History

Deerfield is located in Asheville, NC, at 1617 Hendersonville Road (Highway 25 South). Current operations are situated on a 125-acre tract of property, a mix of meadow and wooded acreage. Adjacent to the Blue Ridge Parkway, Deerfield is convenient to shopping, the regional airport, interstate highways, hospitals and physicians, local colleges and universities and a variety of recreational and cultural opportunities.

Deerfield is comprised of 379 independent living units, 62 assisted living units, 62 nursing beds and supporting common areas and amenities.

While there are various types of contract structures within retirement communities, two of the more common are a fee-for-service contract and the LifeCare contract. Under a fee-for-service contract, an entrance fee is paid for the life use of a dwelling. Individuals then pay a monthly maintenance fee covering specified services while occupying the residence. In the event the occupant must move to a higher level of care, i.e. assisted living or skilled nursing care, the individual would begin paying the higher monthly fee associated with that particular level of care. In cases involving couples, while both Residents are residing in an independent level of care, they pay the monthly fee associated with that level of care. However, should one of the couples need to move to health care, they would then pay both the higher health care rate and the monthly rate for the original residence still being occupied by the spouse.

The second type of contract is LifeCare. Under this plan, the individual pays an entrance fee for the desired independent living residence and the associated monthly fee. If and when it becomes necessary to move to a higher level of care, the Resident will continue being charged the monthly fee that was in effect for their independent living unit. The only increase in monthly fees would be for additional meals, charge for a room larger than the standard room (if larger room is desired), and services not covered within the contract. In a situation involving couples, should one spouse transfer to a higher level of care, the monthly rate will not be changed from that previously paid. The only change would be a charge for two additional meals per day, charge for a room larger than the standard room (if larger room is desired), and any additional ancillary services or supplies.

Deerfield operated as a fee-for-service community for many years; however, since 1999, all new independent living contracts offered are LifeCare. All existing fee-for-service contracts will remain in effect. In the sections that follow, regarding policies and fees, anything not applicable to both types of contracts will be identified.

As of January 31, 2023, there were 646 individuals residing at Deerfield.

POLICIES

Admission Requirements

Any individual age 62 or older is eligible for admission to Deerfield. Except as to age, Deerfield's admission policies are non-discriminatory. Deerfield is open to both married and single men and women of all races, religions and sexual orientation.

Health Criteria

Any individual who plans to enter a level of independent living at Deerfield must be able to care for his/her self, possessing the mental and physical condition required for performing all necessary activities of daily living for that particular area of residence. Prior to admission, the Resident's physician must provide the results of a physical examination and an updated medical history. Such report shall include a statement that the Resident is in good health, can move about independently and is able to perform activities needed for independent living. Deerfield may require the Resident to have another physical examination by the Medical Director or by another physician approved by Deerfield. The Resident shall be responsible for the costs of such physical examinations. If the health of the Resident as disclosed by the physical examination differs materially from that revealed in the Resident's Application for Admission and Personal Health History, Deerfield shall have the right to decline the admission of the Resident and to terminate the Agreement, or at the discretion of Deerfield the applicant may take residence within the appropriate higher level of care. Once a Resident, the individual shall continue to live independently until he is physically or mentally unable to do so, in which event he/she has the option of moving to the appropriate level of care at Deerfield, as determined by Deerfield, or terminating the agreement.

Financial and Insurance Criteria

All applications for admission to Deerfield must be approved by the Admissions Committee of the Board. As part of this approval process, the financial status of the applicant is reviewed to determine whether, given the applicant's age and state of health, the applicant has sufficient assets and income to reasonably expect that he/she will be financially self-supporting for life. Deerfield may require applicants and Residents to furnish updated financial information prior to and after admission. Residents shall maintain Medicare Part A, Medicare Part B, and one supplemental insurance policy or equivalent insurance coverage acceptable to Deerfield. Deerfield participates in Medicare reimbursement programs. Individual Residents may purchase private long-term care insurance if they so desire.

Termination and Refund Policies – Fee-for-Service Contracts

Residence Agreements may be terminated by the Resident for any reason, by giving written notice to Deerfield. If the Residence Agreement is terminated prior to occupancy, a partial refund of any Entrance or Admission Fee will be paid by Deerfield to the Resident or the Resident's estate within the time specified by the Agreement. This refund will be calculated as follows:

The Entrance Fee (or admission fee if applicable) minus (i) any non-standard costs incurred by Deerfield at the request of the Resident and described in the Residence Agreement, (ii) if the dwelling is not an existing structure but is to be constructed by Deerfield, a non-refundable fee of 10% of the Entrance Fee which is intended to cover Deerfield's costs representing the time, expertise, and expense associated with the construction of the dwelling. These costs include but are not limited to the preparation of the construction contract, financing, and supervision of the construction, (iii) any other non-refundable fees that are noted in the Residence Agreement and (iv) a reasonable service charge of \$1,000 or 2% of the Entrance Fee, whichever is greater.

No non-refundable fee or service charge will be assessed if such termination is because of the death of the Resident, or because the Resident's physical, mental, or financial condition makes the Resident ineligible for admission to Deerfield.

Deerfield does not intend to use the fee-for-service contract for future residents.

Termination Prior to Occupancy-LifeCare Contracts

The Residence and Services Agreement may be terminated for any reason prior to occupancy. By giving written notice to Deerfield. A refund of the Entrance Fee paid, less a non-refundable fee equal to 4% of the Standard Entrance Fee, will be made. The non-refundable fee will be waived if termination is due to the death of the Resident, or because the Resident's physical, mental or financial condition makes the Resident ineligible for admission to the community. Refunds will be paid within sixty (60) days of receipt of written notification.

Termination by Residents after Occupancy-Fee-for-Service Contracts

The Residence Agreement may be terminated by the Resident upon giving 90 days notice of intent to terminate. In addition, the Residence Agreement shall be terminated upon the death of the Resident or in the event that changes in the Resident's health require that the Resident move from the dwelling.

In the event that the Residence Agreement is terminated by any of the above, a partial refund of the Entrance fee paid, calculated as follows, will be paid by Deerfield to the Resident or Resident's estate within six (6) months after termination:

The Entrance Fee reduced by 1% for each full month between the date the unit became available for occupancy and the date of termination. Refunds shall be a maximum of 90% and a minimum of 20% of the Entrance Fee. If, within the first 180 days of

occupancy, the Residence Agreement is terminated by the Resident or due to the Resident's death, a portion of the Admission Fee will be refunded to the Resident or Resident's estate.

Termination by Residents after Occupancy-LifeCare Contracts

At any time after occupancy, the Resident may terminate the Residence and Services Agreement by giving Deerfield written notice of such intent. Refunds of entrance fees paid will be made according to the refund option originally selected by the Resident. A breakdown of each option is as follows:

Standard Entrance Fee Option- the Resident shall receive a refund in an amount equal to the Standard Entrance Fee paid less 2% for each month of residency for up to 48 months and less a 4% non-refundable fee. Refunds under this option shall be paid within 60 days of vacating the dwelling.

50% Refund Option-Those Residents choosing this option shall receive a refund in an amount equal to the entrance fee paid reduced by 2% per month, for up to 23 months and less a 4% non-refundable fee. At no time shall the refund be less than 50% of the entrance fee paid. Refunds under this option shall be paid within 60 days of vacating the dwelling. The 50% Refund Entrance Fee Option is not available to persons 85 or older. The age of the older Resident is used in making this determination.

90% Refund Option- Those Residents selecting this option shall receive a refund in the amount equal to the entrance fee paid, reduced by 1% for each month of residency for up to six months and less a 4% non-refundable fee. At no time shall the refund be less than 90% of the entrance fee paid. Refunds under this option will be made after the residence has been reserved by Deerfield's receipt of full payment of the entrance fee by a prospective resident or within one year from the date of termination of the Agreement, whichever occurs first. The 90% Refund Entrance Fee Option is not available to persons 85 or older. The age of the older Resident is used in making this determination.

In the event of the death of the Resident, the agreement shall terminate and the refund will be calculated as described above.

Termination of Agreements By Deerfield (Both Fee-for-Service and LifeCare)

Deerfield may terminate agreements as follows:

1. In the event the Resident fails to comply with the provisions of the Agreement;
2. In the event the Resident fails to comply with such rules and regulations as Deerfield may establish;
3. In the event the Resident fails to pay the monthly maintenance fee or any other required charges as specified by the Agreement, or by the rules and regulations of Deerfield;
4. In the event the Resident abandons the dwelling;

5. In the event there has been a material misrepresentation or omission made by the Resident in the Resident's Application for Admission, Personal Health History, or Confidential Financial Statement.

With reference to above items, Deerfield shall give the Resident written notice of the Resident's violation or default; if the violation or default is of a type which can be corrected and the Resident does not correct the violation or default within 30 days of Deerfield's notice, or if the violation or default is of a type which cannot be corrected, then this Agreement shall automatically be terminated upon the expiration of such 30 days following notice. In the event of termination for such causes, refund of the entrance fee will be made as previously noted.

Trial Period- (LifeCare Contract Only)

Under LifeCare contracts, the first sixty (60) days of occupancy at the community will be considered to be a Trial Period. During this Period, the Resident will have the right to terminate the Residence and Services Agreement by giving Deerfield written notice of termination. In the event of such termination by the Resident, or in the event of the death of the Resident, a full refund of the entrance fee paid minus a 4% non-refundable fee will be made. During this sixty (60) day trial period, Deerfield shall have the right to terminate the Agreement based upon Deerfield's determination that the Resident's physical, mental, or emotional condition will not allow adjustment to the living environment at the Community. In the event of such termination, Deerfield will refund the full entrance fee paid by the Resident. Any refund due under "Termination within the Trial Period" shall be paid within sixty (60) days after the residence has been vacated by the Resident.

Rescission-Fee-For-Service

In accordance with NC General Statute 58-64-25, a Resident may rescind the Residence and Services Agreement within thirty (30) days following the later of the execution of the contract or the receipt of Deerfield's formal disclosure statement. If the Residence Agreement is rescinded under this statute, the Resident or the Resident's legal representative shall receive a refund of all money or property transferred to Deerfield minus (i) periodic charges specified in the Agreement and applicable to the period a living unit was actually occupied by the Resident; (ii) any non-standard costs incurred by Deerfield at the request of the Resident and described in the contract amendment signed by the Resident, (iii) any non-refundable fees noted in the contract; (iv) a reasonable service charge, if set out in the contract, not to exceed the greater of one thousand dollars (\$1,000) or two percent (2%) of the entrance fee.

Rescission-LifeCare Contract

The Residence and Services Agreement may be rescinded by the Resident by giving written notice of such rescission within thirty (30) days following the later of the execution of the Agreement or receipt of Deerfield's approved disclosure statement. In the event of such rescission, the Resident shall receive a full refund of any entrance fee paid. The Resident shall not be required to move into the community before the expiration of such thirty (30) day period.¹²

Any such refund will be paid by Deerfield within sixty (60) days following the receipt of written notice of rescission.

Transfers or Changes In Levels of Care

Deerfield shall have the authority to determine that the Resident is in need of a higher level of care. Such a determination shall be based on the professional opinion of the Director of Health & Wellness, the President/CEO, and the Medical Director of the Community. Such a determination shall be made only after consultation to the extent practical with the Resident, representative of the Resident's family, and the Resident's attending physician.

If it is determined by Deerfield that the Resident needs care beyond that which can be provided by Deerfield, the Resident may be transferred to a hospital or facility equipped to provide the necessary care. The Resident will be responsible for any expenses associated with such a transfer. Transfer to a hospital or other facility will be made only after consultation to the extent practical with the Resident, or a representative of the Resident's family, and the Resident's attending physician. If a determination is made by Deerfield that any transfer is probably not temporary in nature, the Resident agrees to surrender the residence or any other accommodation in the Community occupied by the Resident prior to such transfer. If Deerfield subsequently determines that the Resident can resume occupancy in residence or accommodations comparable to those occupied by the Resident prior to such transfer, the Resident shall have priority to such accommodations as soon as they become available.

Occupancy by Two Residents-LifeCare

In cases where two Residents occupy a dwelling, if there is a change in circumstances with respect to one of the Residents (i.e. death, change in health status, or termination of the Agreement with one the Residents), the Residence and Services Agreement will continue in effect for the remaining Resident. The surviving (or remaining) Resident will have the option of either remaining in the same residence or moving to a smaller residence. If the Resident chooses to move to a smaller unit, any refund due will be paid in accordance with terms of the Residence and Services Agreement. In the case of LifeCare contracts, the monthly fee will be reduced to the single person rate of the smaller unit, in the event of death or termination of the second person contract.

Marriages/New Second Occupant Under Existing Fee-for-Service Contract

Any person currently a Resident under a Fee-for-Service contract and choosing to marry, other than another Resident, will be assessed the current charge of \$2,500 for addition of that person under Deerfield's Resident Services Agreement. If one of the persons marrying has already paid the Admission Fee for a couple, (currently \$7,500), no assessment will be made. Although this is the basic policy, each case will be considered as it arises.

If a Resident of a cottage or apartment marries, there will be no increase in the monthly fee. If the Resident resides in an Assisted Living room and the new spouse plans to share the room,

there will be an increase in the monthly room and board charge to reflect the second person.

Marriage/New Second Occupant Under LifeCare Contract

If two Residents marry one another, they may occupy the residence of either Resident and shall surrender the unoccupied residence. No refund will be paid for the surrendered residence except for Agreements in which the Resident selected either the 50% or 90% Entrance Fee option or if, in the case of the Standard Refund Option, the residence was occupied for less than 48 months (in accordance with LifeCare contracts). The residents will then pay the monthly fee for double occupancy associated with the residence they occupy. In situations in which a Resident marries a non-Resident of the community, the non-Resident spouse may become a Resident if he/she is able to meet all the current admission requirements, enters into a then current version of the Residence and Services Agreement, and pays an Entrance Fee in an amount determined by Deerfield in its discretion. Such a fee will not exceed more than 50% of the then current entrance fee associated with the type of residence occupied by the Resident and Spouse. If the Resident's spouse does not meet the requirements for admission, the Resident may terminate this Agreement with the same provisions as previously outlined in Voluntary Terminations.

Inability to Pay

If the Resident and the Resident's guarantors, if any, become insolvent during the continuance of any contract and are unable to pay the monthly fees, the Resident may apply for financial assistance through Deerfield's Residency Fund (also known as benevolent assistance). Such assistance is available only in cases of involuntary hardship, with actual need clearly demonstrated. The Resident must show to Deerfield's satisfaction that no transfer of an asset of the Resident has been made for less than its full fair and actual value within (i) 10 years before an application is made to the Residency Fund or (ii) 7 years before the Resident first occupied a living unit at Deerfield, or (iii) at any time when it reasonably might have been anticipated that the Resident ever would become insolvent. If Deerfield is satisfied of the Resident's eligibility, then financial assistance will be made available from the Residency Fund in relation to (i) the Resident's need, (ii) the needs of the Residents similarly eligible and (iii) the principal and income available in the Residency Fund.

FEES

Reservation Deposit

Prospective Residents begin the application process by executing either a Future Residency Agreement or Reservation Agreement. Availability of inventory and the Resident's desired date of entry to Deerfield determine which Agreement is executed. If the Resident plans a move in the immediate future and there is a residence available, the Reservation Agreement would be selected. This agreement allows the Resident to choose a specific residence and freeze the Entrance Fee. If entry is at some unspecified future date or no residence is available, the Future Residency Agreement would be chosen. While it does not freeze the Entrance Fee, the Future Residency Agreement does provide the individual with a priority number, and lists the type of residence preferred and the approximate date the move is desired.

