As with all organizations, and companies, COVID-19 and the related Pandemic placed several conditions and obstacles in the way of our process. III. RESIDENCY POLICIES AND ADMISSIONS

Admission

The requirements for admission are outlined in the life care agreements found in Attachment 3 of this disclosure statement.

Health Criteria

The guidelines used by Covenant Village to help future residents decide if their needs will be met, are entitled “Covenant Village is for Active Seniors” and are as follows:

COVENANT VILLAGE IS FOR ACTIVE SENIORS

Covenant Village is committed to providing a safe and secure environment where active seniors can lead the independent lifestyle they choose. Our cottages and apartments are for people who can live independently without direct assistance from others for routine personal activities. Our Health Center provides two areas of care, assisted living and skilled, for residents whose needs can no longer be met in the residential area. Residents join Covenant Village in the apartments or cottages and may move to the Health Center in the future if the need arises, either on a temporary or permanent basis.

Staff is not available for direct personal assistance in the residential areas, so we place a lot of emphasis on our residents' ability to live independently. Functional ability is the primary criteria for residency in the apartments and cottages of Covenant Village. We define this as having sufficient mobility, dexterity, sensory function, and mental status to live without direct assistance of another. This includes activities of daily living, getting to meals, and taking medications. Adaptive devices which enhance abilities are encouraged and welcomed, such as aids for ambulation, mobility, dexterity, or sensory improvement. Home Health Care Agencies or personal caregivers that provide direct personal assistance for Residents living independently must have prior approval from the CEO or the Health Services Administrator.

Residents must be able to live independently for the first ninety (90) days of occupancy to qualify for the health care daily rate for a Life Care resident. To assure that residents have the functional ability needed to live in our cottages and

apartments, we offer an orientation stay in our guest room for a few days, free of charge. Our goal is to make sure we can meet resident needs. Approval for residency comes after orientation.

If you have questions specific to your personal situation, please do not hesitate to contact us.

Financial and Insurance Criteria

Covenant Village believes it is the responsibility of the applicant to determine whether he or she can "afford" to live at Covenant Village. A general rule of thumb suggests that continuing care retirement residents should have monthly income of at least 1.5 times monthly fees. A confidential financial statement is required from the applicant to assist Covenant Village in planning.

Residents are required to maintain Medicare part A, Medicare part B, and one supplemental health insurance policy or equivalent insurance coverage acceptable to Covenant Village, as outlined in the life care agreement found in Attachment 3 of this disclosure statement.

Age Criteria

Residents must be 65 years of age or older, except that in the case of a married couple in which one spouse is 65 years of age or older, the other spouse may be as young as 62 years of age.

Changes of Condition Prior to Occupancy

Admission requirements must be met immediately prior to admission and during the first 90 days of residency as outlined in the life care agreements found in this disclosure statement. See Attachment 3.

Apartment Termination and Refund Provisions

- A. Resident may rescind this agreement within thirty days of the latter of the execution date of this contract or the receipt of the disclosure statement, with no penalty. Resident is not required to move into the unit before the expiration of the 30-day period. If Resident dies before occupying the apartment, or if, on account of illness, injury, or incapacity a resident is precluded from occupying the apartment and such condition is certified in writing by a physician, then in either event the contract shall be deemed

immediately cancelled. Any refund under this paragraph will be paid within 60 days after written notice has been received by Covenant Village. Resident or Resident's legal representative shall receive a refund of all money, less monthly fees specified in the Contract for the period of time unit was actually occupied by Resident, less non-standard costs specifically incurred by Covenant Village at the request of the Resident and described in the contract or any contract amendment signed by resident, and less a \$1,000.00 administrative fee. The entrance fee will be refunded without amortization reductions as specified herein below during the 30-day rescission period.

- B. After taking occupancy and becoming a resident of Covenant Village, should residency for any reason cease, whether voluntarily or involuntarily, Covenant Village shall be under no obligation to make a refund to Resident provided, however, that if such cessation of residency occurs within the first twenty-five (25) months of residency, Covenant Village will refund the Entrance Fee, less four percent (4%) thereof for each calendar month, or portion thereof of residency, and less one thousand dollars (\$1,000) as an administrative and refurbishing charge. Payment of any refund due Resident under this paragraph will be made when Covenant Village receives full payment of the Entrance Fee from a qualified substitute resident.
- C. No Entrance Fee refund will be made after twenty-five (25) months of residency and no refund will be made, at any time, for a resident transferring to Covenant Village's Health Center facilities.
- D. Covenant Village may terminate this Agreement at any time if there has been a material misrepresentation or omission made by Resident in Resident's Application for Admission, Personal Health History or Confidential Financial Statement; if a material change in Resident's health takes place before occupancy; if Resident fails to make payment to Covenant Village of any fees or charges due Covenant Village within sixty (60) days of the date when due; or if Resident fails to abide by the rules or regulations adopted by Covenant Village or breaches any of the terms and conditions of this Agreement. In the event of termination for any of such causes, Resident shall be entitled to an appropriate refund of the Entrance Fee paid by Resident determined in accordance with the same manner provided in Paragraph V.A. or V.B.
- E. At the effective date of termination of this Agreement, Resident shall vacate the Apartment and shall leave it in good condition except for normal wear and

tear. Resident shall be liable to Covenant Village for any cost incurred in restoring the Apartment to good condition except for normal wear and tear. Monthly Fees will be continued until all personal effects have been removed from Covenant Village.

