III. POLICIES

A. Residency – Health and Financial Criteria

Generally, all Residents of Residential Living at The Village at Brookwood are required to live independently at the time of residency and/or settlement and have the financial resources to pay the Entrance and Monthly Service Fees. Residents are also encouraged to subscribe to Medicare Parts A and B and any other hospital or medical insurance benefit program which supplements Medicare or other comparable insurance accepted by Provider. The Resident shall provide Provider with evidence of such coverage or of an acceptable substitute insurance plan, and the Resident shall pay all premiums.

The process for residency and the financial and medical requirements are specifically outlined in the forms for residency given to every person interested in joining The Village.

The Resident may become a part of the Friends Advantage Program (FAP) by payment of a \$1,200 application fee. Of that fee, all \$1,200 will be credited toward the entry fee. Members of the Friends Advantage Program will receive advance notice of openings and will have priority in residence choices over all other prospective residents.

When a desired residence is available, the resident shall enter into the Reservation Agreement and place a 10% reservation fee on the residence that has been chosen. This will reserve the residence during the application approval process.

The Resident shall submit for approval by the Provider, an Application for Residency, which includes a confidential personal and health history and a financial disclosure, all on forms furnished by The Village. The application forms will be submitted to The Village within fourteen (14) days after the execution of the Reservation Agreement.

Upon receipt of the completed application forms, the Provider will review the forms submitted by the Resident for initial acceptance to The Village. Based on entrance criteria and policies established by the Board of Directors of the Provider, the Provider will approve or deny the application for initial acceptance within fourteen (14) days of receipt of the completed application forms. The Resident will be promptly notified of the decision of the Provider.

Provider will notify the Resident forty-five (45) days in advance of the date on which the Residence is available for occupancy. The Balance of the Entrance Fee and the first month's Monthly Fee are payable by the date of occupancy.

Prior to admission to The Village, the Provider requires the Resident to receive a health assessment conducted by our healthcare team. The Resident shall also submit a report of a physical examination of the Resident made by a physician selected by the Resident within Sixty (60) Days prior to occupancy. The report shall include a statement by the physician that the Resident is in good health and is capable of independent living (able to provide self-care in activities of daily living). The Resident shall be responsible for the cost of such physical examinations. If the health of the Resident as disclosed by such physical examination differs materially from that disclosed in the Resident's Application for Admission and Personal Health History, Provider shall have the right to decline admission of the Resident to the Residence and may offer occupancy in the Health Care Center as described below.

The Resident must have assets and income which will be sufficient to pay the financial obligations of the Resident under the Residence and Services Agreement and to meet their ordinary living expenses. Provider, at its discretion, may require the Resident(s) to furnish additional, current financial information.

The Resident affirms that the representations made in the Application for Residency, which include a confidential personal and health history and a financial disclosure, are true and correct and may be relied upon by the Provider as a basis for entering into the Residence and Services Agreement.

If it is determined by the Provider that the Resident is unable to live independently in the residence, such resident may be offered direct admission to the Health Care Center. Such Resident shall pay the current Direct Admission Entrance Fee and shall pay monthly fees equal to the current private pay rate (per diem market rate) in the Health Care Center (for the required level of care: Assisted Living, Skilled Care or Memory Care). Residents directly admitted to the Health Care Center shall complete a separate Direct Admission Agreement and applications as required by the Provider and North Carolina licensure statutes. The Co-Resident or spouse of a Resident who qualifies for direct admission shall continue to be governed by the terms of the Residence and Services Agreement as a single occupant of the Residence.

If the Resident experiences a subsequent change in health status that would allow the Resident to again qualify for admission to an independent residence, the Resident shall be allowed to apply for admission into any vacant independent residence that the Resident qualifies for. If the resident has a spouse or significant other, the resident will then pay the second person fee for the residence occupied. If the resident is single and there are no residences available that the resident qualifies for, the resident will be put on a wait list for admission to such residence according to the Priority Number assigned to the Resident upon entering the Residence and Services Agreement.

