benefit of all residents.

We do not offer financial assistance to non-continuing care residents who are admitted under an MUAHS Agreement.

J. Tax Deductions/Medical Expense Deduction

The signing of the Residence and Care Agreement and payment of the Entrance Fee and Monthly Fee gives rise to certain unique tax considerations. The discussion below outlines the process which will be utilized to determine the percentage of the Entrance Fee and Monthly Fee that the resident may choose to deduct as a medical expense. Each resident is advised to consult with his/her personal tax advisor regarding the tax consequences associated with becoming a resident of the Community. We are not a tax advisor and disclaim any responsibility for any tax advice relating to your becoming a resident of the Community.

All deductions are of course subject to limitations imposed by the Internal Revenue Code of 1986, as amended. Each year, we will provide residents with a percentage of the prior year's Monthly Fee that has been determined to be attributable to operation of the Health Center. It is advisable that residents seek the advice of their tax counsel before taking this deduction.

C. Reserves and Trusts

1. **Reserves.** North Carolina law requires continuing care retirement communities (“CCRCs”) such as Galloway Ridge to maintain operating reserves equal to 50% of the total operating costs in a given year if the CCRC has occupancy as of a certain date of less than or equal to 90%, or 25% of such total operating costs if occupancy as of a certain date exceeds ninety percent (90%) of the community’s capacity. This law provides security to residents that the community will be able to meet its contractual obligations to provide continuing care. In accordance with North Carolina state law, Galloway Ridge maintains an operating reserve equal to 25% of Galloway Ridge’s total operating costs forecasted for the 12-month period following the period covered by the most recent disclosure statement filed with the North Carolina Department of Insurance. 2. **Investment of Reserves and Escrows.** Galloway Ridge’s funds, including the operating reserve, Charitable Fund, and other charitable contributions to Galloway Ridge noted above, are administered by the Senior Director of Finance of Galloway Ridge, with oversight by the Audit and Finance Committee of the Board of Directors as well as the Board itself, and all funds are subject to the policies and procedures established by the Board.

The operating reserve is managed by Hamilton Point Investment Advisors of Chapel Hill, NC and on deposit with Fidelity Investments and is reflected on the balance sheet under Assets as Limited to Use. NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Galloway Ridge, Inc. (the Company) was formed on September 4, 2001, as a nonprofit corporation under the laws and regulations of the state of North Carolina. The Company was formed to acquire real property and to develop, market, and operate the property as a continuing care retirement community (CCRC) in Chatham County, North Carolina, known as Galloway Ridge at Fearington (the Project). The Company acquired its assets on October 31, 2001, from Galloway Ridge Associates, LLC (GRA). Details regarding this acquisition are included in Note 7. The Project was developed in two phases, and includes 52 independent living villas, 248 independent living apartments, 14 multiunit assisted housing units, 22 assisted living units, 20 memory support units, and 40 skilled nursing units.

In September 2020, the Company created a single member LLC, GRI Properties, LLC (LLC), for which the Company is the sole member. LLC was set up to receive a piece of donated land that an unrelated third party transferred, subsequent to year end, to LLC in January 2021. This land has an assessed tax value of \$78,000. There was no activity for LLC in 2020. Starting in 2021, LLC will lease this land back to the Company for \$10 a year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash, Cash Equivalents, and Restricted Cash

The Company's operating cash is placed with high credit quality institutions. The funds on deposit are in excess of federally insured amounts. Restricted cash is included with cash and cash equivalents in the statements of cash flows.

The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the balance sheets that sum to the total amounts shown in the statements of cash flows.

GALLOWAY RIDGE, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

Accounts receivable is reported at estimated net realizable amounts from residents and responsible third-party payors. Amounts owed to the Company are reported net of allowances for uncollectible accounts. Specific balances are written off at the time they are determined to be uncollectible. The allowance for uncollectible accounts at December 31, 2020 and 2019 was approximately \$63,000 and \$72,000, respectively.

Assets Limited as to Use

Assets limited as to use include reserves required by state statute, contributions that have been restricted by donors, funds that have been designated by the board, and funds held by trustee.

Reserves required by state statute represent an amount set aside to meet the requirements of North Carolina General Statute Chapter 58, Article 64. Under this legislation, the Company is required to maintain an operating reserve at least equal to 25% (50% if occupancy is less than 90%) of the current year's projected operating costs as defined by the statute. The board of directors has designated approximately \$6,495,000 and \$5,718,000 at December 31, 2020 and 2019, respectively, as reserves required by state statute.

Additional funds designated by the board include funds that have been earmarked for capital improvements, benevolent care, and maintenance.

Amounts restricted by donors include contributions to establish a charitable fund to support the community at large and other various donor-restricted purposes.

Funds held by trustee include amounts maintained by a trustee for debt service and to make future principal and interest payments on outstanding long-term debt.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Contributed property is recorded at the estimated fair value at the date of receipt. The Company capitalizes all assets over \$1,000 and depreciation is computed under the straight-line method and is based on estimated useful lives from 3 to 40 years. The cost of maintenance and repairs is expensed as incurred. Interest is capitalized on facilities during the construction period and amortized over the useful life of the facility.

Deposits

Deposits for living units to be occupied in the future are deferred when received and recorded as refundable deposits on the balance sheets. A portion of the deposit is refundable if the resident terminates the continuing care contract. Upon occupancy of the unit, the nonrefundable portion of the deposit is amortized into residential service fees using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deposits (Continued)

The Company also collects deposits from residents related to reserving covered parking on campus. In 2020, the deposit amounts were \$9,500 per parking space of which \$1,500 is recognized as revenue when received. The remaining \$8,000 per deposit is refundable to the resident upon leaving the community or when the resident is no longer in need of covered parking. These deposits are recorded as covered parking deposits on the balance sheets.

Advance Fees

Fees paid by a resident upon entering into a continuing care contract, net of the portion thereof which is refundable to the resident, are recorded as deferred revenue from advance fees and amortized into residential service fees using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis. The refundable portion of fees paid by a resident is recorded as a long-term liability. When a contract is terminated, by death of last survivor or withdrawal, any unamortized deferred revenue is recognized as residential service fees.

Obligation to Provide Future Services

The Company enters into continuing care contracts with its residents. A continuing care contract is an agreement between a resident and the Company specifying the services and facilities to be provided over the resident's remaining life. Under the contracts, the Company has the ability to increase fees as deemed necessary. As of December 31, 2020 and 2019, the Company calculated the present value of the estimated net cost of future services to be provided, including the cost of facilities to current residents, and compares the amount with deferred revenue from advance fees. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from advance fees, an additional liability is shown in the balance sheets. No liability has been recorded as of December 31, 2020 and 2019, as the present value of the estimated net costs of future services and use of facilities is less than deferred revenues from advances fees. The present value of the net cost of future services and use of facilities was discounted at 5.5% in both 2020 and 2019.

Net Assets (Deficit)

The Company reports its net assets (deficit) using the following two classes: net assets without donor restrictions and net assets with donor restrictions depending on the presence and type of donor-imposed restrictions limiting the Company's ability to use or dispose of specific contributed assets or the economic benefits embodied in those assets. Net assets (deficit) without donor restrictions include those net assets whose use is not restricted by donors, even though their use may be limited in other respects, such as by board designation. Net assets with donor restrictions are those net assets whose use by the Company has been limited by donors (a) to later periods of time or after specified dates or (b) to specified purposes.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and Donor-Imposed Restrictions

All contributions are considered to be available without donor restrictions unless specifically restricted by the donor. The Company reports gifts of cash and other assets as restricted contributions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets (deficit) without donor restriction and reported in the statements of operations as net assets released from restriction.

Excess (Deficit) of Revenues, Gains and Other Support Over (Under) Expenses

The statements of operations include excess (deficit) of revenues, gains, and other support over (under) expenses. Changes in net deficit without donor restrictions that are excluded from the excess (deficit) of revenues, gains, and other support over (under) expenses, consistent with industry practice would include permanent transfers of assets to and from affiliates for other than goods and services and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets).

Income Tax Status

The Company has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3).

The Company is not aware of any activities that would jeopardize its tax-exempt status. The Company is not aware of any activities that are subject to tax on unrelated business income or excise or other taxes.

The Company follows guidance in the income tax standard regarding recognition and measurement of uncertain tax positions. The guidance has had no impact on the Company's financial statements.

Reclassifications

Certain items in the 2019 financial statements were reclassified for comparison purposes with the 2020 financial statements. The reclassifications did not result in a change in net deficit as previously reported.

Subsequent Events

In preparing these financial statements, the Company evaluated events and transactions for potential recognition or disclosure through April 22, 2021, the date the financial statements were available to be issued.

NOTE 2 RESIDENT REVENUE

Resident revenue is reported at the amount that reflects the consideration to which the Company expects to be entitled in exchange for providing resident care. The Company generates revenues, primarily by providing housing and health services to its residents. The streams of revenue are recognized as follows:

Monthly Service Fees

The life care contracts that residents select require an advanced fee and monthly fees based upon the type of space for which they apply. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 30 days. The services provided encompass social, recreational, dining along with assisted living and nursing care and these performance obligations are earned each month. Management has determined that the performance obligation for the standing obligation to provide the appropriate level of care is the predominant component and does not contain a lease component. Resident fee revenue for nonroutine or additional services are billed monthly in arrears and recognized when the service is provided.

Entrance Fees

The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and included in liabilities in the balance sheet until the performance obligations are satisfied. The refundable portion of an entrance fee is not considered part of the transaction price and as such is recorded as a liability in the balance sheet. Additionally, management has determined the contracts do not contain a significant financing component as the advanced payment assures residents the access to health care in the future. These deferred amounts are then amortized on a straight-line basis into revenue on a monthly basis over the life of the resident as the performance obligation is the material right associated with access to future services.

Health Care Services

In the facility, the Company provides assisted and nursing care to residents who are covered by government and commercial payors. Management has elected to utilize the portfolio approach in aggregating the revenues under these revenue streams.

NOTE 2 RESIDENT REVENUE (CONTINUED)

Agreements with third-party payors typically provide for payments at amounts less than established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Company's licensed nursing facility participates in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). The nursing facility was paid under the Medicare Prospective Payment System (PPS) for residents who are Medicare Part A eligible and meet the coverage guidelines for skilled nursing facility services. The PPS was a per diem price-based system. CMS finalized the Patient Driven Payment Model (PDPM) to replace the existing Medicare reimbursement system effective October 1, 2019. Under PDPM, therapy minutes are removed as the primary basis for payment and instead use the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variable adjustment factors that change reimbursement rates during the resident's length of stay. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare program are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

Other

Payment agreements with certain insurance carriers provide for payment using prospectively determined daily rates.

Laws and regulations concerning government programs, including Medicare, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various health care organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge the Company's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon the Company. In addition, the contracts the Company has with commercial payors also provide for retroactive audit and review of claims.

GALLOWAY RIDGE, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 2 RESIDENT REVENUE (CONTINUED)

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Company's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations. Adjustments arising from a change in an implicit price concession impacting the transaction price, were not significant in 2020 or 2019.

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Company estimates the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident service revenue in the period of the change. Additional revenue recognized due to changes in its estimates of implicit price concessions, discounts, and contractual adjustments were not considered material for the years ended December 31, 2020 and 2019. Subsequent changes that are determined to be the result of an adverse change in a resident's ability to pay are recorded as bad debt expense.

The Company disaggregates its revenue from contracts with customers by payor source, as the Company believes it best depicts how the nature, timing, and uncertainty of its revenues and cash flows are affected by economic factors. See details on a reportable segment basis in the table below:

NOTES TO FINANCIAL STATEMENTS

NOTE 3 FAIR VALUE MEASUREMENTS

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under and existing accounting standard. The Company emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair values as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include money market funds, mutual funds, common stocks, exchange-traded funds and government securities which are valued based on prices readily available in the active markets in which those securities are traded, and money market funds which are based on their transacted value. Level 2 investments include corporate bonds which are valued on a recurring basis on inputs that are readily available in public markets or can be derived from information available in publicly quoted markets.

The Company does not have any financial assets or liabilities measured on a recurring basis categorized as Level 3, and there were no transfers in or out of Level 3 for years ended December 31, 2020 and 2019. There were no changes during 2020 or 2019 to the Company's valuation techniques used to measure asset fair values on a recurring basis.