A \$1,000 Reservation Deposit will be paid at the time the Resident enters into either the Reservation Agreement or the Future Residency Agreement. This deposit will be credited towards any future Entrance Fees.

Within 30 days of execution of the Future Residency Agreement or 15 days for the Reservation Agreement, the applicant will submit completed application forms including an Application for Admission, Personal Health History, and Confidential Financial Statement. Within 30 days of receipt of these forms, the Admissions Committee will approve or deny the application for admission based upon the admission criteria and policies established by the Board of Directors. Residents may terminate either the Future Residency Agreement or Reservation agreement at any time prior to occupancy by giving written notice to Deerfield. A full refund of any Future Residency Agreement deposit that was made before December 31, 2000 will be made within the time specified by the Agreement. A refund of one-half of any Future Residency Agreement deposit made after December 31, 2000 will be made within the time specified by the Agreement.

Deerfield may terminate the Future Residency Agreement or Reservation Agreement at any time if there has been a material misrepresentation or omission in the future Resident's Application for Admission, Personal Health history, or Financial Statement. In the event of such termination, the Reservation Deposit is non-refundable.

Deerfield may terminate an Agreement if the applicant does not meet the admission criteria as established by the Board. Upon such termination, Deerfield shall notify the prospective Resident of the reason for non-acceptance of admission and Deerfield shall return the Reservation Deposit in full within 30 days of such notice of termination.

Admission Fee

At this time the only Admission Fees are for direct admission into either Assisted Living or Skilled Nursing care from the outside community. The fee for direct admission to Assisted Living is \$33,000 per resident. This will give the Resident up to 15 days annually, non-cumulative, without charge in skilled nursing care. It will also ensure a permanent bed in skilled care should it become necessary. For direct admission to Skilled Nursing Care, there is a \$11,000 per resident admission fee; however, there will not be 15 days per year without charge. As is the current practice, a portion of any Admission Fee paid will be refundable for the first 180 days.

Entrance Fees – Fee-for-Service Contracts

Residents under Fee-for-Service Contracts paid an Entrance Fee at the time of entry that was unique to that particular residence. This fee entitles the Resident to the lifetime occupancy of the residence, to receive specified services, and the use of all amenities. The Entrance Fee amortizes to Deerfield over a period of 80 months with a declining balance, which is refunded when the unit is vacated and turned over to Deerfield. Refunds will be a maximum of 90% and a minimum of 20% of the original Entrance Fee.

Entrance Fee – LifeCare Contracts

Residents under the LifeCare contract pay an Entrance Fee which is established at the time the 10% deposit is made. The Entrance Fee entitles the Resident to the use of the residence and services listed in the Residential Services Agreement. Entrance Fees are based upon the type of dwelling, whether or not there will be a second occupant and the Entrance Fee Refund Option selected. As was previously noted, Residents may choose from three refund options.

They are:

- Standard Option which amortizes at 2% per month over 48 months with a 4% non-refundable fee. No refund after 48 months.
- 50% Refund Option which amortizes at 2% per month over 23 months with a 4% non-refundable fee. Refund will never be less than 50%. To determine the amount of this fee option, multiply the standard option by 1.33. The 50% Refund Entrance Fee Option is not available to persons 85 or older. The age of the older Resident is used in making this determination.
- 90% Refund Option which amortizes at 1% per month for 6 months with a 4%

non-refundable fee. Refund will never be less than 90%. To determine the amount of, multiply the standard option by 1.85. The 90% Refund Entrance Fee Option is not available to persons 85 or older. The age of the older Resident is used in making this determination.

Options that guarantee a refund must be selected prior to making final payment on the residence.

Monthly Fees

There are monthly fees associated with all areas of residence at Deerfield. Below are descriptions and rates:

Cottages and Apartments – Fee-for-Service Contract

Under the Fee-for-Service contract there is a monthly maintenance fee. This fee increases as the Resident moves to higher levels of care. There is no additional charge for a double occupancy. When the Resident must give up the cottage or apartment due to the need for a higher level of care, the Resident would begin paying the monthly fee associated with the new level of care. In situations involving double occupancy, should it be necessary for one Resident to move to a higher level of care, that Resident would then begin paying the monthly fee associated with the higher level of care, while the Resident remaining in the dwelling would continue paying the same monthly rate previously paid. Current monthly fees vary depending on when the Resident entered. The current monthly fee for cottages and apartments for anyone who entered after October 1, 1989 is \$1,310.

Cottages and Apartments – LifeCare Contract

Under the LifeCare Contract, there is a monthly maintenance fee, which varies according to the unit type. An additional fee will be added for all double occupied units. When movement to Health Care becomes necessary, the monthly fee will remain tied to that paid while in the original dwelling. The only additional fees associated with a move to a higher level of care are for two additional meals per day, charge for a room larger than standard room (if larger room is desired), and any ancillary services or supplies.

The monthly fee for a single occupant through September 30, 2023 will vary from \$3,214 to \$5,470. An additional \$1,530 will be added for double occupancy.

Health Care – Direct Admission Contract

For the Health Care Center, direct admission rates will be as follows:

Assisted Living Standard Suite	\$5,487/month
Assisted Living Deluxe Suite	\$7,020/month
Assisted Living Double Suite	\$7,020/month
Assisted Living Grande Suite	\$7,523/month
Assisted Living Second Person Fee	\$4,479/month
Nursing-Semi-Private Room	\$284/day
Nursing-Private Room	\$348/day
Nursing-Private Room (Large)	\$367/day

Monthly fees cover the facilities, programs, and services described in the Residence and Services Agreement and are intended to meet the cost of the expenses associated with the operation and management of the Community. Deerfield shall have the authority to adjust the monthly fee from

time to time during the term of the Agreement as Deerfield, in its discretion, deems necessary in order to reflect changes in costs of providing the facilities, programs, and services as described in the Agreement and consistent with operating on a sound financial basis and maintaining the quality of services called for by the Agreement. In the event that it should be determined that Deerfield is required to pay sales tax or ad valorem taxes upon its property, the monthly fee may be adjusted to reflect the amount of such taxes. Any such increases in the monthly fee or other charges may be made by Deerfield upon thirty (30) day written notice to the Resident.

FINANCIAL INFORMATION

Reserves, Escrows, and Trusts

Deerfield maintains a Long-Term Investment Fund sufficient to provide reserve funding, security, and the meeting of Deerfield's obligations. In addition to this, in compliance with N.C.G.S. 58-64-33 Deerfield has established an operating reserve. This reserve must equal 50% of the total operating costs projected for the 12-month operating period following the period covered by the most recent annual disclosure statement filed with the Department of Insurance or 25% of such total operating costs, if occupancy is in excess of 90%.

Deerfield currently has an occupancy rate more than 90%. See Summary of Significant Assumptions to Financial Forecasts. Based on the financial forecasts compiled by Clifton Larson Allen management believes that Deerfield will possess sufficient reserves to satisfy the Operating Reserve Requirement shown as follows:

Operating Reserve Requirements as of March 1, 2023	
Total Operating Expenses	\$39,749,000
Add Principal Payment	3,055,000
Less Depreciation	(6,418,000)
Less Amortized Expenses	-0-
Less Extraordinary Items	-0-
Less Debt Service	-0-
Operating Cost	\$36,386,000
Occupancy Factor	<u>x25%</u>
Total Operating Reserve Required March 1, 2023	\$ 9,096,500

As is required by N.C.G.S. 58-64-33 (b), this reserve has been funded in order to meet the requirements for 2023

The Operating Reserve is held in an account managed by Fund Evaluation Group. These monies are invested in various equity and fixed income securities and may be invested in other investments from time to time. Deerfield maintains accounts for monies whose use is limited as to use. These funds include funds that the trustee maintains pursuant to the terms of the Master Indenture for the Series 1997, 2008, 2014 and 2016 Bonds and funds to be used to provide assistance to residents who are unable to pay ("Residency Fund"), funds for Renewal and Replacement Funds and Mission Advanced Funds. See Notes to the Compilation of a Financial Forecast for more details.

Management of the Long-Term Investment Fund is the responsibility of Fund Evaluation Group, Cincinnati, Ohio, with the oversight of the Deerfield Finance Committee: Management of the funds that the trustee maintains pursuant to the Master Indenture Agreement is managed by U.S. Bank with the oversight of the Deerfield Finance Committee.

As of January 31, 2023, the following individuals had been appointed to serve on this committee:

Mr. Glenn Mayes, CPA, Retired Chief Financial Officer of Asheville School
Mr. Jeff Covington, Commercial Lender of Park National Bank
Mr. Gene Carr, Attorney. Carr, Blackwell and Associates
Ms. Chris Dismukes, Retired from the Clinical field and active in the Episcopal Diocese
Mr. Tom Owens, Wealth Management of First Citizens Bank
Ms. Roba Whiteley, Retired Healthcare Executive

As is required by N.C.G.S. 58-64-33 (c), operating reserves can only be released with the approval of the Insurance Commissioner. It is the policy of Deerfield that the principal of the Long-Term Investment Fund cannot be invaded unless by Board approval.

Tax Consequences

No information is provided herein with respect to the tax consequences under applicable federal, state and local laws of entering into a Residence and Services Agreement. The decision by a person to enter into a Residence and Services Agreement may have material tax consequences. Each person is urged to consult his or her own tax advisor with respect to any tax consequences of entering into a Residence and Services Agreement.

Future Service Obligation

Every year an independent Actuary calculates Deerfield Episcopal Retirement Community, Inc.'s Future Service Obligation ("FSO") (as defined by the AICPA Statement of Position 90-8) for the existing population of residents. This analysis determines whether Deerfield's remaining balance of deferred entrance fees plus the present value of future cash inflows is sufficient to cover the present value of future cash outflows. In the FSO calculation, the current resident population is treated as a "closed group" and the model assumes no new residents, no new entrance fees, and declining aggregate monthly service fee revenue and costs of service as the closed group diminishes. The model projects income and expenses until the last person in the group dies, as projected in the model's life expectancy tables.

If the FSO is calculated to be zero or a negative number, it suggests that the reserves are sufficient to meet the future needs of the current residents. If the FSO is positive, the corporation must book an additional liability. Deerfield does not need to book such a liability because as of September 30, 2022 its FSO is calculated to be negative.

DEERFIELD DEVELOPMENT AND EXPANSION

Deerfield completed a major expansion in March 2001. The expansion consisted of 170 apartments, 54 additional cottages, a new health care center offering assisted living and skilled nursing care, and a community center featuring amenities such as both formal and casual dining, library, exercise facilities, meeting rooms, and activity rooms. As older units turn over, rehabilitation will be done as necessary.

In June 2008, Deerfield began construction of a new expansion project on Deerfield's campus.

The new expansion included 83 independent living units, 20 assisted living units, and 14 nursing units, and also included new and expanded common spaces.

In July, 2008, approximately \$98 million in bonds were issued to pay for the Project and other project related costs. The fill-up of the project began in June 2010. As of January 31, 2011, all parts of construction are complete.

In September of 2014, Deerfield began presales for 27 cottages/villas. As of December 31, 2014 all units were reserved. As of September 30, 2017, construction of all units are complete.

During 2022, Deerfield was working on a possible expansion project that would add independent living units, healthcare units and other amenities. Due to higher than anticipated construction costs, in August 2022 Deerfield decided to put the project on hold. Deerfield is currently reviewing all aspects of the project and hopes to decide on updated plans in the near future.

Independent Auditor's Report

Board of Directors
Deerfield Episcopal Retirement Community, Inc. and Affiliate
Asheville, NC

Opinion

We have audited the consolidated financial statements of Deerfield Episcopal Retirement Community, Inc. and Affiliate (collectively "Deerfield"), which comprise the consolidated balance sheets as of September 30, 2022 and 2021, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Deerfield as of September 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are required to be independent of Deerfield and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Deerfield's ability to continue as a going concern within one year after the date that these consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

FORVIS

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Deerfield's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Deerfield's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplemental schedules listed in the foregoing table of contents are presented for purposes of additional analysis and are not a required part of the basic consolidated financial statements for the year ended September 30, 2022. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Notes to Consolidated Financial Statements

1. Description of Organization and Summary of Significant Accounting Policies

Organization

Deerfield Episcopal Retirement Community, Inc. is a not-for-profit organization located in Asheville, North Carolina, that provides housing, health care, and other related services to residents through the ownership and operation of a retirement facility containing independent living units, assisted living beds, and nursing care beds. Deerfield Episcopal Retirement Community, Inc. was incorporated in North Carolina in 1955 and is a North Carolina licensed continuing care retirement community and is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF) International.

During 2019, Deerfield Episcopal Retirement Community, Inc. formed a subsidiary, the Deerfield Charitable Foundation (the "Foundation"). The purpose of the Foundation is to provide assistance to the retirement community and health facilities owned or affiliated with Deerfield Episcopal Retirement Community, Inc.

Use of estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Principles of consolidation

The consolidated financial statements include the accounts of Deerfield Episcopal Retirement Community, Inc. and the Foundation (collectively, "Deerfield"). All material intercompany accounts and transactions have been eliminated in consolidation.

Basis of accounting and presentation

The accompanying consolidated financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America.

Deerfield classifies its net assets as net assets with or without donor restrictions.

- *Net assets without donor restrictions* – resources of Deerfield that are not restricted by donors or grantors as to use or purpose. These resources include amounts generated from operations, undesignated gifts, and the investment in property and equipment.
- *Net assets with donor restrictions* – resources that carry a donor-imposed restriction that permits Deerfield to use or expend the donated assets as specified and is satisfied by the passage of time or by actions of Deerfield. This also includes resources that carry a donor-imposed restriction that stipulates that donated assets be maintained in perpetuity, but may permit Deerfield to use or expend part or all of the income derived from the donated assets.

Cash and cash equivalents

Cash and cash equivalents include certain investments in highly liquid instruments with original maturities of three months or less from the date of acquisition.

Deerfield Episcopal Retirement Community, Inc. and Affiliate
Notes to Consolidated Financial Statements

Accounts receivable

Deerfield considers accounts receivable to be fully collectible; accordingly no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made. Management does not expect these amounts to be material. Generally, no finance charges are assessed on trade receivables.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value based on quoted market prices in the consolidated balance sheets. Investment income or loss (including realized and unrealized gains and losses on investments, interest, and dividends) is included in excess of revenues over (under) expenses.

Fair value measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Deerfield utilizes market data or assumptions that market participants would use in pricing the asset or liability. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used when measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market.

Assets limited as to use

Assets limited as to use by board designation include (1) assets set aside to meet the operating reserve requirements of North Carolina General Statute Chapter 58, Article 64, (2) a benevolent fund, representing assets set aside by the Board of Directors for benevolent assistance for residents, (3) a renewal and replacement fund set aside by the Board of Directors for renewal and replacement of property and equipment, and (4) other amounts set aside by the Board of Directors to meet the mission of Deerfield. The Board retains control over these assets and may at its discretion subsequently use them for other purposes. Assets whose use is limited under a bond indenture agreement consist of monies set aside in accordance with loan agreements. Assets whose use is limited under escrow agreements include amounts received as deposits from prospective residents on expansion. Assets whose use is limited under donor restrictions are restricted for various activities as described in Note 5. Assets limited as to use that are required to meet current liabilities of Deerfield have been classified as current in the consolidated balance sheets at September 30, 2022 and 2021. Assets limited as to use that are required to meet long term liabilities of Deerfield have been classified as long term in the consolidated balance sheets at September 30, 2022 and 2021.