Cottage Termination and Refund Provisions

- A. Resident may rescind this agreement within thirty days of the latter of the execution date of this contract or the receipt of the disclosure statement, with no penalty. Resident is not required to move into the unit before the expiration of the 30-day period. If Resident dies before occupying the cottage, or if, on account of illness, injury or incapacity, a resident is precluded from occupying the cottage and such condition is certified in writing by a physician, then in either event the contract shall be deemed immediately cancelled. Any refund under this paragraph will be paid within 60 days after written notice has been received by Covenant Village. Resident or Resident's legal representative shall receive a refund of all money, less monthly fees specified in the Contract for the period of time unit was actually occupied by Resident, less non-standard costs specifically incurred by Covenant Village at the request of the Resident and described in the contract or any contract amendment signed by resident, and less a \$1,000.00 administrative fee. The entrance fee will be refunded without amortization reductions as specified herein below during the 30-day rescission period.
- B. After taking occupancy and becoming a Resident of Covenant Village, should residency for any reason cease, whether voluntarily or involuntarily, Covenant Village shall be under no obligation to make a refund to Resident provided however, that if such cessation of residency occurs within the first fifty (50) months of residency, Covenant Village will refund the Entrance Fee less two percent (2%) thereof for each calendar month or portion thereof of residency and one thousand dollars (\$1,000) as an administrative and refurbishing charge. Payment of any refund due Resident under this paragraph will be made when Covenant Village receives full payment of the Entrance Fee from a qualified substitute Resident.
- C. In the event Resident should transfer to an apartment in the main building of Covenant Village during the first fifty (50) months of residency, a refund of the difference in Entrance Fees between the Cottage and the apartment will be made to Resident less two percent (2%) of the cottage entrance fee

for each calendar month or portion thereof of residency. No refund will be made if the transfer occurs after fifty (50) months of residency and no refund will be made, at any time, for a Resident transferring to Covenant Village's Health Center facilities.

- D. Covenant Village may terminate this Agreement at any time if there has been a material misrepresentation or omission made by Resident in Resident's Application for Admission, Personal Health History or Confidential Financial Statement; if a material change in Resident's health takes place before occupancy; if Resident fails to make payment to Covenant Village of any fees or charges due Covenant Village within sixty (60) days of the date when due; or if Resident fails to abide by the rules and regulations adopted by Covenant Village or breaches any of the terms and conditions of this Agreement. In the event of termination for any of such causes, Resident shall be entitled to an appropriate refund if the Entrance Fee paid by Resident determined in accordance with the same manner provided in Paragraph V.A., or V.B.
- E. At the effective date of termination of this Agreement, Resident shall vacate the Cottage and shall leave it in good condition except for the normal wear and tear. Resident shall be liable to Covenant Village for any cost incurred in restoring the Cottage to good condition except for normal wear and tear. Monthly fees will be continued until all personal effects have been removed from the Cottage.

Change of Accommodations

- A. It is understood that Covenant Village has the right to make or change living accommodation assignments, if necessary, to best serve the needs of Residents and Covenant Village.
- B. Resident agrees that Covenant Village shall have authority to determine when or if Resident should be transferred from Resident's Apartment to the Covenant Village Health Center or from one level of care to another level of care within the Covenant Village Health Center. Such determination shall be based on the professional opinion of the Medical Director and the Chief Executive Officer of Covenant Village and shall be made only after consultation to the extent practical with resident, a representative of Resident's family, or the sponsor of Resident, and Resident's attending physician.

- C. If it is determined by the Medical Director and the Chief Executive Officer that Resident needs care beyond that which can be provided by the facility and personnel of Covenant Village, Resident may be transferred to a hospital, center or institution equipped to give such care, which care will be at the expense of Resident. Such transfer of Resident will be made only after consultation with Resident, to the extent possible, a representative of Resident's family or the sponsor of Resident, and Resident's attending physician.
- D. If a determination is made by Covenant Village that any transfer described in Paragraph C. above is probably not temporary in nature, Resident agrees to surrender the cottage, apartment, or the accommodation in the health center within 30 days after Resident has been notified by Covenant Village. If the living accommodation is not vacated within 30 days, the Resident agrees to pay additional Monthly Charges. If Covenant Village subsequently determines upon the opinion of the Medical Director and the Chief Executive Officer that Resident can resume occupancy in accommodations comparable to those occupied by Resident prior to such transfer, Resident shall have priority to such accommodation as soon as they become available.

Marriages/New Second Occupant

Should a resident marry, a new spouse does not have rights under the resident's agreement. For the new spouse to be admitted to Covenant Village, the new spouse would need to be approved by the Admissions Committee. The new spouse would be required to pay the second person entrance fee as noted in the Fee Schedule. The resident and the new spouse would pay the two-person monthly fee if they occupy the same living unit. If the new spouse does not meet the requirements for entry, he or she would not be admitted to an apartment or cottage but may be admitted to Covenant Village's Health Center on a space available basis.

Should two residents marry and decide to live in one unit, they would pay the two-person fee for the unit. An additional entrance fee may or may not be required. This will be determined based on the size of the unit they are moving into and the size of the units they are vacating. A revised contract will be signed by the couple, outlining the terms of any refund.

Inability to Pay

The Board of Directors is committed to fulfilling the policy that no resident will be discharged by reason of inability to pay monthly fees provided the resident has not impaired his or her ability to meet obligations by transfer of assets below market value or sale of assets and the organization has the capability of meeting needs of the resident.

V. FEES AND REFUNDS

Application Registration Fees

A one thousand dollar (\$1,000) non-refundable application fee is required at the time application is made to be placed on the waiting list. At the time of admission, the application fee is credited against the entrance fee.

Entrance Fees

The Entrance Fee is consideration paid for living accommodations, services and programs offered by Covenant Village as defined by the Life Care Agreement. It gives the resident the exclusive right to occupy and use an apartment or cottage for life, subject to the terms and conditions set forth in the Life Care Agreement.

The entrance fee is refundable, on a declining basis, during the first twenty-five (25) months of occupancy for residents of the apartments. Apartment fee refunds equal the entrance fee less four percent (4%) per month of occupancy and less one thousand dollars (\$1,000) administrative charge. There is no refund of the entrance fee after twenty-five (25) months and no refunds will be made for a resident transferring to Covenant Village's health care facilities. See the agreement in Attachment 3 for complete details.

The entrance fee is refundable, on a declining basis, during the first fifty (50) months of occupancy for residents of the cottages. Cottage refunds equal the entrance fee less two percent (2%) per month of occupancy and less one thousand dollars (\$1,000) administrative charge. There is no refund of the entrance fee after fifty (50) months and no refund will be made for a resident transferring to Covenant Village's health care facilities. See the agreement in Attachment 3 for complete details.

See the Residency Policies and Admissions section for additional refund provisions.