B. Cancellation/Termination

1. Cancellation of Contract Prior to Occupancy: The 10% deposit under the Residence and Services Agreement, Section VI., makes the following provisions regarding cancellation:

- a. Termination by Resident Prior to Occupancy.** The Residence and Services Agreement may be terminated by the Resident for any reason prior to occupancy by giving written notice to Provider. In the event of such termination, the Resident shall receive a refund of the 10% Deposit paid by the Resident, less any expenses incurred by The Village and less a nonrefundable fee equal to 2% of the total amount of the selected Entrance Fee option.

If a resident dies before occupying the Residence, or if, on account of illness, injury, or incapacity, a resident would be precluded from occupying the Residence under the terms of the Residence and Services Agreement, the Residence and Services Agreement is automatically canceled. The nonrefundable fee (equal to 2% of the total amount of the selected Entrance Fee option) will not be charged, however, if such termination is because of death of a Resident, or because the Resident's physical, mental or financial condition makes the Resident ineligible for entrance to The Village.

Any such refund shall be paid by The Village within sixty (60) days following receipt of notification of such termination. Provider requires that such notification be in writing.

- b. Termination by The Village.** The Village at Brookwood may terminate the Residence and Services Agreement prior to occupancy if there has been a material misrepresentation or omission made by the Resident in the Resident's information provided prior to Residency, within the Personal Health History, or the Confidential Financial Statement; or if the Resident's financial status changes such that Resident no longer meets The Village's financial requirements for residency. In the event of termination for any such causes, the refund of the Entrance Fee paid by the Resident shall be determined in the manner described in Section III.C. below (Entrance Fee Plans).
- 2. Cancellation of Contract Pursuant to Occupancy and Termination Other Than Death:** The Residence and Service Agreement, in, Section VI., makes provisions for cancellations and terminations after the Resident occupies a residence, as follows:
- a. Voluntary Termination after Occupancy.** At any time after occupancy, the Resident may terminate the Residence and Services Agreement by giving Provider thirty (30) days written notice of such termination. Such notice effectively releases the Residence to The Village. Any refunds of the Entrance Fee due to the Resident shall be calculated based upon the Entrance Fee option chosen by the Resident and as described in Section III.C. Any refund due the Resident under this paragraph will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.
- b. Termination upon Death.** In the event of death of the Resident at any time after occupancy, the Residence and Services Agreement shall terminate, and the refund of the Entrance Fee paid by the Resident shall be calculated based upon the Entrance Fee option chosen by the Resident and as described in Section III.C. Any refund due to the Resident's estate will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.

- c. **Termination by The Village.** The Village may terminate this Agreement at any time if there has been a material misrepresentation or omission made by the Resident in the Resident's Application for Admission, Personal Health History, or Confidential Financial Statement; if the Resident fails to make payment to Provider of any fees and charges due The Village within sixty (60) days of the date when due; or if the Resident does not abide by the rules and regulations adopted by Provider or breaches any of the terms and conditions of this Agreement. Any refunds of the Entrance Fee due to the Resident shall be calculated based upon the Entrance Fee option chosen by the Resident and as described in Section II.A. Any refund due the Resident under this paragraph will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.
3. **Rescission Period.** Notwithstanding anything herein to the contrary, this Agreement may be rescinded by the Resident giving written notice of such rescission to The Village within thirty (30) days following the later of the execution of this Agreement or the receipt of the Disclosure Statement that meets the requirements of Section 58-64-25, et.seq. of the North Carolina General Statutes. In the event of such rescission, the Resident shall receive a refund of the Entrance Fee paid by the Resident, less 2%. The Resident shall not be required to move into The Village before the expiration of such thirty (30) day period. Any such refund shall be paid by The Village within sixty (60) days following receipt of written notice of rescission pursuant to this paragraph.

C. Entrance Fee Plans

Two Entrance Fee Plans are available to the Resident according to the terms listed below. The Entrance Fee Refund Plan is chosen by the Resident and may be changed up to the date of payment of the final balance.

1. **Standard Life Care.** Entrance Fee (less an initial 6% nonrefundable fee) accrues to The Village at a rate of 2% per month of occupancy or portion thereof for 47 months. The Resident will be due a refund of the Entrance Fee less: 2% thereof for each month of occupancy, plus any costs owed to The Village by the Resident, plus the amount necessary to restore the Residence to an acceptable condition except for reasonable wear and tear to the Residence. Refunds will be payable to the Resident at such time as such Resident's Residence shall have been reserved by a prospective Resident and such prospective Resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs.

