In such event, the Resident shall pay the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until all of the Resident's personal belongings are removed from the Apartment.
- (d) Effect of Termination by the Company after the Occupancy Date. In the event the Company terminates the Residency and Care Agreement after the Occupancy Date pursuant to the applicable subsections of the Residency and Care Agreement, the Resident shall promptly vacate the Apartment, but shall pay the Company for all Optional Services rendered by the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until the date that all of the Resident's personal belongings are removed from the Apartment.

VIII. Fees

The following is a list of the fees and charges expected to be charged to the Residents of the CCRC:

- A. Priority Deposit. At the time the Priority Partner Agreement is executed, the prospective resident shall submit to the Company a payment of One-Thousand Dollars (\$1,000.00) (the "Priority Deposit"). The Priority Deposit is fully refundable should the prospective resident choose not to proceed with the reservation process and not enter into a Residency and Care Agreement for any reason. The Priority Deposit will be fully applied toward the Security Deposit should the prospective resident proceed with the reservation process and execute a Residency and Care Agreement.
- B. Apartment Selection Fee. Upon the execution of the Apartment Selection Agreement, the Resident shall submit to the Company a fee equal to one Monthly Service Fee payment (the "Apartment Selection Fee"). The Apartment Selection Fee is a non-refundable fee (except as defined in the Residency and Care Agreement) and shall be fully applied toward the first month's Monthly Service Fee.
- C. Community Fee. Upon the execution of the Apartment Selection Agreement, the Resident shall submit to the Company a fee equal to one Monthly Service Fee payment (the "Community Fee"). The Community Fee is a one-time, nonrefundable fee (except as defined in the Residency and Care Agreement) which entitles the Resident priority access to all services and amenities of the Community.

A Community Fee will not be charged to Residents upon any renewal of the Residency and Care Agreement.

- D. Security Deposit. Upon the execution of the Residency and Care Agreement, the Resident shall make a Security Deposit payment to the Company equal to one Monthly Service Fee payment (the “Security Deposit”), which shall be deposited in accordance with statute, law or regulation of the federal, state, and local Government. If the Resident has complied with all terms of the Residency and Care Agreement and returns the Apartment in the same or materially similar condition as when the Resident moved into the Apartment, the Company will return the Security Deposit to the Resident within thirty (30) days after the Resident’s move-out date. The Security Deposit shall be credited to the Resident as the last Monthly Service Fee payment in the event of the Resident’s death. In the event that the Resident breaches or otherwise violates the Residency and Care Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company. The Resident is additionally responsible for any expense incurred by the Company resulting from damages to the Apartment that are in excess of the Security Deposit. In the event that the Resident has entered into a Priority Partner Agreement and paid a refundable deposit to the Company, the Priority Deposit shall be applied to the amount due as the Security Deposit.
- E. Monthly Service Fee. Throughout the term, Residents shall pay the Company a Monthly Service Fee (the “Monthly Service Fee”) as described in Exhibit A attached to the Residency and Care Agreement. The Monthly Service Fees shall be paid by the Resident on or before the fifth (5th) day of each month for Basic Services to be rendered that month with the first payment due on or before the Occupancy Date. The Monthly Service Fee shall be due regardless of whether or not the Apartment is actually occupied by the Resident on the scheduled Occupancy Date and such Monthly Service Fee will not be adjusted if the Resident is voluntarily absent from the CCRC at any time after such date. If the Resident obtains possession of the Apartment prior to the first of a month, the Resident shall pay the Company the first Monthly Service Fee on a pro-rata basis based on the actual number of days contained in the month. If the Residency and Care Agreement does not terminate at the expiration of the initial Term or a renewal Term, the Monthly Service Fee may continue to be payable beyond the date of termination as set forth in the Residency and Care Agreement.
- F. Adjustments to Monthly Service Fees. The Company reserves the right to change the amount of the Monthly Service Fee upon thirty (30) days’ written notice prior at any renewal of the Residency and Care Agreement. Adjustments to the Monthly Service Fee will be made as may be reasonably necessary according to the economic requirements and conditions of the Company and the level and quality of services provided to the residents of the CCRC and consistent with operating on a sound financial basis. See Exhibit F for five years of the historical average dollar amount of increases in fees.