Monthly Fee

Payment of a monthly fee provides the Resident with certain services as provided in this disclosure statement and Life Care Agreement(s). Other services are provided on an additional fee-for-service basis.

Tiered monthly rates were established on October 1, 2022. The tiered rates are distinguished by the date of contact signing. Residents signing contracts after October 1, 2022, will follow the new tiered rate which is approximately 3% higher than residents who signed contracts prior to October 1, 2022. The tiered rate allows Covenant Village to match local market rates without putting an undue burden of higher rate increases on existing residents.

A second person entrance fee of \$40,000 to \$50,000 will be charged for double occupancy. Studio units are excluded.

Health Center Fee Schedule

Health Center rate for temporary use of a semi-private room is based on the single person monthly fee of the unit occupied by the Resident.

Health Center daily fee for a private room for a Resident with a life care contract is 50% of the current non-life care or direct admit Resident daily fee.

Health Center daily rate for non-life care (or direct admit) Residents is \$313. There will be a non-refundable entrance fee, ranging from \$25,000-\$40,000.

Please see current disclosure statement and contract for complete details on refund periods and the services included and excluded in fees.

EXPLANATION OF FEES

The entrance fee entitles the Resident to occupy the apartment or cottage for life or until the Resident is unable to live independently, subject to provisions in the Life Care Agreement. Covenant Village has two general entrance fee categories: Standard Option and a 70% Refund Option.

The Standard Option entrance fee is refundable, on a declining basis, during the first 25 months of occupancy for Residents of the apartments. Apartment fee refunds equal the entrance fee less 4% per month of occupancy and less \$1,000 administrative charge. For cottage Residents, the refund equals the entrance fee less 2% per month and less a \$1,000 administrative fee. The refund period for cottage entrance fee is 50 months.

The 70% Refund Option entrance fee is refundable, on a declining basis, during the first 25 months of occupancy for Residents of the apartments. Apartment fee refunds equal the entrance fee less 4% per month of occupancy and less \$1,000 administrative charge. For cottage Residents, the refund equals the entrance fee less 2% per month and less a \$1,000 administrative fee. The refund period for a cottage entrance fee is 50 months. At no time shall the refund be less than 70% of the entrance fee paid. **At this time, the 70% Refund Option is available only to cottages with certain qualifications.**

The monthly fee for apartments includes three meals per day, utilities, wireless internet, telephone and cable TV, maintenance, housekeeping, laundering of bed and bath linens, social activities, use of public areas, transportation to local medical appointments, and emergency nursing services. The monthly fee for cottages includes one meal per day for each Resident and the apartment services (listed above) but does not include gas and electricity for the cottage itself.

When two individuals share an apartment or cottage, the monthly fee for the second individual is substantially less than the first-person fee. This discount does not apply when one or both move temporarily to the Health Center. Each pays the first-person fee for the living accommodation he or she occupies. With a permanent move to the Health Center, the individual pays a daily rate for living accommodations. This daily rate is a percentage of the non-life care Resident daily rate.

Persons moving directly to the Health Center, or those who move within the 90-day probationary period, pay the daily rate for non-life care Residents and a non-refundable entrance fee, between \$25,000-\$40,000.

OTHER CHARGES

Residents are responsible for pharmacy services, physician services, prosthetic devices, medical supplies, and any medical treatment, care, or therapies not included in routine nursing care.

The information, along with other admission materials, is subject to provisions outlined in the Life Care Agreement made between the Applicant and Covenant Village, Inc.

All fees are subject to change at the discretion of the Board of Directors. Please contact the Marketing & Admissions Office to discuss current fee information.

Health Center Fee Schedule

Health Center rate for temporary use of a semi-private room is based on the single person monthly fee of the unit occupied by the Resident.

Health Center daily fee for a private room for a Resident with a life care contract is 50% of the current non-life care or direct admit Resident daily fee.

Health Center daily rate for non-life care (or direct admit) Residents is \$313. There will be a non-refundable entrance fee, ranging from \$25,000-\$40,000.

Please see current disclosure statement and contract for complete details on refund periods and the services included and excluded in fees.

EXPLANATION OF FEES

The entrance fee entitles the Resident to occupy the apartment or cottage for life or until the Resident is unable to live independently, subject to provisions in the Life Care Agreement. Covenant Village has two general entrance fee categories: Standard Option and a 70% Refund Option.

The Standard Option entrance fee is refundable, on a declining basis, during the first 25 months of occupancy for Residents of the apartments. Apartment fee refunds equal the entrance fee less 4% per month of occupancy and less \$1,000 administrative charge. For cottage Residents, the refund equals the entrance fee less 2% per month and less a \$1,000 administrative fee. The refund period for cottage entrance fee is 50 months.

The 70% Refund Option entrance fee is refundable, on a declining basis, during the first 25 months of occupancy for Residents of the apartments. Apartment fee refunds equal the entrance fee less 4% per month of occupancy and less \$1,000 administrative charge. For cottage Residents, the refund equals the entrance fee less 2% per month and less a \$1,000 administrative fee. The refund period for a cottage entrance fee is 50 months. At no time shall the refund be less than 70% of the entrance fee paid. **At this time, the 70% Refund Option is available only to cottages with certain qualifications.**

The monthly fee for apartments includes three meals per day, utilities, wireless internet, telephone and cable TV, maintenance, housekeeping, laundering of bed and bath linens, social activities, use of public areas, transportation to local medical appointments, and emergency nursing services. The monthly fee for cottages includes one meal per day for each Resident and the apartment services (listed above) but does not include gas and electricity for the cottage itself.

When two individuals share an apartment or cottage, the monthly fee for the second individual is substantially less than the first-person fee. This discount does not apply when one or both move temporarily to the Health Center. Each pays the first-person fee for the living accommodation he or she occupies. With a permanent move to the Health Center, the individual pays a daily rate for living accommodations. This daily rate is a percentage of the non-life care Resident daily rate.

Persons moving directly to the Health Center, or those who move within the 90-day probationary period, pay the daily rate for non-life care Residents and a non-refundable entrance fee, between \$25,000-\$40,000.

OTHER CHARGES

Residents are responsible for pharmacy services, physician services, prosthetic devices, medical supplies, and any medical treatment, care, or therapies not included in routine nursing care.

