Any moving expense will be the responsibility of the Resident.

3. Termination by the Company

- (a) Termination by the Company Prior to the Occupancy Date. If, in the Company's sole discretion, the Resident does not satisfy the criteria for occupancy in the CCRC, the Residency and Care Agreement shall terminate upon the Company's notification to the Resident of non-approval. In such event, all amounts paid to the Company shall be refunded to the Resident within thirty (30) days after the Company provides the Resident notice of non-approval.
- (b) Termination by the Company after the Occupancy Date. The Company may terminate the Residency and Care Agreement upon thirty (30) days written notice to the Resident in the event of the following:
 - (1) The Resident fails to make payments to the Company of any amounts when due and such failure is not cured within fifteen (15) days after notice is given to the Resident;
 - (2) The Resident fails to comply with any term of the Residency and Care Agreement not involving the payment of money or any provisions of the Rules and Regulations and the Resident fails to cure such non-compliance within seven (7) days after written notice from the Company; or
 - (3) The Resident or the Resident's authorized representative makes a material misrepresentation or omission in the information provided to the Company for its consideration of the Resident for residency in the CCRC.
- (c) Immediate Termination. If the Company determines in its sole and absolute discretion that a Resident's behavior interferes with or threatens to interfere with the safety of the Resident or the quiet enjoyment or safety of other Residents, visitors and/or staff of the CCRC, or if the Resident's behavior is a detriment to other residents, visitors, and/or staff of the CCRC, the Company may immediately terminate the Residency and Care Agreement and the Resident shall promptly vacate the Apartment. In such event, the Resident shall pay

the Company for all Optional Services rendered by the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until all of the Resident's personal belongings are removed from the Apartment.

- (d) Effect of Termination by the Company after the Occupancy Date. In the event the Company terminates the Residency and Care Agreement after the Occupancy Date pursuant to the applicable subsections of the Residency and Care Agreement, the Resident shall promptly vacate the Apartment, but shall pay the Company for all Optional Services rendered by the Company through the date of termination and shall continue to be liable for the Monthly Service Fee until the date that all of the Resident's personal belongings are removed from the Apartment.

VIII. Fees

The following is a list of the fees and charges expected to be charged to the Residents of the CCRC:

- A. Priority Deposit. Upon the execution of the Priority Partner Agreement, the prospective resident shall submit to the Company a payment of One-Thousand Dollars (\$1,000.00) (the "Priority Deposit"). The Priority Deposit is fully refundable should the prospective resident choose not to proceed with the reservation process and not enter into a Residency and Care Agreement for any reason. The Priority Deposit will be fully applied toward the Security Deposit should the prospective resident proceed with the reservation process and execute a Residency and Care Agreement.
- B. Apartment Selection Fee. Upon the execution of the Apartment Selection Agreement, the Resident shall submit to the Company a fee equal to one Monthly Service Fee payment (the "Apartment Selection Fee"). The Apartment Selection Fee is a non-refundable fee (except as defined in the Residency and Care Agreement) and shall be fully applied toward the first month's Monthly Service Fee.
- C. Community Fee. Upon the execution of the Apartment Selection Agreement, the Resident shall submit to the Company a fee equal to one Monthly Service Fee payment (the "Community Fee"). The Community Fee is a one-time, non-refundable fee (except as defined in the Residency and Care Agreement) which entitles the Resident priority access to all services and amenities of the Community. A Community Fee will not be charged to Residents upon any renewal of the Residency and Care Agreement.
- D. Security Deposit. Upon the execution of the Residency and Care Agreement, the Resident shall make a Security Deposit payment to the Company equal to one Monthly Service Fee payment (the "Security Deposit"), which shall be deposited

in accordance with statute, law or regulation of the federal, state, and local Government. If the Resident has complied with all terms of the Residency and Care Agreement and returns the Apartment in the same or materially similar condition as when the Resident moved into the Apartment, the Company will return the Security Deposit to the Resident within thirty (30) days after the Resident's move-out date. The Security Deposit shall be credited to the Resident as the last Monthly Service Fee payment in the event of the Resident's death. In the event that the Resident breaches or otherwise violates the Residency and Care Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company. The Resident is additionally responsible for any expense incurred by the Company resulting from damages to the Apartment that are in excess of the Security Deposit. In the event that the Resident has entered into a Priority Partner Agreement and paid a refundable deposit to the Company, the Priority Deposit shall be applied to the amount due as the Security Deposit.

- E. Monthly Service Fee. Throughout the Term, the Resident shall pay to the Company a Monthly Service Fee (the "Monthly Service Fee") as described in Exhibit A attached to the Residency and Care Agreement. The Monthly Service Fee shall be paid by the Resident on or before the fifth (5th) day of each month for Basic Services to be rendered that month with the first payment due on or before the Occupancy Date. The Monthly Service Fee shall be due regardless of whether or not the Apartment is actually occupied by the Resident on the scheduled Occupancy Date and such Monthly Service Fee will not be adjusted if the Resident is voluntarily absent from the CCRC at any time after such date. If the Resident obtains possession of the Apartment prior to the first of a month, the Resident shall pay the Company the first Monthly Service Fee on a pro-rata basis based on the actual number of days contained in the month. If the Residency and Care Agreement does not terminate at the expiration of the initial Term or a renewal Term, the Monthly Service Fee may continue to be payable beyond the date of termination as set forth in the Residency and Care Agreement.

- F. Adjustments to Monthly Service Fees. The Company reserves the right to change the amount of the Monthly Service Fee upon thirty (30) days' written notice prior to any renewal of the Residency and Care Agreement. Adjustments to the Monthly Service Fee will be made as may be reasonably necessary according to the economic requirements and conditions of the CCRC and the level and quality of services provided to the residents of the CCRC and consistent with operating on a sound financial basis. See Exhibit F for five years of the historical average dollar amount of increases in fees.