NOTE 7 LONG-TERM DEBT (CONTINUED)

In October 2010, the Company issued \$61,180,000 of tax-exempt, fixed rate Retirement Facilities First Mortgage Revenue Bonds (Galloway Ridge Project) Series 2010A (2010A Bonds) and \$15,000,000 of tax-exempt, variable rate Retirement Facilities First Revenue Bonds (Galloway Ridge Project) Series 2010B (2010B Bonds) through the North Carolina Medical Care Commission, the issuing authority. The proceeds of the 2010A and 2010B Bonds were used to construct the expansion of 67 independent living units (66 independent living apartments and 1 independent living villa), 29 assisted living units, of which 15 were designated for dementia care, and 24 skilled nursing units, as well as additional and renovated supportive common areas of the Project. Additionally, proceeds from the 2010A and 2010B Bonds were used to pay a portion of the outstanding loans from the Bank of Scotland and to fund certain debt service reserves and other costs associated with issuance of the 2010A and 2010B Bonds. The Company paid off the 2010B Series Bonds in full during 2014. The Series 2010A Bonds were defeased upon issuance of the Series 2019A Bonds as described below.

In September 2014, the Company issued \$15,495,000 of tax-exempt, adjustable rate First Mortgage Revenue Refunding Bonds (2014A Bonds) through the North Carolina Medical Care Commission. Of this total amount, \$15,000,000 was used to refund the Series 2010B Bonds. The remaining amounts were used for costs of issuance and to fund a debt service reserve fund.

In October 2019, the Company issued \$45,990,000 of tax-exempt, adjustable rate First Mortgage Revenue Refunding Bonds (2019A Bonds) through the North Carolina Medical Care Commission. The Series 2019A Bonds were issued at a premium of \$4,738,876. The proceeds of the Series 2019A Bonds were to be used to advance refund and defease the Series 2010A Bonds.

Under the terms of the master trust indenture and loan agreements underlying the Series 2014A and 2019A Series Bonds, the Company is required to make annual principal and interest payments on unpaid debt and is also required to comply with certain restrictive covenants, including the maintenance of specified ratios, the limitation on incurrence of additional debt, the limitation on liens and the limitation on the transfer of assets. As of December 31, 2020, management feels the Company is in compliance with these covenants.

Principal repayments on the Series 2014A and 2019A Bonds for the next five years and thereafter are summarized as follows:

NOTE 11 COMMITMENTS AND CONTINGENCIES

Insurance

The Company was involved in litigation in the ordinary course of business related to professional liability claims. Management believes all claims will be settled within the limits of insurance coverage. However, the ultimate settlement of these cases and losses, if any, to the Company cannot be estimated at this time. Other claims may be asserted arising from past services provided through December 31, 2020. Management believes these claims, if asserted, would be settled within the limits of insurance coverage. General and professional liability coverage is on a claims-made basis for individual claims up to \$1,000,000 per occurrence, with a total annual aggregate of \$3,000,000.

Regulatory

The health care industry is subject to numerous complex laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services and Medicare fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. The Company believes that they are in compliance with all applicable laws and regulations and are not aware of any pending or threatened investigations involving allegation of potential wrongdoing.

NOTE 12 LIQUIDITY AND AVAILABILITY

As part of its liquidity management, the Company has a policy to structure its financial assets to be available as its general expenses, liabilities, and other obligations come due. In addition, the Company invests cash in excess of daily operating funds in short-term investments such as stocks, bonds, money market funds, and mutual funds.

The following schedule reflects the Company's financial assets to meet cash needs for general expenses within one year. The financial assets were derived from the total assets on the balance sheets by excluding the assets that are unavailable for general expenses in the next 12 months. Board-designated amounts for projects have been included in the schedule below as the board could release these funds for liquidity purposes if needed.

The Company seeks to maintain sufficient liquid assets to cover three months' operating and capital expenses.

The extent to which COVID-19 impacts our results is dependent on the breadth and duration of the pandemic and could be affected by other factors we are not currently able to predict. These impacts may include, but are not limited to, additional costs for responding to COVID-19, potential shortages of healthcare personnel, potential shortages of clinical supplies, loss of, or reduction to, revenue. Management believes the Company is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at this time.

(the "Company"), which comprise the projected balance sheets as of December 31, 2021, 2022, 2023, 2024, and 2025, and the related projected statements of operations and changes in net deficit, and cash flows for the years then ending, and the related summaries of significant projection assumptions and accounting policies in accordance with the guidelines for presentation of a financial projection established by the American Institute of Certified Public Accountants (AICPA). We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not examine or review the projected financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Introduction and Background Information

Basis of Presentation

The accompanying financial projection presents, to the best of the knowledge and belief of management (“Management”) the expected financial position, results of operations and changes in net deficit and cash flows of Galloway Ridge, Inc. (the “Company” or “Galloway Ridge”) as of and for each of the five years ending December 31, 2025 (the “Projection Period”).

Galloway Ridge’s principal purpose is to provide housing and long-term healthcare to residents of Galloway Ridge at Fearrington, a continuing care retirement community, also referred to as a Life Plan Community.

Accordingly, the projection reflects Management’s judgment as of May 21, 2021, the date of this projection, of the expected conditions and its expected course of action. The assumptions disclosed herein are the assumptions which Management believes are significant to the financial projection. There will usually be differences between projected and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Hypothetical Assumptions – A hypothetical assumption is an assumption used in a financial projection to present a condition or course of action that may not occur as expected, but is consistent with the purpose of presentation.

Management has prepared its financial projection with the following hypothetical assumptions:

- The World Health Organization declared the spread of the Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to Galloway Ridge, COVID-19 may impact various parts of its 2021 operations and financial results including but not limited to additional costs for emergency preparedness, disease control and containment, potential shortages of healthcare personnel, or loss of revenue due to reductions in certain revenue streams. The full impact of COVID-19 is unknown and cannot be reasonably estimated as of the date of this Projection. Management has projected that its assisted living, multi-unit assisted housing services, and nursing occupancies would recover to historical operating levels during the years 2021 and 2022. Management has not projected that its access to labor would be materially adversely impacted by COVID-19.

This financial projection is intended solely for the information and use of Management, the Board of Directors, and the North Carolina Department of Insurance (pursuant to the requirements of North Carolina General Statutes, Chapter 58, Article 64 and included in the Company’s disclosure statement filing), and is not intended to be and should not be used by anyone other than these specified parties.

Introduction and Background Information (Continued)

Background of the Company

The Company was formed on September 4, 2001 as a not-for-profit corporation under the laws and regulations of the State of North Carolina. The Company has received an exemption from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and an exemption from state income taxes in North Carolina under its applicable tax provisions. The Company owns and operates a continuing care retirement community ("CCRC") in Pittsboro, Chatham County, North Carolina, known as Galloway Ridge at Ferrington (the "Community").

The Company's board of directors (the "Board") currently consists of twelve voting members (the "Directors") divided into three classes, each with four Directors. In most cases, each Director serves a term of three years. Three of the Directors are residents of the Community. In addition to voting Board members, the Board has appointed the Community's Executive Director/Chief Executive Officer as a non-voting ex-officio member of the Board. Directors, with the exception of the Executive Director/Chief Executive Officer, do not receive compensation for their service to the Company and the Company has a policy that governs the evaluation and disclosure of potential conflicts of interest

Background of the Community

The Community, which began operations in June 2005, is located in "Ferrington Village", a master planned community within residential neighborhoods surrounded by natural woods and farmland that includes dining and shopping at The Shops at Ferrington Village. Ferrington Village also includes the Ferrington House Inn that includes 35 guest rooms and Ferrington Swim and Croquet Club, which offers a croquet lawn, a shuffle board court, tennis courts and swimming pool.

The Company consists of 300 independent living units (the "Independent Living Units"), 22 assisted living units (the "Assisted Living Units"), 14 multi-unit assisted housing with services units ("Multi-Unit Assisted Living Housing with Services Units" or "MAHS Units"), 20 memory support units (the "Memory Support Units"), 40 skilled nursing beds (the "Skilled Nursing Beds"); a wellness center known as the "Duke Center for Living," and related common areas. The Assisted Living Units, MAHS Units, Memory Support Units, and Skilled Nursing Beds are collectively referred to as the "Healthcare Center".

The Community offers certain amenities, including the following: lobby, dining rooms, café/bistro with a lounge, library, billiards room, arts and crafts room, assembly and performing arts areas, walking/biking trails, and gardening spaces. The University of North Carolina at Chapel Hill's Division of Geriatric Medicine in the Department of Medicine in its School of Medicine ("UNC") manages the Community's primary care clinic with UNC medical professionals and provides the Medical Director for the Community. In addition, residents of the Community have access to the existing amenities available in Ferrington Village, including banking, travel, and The Ferrington House Inn and Restaurant.

Health Systems Medical Strategies, Inc., an affiliate of the Duke University Health System, currently provides certain services to the Community, including the management of the wellness center, referred to as the Duke Center for Living, and a primary care clinic. The Duke Center for Living provides residents of the Community with wellness programs, including fitness classes, aquatics, personal training, nutrition counseling, aerobics, yoga, and massage therapy. The Duke Center for Living includes the following: lap and therapy pools, jacuzzi, elevated track, exercise equipment, aerobics classroom, physical therapy and massage rooms. The Healthcare Center

Admission to the Healthcare Center is restricted to those residents who have signed a Residence and Care Agreement (as defined hereinafter) and lived in a non-nursing unit of the Community for a period of at least 30 days, or residents that have signed a MAHS residence and care agreement (the "MAHS Residence and Care Agreement").

Notes:

- (1) Represents first person life care rates. Under terms of the Residence and Care Agreement, as described hereinafter, the second person life care rate may apply to a resident in the Healthcare Center.
- (2) The MAHS Residence and Care Agreement is no longer being offered at the facility. There is only one resident remaining that has an MAHS Residence and Care Agreement as of the date of this report. The MAHS units are also utilized for those life care residents who require catered independent living services.

Description of the Residence and Care Agreement

The residence and care agreement is a life care contract under which the Company is obligated, upon payment by the resident of an entrance fee and ongoing payments of the monthly fee to the Company, to provide certain services to the resident for life (the "Residence and Care Agreement").

Admission Standards

To be accepted for admission to an Independent Living Unit, a prospective resident must be at least 62 years of age at the time of residency, have financial assets adequate to pay the entrance fee, and must have sufficient income to meet the anticipated monthly fee and other personal expenses not provided under the Residence and Care Agreement. In order to reserve an Independent Living Unit, a prospective resident must complete a confidential data application, submit a confidential health questionnaire, and be approved by the Company's medical staff to be physically able to live independently at the Community.

Admission requires a signed Residence and Care Agreement and the payment of an initial entrance fee deposit equal to 10 percent of the applicable entrance fee for the selected Independent Living Unit pricing (the "Entrance Fee Deposit"), as well as a \$300 initial processing fee. Under the Residence and Care Agreement, the remaining 90 percent of the entrance fee is due no later than 90 days after the date that the Company sends written notice to the resident that the Independent Living Unit chosen is or will be ready for occupancy (the "Occupancy Date"), unless other arrangements have been agreed to and approved in writing previously by the Company.

Services and Amenities

Under the Residence and Care Agreement, residents of the Independent Living Units ("Residents") receive the following services and amenities:

- One meal credit per person for each day of the month;
- Weekly housekeeping and laundry service of bed linens;
- All utilities, including basic cable and Wi-Fi but excluding telephone service;
- Security and 24-hour emergency call systems;
- Maintenance of both the unit and the grounds and equipment;

Introduction and Background Information (Continued)

- Scheduled local transportation;
- Planned social, educational, cultural and recreational activities;
- Use of the Community's common areas, private dining and meeting rooms, lounges, lobbies, library, social and recreational rooms, access to the Duke Center for Living and other common activity facilities; and,
- Priority access and services in the Healthcare Center.

In addition to the items included in the monthly fee, certain services are available to Residents for an additional charge. These services include, but are not limited to: guest meals, additional meal credits, beauty and barber services, additional transportation, additional housekeeping services, laundry services for personal items, usage of an available guest suite, and alterations to the residence subject to the Company's policies and approval.

The monthly fee may be revised based on the experience of the Company and estimates of its future costs, at its sole discretion. The Company would endeavor to make such adjustments not more than once a year and would provide 60 days' prior written notice of any such adjustments.