VI. FINANCIAL INFORMATION

An overview of the financial results of the operation of Covenant Village is contained in the audited financial statements found in Attachment 1.

Five year forecasted financial statements can be found in for the five-year period ending September 30, 2028, are provided in Attachment 2.

Operating Reserves

General Statute chapter 58, Article 64 requires Covenant Village to establish and maintain an operating reserve equal to twenty-five percent of the total operating costs, including debt service but excluding depreciation and amortization, or fifty percent of total operating costs if occupancy at Covenant Village is less than ninety percent. Covenant Village maintains an occupancy rate more than 90% and therefore is required to maintain an operating reserve of 25%. The projected amount of the Operating Reserve Requirement for the forecasted year ending September 30, 2023, is below.

Total Operating Expenses:	\$15,087,500
Principal Payment	200,000
Less Depreciation Expense	(1,596,000)
Less Amortization Expense	<u>(150,000)</u>
	<u>\$13,415,000</u>

Operating Reserve Requirement

Total Forecasted Operating Costs for FY 2023	\$13,415,000
Multiplied by Required Percentage	x 25%
Total Operating Reserve Required for FY 2023	<u>\$3,385,375</u>

Assets Available to Fund Operating Reserve

Portion of reserve corpus whose use is limited – Board designated	<u>\$4,660,961</u>
Necessary funds available to fund operating reserve	<u>\$3,385,375</u>

Covenant Village's operating reserve consists of cash, cash equivalents, and marketable securities, principally mutual funds that are more than the above requirement. The security by which Covenant Village intends to fulfill its

contractual and financial obligations rests with the financial strength of the organization, its conservative methods of operation and the integrity of the Board of Directors. The financial strength of the organization was made possible in large part to the original \$2.5 million in contributions from the community to establish Covenant Village. The integrity and conservative nature of the individuals who serve on the Board of Directors and the churches they represent is well known in Covenant Village's service area.

All of Covenant's investments are overseen under the direction of the Finance Committee of the Board of Directors and deposited with the Gaston Community Foundation and managed by Alex Brown Institutional Consulting.

Facility Development/Expansion

For additional information see the section titled Vision of Covenant Village and Master Planning under Facility Introduction and Information regarding proposed development activities. Funding of the proposed development activities is expected to be financed by either bank loans, bond financing, fund-raising, or a combination thereof.

Material Differences Between Forecasted and Actual Data Year Ended September 30, 2022

NOTE – Please see corresponding note numbers on the Statements.

I. Cash, Property and Equipment, and Intangible Assets

During 2022, Covenant Village continued through the planning phase of a Strategic Visioning process. Several of the initiatives included in the Comprehensive Strategic Plan have been made (See Note 4 and the section titled Vision of Covenant Village and Master Planning under Facility Introduction and Information). Covenant Village utilized cash and investments to pay for these completed renovations that will be included in future bank financings.

Reasons for the variance in Cash and Cash Equivalents s at 09/30/2022 are:

Property and Equipment Purchases over forecast	\$(1,264,000)
Intangible Assets Costs greater than forecasted	(455,000)
Proceeds from Investment Sales retained as cash	1,178,000
Grant income forecasted as cash rather than a receivable	(1,000,000)
Other Management Decisions	<u>9,000</u>
Actual Cash Under Forecast	<u><u>\$(1,532,000)</u></u>

2. Grant Receivable and Grant Income

As noted above, the grant receivable for the employee retention credit was forecasted as cash during 2022 rather than a receivable. For the 2022 forecast, management only forecasted \$1 million in revenue of the actual \$2.9 million grant.

3. Investments and Investment Income

In August 2022, Covenant Village moved our investment accounts from a brokerage firm to the Gaston Community Foundation. As a part of the transaction, sale proceeds from two investment accounts without donor restrictions were retained as cash to pay for strategic planning costs, which was not projected (see Note I above). The remaining unfavorable variance is the result of a forecasted market gain of 6% where actual losses were

approximately 15%.

4. Property and Equipment and Loss on Disposition of Assets

During 2022, Covenant Village completed the renovations of an independent living hallway into an “Enhanced Living” level of independent living apartments. This newly renovated hallway named as Founder’s Hall is a part of Covenant Village’s strategic plan. By bringing the project in house to be completed by our own maintenance and renovations teams the project was completed earlier than anticipated and under projected costs by the architect. Property and equipment for this renovation was projected in later years in the 5-year forecast. The cost of the project was \$604,000. Several HVAC units and a dehumidification system for the Wellness Center were replaced during 2022. The costs of these units were \$165,000 and were not included in the 2022 Forecast. Strategic planning costs associated with construction in progress totaling \$408,000 was also incurred during 2022 that was not included in the forecast. The remaining variance was due to higher material costs than anticipated for unit turnover renovations.

Covenant Village wrote off approximately \$233,000 of obsolete fixed assets in 2022 resulting in a loss on disposition of \$32,000.

5. Intangible Assets

Covenant Village is continuing the process of its comprehensive Strategic Visioning and Master Plan to consider potential operational improvements, campus repositioning, amenity renovations and campus expansion.

The costs of this process including brand image and platform, visioning discussions with current and future residents, architectural studies and drawings, financial feasibility studies and discussions and estimates from project managers and construction companies have been collected and will be included in construction loans for Covenant Village. It was anticipated that these loans would be obtained in the latter half of 2022. We now anticipate that the strategic master plan project decisioning will be completed before year end September 30, 2023, and we can move forward with financing. Costs associated with the Strategic Plan have been higher than was forecasted.

6. Deferred Revenue from Entrance Fees and Entrance Fee Revenue

The balance of deferred revenue fees increased from 2021 to 2022. The increase in entrance fees from the prior year is due to a higher number of unit turnovers. While deaths were higher in 2021 than in 2022, the units did not become available for re-sale until 2022 due to supply chain issues.

Revenue recognition from the amortization of the deferred revenue was less than forecasted which also contributed to the higher deferred fee variance. Deferred fee balances were forecast to decrease by 5% due to mortality. Actual amortization of deferred fees due to mortality was only 1.5%.