- G. Fees for Optional Services. The Resident shall receive a monthly statement from the Company showing the total amount of fees and other charges owed by the Resident, which shall be paid by the fifth (5th) day of each month. A list of fees for recurring Optional Services the Resident has elected to purchase as of the date of the Residency and Care Agreement shall be attached to the Residency and Care Agreement as Exhibit A.

- H. Healthcare Center Fees and Charges. The Healthcare Center will consist of accommodations, equipment and staffing necessary for assisted living, assisted housing with services, skilled nursing care and memory care services on a temporary or permanent basis. The Company shall establish and publish per diem rates for accommodations and services at the Healthcare Center. Each calendar year, the Resident shall receive a ten percent (10%) discount on fees the Resident accrues during its first thirty (30) days of residency in the Healthcare Center (each day being a “Discounted Fee Day”). The Resident may not carry any unused Discounted Fee Days over to the following calendar year. Fees for residency in the Healthcare Center shall otherwise be payable in accordance with the Residency and Care Agreement and in accordance with the then published Healthcare Center per diem charge.
- I. Refund of Fees. If the Resident cancels during the Rescission Period as defined in the Residency and Care Agreement, the Priority Deposit, Apartment Selection Fee, Community Fee, and Security Deposit (and any other fees paid by Resident) in accordance with the Residency and Care Agreement will be refunded to the Resident, without interest, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at the Resident’s request and set forth in Exhibit A of the Residency and Care Agreement or in writing in a separate addendum to the Residency and Care Agreement, signed by the Resident and the Company. Any refund shall be paid within thirty (30) days after the Company’s receipt of the Resident’s written notice of rescission. The Apartment Selection Fee and the Community Fee become non-refundable after the Rescission Period. The Security Deposit is refundable and will be returned to the Resident within thirty (30) days after the Resident’s move-out date if the Resident has complied with all terms of the Residency and Care Agreement and returns the Apartment in the same or materially similar condition as when Resident moved into the Apartment. If the Resident breaches or otherwise violates the Residency and Care Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company.
- J. Late Charges. The Company will charge a one percent (1%) late payment charge per month on any Monthly Service Fees and extra charges that have not been paid within five (5) days after their due date.

IX. Financial Information

- A. Audited Financial Statements. Audited financial statements of the Company as of and for the year ended December 31, 2021 are included as Exhibit A.
- B. Actual versus Projected Results. A narrative of material differences between the previously projected financial statements and actual results of operations for the year ended December 31, 2021 for the Company are included in Exhibit B.
- C. Interim Financial Statements. Interim financial statements for the three-month period ended March 31, 2022 for the Company are included as Exhibit C.

- D. Five-Year Prospective Financial Statements. Financial projections for each of the five years ending December 2026 for the Company as compiled by an independent public accountant are included as Exhibit D.
- E. Reserves, Escrow and Trusts. North Carolina law requires continuing care retirement communities such as the Community to maintain operating reserves equal to fifty percent (50%) of the total operating costs in a given year, or twenty-five percent (25%) of such total operating costs if occupancy as of a certain date exceeds ninety percent (90%) of the Community's capacity (such reserve amount is referred to herein as the "Statutory Reserve"). This law provides security to the Residents that the Company will be able to meet its contractual obligations to provide continuing care. The Company's Statutory Reserve will be maintained through a letter of credit issued by a financial institution approved by the North Carolina Department of Insurance (the "Letter of Credit"). The Letter of Credit will name the Company as the beneficiary and be in an amount sufficient to satisfy the Statutory Reserve requirement.

During the Fill-up Period, all Priority and Security Deposits received from prospective Residents will be held in escrow with a state-chartered or federally-chartered bank. The escrowed funds may not be released to the Company until statutorily mandated levels of reserves are received and long-term financing is secured. If the Company fails to meet these pre-opening financing obligations, the bank shall return the escrowed monies to the prospective Residents. These statutorily mandated financing levels are detailed in the North Carolina General Statutes at §58-64-35.

Report of Independent Auditor

To the Members
The Barclay at SouthPark
Wilmington, North Carolina

Opinion

We have audited the accompanying combined financial statements of The Barclay at SouthPark (the “Company”), a group of entities under common control, which comprise the combined balance sheet as of December 31, 2021, and the related combined statements of operations and changes in members’ equity and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of the Company as of December 31, 2021, and the results of their operations and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Combined Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern within one year after the date that the combined financial statements are available to be issued.

Auditor’s Responsibilities for the Audit of the Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the combined financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The supplementary information is presented for the purpose of additional analysis and is not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the combined financial statements taken as a whole.

THE BARCLAY AT SOUTHPARK

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 2—Summary of significant accounting policies (continued)

Cash and Cash Equivalents – Cash includes deposit accounts and investments purchased with an original maturity of three months or less.

Restricted Cash – Restricted cash is comprised of refundable priority deposits (the “Priority Deposit”) received from future residents, which are held in accordance with statute, law, or regulation of the federal, state, and local government. The Priority Deposit will be applied to the security deposit paid by the resident upon execution of a Residency and Care Agreement. The liability associated with refundable priority deposits as of December 31, 2021 totaled \$92,771.

Property and Equipment, Net – Property and equipment are stated at cost. Maintenance and repairs are charged to expense as incurred, and renewals and betterments are capitalized. Gains or losses on disposals are credited or charged to operations.

Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets. Depreciation and amortization expense amounted to \$4,557,766 for the year ended December 31, 2021.