- G. Fees for Optional Services. The Resident shall receive a monthly statement from the Company showing the total amount of fees and other charges owed by the Resident, which shall be paid by the fifth (5th) day of each month. A list of fees for recurring Optional Services the Resident has elected to purchase as of the date of the Residency and Care Agreement shall be attached to the Residency and Care Agreement as Exhibit A.
- H. Healthcare Center Fees and Charges. The Healthcare Center will consist of accommodations, equipment and staffing necessary for skilled nursing care services on a temporary or permanent basis. The Company shall establish and publish per diem rates for accommodations and services at the Healthcare Center. Each calendar year, the Resident shall receive a ten percent (10%) discount on fees the Resident accrues during its first thirty (30) days of residency in the Healthcare Center (each day being a “Discounted Fee Day”). The Resident may not carry any unused Discounted Fee Days over to the following calendar year. Fees for residency in the Healthcare Center shall otherwise be payable in accordance with the Residency and Care Agreement and in accordance with the then published Healthcare Center per diem charge.
- I. Refund of Fees. If the Resident cancels during the Rescission Period as defined in the Residency and Care Agreement, the Priority Deposit, Apartment Selection Fee, Community Fee, and Security Deposit (and any other fees paid by Resident) in accordance with the Residency and Care Agreement will be refunded to the Resident, without interest, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at Resident’s request and set forth in Exhibit A of the Residency and Care Agreement or in writing in a separate addendum to the Residency and Care Agreement, signed by the Resident and the Company. Any refund shall be paid within thirty (30) days after the Company’s receipt of the Resident’s written notice of rescission. The Apartment Selection Fee and the Community Fee become non-refundable after the Rescission Period. The Security Deposit is refundable and will be returned to the Resident within thirty (30) days after the Resident’s move-out date if the Resident has complied with all terms of the Residency and Care Agreement and returns the Apartment in the same or materially similar condition as when Resident moved into the Apartment. If the Resident breaches or otherwise violates the Residency and Care Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company.
- J. Late Charges. The Company will charge a one percent (1%) late payment charge per month on any Monthly Service Fees and extra charges that have not been paid within five (5) days after their due date.

IX. Financial Information

- A. Audited Financial Statements. Audited financial statements of the Company as of and for the year ended December 31, 2020 are included as Exhibit A.
- B. Actual versus Forecasted Results. A narrative of material differences between the

previously forecasted financial statements and actual results of operations for the year ended December 31, 2020 for the Company are included as Exhibit B.

- C. Interim Financial Statements. Interim financial statements for the three-month period ended March 31, 2021 for the Company are included as Exhibit C.
- D. 5-Year Prospective Financial Statements. Financial projections for each of the five years ending December 31, 2025 for the Company as compiled by an independent public accountant are included as Exhibit D.
- E. Reserves, Escrow and Trusts. North Carolina law requires continuing care retirement communities such as the Community to maintain operating reserves equal to fifty percent (50%) of the total operating costs in a given year, or twenty-five percent (25%) of such total operating costs if occupancy as of a certain date exceeds ninety percent (90%) of the Community's capacity (such reserve amount is referred to herein as the "Statutory Reserve"). This law provides security to the Residents that the CCRC will be able to meet its contractual obligations to provide continuing care. The Company's Statutory Reserve will be maintained through a letter of credit issued by a financial institution approved by the North Carolina Department of Insurance (the "Letter of Credit"). The Letter of Credit will name the Company as the beneficiary and be in an amount sufficient to satisfy the Statutory Reserve requirement.

Note 1—Nature of operations

Nature of Operations – Quail Haven Village (the “Company”) is an economic entity comprised of three individual companies listed below. The Company provides senior living services in Pinehurst, North Carolina. Services include providing and maintaining an independent living retirement community, assisted living services, skilled nursing care, and supporting services. The Company was acquired and began operations in November 2013. In 2020, the North Carolina Department of Insurance (“NC DOI”) approved a modification in the continuing care retirement community (the “CCRC”) license to include all three of the following companies as co-providers.

Quail Haven Properties of Pinehurst, LLC (“Quail Haven Properties”) is a closely held North Carolina for-profit limited liability company formed for the purpose of developing and owning real property and the buildings of the Company.

Quail Haven of Pinehurst, LLC (“Quail Haven Pinehurst”) is a North Carolina for-profit limited liability company formed for the purpose of leasing and operating independent living units. Quail Haven Pinehurst is owned by Liberty Senior Living, LLC, a North Carolina limited liability company. Liberty Senior Living, LLC is owned by Liberty Healthcare Group, LLC (“Liberty Healthcare”), a North Carolina limited liability company.

Quail Haven Healthcare Center of Pinehurst, LLC (“Quail Haven Healthcare”) is a North Carolina for-profit limited liability company formed for the purpose of leasing and operating the 72-bed family care homes and skilled nursing facilities. Quail Haven Healthcare is owned by Liberty Senior Living, LLC, a North Carolina limited liability company. Liberty Senior Living, LLC is owned by Liberty Healthcare Group, LLC, a North Carolina limited liability company.

Quail Haven Properties, through acquisition, owns two six-bed family care homes and holds the certificate of need (“CON”) for 60 skilled nursing beds at The Inn at Quail Haven (the “Inn”), the value of which is recorded as an intangible asset on Quail Haven Properties. Quail Haven Healthcare leases all 72 family care home and skilled nursing beds from Quail Haven Properties. Included in these 72 beds are services for 25 skilled nursing beds (the “Closed Beds”) reserved for independent living residents of Quail Haven Pinehurst the terms of which are governed through a healthcare services transfer agreement described in Note 7.