Deferred revenue balances for 2022 were higher than forecast due to:

Revenue Variance:

Lower amortization due to lower mortality turnover	\$391,000
Lower actual amortization than schedule due to residents living longer than expected	<u>240,000</u>
TOTAL REVENUE VARIANCE	\$631,000
New entrance fees higher than forecast	<u>\$308,000</u>
TOTAL DEFERRED FEES BALANCE VARIANCE	<u>\$939,000</u>

7. Net Assets

Net assets without donor restrictions were \$543,000 less than projected due to the actual surplus of revenue over expenses being less than forecasted.

8. Resident, Health Care and Other Income

Covenant Village has historically maintained high occupancy levels. On September 30, 2022, the occupancy percent was 96.23%, an increase of 2.36% from September 30, 2021's level of 93.87%.

During 2022, actual direct admit residents were less than projected resulting in the variance for health care revenue. The forecast projected 22 direct admits with five new direct admit entrance fees. Actual results were an average of 18 direct admits with only 3 new direct admit entrance fees.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Covenant Village, Inc.
Gastonia, North Carolina

Opinion

We have audited the accompanying financial statements of Covenant Village, Inc. (a nonprofit organization) (Covenant), which comprise the statements of financial position as of September 30, 2022 and 2021, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Covenant as of September 30, 2022 and 2021, and the changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Covenant and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Covenant's ability to continue as a going concern within one year after the date the financial statements were available to be issued.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Covenant's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Covenant's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information on pages 22-28 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

September 30, 2022 and 2021

Note A - Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

Covenant Village, Inc. (Covenant) is a continuing life-care facility located in Gastonia, North Carolina and was organized as a not-for-profit corporation in 1977. Covenant is a nonstock, nonprofit corporation organized under the laws of the state of North Carolina. As a nonstock corporation, Covenant has no shareholders, and any surplus remains with corporation to build reserves for unforeseen financial needs and repairs and renovations to benefit residents.

A summary of Covenant's significant accounting policies follows:

Basis of Presentation

The financial statements of Covenant have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

In accordance with GAAP, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of Covenant and changes therein are classified as follows:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of Covenant. Covenant's board may designate assets without restrictions for specific operational purposes from time to time. Designated net assets without donor restrictions consist of amounts to be used for the program activities and capital improvements.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Covenant or by the passage of time. Net assets with donor restrictions whose restrictions are satisfied in the same reporting period in which the contribution was received are reported as unrestricted support.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of all highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, and excludes money market funds held as part of investment strategies.

Note A - Nature of Activities and Summary of Significant Accounting Policies – Continued

Accounts Receivable

Accounts receivables consist of resident monthly service fees. Residents are not required to provide collateral for services rendered. Management has evaluated and determined all accounts receivable are collectible and no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when the determination is made.

Grant Receivable

Under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) signed into law on March 27, 2020 and the subsequent extension of the CARES Act, Covenant was eligible for a refundable employee retention credit subject to certain criteria. Covenant filed for the employee retention credit prior to September 30, 2022 but has not received the credit as of the date of this report. Covenant recognized \$2,999,056 as grant income during the year ended September 30, 2022 due to the expectation of receipt of the amounts which applied to this period. The receivable is reported in grant receivable on the statement of financial position at September 30, 2022.

Inventories

Inventories consist primarily of food, medical, and maintenance supplies and are stated at the lower of cost or market or net realizable value.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at their fair values in accordance with accounting requirements for certain investments held by nonprofit organizations in the statements of financial position. Beneficial interests in assets held by others are valued at fair value as reported by the holder of the assets. Unrealized gains and losses are included as a component of net investment income (loss) in the statements of activities and changes in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met in the reporting period in which the income and gains (losses) are recognized.

Assets Limited as to Use

Investments whose use is limited to maintain an operating reserve as required by North Carolina General Statutes (See Note L).

Property and Equipment

Covenant capitalizes property and equipment over \$500. Purchased property and equipment are recorded at cost and include additions and improvements that extend the useful lives of the assets. Expenditures for maintenance, repairs, and minor renovations are charged to expense as incurred.

Note A - Nature of Activities and Summary of Significant Accounting Policies - Continued

Property and Equipment

Depreciation is provided on a straight-line method over the following estimated useful lives:

Buildings and improvements	15 - 40 years
Land improvements	7 - 40 years
Equipment and furnishings	5 - 10 years
Motor vehicles	5 years

Intangible Assets

Long-lived intangible assets include costs associated with a strategic master plan project as well as rebranding costs incurred by Covenant. The assets are considered to have finite lives and will be amortized to expense over the respective lives (See Note D).

Unit Deposits

Unit deposits consist of payments for cottage and apartment accommodations in advance of those units becoming available.

Deferred Entrance Fees

Fees paid by a resident upon entering into a continuing care contract are recorded as deferred revenue and amortized into revenue using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis. When a resident terminates occupancy, any unamortized entrance fees, net of refundable amounts, are recognized as revenue.

Refundable Entrance Fees

Fees from residents whose residency may cease, whether voluntarily or involuntarily, within the first twenty-five months of residency for apartments or fifty months for cottages.

Revenue Recognition

Covenant follows the guidance provided by Accounting Standards Codification (ASC) 606, *Revenue from Contracts with Customers* and uses a five-step model to apply to revenue recognition, consisting of: 1) determination of whether a contract, an agreement between two or more parties that creates legally enforceable rights and obligations, exists; 2) identification of the performance obligations in the contract; 3) determination of the transaction price; 4) allocation of the transaction price to the performance obligations in the contract; and 5) recognition of revenue when (or as) the performance obligation is satisfied.

NOTES TO FINANCIAL STATEMENTS

Note A - Nature of Activities and Summary of Significant Accounting Policies – Continued

Resident service fees - The contracts that residents select require an entrance fee and monthly fees based upon the type of accommodation. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 10 days. The services provided include social, dining, utilities, and wellness along with other services and these performance obligations are earned each month. Resident fee revenue for non-routine or additional services are billed monthly in arrears and recognized when the service is provided.