The estimated useful lives used in computing depreciation and amortization are as follows:

Buildings and improvements	5 to 40 years
Land improvements	5 to 15 years
Furniture and fixtures	5 to 20 years
Vehicles	10 years
Equipment	3 to 20 years

Debt Issuance Costs, Net – Loan origination costs are being amortized over the life of the loan utilizing a straight-line method which approximates the effective interest rate method. The amortization of these costs is included in interest expense in the combined statement of operations and changes in members’ equity. Amortization of loan origination costs was \$242,784 for the year ended December 31, 2021.

Revenue Recognition – The Company follows the guidance provided by Accounting Standards Codification (“ASC”) 606, *Revenue from Contracts with Customers* and uses a five-step model to apply to revenue recognition, consisting of: (1) determination of whether a contract, an agreement between two or more parties that creates legally enforceable rights and obligations, exists; (2) identification of the performance obligations in the contract; (3) determination of the transaction price; (4) allocation of the transaction price to the performance obligations in the contract; and (5) recognition of revenue when (or as) the performance obligation is satisfied.

Resident Revenue – Resident fee revenue is reported at the amount that reflects the consideration the Company expects to receive in exchange for the services period. These amounts are due from residents or third party payers and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Resident fee revenue is recognized as performance obligations are satisfied.

THE BARCLAY AT SOUTHPARK

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 2—Summary of significant accounting policies (continued)

Under the Company's skilled nursing and assisted living senior living residency agreements, the Company provides senior living services to residents for a stated daily or monthly fee. The Company recognizes revenue for room, assistance with activities of daily living, inpatient therapy, healthcare, and personalized health services provided under assisted living and skilled nursing residency agreements in accordance with the provisions of U.S. GAAP. The senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time and recognized ratably over the contractual term, typically daily.

The Company also collects a one-time upfront nonrefundable community fee. The community fee is recorded as deferred revenue and amortized over five years, the estimated stay of the resident based on historical knowledge.

The Company has a performance obligation related to the series of distinct goods and services and another performance obligation related to access residents have for discounted fee days. Management has determined it is appropriate to allocate an equal amount of revenue to this material right each month.

The Company receives revenue for services under various third party payer programs which include Medicare, Medicaid, and other third party payers. Settlements with third party payers for retroactive adjustments due to audits, reviews, or investigations are included in the determination of the estimated transaction price for providing services. The Company estimates the transaction price based on terms of the contract with the payer, correspondence with the payer and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

The Company receives revenue from independent living residents containing a lease component that would fall under the guidance of ASC 840, *Leases*. The amount of revenue recorded under this guidance was approximately \$2,932,000 and there would be no difference in how the revenue would be recognized under ASC 606 or ASC 840.

Disaggregated Revenue – The Company has determined that the senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time.

Contract Balances – Timing differences among revenue recognition may result in contract assets or liabilities. Contract liabilities on the accompanying combined balance sheet related to the nonrefundable community fee and prepaid resident revenue totaled \$384,294 and \$111,119 respectively, as of December 31, 2021 and is recorded as deferred revenue on the combined balance sheet. There were no contract assets as of December 31, 2021.

Resident Accounts Receivable, Net – Receivables from residents, insurance companies, and third party contractual agencies are recorded at regular resident service rates, net of estimated contractual adjustments. Contractual adjustments are estimated based on the terms of third party insured contracts and arrangements. Adequate allowances are provided for doubtful accounts and other uncertainties. Credit losses have historically been within management's expectations. Net accounts receivable was \$460,723 as of December 31, 2021. Accounts receivable are stated in the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to earnings and a credit to the allowance for doubtful accounts based on its assessment of individual accounts. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the allowance for doubtful accounts and a credit to accounts receivable. Allowance for doubtful accounts was \$2,027 as of December 31, 2021.

THE BARCLAY AT SOUTHPARK

NOTES TO THE COMBINED FINANCIAL STATEMENTS

DECEMBER 31, 2021

Note 2—Summary of significant accounting policies (continued)

Upcoming Pronouncement – Leases – In February 2016, the Financial Accounting Standards Board issued Accounting Standards Update (“ASU”) 2016-02, *Leases*. The standard requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of lease commencement. Leases will be classified as either finance or operating. This distinction will be relevant for the pattern of expense recognition in the combined statement of operations and changes in members’ equity. This standard will be effective for the calendar year ending December 31, 2022. The Company is currently in the process of evaluating the impact of adoption of this ASU on the combined financial statements.

Income Taxes – The Company, with the consent of its members, has elected under the Internal Revenue Code to be taxed as a partnership. In lieu of corporate federal income taxes, the members of an LLC are taxed on their proportionate share of the Company’s taxable income. Management has evaluated the effect of the guidance provided by U.S. GAAP on accounting for uncertainty in income taxes. Management has evaluated all other income tax positions that could have a significant effect on the combined financial statements and determined the Company had no uncertain income tax positions at December 31, 2021.

Intangible Asset – In accordance with U.S. GAAP, intangible assets with indefinite useful lives are reviewed for impairment in accordance with Accounting Standards Codification ASC 350, *Intangibles – Goodwill and Other*, which requires the Company to evaluate the recoverability of long-lived assets annually and whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. For the Company, this asset includes a CON. The Company continually evaluates whether events and circumstances have occurred that indicate the CON may warrant revision or that the remaining carrying value may not be recoverable. As permitted by ASC 350, the Company performed a qualitative assessment of impairment to determine whether the value of the CON was impaired. Based on the results of this qualitative assessment, the CON was not impaired as of December 31, 2021.