Health Care Benefit

Residents of the Independent Living Units who require assisted living or nursing care may transfer to the appropriate level of care in the Healthcare Center and pay the Life Care Monthly Fee. In the event of double occupancy, the Resident who is transferred to the Healthcare Center would pay the then current second person Monthly Fee, plus the cost of two extra meals (the "Second Person Life Care Monthly Fee"). For the purpose of the projection, the Life Care Monthly Fee and Second Person Life Care Monthly Fee are assumed to approximate the total weighted average for the Independent Living Units (first person and second person rates respectively). Residents are to be given priority admission to the Healthcare Center and must carry Medicare Part A and B and a satisfactory supplemental Medicare policy approved by the Company.

Entrance Fee Refundability

The Company currently offers two entrance fee plans under the Residence and Care Agreement. The entrance fee options and related amortization schedules are as follows:

- The "Amortizing Plan": Fully amortizes over 48 months – 4.0% upon initial occupancy and two percent for each month of occupancy.
- The "75% Refundable Plan": Amortizes 25.0% of its value over 12 months – 1.0% upon initial occupancy and 2.0% for each month of occupancy. Thereafter, 75.0% of the Entrance Fee is refundable upon termination and payable within 30 days following payment of an appropriate Entrance Fee and subsequent occupancy by another Resident of the specific Independent Living Unit resided in by the Resident.

Management assumes new Residents will select the following entrance fee plans during the Projection Period: (85%) Amortizing Plan and (15%) 75% Refundable Plan. Previously, a "90% Refundable Plan" was offered, with 55 Residents remaining with this contract. This plan amortizes 10.0% of its value over five months – 2.0% for each month of occupancy. Beginning in 2012, all new 90% Refundable Plan contracts were refundable within 30 days following payment of an appropriate entrance fee and subsequent occupancy by another Resident of the specific Independent Living Unit resided in by the Resident.

Introduction and Background Information (Continued)

Termination by The Resident Prior to Occupancy Date

Under any type of entrance fee plan, a Resident may terminate the Residence and Care Agreement within a 30-day "Rescission Period" after execution and receive a full refund of his or her entrance fee deposit, less the \$300 non-refundable processing fee, payable within 30 business days of actual notice. After the Rescission Period, if the prospective Resident terminates the Residence and Care Agreement before residency is established, the Resident is to receive a refund equal to 100 percent of the entrance fee deposit less one percent of the entrance fee.

If, prior to establishing occupancy, the current financial statements of the potential Resident discloses that he or she does not meet the financial conditions for admission or if the potential Resident does not meet the medical requirements, the Company may, at its option, terminate the Residence and Care Agreement and refund the entrance fee deposit payable within thirty (30) days.

Termination by the Resident after Occupancy Date

If the Residence and Care Agreement is terminated after occupancy for any reason, or is terminated due to the death of the Resident(s), a portion of the entrance fee is refunded by the Company as determined by the entrance fee plan selected by the Resident. The refund is payable within thirty (30) days following the acceptance of a new Residence and Care Agreement with a new Resident who has accepted and paid the entrance fee for the unit formerly assigned the Resident.

If the Residence and Care Agreement has been signed by two Residents, in the event that one Resident dies or terminates the agreement, the Residence and Care Agreement would continue in effect as to the surviving or the remaining Resident. There would be no refund of any portion of the entrance fee, and the monthly fee would be adjusted to reflect the then applicable single occupancy monthly fee.

Change of Accommodations

To Another Independent Living Unit

The Resident has the option to move to another Independent Living Unit, subject to availability and subject to the Company's policies and procedures. The Resident would be required to notify the Company in writing at least 90 days prior to the desired move date. Either a new Residence and Care Agreement would be entered into or the existing Residence and Care Agreement would be amended to reflect the change in residence, and the Resident would be required to pay the adjustment of the entrance fee (if higher) for the Independent Living Unit selected, and any moving costs would be at the expense of the Resident.

To the Healthcare Center

No refund of the entrance fee is due at the time the sole occupant of an Independent Living Unit is permanently transferred to the Healthcare Center.

Summary of Significant Accounting Policies

Basis of Accounting

The Company maintains its accounting and financial records according to the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of projected financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported as assets and liabilities and disclosure of contingent assets and liabilities in the projected financial statements and accompanying notes. Estimates also affect the reported amount of revenues and expenses during the reporting period. Estimates made by the Company relate primarily to the collectability of accounts receivable, the obligation to provide future services, the life expectancy used to amortize deferred revenue from entrance fees and the portion of entrance fees to be refunded. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments, other than those included in assets limited as to use, with a maturity of three months or less when purchased, to be cash equivalents.

Accounts Receivable

Accounts receivable is reported at estimated net realizable amounts from Residents and responsible third-party payers. Amounts owed to the Company are reported net of allowances for uncollectible accounts. Specific balances are written off at the time they are determined to be uncollectible.

Deferred Financing Costs

Costs associated with the issuance of the Series 2014A Bonds and the Series 2019A Bonds (collectively the "Bonds") are capitalized and amortized over the expected life of the Bonds using the effective interest method. Debt issuance costs are presented with the related debt on the balance sheet.

Assets Limited as to Use

Assets limited as to use include reserves required by state statute, contributions that have been restricted by donors, funds that have been designated by the Board, and funds held by trustee. Reserves required by state statute represent an amount set aside to meet the requirements of North Carolina General Statute Chapter 58, Article 64. Under this legislation, the Company is required to maintain an operating reserve at least equal to 25% (50% if occupancy is less than 90%) of the current year's projected operating costs as defined by the statute.

Additional funds designated by the Board include funds that have been earmarked for capital improvements, benevolent care, and maintenance.

Amounts restricted by donors include contributions to establish a charitable fund to support the community at large and other various donor-restricted purposes.

Summary of Significant Accounting Policies (continued)

Funds held by trustee include amounts maintained by a trustee for debt service and to make future principal and interest payments on outstanding long-term debt.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Contributed property is recorded at the estimated fair value at the date of receipt. The Company capitalizes all assets over \$1,000 and depreciation is computed under the straight-line method and is based on estimated useful lives from 3 to 40 years. The cost of maintenance and repairs is expensed as incurred. Interest is capitalized on facilities during the construction period and amortized over the useful life of the facility.

Deposits

Deposits for living units to be occupied in the future are deferred when received and recorded as refundable deposits on the projected balance sheets. A portion of the deposit is refundable if the Resident terminates the continuing care contract. Upon occupancy of the unit, the nonrefundable portion of the deposit is amortized into residential service fees using the straight-line method over the estimated remaining life expectancy of the Resident, adjusted on an annual basis.

The Company also collects deposits from Residents related to reserving covered parking on campus. Deposit amounts are \$9,500 per parking space of which \$1,500 is recognized as revenue when received. The remaining \$8,000 per deposit is refundable to the Resident upon leaving the community or when the Resident is no longer in need of covered parking. These deposits are recorded as covered parking deposits on the projected balance sheets.

Refundable Entrance Fee Deposits

Deposits for Independent Living Units to be occupied in the future are deferred when received. A portion of the entrance fee deposit is refundable if the Resident terminates the Residence and Care Agreement. Upon occupancy of the Independent Living Unit, the entrance fee deposit is amortized into net resident services revenue using the straight-line method over the estimated remaining life expectancy of the Resident, adjusted on an annual basis.

Refunds Payable

Refunds payable include estimated entrance fee refunds due to Residents, within the 12 months following the projected balance sheet date, that have the 75 percent and 90 percent refundable contracts. The Company stipulates that the refund is payable upon termination and payable within 30 days following payment of an appropriate entrance fee and subsequent occupancy by another Resident of the specific Independent Living Unit resided in by the Resident.

Summary of Significant Accounting Policies (continued)

Deferred Revenue from Entrance Fees

The non-refundable portion of entrance fees paid by a Resident upon entering into Residence and Care Agreement are recorded as deferred revenue and amortized into income using the straight-line method over the estimated remaining life expectancy of the Resident, adjusted on an annual basis. The estimated amount of the contractual refund obligations that are expected to be refunded in a subsequent year are classified as a current liability on the projected balance sheet. The refundable portion of entrance fees paid by a Resident is recorded as a long-term liability on the projected balance sheet.

Obligation to Provide Future Services

The Company enters into continuing care contracts with its Residents. A continuing care contract is an agreement between a Resident and the Company specifying the services and facilities to be provided over the Resident's remaining life. Under the contracts, the Company has the ability to increase fees as deemed necessary. As of December 31, 2020, the Company calculated the present value of the estimated net cost of future services to be provided, including the cost of facilities to current Residents, and compares the amount with deferred revenue from advance fees. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from advance fees, an additional liability is shown in the projected balance sheets. No liability was recorded as of December 31, 2020, as the present value of the estimated net costs of future services and use of facilities is less than deferred revenues from advances fees. The present value of the net cost of future services and use of facilities was discounted at 5.5% in 2020. Management has not projected any obligation to provide future services during the Projection Period.

Contributions and Donor Imposed Restrictions

All contributions are considered to be available without donor restrictions unless specifically restricted by the donor. The Company reports gifts of cash and other assets as restricted contributions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets (deficit) without donor restriction and reported in the projected statements of operations as net assets released from restriction.

Net Assets

The Company reports its net assets (deficit) using the following two classes: net assets without donor restrictions and net assets with donor restrictions depending on the presence and type of donor-imposed restrictions limiting the Company's ability to use or dispose of specific contributed assets or the economic benefits embodied in those assets. Net assets (deficit) without donor restrictions include those net assets whose use is not restricted by donors, even though their use may be limited in other respects, such as by board designation. Net assets with donor restrictions are those net assets whose use by the Company has been limited by donors (a) to later periods of time or after specified dates or (b) to specified purposes.

Summary of Significant Accounting Policies (continued)

Resident Services Revenue

Resident revenue is reported at the amount that reflects the consideration to which the Company expects to be entitled in exchange for providing resident care. The Company generates revenues, primarily by providing housing and health services to its Residents. The streams of revenue are recognized as follows:

Monthly Service Fees

The life care contracts that Residents select require an advanced fee and monthly fees based upon the type of space for which they apply. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 30 days. The services provided encompass social, recreational, dining along with assisted living and nursing care and these performance obligations are earned each month. Management has determined that the performance obligation for the standing obligation to provide the appropriate level of care is the predominant component and does not contain a lease component. Resident fee revenue for nonroutine or additional services are billed monthly in arrears and recognized when the service is provided.

Entrance Fees

The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and included in liabilities in the projected balance sheet until the performance obligations are satisfied. The refundable portion of an entrance fee is not considered part of the transaction price and as such is recorded as a liability in the projected balance sheet. Additionally, management has determined the contracts do not contain a significant financing component as the advanced payment assures Residents the access to health care in the future. These deferred amounts are then amortized on a straight-line basis into revenue on a monthly basis over the life of the Resident as the performance obligation is the material right associated with access to future services.

Health Care Services

In the facility, the Company provides assisted and nursing care to Residents who are covered by government and commercial payors. Management has elected to utilize the portfolio approach in aggregating the revenues under these revenue streams.

Agreements with third-party payors typically provide for payments at amounts less than established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Company's licensed nursing facility participates in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). CMS utilizes the Patient Driven Payment Model (PDPM) for Medicare reimbursement. Under PDPM, therapy minutes are removed as the primary basis for payment and instead use the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variable adjustment factors that change reimbursement rates during the Resident's length of stay. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare program are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the

Summary of Significant Accounting Policies (continued)

requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

Other

Payment agreements with certain insurance carriers provide for payment using prospectively determined daily rates.

Laws and regulations concerning government programs, including Medicare, are complex and subject to varying interpretation. As a result of investigations by governmental agencies, various health care organizations have received requests for information and notices regarding alleged noncompliance with those laws and regulations, which, in some instances, have resulted in organizations entering into significant settlement agreements. Compliance with such laws and regulations may also be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties, and potential exclusion from the related programs. There can be no assurance that regulatory authorities will not challenge the Company's compliance with these laws and regulations, and it is not possible to determine the impact (if any) such claims or penalties would have upon the Company. In addition, the contracts the Company has with commercial payors also provide for retroactive audit and review of claims.

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Company's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations.

Generally, Residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Company estimates the transaction price for Residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent changes to the estimate of the transaction price are generally recorded as adjustments to resident service revenue in the period of the change. Subsequent changes that are determined to be the result of an adverse change in a Resident's ability to pay are recorded as bad debt expense.

Excess (Deficiency) Revenues, Gains, and Other Support

The projected statements of operations include excess (deficit) of revenues, gains, and other support over (under) expenses. Changes in net deficit without donor restrictions that are excluded from the excess (deficit) of revenues, gains, and other support over (under) expenses, consistent with industry practice would include permanent transfers of assets to and from affiliates for other than goods and services and

contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purpose of acquiring such assets).