Property and equipment

Property and equipment is stated at cost less accumulated depreciation. Contributed property is recorded at its estimated fair value at the date of receipt. Depreciation is computed on a straight-line basis for all depreciable assets over estimated useful lives.

Deerfield Episcopal Retirement Community, Inc. and Affiliate
Notes to Consolidated Financial Statements

Deerfield periodically assesses the realizability of its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. For assets to be held, impairment is determined to exist if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. For assets to be disposed of, impairment is determined to exist if the estimated net realizable value is less than the carrying amount. Deerfield has determined that there are no indicators of impairment at September 30, 2022 and 2021.

Concentration of risk

Deerfield's operating funds, comprised of cash and cash equivalents, are held by a certain financial institution. At various times throughout the year, Deerfield had deposits at the bank in excess of the amounts covered by federal depository insurance. Management believes the credit risk related to these deposits is minimal.

Deferred financing costs

Deferred financing costs are included in bonds payable on the consolidated financial statements and amortized using the straight-line method over the terms of the related financing. Accumulated amortization of deferred financing costs totaled \$439,163 and \$376,863 at September 30, 2022 and 2021, respectively.

Parking fees

Deferred parking revenue is amortized into income using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis. Refundable parking fees represent the portion of the payment of parking fees that will be refunded to the resident when parking is no longer required.

Admission deposits

Admission deposits consist of reservation deposits and admission deposits. Deerfield collects a reservation deposit of \$1,000 to save a space on the future occupancy list for a residential unit. An admission deposit of 10% of the entrance fee, less the reservation deposit, is received when a unit is available and a reservation agreement is executed. When the 10% admission deposit is received, a residential unit is considered reserved. The reservation agreement may be terminated by the prospective resident prior to taking occupancy by giving written notice to Deerfield. In the event of withdrawal from the future occupancy list or a termination of the reservation, the resident receives a refund for a portion of the deposit paid by the resident, without interest.

Refundable entrance fees

Entrance fees for independent living accommodations are deferred when received. A portion of these fees is refundable when the residency contract is terminated. Residents have the choice of three types of entrance fee refund programs:

- Standard refund plan (the "Standard Plan");
- 50 percent refund plan (the "50% Refund Plan"); and
- 90 percent refund plan (the "90% Refund Plan").

Under the terms of the Standard Plan, a resident terminating the Residence & Services Agreement during the first 60 days of occupancy (the "Trial Period") is entitled to a refund of the entire entrance fee, less a 4 percent non-refundable fee. If the resident terminates the Residence & Services Agreement after the Trial Period, the refund is reduced by 2 percent of the amount of the entrance fee paid per month of occupancy for 48 months, plus a 4 percent non-refundable fee. Thus, there is no refund after 48 months of occupancy.

Deerfield Episcopal Retirement Community, Inc. and Affiliate
Notes to Consolidated Financial Statements

Under the terms of the 50% Refund Plan, a resident terminating the Residence & Services Agreement during the Trial Period is entitled to a refund of the entire entrance fee, less a 4 percent non-refundable fee. If the resident terminates the Residence & Services Agreement after the Trial Period, the refund is reduced by 2 percent of the amount of the entrance fee paid per month of occupancy for 23 months, plus a 4% non-refundable fee. After 23 months, the resident receives a refund equal to 50 percent of the entrance fee paid.

Under the terms of the 90% Refund Plan, a resident terminating the Residence & Services Agreement during the Trial Period is entitled to a refund of the entire entrance fee, less a 4 percent non-refundable fee. If the resident terminates the Residence & Services Agreement after the Trial Period, the refund is reduced by 1 percent of the amount of the entrance fee paid per month of occupancy for 6 months plus a 4 percent non-refundable fee. After 6 months, the resident receives a refund equal to 90 percent of the entrance fee paid.

The resident is required to confirm his/her selection of a refund plan at the time of final payment of the entrance fee and is not allowed to change refund plans without written approval of Management. Payment of refunds is due within 60 days of vacating the unit for the Standard Plan and 50% Refund Plan, whereas the payment of a refund for the 90% Refund Plan is due upon the earlier of re-occupancy of the unit by another prospective resident, or one year.

Total contractual refund obligations under existing contracts (that is if all residents with a refundable balance were to have withdrawn) totaled approximately \$38,013,000 and \$33,299,000 at September 30, 2022 and 2021, respectively.

Deferred revenue from entrance fees

Fees paid by a resident upon entering into a contract agreement, net of the estimated portion that is refundable to the resident, are recorded as deferred revenue and amortized into income using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis.

When the residency contract is terminated, the unamortized portion of the deferred revenue from non-refundable entrance fees is recognized as revenue. For the years ended September 30, 2022 and 2021, approximately \$828,000 and \$2,351,000, respectively, of deferred revenue from entrance fees related to such residents was recognized as revenue and included in amortization of entrance fees.

Deferred customization revenue

Deferred customization revenue includes funds collected from residents to cover non-standard costs incurred by Deerfield at the request of a resident for custom changes to reserved units. This amount is recognized as revenue using the straight-line method over the estimated life expectancy of the resident.

Excess of revenues over (under) expenses

The consolidated statements of operations include excess of revenues over (under) expenses. Changes in net assets which are excluded from excess of revenues over (under) expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which by donor restrictions were to be used for the purposes of acquiring such assets). Deerfield considers excess of revenues over (under) expenses to be its performance indicator.

Deerfield Episcopal Retirement Community, Inc. and Affiliate
Notes to Consolidated Financial Statements

Benevolent assistance

Deerfield has a policy of providing benevolent assistance to residents who are unable to pay. Such residents are identified based on financial information obtained from the resident and subsequent review and analysis. Since Deerfield does not expect to collect the normal charges for services provided, estimated charges for benevolent assistance are not included in revenue. The charges forgone, based on established rates, were approximately \$394,000 and \$443,000 for the years ended September 30, 2022 and 2021, respectively. The difference between the costs of providing such assistance and the revenue foregone is not significant in relation to the consolidated financial statements as a whole.

Social accountability

Deerfield provides building space to St. Giles Chapel, Buncombe County Council on Aging, and Mountain Area Health Education Center rent free. St. Giles Chapel provides spiritual support for Deerfield and the local community. Buncombe County Council on Aging's mission is to serve the elderly. Mountain Area Health Education Center's mission is to improve health outcomes in Western North Carolina. The dollar amount of space provided based upon local fair market value rental rates is approximately \$303,000 for each of the years ended September 30, 2022 and 2021. These contribution amounts are reflected in the consolidated statements of operations and changes in net assets as other income and as supporting services. Deerfield also provides numerous community benefits which include charitable donations and donated volunteer services in the amounts of \$1,224,000 and \$1,222,000 for the years ended September 30, 2022 and 2021, respectively.

Contributions

Deerfield reports contributions of cash and other assets as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of operations and changes in net assets as assets released from restrictions.

Deerfield reports contributions of property and equipment as additions to net assets without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long these assets must be maintained, Deerfield reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Obligation to provide future services

Deerfield enters into continuing-care contracts with various residents. A continuing-care contract is an agreement between a resident and Deerfield specifying the services and facilities to be provided to a resident over his or her remaining life. Under the contracts, Deerfield has the ability to increase fees as deemed necessary.

As of the end of each year, Deerfield calculates the present value of the estimated net cost of future services to be provided, including the cost of facilities to current residents, and compares that amount with the deferred revenue from entrance fees at that date. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from entrance fees, a liability (obligation to provide future services) is recorded. No liability has been recorded at September 30, 2022 and 2021, because the present value of the estimated net costs of future services and use of facilities is less than deferred revenue from entrance fees. The present value of the net cost of future services and use of facilities is discounted at 5.0% in 2022 and 2021, which is based upon the expected long-term rate of return on government obligations.

Income taxes

Deerfield is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code; accordingly, the accompanying consolidated financial statements do not reflect a provision or liability for federal and state income taxes. Deerfield has determined that it does not have any material unrecognized tax benefits or obligations as of September 30, 2022 and 2021.

Subsequent events

Subsequent events have been evaluated through January 23, 2023, which is the date the consolidated financial statements were issued.

2. Fair Value of Financial Assets

Prices for certain investment securities which are readily available in the active markets in which those securities are traded are categorized as Level 1. Prices determined on a recurring basis based on inputs that are readily available in public markets or can be derived from information available in publicly quoted markets are categorized as Level 2. Deerfield does not have any financial assets or liabilities measured at fair values on a recurring basis categorized as Level 3.

Deerfield recognizes transfers between the levels as of the end of the reporting period. There were no transfers between the levels for the years ended September 30, 2022 and 2021.

There were no changes during the years ended September 30, 2022 and 2021 to Deerfield's valuation techniques used to measure asset fair values on a recurring basis.

The following tables set forth by level within the fair value hierarchy Deerfield's assets accounted for at fair value on a recurring basis as of September 30, 2022 and 2021. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Deerfield's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

	<u>2022</u>	<u>2021</u>
Resident assistance	\$ 2,044,966	\$ 2,298,399

In July 1995, Deerfield received a non-cash contribution of real property and improvements valued at \$3,204,889, consisting of the existing facilities for which legal title had been held by the Diocese of Western North Carolina of the Protestant Episcopal Church of the United States of America (the "Diocese"). This contribution was made for the express purpose of facilitating a major expansion project. The donated property will revert to the Diocese if the property ceases to be used exclusively as a retirement community.

6. Statutory Operating Reserve Requirements

North Carolina General Statute Chapter 58, Article 64, sets forth minimum operating reserve requirements. Under this legislation, Deerfield is required to maintain an operating reserve at least equal to 25 percent of the upcoming year's total operating costs as defined by the statute. At September 30, 2022 and 2021, management has estimated that \$8,471,000 and \$8,085,000, respectively, would be required to meet the operating reserve requirement and has allocated funds included in assets limited as to use to meet this requirement.

7. Employee Benefit Plans

Deerfield employees may participate in a 403(b) Retirement Savings Plan. Deerfield will match 50% of employee's contributions up to a maximum employee contribution of 6%. Participants are fully vested in all funds within the plan after six years of participation in the plan. Deerfield expensed contributions to the plan of approximately \$191,000 and \$186,000 for the years ended September 30, 2022 and 2021, respectively.

Deerfield also has a qualified Welfare Benefit Plan providing comprehensive health care coverage. The plan includes coverage provided by the plan underwriter as well as self-funded coverage provided by Deerfield. Deerfield's self-funded liability is limited to \$65,000 per person per year for the years ended September 30, 2022 and 2021. The liability for estimated unpaid claims was approximately \$217,000 and \$100,000 at September 30, 2022 and 2021, respectively, and is included in other accrued liabilities on the consolidated balance sheets.

8. Professional Liability Coverage

Deerfield has an insurance policy for possible litigation in the ordinary course of business related to professional liability claims. Management believes that claims, if asserted, would be settled within the limits of coverage, which is on a claims-made basis. Should Deerfield not renew its claims-made policy, or replace it with equivalent insurance, occurrences incurred during its term but asserted after its expiration would be uninsured, unless Deerfield obtains additional coverage.

9. Fair Value of Financial Instruments

The carrying amounts of cash and cash equivalents, accounts receivable and other assets approximate fair value. Investments and assets limited as to use are reported at fair value as of the date of the consolidated financial statements. See Note 2 for more information relating to the fair value of investments and assets limited as to use.

The carrying amounts of accounts payable, accrued salaries and wages, accrued interest payable and other accrued and long-term liabilities approximate fair value. The fair value of the bonds payable is based on quoted market prices.

10. Liquidity and Availability

Deerfield monitors and maintains liquidity sufficient to meet operating and capital needs as well as contractual commitments while maximizing any return on available funds. Deerfield's financial assets available within one year of September 30, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	\$ 9,963,486	\$ 9,173,469

11. Functional Expense

Deerfield provides various health-related and other services through its nursing and residential care facilities. The cost of providing various programs and supporting services has been reported on a functional basis below. Accordingly, certain costs have been allocated to program initiatives and supporting services based on estimates made by management. Such expenses include supplies and direct expenses, interest, and depreciation which are allocated based on square footage and salaries and benefits which are allocated based on estimates of time and effort.

12. Revenue Recognition

Deerfield generates revenues, primarily by providing housing and health services to its residents. The following streams of revenue are recognized as follows:

Monthly service fees:

The contracts that residents select require an advanced fee and monthly fees based upon the type of space they are applying for. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 30 days. The services provided encompass social, recreational, dining along with assisted living and nursing care and these performance obligations are earned each month. Under Accounting Standards Codification (“ASC”) Topic 606, management has determined that the performance obligation for the standing obligation to provide the appropriate level of care is the predominate component and does not contain a lease component under ASC Topic 842. Resident fee revenue for non-routine or additional services are billed monthly in arrears and recognized when the service is provided.

Entrance fees:

The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and included in liabilities in the consolidated balance sheets until the performance obligations are satisfied. The refundable portion of an entrance fee is not considered part of the transaction price and as such is recorded as a liability in the consolidated balance sheets. Additionally, management has determined the contracts do not contain a significant financing component as the advanced payment assures residents the access to health care in the future. These deferred amounts are then amortized on a straight-line basis into revenue on a monthly basis over the life of the resident as the performance obligation is the material right associated with access to future services as described in FASB ASC 606-10-55 paragraph 42 and 51.

Notes to Consolidated Financial Statements

Health care services:

Within the facility, Deerfield provides skilled nursing care to residents who are covered by government payors and also who pay privately. Deerfield is paid fixed daily rates from both payor sources. The fixed daily rates for private pay are billed in advance and the fixed daily rates for government payors are billed in arrears. The monthly fees to be received from the government represent the most likely amount to be paid out based on predetermined rates from the Centers for Medicare and Medicaid (CMS).

13. Provider Relief Funds

In response to the COVID-19 pandemic, the Coronavirus Aid, Relief and Economic Security (CARES) Act was signed into law on March 27, 2020. One provision of the CARES Act was the establishment of the Provider Relief Fund (PRF), administered by the U.S. Department of Health and Human Services (HHS). The PRF is being distributed to healthcare providers throughout the country to support the battle against the COVID-19 outbreak. During the years ended September 30, 2022 and September 30, 2021, Deerfield has received \$4,510 and \$109,145 in distributions from this fund. These funds are intended to reimburse qualifying expenses and lost revenues attributable to COVID-19 and are subject to the terms, conditions, and regulatory requirements set forth by HHS. If the total distributions received by the Deerfield exceed the cumulative amount of qualifying expenses and lost revenues attributable to COVID-19 through the related period of availability, any excess funding may be subject to recoupment. The Provider Relief Funds are accounted for as voluntary nonexchange transactions and related revenues will be recognized as other operating revenue as eligibility criteria are met. Deerfield has recognized \$4,510 and \$109,145 as other operating revenue as of September 30, 2022 and 2021, respectively. The Provider Relief Funds are subject to audit by HHS which may result in disallowed expenditures which may be subject to recoupment. Such amounts, if any, cannot be determined at this time.

Summary of Significant Forecast Assumptions and Accounting Policies

Introduction and Background Information

Basis of Presentation

The financial forecast (the “Forecast”) presents, to the best of the knowledge and belief of management (“Management”) of Deerfield Episcopal Retirement Community, Inc. (“Deerfield”) and Affiliate (collectively, the “Organization”), the Organization’s expected financial position, results of operations and cash flows as of September 30, 2023, 2024, 2025, 2026 and 2027 and each of the years then ending (the “Forecast Period”).

Accordingly, the Forecast reflects Management’s judgment as of February 27, 2023, the date of this Forecast, of the expected conditions and its expected course of action.