2. **Standard Fee for Service.** The Entrance Fee (less an initial 6% nonrefundable fee) accrues to The Village at a rate of 2% per month of occupancy or portion thereof for 47 months. The Resident will be due a refund of the Entrance Fee less: 2% thereof for each month of occupancy, plus any costs owed to The Village by the Resident, plus the amount necessary to restore the Residence to an acceptable condition except for reasonable wear and tear to the Residence. Refunds will be payable to the Resident at such time as such Resident's Residence shall have been reserved by a prospective Resident and such prospective Resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. The Residence and Services Agreement for this type of contract outlines the services that are included in the fees (Section V. of the Disclosure Statement applies to this type of contract). All Healthcare Services are provided at the prevailing per diem rate. Medicare and approved insurances may be used to pay for these services, however, when Medicare and insurances do not provide coverage, the resident will be charged the per diem rate.

D. Moves and Transfers

The Residence and Services Agreement outlines the policies for transfers in Section V, "Transfers or Changes in Levels of Care," and should be consulted for a complete description of the policy concerning moves and transfers. The Resident may transfer from one Independent Living Residence to another or from an Independent Living Residence to the Health Care Center for Assisted Living, Memory Care or Nursing Services. Section V. of the Residence and Services Agreement makes the following provisions:

Voluntary Transfer between Independent Residences. The Resident may transfer from one independent Residence to another. The Resident shall comply with The Village's current Friends Advantage Program for selection of such Residence. There may be a refurbishment fee (for the residence being vacated) charged for such a transfer.

1. **Transfer of Resident to a Larger Residence.** If the Resident elects to transfer to a larger Residence, an additional Entrance Fee (according to the Entrance Fee option selected with the Date of Occupancy) equal to the difference between the Entrance Fee for the smaller Residence and the Entrance Fee for the larger Residence will be due to The Village. The Resident will also pay the Monthly Service Fee associated with the larger Residence.
2. **Transfer of Resident to a Smaller Residence.** The Resident may elect to transfer to a smaller Residence and pay the current monthly service fee for that Residence. The transfer to a smaller Residence shall not result in any entrance fee refund.

3. **Transfer to the Health Care Center.** The Resident agrees that Provider shall have authority to determine that the Resident be transferred from one level of care to another level of care within The Village. Such a determination shall be based on the professional opinion of the Medical Director and shall be made after reasonable efforts to consult with the Resident or the Resident's chosen and legal representative.
4. **Transfer to Hospital or Other Facility.** If it is determined by Provider that the Resident needs care beyond that which can be provided by The Village, the Resident may be transferred to a hospital or institution equipped to give such care; such care will be at the expense of the Resident. Such transfer of the Resident will be made only after consultation to the extent possible with the Resident, or a representative of the Resident's family or legal representative.
5. **Surrender of Residence.** If a determination is made by Provider that any transfer as described above is likely to be permanent in nature, the Resident agrees to surrender the Residence upon such transfer. Following a two-week grace period for the residence to be vacated, the Provider shall charge the monthly fees until such time that the unit is vacated. If Provider subsequently determines that the Resident can resume occupancy in a Residence or accommodation comparable to that occupied by the Resident prior to such transfer, the Resident shall have priority to such residence as soon as it becomes available.

E. Addition of a Co-Resident or Marriage

When a single Resident occupies a Residence in which The Village policy permits double occupancy, the Resident can allow another person to share occupancy of the Residence. The Village requires the new Resident to qualify for acceptance under the current Residence and Services Agreement type and refund option as the primary Resident.

F. Financial Assistance

Section VIII. of the Residence and Services Agreement makes the following provision for financial assistance:

Provider declares that it is the intent of The Village to permit a Resident to continue to reside at The Village if the Resident is no longer capable of paying the prevailing fees and charges of The Village as a result of financial reversals occurring after occupancy, provided such reversals, in Provider's judgment, are not the result of willful or unreasonable dissipation of the Resident's assets. In the event of such circumstances, Provider will give careful consideration to subsidizing the fees and charges payable by the Resident so long as such subsidy can be made without impairing the ability of Provider to operate on a sound financial basis. Any determination by Provider with regard to the granting of financial assistance shall be within the sole discretion of Provider.