Income Taxes

The Company has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). The Company is not aware of any activities that would jeopardize its tax-exempt status. The Company is not aware of any activities that are subject to tax on unrelated business income or excise or other taxes. The Company follows guidance in the income tax standard regarding recognition and measurement of uncertain tax positions. Management has not projected any liability due to an uncertain tax position during the Projection Period.

Summary of Revenue Assumptions

Revenues

Revenue for the Company is generated primarily from monthly service fees for the Independent Living Units, amortization of entrance fees, and monthly service fees and per diem charges from the Healthcare Center, and wellness center fees (Duke Center for Living).

Resident service revenue for Residents in the Independent Living Units is based on the assumed occupancy and the monthly fees of the respective units. The monthly fees for the Independent Living Units are assumed to increase 4.0 percent annually beginning January 1, 2022.

Healthcare Center monthly fees and daily fees are generated from Residents transferring internally and from the outside community. Residents transferring from the Independent Living Units to the Assisted Living Units, MAHS Units, Memory Support Units, or Skilled Nursing Beds receive such services at no additional charge over the Resident's Independent Living Unit monthly fee then in effect, with the exception of a charge for two additional meals and other ancillary revenues such as in-home services and billable supplies. Healthcare Center fees, including Medicare rates, are assumed to increase 4.0 percent beginning January 1, 2022 and annually thereafter.

The following table summarizes the assumed utilization of the Community's Independent Living Units and Healthcare Center.

Summary of Revenue Assumptions (continued)

Assumed Independent Living Turnover

The assumed Resident turnover for the Independent Living Units due to death, withdrawal or transfer to the Healthcare Center, and double occupancy of the Independent Living Units has been based on the historical experience of Management. Refunds of entrance fees are generated upon termination of the Residence and Care Agreement and withdrawal from the Community, subject to the re-occupancy of the Independent Living Unit. Entrance Fees may be generated from Independent Living Units turning over without a corresponding refund because the Resident has not withdrawn from the Community but has permanently transferred to the Healthcare Center.

Entrance fees are assumed to increase 2.0 percent annually during the Projection Period. The following table summarizes entrance fees received and refunded during the Projection Period.

Risks and Uncertainties

The World Health Organization declared the spread of the Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to Galloway Ridge, COVID-19 may impact various parts of its 2021 operations and financial results including but not limited to additional costs for emergency preparedness, disease control and containment, potential shortages of healthcare personnel, or loss of revenue due to reductions in certain revenue streams. The full impact of COVID-19 is unknown and cannot be reasonably estimated as of the date of this Projection. Management has projected that its Company's assisted living, MAHS, and nursing occupancies would recover to historical operating levels during the years 2021 and 2022. Management has not projected that its access to labor would be materially adversely impacted by COVID-19

Summary of Actuarial Study

MILLIMAN REPORT

Actuarial Study for Galloway Ridge at Fearington

As of December 31, 2018

Gregory T. Zebolsky, FSA, MAAA
Justin Songster, FSA, MAAA

B. SUMMARY OF FINDINGS

Relating to Study Objectives:

- The actuarial balance sheet for current residents develops a deficit of \$11,899,113, or approximately 3.6% of assets, demonstrating that Galloway Ridge does not have enough resources available for current residents (including the actuarial present value of periodic fees expected to be paid in the future by present residents) to cover existing liabilities and the actuarial present value of the expected costs associated with the obligations to such residents under their agreements. See Section 5 for further information and analysis.
- The cash flow projection shows positive cash balances in each of the ten years. Cash flows are positive in 2019, negative in 2020-2021, and positive and increasing thereafter. This is a good and necessary result for an actuarially priced CCRC. See Section 4 for further information and details.
- The actuarial pricing analyses in this study indicate pricing surplus ranging from 13% to 15% of assets for new residents entering Galloway Ridge under the residency agreements offered. This means, for a typical cohort of new entrants, that the sum of the advance fee paid at occupancy plus the actuarial present value at occupancy of the new residents' expected future periodic fees is sufficient to cover the actuarial present value at occupancy of the costs of performing all obligations assumed by the Community for this cohort. This result holds for each version of the Residency Agreement:
 - Traditional (Plan A) - declining refund – pricing surplus of 15% of assets.
 - 90% Return of Capital (ROC) (Plan B) – pricing surplus of 13% of assets.
 - 75% ROC (Plan C) – pricing surplus of 13% of assets.

See Section 6 for further information and analysis.

- Because of the deficit on the actuarial balance sheet, we must find that the financial condition of Galloway Ridge is not in satisfactory actuarial balance as of December 31, 2018.
- The actuarial balance sheet deficit deserves further comment. The deficit declined from 4.9% of assets at December 31, 2015 (restated) to 3.6% of assets at December 31, 2018. ILU occupancy remains high and has actually increased slightly since our last study. The actuarial value of long-term debt declined in the last three years, due to principal payments made on the 2010A and 2014A bonds. As indicated above, future new entrants at Galloway Ridge will contribute to surplus in the future as they replace existing residents who vacate their units due to death, transfer, or withdrawal.
- Based on our knowledge and experience with other CCRCs, we do not believe the actuarial balance sheet deficit is a cause for concern, so long as occupancy levels at Galloway Ridge remain high. The combination of continued high occupancy, actuarial pricing surplus, and future expected reductions in long-term debt should result in continued improvement in the balance sheet position. The consequence of the actuarial balance sheet deficit is that, for Galloway Ridge to remain viable, future new entrants must subsidize current residents, at least for a period of time. We recommend that Galloway Ridge work to continue to reduce the actuarial balance sheet deficit and to establish a level of surplus of at least 5% of assets.

SUMMARY OF FINDINGS (continued)

Relating to Community Operations:

- As of December 31, 2018, the valuation date of this study, 283 of the 300 independent living units at Galloway Ridge were occupied. Since our last study (as of December 31, 2015), actual occupancy has increased from 281 units (94% of available) to 283 units (94% of available). For purposes of the population and financial projections in this study, we have assumed that occupancy will increase to 285 units (95% of available units) by December 31, 2019 and remain at that level thereafter. This assumption is critical to the outcome of the cash flow projection, the actuarial balance sheet, and the actuarial pricing analysis.
- In the last three years, Galloway Ridge has experienced the following:
 - ILU mortality rates that are lower than industry standards (as observed by Milliman).
 - Rates of transfer to ALU (including memory care) that are higher than industry standards.
 - Rates of transfer to SNF that are lower than industry standards.
 - Rates of transfer from ALU to SNF that are lower than industry standards.
 - ALU mortality rates that are higher than industry standards.
 - SNF mortality rates that are similar to industry standards.
 - Rates of withdrawal that are similar to industry standards.
 - Utilization of home health care that is lower than industry standards. Residents in ILU may receive home health or companion care from the Galloway Ridge in-house program or from outside caregivers or home health agencies. Approximately 9% of ILU residents receive assistance with activities of daily living or other care. This is a low level when compared with other CCRCs that Milliman consults with.
 - Ages of residents at entry that are lower than industry standards for both single new entrants and couples. Recent new entrant average ages are approximately 79.5 for singles and 77.4 for couples.
- As a result of the above experience, and after discussions with management and representatives of Galloway Ridge, we made several adjustments to our assumed rates of mortality and morbidity (permanent transfer to ALU and SNF). While we did not give full credibility to the above experience, we did reflect it in making these adjustments.

We have based our assumed rates of mortality, permanent transfer, and withdrawal, used in the resident population projections, in part on the actual experience at Galloway Ridge; however, the historical resident experience at any one community is not 100% statistically credible. Actuaries working with CCRCs usually consider other industry experience, including specific experience at other communities the actuary works with, when setting actuarial assumptions for population projections at a particular community. As a result, the Galloway Ridge population projections may show projected deaths, transfers and withdrawals that do not duplicate historical experience.

SUMMARY OF FINDINGS (continued)

It is important for the reader of this study to understand that actual future experience at any one CCRC will almost certainly vary from that expected, and our projections provide only the baseline, or expected, results. We will continue to monitor actual experience at Galloway Ridge in future years and modify assumptions as appropriate in future actuarial studies.

- At December 31, 2018, there were 42 permanent contractual residents in the ALU. Throughout this report, “ALU” will refer to the assisted living, memory care, and catered living (MUAHS) units at the Arbor Health Center. Our baseline population projections indicate that the number of permanent contractual residents in the ALU will increase to 47 within five years and 48 within ten years. While in the past there have been outside private pay residents in the ALU, management has decided not to allow future new private pay residents. For purposes of the financial projections in this study, we are assuming that Galloway Ridge will not fill assisted living units with outside private pay residents.
- At December 31, 2018, there were 27 permanent residents in the SNF. As shown on the summary population projection page for SNF utilization, we expect the number of permanently assigned residents to increase to approximately 30 within five years and 32 within ten years. An additional 5 beds are projected to be occupied by temporary transfers to the SNF. It is possible that future SNF utilization could exceed the 40-bed capacity. We have also assumed that there will be two contractual Medicare residents over all years of our projections. In addition, Galloway Ridge may need to provide higher levels of care in the ALU for short periods of time or arrange for additional temporary care at outside nursing facilities when needed. Galloway Ridge does not intend to utilize SNF beds by outside private pay or medicare residents. There have such residents in the SNF in the past, but we are assuming no private pay residents in future years.
- Since our last actuarial study, operating expenses have increased less than expected (approximately 2.6% annually since 2015) and contractual resident’s monthly service fees have also increased less than expected (approximately 2.9% per year since 2015). Based on discussions with representatives of Galloway Ridge, we have assumed that both operating expenses and monthly fees will increase 3.5% annually in future years.

either of you) live unless you (both of you if there are two of you) are unable to continue occupying a Residence as set forth in our Aging in Community Policy, or this Agreement is canceled by you or by us. If, in the opinion of your attending physician or the Medical Director, your physical or mental health requires that assisted living services or nursing care services be given, you may be required to relocate to The Arbor where we are licensed to provide such care. If there are two of you under this Agreement and one of you dies or relocates to The Arbor, or for some other reason is unable to occupy the Residence, the remaining person may continue to occupy the Residence under the terms of this Agreement. It is understood that this Agreement is not a lease and does not transfer or grant any interest in the real or personal property owned by Galloway Ridge other than the rights and privileges as described in this Agreement. Galloway Ridge reserves the right to relocate you to another accommodation when deemed necessary in order for Galloway Ridge to fulfill its strategic, financial or other obligations. Galloway Ridge will use reasonable efforts to relocate you to an accommodation of the same or similar type as your accommodation. Any such decision to relocate you will be discussed thoroughly with you in order to enlist your understanding of the need for and cooperation with the relocation. Galloway Ridge will pay all required packing and moving costs, and all reasonable refurbishing costs necessary to achieve substantial comparability between your accommodation and any new accommodation to which you may be relocated.

4. ASSISTED LIVING SERVICES AND NURSING CARE SERVICES. To the extent we are licensed by the State of North Carolina, we will provide assisted living services and nursing care services in the Community's health center, The Arbor ("Arbor").

4.1 Relocation to The Arbor. If, in the opinion of your attending physician or the Medical Director (after consultation with you to the extent possible and your responsible party, if any), you require assisted living services or nursing care services, you will relocate to the appropriate area of The Arbor, where we are licensed to provide such services. Any relocation will be in accordance with Section 4.2.1 or 4.2.2 if there is one of you and Section 4.2.3 if there are two of you. Charges for your accommodations and services at The Arbor may depend upon whether you release your Residence for occupancy by someone else.

4.2 Terms of Assignment. Usually you will be considered temporarily assigned to The Arbor for 90 or fewer consecutive days of care. However, you may be considered permanently assigned during the 90 consecutive days of care if, in the opinion of your attending physician or the Medical Director (after consultation with you to the extent possible and your responsible party, if any), it is determined that long-term assisted living or nursing care services are needed. If you require more than 90 consecutive days of assisted living or nursing care services, you will be considered permanently assigned to The Arbor, unless we determine there is still potential for you to return to your Residence.

4.2.1 Temporarily Assigned When There is One of You. When temporarily assigned to The Arbor, your Residence will remain assigned to you. You will continue to pay the Monthly Fee for your Residence, along with the charge for two additional meals per day and charges for any additional services provided to you.