The assumptions disclosed herein are the assumptions that Management believes are significant to the Forecast. There will usually be differences between forecasted and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The accompanying forecasted information and the report are intended solely for the information and use of Management, the Board of Directors, and the North Carolina Department of Insurance (pursuant to the requirements of North Carolina General Statutes, Chapter 58, Article 64 and is included in the Organization’s disclosure statement filing), and is not intended to be and should not be used, by anyone other than these specified parties.

The presentation of Management’s Forecast reflects additional expense and revenue categorizations that differ from Management’s historical financial presentation in its historical audited financial statements. The additional categories have been included at the request of the North Carolina Department of Insurance. The Organization’s retirement community predominantly offers a “Type A” contract for its entrance fee community. In this type of contract, residents enter the retirement community under a contract that allows for discounted healthcare fees when the resident moves into assisted living or nursing. As a result, there is no relevant stand-alone measure of “profitability” for only the health center since the revenue associated with the health center units are discounted. For this reason, Management has not presented its resident revenue separately in its historical audited financial statements, which differs from the presentation in its Forecast.

Summary of Significant Forecast Assumptions and Accounting Policies

Introduction and Background Information (continued)

The following section titled Residence & Services Agreement is a summary of key provisions of the Residence & Services Agreement. For more detailed information regarding this agreement, please refer to Deerfield's Residence & Services Agreement which is included in Deerfield's Disclosure Statement filed with the North Carolina Department of Insurance.

Residence & Services Agreement

A resident who terminates the Residence & Services Agreement prior to establishing residency in the independent living unit, due to death or incapacity or changes in finances, is entitled to a full refund of the entrance fee deposit, less any non-standard costs specifically incurred by Deerfield at the request of the prospective resident. A resident who voluntarily terminates the Residence & Services Agreement prior to establishing residency, for reasons other than death or incapacity or changes in finances, is entitled to a partial refund of the entrance fee deposit. The refund is equal to the entrance fee deposit less any non-standard costs specifically incurred by Deerfield at the request of the prospective resident and a non-refundable fee equal to 4 percent of the entrance fee.

Deerfield offers three types of contract options: 0% refundable (the "Standard Plan"), 50% refundable (the "50% Refund Plan"), and 90% refundable (the "90% Refund Plan"). The 50% Refund Plan and the 90% Refund Plan are subject to certain age restrictions.

Standard Plan— Under the terms of this plan, a resident who terminates the Residence & Services Agreement during the first 60 days of occupancy (the "Trial Period") is entitled to a refund of the entire entrance fee, less a 4 percent non-refundable fee. After the trial period, the refund is reduced by 2 percent of the amount of the entrance fee paid per month of occupancy for 48 months, plus an additional 4 percent charge. There is no refund after 48 months of occupancy.

50% Refund Plan— Under the terms of this plan, a resident who terminates the Residence & Services Agreement during the Trial Period is entitled to a refund of the entire entrance fee, less a 4 percent non-refundable fee. After the trial period, the refund is reduced by 2 percent of the amount of the entrance fee paid per month of occupancy for 23 months, plus an additional 4 percent charge. After 23 months, the resident receives a refund equal to 50 percent of the entrance fee paid.

90% Refund Plan— Under the terms of this plan, a resident who terminates the Residence & Services Agreement during the Trial Period is entitled to a refund of the entire entrance fee, less a 4 percent non-refundable fee. After the trial period, the refund is reduced by 1 percent of the amount of the entrance fee paid per month of occupancy for 6 months, plus an additional 4 percent charge. After 6 months, the resident receives a refund equal to 90 percent of the entrance fee paid.

Management has forecasted that the majority of independent living residents will select the Standard 0% Refundable Entrance Fee Plan, based on historical experience.

The resident is required to confirm his/her selection of a refund plan at the time of final payment of the entrance fee and is not allowed to change refund plans without written approval of Management. Payment of refunds is due within 60 days for the Standard Plan and 50% Refund Plan, whereas the payment of a refund for the 90% Refund Plan is due upon the earlier of re-occupancy of the unit by another prospective resident, or one year.

Summary of Significant Forecast Assumptions and Accounting Policies

Introduction and Background Information (continued)

If the resident is unable to live independently within the range of services provided in the independent living unit, as determined by Deerfield's medical director in conjunction with the resident's physician and family or guardian, the resident is transferred to an assisted living unit or nursing bed in the Health Center. If a resident is permanently transferred to an assisted living unit or a nursing bed, the independent living unit is available for occupancy by another prospective resident. However, no refund of the entrance fee is paid to the transferring resident until death or termination of the Residence & Services Agreement, as specified in the contract. The transferring resident continues to pay the monthly service fee paid prior to transferring and also pays for two additional meals and ancillary services. If, in the future, the resident recovers sufficiently to resume independent living, a similar or alternative independent living unit is made available for the resident's use, subject to availability.

Under the Residence & Services Agreement, independent living residents must pay an entrance fee and a monthly service fee and are entitled to the following services and amenities at no additional cost:

- Utilities (except telephone and cable);
- Main meal of the day (one meal per day);
- Routine maintenance and grounds keeping;
- 24-hour emergency response service;
- 24-hour security;
- Priority access to a nursing bed or to an assisted living unit, as necessary;
- Planned social and recreational activities;
- Scheduled local transportation;
- Weekly housekeeping;
- Lighted parking;
- Exercise and wellness programs;
- Additional storage;
- Routine client services; and
- Use of grounds and common facilities.

In addition to the items included in the monthly service fee, certain services are available to residents at an additional cost. These items may include, but are not limited to:

- Additional meals beyond the chosen plan;
- Guest meals;
- Cable television;
- Guest accommodations;
- Additional housekeeping services; and
- Ancillary services in the Health Center

Health Care Services

Assisted living and nursing services are offered in the Health Center at residents' current monthly fee plus the additional cost of meals and fees not included in the monthly fee pursuant to the Residence & Services Agreement. All healthcare areas are under the direct supervision and responsibility of a licensed administrator, the Director of Health Services, and the Medical Director, a licensed physician.

Assisted living services are offered in 62 residential-style units of the Health Center. In addition to the services offered in the independent living units, residents in the assisted living units receive the following service:

Summary of Significant Forecast Assumptions and Accounting Policies

Introduction and Background Information (continued)

- Assistance with activities of daily living (bathing, dressing, eating, toileting, mobility, transfers) as needed;
- 3 meals per day with daily snacks;
- Daily resident safety checks;
- Regular health and wellness assessments;
- Medication counseling and supervision;
- Transportation service to activities;
- Reality orientation and rehabilitation therapies; and
- Recreational activities.

Nursing services are offered in 62 skilled nursing beds located in the Health Center that consists of 46 private beds with private baths and 16 semi-private beds with shared baths. Of the 62 skilled nursing beds, 31 are sheltered beds and, accordingly, are unavailable for use by direct entrants into the Health Center from outside of the Community. Only residents of Deerfield can use these sheltered beds. Nursing services provided in the Health Center include:

- Licensed nursing services 24-hours per day;
- Rehabilitation nursing services;
- Physical, speech and occupational therapies;
- Post-hospital care;
- Recreational activities;
- Respite care; and
- 3 meals per day with special diets accommodated.

For residents under the Residence & Services Agreement, transfers to the Health Center are classified as either a temporary transfer or a permanent transfer. Residents under the Residence & Services Agreement who transfer to the Health Center pay the following depending on the transfer classification:

- *Temporary Transfer* - Residents continue to pay a monthly fee plus the cost of meals provided not included in the monthly fee and other costs not reimbursed by third party payers. No additional charge is paid for the care received in the Health Center, unless there is an upgrade to a larger unit.
- *Permanent Transfer* - Upon permanent transfer to the Health Center, the resident must give up his/her independent living unit. If the independent living unit is jointly occupied and one resident transfers to the Health Center, each resident continues being charged the normal monthly fee that was in effect for their independent living unit. The cost of additional meals, and any additional fees (including upgrades to larger units, if applicable) for services provided to the resident, is paid upon permanent transfer to the Health Center.

Summary of Significant Forecast Assumptions and Accounting Policies

Summary of Significant Accounting Policies

Basis of Accounting

The Organization maintains its accounting and financial records according to the accrual basis of accounting. The Organization classifies its funds for accounting and reporting purposes as without donor restriction or with donor restriction:

Net assets without donor restriction - resources of the Organization that are not restricted by donors or grantors as to use or purpose. These resources include amounts generated from operations, undesignated gifts, and the investment in property and equipment.

Net assets with donor restriction - resources that carry a donor-imposed restriction that permits the Organization to use or expend the donated assets as specified and is satisfied by the passage of time or by actions of the Organization or resources that carry a donor-imposed restriction that stipulates that donated assets be maintained in perpetuity, but may permit the Organization to use or expend part or all of the income derived from the donated assets.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements include the accounts of Deerfield Episcopal Retirement Community, Inc. and the Foundation (collectively, "Deerfield"). All material intercompany accounts and transactions have been eliminated in consolidation.

Cash and Cash Equivalents

Cash and cash equivalents include certain investments in highly liquid instruments with original maturities of three months or less from the date of acquisition, which are not included in assets limited as to use or investments.

Investments

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value based on quoted market prices in the forecasted balance sheets. Investment income or loss (including realized gains and losses on investments, interest and dividends) is included in the operating income unless the income or loss is restricted by donor or law. Management classifies investments as trading securities, and changes in cash flows for investments, as cash flows from operating activities.

Management has not forecasted any unrealized gains or losses during the Forecast Period.

Summary of Significant Forecast Assumptions and Accounting Policies

Summary of Significant Accounting Policies (continued)

Accounts Receivable, Net

Deerfield considers accounts receivable to be fully collectible; accordingly no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made. Management does not expect these amounts to be material. Generally, no finance charges are assessed on trade receivables.

Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market.

Assets Limited as to Use

Assets limited as to use that are required to meet current liabilities of the Organization have been classified in the balance sheets for the prospective reporting period as current.

Property and Equipment

Property and equipment is stated at cost less accumulated depreciation. Contributed property is recorded at its estimated fair value at the date of receipt. Depreciation is computed on a straight-line basis for all depreciable assets over estimated useful lives.

The Organization periodically assesses the realizability of its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. For assets to be held, impairment is determined to exist if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. For assets to be disposed of, impairment is determined to exist if the estimated net realizable value is less than the carrying amount. The Organization has determined that there are no indicators of impairment during the prospective reporting period.

Concentration of Risk

The Organization's operating funds, comprised of cash and cash equivalents, are located in a certain financial institution. At various times throughout the year, the Organization anticipates having deposits at the bank in excess of the amounts covered by federal depository insurance. Management believes the financial institution has a strong credit rating and the credit risk related to these deposits is minimal.

Entrance Fee Deposits

Admission deposits consist of reservation deposits and admission deposits. The Organization collects a reservation deposit of \$1,000 to save a space on the future occupancy list for a residential unit. An admission deposit of 10 percent of the entrance fee, less the reservation deposit, is received when a unit is available and a Residence & Services Agreement is executed. When the 10 percent admission deposit is received, a residential unit is considered reserved. The reservation agreement may be terminated by the prospective resident prior to taking occupancy by giving written notice to the Organization. In the event of withdrawal from the future occupancy list or a termination of the reservation, the resident receives a refund for a portion of the deposit paid by the resident, without interest.

Summary of Significant Forecast Assumptions and Accounting Policies

Summary of Significant Accounting Policies (continued)

Deferred Financing Costs

Deferred financing costs and discounts are amortized using the straight line method over the term of the related financing, which approximates the effective interest method.

Debt issuance costs are presented in the forecasted balance sheets as a deduction from the carrying amount of the related liability. In addition, amortization expense associated with the debt issuance costs is shown as a component of interest expense.

Parking Fees

Deferred parking revenue is amortized into other income using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis. Refundable parking fees represent the portion of the payment of parking fees that will be refunded to the resident when parking is no longer required.

Deferred Revenue and Refundable Entrance Fees

Fees paid by a resident upon entering into a Residence & Services Agreement, net of the estimated portion that is refundable to the resident, are recorded as deferred revenue and amortized into income using the straight-line method over the estimated remaining life expectancy of the resident, adjusted on an annual basis. When the Residence & Services Agreement is terminated, the amount of unamortized portion of the deferred revenue from non-refundable entrance fees is recognized as revenue. The refundable portion is not amortized and is presented separately as refundable entrance fees.

Statements of Revenue, Expenses, and Other Changes in Net Assets

Provision of resident care services is the primary function of the Organization. For purposes of display, transactions deemed by Management to be ongoing, major, or central to the provision of resident care services are reported as revenues, gains and other support and expenses. Peripheral or incidental transactions are reported as non-operating gains and losses. The Organization considers operating income to be its performance indicator.

Revenue Recognition

Monthly service fees:

The contracts that residents select require an advanced fee and monthly fees based upon the type of space they are applying for. Resident fee revenue for recurring and routine monthly services is generally billed monthly in advance. Payment terms are usually due within 30 days. The services provided encompass social, recreational, dining along with assisted living and nursing care and these performance obligations are earned each month. Under Accounting Standards Codification ("ASC") Topic 606, management has determined that the performance obligation for the standing obligation to provide the appropriate level of care is the predominate component and does not contain a lease component under ASC Topic 842. Resident fee revenue for non-routine or additional services are billed monthly in arrears and recognized when the service is provided.

Summary of Significant Forecast Assumptions and Accounting Policies

Summary of Significant Accounting Policies (continued)

Entrance fees:

The nonrefundable entrance fees are recognized as deferred revenue upon receipt of the payment and included in liabilities in the consolidated balance sheets until the performance obligations are satisfied. The refundable portion of an entrance fee is not considered part of the transaction price and as such is recorded as a liability in the consolidated balance sheets. Additionally, management has determined the contracts do not contain a significant financing component as the advanced payment assures residents the access to health care in the future. These deferred amounts are then amortized on a straight-line basis into revenue on a monthly basis over the life of the resident as the performance obligation is the material right associated with access to future services as described in FASB ASC 606-10-55 paragraph 42 and 51.

Health care services:

Within the facility, Deerfield provides skilled nursing care to residents who are covered by government payors and also who pay privately. Deerfield is paid fixed daily rates from both payor sources. The fixed daily rates for private pay are billed in advance and the fixed daily rates for government payors are billed in arrears. The monthly fees to be received from the government represent the most likely amount to be paid out based on predetermined rates from the Centers for Medicare and Medicaid (CMS).

Contributions and Bequests

Unconditional promises to give cash and other assets are accrued at estimated fair market value at the date each promise is received. Management reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as an increase in net assets without donor restrictions. Income earned on net assets with donor restrictions, including capital appreciation, is recognized in the period earned.

Obligation to Provide Future Services

Deerfield enters into continuing-care contracts with various residents. A continuing-care contract is an agreement between a resident and Deerfield specifying the services and facilities to be provided to a resident over his or her remaining life. Under the contracts, Deerfield has the ability to increase fees as deemed necessary. At the end of each year, the Organization calculates the present value of the estimated net cost of future services to be provided, including the cost of facilities to current residents, and compares that amount with the deferred revenue from entrance fees at that date. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from entrance fees, a liability (obligation to provide future services) is recorded. No liability has been recorded for the prospective reporting period because the present value of the estimated net costs of future services and use of facilities is less than anticipated deferred revenue from entrance fees.

Social Accountability

The Organization is estimating that 5 percent of resident revenues would be spent on "social accountability." Although this accountability can take many forms, Management believes the Organization currently provides this level of social accountability.