Note 2—Summary of significant accounting policies

Principles of Combination – The combined financial statements include the accounts of the limited liability companies noted above (Quail Haven Pinehurst, Quail Haven Properties, and Quail Haven Healthcare), all of which are owned and controlled by the members of the limited liability companies. All significant inter-company accounts and transactions have been eliminated. The combined financial statements do not and are not intended to represent the activity of a legal entity.

Basis of Accounting – The accompanying combined financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates – The preparation of combined financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of any contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

No assets or liabilities (real or contingent) of the individual members of any of the limited liability companies are included in the combined financial statements of the Company. Individual members are not liable for the Company’s debt.

QUAIL HAVEN VILLAGE

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2020

Note 2—Summary of significant accounting policies (continued)

Cash and Cash Equivalents – Cash includes deposit accounts and investments purchased with an original maturity of three months or less. There were no cash equivalents as of December 31, 2020.

Restricted Cash – Restricted cash is comprised of patient trust funds.

Inventories – Inventories consist primarily of food supplies and are stated at the lower of average cost or net realizable value.

Property and Equipment, Net – Property and equipment are stated at cost. Maintenance and repairs are charged to expense as incurred, and renewals and betterments are capitalized. Gains or losses on disposals are credited or charged to operations.

Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets. Depreciation and amortization amounted to \$399,875 for the year ended December 31, 2020.

The estimated useful lives used in computing depreciation are as follows:

Buildings and improvements	5 to 40 years
Land improvements	5 to 15 years
Furniture and fixtures	5 to 20 years
Leasehold improvements	Lesser of 40 years or the lease term
Equipment	3 to 20 years

Debt Issuance Costs – Financing costs associated with the notes payable have been deferred and are being amortized over the term of the related debt using the straight-line method, which approximates the effective interest method. Amortization of debt issuance costs is recognized as interest expense in the statement of operations and changes in members' equity. Amortization of deferred issuance costs was \$15,043 for the year ended December 31, 2020.

Revenue Recognition – The Company follows the guidance provided by Accounting Standards Codification (“ASC”) 606, *Revenue from Contracts with Customers* and uses a five-step model to apply to revenue recognition, consisting of: (1) determination of whether a contract, an agreement between two or more parties that creates legally enforceable rights and obligations, exists; (2) identification of the performance obligations in the contract; (3) determination of the transaction price; (4) allocation of the transaction price to the performance obligations in the contract; and (5) recognition of revenue when (or as) the performance obligation is satisfied.

Resident/Patient Revenue – Resident fee revenue is reported at the amount that reflects the consideration the Company expects to receive in exchange for the services period. These amounts are due from residents or third party payers and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Resident fee revenue is recognized as performance obligations are satisfied.

Under the Company's skilled nursing and assisted living senior living residency agreements, the Company provides senior living services to residents for a stated daily or monthly fee. The Company recognizes revenue for room, assistance with activities of daily living, inpatient therapy, healthcare, and personalized health services provided under assisted living and skilled nursing residency agreements in accordance with the provisions of U.S. GAAP. The senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time and recognized ratably over the contractual term, typically daily.

QUAIL HAVEN VILLAGE

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2020

Note 2—Summary of significant accounting policies (continued)

The Company also collects a one-time upfront nonrefundable community fee. The community fee is recorded as deferred revenue and amortized over five years, the estimated stay of the resident based on historical knowledge.

The Company has a performance obligation related to the series of distinct goods and services and another performance obligation related to access residents have for discounted fee days. Management has determined it is appropriate to allocate an equal amount of revenue to this material right each month.

The Company receives revenue for services under various third party payor programs which include Medicare, Medicaid, and other third party payors. Settlements with third party payors for retroactive adjustments due to audits, reviews, or investigations are included in the determination of the estimated transaction price for providing services. The Company estimates the transaction price based on terms of the contract with the payor, correspondence with the payor and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

The Company receives revenue from independent living residents containing a lease component that would fall under the guidance of ASC 840, *Leases*. The amount of revenue recorded under this guidance was approximately \$2,600,000 and there would be no difference in how the revenue would be recognized under ASC 606 or ASC 840.

Disaggregated Revenue – The Company has determined that the senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time.

Contract Balances – Timing differences among revenue recognition may result in contract assets or liabilities. Contract liabilities on the accompanying combined balance sheet related to the nonrefundable community fee, donated funds, stimulus funds received for COVID expenses and prepaid resident/patient revenue totaling \$80,836, \$20,222, \$375,875 and \$14,250, respectively, as of December 31, 2020 and is recorded as deferred revenue on the combined balance sheet. There were no contract assets as of December 31, 2020. Contract liabilities as of January 1, 2020 included the nonrefundable community fee, donated funds, and prepaid resident/patient revenue totaling \$70,295, \$20,222, and \$17,766, respectively.