Impairment of Long-Lived Assets – The Company reviews the carrying value of its long-lived assets, whether held for use or disposal when events and circumstances indicate that the carrying amount of an asset may not be recoverable based on expected undiscounted cash flows attributable to that asset. The amount of any impairment is measured as the difference between the carrying value and the fair value of the impaired asset.

Operating Reserves – Continuing care retirement communities located in North Carolina are licensed and monitored by the NC DOI under Article 64 of Chapter 58 of the North Carolina General Statutes. The Commissioner of Insurance has the authority to revoke or restrict the license of or impose additional requirements on any continuing care facility under certain circumstances specified in North Carolina General Statute 58-64-10.

North Carolina General Statute 58-64-33 requires that continuing care retirement communities with occupancy levels in excess of 90% maintain an operating reserve equal to 25% of total operating costs projected for the 12-month period following the most recent annual statement filed with the NC DOI, upon approval of the Commissioner. Continuing care retirement communities with less than 90% occupancy are required to maintain an operating reserve equal to 50% of projected total operating costs. Total operating costs shall include budgeted operating expenses plus debt service less depreciation and amortization expense and revenue associated with non-contractual expenses.

In order to meet North Carolina General Statute operating reserve requirement of \$6,859,000, based on occupancy of less than 90% at December 31, 2021 and projected operating expenses and occupancy for 2021, presented in the 2021-2025 financial projections, the Company has entered into an irrevocable standby letter of credit of up to \$6,859,000 for the period of November 30, 2021 through November 1, 2022.

The agreement will automatically terminate upon death of the resident (unless there is a surviving joint resident) and a personal representative will have 30 days from the day of death to remove personal property from the apartment. The resident’s estate will be obligated to pay the monthly fee until the removal of possessions from the apartment and key return to administration.

The Barclay at SouthPark
Material Difference Narrative
As of and for the Year Ended December 31, 2021

Charlotte SP Senior Housing PROPCO, LLC, Charlotte SP Senior Housing OPCO, LLC, and Barclay Senior Living SouthPark, LLC ("The Barclay at SouthPark") used the following financial reports as of and for the year ended (actual)/ending (projected) December 31, 2021:

Audited - Obtained from the combined audited financial statements of The Barclay at SouthPark as of and for the year ended December 31, 2021.

Projected - Obtained from the projected financial statements for the Company with the Independent Accountants' Compilation Report dated May 6, 2021, which was included in The Barclay at SouthPark Disclosure Statement dated May 31, 2021.

The following explanations are furnished pursuant to Section 58-64-30 of the General Statutes of North Carolina. The explanations pertain to material differences between The Barclay at SouthPark's audited and projected financial statements, as described above, as of and for the year ending December 31, 2021. See the summary Balance Sheets, Statements of Operations and Statements of Cash Flows behind this narrative for amounts and percentages.

For purposes of this narrative, "material" differences are considered to be variances of \$1,000,000 and 10% on line item amounts.

Balance Sheets:

1. Long-Term Debt - Long-Term Debt (current and non-current) was approximately \$800,000 (.8%) less than projected. The variance between current and non-current was related to the balloon payment outlined in the terms of the loan due in 2022. The loan agreement gives The Barclay at SouthPark the option to extend this loan. The projection assumed management would exercise this option. It is management's intent to extend the terms of the loan in 2022.
2. Accrued Expenses and Other Payables - Accrued expenses and other payables were greater than projected by approximately \$3,200,000 (166%). This variance is composed of approximately \$2,600,000 in outstanding construction invoices at December 31, 2021 that were projected to have been paid, an accrual of approximately \$1,000,000 for property taxes at December 31, 2021 that were projected to have been paid, less than projected restricted cash of approximately \$700,000 at December 31, 2021 due to the approved release of escrow funds by the North Carolina Department of Insurance during 2021, and actual days in routine payables at December 31, 2021 of 28 days versus 16 days estimated in the projection.
3. Related Party Receivables/Payables - There are numerous transactions throughout the year between other companies related to The Barclay at SouthPark which are not part of the economic entity. Below is a summary of the net balances due to and from these companies at December 31, 2021:

	Projected			Actual		
	Due From	Due To	Net	Due From	Due To	Net
Various	\$ 650	\$ (10,087)	\$ (9,437)	\$ 331	\$ (1,390)	\$ (1,059)
Total receivable/(payable)	\$ -	\$ -	\$ (9,437)	\$ 331	\$ (1,390)	\$ (1,059)
						\$ (8,378)
						-89%

The net amount due to companies related to but not under The Barclay at SouthPark economic entity was less than projected by approximately \$8,400,000 (89%) was primarily due to approximately \$6,900,000 less cash needed for purchases of capital assets than projected. The remaining variance is primarily due to funding of approximately \$2,100,000 received from infusions of equity.

Statements of Operations and Changes in Members' Equity:

4. Independent Living Revenue - Independent living revenue was less than projected by approximately \$2,500,000 (46%) primarily due to a slower fill-up than projected resulting in an average unit occupancy for 2021 of 32 versus 58 as projected.
5. Members' Contributions - Members' contributions were more than projected by approximately \$2,100,000 (100%). The projection did not assume any members' contributions. These contributions resulted in less funds borrowed from related parties as discussed in Note 3 above.

Statements of Cash Flows:

6. Changes in Operating Assets and Liabilities - Changes in Operating Assets and Liabilities was less than projected by approximately \$5,500,000 (3574%) primarily as a result of the accrued expenses and other payables and related party transactions described in #2 and #3 above.
7. Capital Additions - Capital additions was less than projected by approximately \$6,800,000 (76%) as a result of less new purchases in 2021 due to retainages accrued at the end of 2020.