Entrance fees - The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and are included in liabilities in the statements of financial position until the performance obligations are satisfied. The refundable portion of the entrance fee is recorded as a liability in the statements of financial position. Additionally, management has determined the contracts do not contain a significant financing component as the advanced payment assures residents access to services in the future. These deferred amounts are then amortized on a straight-line basis into revenue annually over the life of the resident(s) as the performance obligation is the material right associated with access to future services as described in ASC 606-10-55.

Health care service fees - Covenant provides assisted and nursing care to residents under life-care agreements or direct admit agreements which are billed as incurred.

Contributions

Gifts received are recorded as without donor restrictions or with donor restrictions revenue, depending on the existence and/or nature of any donor restrictions. Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Donations of property and equipment and collectibles are recorded as support at their estimated fair value at the date of donation. Such donations are reported as without donor restriction unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, Covenant reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Covenant reclassifies net assets with donor restrictions to net assets without donor restriction at that time.

Unconditional promises to give are recognized at the net present value, net of an allowance for uncollectible amounts, and are classified as with or without donor restrictions based on the donors' intentions, as applicable. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return or right of release, are not recognized until the conditions on which they depend have been substantially met. Covenant has no unconditional promises to give at September 30, 2022 or 2021.

Note A - Nature of Business and Summary of Significant Accounting Policies – Continued

Continuing-care contracts

Covenant enters into fee-for-service continuing-care contracts with various residents. A fee-for-service continuing-care contract is an agreement between a resident and Covenant specifying the services and facilities to be provided to a resident over his or her remaining life. Under the fee-for-service contracts, Covenant has the ability to increase fees as deemed necessary. For the years ended September 30, 2022 and 2021, Covenant calculated the present value of estimated net costs of future services and the use of facilities to be provided to current residents and compared that amount with the balance of deferred revenue from entrance fees. If the present value of net costs of future services and the use of facilities exceeds the deferred revenue from entrance fees, a liability is recorded (obligation to provide future services) with a corresponding charge to income. No liability was recorded at September 30, 2022 and 2021, because the present value of the estimated net costs of future services and use of facilities was less than deferred revenue from entrance fees. The obligation was discounted at 5.0% at September 30, 2022 and 2021.

Functional Allocation of Expenses

The costs of providing program and other activities have been summarized on a functional basis in the statements of activities and changes in net assets. The statements of functional expenses present the natural classification detail of expense by function.

Income Taxes

Covenant is a not-for-profit association that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the State of North Carolina has granted Covenant tax-exempt status.

GAAP requires Covenant's management to evaluate tax positions taken by Covenant and recognize a tax liability (or asset) if Covenant has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by Covenant, and has concluded that as, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Covenant is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to September 30, 2019.

Benevolent Assistance

Covenant provides benevolent assistance to residents who are unable to pay the full cost of care and services. Such residents are identified based on financial information obtained from the resident and subsequent review and analysis.

NOTES TO FINANCIAL STATEMENTS

September 30, 2022 and 2021

Note B - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1** Quoted market prices in active markets for identical assets or liabilities.
- Level 2** Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at September 30, 2022 from September 30, 2021.

Beneficial Interest in Assets Held by Others: The Beneficial Interest in Assets Held by Others is valued based on the underlying investments held by the Gaston Community Foundation. It consists of investments valued at quoted market prices, valued based on fund management's estimates based on certain valuation methods such as cash flow analysis and other valuing methods based on income or other relevant information.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Covenant believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The entire amount this investment is available to Covenant upon request by its Board of Directors and approval by the Foundation's Board of Directors.

The following table sets forth by level, within the fair value hierarchy, Covenant's fair value measurements at September 30, 2022.

	Assets at Fair Value as of September 30, 2022

Due to the Covid-19 pandemic, Congress authorized the Small Business Administration to make loans to small businesses and non-profit organizations with the intent of keeping employees on the payroll during the crisis. Covenant applied for the Paycheck Protection Program and received \$1,578,700 during the year ended September 30, 2020. As of that year end, Covenant had satisfied \$150,000 of amounts required for forgiveness of the loan which was recorded as grant income in the statement of activities and changes in net assets for the year ended September 30, 2020. Under the terms of the life-care agreement with the residents, Covenant Village, Inc. is contingently liable for refunds of entrance fees. Covenant Village, Inc. will refund the payment made by the resident, less \$1,000 for processing and refurbishing charges and 4% and 2% for each calendar month, or portion thereof of residency, for apartment residency and cottage residency, respectively. The refundable entrance fees were \$3,017,881 and \$3,053,221 at September 30, 2022 and 2021, respectively.

Additionally, GAAP requires that residence fees must be accounted for ratably over the life expectancy of the residents. The Master Plan will be reviewed by current and future residents, management, and the Board of Directors. The Board of Directors will decide which strategic initiatives to begin considering the benefits to current and future residents.

Deferred Entrance Fees

Fees paid by a resident upon entering into a continuing care contract are recorded as deferred revenue and amortized to income based on the estimated life of each resident, using a straight-line method based on the 2000 Individual Annuitant Mortality Table-A.

Resident Service Revenue

Resident service revenue includes monthly fee payments made by residents in apartments and cottages. A 5% increase in monthly fees is projected for each year. The census assumptions are as follows:

Type of Unit	Actual Number of Units	Budget Number of Units	Percent of Occupancy
Cottages	42	41.50	98.8%
2 nd person		23.50

Health care

Health Care income assumes 89% occupancy of the 72 bed Health Center. Income is calculated at \$149.00 per day for 46 residents with life care contracts and \$313.00 per day for 18 full pay residents in nursing care. A full pay resident is also required to make a \$25,000 non-refundable entrance fee upon entering the health care division of Covenant. An annual fee increase of 5% is projected.

Contributions

Contributions received are recorded as without donor restrictions or with donor restrictions support, depending on the existence and/or nature of any donor restrictions. Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities and changes in net assets as net assets released from restrictions.

Employee Retention Credit

In March 2020, the CARES Act enacted the Employee Retention Credit (ERC) which is an incentive to employers to keep employees and their labor force intact during the COVID-19 pandemic. The Employee Retention Credit is a refundable tax credit against certain employment taxes. Covenant qualifies for the tax credit and reported a receivable of \$2,999,056 at September 30, 2022. Covenant expects to receive these funds during the year ended September 30, 2023.