Resident/Patient Accounts Receivable, Net – Receivables from residents, patients, insurance companies, and third party contractual agencies are recorded at regular resident service rates, net of estimated contractual adjustments. Contractual adjustments are estimated based on the terms of third-party insured contracts and arrangements. Adequate allowances are provided for doubtful accounts and other uncertainties. Credit losses have historically been within management's expectations. Net accounts receivable were \$531,458 as of December 31, 2020. Accounts receivable are stated in the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to the allowance for doubtful accounts based on its assessment of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance for doubtful accounts and a credit to accounts receivable. Management recorded an allowance for doubtful accounts of \$1,460 as of December 31, 2020.

Upcoming Pronouncement – Leases – In February 2016, the Financial Accounting Standards Board issued ASU 2016-02, *Leases*. The standard requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of lease commencement. Leases will be classified as either finance or operating. This distinction will be relevant for the pattern of expense recognition in the statement of operations and changes in members' equity. This standard will be effective for the calendar year ending December 31, 2022. The Company is currently in the process of evaluating the impact of adoption of this ASU on the combined financial statements.

QUAIL HAVEN VILLAGE

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2020

Note 2—Summary of significant accounting policies (continued)

Income Taxes – The Company, with the consent of its members, has elected under the Internal Revenue Code to be taxed essentially as a partnership. In lieu of corporate federal income taxes, the members of a limited liability company are taxed on their proportionate share of the Company's taxable income. Management has evaluated the effect of the guidance provided by U.S. GAAP on Accounting for Uncertainty in Income Taxes. Management has evaluated all other tax positions that could have a significant effect on the combined financial statements and determined the Company had no uncertain income tax positions at December 31, 2020.

Intangible Asset – In accordance with U.S. GAAP, goodwill and intangible assets that have indefinite useful lives are not amortized but rather are tested at least annually for impairment. For the Company, this asset includes a CON. Intangible assets with indefinite useful lives are reviewed for impairment in accordance with ASC 350, *Intangibles – Goodwill and Other*, which requires the Company to evaluate the recoverability of long-lived assets annually and whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. The Company continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of its CON may warrant revision or that the remaining carrying value may not be recoverable. As permitted by ASC 350, the Company performed a qualitative assessment of impairment to determine whether the value of the CON was impaired. Based on the results of this qualitative assessment, the CON was not impaired as of December 31, 2020.

Impairment of Long-Lived Assets – The Company reviews the carrying value of its long-lived assets, whether held for use or disposal when events and circumstances indicate that the carrying amount of an asset may not be recoverable based on expected undiscounted cash flows attributable to that asset. The amount of any impairment is measured as the difference between the carrying value and the fair value of the impaired asset.

Operating Reserves – Continuing care retirement communities located in North Carolina are licensed and monitored by the NC DOI under Article 64 of Chapter 58 of the North Carolina General Statutes. The Commissioner of Insurance has the authority to revoke or restrict the license of or impose additional requirements on any continuing care facility under certain circumstances specified in North Carolina General Statute 58-64-10.

North Carolina General Statute 58-64-33 requires that continuing care retirement communities with occupancy levels in excess of 90% maintain an operating reserve equal to 25% of total operating costs projected for the 12-month period following the most recent annual statement filed with the NC DOI, upon approval of the Commissioner. Continuing care retirement communities with less than 90% occupancy are required to maintain an operating reserve equal to 50% of projected total operating costs. Total operating costs shall include budgeted operating expenses plus debt service less depreciation and amortization expense and revenue associated with non-contractual expenses.

In order to meet the North Carolina General Statute operating reserve requirement of \$4,256,000 based on occupancy of less than 90% at December 31, 2020 and projected operating expenses and occupancy for 2020, presented in the 2019-2023 financial forecasts. The Company maintained an irrevocable standby letter of credit of up to \$2,700,000 for the period of January 2020 through October 2020 and up to \$4,256,000 for the period of November 2020 through December 2020.

Credit Concentrations – The Company places its cash and cash equivalents on deposit with financial institutions in the United States. The Federal Deposit Insurance Corporation covers \$250,000 for substantially all depository accounts. During the year ended December 2020, the Company from time to time may have had amounts on deposit in excess of the insured limits.

Residence and Care Agreement –

Services – The residency agreement (“Residency Agreement”) is a rental contract under which the Company is obligated, upon payment by the resident of a community fee and ongoing payments of the monthly fee to the CCRC, to provide certain services to the resident. While the resident occupies an independent living unit, services provided include: nursing care at the Inn with preferred rate arrangement (except for the costs of physician services and ancillary health services and supplies); one meal per day; all utilities, except telephone; housekeeping services; maintenance of both the unit and the grounds and equipment; scheduled local transportation; health consultation at the Inn; planned social, recreational, and cultural activities; and use of the community area and other common activity facilities. In addition, the community healthcare services are provided to residents at fee for service rates at the Inn.