A. Trustee-Held Funds

There are no Trustee-held funds.

B. Operating Reserves

As required by North Carolina G.S. 58-64-33:

The Village maintains operating reserves equal to twenty-five percent (25%) of the total operating costs projected for the 12-month period following the period covered by the most recent annual statement filed with the North Carolina Department of Insurance. The required forecasted statements shall serve as the basis for computing the operating reserve. In addition to total operating expenses, total operating costs will include debt service but will exclude depreciation, amortized expenses, and extraordinary items approved by the Commissioner of Insurance.

C. Board Designated Funds

The Board has established a resident assistance fund to be used at the discretion of the Executive Director and the Board of Directors to provide financial assistance to Residents who are unable to meet their financial responsibilities.

D. Investment Accounts

The Village does not maintain investment accounts.

IX. FACILITY DEVELOPMENT OR EXPANSION

The initial construction of The Village at Brookwood consisted of 155 residential living residences (110 apartments and 45 garden homes) and 48 health care residences. The Wellness Center that includes exercise rooms, pool, Jacuzzi, and locker rooms opened in May 2009. The site has been master-planned to allow the addition of garden home residences, apartment residences and additional healthcare residences. Construction of two maple garden homes was completed in January 2019.

As part of the master planning discussed above The Village plans to construct and operate an additional 15 garden homes on the campus. The Village plans on drawing from a working capital term loan to fund the construction until initial entrance fees are received. Construction commenced in April 2023 and will take approximately 15 months to complete. Further details on the project can be found in the Five Year Forecasted Statements in Attachment B.

X. RESIDENCE AND SERVICES AGREEMENTS

The Residence and Services Agreements (Standard Life Care and Standard Fee for Service) are attached (Attachments D and E). All persons interested in residency at The Village at Brookwood should carefully review the selected Agreement.

The Village at Brookwood continually monitors the trends and new developments related to Residence and Services Agreements in the market. As new options become available and reviewed by management and approved by the Board of Directors, they will be submitted to the Department of Insurance for approval.

XI. MISCELLANEOUS

A. Marketing Incentives

Throughout the marketing of The Village at Brookwood, various incentives have been employed at times. Some of the initial Residents (referred to as “Founders’ Club”) were provided with financial (in the form of credits) and other incentives at the time of move-in to the Community. Other Residents were encouraged to reserve their residence with a Ten Percent (10%) Deposit even if they were uncertain as to their being ready at the time of opening (the “Ready List”); they were assured that they could leave their deposit with the Community and obtain a priority for future move-in when they decide to move in. There are several Residence and Services Agreements that are no longer offered.

The Village at Brookwood reserves the right to offer at any time the same or similar incentives or any other incentives it may decide.

B. Wait List

The Wait List is called the Friends Advantage Program (FAP). Prospective residents will sign an agreement and make a \$1,200 deposit (\$200 of which is non-refundable) that will initiate the assignment of a reservation priority number for the purpose of holding a place in line for future availability of any residence that is not then-currently available. The Village will contact the prospective resident by order of reservation priority number and according to the choice of residence preferred when such a residence becomes available. Once notified of availability and the prospective resident has accepted the residence, then the Reservation Agreement must be completed, and a 10% entry fee deposit must be made.

C. Edgewood Place Divestiture

Alamance Extended Care (AEC) is an organization that includes Edgewood Place Skilled Nursing Facility and The Village at Brookwood Continuing Care Retirement Community. In early 2020, AEC announced its intent to sell the licenses for the 81 Edgewood Place Nursing beds housed on the AEC campus. Of the 81 beds, 54 were sold to two (2) local institutions that aim to keep these beds in Alamance County.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Alamance Extended Care, Inc. dba The Village at Brookwood (an affiliate of Well•Spring Services, Inc.) (The Village), which comprise the balance sheet as of December 31, 2022, and the related statements of operations, changes in net assets, and cash flows for the six month period then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Village as of December 31, 2022, and the results of its operations, change in its net assets, and its cash flows for the six month period then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Village and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Village's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Board of Directors
Alamance Extended Care, Inc. dba The Village at Brookwood
(An Affiliate of Well•Spring Services, Inc.)