Other revenues

Other revenues include barber and beauty shop earnings, employee meals, guest meals and lodging, medical supplies charged to residents, laundry fees and wellness center dues and training.

Interest and investment income

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at their fair values in accordance with accounting requirements for certain investments held by nonprofit organizations in the statements of financial position. Beneficial interests in assets held by others are valued at fair value as reported by the holder of the assets. Unrealized gains and losses are included as a component of net investment income (loss) in the statements of activities and changes in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met in the reporting period in which the income and gains (losses) are recognized.

Investment income is forecasted based on investments with an average balance of \$4,870,000. It is assumed that approximately \$50,000 will be added to these funds each year. The investment rate was calculated at 6%.

Departmental expenses

Operating expenses including the nursing, housekeeping, food and nutrition, maintenance, activities and wellness, security, human resources, technology and management and general were calculated based on budgeted amounts for the year ended September 30, 2023. All future years are based on a 2.0% annual increase, except for nursing services which are based on a 3.0% increase each year.

Renovation expenses and equipment replacement

The expenses associated with refurbishing Health Center rooms, cottages and apartments when they turnover is included in the forecast under operating and maintenance. These expenses were approximately \$835,000 in 2022 and \$1,000,000 was used for the forecast annually. In addition to these renovations, it is assumed Covenant will expend approximately \$1,000,000 in other additions of equipment and furnishings annually for a total of \$2,000,000 in additions.

Marketing expenses

Covenant Village, Inc. primarily relies on word-of-mouth to maintain occupancies. However, in 2021, Covenant began tracking marketing as a separate department and has allocated salary and expenses to it based on time and effort.

Depreciation

This non-cash expense represents the allocation of costs associated with expenditures for property and equipment which are capitalized at cost; the fair value of donated property and equipment is similarly capitalized. Depreciation is provided over the estimated useful life of assets, computed on the straight-line method.

Interest expense future residents

Interest expense is the interest paid to future apartment residents with entrance fees on deposit. Interest is paid at an annual rate of 6%.

Interest on long-term debt

Interest on long term debt is the interest that will be paid on \$1,900,000 borrowed to finance the Health Center addition and renovations and the purchase of 12.9 acres known as the Smyre property. The debt matures in August 2025. An interest rate of 2.89% and a \$200,000 per year principal reduction is assumed for these projections. It is also assumed the debt will be refinanced in August 2025 for the same terms currently in effect.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

Covenant maintains its accounting and financial records according to the accrual basis of accounting, recognizing revenues when earned and expenses when incurred. Basis of Accounting - continued

In accordance with GAAP, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of Covenant and changes therein are classified as follows:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of Covenant. Covenant's board may designate assets without restrictions for specific operational purposes from time to time. Designated net assets without donor restrictions consist of amounts to be used for the program activities.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of Covenant or by the passage of time.

Use of Estimates

The preparation of forecasted financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the forecasted financial statements. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of all highly liquid financial instruments with original maturities of three months or less, which are neither held for nor restricted by donors for long-term purposes, and excludes money market funds held as part of investment strategies.

Accounts Receivable

Accounts receivables consist of resident monthly service fees. Residents are not required to provide collateral for services rendered. Management has evaluated and determined all accounts receivable are collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when the determination is made.

Inventories

Inventories consist primarily of food, medical, and maintenance supplies and are stated at the lower of cost or market or net realizable value.

Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met in the reporting period in which the income and gains (losses) are recognized.

Assets Limited as to Use

Operating reserve under Section 58-64-33 of the North Carolina General Statutes, which is administered by the North Carolina Department of Insurance, requires that all continuing care retirement communities maintain an operating reserve equal to 25% of the total operating costs, as defined, forecasted for the twelve-month period following the period covered by the most recent annual statement filed with the North Carolina Department of Insurance, if occupancy levels are in excess of 90%. If occupancy levels are less than 90%, the operating reserve requirement is 50% of total operating costs, as defined. Covenant has historically maintained an occupancy level in excess of 90%. Use of the operating reserve by Covenant is restricted under Section 58-64-33 of the North Carolina General Statutes. The North Carolina General Statutes do not require Covenant to maintain such operating reserve in a separate escrow account.

Property and Equipment

Covenant capitalizes property and equipment over \$500. Purchased property and equipment are recorded at cost and include additions and improvements that extend the useful lives of the assets. Expenditures for maintenance, repairs and minor renovations are charged to expense as incurred.

Depreciation is provided on a straight-line method over the following estimated useful lives:

Buildings and improvements	15 - 40 years
Land improvements	7 - 40 years
Equipment and furnishings	7 - 10 years
Motor vehicles	5 years

Donations of property and equipment and collectibles are recorded as support at their estimated fair value at the date of donation. Such donations are reported as without donor restriction unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, Covenant reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. Covenant reclassifies net assets with donor restrictions to net assets without donor restriction at that time.

Intangible Assets

Covenant is completing a Master Planning process that will deliver a comprehensive campus master plan for the next 3-5 years, 5-10 years, and 10+ years. Intangible assets include costs of this master plan as well as rebranding costs incurred by Covenant and will be amortized to expense over their respective lives. Intangible assets will be amortized on a straight-line basis over a 5 and 10 year periods.

Unit Deposits

Unit deposits consist of payments for cottage and apartment accommodations in advance of those units becoming available.

Deferred Entrance Fees

Fees paid by a resident upon entering into a continuing care contract are recorded as deferred revenue and amortized into revenue using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis. When a resident terminates occupancy, any unamortized entrance fees, net of refundable amounts, are recognized as revenue.

Refundable Entrance Fees

Fees from residents whose residency may cease, whether voluntarily or involuntarily, within the first twenty-five months of residency for apartments or fifty months for cottages.