Admittance Standards – To be accepted for admission to the independent living units at the CCRC, each prospective resident must be at least 62 years of age at the time residency is established, have financial assets adequate to pay the admission fee, and have sufficient income to meet the anticipated monthly fee and other personal expenses not provided under the Residency Agreement.

A reservation requires a signed Residency Agreement and the payment of a one-time community fee equal to one month's monthly resident fee. The community fee is refundable within the first 30 days of the execution of the Residency Agreement.

Terms of Residency – The initial Residency Agreement is for a term of 13 months. After the initial term, the resident has the option, each year, of executing another Residency Agreement for 13 months. If another 13-month Residency Agreement is not executed, the Residency Agreement will expire at the end of the term.

Termination by the Resident Prior to Occupancy – The resident may terminate the Residency Agreement prior to moving into the CCRC for any reason at any time by giving written notice. The community fee will be refundable at termination during the 30-day rescission period defined in the Residency Agreement. After the rescission period, the community fee becomes non-refundable.

Note 2—Summary of significant accounting policies (continued)

Termination by the Resident after Occupancy – The resident may terminate the Residency Agreement after moving into the CCRC by giving 30 days prior written notice of termination, which shall be effective and irrevocable upon delivery. If the resident terminates the Residency Agreement prior to the expiration of the initial term or renewal term, then the resident will be obligated to pay the monthly fee throughout the remainder of the term until the later of (i) removal of possessions from the apartment and key return to administration or (ii) re-occupancy of the apartment by a new resident.

The Residency Agreement will automatically terminate upon death of the resident (unless there is a surviving joint resident) and a personal representative will have 30 days from date of death to remove personal property from the apartment. The resident’s estate will be obligated to pay the monthly fee until the removal of possessions from the apartment and key return to administration.

Termination by the Company – The Company may terminate the Residency Agreement for just cause. Just cause includes (i) breach of agreement; (ii) misrepresenting information in admission process; (iii) failure to pay any charges; (iv) resident becomes infected with dangerous or contagious disease; and (v) a major change in physical or medical condition that cannot be cared for or is beyond the limits of the CCRC’s license.

Healthcare Benefit – The CCRC, through its arrangement with Quail Haven Healthcare, set forth in a transfer agreement (see Note 7), will provide the residents temporary or permanent skilled nursing services in the Inn, within the limits of Quail Haven Healthcare’s licensure. Currently, residents receive three free days of skilled nursing care per year (noncumulative) in the Closed Beds.

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2020

Note 7—Intercompany agreements (continued)

Total rent expense incurred by the Quail Haven Pinehurst and Quail Haven Healthcare to Quail Haven Properties was approximately \$444,000 and \$156,000, respectively, for the year ended December 31, 2020. These amounts have been eliminated in the combined financial statements.

In 2013, Quail Haven Pinehurst and Quail Haven Healthcare entered into a healthcare services transfer agreement, under which Quail Haven Healthcare will provide care to residents of Quail Haven Pinehurst through the operation of the Closed Beds. Under the terms of the transfer agreement, the Company will collect daily service fees from residents occupying the Closed Beds and will subsequently make healthcare fee payments to Quail Haven Healthcare equivalent to the amount of daily service fees collected for any Closed Bed occupied by a resident of Quail Haven Pinehurst.

Note 8—Contingencies

The Company is subject to legal proceedings and claims which arise in the course of providing healthcare services. The Company maintains malpractice insurance coverage (\$1,000,000 per claim, \$3,000,000 aggregate) for claims made during the policy year. In management's opinion, adequate provision has been made for amounts expected to be paid under the policy's deductible limits for unasserted claims not covered by the policy and any other uninsured liability.

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government-healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

On January 30, 2020, the World Health Organization declared the "COVID-19" outbreak a Public Health Emergency of International Concern and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines, or stay at home restrictions in certain areas and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets globally, including the geographical areas in which the Company operates.

While it is unknown how long these conditions will last and what the complete financial impact will be, the Company is closely monitoring the impact of the COVID-19 pandemic on all aspects of the business and are unable at this time to predict the continued impact that COVID-19 will have on their business, financial position, and operating results in future periods due to numerous uncertainties.

Note 9—Pension plan

The Company offers a defined contribution plan to eligible employees as defined by the plan. The Company will match employee contributions at the discretion of management. The Company contributed \$16,822 for the year ended December 31, 2020.

Note 10—Subsequent events

The Company has evaluated subsequent events through April 26, 2021, in connection with the preparation of these combined financial statements, which is the date the combined financial statements were available to be issued. The Company is unaware of any subsequent events that would render the combined financial statements misleading.