4.2.2 Permanently Assigned When There is One of You. When permanently assigned to The Arbor, we may assign your Residence for occupancy by someone else. You will continue to pay the Monthly Fee for your Residence, along with the charge for two additional meals per day and charges for any additional services provided to you.

4.2.3 Temporarily or Permanently Assigned When There are Two of You. When there are two of you, and one of you requires assisted living or nursing care services, one of you may continue to occupy the Residence under the terms of this Agreement, while the other is assigned to The Arbor. When temporarily or permanently assigned to The Arbor, you will continue to pay your Monthly Fee along with the charge for two additional meals per day and charges for any additional services provided to you. In the event the first Resident dies while the other Resident is assigned to The Arbor, the Resident in The Arbor will cease paying the second person Monthly Fee and will pay the first person Monthly Fee.

4.3 Alternate Accommodations. In the event you need assisted living or nursing care services and The Arbor is fully occupied, we will make arrangements for your care, which may require your temporary relocation to another health care facility that is licensed to provide you with the assisted living or nursing care you require. Upon your relocation, you shall continue to be responsible for the charges set forth in Section 4 herein. To the extent we would be liable for your care and accommodations in The Arbor under this Agreement we will be responsible for the charges associated with alternate accommodations. You agree to relocate to The Arbor when a space becomes available. However, should you need care which we are not licensed to provide or which The Arbor does not have the appropriately trained staff to provide, or does not routinely provide, you agree to relocate to a facility that can provide you with the appropriate level of care. Except as expressly stated in this Agreement, we will not be responsible for the charges for this higher level of care or private duty care.

4.4 Return to Residence. If you released your Residence because you have moved to The Arbor, and if later you are able, in the opinion of the Medical Director or your attending physician with the concurrence of the Medical Director, to return to a residence, we will provide you a residence of similar type as your previous Residence as soon as one becomes available. Upon reoccupying a residence, your Monthly Fee will be based on the then-current Monthly Fee for the new residence.

4.5 Medical Director and Ancillary Services. A licensed physician will be designated to act as Medical Director for the Community. You will be at liberty to engage the services of the Medical Director or the services of a physician of your choice at your own expense. We will not be responsible for the charges for medical treatment by the Medical Director, or any other physician, nor will we be responsible for the charges for medicine, drugs, prescribed therapy, and other similar services and supplies. In the event we incur or advance charges for your medical treatment or for medicine, drugs, prescribed therapy, pharmaceutical supplies, personal laundry, rental of equipment, and other similar services and supplies, you will reimburse us for such charges.

4.6 Non-Resident Use of The Arbor. We may offer accommodations and services in The Arbor to qualified non-residents for a fee, to the extent space is available and as allowed by

North Carolina law. However, residents of the Community will be given priority access to The Arbor.

4.7 Long-Term Care Insurance. We will use reasonable efforts to assist you in working with your long-term care insurance provider to obtain the benefits to which you may be entitled.

4.8 Health Care Outside the Community. In the event you receive care, or choose to receive care at another health care facility not designated by us, we will not be responsible for the charges incurred there by you. However, if an accident or illness occurs while you are traveling or visiting away from the Community, you shall make every reasonable effort to notify us as soon as possible, and if nursing or assisted living care is required, you shall arrange to return to the Community as soon as reasonably possible. We will be responsible for costs of nursing and assisted living services covered under this Agreement that are incurred by you in another nursing or assisted living facility as a result of such accident or illness. Our responsibility for such nursing or assisted living facility charges will be limited to our per diem charge for the same level of care at the Community. You will be responsible for other costs such as hospitalization, physicians' fees and transportation, as noted herein, which shall be paid by you or your personal insurance. In the event an outside healthcare provider seeks payment from you for nursing or assisted living services rendered, we shall assume responsibility for payment if such services are services which we agree to furnish to you in this Agreement up to our per diem charge for the same level of care at the Community.

4.9 Assisted Living Residency Agreement or Skilled Nursing Admission. If you require assisted living or nursing care services, you agree to provide all necessary documentation to allow for admission to The Arbor.

4.10 Supplemental Insurance. You are required to maintain Medicare Part A, Medicare Part B, and one supplemental health insurance policy or equivalent insurance coverage acceptable to us to assure your ability to fully cover a Medicare-qualified stay in The Arbor. Such supplemental insurance should cover Medicare co-insurance and deductibles. You shall furnish to us such evidence of coverage as we may from time to time request. Should your supplemental health insurance or equivalent coverage not fully cover a Medicare-qualified stay in The Arbor, or should you fail to purchase supplemental health insurance or equivalent coverage to fully cover a Medicare-qualified stay in The Arbor, you shall be financially responsible for paying to us deductibles, co-insurance amounts, and any other charges for each Medicare-qualified stay in The Arbor. If failure to maintain Medicare Part A, Medicare Part B, or supplemental health insurance causes depletion of your resources and impairs your ability to meet your financial obligations, we need not defer your financial obligations as provided in Section 9.2, and we retain the right to revoke your entitlement to reside at the Community and we retain the right to cancel this Agreement as provided in Section 9.

4.11 Managed Care. If you have chosen to participate in a managed care program as an alternative to Medicare Part A, Medicare Part B, and supplemental insurance coverage, the terms governing The Arbor care will be as follows:

4.11.1 Participating Provider. If we are a participating provider with your managed care program and your stay is a Medicare-qualified stay, we will agree to accept, as full payment, reimbursement at the rate we negotiate with your managed care program.

4.11.2 Not a Participating Provider. If we are not a participating provider with your managed care program and you choose to receive health care services at a managed care participating provider during a Medicare-qualified stay, then you understand and agree that you must relocate for as long as necessary for those services, and be responsible for all charges for those health care services. In addition, while receiving health care services at the managed care participating provider, you understand and agree that unless this Agreement is canceled, you will continue to pay the Monthly Fee for your Residence.

4.11.3 Negotiated Managed Care Rate. If we are not a participating provider in your managed care program and you would still like to receive health care services in The Arbor during a Medicare-qualified stay, we will attempt to negotiate an acceptable reimbursement rate with your managed care program. If we are able to negotiate an acceptable rate, we will agree to accept as full payment the rate provided by your managed care program.

4.11.4 No Negotiated Managed Care Rate. If we are not a participating provider in your managed care program and a negotiated rate is not agreed upon between us and your managed care program and you would still desire to receive health care services in The Arbor during a Medicare-qualified stay, you agree that you will continue to pay the Monthly Fee for your Residence adjusted for the two additional meals per day at the then-current charges for meals and any additional services as described in Section 4.5.

4.11.5 Post Medicare-Qualified Stay. At the conclusion of each such Medicare-qualified stay, you will be entitled to health care services in The Arbor in accordance with the terms of this Agreement other than as set forth in this Section 4.12.

4.12 Effect of Permanent Assignment to The Arbor. If you (both of you, if there are two of you) are permanently assigned to The Arbor, this Agreement shall not be canceled and shall remain in full force and effect, and you will be responsible for paying the Monthly Fee and any other fees or charges for your care in The Arbor. Further, if within 12 months prior to your permanent assignment to The Arbor you moved from the Residence identified in the Introduction to this Agreement to a residence with a lower Monthly Fee, your Monthly Fee for The Arbor will be equal to the Monthly Fee of the Residence identified in this Agreement. You will also pay an additional Monthly Fee if you choose not to release your Residence while you (both of you, if there are two of you) are permanently assigned to The Arbor.

5. ENTRANCE FEE. Your Entrance Fee is \$ _____, and an additional Second Person Entrance Fee of \$ _____ if there are two of you under this Agreement. Your total Entrance Fee is \$ _____. This Entrance Fee applies only to the Residence specified in this Agreement, and will not increase as to that Residence after this Agreement is signed by you and Galloway Ridge. Your Entrance Fee will be paid by check or wire transfer.

5.1 Entrance Fee Deposit. To reserve your Residence at the Community, at the time of executing this Agreement, you will pay to us a deposit in the amount of \$_____ (an amount no less than typically equal to 10% of your total Entrance Fee).

5.2 Balance of Entrance Fee. The remaining balance of your total Entrance Fee is \$_____ and will be paid to us on the earlier of (i) occupancy; or (ii) within 90 days of the date you execute this Agreement.

5.3 Adjustments for Change in Residence. If after occupancy of the Residence you desire to move to a different residence for which the then-current Entrance Fee is higher or lower than the Entrance Fee for the Residence identified in this Agreement, you will be required to execute a Residence Transfer Amendment for the new residence. Any adjustment to the Entrance Fee will be determined at the time of the requested change in residences, and will be addressed in the Residence Transfer Amendment.

6. MONTHLY FEE AND OTHER CHARGES

6.1 Application Fee. Prior to or at the time you execute this Agreement, you will pay to us a non-refundable Application Fee of \$_____. The Application Fee will be used by us to process your application for residency.

6.2 Monthly Fee. You will pay a Monthly Fee for the services and amenities provided under Section 1. The current Monthly Fee is \$_____ per month for one person and an additional \$_____ per month if there are two of you.

6.3 Monthly Fee Changes. We may adjust your Monthly Fee upon 60 days' advance written notice, if in our sole discretion, we deem it necessary to meet the financial needs of operating the Community or to provide services and amenities to residents (or without notice if such change in the Monthly Fee is required by local, state, or federal laws or regulations).

6.4 Payment. You will pay a pro rata portion of the Monthly Fee commencing on the earlier of (i) occupancy or (ii) within 90 days of the date you execute this Agreement. Thereafter, your Monthly Fee will be payable each month in advance. Billing statements showing amounts due, including the Monthly Fee and any Extra Charges for the additional services obtained during the preceding month, will be distributed on or before the third business day of the month, and payments will be due upon receipt of a billing statement, but no later than the fifteenth day of each month.

6.5 Late Payment. A late payment charge will be assessed at the rate of 1% per month on the total delinquent amounts due. Late payment charges will not be compounded and will not be included in the total delinquent amounts computed for determining any late payment charge assessed in any succeeding month. The 1% late payment charge is waived if payment is delayed due to slow processing by your supplemental insurance carrier. However, we do not waive our right to cancel this Agreement for nonpayment of fees subject to Section 9 of this Agreement.

6.6 Cease Payment of Monthly Fee for Residence. The Monthly Fee for your Residence will cease in accordance with Section 8 or 9 if you (both of you if there are two of you) die, or if you or we cancel this Agreement. In the event there are two of you who occupy the Residence and only one of you cancels this Agreement or dies, the second person Monthly Fee will cease and the remaining person will continue to pay the first person Monthly Fee.

7. REPAYMENT OF ENTRANCE FEE.

7.1 Repayment of Entrance Fee Prior to Occupancy.

7.1.1 Non-acceptance. If we do not accept you for residency, the portion of the Entrance Fee you have paid will be repaid to you, without interest, within 30 days of our notice to you of non-acceptance.

7.1.2 Right of Rescission Period. If you rescind this Agreement pursuant to Section 8.1.1, the portion of the Entrance Fee you have paid will be repaid to you without interest within 30 days of our receipt of your written notice of cancellation, except that we will retain an amount equal to any charges specifically incurred by us at your request, if any, and which are set forth in a separate addendum to this Agreement. You shall not be required to move into the Community before expiration of the 30-day rescission period.

7.1.3 Change in Condition. If prior to occupancy this Agreement is cancelled pursuant to Section 8.1.2, we will return to you or your legal representative, without interest, the portion of the Entrance Fee which you have paid to us within 60 days of our receipt of your written notice of cancellation, except that we will retain an amount equal to any charges specifically incurred by us at your request, if any, and which are set forth in a separate addendum to this Agreement.

7.1.4 Cancellation for Reasons Other Than Set Forth in 7.1.1, 7.1.2, and 7.1.3. If prior to occupancy you wish to cancel this Agreement for a reason other than those set forth in Sections 7.1.1, 7.1.2, or 7.1.3, you must give us written notice of cancellation by registered or certified mail. Upon our receipt of your written notice, this Agreement will be cancelled, and we will attempt to obtain a new resident for the Residence. In such event, upon occupancy of the Residence by the new resident, and within 30 days of our receipt of the Entrance Fee paid by the new resident, we will remit to you or your legal representative, without interest, the portion of the Entrance Fee which you have paid to us, less a non-refundable fee consisting of: (i) 1% of your total Entrance Fee as specified in Section 5, and (ii) an amount equal to any charges specifically incurred by us at your request and which are set forth in a separate addendum to this Agreement.