Independent Accountants' Compilation Report

The Barclay at SouthPark
Wilmington, North Carolina

Management of The Barclay at SouthPark (the "Company") and the day-to-day operating manager, Liberty Living Management, LLC (collectively "Management") is responsible for the accompanying financial projection of the Company, which comprises the projected combined balance sheets as of and for each of the five years ending December 31, 2026, the related projected combined statements of operations, changes in members' equity, and cash flows for each of the years then ending, and the related summaries of significant assumptions and rationale in accordance with guidelines for the presentation of a financial projection established by the American Institute of Certified Public Accountants ("AICPA").

The accompanying projection and this report were prepared for inclusion with the disclosure statement filing requirements of North Carolina General Statutes, Chapter 58, Article 64. Accordingly, this report should not be used for any other purpose.

We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not examine or review the financial projection nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Management. Accordingly, we do not express an opinion, a conclusion, or provide any form of assurance on this financial projection. The projected results may not be achieved, as there will usually be differences between the prospective and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

Furthermore, even if the following hypothetical assumptions occur during the projection period:

- the independent living apartments and health center units and beds are successfully marketed and achieve and maintain projected occupancy levels during the projection period; and
- the Company refinances its construction loan during the fiscal year ending 2023 at rates and terms as assumed in the projection.

There will usually be differences between the projected and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

We have no responsibility to update this report for events and circumstances occurring after the date of this report.

The Barclay at SouthPark

Summary of Significant Projection Assumptions and Rationale

General

The accompanying financial projection presents, to the best of the knowledge and belief of management of The Barclay at SouthPark, a group of entities under common control, (the “Company” or the “Community”) and the day-to-day operating manager, Liberty Living Management, LLC (the “Operating Manager”) (collectively “Management”), the expected financial position, results of operations and changes in members’ equity, and cash flows of the Company as of and for each of the five years ending December 31, 2026. Accordingly, the accompanying financial projection reflects Management’s judgment as of May 27, 2022, the date of this projection, of the expected conditions and its expected course of action during the projection period assuming the hypothetical assumptions defined below occur. However, even if the hypothetical assumptions stated below were to occur, there will usually be differences between the projected and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Management’s purpose in releasing this financial projection is for inclusion in the Company’s annual disclosure statement in accordance with Chapter 58, Article 64, of the North Carolina General Statutes. Accordingly, this report should not be used for any other purpose. The assumptions disclosed herein are those that Management believes are significant to the prospective financial statements.

Basis of Presentation – The prospective financial statements included in the projection have been prepared in accordance with the accounting principles generally accepted in the United States of America. Significant accounting policies are described in the appropriate assumptions and notes to the prospective financial statements. The assumptions described are not all-inclusive.

Hypothetical Assumption – A hypothetical assumption is an assumption used in a financial projection to present a condition or course of action that is not necessarily expected to occur but is consistent with the purpose of the presentation. Hypothetical assumptions are not derived from sources, which are based upon supporting documentation such as contracts, agreements, or other empirical data. Management has prepared its financial projection assuming the following hypothetical assumptions:

- the Independent Living Units and Healthcare Center (hereinafter defined) units and beds are successfully marketed and achieve and maintain projected occupancy levels during the projection period; and
- the Company refinances its construction loan during the fiscal year ending 2023 at rates and terms as assumed in the projection.

See Independent Accountants’ Compilation Report

Residency and Care Agreement

Services – The residency agreement (“Residency and Care Agreement”) is a rental contract under which the Company is obligated, upon payment by the resident (the “Resident” or “Residents”) of the Security Deposit, Community Fee, Apartment Selection Fee, and ongoing payment of the Monthly Fee, to provide certain services to the Resident. While the Resident occupies an Independent Living Unit, services provided include:

- Utilities, except telephone and internet service;
- Declining balance meal plan;
- Weekly housekeeping services:
- Interior unit and appliance maintenance;
- Maintenance of common area and the grounds;
- Use of common areas and wellness center;
- Uncovered parking;
- Scheduled transportation; and
- 24-hour emergency response system.

Optional services, including covered parking, personal laundry, additional transportation, additional dining, and additional housekeeping services, are available for an extra charge.

Admittance Standards – Prior to taking occupancy of a selected Independent Living Unit, the Resident shall execute a Residency and Care Agreement. The terms of the Residency and Care Agreement require the Company accept persons at least 62 years of age at the time of occupancy, who demonstrate the ability to live independently, and meet the financial obligations as a Resident. A reservation requires a signed Residency and Care Agreement and payment of a Security Deposit, a non-refundable Apartment Selection Fee, and a one-time, non-refundable Community Fee. Upon occupancy, Residents are expected to pay an ongoing Monthly Fee.

Healthcare Benefit – The Company provides Residents temporary or permanent assisted living, memory care and skilled nursing services in the Healthcare Center, within the limits of the Company’s licensure. Residents receive an annual, non-cumulative discount of 10 percent from the current market rate during the first 30 days of residency in the Healthcare Center.

Terms of Residency – The initial Residency and Care Agreement shall be for a term of 13 months. After the initial term, the Resident has the option, each year, of executing another Residency and Care Agreement for 13 months. If another 13-month Residency and Care Agreement is not executed, the Residency and Care Agreement shall expire at the end of the term.

See Independent Accountants’ Compilation Report

Termination by the Resident Prior to Occupancy – The Resident may cancel at any time and for any reason during the 30-day rescission period as defined in the Residency and Care Agreement (the “Rescission Period”) and shall receive a refund of any fees paid less a service charge. After the Rescission Period, the Resident may terminate the Residency and Care Agreement prior to moving into the Community by giving 30 days’ prior written notice. Under this circumstance, the Apartment Selection Fee and Community Fee become non-refundable after the Rescission Period.