Quail Haven Village
Material Difference Narrative
For the Year Ended December 31, 2020

For purposes of comparison, Quail Haven of Pinehurst, LLC, Quail Haven Healthcare Center of Pinehurst, LLC, and Quail Haven Properties of Pinehurst, LLC (collectively, "Quail Haven Village") used the following financial reports as of and for the year ended (actual)/ending (forecasted) December 31, 2020:

Audited - Obtained from the Supplemental Schedules of the combined audited financial statements of Quail Haven Village as of and for the year ended December 31, 2020.

Forecasted - Obtained from the forecasted financial statements with the Independent Accountants' Compilation Report dated May 26, 2020, which was included in the Quail Haven Village Disclosure Statement dated May 31, 2020.

The following explanations are furnished pursuant to Section 58-64-30 of the General Statutes of North Carolina. The explanations pertain to material differences between the QH's audited and forecasted financial statements, as described above, as of and for the year ending December 31, 2020. See the summary Balance Sheets, Statements of Operations and Statements of Cash Flows behind this narrative for amounts and percentages.

For purposes of this narrative, "material" differences are considered to be variances of \$1,000,000 and 10% on line item amounts.

Balance Sheets:

1. Cash and Cash Equivalents - Cash and cash equivalents were more than forecasted by approximately \$1,838,000 (184%). This was due primarily to the net amounts due to other related companies not part of the Quail Haven Village economic entity (see #2 below) and additional funding for Medicare services as a result of receipts related to the CARES Act in 2020.
2. Due From/To Related Parties - There are transactions throughout the year between other companies related to Quail Haven Village which are not part of the economic entity. Below is a summary of the net balances due to and from these companies (shown in a comprehensive total) at December 31, 2020:

	Forecasted			Actual		
	<u>Due From</u>	<u>Due To</u>	<u>Net Rec/(Pay)</u>	<u>Due From</u>	<u>Due To</u>	<u>Net Rec/(Pay)</u>
Total receivable/(payable)	\$ -	\$ (1,249)	\$ (1,249)	\$ 1,339	\$ (3,359)	\$ (2,020)
						\$ (771)
						62%

The net amount due to companies related to but not under Quail Haven Village's economic entity was more than forecasted by approximately \$771,000 (62%) which is below the materiality threshold.

3. Long-Term Debt and Capital Lease Obligation Less Current Portion - Non-current long-term debt, net of deferred financing costs, was more than forecasted by approximately \$3,244,000 (58%). This was the result of the refinancing of a loan with an outstanding balance of approximately \$6,100,000 with a new loan of approximately \$9,200,000. The forecast assumed borrowings at the same amount of the existing loan's outstanding balance at the time of refinance.
4. Members' Equity/(Deficit) - Members' equity at year-end was less than forecasted by approximately \$3,279,000 (91%) primarily as a result of net distributions to members of approximately \$3,200,000 which was not forecast.

Statements of Operations:

COVID-19 Pandemic

On January 30, 2020, the World Health Organization declared the “COVID-19” outbreak a Public Health Emergency of International Concern and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines, or stay-at-home restrictions in certain areas and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets globally, including the geographical areas in which the Community operates.

In December 2020, the U.S. Food and Drug Administration issued emergency use authorization of vaccines for the prevention of COVID-19.

For purposes of the forecast, Management has assumed no revenue impact and additional staffing related expenses for fiscal year 2021. Management assumes COVID-19 shall have a negligible impact to its operations and has, therefore, excluded any additional revenue or expense related to COVID-19 for the remainder of the forecast period.

See Independent Accountants’ Compilation Report

Residency and Care Agreements

Services – The residency agreement (“Residency and Care Agreement”) is a rental contract under which the Company is obligated, upon payment by the resident (the “Resident” or “Residents”) of the Security Deposit, Community Fee, Apartment Selection Fee, and ongoing payment of the Monthly Fee, to provide certain services to the Resident. While the Resident occupies an Independent Living Unit, services provided include:

- Utilities, except telephone and internet service;
- One meal per day;
- Weekly housekeeping services;
- Interior unit and appliance maintenance;
- Maintenance of common area and the grounds;
- Use of common areas and wellness center;
- Uncovered parking;
- Scheduled transportation; and
- 24-hour emergency response system.

Optional services, including additional transportation, dining, and housekeeping services, are available for an extra charge as well as home care services through the Company’s licensed home care services program.

Admittance Standards – Prior to taking occupancy of a selected Independent Living Unit, the Resident executes a Residency and Care Agreement. The terms of the Residency and Care Agreement require the Company accept persons at least 62 years of age at the time of occupancy, who demonstrate the ability to live independently, and meet the financial obligations as a Resident. A reservation requires a signed Residency and Care Agreement and payment of a Security Deposit, a non-refundable Apartment Selection Fee, and a one-time, non-refundable Community Fee. Upon occupancy, Residents are expected to pay an ongoing Monthly Fee.