7.2 Repayment of Entrance Fee after Occupancy. Within the first 12 months of occupancy, should you or we cancel this Agreement pursuant to Sections 8 or 9, or in the event of your death (the death of the survivor if there are two of you), we will remit the Entrance Fee paid, without interest and less 1% upon assuming occupancy and less 2% per month for each subsequent month or partial month of occupancy. After 12 months of occupancy, should you or we cancel this Agreement pursuant to Sections 8 or 9, or in the event of your death (the death of the survivor if there are two of you), we will remit to you (or your estate) an amount equal to

75% of the Entrance Fee, without interest. Such repayment will be made upon occupancy of the Residence by a new resident and within 30 days of our receipt of the proceeds paid by the new resident.

7.3 Right of Offset. We have the right to offset against any Entrance Fee repayment any unpaid Monthly Charges owed by you, any unreimbursed charges for care at The Arbor we have advanced on your behalf, any amounts deferred by us under Section 9.2, and any other sums owed by you to us. Any amounts owed by you to us will be payable with interest subject to the then-current prime interest rate as charged by our primary financial institution.

7.4 Beneficiary Designation. You may designate a beneficiary for receipt of any repayable portion of the Entrance Fee if the designation is in writing, the designation is witnessed by two competent witnesses, the designation is non-contingent, the designation is specified in percentages and accounts for 100%, and the designation has received our approval. An Assignment of Rights to Repayment may be obtained from the Community's business office.

8. YOUR CANCELLATION RIGHTS.

8.1 Prior to Occupancy.

8.1.1 Right of Rescission. Within 30 days following the later of the execution of this Agreement by you or the receipt of a Disclosure Statement from us, you may rescind this Agreement by giving us written notice. You shall not be required to move into the Residence prior to the expiration of the 30-day rescission period. However, if you occupy the Residence during the rescission period and then rescind this Agreement, you will only be charged a Monthly Fee for the period of time that you actually occupied the Residence. Repayment of the Entrance Fee shall be as outlined in Section 7.1.2.

8.1.2 Due to Change in Condition. If, on account of illness, injury, incapacity or death, you are precluded from occupying the Residence under the terms of this Agreement, this Agreement will automatically cancel upon our receipt of written notice of your illness, injury, incapacity or death. Repayment of the Entrance Fee shall be as outlined in Section 7.1.3.

8.1.3 Other Reasons. If you wish to cancel this Agreement prior to occupancy for any reason other than those addressed in Section 8.1.1 or 8.1.2, you may do so by giving us written notice of cancellation signed by you (both of you if there are two of you) and sent by registered or certified mail. Repayment of the Entrance Fee shall be as outlined in Section 7.1.4.

8.2 After Occupancy.

8.2.1 Cancellation. After occupancy, you may cancel this Agreement at any time by giving us 30 days' advance written notice executed by you (both of you if there are two of you) and sent by registered or certified mail. This Agreement will cancel on the later of: (i) 30 days following the date we receive your written notice of cancellation; or (ii) the date

you vacate your Residence and/or The Arbor, and remove all your furniture and other property from the Community.

8.2.2 Monthly Fee. You will continue to pay your Monthly Fee until the later of: (i) the expiration of such 30-day written notice of cancellation period; or (ii) the date you vacate your Residence and/or The Arbor, and remove all of your furniture and other property from the Community.

8.2.3 Removal of Property. If removal of your furniture and other property is not accomplished within 30 days of your written notice of cancellation, we may remove and store your furniture and other property at the expense and risk of you or your estate.

8.2.4 Entrance Fee. Your Entrance Fee refund, if any, shall be calculated as set forth in Section 7.2.

8.3 Death.

8.3.1 Cancellation. In the event of your death (the death of the survivor if there are two of you) after occupancy, this Agreement will cancel on the later of: (i) your death (if there are two of you, the death of the survivor); or (ii) the date your estate vacates your Residence and/or The Arbor, and removes all your furniture and other property from the Community.

8.3.2 Monthly Fee. Your Monthly Fee will continue until the later of: (i) your death (the death of the survivor if there are two of you); or (ii) the date your estate vacates your Residence and/or The Arbor, if applicable, and removes all of your furniture and other property from the Community.

8.3.3 Removal of Property. If removal of your furniture and other property is not accomplished within 30 days of your death (the survivor's death, if there are two of you), we may remove and store your furniture and other property at the expense and risk of you or your estate.

8.3.4 Entrance Fee. Your Entrance Fee refund, if any, shall be calculated as set forth in Section 7.2.

9. OUR CANCELLATION RIGHTS.

9.1 Just Cause. After we have accepted you for residency, we will not cancel this Agreement except for just cause. Just cause is defined as:

9.1.1 Noncompliance. You do not comply with the terms of this Agreement or the published operating procedures, covenants, rules, regulations, and policies now existing or later amended by us.

9.1.2 Misrepresentation. You misrepresent yourself or fail to disclose information during the residency application process.

9.1.3 Nonpayment. Except as set forth below, nonpayment of fees or charges.

9.1.4 Threat to Health or Safety. Any condition or behavior of yours as determined in the sole discretion of Galloway Ridge that creates a danger to your life, health, safety or peace; or that creates a danger to the life, health, safety or peace of other residents or staff; or interferes with the functioning of staff.

9.1.5 Change in Condition. There is a major change in your physical or mental condition and your condition cannot be cared for in The Arbor within the limits of our license.

9.1.6 Listed on a Sex Offender Registry. Resident hereby acknowledges that it is the policy of Galloway Ridge to conduct sex offender screening for every prospective resident, regardless of independent status or level of care, at the time of application for admission to Galloway Ridge and again prior to entering into a Residence and Care Agreement. If the screening shows that the prospective resident is identified as a sex offender, Galloway Ridge will deny admission of Resident on that basis and not execute a Residence and Care Agreement. In addition, Resident hereby acknowledges and agrees that if, after Galloway Ridge and Resident have entered into a Residence and Care Agreement, Galloway Ridge becomes aware that Resident is listed on any sex offender registry, Galloway Ridge may terminate this Agreement with Resident and remove Resident from Galloway Ridge. If there is more than one resident who is a party to this Agreement, the termination of this Agreement in such instance shall only apply to the resident listed on the sex offender registry.

9.2 Financial Difficulty. If, after you have paid the Entrance Fee, you encounter financial difficulties making it impossible for you to pay the full Monthly Charges, then:

9.2.1 Benefits. You may remain until any applicable Title XVIII Medicare benefits and/or third party insurance benefits received by us on your behalf have been earned; and

9.2.2 Terms of Stay. Because it is and shall continue to be our declared policy to not cancel your residency solely by reason of your financial inability to pay the full Monthly Charges, you will be permitted to remain at the Community at reduced Monthly Charges based on your ability to pay for so long as you establish facts to justify deferral of such charges, and the deferral of such charges can, in our sole discretion, be granted without impairing our ability to operate on a sound financial basis. This provision will not apply if you have impaired your ability to meet your financial obligations hereunder by transfer of assets, after assuming residency, other than to meet ordinary and customary living expenses, or by not maintaining Medicare Part A, Medicare Part B, and/or supplemental insurance coverage. To evidence these agreements based on the circumstances at the time, you agree to enter into a Financial Assistance Amendment to Residency Agreement with us at the time of any such deferrals to reflect the reduced charges currently payable. Any

payments otherwise due to you from us, including any repayment of your Entrance Fee, will be offset against any such deferred charges; and

9.2.3 Guarantor. Sections 9.2.1 and 9.2.2 are not applicable if, to initially qualify for residency at the Community, a third party(ies) with adequate resources agreed in writing, prior to your acceptance for residency, to guarantee payment of your obligations and is fulfilling their obligations pursuant to a Guaranty of Fees and Other Payments under the Residency Agreement.

9.3 Notice of Cancellation. Prior to any cancellation of this Agreement by us, we will give you notice in writing of the reasons, and you will have 30 days thereafter to correct the problem. If we determine that the problem is corrected within such time, this Agreement shall remain in effect. If we determine that the problem is not corrected within such time, you must leave the Community within 30 days after we notify you of our determination. You will continue to pay your Monthly Fee until removal of your furniture and personal belongings has occurred. If removal of your furniture and personal belongings is not accomplished, we may remove and store your furniture and personal belongings at the expense and risk of you or your estate. This Agreement will cancel upon the removal of your furniture and personal belongings. Your Entrance Fee will amortize as set forth in Section 7.2 and will stop amortizing on the date you vacate the Residence and/or The Arbor and remove all your furniture and personal belongings from the Community. Any Entrance Fee repayment will be paid in accordance with Section 7.

9.4 Emergency Notice. Should your continued residency pose an imminent threat of serious harm to you or other residents, and the Medical Director determines that either the giving of notice or the waiting period described above might be detrimental to you or other residents, then such notice and/or waiting period shall not be required before relocation to a hospital or other appropriate facility. If there is one of you under this Agreement, we are expressly authorized to transfer you to such hospital or other facility, and we will promptly notify your responsible party and your attending physician. After transferring you to such hospital or other facility, we will provide you with a notice of cancellation if you will be unable to return to The Arbor or your Residence at the Community. You will continue to pay the Monthly Fee until removal of your furniture and personal belongings from the Community. If removal of your furniture and personal belongings is not accomplished, we may remove and store your furniture and personal belongings at the expense and risk of you or your estate. This Agreement will cancel upon the removal of your furniture and personal belongings. Your Entrance Fee will amortize as set forth in Section 7.2 and will stop amortizing on the date you vacate the Residence and/or The Arbor and remove all your furniture and personal belongings from the Community. Any Entrance Fee repayment will be paid in accordance with Section 7. If there are two of you under this Agreement and one of you is transferred to a hospital or other appropriate facility under the circumstances described in this Section, the other person may continue to occupy the Residence or The Arbor under the terms of this Agreement as the first person. We are not responsible for any charges related to such transfer or relocation to a hospital or other appropriate facility.

10. MISCELLANEOUS PROVISIONS WITH RESPECT TO YOUR RESIDENCE.

10.1 Use of Residence. The Residence is for living only and shall not be used for carrying on any business or profession, nor in any manner in violation of zoning restrictions or other applicable laws and regulations. This Agreement is not a lease, and entitles you only to the lifetime use of the Residence and other amenities of the Community and to available services, subject to the terms and conditions of this Agreement.

10.2 Occupants of Residence. Except as hereinafter provided, no person other than you (or both of you if there are two of you) may occupy the Residence except with our express written approval. In the event that a second person who is not a party to this Agreement wishes to be accepted for residency under this Agreement, after the date we execute this Agreement, said second person's acceptance will be based upon our then-current Residency Policy. If accepted, payment of the then-current Second Person Entrance Fee as determined by us, and payment of the then-current additional Monthly Charges for second persons shall be due. If such second person does not meet the requirements for residency, such second person will not be permitted to occupy the Residence for more than 30 days (except with our express written approval).

10.3 Emergency Entry and Relocation. We may enter your Residence should it be necessary in an emergency to protect your health or safety or the health or safety of other residents. Should it be necessary to modify facilities to meet the requirements of any applicable law or regulation which necessitate temporarily vacating your Residence, we will provide alternate facilities for you without Extra Charge within or outside the Community. Further, if relocation is recommended by the Medical Director or your attending physician, we will request that you relocate to another Residence in the Community or The Arbor for the protection of your health or safety or for the health or safety of the others.

10.4 Furnishings. Furnishings within the Residence will be provided by you except as listed in Section 1. Furnishings provided by you shall not interfere with the health or safety of you or other residents or others.

10.5 Alterations by You. You may undertake alterations to your Residence with our prior written approval as set forth in a separate Residence Modification Agreement.

10.6 Refurbishment. Customary and normal refurbishment costs of your Residence will be borne by all residents of the Community as part of the Monthly Fee. Any necessary refurbishment costs beyond those which are customary and normal are your responsibility and may be offset against any Entrance Fee repayment. Further, should you relocate to another residence in the Community, you may be subject to a transfer fee as set forth in our current Internal Move Policy.

10.7 Guest Privileges. Guests may stay with you in the Residence for up to eight consecutive days. The maximum number of guests allowed will be at our sole discretion. A nominal daily charge will be billed to you for each guest remaining beyond eight days. Further, you will be responsible for paying all applicable guest charges, including charges for guest meals. Guest stays beyond 8 consecutive days or more than 30 days in total in any 12-month period require approval of the Executive Director.

11. AMENDMENTS.

11.1 This Agreement. This Agreement may be amended by agreement of the parties to this Agreement (subject to any necessary regulatory approval). No amendment of this Agreement will be valid unless in writing and executed by you and us.