Income Taxes

The Organization has been recognized by the Internal Revenue Service as a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and is exempt from federal and state income taxes pursuant to Section 501(a) of the IRC.

Summary of Significant Forecast Assumptions and Accounting Policies

Management's Basis for Forecast of Revenue

Revenues for Deerfield are primarily generated from monthly service fees for the independent living units, amortization of entrance fees and monthly service fees and per diem charges from the Health Center residents.

Revenues for the independent living units are based on the monthly service fees assumed by Management to be charged to the residents and the assumed utilization of the independent living units. Health care revenues consist of revenue generated from services provided to residents transferring from the independent living units or from residents directly admitted from outside the Facility into assisted living and nursing units. All assisted living residents are private pay and the majority of nursing residents are private pay, but Deerfield is certified to accept Medicare residents.

For residents under the Residence & Services Agreement, transfers to the Health Center are classified as either a temporary transfer or a permanent transfer. Residents under the Residence & Services Agreement who transfer to the Health Center pay the following depending on the transfer classification:

- *Temporary Transfer* - Residents continue to pay the normal monthly fee that was in effect for their independent living unit, plus the cost of additional meals, and any other additional fees (including upgrades to larger units, if applicable) for services provided to the resident, that are not included in the monthly fee.
- *Permanent Transfer* - Upon permanent transfer to the Health Center, the resident must give up his/her independent living unit. If the independent living unit is jointly occupied and one resident transfers to the Health Center, each resident continues being charged the normal monthly fee that was in effect for their independent living unit. The cost of additional meals, and any additional fees (including upgrades to larger units, if applicable) for services provided to the resident, is paid upon permanent transfer to the Health Center.

Forecasted Entrance and Monthly Service Fees

Table 1 presents Management's forecasted rates for Deerfield for the year ending September 30, 2023. Management primarily establishes rate increases through the actuarial evaluation of financial performance, including actual and forecasted operating experience. The overreaching goal is to maintain an actuarially and financially viable community. In general, Management anticipates operating expense increases of 3.5 percent throughout the Forecast Period and has assumed similar rate increases for the monthly fee increases.

Management has forecasted that the majority of future independent living residents will select the Standard 0% Refundable Entrance Fee Plan, based on historical experience.

The following table reflects forecasted rate increases. Increases in fees are generally anticipated to equal or exceed increases in operating expenses during the Forecast Period, and can change prospectively based on actual experience, as well as achieving actuarially sound pricing practices for a retirement community, and achieving indebtedness covenants.

Assets Limited as to Use

A narrative description of the assets limited as to use follows.

Held by Deerfield Episcopal Retirement Community, Inc.

Statutory Operating Reserve - Section 58-64-33 of the General Statutes of North Carolina, as amended, establishes an operating reserve requirement that must be satisfied on an annual basis. Specifically, in years where the overall occupancy of Deerfield exceeds 90%, the operating reserve amount required equals 25% of operating expenses. In years where overall occupancy is under 90%, a reserve equal to 50% of operating expenses must be established. To the extent that funds have been set aside for the payment of interest and principal on debt (Debt Service Reserve Fund), interest expense and principal payments would be excluded from the statutory operating reserve requirements.

Renewal and Replacement Fund – The Organization has set aside, by the direction of the Board of Directors, funds to be used for the renewal and replacement of property and equipment. The Board of Directors retains control over these assets and may at its discretion subsequently use them for other purposes.

Under Bond Indenture Agreement (Held by Trustee Pursuant to Financing Agreements) – The Organization is required to maintain certain funds for the existing bonds.

Escrow Agreements – The Organization has received deposits from prospective residents which the Organization has set aside.

Held by the Foundation

Benevolent Assistance Fund – The Organization has a policy of providing benevolent assistance to residents who are unable to pay. Such residents are identified based on financial information obtained from the resident and subsequent review and analysis. Since the Organization does not expect to collect the normal charges for services provided, estimated charges for benevolent assistance are not included in revenue. Funds donated by outside parties to assist these needy residents are placed by Management into a separate Benevolent Assistance Fund. Such amounts are designated by the Board of Directors and utilized to offset the cost of providing financial assistance to residents who are unable to meet their financial commitments.

Mission Advancement Fund – The Organization has set aside, by direction of the Board of Directors, funds to be used to meet the mission of the Organization. The Board of Directors retains control over these assets and may at its discretion subsequently use them for other purposes.

Amounts Restricted by Donors - The Organization receives certain contributions from outside parties that are intended to be used for specific purposes, primarily for future improvements to be made to the chapel and future residency assistance. Contributions of such assets with explicit restrictions that specify how the assets are to be used are reported by Management as restricted support. Specifically, externally restricted resources are accumulated in a separate fund until the restrictions end and the funds are released.

II. FINANCIAL ARRANGEMENTS

A. Entrance Fee Options. The Resident agrees to pay to Deerfield an Entrance Fee as a condition of becoming a Resident. The Resident shall choose one of the following options, amounts, and amortization schedules as to the Entrance Fee to be paid:

<u>Entrance Fee Option</u>	<u>Amount of Entrance Fee</u>	<u>Amortization Schedule</u>
1. Standard	\$ _____	2% per month for 48 months less a 4% non-refundable fee.
2. 50% Refund	\$ _____	2% per month for 23 months less a 4% non-refundable fee. Refund never less than 50%.
3. 90% Refund	\$ _____	1% per month for 6 months less a 4% non-refundable fee. Refund never less than 90%.

The amounts shown prior for the 50% Refund Entrance Fee Option and the 90% Refund Entrance Fee Option are based on premiums in addition to the Standard Entrance Fee Option based on industry calculations by a financial consultant. The 50% Refund Entrance Fee Option and the 90% Refund Entrance Fee Option are not available to persons 85 or older. The age of the older Resident is used in making this determination.

The Resident must notify Deerfield in writing of the selection of the 50% Refund or 90% Refund Entrance Fee Options on or before the date that the balance of the Entrance Fee is due as provided in Paragraph II.B.3 below. Without written approval of Deerfield, the Resident may not change the option selected after the date the balance of the Entrance Fee is due. The selection of either the 50% or 90% Refund Option may subject the Resident to the payment of imputed interest. Deerfield advises that the Resident consult a financial advisor with respect to that possibility.

B. Terms of Payment of the Entrance Fee. The terms of payment of the Entrance Fee shall be as follows:

- Reservation Deposit/Future Residency Deposit. An initial Future Residency Deposit or Reservation Deposit of One Thousand Dollars (\$1,000.00) has been paid upon execution of the Future Residency Agreement or Reservation Agreement; and
- Ten Percent (10%) Deposit. An amount equal to Ten Percent (10%) of the total Standard Entrance Fee, less the One Thousand Dollar (\$1,000.00) Future Residency Deposit or Reservation Deposit, or \$ _____ is due and payable within Ten (10) Days after the Resident has accepted the offer of the Residence from Deerfield Episcopal Retirement Community and upon execution of this Agreement; and,

3. Balance of the Entrance Fee. The balance of the total Entrance Fee for the Entrance Fee Option selected by the Resident is due and payable prior to occupancy and within Sixty (60) Days of the execution of this Agreement or at the time the Residence is declared by Deerfield to be available for occupancy, whichever occurs last, unless otherwise agreed to in writing by Deerfield.
- C. **Monthly Fee.** In addition to the Entrance Fee, Resident agrees to pay a Monthly Fee during the term of this Agreement which shall be payable in advance by the 10th of each month. The Monthly Fee associated with the Residence is \$_____per month, and an additional \$_____per month if a second Resident occupies the Residence. The Monthly Fee may be adjusted by Deerfield during the term of this Agreement as described in Paragraph II.D below. The first Month's Fee is payable in full in advance and prior to occupancy, and the following Monthly Statement will credit the Resident for any days of the month prior to occupancy.
- E. **Adjustments in the Monthly Fee.** The Monthly Fee is made to provide the facilities, programs, and services described in this Agreement and is intended to meet the cost of the expenses associated with the operation and management of the Community. Deerfield has the authority to adjust the Monthly Fee from time to time during the term of this Agreement as Deerfield in its discretion deems necessary in order to reflect changes in costs of providing the facilities, programs, and services described herein consistent with operating on a sound financial basis and maintaining the quality of services called for herein. In the event that it should be determined that Deerfield is required to pay sales tax or ad valorem taxes upon its property, the Monthly Fee may be adjusted to reflect the amount of such taxes. Any such increases in the Monthly Fee or other charges may be made by Deerfield upon Thirty (30) Days written notice to the Resident.
- F. **Monthly Statements.** Deerfield furnishes the Resident with monthly statements showing the total amount of fees and other charges owed by the Resident which shall be payable by the 10th day of the month. Deerfield may charge interest at a rate of One and One-Half Percent (1½%) per month on any unpaid balance owed by the resident Thirty (30) Days after the monthly statement is furnished.
- F. **Nursing and Health Services Fees and Charges.**
1. Continuance of Monthly Fee. Should Resident qualify for health care services either in skilled nursing care or assisted living care, it is understood that Resident will continue to be charged the amount equal to the Monthly Fee in the Residence occupied by the Resident at the time of the transfer. In addition to the Monthly Fee, charges will be made for Two (2) additional meals per day and other charges for ancillary services as more fully described in Paragraph II.F.3 below.
 2. Participation in Medicare Program. In the event that Deerfield elects to participate in the Part A Medicare Program, the Resident hereby agrees to give assignment to Deerfield of those designated nursing home benefits under Part A and the associated benefits of the Resident's Medicare Supplement Policy. This does not alter the Resident's benefits or obligations as outlined in Paragraph II.F.1 of this Agreement.

3. Additional Charges for Ancillary Services. Additional charges for Nursing and Health Care Services may be made by Deerfield for ancillary services provided at the Community. Ancillary services will include all services not provided by the staff of the Community and are therefore not included in the Monthly Fee. Examples of such additional charges may include, but are not limited to, the cost of prescription and non-prescription medications, surgical, dental and optical services, physical examinations, laboratory tests, physical therapy, occupational therapy, rehabilitative treatments, wheelchairs, other medical equipment and supplies, and any other medical services and supplies beyond that available in the Community. Also, any professional services (medical or otherwise) contracted by Resident or in behalf of Resident shall be billed directly to Resident.
4. Additional Charges for Residence Upgrade. Should the Resident choose to upgrade the accommodations in Assisted Living or Skilled Nursing from the standard Residence, there will be an additional charge for the upgraded Residence. This charge will reflect the difference between the direct admission monthly service fee for the standard accommodation and the direct admission monthly service fee for the upgraded accommodation. In either case, the monthly fee will continue as described in Paragraph II.F.1; the additional fees for upgrade will be reflected in the monthly bill.
5. Care in Another Facility. Should Resident need a level of care beyond that licensed at the Community and require transfer to another facility, all expenses which will result from such transfer and care shall be borne entirely by Resident.

III. ADMISSION REQUIREMENTS AND PROCEDURES

A prospective resident will become qualified for admission to the Community upon satisfaction of the following provisions:

- A. **Age.** The admission requirements for residence at the Community are non-discriminatory except as to age, and the Community is open to both married and single men and women of all races and religions and without regard to place of former residence. Admission is restricted to persons 62 years of age or older.
- B. **Personal Interview.** The Resident shall have an interview with a representative from Deerfield prior to taking residency. Upon review of all information required herein, additional personal interviews may be requested by Deerfield.
- C. **Application Forms.** Within Thirty (30) Days after the execution of the Reservation Agreement or Future Residency Agreement, the Resident shall have submitted for approval by the Admissions Committee appointed by Deerfield, an Application for Admission, a Personal Health History, and a Confidential Financial Statement, all on forms furnished by Deerfield.
- D. **Admissions Committee Review.** Upon receipt of the completed application forms, Deerfield's Admissions Committee will have reviewed the forms submitted by Resident as a basis for initial admission to the Community. The Admissions Committee, in its sole discretion, will have approved or denied the application for initial admission based on admissions criteria and policies established by the Board of Directors of Deerfield. The Resident shall have been notified of such action of the Admissions Committee.

- E. **Notification.** The Resident will be notified of availability of the Residence based on the Resident's wait list number, type of Residence specified by the Resident, and projected date of entry. Deerfield will notify the Resident as early as possible of the date on which the Residence will be ready for occupancy.

- G. **Health Requirements.** At least Thirty (30) Days prior to admission for residency at the Community, the Resident shall submit a report of a physical examination of the Resident made by a physician selected by the Resident within approximately six months of the projected occupancy date. Such report shall include a statement by such physician that the Resident is in good health, is ambulatory or can move about independently and is able to take care of himself or herself in normal living activities. Deerfield may require the Resident to have another physical examination by the Medical Director or by another physician approved by Deerfield. The Resident shall be responsible for the costs of such physical examinations. If the health of the Resident as disclosed by such physical examination differs materially from that disclosed in the Resident's Application for Admission and Personal Health History, Deerfield shall have the right to decline admission of the Resident and to terminate this Agreement, or in the discretion of Deerfield, to permit the Resident to take occupancy of accommodations within the Community more suitable to the needs of the Resident.

- G. **Financial Requirements.** The Resident must have assets and income which will be sufficient under foreseeable circumstances to pay the financial obligation of the Resident under this Agreement and to meet ordinary living expenses of the Resident. Deerfield may require the Resident to furnish additional, current financial information as may be needed.

- H. **Representations.** The Resident affirms that the representations made in the Application for Admission, Personal Health History, and Confidential Financial Statement are true and correct and may be relied upon by Deerfield as a basis for entering into this Agreement.

IV. TERMS OF RESIDENCY

- A. **Rights of Resident.** The Resident has the right to occupy, use, and enjoy the Residence, common areas, amenities, programs, and services of the Community during the Residents' lifetime unless this Agreement shall be terminated as provided herein. It is understood that this Agreement does not transfer or grant any interest in the real or personal property owned by Deerfield other than the rights and privileges as described in this Agreement.

- B. **Policies and Procedures.** The Resident agrees to abide by the Community's policies and procedures and such amendments, modifications, and changes of the policies and procedures as may hereafter be adopted by Deerfield and the Community.

- C. **Changes in the Residence.** Deerfield has the right to change the Residence to meet requirements of any applicable statutes, law, or regulation. The Residence may not be used in any matter in violation of any zoning ordinances or other governmental law or regulation.

- D. **Visitors.** Except for short term visitors or guests, no person other than the Resident may reside in the Residence without the approval of Deerfield.