Continuing-care contracts

Covenant enters into fee-for-service continuing-care contracts with various residents. A fee-for-service continuing-care contract is an agreement between a resident and Covenant specifying the services and facilities to be provided to a resident over his or her remaining life. Under the fee-for-service contracts, Covenant has the ability to increase fees as deemed necessary. As of the end of each year, Covenant calculates the present value of estimated net costs of future services and the use of facilities to be provided to current residents and compared that amount with the balance of deferred revenue from entrance fees. If the present value of net costs of future services and the use of facilities exceeds deferred entrance fees, a liability is recorded (obligation to provide future services) with a corresponding charge to income. Management has calculated that the value will not exceed the balance of deferred revenue from entrance fees. No liability for the obligation to provide services is required to be reported for the projection period.

Revenue Recognition

Covenant follows the guidance provided by Accounting Standards Codification (ASC) 606, *Revenue from Contracts with Customers* and uses a five-step model to apply to revenue recognition, to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which Covenant expects to be entitled in exchange for those goods or services.

Income taxes

Covenant is a not-for-profit association that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the State of North Carolina has granted Covenant tax-exempt status.

GAAP requires Covenant's management to evaluate tax positions taken by Covenant and recognize a tax liability (or asset) if Covenant has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by Covenant, and has concluded that as of September 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the forecasted financial statements. Covenant is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2019.

A. It is understood that Covenant Village has the right to make or change living accommodation assignments if necessary in order to best serve the needs of Resident and Covenant Village.

B. Resident agrees that Covenant Village shall have authority to determine when or if Resident should be transferred from Resident's Apartment to the Covenant Village Health Center or from one level of care to another level of care within the Covenant Village Health Center. Such determination shall be based on the professional opinion of the Medical Director and the Health Services Administrator of Covenant Village and shall be made only after consultation to the extent practical with Resident, a representative of Resident's family or the sponsor of Resident and Resident's attending physician.

C. If it is determined by the Medical Director and the Health Services Administrator that Resident needs care beyond that which can be provided by the facility and personnel of Covenant Village, Resident may be transferred to a hospital, center or institution equipped to give such care, which care will be at the expense of Resident. Such transfer of Resident will be made only after consultation with Resident to the extent possible, a representative of Resident's family or the sponsor of Resident, and Resident's attending physician.

D. If a determination is made by Covenant Village that any transfer described in Paragraph V. is probably not temporary in nature, Resident agrees to surrender the Apartment or the accommodation in the Health Center within thirty (30) days after Resident has been notified by Covenant Village. If Covenant Village subsequently determines upon the opinion of the Medical Director and the Health Services Administrator that Resident can resume occupancy in accommodations comparable to those occupied by Resident prior to such transfer, Resident shall have priority to such accommodations as soon as they become available. If the living accommodation is not vacated within thirty (30) days, the Resident agrees to pay additional Monthly Charges.

VI. TERMINATION AND REFUND PROVISIONS

A. Resident may rescind this agreement within thirty days of the latter of the execution date of this contract or the receipt of the disclosure statement, with no penalty. Resident is not required to move into the unit before the expiration of the 30-day period. If Resident dies before occupying the apartment, or if, on account of illness, injury, or incapacity, a resident is precluded from occupying the apartment and such condition is certified in writing by a physician, then in either

event the contract shall be deemed immediately cancelled. Any refund under this paragraph will be paid within sixty (60) days after written notice has been received by Covenant Village. Resident or Resident's legal representative shall receive a refund of all money or property transferred to Covenant Village, less monthly fees specified in the Contract for the period of time unit was actually occupied by Resident, less non-standard costs specifically incurred by Covenant Village at the request of the Resident and described in the Contract or any Contract amendment signed by Resident, and less a \$1,000 administrative fee. The entrance fee will be refunded without amortization reductions as specified herein below during the 30-day rescission period.

B. After taking occupancy and becoming a resident of Covenant Village, should residency for any reason cease, whether voluntarily or involuntarily, Covenant Village shall be under no obligation to make a refund to Resident provided, however, that if such cessation of residency occurs within the first twenty-five (25) months of residency, Covenant Village will refund the Entrance Fee, less four percent (4%) thereof for each calendar month, or portion thereof of residency, and less one thousand dollars (\$1,000) as an administrative and refurbishing charge. Payment of any refund due Resident under this paragraph will be made when Covenant Village receives full payment of the Entrance Fee from a qualified substitute resident.

C. No Entrance Fee refund will be made after twenty-five (25) months of residency and no refund will be made, at any time, for a resident transferring to Covenant Village's Health Center facilities.

D. Covenant Village may terminate this Agreement at any time if there has been a material misrepresentation or omission made by Resident in Resident's Application for Admission, Personal Health History or Confidential Financial Statement; if a material change in Resident's health takes place before occupancy; if Resident fails to make payment to Covenant Village of any fees or charges due Covenant Village within sixty (60) days of the date when due; or if Resident fails to abide by the rules or regulations adopted by Covenant Village or breaches any of the terms and conditions of this Agreement. In the event of termination for any of such causes, Resident shall be entitled to an appropriate refund of the Entrance Fee paid by Resident determined in accordance with the same manner provided in Paragraph VI., A. or VI., B. above.

E. At the effective date of termination of this Agreement, Resident shall vacate the Apartment and shall leave it in good condition except for normal wear and tear. Resident shall be liable to Covenant Village for any cost incurred in restoring the Apartment to good condition except for normal wear and tear. Monthly Fees

will be continued until all personal effects have been removed from Covenant Village.

VII. GENERAL

A. Assignment. The rights and privileges of Resident under this Agreement are personal to Resident and may not be transferred or assigned. If Resident marries, the new spouse does not become a Resident for purpose of this Agreement. In order for the new spouse to be admitted to Covenant Village, the new spouse would need to be approved by the Admissions Committee. The new spouse would be required to pay an Entrance Fee for the unit occupied, and Resident and the new spouse would pay the two person Monthly Fee if they occupy the same living unit.

In the event of termination for any of such causes, Resident shall be entitled to an appropriate refund if the Entrance Fee paid by Resident determined in accordance with the same manner provided in Paragraph VI. A., or VI. B., above.
- E. At the effective date of termination of this Agreement, Resident shall vacate the Cottage and shall leave it in good condition except for the normal wear and tear. Resident shall be liable to Covenant Village for any cost incurred in restoring the Cottage to good condition except for normal wear and tear. Monthly fees will be continued until all personal effects have been removed from the Cottage.