11.2 Law Changes/Other. assist each party, in an unbiased manner, in reaching an amicable agreement regarding the dispute, claim or controversy. Subject to the terms and conditions of this Agreement, you may occupy the Residence for as long as you (or either of you) live unless you (both of you if there are two of you) are unable to continue occupying a Residence as set forth in our Aging in Community Policy, or this Agreement is canceled by you or by us. If, in the opinion of your attending physician or the Medical Director, your physical or mental health requires that assisted living services or nursing care services be given, you may be required to relocate to The Arbor where we are licensed to provide such care. If there are two of you under this Agreement and one of you dies or relocates to The Arbor, or for some other reason is unable to occupy the Residence, the remaining person may continue to occupy the Residence under the terms of this Agreement. It is understood that this Agreement is not a lease and does not transfer or grant any interest in the real or personal property owned by Galloway Ridge other than the rights and privileges as described in this Agreement. Galloway Ridge reserves the right to relocate you to another accommodation when deemed necessary in order for Galloway Ridge to fulfill its strategic, financial or other obligations. Galloway Ridge will use reasonable efforts to relocate you to an accommodation of the same or similar type as your accommodation. Any such decision to relocate you will be discussed thoroughly with you in order to enlist your understanding of the need for and cooperation with the relocation. Galloway Ridge will pay all required packing and moving costs, and all reasonable refurbishing costs necessary to achieve substantial comparability between your accommodation and any new accommodation to which you may be relocated.

4. ASSISTED LIVING SERVICES AND NURSING CARE SERVICES. To the extent we are licensed by the State of North Carolina, we will provide assisted living services and nursing care services in the Community's health center, The Arbor ("Arbor").

4.1 Relocation to The Arbor. If, in the opinion of your attending physician or the Medical Director (after consultation with you to the extent possible and your responsible party, if any), you require assisted living services or nursing care services, you will relocate to the appropriate area of The Arbor, where we are licensed to provide such services. Any relocation will be in accordance with Section 4.2.1 or 4.2.2 if there is one of you and Section 4.2.3 if there are two of you. Charges for your accommodations and services at The Arbor may depend upon whether you release your Residence for occupancy by someone else.

4.2 Terms of Assignment. Usually you will be considered temporarily assigned to The Arbor for 90 or fewer consecutive days of care. However, you may be considered permanently assigned during the 90 consecutive days of care if, in the opinion of your attending physician or the Medical Director (after consultation with you to the extent possible and your responsible party, if any), it is determined that long-term assisted living or nursing care services are needed. If you require more than 90 consecutive days of assisted living or nursing care services, you will be considered permanently assigned to The Arbor, unless we determine there is still potential for you to return to your Residence.

4.2.1 Temporarily Assigned When There is One of You. When temporarily assigned to The Arbor, your Residence will remain assigned to you. You will continue to pay the

Monthly Fee for your Residence, along with the charge for two additional meals per day and charges for any additional services provided to you.

4.2.2 Permanently Assigned When There is One of You. When permanently assigned to The Arbor, we may assign your Residence for occupancy by someone else. You will continue to pay the Monthly Fee for your Residence, along with the charge for two additional meals per day and charges for any additional services provided to you.

4.2.3 Temporarily or Permanently Assigned When There are Two of You. When there are two of you, and one of you requires assisted living or nursing care services, one of you may continue to occupy the Residence under the terms of this Agreement, while the other is assigned to The Arbor. When temporarily or permanently assigned to The Arbor, you will continue to pay your Monthly Fee along with the charge for two additional meals per day and charges for any additional services provided to you. In the event the first Resident dies while the other Resident is assigned to The Arbor, the Resident in The Arbor will cease paying the second person Monthly Fee and will pay the first person Monthly Fee.

4.3 Alternate Accommodations. In the event you need assisted living or nursing care services and The Arbor is fully occupied, we will make arrangements for your care, which may require your temporary relocation to another health care facility that is licensed to provide you with the assisted living or nursing care you require. Upon your relocation, you shall continue to be responsible for the charges set forth in Section 4 herein. To the extent we would be liable for your care and accommodations in The Arbor under this Agreement we will be responsible for the charges associated with alternate accommodations. You agree to relocate to The Arbor when a space becomes available. However, should you need care which we are not licensed to provide or which The Arbor does not have the appropriately trained staff to provide, or does not routinely provide, you agree to relocate to a facility that can provide you with the appropriate level of care. Except as expressly stated in this Agreement, we will not be responsible for the charges for this higher level of care or private duty care.

4.4 Return to Residence. If you released your Residence because you have moved to The Arbor, and if later you are able, in the opinion of the Medical Director or your attending physician with the concurrence of the Medical Director, to return to a residence, we will provide you a residence of similar type as your previous Residence as soon as one becomes available. Upon reoccupying a residence, your Monthly Fee will be based on the then-current Monthly Fee for the new residence.

4.5 Medical Director and Ancillary Services. A licensed physician will be designated to act as Medical Director for the Community. You will be at liberty to engage the services of the Medical Director or the services of a physician of your choice at your own expense. We will not be responsible for the charges for medical treatment by the Medical Director, or any other physician, nor will we be responsible for the charges for medicine, drugs, prescribed therapy, and other similar services and supplies. In the event we incur or advance charges for your medical treatment or for medicine, drugs, prescribed therapy, pharmaceutical supplies, personal laundry, rental of equipment, and other similar services and supplies, you will reimburse us for such charges.

4.6 Non-Resident Use of The Arbor. We may offer accommodations and services in The Arbor to qualified non-residents for a fee, to the extent space is available and as allowed by North Carolina law. However, residents of the Community will be given priority access to The Arbor.

4.7 Long-Term Care Insurance. We will use reasonable efforts to assist you in working with your long-term care insurance provider to obtain the benefits to which you may be entitled.

4.8 Health Care Outside the Community. In the event you receive care, or choose to receive care at another health care facility not designated by us, we will not be responsible for the charges incurred there by you. However, if an accident or illness occurs while you are traveling or visiting away from the Community, you shall make every reasonable effort to notify us as soon as possible, and if nursing or assisted living care is required, you shall arrange to return to the Community as soon as reasonably possible. We will be responsible for costs of nursing and assisted living services covered under this Agreement that are incurred by you in another nursing or assisted living facility as a result of such accident or illness. Our responsibility for such nursing or assisted living facility charges will be limited to our per diem charge for the same level of care at the Community. You will be responsible for other costs such as hospitalization, physicians' fees and transportation, as noted herein, which shall be paid by you or your personal insurance. In the event an outside healthcare provider seeks payment from you for nursing or assisted living services rendered, we shall assume responsibility for payment if such services are services which we agree to furnish to you in this Agreement up to our per diem charge for the same level of care at the Community.

4.9 Assisted Living Residency Agreement or Skilled Nursing Admission. If you require assisted living or nursing care services, you agree to provide all necessary documentation to allow for admission to The Arbor.

4.10 Supplemental Insurance. You are required to maintain Medicare Part A, Medicare Part B, and one supplemental health insurance policy or equivalent insurance coverage acceptable to us to assure your ability to fully cover a Medicare-qualified stay in The Arbor. Such supplemental insurance should cover Medicare co-insurance and deductibles. You shall furnish to us such evidence of coverage as we may from time to time request. Should your supplemental health insurance or equivalent coverage not fully cover a Medicare-qualified stay in The Arbor, or should you fail to purchase supplemental health insurance or equivalent coverage to fully cover a Medicare-qualified stay in The Arbor, you shall be financially responsible for paying to us deductibles, co-insurance amounts, and any other charges for each Medicare-qualified stay in The Arbor. If failure to maintain Medicare Part A, Medicare Part B, or supplemental health insurance causes depletion of your resources and impairs your ability to meet your financial obligations, we need not defer your financial obligations as provided in Section 9.2, and we retain the right to revoke your entitlement to reside at the Community and we retain the right to cancel this Agreement as provided in Section 9.

4.11 Managed Care. If you have chosen to participate in a managed care program as an alternative to Medicare Part A, Medicare Part B, and supplemental insurance coverage, the terms governing The Arbor care will be as follows:

4.11.1 Participating Provider. If we are a participating provider with your managed care program and your stay is a Medicare-qualified stay, we will agree to accept, as full payment, reimbursement at the rate we negotiate with your managed care program.

4.11.2 Not a Participating Provider. If we are not a participating provider with your managed care program and you choose to receive health care services at a managed care participating provider during a Medicare-qualified stay, then you understand and agree that you must relocate for as long as necessary for those services, and be responsible for all charges for those health care services. In addition, while receiving health care services at the managed care participating provider, you understand and agree that unless this Agreement is canceled, you will continue to pay the Monthly Fee for your Residence.

4.11.3 Negotiated Managed Care Rate. If we are not a participating provider in your managed care program and you would still like to receive health care services in The Arbor during a Medicare-qualified stay, we will attempt to negotiate an acceptable reimbursement rate with your managed care program. If we are able to negotiate an acceptable rate, we will agree to accept as full payment the rate provided by your managed care program.

4.11.4 No Negotiated Managed Care Rate. If we are not a participating provider in your managed care program and a negotiated rate is not agreed upon between us and your managed care program and you would still desire to receive health care services in The Arbor during a Medicare-qualified stay, you agree that you will continue to pay the Monthly Fee for your Residence adjusted for the two additional meals per day at the then-current charges for meals and any additional services as described in Section 4.5.

4.11.5 Post Medicare-Qualified Stay. At the conclusion of each such Medicare-qualified stay, you will be entitled to health care services in The Arbor in accordance with the terms of this Agreement other than as set forth in this Section 4.12.

4.12 Effect of Permanent Assignment to The Arbor. If you (both of you, if there are two of you) are permanently assigned to The Arbor, this Agreement shall not be canceled and shall remain in full force and effect, and you will be responsible for paying the Monthly Fee and any other fees or charges for your care in The Arbor. Further, if within 12 months prior to your permanent assignment to The Arbor you moved from the Residence identified in the Introduction to this Agreement to a residence with a lower Monthly Fee, your Monthly Fee for The Arbor will be equal to the Monthly Fee of the Residence identified in this Agreement. You will also pay an additional Monthly Fee if you choose not to release your Residence while you (both of you, if there are two of you) are permanently assigned to The Arbor.

5. ENTRANCE FEE. Your Entrance Fee is \$ _____, and an additional Second Person Entrance Fee of \$ _____ if there are two of you under this Agreement. Your total

Entrance Fee is \$ _____. This Entrance Fee applies only to the Residence specified in this Agreement, and will not increase as to that Residence after this Agreement is signed by you and Galloway Ridge. Your Entrance Fee will be paid by check or wire transfer.

5.1 Entrance Fee Deposit. To reserve your Residence at the Community, at the time of executing this Agreement, you will pay to us a deposit in the amount of \$ _____ (an amount no less than typically equal to 10% of your total Entrance Fee).

5.2 Balance of Entrance Fee. The remaining balance of your total Entrance Fee is \$ _____ and will be paid to us on the earlier of (i) occupancy; or (ii) within 90 days of the date you execute this Agreement.

5.3 Adjustments for Change in Residence. If after occupancy of the Residence you desire to move to a different residence for which the then-current Entrance Fee is higher or lower than the Entrance Fee for the Residence identified in this Agreement, you will be required to execute a Residence Transfer Amendment for the new residence. Any adjustment to the Entrance Fee will be determined at the time of the requested change in residences, and will be addressed in the Residence Transfer Amendment.

6. MONTHLY FEE AND OTHER CHARGES

6.1 Application Fee. Prior to or at the time you execute this Agreement, you will pay to us a non-refundable Application Fee of \$ _____. The Application Fee will be used by us to process your application for residency.

6.2 Monthly Fee. You will pay a Monthly Fee for the services and amenities provided under Section 1. The current Monthly Fee is \$ _____ per month for one person and an additional \$ _____ per month if there are two of you.

6.3 Monthly Fee Changes. We may adjust your Monthly Fee upon 60 days' advance written notice, if in our sole discretion, we deem it necessary to meet the financial needs of operating the Community or to provide services and amenities to residents (or without notice if such change in the Monthly Fee is required by local, state, or federal laws or regulations).

6.4 Payment. You will pay a pro rata portion of the Monthly Fee commencing on the earlier of (i) occupancy or (ii) within 90 days of the date you execute this Agreement. Thereafter, your Monthly Fee will be payable each month in advance. Billing statements showing amounts due, including the Monthly Fee and any Extra Charges for the additional services obtained during the preceding month, will be distributed on or before the third business day of the month, and payments will be due upon receipt of a billing statement, but no later than the fifteenth day of each month.