- E. Loss of Property.** Deerfield shall not be responsible for the loss of any property belonging to the Resident due to theft, mysterious disappearance, fire or any other cause. It is understood that the Resident will have the responsibility of providing any desired insurance protection covering any such loss.
- F. Illness or Accident Away from Deerfield.** If Resident suffers an accident or illness away from the community, Deerfield will have no responsibility to pay for Resident's medical, surgical, hospital or nursing care obtained offsite; however, after Resident returns, Deerfield shall assume its responsibility to provide services as specified in this Agreement that are deemed necessary by Deerfield.
- G. Medical Insurance.** Throughout the duration of this Agreement, the Resident shall maintain, at Resident's expense, Medicare Part A, Medicare Part B, and one supplemental health insurance policy or equivalent insurance coverage acceptable to Deerfield, and shall furnish Deerfield with evidence of such coverage upon request.
- H. Accident or Illness Caused by Others.** In the event Resident is physically injured by an individual or entity not a part of this Agreement, Resident grants to Deerfield a right of subrogation and authorizes Deerfield to bring such demands, claims or legal proceedings in the name of or on behalf of Resident for purposes of recovering from any third party or third party's insurer responsible for Resident's injury, the dollar value of all care provided by Deerfield to Resident as a result of such injury. Resident agrees to cooperate and sign any documents necessary to facilitate Deerfield's ability to exercise its subrogation right. After the costs and expenses incurred by Deerfield in the care of Resident (including legal fees and cost of care furnished to Resident by Deerfield because of such injury) have been reimbursed to Deerfield through subrogation, the balance of any recovery will be refunded to Resident or Resident's estate.
- I. Marriage or Addition of Second Resident During Occupancy.**
- 1. Resident to Resident Marriage.** If a Resident marries a person who is also a Resident, the two Residents may occupy either Residence and shall surrender the other. No refund will be payable with respect to the Residence surrendered except in the case of a Resident who has elected the 50% or 90% Refund Entrance Fee Option or in the case of a Resident who has occupied the Residence less than 48 months. Such married Residents will pay the Monthly Fee for double occupancy associated with the Residence occupied by them.
 - 2. Resident to Non-Resident Marriage.** In the event that a Resident shall marry a person who is not a Resident of the Community, the spouse may become a Resident if such spouse meets all the then current requirements for admission to the Community, enters into a then current version of the Residence and Services Agreement with Deerfield and pays an Entrance Fee in an amount determined by Deerfield in its discretion but in any event no more than one-half of the then current Entrance Fee associated with the type of Residence to be occupied by the Resident and spouse. The Resident and spouse shall pay the Monthly Fee for double occupancy associated with the Residence occupied by them. If the Resident's spouse shall not meet the requirements of Deerfield for admission as a Resident, the Resident may terminate this Agreement in the same manner as provided in Paragraph VI.C hereof with respect to a voluntary termination.

- J. **Right of Entry.** Resident hereby authorizes employees or agents of the Community to enter the Residence for the purposes of housekeeping, repairs, maintenance, inspection, and in the event of an emergency.

- K. **Residents' Organizations.** Deerfield has a Residents' Association and Residents' Committees, organized by Deerfield Residents, that is open to all Residents. Such organizations elect representatives, officers, and other positions to engage in concerted activities set forth by the Residents' Association.

V. **TRANSFERS OR CHANGES IN LEVELS OF CARE**

A. **Transfer from One Residence to a Smaller Residence**

In the event that the Resident occupying a Residence under the terms of this Agreement moves to a smaller Residence, the Resident shall be entitled to a refund of the difference, if any, between the following:

- (a) the Entrance Fee paid on the larger Residence less the appropriate amortization according to the Entrance Fee Option selected by the Resident in Paragraph II.A of this Agreement for each month (or portion thereof) from the occupancy date through the date on which the Resident transfers to the smaller Residence; and

- (b) the Entrance Fee for the smaller Residence in effect on the date of transfer less the appropriate amortization according to the Entrance Fee Option selected by the Resident in Paragraph II.A of this Agreement for each month (or portion thereof) from the occupancy date through the date on which the Resident transfers to the smaller Residence.

B. **Transfer to Assisted Living or Skilled Nursing Care.** The Resident agrees that Deerfield shall have authority to determine that the Resident should be transferred from the Residence to Assisted Living or Skilled Nursing Care, or from one level of care to another level of care within the Community. Such determination shall be based on the professional opinion of the Director of Nursing, the Executive Director or Administrator, and the Medical Director of the Community, and shall be made only after consultation to the extent practical with the Resident, a representative of the Resident's family, and the Resident's attending physician.

C. **Transfer to Hospital or Other Facility.** If it is determined by Deerfield that the Resident needs care beyond that which can be provided by the Community, the Resident may be transferred to a hospital, center, or institution equipped to give such care, which care will be at the expense of the Resident. Such transfer of the Resident will be made only after consultation to the extent possible with the Resident, or a representative of the Resident's family, and the Resident's attending physician.

D. **Surrender of Residence.** If a determination is made by Deerfield that any transfer described in Paragraph V.B or V.C. is probably not temporary in nature, the Resident

agrees to surrender the Residence or any other accommodation in the Community occupied by the Resident prior to such transfer. If Deerfield subsequently determines that the Resident can resume occupancy in Residence or accommodations comparable to those occupied by the Resident prior to such transfer, the Resident shall have priority to such accommodations as soon as they become available.

VI. TERMINATION AND REFUND PROVISIONS

- A. Termination by Resident Prior to Occupancy.** This Agreement may be automatically terminated by the Resident for any reason prior to occupancy by giving written notice to Deerfield. In the event of such termination, the Resident shall receive a refund of the Entrance Fee paid by the Resident, less a non-refundable fee equal to 4% of the total amount of the Standard Entrance Fee described in Paragraph II.A.1. No non-refundable fee will be charged, however, if such termination is because of death of a Resident, or because the Resident's physical, mental or financial condition makes the Resident ineligible for admission to the Community. Any such refund shall be paid by Deerfield within Sixty (60) Days following receipt of written notification of such termination.
- B. Trial Period.** The first Sixty (60) Days of occupancy at the Community will be considered to be a Trial Period. During such Sixty (60) Day Trial Period, the Resident will have the right to terminate this Agreement by giving Deerfield written notice of such termination. In the event of such termination by the Resident, or in the event of the death of the Resident during such Sixty (60) Day Trial Period, the Resident (or the Resident's estate) shall receive a full refund of the Entrance Fee paid, less a non-refundable fee equal to 4% of the total amount of the Entrance Fee as described in Paragraph II A. Also, during such Sixty (60) Day Trial Period, Deerfield shall have the right to terminate this Agreement based on Deerfield's determination that the Resident's physical or mental condition or emotional adjustment will not permit adaptation to the living environment at the Community. In the event of such termination by Deerfield, Deerfield will refund the full Entrance Fee paid by the Resident. Any refund due the Resident under this Paragraph shall be paid within Sixty (60) Days after the Residence has been vacated by the Resident.
- C. Voluntary Termination After Occupancy.** At any time after occupancy, the Resident may terminate this Agreement by giving Deerfield written notice of such termination. If the Resident has elected the Standard Entrance Fee option, the Resident shall receive a refund in an amount equal to the Standard Entrance Fee Option less 2% for each month of residency for up to 48 months and less a 4% non-refundable fee. If the Resident has elected the 50% Refund Entrance Fee Option, the Resident shall receive a refund in an amount equal to the 50% Refund Entrance Fee Option less 2% for each month of residency for up to 23 months and less a 4% non-refundable fee, and never less than 50% of the Entrance Fee paid. If Resident has elected the 90% Refund Entrance Fee Option, the Resident shall receive a refund in the amount equal to the 90% Refund Entrance Fee Option less 1% for each month of residency for up to 6 months and less a 4% non-refundable fee, and never less than 90% of the Entrance Fee paid. Unless the Resident has elected the 50% Refund Entrance Fee Option or the 90% Refund Entrance Fee Option, no refund of the Entrance Fee shall be paid to the Resident after 48 months of occupancy. The refund due the Resident under this Paragraph for the Standard and 50% Refund option will be made within Sixty (60) Days after the Residence has been vacated by the Resident. Any refund due the

Resident under this Paragraph for the 90% Refund Entrance Fee Option will be made at such time as such Residence shall have been reserved by a prospective resident, and the prospective resident shall have paid to Deerfield such prospective resident's full Entrance Fee, or within one year from the date of termination, whichever occurs first.

- D. Termination by One of a Couple After Occupancy.** Upon the permanent transfer to the Health Center or the death of one of such Residents, or in the event of the termination of this Agreement with respect to one of such Residents, the Agreement shall continue in effect as to the remaining or surviving Resident, who shall have the option to retain the same Residence, in which event there will be no addition to or refund of the Entrance Fee, or to move to a smaller Residence, in which event there may be a refund of the Entrance Fee (see Paragraph V.A.). The remaining or surviving Resident will thereafter pay the Monthly Fee associated with the occupied Residence.
- E. Termination Upon Death.** In the event of death of the Resident at any time after occupancy, this Agreement shall terminate and the refund of the Entrance Fee paid by the Resident shall be determined in the same manner described in Paragraph VI.C above.
- F. Termination by Deerfield.** Deerfield may terminate this Agreement at any time if there has been a material misrepresentation or omission made by the Resident in the Resident's Application for Admission, Personal Health History, or Confidential Financial Statement; if the Resident fails to make payment to Deerfield of any fees or charges due Deerfield within Sixty (60) Days of the date when due; or if the Resident does not abide by the policies, rules and regulations adopted by the Community and Deerfield or breaches any of the terms and conditions of this Agreement. In the event of termination of any of such causes, the refund of the Entrance Fee paid by the Resident shall be determined in the same manner described in Paragraph VI.C above.
- G. Condition of Residence.** At the effective date of termination of this Agreement, the Resident agrees to vacate the Residence and shall leave it in good condition except for normal wear and tear. The Resident or Resident's representative agrees to remove personal belongings from the Residence within Thirty (30) Days after vacating the Residence, unless otherwise agreed to in writing by Deerfield. After Thirty (30) Days from vacating the Residence, Deerfield has the right to remove Resident's belongings and charge Resident for removal and storage. The Resident shall be liable to Deerfield for any cost incurred in restoring the Residence to good condition except for normal wear and tear.

VII. RIGHT OF RESCISSION

Notwithstanding anything herein to the contrary, this Agreement may be rescinded by the Resident giving written notice of such rescission to Deerfield within Thirty (30) Days following the later of the execution of this Agreement or the receipt of a disclosure statement that meets the requirements of Section 58-64-1, et. seq. of the North Carolina General Statutes. In the event of such rescission, the Resident shall receive a full refund of the Entrance Fee paid by the Resident. The Resident shall not be required to move into the Community before the expiration of such Thirty (30) Day period. Any such refund shall be paid by Deerfield within Sixty (60) Days following receipt of written notice of rescission pursuant to this Paragraph.

VIII. FINANCIAL ASSISTANCE

- A. Residency Continuance and Assistance Fund.** Deerfield declares that it is the policy and intent of Deerfield to permit a Resident to continue to reside in the Residence or other accommodations within the Community if the Resident is no longer capable of paying the prevailing fees and charges of Deerfield as a result of financial reverses occurring after occupancy, provided such reverses, in Deerfield's judgment, are not the result of willful or unreasonable dissipation of the Resident's finances. In the event of such circumstances, Deerfield will give careful consideration to subsidizing the fees and charges payable by the Resident so long as such subsidy can be made without impairing the ability of Deerfield to attain its objectives while operating on a sound financial basis. Any determination by Deerfield with regard to the granting of financial assistance shall be within the sole discretion of Deerfield.
- B. The Residency Fund.** Deerfield has established The Residency Fund, the income of which is used to assist Residents who would otherwise not be able to live at the Community. The income from such Fund may be used for the purpose of providing financial assistance in accordance with the provisions of Paragraph VIII.A above.
- C. Other Charitable Contributions or Financial Assistance.** In addition to Paragraphs VIII.A and VIII.B above, in fulfillment of its charitable purpose and mission, Deerfield in its sole discretion through whichever means and methods Deerfield solely determines are fiscally appropriate and reasonable may make decisions from time to time to provide additional financial assistance to prospective or current Residents and/or to participate financially in identified community outreach opportunities that further Deerfield's charitable mission. Any determination by Deerfield with regard to the granting or denying financial assistance or granting or denying charitable contributions, for community outreach or otherwise, shall be within the sole discretion of Deerfield.

IX. GENERAL

- A. Assignment.** The rights and privileges of the Resident under this Agreement to the Residence, common areas and amenities, and services and programs of the Community are personal to the Resident and may not be transferred or assigned by the Resident or otherwise.
- B. Management of the Community.** The absolute rights of management are reserved by Deerfield, its Board of Directors, and its administrators as delegated by said Board of Directors. Deerfield reserves the right to accept or reject any person for residency.

Residents do not have the right to determine admission or terms of admission of any other Resident.

- C. **Entire Agreement.** This Agreement constitutes the entire contract between Deerfield and the Resident. Deerfield shall not be liable or bound in any manner by any statements, representations, or promises made by any person representing or assuming to represent the Community, unless such statements, representations, or promises are set forth in this Agreement.
- D. **Successors and Assigns.** Except as set forth herein, this Agreement shall bind and inure to the benefit of the successors and assigns of Deerfield and the heirs, executors, administrators, and assigns of the Resident.
- E. **Power of Attorney, Will, Living Will, and Health Care Power of Attorney.** Resident agrees to execute a general power of attorney designating some competent person as attorney-in-fact. The Resident agrees to provide Deerfield with copies of Power of Attorney, Living Will, and Health Care Power of Attorney as well as the location of the Will upon execution.
- F. **Transfer of Property.** The Resident agrees not to make any gift or other transfer of property for less than adequate consideration for the purpose of evading the Resident's obligations under this Agreement or if such gift or transfer would render such Resident unable to meet such obligations.

The notice shall state the reason for discharge, as outlined above. Deerfield shall provide the Resident with discharge or transfer planning as required by law for involuntary transfers or discharges. Upon notice of discharge, the Resident has the right to file a complaint with the Department of Facility Services, the Office of the State Long-Term Care Ombudsman, or both.
- C. **Retention of Residence.** If transferred out of the facility, the Resident may request Deerfield to keep his or her bed available for his or her return. This is called a “bed-hold.” Deerfield will charge the Resident for any such bed-hold at a rate not to exceed the basic daily rate.
- D. **Surrender of Residence.** If a determination is made by Deerfield that any transfer described in Section V.B is probably not temporary in nature, the Resident agrees to surrender the Residence or any other accommodation in the Community occupied by the Resident prior to such transfer. The Resident or Resident’s representative agrees to remove all personal belongings from the Residence within 30 days after vacating the Residence, unless otherwise agreed to in writing by Deerfield. Charges for the Residence will continue until all personal belongings of the Resident are removed. If Deerfield subsequently determines that the Resident can resume occupancy in Residence or accommodations comparable to those occupied by the Resident prior to such transfer, the Resident shall have priority to such accommodations as soon as they become available.

VI. TERMINATION AND REFUND PROVISIONS

- A. **Termination by Resident Prior to Occupancy.** This Agreement may be terminated by the Resident for any reason prior to occupancy by giving written notice to Deerfield. In the event of such termination, the Resident shall receive a full refund of any fees paid. Any such refund shall be paid by Deerfield within Sixty (60) Days following receipt of written notification of such termination.
- B. **Voluntary Termination After Occupancy.** The Admission Fee is totally refundable in the event of death or voluntary move within the first 30 days of admission. After the first 30 days, the Admission Fee is refundable over a period of One Hundred and Eighty (180) Days after occupancy. After One Hundred and Eighty (180) Days of occupancy, there is no refund of the Admission Fee. Refer to Appendix A for the schedule of refundability of the Admission Fee. The refund due the Resident under this paragraph will be made within Sixty (60) Days after the Residence has been vacated by the Resident.
- C. **Termination by Deerfield.** Deerfield may terminate this Agreement at any time if there has been a material misrepresentation or omission made by the Resident in the Resident's Application for Admission or Confidential Financial Statement; if the Resident fails to make payment to Deerfield of any fees or charges due Deerfield within Sixty (60) Days of the date when due; or if the Resident does not abide by the policies, rules and regulations adopted by the Community and Deerfield or breaches any of the terms and conditions of this Agreement. In the event of termination of any of such causes, the refund of the Admission Fee paid by the Resident shall be determined in the same manner described in Paragraph VI B above.
- D. **Condition of Residence.** At the effective date of termination of this Agreement, the Residence shall be vacated in good condition except for normal wear and tear. The daily room charge will continue until the room is completely vacated.
- E. **Refund of Monthly Fee.** Refunds of monthly payments will be computed on the basis of unused days, minus any outstanding charges owed to Deerfield. Any such charges shall be itemized. All refunds shall be paid within Thirty (30) days of the closing of the account.