Healthcare Benefit – The Company provides Residents temporary or permanent assisted living and skilled nursing services in the Healthcare Center, within the limits of the Company’s licensure. Residents receive an annual, non-cumulative discount of 10 percent from the then current direct admission rate, during the first 30 days of residency in the Healthcare Center.

Terms of Residency – The initial Residency and Care Agreement is for a term of thirteen months. After the initial term, the Resident has the option, each year, of executing another Residency and Care Agreement for thirteen months. If another thirteen-month Residency and Care Agreements is not executed, the Residency and Care Agreement shall expire at the end of the term.

See Independent Accountants’ Compilation Report

Termination by the Resident Prior to Occupancy – The Resident may cancel at any time and for any reason during the 30-day rescission period as defined in the Residency and Care Agreement (the “Rescission Period”) and shall receive a refund of any fees paid less a service charge. After the Rescission Period, the Resident may terminate the Residency and Care Agreement prior to moving into the Community by giving thirty (30) days’ prior written notice. Under this circumstance, the Apartment Selection Fee and Community Fee become non-refundable after the Rescission Period.

Termination by the Resident After Occupancy – The Resident may terminate the Residency and Care Agreement after moving into the Community by giving thirty (30) days’ prior written notice of termination, which shall be effective and irrevocable upon delivery. If the Resident terminates the Residency and Care Agreement prior to the expiration of the initial term or renewal term, then the Resident shall be liable for the Monthly Fee until the date that all of the Resident’s personal belongings are removed from the Independent Living Unit. In addition, the Resident shall be responsible for payment of liquidated damages of one month’s rental charge.

The Residency and Care Agreement shall automatically terminate upon death of the Resident (unless there is a surviving joint Resident) and a personal representative shall have thirty (30) days from date of death to remove personal property from the Independent Living Unit. The Resident’s estate is obligated to pay the Monthly Fee until the removal of possessions from the Independent Living Unit and key return to administration.

Termination by the Company – The Company may terminate the Residency and Care Agreement for just cause to include: (i) breach of agreement; (ii) misrepresenting information in the admission process; (iii) failure to pay any charges; (iv) Resident becomes infected with dangerous or contagious disease; or (v) violation of any reasonable procedures at the Community.

Summary of Significant Accounting Policies

Basis of Accounting and Presentation – The Company is assumed to maintain its accounting and financial records according to the accrual basis of accounting.

Cash – Cash includes cash on hand and cash on deposit held by one financial institution.

Restricted Cash – Restricted cash is comprised of patient trust funds.

Related-Party Transactions – The principal members of the Company and other entities which they own or with which they are associated are considered related parties. Management monitors cash flow at each related party entity and transfers cash on an as-needed basis.

Statutory Operating Reserve – North Carolina General Statute section 58-64-33, requires licensed CCRCs to maintain an operating reserve equal to fifty percent (50%) of the total forecasted operating costs (adjusted for non-cash items) in a given year. If a CCRC maintains a combined independent and assisted living occupancy in excess of 90 percent, the operating reserve amount required equals 25 percent (25%) of forecasted operating expenses (adjusted for non-cash items). The reserve may be funded by cash, invested cash, or investment grade securities. Management assumes that the statutory operating reserve shall be funded by an irrevocable standby letter of credit from a financial institution.

Deferred Revenue – The non-refundable Community Fee is amortized into income over the estimated average length of stay of the Residents in the Independent Living Units, assumed to be five years.

Lease Accounting – The Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-02, Lease Accounting Standard in February 2016. ASU 2016-02 requires all leases with lease terms over twelve months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of lease commencement. Leases are to be classified as either finance or operating. This distinction shall be relevant for the pattern of expense recognition in the statement of operations. The Company is currently in the process of evaluating the impact of adoption of this ASU and has not made final determinations. Therefore, for purposes of the forecast ASU 2016-02 has not been implemented by the Company.

Property and Equipment – Property and equipment are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of depreciable assets. The cost of maintenance and repairs is charged to operations as incurred, whereas significant renewals and betterments are capitalized.

See Independent Accountants’ Compilation Report

Deferred Marketing Costs – Management has implemented ASU No. 2014-09 “Revenue from Contracts with Customers” and adopted the treatment of deferred marketing costs. Under the standard, the Company capitalizes marketing sales commissions associated with securing new Residency and Care Agreements as an asset and amortizes these commissions over the estimated term of the respective Residency and Care Agreements.

Intangible Asset – The Company records its CON as an intangible asset. Intangible assets with indefinite useful lives are reviewed for impairment in accordance with ASC 350, Intangibles – Goodwill and Other, which requires the Company to evaluate the recoverability of long-lived assets annually and whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. The Company continually evaluates whether events and circumstances have occurred that indicate the remaining estimated useful life of its CON may warrant revision or that the remaining carrying value may not be recoverable. Management has not assumed an impairment to intangible assets during the forecast period.