Termination by the Resident After Occupancy – The Resident may terminate the Residency and Care Agreement after moving into the Community by giving 30 days’ prior written notice of termination, which shall be effective and irrevocable upon delivery. If the Resident terminates the Residency and Care Agreement prior to the expiration of the initial term or renewal term, then the Resident shall be liable for the Monthly Fee until the date that all of the Resident’s personal belongings are removed from the Independent Living Unit. In addition, the Resident shall be responsible for payment of liquidated damages of one month’s rental charge.

The Residency and Care Agreement shall automatically terminate upon death of the resident (unless there is a surviving joint Resident) and a personal representative shall have 30 days from date of death to remove personal property from the Independent Living Unit. The Resident’s estate is obligated to pay the Monthly Fee until the removal of possessions from the Independent Living Unit and key return to administration.

Termination by the Company – The Company may terminate the Residency and Care Agreement for just cause to include: (i) breach of agreement; (ii) misrepresenting information in the admission process; (iii) failure to pay any charges; (iv) Resident becomes infected with dangerous or contagious disease; or (v) violation of any reasonable procedures at the Community.

See Independent Accountants’ Compilation Report

Summary of Significant Accounting Policies

Basis of Accounting – The Company is assumed to maintain its accounting and financial records according to the accrual basis of accounting.

Cash – Cash includes cash on hand and cash on deposit held by one financial institution.

Restricted Cash – Restricted cash includes Security Deposits received from current residents and refundable priority deposits (the “Priority Deposit”) received from future residents, which are held in accordance with statute, law, or regulation of the federal, state, and local government. The Priority Deposit shall be applied to the Security Deposit paid by the Resident upon execution of a Residency and Care Agreement.

Related-Party Transactions – The principal members of the Company and other entities, which they own or with which they are associated, are considered related parties. Management monitors cash flow at each related party entity and transfers cash on an as-needed basis.

Statutory Operating Reserve – North Carolina General Statute section 58-64-33, requires licensed CCRC to maintain an operating reserve equal to 50 percent (50%) of the total projected operating costs (adjusted for non-cash items) in a given year. If a CCRC maintains a combined independent and assisted living occupancy in excess of 90 percent (90%), the operating reserve amount required equals 25 percent (25%) of projected operating expenses (adjusted for non-cash items). The reserve may be funded by cash, invested cash, or investment grade securities. Management assumes that the statutory operating reserve shall be funded by an irrevocable standby letter of credit from a financial institution.

Deferred Revenue – The one-time, upfront, non-refundable Community Fee is recorded as deferred revenue and amortized into income over five (5) years, the estimated average length of stay of the Residents in the Independent Living Units.

Lease Accounting – The Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-02, Lease Accounting Standard in February 2016. ASU 2016-02 requires all leases with lease terms over twelve months to be capitalized as a right-of-use asset and lease liability on the balance sheet at the date of lease commencement. Leases are to be classified as either finance or operating. This distinction shall be relevant for the pattern of expense recognition in the statement of operations. Upon the combining of the Company’s financial statements, all material lease transactions occurring during the projection period were recognized as internal lease transfers and eliminated from the financial presentation.

Property and Equipment – Property and equipment are recorded at cost. Depreciation is calculated on the straight-line method over the estimated useful lives of depreciable assets. The cost of maintenance and repairs is charged to operations as incurred, whereas significant renewals and betterments are capitalized.

See Independent Accountants’ Compilation Report

Deferred Marketing Costs – Management has implemented ASU No. 2014-09 “Revenue from Contracts with Customers” and adopted the treatment of deferred marketing costs. Under the standard, the Company capitalizes marketing sales commissions associated with securing new Residency and Care Agreements as an asset and amortizes these commissions over five (5) years, the estimated term of the respective Residency and Care Agreements.

Intangible Asset – For the Company, this asset includes fees related to the Company’s application for the CON. In accordance with accounting standards generally accepted in the United States of America, intangible assets with indefinite useful lives are reviewed for impairment in accordance with Accounting Standards Codification (“ASC”) 350, Intangibles – Goodwill and Other, which requires the Company to evaluate the recoverability of long-lived assets annually and whenever events or changes in circumstances indicate that its carrying amount may not be recoverable. The Company continually evaluates whether events and circumstances have occurred that indicate the CON may warrant revision or that the remaining carrying value may not be recoverable. As permitted by ASC 350, the Company performs qualitative assessments of impairment to determine whether the value of the CON was impaired. Management assumes no impairment for the intangible asset to occur during the projection period.

Debt Financing Cost – Cost associated with the issuance of debt is capitalized and is amortized over the term of the related debt using the straight-line method, which approximates the effective interest method. Debt issuance costs are netted against the related debt on the combined balance sheet and the amortization is included on the combined statement of operations and changes in members’ equity.

Income Taxes – The Company has elected to be treated as a partnership for income tax purposes. The Company’s taxable income, its losses and other pass-through items are reported on the members’ tax returns. Accordingly, no provision for income taxes has been included in the projections.

Admission is restricted to persons sixty-two (62) years of age or older with the exception of a younger second occupant. An underage second occupant may be approved for residency in the Apartment in the Company’s sole discretion but must, at a minimum, be at least fifty (50) years of age and meet the other requirements for residency in the CCRC. The Company reserves the right to limit the number of residents under the age of sixty-two (62) that will live in the CCRC.