6.5 Late Payment. A late payment charge will be assessed at the rate of 1% per month on the total delinquent amounts due. Late payment charges will not be compounded and will not be included in the total delinquent amounts computed for determining any late payment

charge assessed in any succeeding month. The 1% late payment charge is waived if payment is delayed due to slow processing by your supplemental insurance carrier. However, we do not waive our right to cancel this Agreement for nonpayment of fees subject to Section 9 of this Agreement.

6.6 Cease Payment of Monthly Fee for Residence. The Monthly Fee for your Residence will cease in accordance with Section 8 or 9 if you (both of you if there are two of you) die, or if you or we cancel this Agreement. In the event there are two of you who occupy the Residence and only one of you cancels this Agreement or dies, the second person Monthly Fee will cease and the remaining person will continue to pay the first person Monthly Fee.

7. REPAYMENT OF ENTRANCE FEE.

7.1 Repayment of Entrance Fee Prior to Occupancy.

7.1.1 Non-acceptance. If we do not accept you for residency, the portion of the Entrance Fee you have paid will be repaid to you, without interest, within 30 days of our notice to you of non-acceptance.

7.1.2 Right of Rescission Period. If you rescind this Agreement pursuant to Section 8.1.1, the portion of the Entrance Fee you have paid will be repaid to you without interest within 30 days of our receipt of your written notice of cancellation, except that we will retain an amount equal to any charges specifically incurred by us at your request, if any, and which are set forth in a separate addendum to this Agreement. You shall not be required to move into the Community before expiration of the 30-day rescission period.

7.1.3 Change in Condition. If prior to occupancy this Agreement is cancelled pursuant to Section 8.1.2, we will return to you or your legal representative, without interest, the portion of the Entrance Fee which you have paid to us within 60 days of our receipt of your written notice of cancellation, except that we will retain an amount equal to any charges specifically incurred by us at your request, if any, and which are set forth in a separate addendum to this Agreement.

7.1.4 Cancellation for Reasons Other Than Set Forth in 7.1.1, 7.1.2, and 7.1.3. If prior to occupancy you wish to cancel this Agreement for a reason other than those set forth in Sections 7.1.1, 7.1.2, or 7.1.3, you must give us written notice of cancellation by registered or certified mail. Upon our receipt of your written notice, this Agreement will be cancelled, and we will attempt to obtain a new resident for the Residence. In such event, upon occupancy of the Residence by the new resident, and within 30 days of our receipt of the Entrance Fee paid by the new resident, we will remit to you or your legal representative, without interest, the portion of the Entrance Fee which you have paid to us, less a non-refundable fee consisting of: (i) 1% of your total Entrance Fee as specified in Section 5, and (ii) an amount equal to any charges specifically incurred by us at your request and which are set forth in a separate addendum to this Agreement.

7.2 Repayment of Entrance Fee After Occupancy. After occupancy, should you or we cancel this Agreement pursuant to Sections 8 or 9, or in the event of your death (the death of the survivor if there are two of you), we will remit the Entrance Fee paid, without interest less a nonrefundable fee equal to four percent (4%) of the Entrance Fee, and less 2% per month for each month or partial month of occupancy. After 48 months of occupancy, the entire Entrance Fee will be considered earned by us, and no portion of the Entrance Fee will be repayable to you. Any repayment owed will be made upon occupancy of the Residence by a new resident and within 30 days of our receipt of the proceeds paid by the new resident.

7.3 Right of Offset. We have the right to offset against any Entrance Fee repayment any unpaid Monthly Charges owed by you, any unreimbursed charges for care at The Arbor we have advanced on your behalf, any amounts deferred by us under Section 9.2, and any other sums owed by you to us. Any amounts owed by you to us will be payable with interest subject to the then-current prime interest rate as charged by our primary financial institution.

7.4 Beneficiary Designation. You may designate a beneficiary for receipt of any repayable portion of the Entrance Fee if the designation is in writing, the designation is witnessed by two competent witnesses, the designation is non-contingent, the designation is specified in percentages and accounts for 100%, and the designation has received our approval. An Assignment of Rights to Repayment may be obtained from the Community's business office.

8. YOUR CANCELLATION RIGHTS.

8.1 Prior to Occupancy.

8.1.1 Right of Rescission. Within 30 days following the later of the execution of this Agreement by you or the receipt of a Disclosure Statement from us, you may rescind this Agreement by giving us written notice. You shall not be required to move into the Residence prior to the expiration of the 30-day rescission period. However, if you occupy the Residence during the rescission period and then rescind this Agreement, you will only be charged a Monthly Fee for the period of time that you actually occupied the Residence. Repayment of the Entrance Fee shall be as outlined in Section 7.1.2.

8.1.2 Due to Change in Condition. If, on account of illness, injury, incapacity or death, you are precluded from occupying the Residence under the terms of this Agreement, this Agreement will automatically cancel upon our receipt of written notice of your illness, injury, incapacity or death. Repayment of the Entrance Fee shall be as outlined in Section 7.1.3.

8.1.3 Other Reasons. If you wish to cancel this Agreement prior to occupancy for any reason other than those addressed in Section 8.1.1 or 8.1.2, you may do so by giving us written notice of cancellation signed by you (both of you if there are two of you) and sent by registered or certified mail. Repayment of the Entrance Fee shall be as outlined in Section 7.1.4.

8.2 After Occupancy.

8.2.1 Cancellation. After occupancy, you may cancel this Agreement at any time by giving us 30 days' advance written notice executed by you (both of you if there are two of you) and sent by registered or certified mail. This Agreement will cancel on the later of: (i) 30 days following the date we receive your written notice of cancellation; or (ii) the date you vacate your Residence and/or The Arbor, and remove all your furniture and other property from the Community.

8.2.2 Monthly Fee. You will continue to pay your Monthly Fee until the later of: (i) the expiration of such 30-day written notice of cancellation period; or (ii) the date you vacate your Residence and/or The Arbor, and remove all of your furniture and other property from the Community.

8.2.3 Removal of Property. If removal of your furniture and other property is not accomplished within 30 days of your written notice of cancellation, we may remove and store your furniture and other property at the expense and risk of you or your estate.

8.2.4 Entrance Fee. Your Entrance Fee refund, if any, shall be calculated as set forth in Section 7.2.

8.3 Death.

8.3.1 Cancellation. In the event of your death (the death of the survivor if there are two of you) after occupancy, this Agreement will cancel on the later of: (i) your death (if there are two of you, the death of the survivor); or (ii) the date your estate vacates your Residence and/or The Arbor, and removes all your furniture and other property from the Community.

8.3.2 Monthly Fee. Your Monthly Fee will continue until the later of: (i) your death (the death of the survivor if there are two of you); or (ii) the date your estate vacates your Residence and/or The Arbor, if applicable, and removes all of your furniture and other property from the Community.

8.3.3 Removal of Property. If removal of your furniture and other property is not accomplished within 30 days of your death (the survivor's death, if there are two of you), we may remove and store your furniture and other property at the expense and risk of you or your estate.

8.3.4 Entrance Fee. Your Entrance Fee refund, if any, shall be calculated as set forth in Section 7.2.

9. OUR CANCELLATION RIGHTS.

9.1 Just Cause. After we have accepted you for residency, we will not cancel this Agreement except for just cause. Just cause is defined as:

9.1.1 Noncompliance. You do not comply with the terms of this Agreement or the published operating procedures, covenants, rules, regulations, and policies now existing or later amended by us.

9.1.2 Misrepresentation. You misrepresent yourself or fail to disclose information during the residency application process.

9.1.3 Nonpayment. Except as set forth below, nonpayment of fees or charges.

9.1.4 Threat to Health or Safety. Any condition or behavior of yours as determined in the sole discretion of Galloway Ridge that creates a danger to your life, health, safety or peace; or that creates a danger to the life, health, safety or peace of other residents or staff; or interferes with the functioning of staff.

9.1.5 Change in Condition. There is a major change in your physical or mental condition and your condition cannot be cared for in The Arbor within the limits of our license.

9.1.6 Listed on a Sex Offender Registry. Resident hereby acknowledges that it is the policy of Galloway Ridge to conduct sex offender screening for every prospective resident, regardless of independent status or level of care, at the time of application for admission to Galloway Ridge and again prior to entering into a Residence and Care Agreement. If the screening shows that the prospective resident is identified as a sex offender, Galloway Ridge will deny admission of Resident on that basis and not execute a Residence and Care Agreement. In addition, Resident hereby acknowledges and agrees that if, after Galloway Ridge and Resident have entered into a Residence and Care Agreement, Galloway Ridge becomes aware that Resident is listed on any sex offender registry, Galloway Ridge may terminate this Agreement with Resident and remove Resident from Galloway Ridge. If there is more than one resident who is a party to this Agreement, the termination of this Agreement in such instance shall only apply to the resident listed on the sex offender registry.

9.2 Financial Difficulty. If, after you have paid the Entrance Fee, you encounter financial difficulties making it impossible for you to pay the full Monthly Charges, then:

9.2.1 Benefits. You may remain until any applicable Title XVIII Medicare benefits and/or third party insurance benefits received by us on your behalf have been earned; and

9.2.2 Terms of Stay. Because it is and shall continue to be our declared policy to not cancel your residency solely by reason of your financial inability to pay the full Monthly Charges, you will be permitted to remain at the Community at reduced Monthly Charges based on your ability to pay for so long as you establish facts to justify deferral

of such charges, and the deferral of such charges can, in our sole discretion, be granted without impairing our ability to operate on a sound financial basis. This provision will not apply if you have impaired your ability to meet your financial obligations hereunder by transfer of assets, after assuming residency, other than to meet ordinary and customary living expenses, or by not maintaining Medicare Part A, Medicare Part B, and/or supplemental insurance coverage. To evidence these agreements based on the circumstances at the time, you agree to enter into a Financial Assistance Amendment to Residency Agreement with us at the time of any such deferrals to reflect the reduced charges currently payable. Any payments otherwise due to you from us, including any repayment of your Entrance Fee, will be offset against any such deferred charges; and

9.2.3 Guarantor. Sections 9.2.1 and 9.2.2 are not applicable if, to initially qualify for residency at the Community, a third party(ies) with adequate resources agreed in writing, prior to your acceptance for residency, to guarantee payment of your obligations and is fulfilling their obligations pursuant to a Guaranty of Fees and Other Payments under the Residency Agreement.

9.3 Notice of Cancellation. Prior to any cancellation of this Agreement by us, we will give you notice in writing of the reasons, and you will have 30 days thereafter to correct the problem. If we determine that the problem is corrected within such time, this Agreement shall remain in effect. If we determine that the problem is not corrected within such time, you must leave the Community within 30 days after we notify you of our determination. You will continue to pay your Monthly Fee until removal of your furniture and personal belongings has occurred. If removal of your furniture and personal belongings is not accomplished, we may remove and store your furniture and personal belongings at the expense and risk of you or your estate. This Agreement will cancel upon the removal of your furniture and personal belongings. Your Entrance Fee will amortize as set forth in Section 7.2 and will stop amortizing on the date you vacate the Residence and/or The Arbor and remove all your furniture and personal belongings from the Community. Any Entrance Fee repayment will be paid in accordance with Section 7.

9.4 Emergency Notice. Should your continued residency pose an imminent threat of serious harm to you or other residents, and the Medical Director determines that either the giving of notice or the waiting period described above might be detrimental to you or other residents, then such notice and/or waiting period shall not be required before relocation to a hospital or other appropriate facility. If there is one of you under this Agreement, we are expressly authorized to transfer you to such hospital or other facility, and we will promptly notify your responsible party and your attending physician. After transferring you to such hospital or other facility, we will provide you with a notice of cancellation if you will be unable to return to The Arbor or your Residence at the Community. You will continue to pay the Monthly Fee until removal of your furniture and personal belongings from the Community. If removal of your furniture and personal belongings is not accomplished, we may remove and store your furniture and personal belongings at the expense and risk of you or your estate. This Agreement will cancel upon the removal of your furniture and personal belongings. Your Entrance Fee will amortize as set forth in Section 7.2 and will stop amortizing on the date you vacate the Residence and/or The Arbor and remove all your furniture and personal belongings from the Community. Any Entrance Fee repayment will be paid in accordance with Section 7. If there are two of you