Income Taxes – The Company has elected to be treated as a partnership for income tax purposes. The Company’s taxable income, its losses, and other pass-through items shall be reported on the members’ tax returns. Accordingly, no provision for income taxes has been included in the forecast.

The Resident agrees that the Company shall have the right to determine whether the Resident should be temporarily or permanently transferred from the Apartment to the Healthcare Center or from one level of care at the Healthcare Center to another level of care at the Healthcare Center. Such determination shall be in the Company's sole discretion and based on the professional opinion of the medical director of the Healthcare Center and the executive director of the CCRC that the Resident is no longer able to live independently or that living in the Apartment will endanger the Resident or the health and/or safety of others. Upon the execution of this Agreement, the Resident shall make a Security Deposit payment to the Company equal to one Monthly Service Fee payment (the "Security Deposit"), which shall be deposited in accordance with statute, law or regulation of the federal, state, and local Government. If the Resident has complied with all terms of the Agreement and returns the Apartment in the same or materially similar condition as when the Resident moved into the Apartment, the Company will return the Security Deposit to the Resident within thirty (30) days after the Resident's move-out date. The Security Deposit shall be credited to the Resident as the last Monthly Service Fee payment in the event of the Resident's death. In the event that the Resident breaches or otherwise violates the Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company. The Resident is additionally responsible for any expense incurred by the Company resulting from damages to the Apartment that are in excess of the Security Deposit. In the event that the Resident has entered into a Priority Partner Agreement (the "Priority Partner Agreement") and paid a refundable deposit to the Company (the "Priority Deposit"), the Priority Deposit shall be applied to the amount due as the Security Deposit.
- d. Monthly Service Fees. Throughout the Term, the Resident shall pay to the Company a Monthly Service Fee (the "Monthly Service Fee") in the amount of \$_____, as described on Exhibit A attached hereto, for a single Resident. If the Apartment will be occupied by two Residents pursuant to this Agreement, an additional monthly amount of \$_____ shall be paid by the second Resident. The Monthly Service Fee shall be paid by the Resident on or before the fifth (5th) day of each month for Basic Services to be rendered that month with the first payment due on or before the Occupancy Date. The Monthly Service Fee shall be due regardless of whether or not the Apartment is actually occupied by the Resident on the scheduled Occupancy Date and such Monthly Service Fee will not be adjusted if the Resident is voluntarily absent from the CCRC at any time after such date. If the Resident obtains possession of the Apartment prior to the first of a month, the Resident shall pay the Company the first Monthly Service Fee on a pro-rata basis based on the actual number of days contained in the month. If this Agreement does not terminate at the expiration of the initial Term or a renewal Term, the Monthly Service Fee may continue to be payable beyond the date of termination as set forth in Section 7 below.
- e. Adjustments to Monthly Service Fees. The Company reserves the right to change the amount of the Monthly Service Fee upon thirty (30) days' written notice prior to the beginning of each calendar year. Adjustments to the Monthly Service Fee will be made as may be reasonably necessary according to the economic requirements and conditions of the CCRC, the level and quality of services provided to the residents of the CCRC and consistent with operating on a sound financial basis.
- f. Fees for Optional Services. The Resident shall receive a monthly statement from the Company showing the total amount of fees and other charges owed by the

Resident, which shall be paid by the fifth (5th) day of each month. A list of fees for recurring optional services (“Optional Services”) the Resident has elected to purchase as of the date of this Agreement is attached hereto as Exhibit A.

The Healthcare Center will consist of accommodations, equipment and staffing necessary for assisted living, assisted housing with services, skilled nursing care and memory care services on a temporary or permanent basis. Each calendar year, the Resident shall receive a ten percent (10%) discount on fees the Resident accrues during its first thirty (30) days of residency in the Healthcare Center (each day being a “Discounted Fee Day”). The Resident may not carry any unused Discounted Fee Days over to the following calendar year. Fees for residency in the Healthcare Center shall otherwise be payable in accordance with the Residency and Care Agreement and in accordance with the then published Healthcare Center per diem charge.
- h. Fees for Occupancy in the Healthcare Center. In the event the Resident is transferred to the Healthcare Center, as determined in the sole discretion of the Company, the Resident shall pay the then published Healthcare Center per diem charge plus charges for other services not included in the Healthcare Center per diem charge, subject to available Discounted Fee Days. In addition, the Resident shall continue to be responsible for the Monthly Service Fee and other charges payable under this Agreement.
- i. Refund of Fees. If the Resident cancels during the Rescission Period (as defined in Section 8.a.i of this Agreement), the Priority Deposit, Apartment Selection Fee, Community Fee and Security Deposit (and any other fees paid by Resident) in accordance with this Residency and Care Agreement will be refunded to the Resident, without interest, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at Resident’s request and set forth in Exhibit A of this Agreement or in writing in a separate addendum to the Agreement, signed by the Resident and the Company.