The Resident must be capable of living independently and must satisfy the then current independent living criteria as published by the Company, which criteria may be amended from time to time in the Company’s sole discretion. The Resident shall provide to the Company an internal preliminary health screen (the “Preliminary Health Screen”), substantially in the form attached

to the Apartment Selection Agreement executed by the Resident and the Company dated as of the ___ day of _____, 20__ (the “Apartment Selection Agreement”), completed by the Resident’s primary physician and certifying that the Resident meets the independent living criteria within the period outlined in Section 1.e. of this Agreement.

- c. Apartment Selection Agreement. At the time of selecting an Apartment, the Resident completed an Apartment Selection Agreement and submitted it to the Company along with an Apartment Selection Fee and Community Fee, as defined in Sections 7.a. and 7.b., respectively, of this Agreement. In the event of any conflict between the provisions of the Apartment Selection Agreement and this Agreement, the provisions of this Agreement shall control.

Included in the Disclosure Statement is a copy of this Agreement.
- e. Application. Within thirty (30) days of execution of the Apartment Selection Agreement, the Resident will complete a Preliminary Health Screen and a confidential financial statement, all on the forms provided by the Company, and deliver the same (all such documents collectively referred to herein as, the “Application Forms”) to the Company.

Immediately prior to the Occupancy Date (as defined in Section 1.n. of this Agreement), the Resident will affirm to the Company that the Resident’s financial situation does not differ materially or adversely from the financial situation as presented in the Application Forms (substantially in the form attached to the Apartment Selection Agreement). After the Occupancy Date, the Company may require updated financial information. The Company will notify the Resident in writing of its decision on the application.
- j. Physician's Report. Thirty (30) days prior to the Occupancy Date (as defined in Section 1.n. of this Agreement), the Resident is required to submit to the Company an updated Preliminary Health Screen. The Company will respect the privacy of the Resident's personal health information and is committed to maintaining the Resident's confidentiality.
- k. Representations and Warranties. The Resident affirms that the representations made in the Application Forms or other statements of financial capability are accurate and reflect the Resident's current status. Service in the Healthcare Center shall be provided within the limits of the Company's license.

If the appropriate level of Healthcare Services based upon the needs of the Resident may not be obtained or are not provided within the Healthcare Center, such level of care must be obtained from another provider of healthcare services, including, but not necessarily limited to, a hospital, and the costs of those services shall be the sole responsibility of the Resident. The Resident (i) acknowledges and agrees that the Company will not be responsible for any claims, damages or expenses resulting from injury or death suffered by the Resident that is caused by, attributable to or in any way connected with the negligence or intentional acts or omissions of the physicians, employees or agents of any such other provider of healthcare services and (ii) releases the Company from liability for any such claims, damages or expenses.

6. Transfers of Resident

- a. Direct Transfer to the Healthcare Center. If after the execution of this Agreement and prior to the Occupancy Date, the Resident's health or mental condition is such that, in the sole discretion of the Company, the Resident no longer meets the qualifications to live independently in the CCRC, and this Agreement is not otherwise terminated, the Resident may be transferred directly to the Healthcare Center. All fees and other charges due must be paid prior to any direct transfer. In the event there is more than one Resident occupying the Apartment, and one Resident is transferred directly to the Healthcare Center, the other Resident shall continue to be obligated under this Agreement and pay the required Monthly Service Fee applicable to a single resident.

In the event the Healthcare Center is not yet completed and licensed to operate and the Resident's health or mental condition is such that, in the sole discretion of the Company, the Resident is precluded from living independently in the CCRC (the "Healthcare Transfers"), the Company will enter into a Transfer Agreement with a skilled nursing facility in reasonable proximity to the Company (the "Transfer Facility") pursuant to which the Transfer Facility shall agree to accept appropriate Healthcare Transfers from the Company. The Company will provide transportation

to the Healthcare Transfers to the Transfer Facility until such time as the Healthcare Center is available; provided however, the cost of the care at such Transfer Facility will be the responsibility of the Healthcare Transfer.

- b. Transfers to the Healthcare Center. The Resident agrees that the Company shall have the right to determine whether the Resident should be temporarily or permanently transferred from the Apartment to the Healthcare Center or from one level of care at the Healthcare Center to another level of care at the Healthcare Center. Such determination shall be in the Company's sole discretion and based on the professional opinion of the medical director of the Healthcare Center and the executive director of the CCRC that the Resident is no longer able to live independently or that living in the Apartment will endanger the Resident or the health and/or safety of others. Should the Resident fail to cooperate with a transfer of the Resident requested by the Company, the Company shall have the right to terminate this Agreement and the Resident shall no longer be permitted to live in the CCRC.
- c. Transfer Outside the CCRC. If, in the opinion of the Company, the physical or mental condition of the Resident requires services beyond that which can be provided by the facilities or personnel in the CCRC and the Healthcare Center or is beyond the scope of the services provided for in this Agreement, the Company may require that the Resident be temporarily or permanently transferred to a hospital, center, institution or other care environment equipped to give such care; provided however, the cost of the care at any such outside facility will be the responsibility of the Resident.
- d. Relinquishment of Apartment upon Permanent Transfer to the Healthcare Center or Outside Facility. If, in the sole discretion of the Company, the Resident's transfer to the Healthcare Center or to an outside facility is considered permanent, the Resident shall relinquish the Apartment and this Agreement shall terminate, unless there is a second Resident currently occupying the Apartment or unless otherwise approved by the Company.

7. Fees and Charges.

The following is a list of the fees and charges expected to be charged to the Residents of the CCRC.