VII. RIGHT OF RESCISSION

Notwithstanding anything herein to the contrary, this Agreement may be rescinded by the Resident giving written notice of such rescission to Deerfield within Thirty (30) Days following the later of the execution of this Agreement or the receipt of a disclosure statement that meets the requirements of Section 58-64-1, et. seq. of the North Carolina General Statutes. In the event of such rescission, the Resident shall receive a full refund of the Admission Fee paid by the Resident. The Resident shall not be required to move into the Community before the expiration of such Thirty (30) Day period. Any such refund shall be paid by Deerfield within Sixty (60) Days following receipt of written notice of rescission pursuant to this Paragraph.

VIII. FINANCIAL ASSISTANCE

- A. **Residency Continuance and Assistance Fund.** Deerfield declares that it is the policy and intent of Deerfield to permit a Resident to continue to reside in the Residence or other accommodations within the Community if the Resident is no longer capable of paying the prevailing fees and charges of Deerfield as a result of financial reverses occurring after occupancy, provided such reverses, in Deerfield's judgment, are not the result of willful or unreasonable dissipation of the Resident's finances. In the event of such circumstances, Deerfield will give careful consideration to subsidizing the fees and charges payable by the Resident so long as such subsidy can be made without impairing the ability of Deerfield to attain its objectives while operating on a sound financial basis. Any determination by Deerfield with regard to the granting of financial assistance shall be within the sole discretion of Deerfield.
- B. **The Residency Fund.** Deerfield has established The Residency Fund, the income of which is used to assist Residents who would otherwise not be able to live at the Community. The income from such Fund may be used for the purpose of providing financial assistance in accordance with the provisions of Paragraph VIII.A above.

IX. GENERAL

- A. **Assignment.** The rights and privileges of the Resident under this Agreement to the Residence, common areas and amenities, and services and programs of the Community are personal to the Resident and may not be transferred or assigned by the Resident or otherwise.
- B. **Management of the Community.** The absolute rights of management are reserved by Deerfield, its Board of Directors, and its administrators as delegated by said Board of Directors. Deerfield reserves the right to accept or reject any person for residency. Residents do not have the right to determine admission or terms of admission of any other Resident.
- C. **Entire Agreement.** This Agreement constitutes the entire contract between Deerfield and the Resident. Deerfield shall not be liable or bound in any manner by any statements, representations, or promises made by any person representing or assuming to represent the Community, unless such statements, representations, or promises are set forth in this Agreement.
- D. **Successors and Assigns.** Except as set forth herein, this Agreement shall bind and inure to the benefit of the successors and assigns of Deerfield and the heirs, executors, administrators, and assigns of the Resident.
- E. **Power of Attorney, Will, Living Will, and Health Care Power of Attorney.** Resident agrees to execute a general power of attorney designating some competent person as attorney-in-fact. Resident agrees to execute a will. Resident is further encouraged to consider execution of a Living Will and Health Care Power of Attorney. The Resident shall provide Deerfield with copies of Power of Attorney, Living Will, and Health Care Power of Attorney as well as the location of the Will upon execution.

- F. **Transfer of Property.** The Resident agrees not to make any gift or other transfer of property for less than adequate consideration for the purpose of evading the Resident's obligations under this Agreement or if such gift or transfer would render such Resident unable to meet such obligations.

- G. **Affiliation with Religious Organization.** Deerfield is affiliated with the Episcopal Diocese of Western North Carolina; however, such Diocese and church have no responsibility for any of the obligations of Deerfield under this agreement.

- H. **Governing Law.** This Agreement shall be governed by the laws of the State of North Carolina. Deerfield ensures the Resident all rights in the Resident's Bill of Rights found in North Carolina's laws and regulations, included in the Agreement as Attachment One, a copy of which shall be signed by the Resident to indicate receipt.

- I. **Legal Representative or Financially Responsible Party.** For purposes of this Agreement, a Legal Representative is a person who signs or co-signs this Agreement by virtue of being a conservator of the estate of the Resident, an attorney-in-fact, a trustee, or a representative payee. A Legal Representative is not financially responsible under the terms of the Agreement for making payment from his or her own funds. [However, under this Agreement, a Financially Responsible Party is a financial guarantor, who by virtue of signing or co-signing this Agreement, becomes personally liable for payment of charges incurred by a Resident.] Under this Agreement, an Agent is a person other than a Legal Representative who manages, uses or controls those funds and assets that legally may be used to pay the charges for the Resident's care. An Agent does not assume personal liability for payment of any charges incurred by the Resident.

**NON-BINDING RESERVATION
AGREEMENT
(EXPANSION OF DEERFIELD)**

Priority No. _____

DEERFIELD EPISCOPAL RETIREMENT COMMUNITY, INC.
NON-BINDING RESERVATION AGREEMENT – EXPANSION OF DEERFIELD

THIS NON-BINDING RESERVATION AGREEMENT (this “Agreement”) is made and entered into this _____ day of _____, 20____, by and between **Deerfield Episcopal Retirement Community, Inc.**, a non-profit continuing care retirement community doing business as Deerfield (hereinafter “**Deerfield**”), whose address is: 1617 Hendersonville Road, Asheville, North Carolina 28803, and the undersigned person or persons (hereinafter referred to, whether this Agreement is executed by one or two individuals, as “**Future Resident**”).

RECITALS:

A. Deerfield intends to construct an independent living building with approximately 90 residential units and two hybrid buildings consisting of 12 units each (the “New Expansion Buildings”), as an expansion of its continuing care retirement community located at 1617 Hendersonville Road, Asheville, North Carolina (the “Community”);

B. Deerfield maintains a current waitlist of prospective future residents of the Community (the “Waitlist”). Those members currently on the Waitlist who have expressed an interest in a unit in the New Expansion Buildings will execute and deliver a Non-Binding Reservation Agreement and will pay to Deerfield a reservation deposit of One Thousand and No/100 Dollars (\$1,000.00) (hereinafter the “Reservation Deposit”). Deerfield is retaining those members’ priority numbers (hereinafter “Priority Number”) relating to the right to select particular residential units at the Community, including units in the New Expansion Buildings. In addition, Deerfield is accepting new members to its Waitlist who have expressed an interest in the New Expansion Buildings on receipt of a duly executed Non-Binding Reservation Agreement together with payment of a \$1,000.00 Reservation Deposit from each such future resident; and

C. The Future Resident has expressed an interest in residing in one of the residential units in the New Expansion Buildings and desires to obtain a place on the Waitlist with a Priority Number with respect to the right to select a residential unit in the New Expansion Buildings.

NOW, THEREFORE, in consideration of Future Resident’s payment of a \$1,000.00 Reservation Deposit and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Future Resident and Deerfield hereby agree as follows:

1. Deerfield will deposit the Reservation Deposit in an escrow account at First-Citizen's Bank and Trust Company. Interest earned on the Reservation Deposit will be retained by Deerfield and will not be paid to the Future Resident or credited toward the fees due by the Future Resident at the time of signing a Binding Reservation Agreement and/or a Residence and Services Agreement. Upon Deerfield's receipt of a written request from the Future Resident at any time for a refund of the Reservation Deposit, the Reservation Deposit will be promptly refunded to the Future Resident, this Agreement shall terminate and Future Resident's Priority Number on the Waitlist for New Expansion Buildings shall be forfeited. Notwithstanding the foregoing, in the event that Future Resident executes a Binding Reservation Agreement and/or a Residence and Services Agreement with Deerfield, the Reservation Deposit shall be applied toward payment of the deposit for the Binding Reservation Agreement and/or Residence and Services Agreement.

2. Future Resident acknowledges that Deerfield will place the Future Resident on the Waitlist with their Priority Number upon receipt of a duly executed Non-Binding Reservation Agreement together with payment of the \$1,000.00 reservation deposit from each such future resident and that all decisions regarding the priority of any Priority Numbers shall be at the sole discretion of Deerfield. It is further understood and agreed that this Agreement only gives the Future Resident a one-time opportunity based upon Future Resident's Priority Number to execute a Binding Reservation Agreement and/or a Residence and Services Agreement for a residential unit in the New Expansion Buildings prior to offering such residential unit to other future residents and/or the general public. The Future Resident shall have a period of seven (7) days after notice from Deerfield (which notice may be by phone or email) to execute a Binding Reservation Agreement and/or a Residence and Services Agreement prior to Deerfield offering the residential unit to others on the Waitlist and/or to the general public. In the event that Future Resident does not timely execute a Binding Reservation Agreement and/or a Residence and Services Agreement, then Deerfield, at its sole discretion, may either (a) terminate this Agreement, refund to Future Resident the Reservation Deposit and forfeit Future Resident's Priority Number on the Waitlist for New Expansion Buildings or (b) not terminate this Agreement and retain Future Resident's Reservation Deposit and Priority Number on the Waitlist in order to be able to offer Future Resident other available residential units in the New Expansion Buildings after Deerfield has first offered such units to others on the Waitlist based on Priority Number and/or to the general public.

3. This Agreement does not guarantee to Future Resident the availability of, or the right to occupy, a residential unit in the New Expansion Buildings. Such rights may only arise after Deerfield's acceptance of a duly executed Residence and Services Agreement together with payment of the applicable entry fee. Any decision as to whether to construct the New Expansion Buildings or whether to admit Future Resident shall be in the sole discretion of Deerfield. In the event that Deerfield decides not to complete the New Expansion Buildings, Deerfield shall promptly terminate this Agreement and return the Reservation Deposit to Future Resident.

4. Oral representations and agreements are not binding on Deerfield or Future Resident, and Future Resident acknowledges and agrees that Future Resident is not relying on any oral representations or agreements of Deerfield or any agents of Deerfield (including any sales representatives). Except as otherwise set forth in this Agreement, any notice in connection with this Agreement must be in writing and will be deemed delivered when delivered personally, when deposited in first class United States mail, postage prepaid, or when delivered to a nationally recognized overnight courier (charges prepaid), properly addressed to Deerfield or Future Resident, as the case may be. This Agreement embodies the entire agreement between the parties and cannot be modified or amended except by the written agreement of the parties. This Agreement shall not be assigned by Future Resident. This Agreement shall be governed by the laws of the State of North Carolina.

ESCROW AGREEMENT

DEERFIELD EPISCOPAL RETIREMENT COMMUNITY, INC.

ESCROW AGREEMENT

ENTRANCE FEE ESCROW AGREEMENT
FOR DEERFIELD EPISCOPAL RETIREMENT COMMUNITY, INC.

This Escrow Agreement (the "Agreement") is made and entered into as of March 19, 2021, by and between Deerfield Episcopal Retirement Community, Inc. ("Deerfield") and First-Citizens Bank & Trust Company (the "Bank").

STATEMENT OF PURPOSE

Deerfield is in the process of expanding its continuing care retirement community consisting of independent apartment residences in mid-rise buildings, cottage residences, a community center with common areas and amenities, and a Health Center providing catered living, assisted living, and skilled nursing care (hereinafter referred to as the "Community") in Asheville, North Carolina. Deerfield intends to construct an independent living building with approximately ninety (90) residential units and two (2) hybrid buildings consisting of twelve (12) units each (the "New Expansion Buildings"). Deerfield will enter into non-binding priority list reservation agreements and binding reservation agreements (each individually a "Reservation Agreement" and collectively "Reservation Agreements") with prospective residents of the New Expansion Buildings ("Residents"), reserving residences within the New Expansion Buildings. Pursuant to such Reservation Agreements, persons desiring to reside in a unit in the New Expansion Buildings at Deerfield deposit funds with Deerfield equal to a portion of the total entrance fee ("Entrance Fee") for the kind of residence selected by the Resident ("Deposits") prior to occupancy of the residence. The North Carolina General Statutes require that Deerfield establish an escrow account for such Deposits and Entrance Fees received by Deerfield prior to the date the Resident is permitted to occupy the residence in the New Expansion Buildings. The purpose of this Agreement is to set forth the terms and conditions pursuant to which the Deposits and Entrance Fees shall be deposited, held, administered and disbursed.

NOW, THEREFORE, in consideration of the foregoing Statement of Purpose, and the mutual promises, covenants and agreements herein contained, the parties hereto agree as follows:

1. Acceptance of Escrow.
 - (a) The Bank hereby agrees to act as an escrow agent ("Escrow Agent") hereunder and to receive and to hold in an escrow account ("Escrow Account") pursuant to the terms hereof the total amount of any Entrance Fees or Deposits ("Escrow Funds") paid to it by Deerfield, representing Deposits and/or Entrance Fees received by Deerfield pursuant to Reservation Agreements or pursuant to a binding residence and care agreement between Resident and Deerfield ("Residence Agreement") prior to the date the Resident is permitted to occupy a residence within the Community. Upon written notification to the Bank by

Deerfield stating that a prospective Resident has entered into a Residence Agreement with Deerfield for occupancy of a residence, the Bank shall forthwith recast such Resident's Deposit in the Escrow Account as Entrance Fees.

- (b) Deerfield shall forward to the Bank for deposit to the Escrow Account checks representing such Deposits and/or Entrance Fees, together with a transmittal memorandum in the form of Exhibit A hereto showing (i) the amount of the Deposits and/or Entrance Fees, (ii) the name, address, telephone number, and social security number of the Resident making payment of such Deposits and/or Entrance Fees, and (iii) the date of the Reservation Agreement or Residence Agreement. The Bank shall acknowledge receipt on a copy of such memorandum.

- 2. Escrow Account. The Escrow Account will be an interest-bearing deposit account under the Bank's exclusive control as Escrow Agent, titled as follows:

Deerfield Episcopal Retirement Community, Inc.

Escrow Account for Deposits and Entrance Fees

First Citizens Bank Escrow Agent

- 3. Individual Resident Transactions. Entrance Fees and Deposits from any Resident may be commingled with the Entrance Fees and Deposits from other Residents. However, the Bank will process one transaction per resident with a description on the deposit in order to account for each individual resident.

- 4. Account Administration.

- (a) The Escrow Account shall be subject to the Bank's normal fees and charges as specified in the Bank's fee disclosures, unless otherwise agreed by the Bank.

- (b) Interest Allocation and Reporting.

- (1) All interest earnings on Escrow Funds shall (i) inure to the benefit of Deerfield, (ii) be reported by the Bank to the appropriate tax authorities in Deerfield's name using Deerfield's taxpayer identification number, (iii) be reported by the Bank to Deerfield using any required tax reporting forms, and (iv) be taxable to Deerfield.

- (2) The Bank shall disburse to Deerfield on a regular basis (but at least quarterly) all interest earned on Escrow Funds.

- (c) At least once every three (3) months and at such other times as Deerfield may reasonably request, the Bank shall provide Deerfield with periodic statements for the Escrow Account, showing all activity for each individual resident transaction. The statements shall provide a full accounting of all Escrow Funds held pursuant to this Agreement and a report of all transactions with respect to the Escrow Funds (including, without limitation, an account of all Escrow Funds distributed

to Deerfield or to any Resident, as the case may be, and an accounting of any interest earned on the Escrow Funds).

- (d) The Bank shall not be required to disburse against checks or instruments provisionally credited to the Escrow Account until such checks or instruments are fully and finally paid to the Bank. The Bank is not responsible for the collection of returned checks or instruments or for the advance of the Bank's own funds in payment of any checks or that are not collected.
- (e) Unless the parties direct otherwise in writing, the parties hereby grant the Bank the authority to select the tax lot selection method for the Escrow Account. Currently, the preferred tax lot selection method is the LTHC ("Long Term, High Cost") method, and that is the method that will apply to the Escrow Account until such time as the Bank selects a different tax lot selection method.

5. Disbursement of Entrance Fees. The Deposits and Entrance Fees are to be disbursed by the Bank as follows:

- (a) Upon written request by Deerfield, together with such documentation as the Bank reasonably requires, the Bank shall release as directed any Escrow Funds deposited in the Escrow Account to Deerfield upon a determination that the following conditions have been met:
 - (1) If the Entrance Fee applies to a residence that has been previously occupied at the Community, that the residence is available for occupancy by the new Resident;
 - (2) If the Entrance Fee applies to a residence which has not been previously occupied by any Resident:
 - (i) The first twenty-five percent (25%) of escrowed monies can be released when: (A) Deerfield has presold at least fifty percent (50%) of the independent living units in the New Expansion Buildings, having received a minimum ten percent (10%) deposit on the presold units; (B) Deerfield has received a commitment for any permanent mortgage loan or other long-term financing, and any conditions of the commitment prior to disbursement of funds thereunder have been substantially satisfied; and (C) aggregate Entrance Fees received or receivable by Deerfield pursuant to binding continuing care contracts, plus the anticipated proceeds of any first mortgage loan or other long-term financing commitment are equal to not less than ninety percent (90%) of the aggregate cost of constructing or purchasing, equipping, and furnishing the facility plus not less than ninety percent (90%) of the funds estimated in the statement of cash flows submitted by Deerfield as that part of the disclosure statement required by G.S. 58-64-20, to

be necessary to fund start-up losses and assure full performance of the obligations of Deerfield pursuant to continuing care contracts.

- (ii) The remaining seventy-five percent (75%) of escrowed monies can be released when:
 - (A) (1) Deerfield has presold a minimum of seventy-five percent (75%) of the independent living units in the New Expansion Buildings, having received a minimum ten percent (10%) deposit on the presold units, or has maintained an independent living unit occupancy minimum of seventy-five percent (75%) for at least sixty (60) days;
(2) construction or purchase of the independent living unit has been completed and an occupancy permit, if applicable, has been issued by the local government having authority to issue such permits; and (3) the living unit becomes available for occupancy by the new Resident; or
 - (B) Deerfield submits a plan of reorganization that is accepted and approved by the North Carolina Commissioner of Insurance.

In the case of a residence previously occupied, the written request by Deerfield for payment of an Entrance Fee shall be in the form of Exhibit B attached hereto. In the case of a residence not previously occupied, the written request by Deerfield for payment of an Entrance Fee shall be in the form of Exhibit C attached hereto. Unless the Bank has actual knowledge that the representations contained in any certification made by Deerfield (including those certifications contained in Forms C and D) are inaccurate or false, the Bank may rely on the truth of any such representations. The Bank has no duty to determine or inquire into the happening or occurrence of any event or contingency or the performance or failure of performance of Deerfield with respect to arrangements or contracts with others, the Bank's sole duty hereunder being to safeguard the Escrow Account, to invest monies therein and to dispose of and deliver the same in accordance with this Agreement. The Bank may request from Deerfield or any person such reasonable evidence as the Bank in its discretion may deem necessary to determine any fact relating to the occurrence of any event or contingency and in this connection may inquire and consult with Deerfield, among others, at any time. Deerfield shall provide such evidence to the Bank, and the Bank shall be entitled to rely thereon.

- (b) Upon a determination by the Bank that the requirements of paragraph (a) of this section are met, the Bank shall release the Escrow Funds to Deerfield within five (5) business days of a request by Deerfield.
- (c) If the Bank determines that the requirements of paragraph (a) of this section have not been met with respect to any request of Deerfield for a release of the Deposit

and/or Entrance Fee from the Escrow Account, the Bank shall notify Deerfield in writing within five (5) business days after such request to Deerfield of the basis for such determination and shall advise Deerfield of the time period, but in no event more than 180 days, which the Bank considers reasonable for such requirements to be met. In the event the requirements are not met within the period of time specified by the Bank, then the Bank shall disburse the Deposit and/or Entrance Fee held in escrow to the person who made payment thereof to Deerfield.

- (d) The Bank may return any Deposit and/or Entrance Fee held in escrow to the person who made payment thereof to Deerfield at any time upon receipt of notice in writing from Deerfield that the person is entitled to a refund of the Deposit and/or Entrance Fee.

6. Termination. This Agreement shall continue in effect until the earliest to occur of the following:

- (a) It is terminated by agreement between the parties.
- (b) It is terminated by Deerfield at any time upon written notice of Deerfield to the Bank. The Bank shall pay over the balance of the Escrow Account to the successor escrow agent or Deerfield, as the case may be as set forth below, within five (5) business days after receipt of such notification.
- (c) It is terminated by the Bank upon the giving of at least thirty (30) days prior written notice to Deerfield. Any such notice shall specify the effective date of the termination.
- (d) It is terminated by the Bank for cause. The Bank will have cause to terminate this Agreement if the Bank in good faith believes the closing of the Escrow Account is necessary to protect the Bank from actual or potential loss due to breach of this Agreement, fraud or other misconduct relating to the Escrow Account.

Upon termination of this Agreement, the Bank shall pay the balance of the Escrow Account to any successor escrow agent designated in writing to the Bank by Deerfield or, if no successor escrow agent is designated, to the Clerk of Superior Court of Buncombe County, North Carolina. If, however, all the conditions of Section 5(a) have been met, then the balance of the Escrow Account shall be paid to Deerfield.

7. Confidentiality Waiver. Deerfield waives any and all present or future claims against the Bank for breach of confidentiality and authorizes the Bank to communicate freely with:

- (a) The North Carolina Department of Insurance with respect to the Escrow Account, and
- (b) Each Resident (and the duly authorized agents of each Resident) with respect to that Resident's.

This confidentiality waiver relates only to the disclosure of information to the parties set forth in subsections (a) and (b) of this Section 7.

8. Charges.

- (a) "Account Charges" means (i) chargebacks arising from items deposited to the Escrow Account that are reversed, returned unpaid or otherwise dishonored, or any wire transfer, ACH transaction, or other electronic transaction crediting the Escrow Account that is subsequently reversed or returned, and (ii) chargebacks or debits to the Escrow Account arising from the normal administration of the Escrow Account (such as an adjustment arising from the deposit of an improperly encoded item or other correction in the amount of the deposit). Account Charges will be charged back by the Bank against the account. To the extent funds are not available in account to cover any Account Charges, Deerfield is responsible for the payment of, and agrees to pay promptly, all Account Charges.
- (b) "Account Fees" means all service charges, transfer fees, account maintenance fees and other fees and charges relating to the administration of the Escrow Account charged by the Bank. Deerfield is responsible for the payment of, and agrees to pay promptly, all Account Fees. Account Fees will not be charged against the Escrow Account.

9. Responsibility of Bank.

- (a) It is agreed by the parties hereto that the Bank assumes no responsibility to Deerfield or any other person other than to hold and distribute the Escrow Funds and the interest or other income therefrom pursuant to the terms of this Agreement. The Bank may act upon any written notice, request, waiver, consent, certificate, receipt, authorization, power of attorney, or other instrument or document which the Bank in good faith believes to be genuine and to be what it purports to be, and the Bank shall have no liability for any action taken in good faith on such reliance. The Bank is authorized by Deerfield to rely upon the adequacy of the calculations made by Deerfield in connection with this Agreement, and the Bank shall not be liable to any person in any manner for such reliance. The Bank shall have no responsibility for verifying the genuineness, correctness, or competence of any document, instrument or writing, and shall not be charged with knowledge or notice of any fact or circumstance not specifically set forth herein.
- (b) The Bank may consult with legal counsel, and the opinion of such counsel shall be full and complete authority and protection to the Bank as to any action taken or omitted by it in good faith and in accordance with such opinion, so long as Deerfield has been previously notified of the issue taken to such counsel and the reasons therefor. Deerfield shall reimburse the Bank for its reasonable legal expenses so incurred. The Bank shall otherwise have no responsibility to Deerfield or any person in connection herewith except as specifically provided herein and shall not be responsible for anything done or omitted to be done,

except for the Bank's own gross negligence or default in the performance of any obligation imposed on it hereunder.

10. Investment of Funds. The Bank shall not be liable or responsible for any loss resulting from any investment made in accordance with the provisions of this Agreement or made pursuant to instructions from or with the consent of Deerfield.
11. Representative Client List. The Bank may include Deerfield's name on a representative client list to be used for marketing purposes unless instructed otherwise by Deerfield in writing. Upon receipt of such instruction, the Bank will not include Deerfield's name in any marketing materials created thereafter.
12. Indemnification. Deerfield will indemnify and hold the Bank harmless from any and all claims, demands, suits, actions, or proceedings, and from any and all other liabilities and losses, including reimbursement of reasonable attorneys' fees, court costs, and litigation expenses, arising in any manner from matters for which the Escrow Agent is not liable under this Agreement, except to the extent caused by the Bank's gross negligence or willful misconduct. For purposes of this indemnity and hold harmless provision, the "Bank" includes First-Citizens Bank & Trust Company and its directors, officers, employees, agents and attorneys. The indemnification obligations of Deerfield shall survive the termination of this Agreement.
13. Authority. Deerfield and the Bank each represent that it has the authority to enter into this Agreement.
14. Authorized to Comply. The Bank is authorized to comply with orders issued or process entered by any court with respect to the Escrow Account, without determination by the Bank of such court's jurisdiction in the matter. If the Escrow Account or any portion is at any time attached or levied upon under any court order, or if the payment, assignment, transfer or delivery of any such property shall be stayed or enjoined by any court order, or in case any order, judgment or decree shall be made or entered by any court affecting any such property, the Bank is authorized to rely upon and comply with any such order, judgment or decree without the need for appeal or other action; and if the Bank complies with any such order, judgment or decree, it shall not be liable to, and shall be indemnified and held harmless against, any party hereto or any other person or entity by reason of such compliance, even if such order, judgment or decree is subsequently reversed, modified, set aside or vacated.
15. Not Bound by Other Agreements. The Bank is not a party to, nor is it bound by nor need it give consideration to the terms or provisions of any other agreement or undertaking between Deerfield and any other person, and the Bank assents to and is to give consideration only to the terms and provisions of this Agreement. The Bank shall not be charged with knowledge or notice of any fact or circumstance not specifically set forth herein.
16. Notices, Instruction and Directions. All notices, instructions and directions to be given by Deerfield hereunder shall be deemed to be duly authorized if signed on behalf of

Deerfield, as applicable, by any officer or authorized representative of such entity. All notices, instructions and directions hereunder shall be in writing and shall be deemed to have been duly given when personally delivered by registered or certified mail, return receipt requested, postage prepaid, addressed to the party to whom such notice, instruction or direction is being given at the following addresses; provided, however, no notice, instruction or direction to the Bank shall be effective until actually received by the Bank:

AS TO DEERFIELD: Deerfield Episcopal Retirement Community, Inc.

 Asheville, NC 28803

 Attention: Chief Financial Officer

AS TO BANK: First-Citizens Bank & Trust Company

 Attn: Darren Morton

Any party may change the address to which such notices, instructions or direction are to be given by giving notice of its new address to the other parties as provided in this paragraph. Bank shall have no liability for following any instructions given in or pursuant to this Escrow Agreement, or set forth in any court or administrative order.

17. Resignation of the Escrow Agent. The Escrow Agent may resign at any time by providing written notice given to Deerfield not less than thirty (30) days before such resignation shall take effect. In such event, Deerfield shall promptly appoint a successor escrow agent. The Bank as Escrow Agent agrees to serve as Escrow Agent until a successor is appointed. If such appointment of a successor escrow agent is not made within thirty (30) days after the date that such resignation was to take effect as provided in the notice thereof given to Deerfield, then the Escrow Agent may apply to a court of competent jurisdiction to appoint a successor escrow agent.
18. Arbitration of Disputes. Any dispute between the parties arising out of or relating to this Agreement, including the interpretation of any provision herein and/or performance by either party, will be resolved as provided in this Section 18.
 - (a) Informal Dispute Resolution. Except as to disputes within proceedings initiated under Section 18(c), below, either party may initiate an Informal Dispute

Resolution ("IDR") by written notice to the other party. The IDR request will set forth the substance and basis of the dispute(s) in reasonable detail. Each party will appoint a designated representative having authority to resolve and settle such dispute. The designated representatives shall meet as often as reasonably necessary to discuss and attempt to resolve the dispute. The IDR process shall continue until terminated by either party by written notice to the other party. The expiration of any statute(s) of limitations applicable to the relevant dispute(s) will be tolled during the IDR process.

- (b) Arbitration. Subject to Section 18(c) below, any dispute not resolved pursuant to the IDR process will be submitted to mandatory and binding arbitration pursuant to the following terms:
- (1) Initiation of Arbitration. The initiating party will provide a written arbitration demand to the American Arbitration Association ("AAA") and the other party, describing in reasonable detail the nature and basis of the dispute.
 - (2) Conduct of Arbitration. The arbitration shall be conducted before the AAA pursuant to its Commercial Arbitration Rules. Notwithstanding any inconsistent provision within those Rules, a hearing on the merits of all arbitrated claims will be commenced within 180 days of the written arbitration demand, and the arbitrator(s) will render an award within ten (10) days after the conclusion of the hearing.
 - (3) Place of Arbitration Hearings. Arbitration hearings shall be held in Raleigh, North Carolina.
 - (4) Costs and Expenses. Unless the arbitrator(s) rules otherwise, the parties shall jointly and equally pay the expenses of the arbitrator(s) and administrative costs assessed by the AAA. Unless otherwise determined by the arbitrator(s), each party will bear its own expenses, including attorneys' fees, incurred during the IDR and arbitration.
 - (5) Enforcement. Any arbitration award rendered pursuant to this Section 18 may be enforced by any court of competent jurisdiction.
- (c) Special Relief. Notwithstanding the requirements of Sections 18(a) and (b), if a party makes a good faith determination that injunctive relief or an interpleader proceeding is necessary to protect the party's interests with respect to a specific dispute or a specific element(s) of a dispute, the party may seek injunctive relief or bring an interpleader proceeding upon that specific dispute or element(s) in any state or federal court located within Wake County, North Carolina. All other issues within the dispute(s) will be resolved through arbitration under Section 18(b) above. If a party initiating a proceeding for injunctive relief fails to obtain such relief, that party will pay all reasonable expenses, including attorneys' fees, incurred by the other party as the result of those proceedings. Deerfield will pay,

or reimburse the Bank, for all costs and expenses, including reasonable attorneys' fees, incurred as a result of an interpleader proceeding.

19. Miscellaneous. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors but may not be assigned by any of the parties hereto without the written consent of the other. This Agreement may not be amended, modified or changed without the prior written consent of all parties, which consent shall not be unreasonably withheld or delayed. The construction, operation and validity of this Agreement shall be governed by the laws of the State of North Carolina. This Agreement may be executed in one or more counterparts, all of which shall constitute one and the same instrument. Electronic, PDF or facsimile versions of this Agreement shall have the same legal effect as originals, and all of which, when fully executed, shall constitute one and the same instrument.
20. Severability. Any provisions of this Agreement held in violation of any law or regulation shall be deemed stricken, and all remaining provisions shall continue valid and binding upon the parties. Deerfield and the Bank shall attempt in good faith to replace any invalid or unenforceable provisions of the Agreement with provisions that are valid and enforceable and that approximate as nearly as possible to the intention of the original provisions.