Upon the execution of the Apartment Selection Agreement, the Resident paid an Apartment Selection Fee (the "Apartment Selection Fee") as identified in Exhibit A attached hereto. The Apartment Selection Fee is a nonrefundable fee (except as defined in Section 7.i. of this Agreement) and shall be applied to the first month's Monthly Service Fee.
- b. Community Fee. Upon the execution of the Apartment Selection Agreement, the Resident paid a Community Fee (the "Community Fee") as identified in Exhibit A attached hereto. The Community Fee is a one-time, nonrefundable fee (except as

defined in Section 7.i. of this Agreement) which entitles Residents priority access to all services and amenities of the Community. A Community Fee will not be charged to Residents upon any renewal of this Agreement.

- c. Security Deposit Fee. Upon the execution of this Agreement, the Resident shall make a Security Deposit payment to the Company equal to one Monthly Service Fee payment (the "Security Deposit"), which shall be deposited in accordance with statute, law or regulation of the federal, state, and local Government. If the Resident has complied with all terms of the Agreement and returns the Apartment in the same or materially similar condition as when the Resident moved into the Apartment, the Company will return the Security Deposit to the Resident within thirty (30) days after the Resident's move-out date. The Security Deposit shall be credited to the Resident as the last Monthly Service Fee payment in the event of the Resident's death. In the event that the Resident breaches or otherwise violates the Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit shall be forfeited to the Company. The Resident is additionally responsible for any expense incurred by the Company resulting from damages to the Apartment that are in excess of the Security Deposit. In the event that the Resident has entered into a Priority Partner Agreement (the "Priority Partner Agreement") and paid a refundable deposit to the Company (the "Priority Deposit"), the Priority Deposit shall be applied to the amount due as the Security Deposit.
- d. Monthly Service Fees. Throughout the Term, the Resident shall pay to the Company a Monthly Service Fee (the "Monthly Service Fee") in the amount of \$ _____, as described on Exhibit A attached hereto, for a single Resident. If the Apartment will be occupied by two Residents pursuant to this Agreement, an additional monthly amount of \$ _____ shall be paid by the second Resident. The Monthly Service Fee shall be paid by the Resident on or before the fifth (5th) day of each month for Basic Services to be rendered that month with the first payment due on or before the Occupancy Date. The Monthly Service Fee shall be due regardless of whether or not the Apartment is actually occupied by the Resident on the scheduled Occupancy Date and such Monthly Service Fee will not be adjusted if the Resident is voluntarily absent from the CCRC at any time after such date. If the Resident obtains possession of the Apartment prior to the first of a month, the Resident shall pay the Company the first Monthly Service Fee on a pro-rata basis based on the actual number of days contained in the month. If this Agreement does not terminate at the expiration of the initial Term or a renewal Term, the Monthly Service Fee may continue to be payable beyond the date of termination as set forth in Section 7 below.
- e. Adjustments to Monthly Service Fees. The Company reserves the right to change the amount of the Monthly Service Fee upon thirty (30) days' written notice prior to any renewal of this Agreement. Adjustments to the Monthly Service Fee will be made as may be reasonably necessary according to the economic requirements and conditions of the CCRC, the level and quality of services provided to the residents of the CCRC and consistent with operating on a sound financial basis.

- f. Fees for Optional Services. The Resident shall receive a monthly statement from the Company showing the total amount of fees and other charges owed by the Resident, which shall be paid by the fifth (5th) day of each month. A list of fees for recurring optional services (“Optional Services”) the Resident has elected to purchase as of the date of this Agreement is attached hereto as Exhibit A.
- g. Healthcare Center Fees and Charges. The Healthcare Center will consist of accommodations, equipment and staffing necessary for assisted living, assisted housing with services, skilled nursing care and memory care services on a temporary or permanent basis. The Company shall establish and publish per diem rates for accommodations and services at the Healthcare Center. Each calendar year, the Resident shall receive a ten percent (10%) discount on fees the Resident accrues during its first thirty (30) days of residency in the Healthcare Center (each day being a “Discounted Fee Day”). The Resident may not carry any unused Discounted Fee Days over to the following calendar year. Fees for residency in the Healthcare Center shall otherwise be payable in accordance with the Residency and Care Agreement and in accordance with the then published Healthcare Center per diem charge.
- h. Fees for Occupancy in the Healthcare Center. In the event the Resident is transferred to the Healthcare Center, as determined in the sole discretion of the Company, the Resident shall pay the then published Healthcare Center per diem charge plus charges for other services not included in the Healthcare Center per diem charge, subject to available Discounted Fee Days. In addition, the Resident shall continue to be responsible for the Monthly Service Fee and other charges payable under this Agreement.
- i. Refund of Fees. If the Resident cancels during the Rescission Period (as defined in Section 8.a.i of this Agreement), the Priority Deposit, Apartment Selection Fee, Community Fee and Security Deposit (and any other fees paid by Resident) in accordance with this Residency and Care Agreement will be refunded to the Resident, without interest, less a service charge of One Thousand Dollars (\$1,000.00) and less any charges specifically incurred by the Company at Resident’s request and set forth in Exhibit A of this Agreement or in writing in a separate addendum to the Agreement, signed by the Resident and the Company. Any refund shall be paid within thirty (30) days after the Company’s receipt of the Resident’s written notice of rescission. The Apartment Selection Fee and the Community Fee become non-refundable after the Rescission Period. The Security Deposit Fee is refundable and will be returned to the Resident within thirty (30) days after the Resident’s move-out date if the Resident has complied with all terms of the Agreement and returns the Apartment in the same or materially similar condition as when Resident moved into the Apartment. If the Resident breaches or otherwise violates the Agreement before the end of the last month of occupancy by the Resident, then the Security Deposit Fee shall be forfeited to the Company.

- j. Late Charges. The Company will charge a one percent (1%) late payment charge per month on any Monthly Fees and extra charges that have not been paid within five (5) days after their due date.

8. Termination.