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The accompanying financial statements are of Alamance Extended Care, Inc. dba The Village at Brookwood (the Village). The Village is a North Carolina nonprofit corporation which was founded in 1986. The Village was established to develop and operate a continuing care retirement community and to provide housing, health care, and related services to older adults. The Village is an affiliate of Well•Spring Services, Inc. (Services), the sole member of the Village. Services also functions as the sole member of Well•Spring Retirement Community (WSRC), Well•Spring Foundation (Foundation), Well•Spring Management and Development, Inc. (Management & Development), and Adult Center for Enrichment, Inc. (ACE).

In July 2022, Well•Spring Services became the sole member of the Village through a member substitution agreement, "the Member Substitution Agreement" with ARMC and The Moses H. Cone Memorial Hospital (Cone Health). The Member Substitution Agreement was entered into January 26, 2022, and the member substitution was finalized on July 1, 2022. The Village elected to apply push down accounting to its financial statements as of the Member Substitution Agreement date. As part of the Member Substitution Agreement, the Village transitioned from a September 30 fiscal year-end to a December 31 fiscal year-end. The accompanying financial statements include activity for the six-month period from July 1, 2022, the finalization of the Member Substitution Agreement, through December 31, 2022.

A summary of the fair value of assets and liabilities at the date of the Member Substitution Agreement was finalized are as follows:

Assets Assumed:	
Current Assets	\$ 1,567,866
Property and Equipment, Net	44,200,001
Liabilities Assumed:	
Accounts Payable and Accrued Liabilities	(463,140)
Refundable Entrance Fees	(3,942,193)
Deferred Revenue from Entrance Fees	(16,074,638)
Consideration Exchanged	(25,000,000)
Inherent Contribution - Acquisition	<u>\$ 287,896</u>

The Village owns and manages a life plan community situated on approximately 76 acres located in Burlington, North Carolina. The Village consists of 110 independent living apartment units and 45 independent living cottage units; a 24-unit assisted living facility, which contains 12 traditional assisted living units and 12 memory support units; a 24-bed sheltered nursing unit; a community center; and a wellness center.

In 2017, Services and the related organizations went through an organization-wide rebranding effort. As a result of the rebranding effort, Services is now doing business as The Well•Spring Group.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The Village classifies its funds for accounting and reporting purposes as either without donor restrictions or with donor restrictions. Under these provisions, net assets, revenue, expenses, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Village and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Include net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. At times, the governing board can designate, from net assets without donor restrictions, net assets for a board-designated endowment or other purposes.

Net Assets With Donor Restrictions – Include net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource has been fulfilled, or both.

It is the Village's policy to record donor-imposed restrictions that are received and met during the same year as activities without donor restrictions for the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities in the financial statements and accompanying notes. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Estimates made by the Village relate primarily to the collectability of accounts receivable, the obligation to provide future services, the life expectancy used to amortize deferred revenue from entrance fees and the portion of entrance fees to be refunded. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Village considers all highly liquid investments, other than those included in assets limited as to use, with a maturity of three months or less when purchased, to be cash equivalents.

Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market. Inventories include medical and surgical supplies and pharmaceuticals and are included in other current assets on the balance sheet.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets Limited as to Use

Assets limited as to use include amounts set aside for the statutory operating reserve.

Property and Equipment

Property and equipment are recorded at cost. All items with a cost of over \$5,000 and an estimated useful life of three years or more are capitalized. Donated property and equipment are recorded as an addition to net assets when received, based on the fair value of the asset on the date contributed. Depreciation is provided over the estimated useful life of each class of depreciable asset, and is computed using the straight-line method. Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the costs of acquiring these assets.

The following estimated useful lives are used to calculate depreciation:

Land Improvements	5 to 25 Years
Buildings	20 to 40 Years
Building Improvements	3 to 40 Years
Furniture and Equipment	3 to 20 Years

The Village periodically assesses the realizability of its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Impairment is determined to exist for assets to be held and used if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. Impairment is determined to exist for assets to be disposed of if estimated net realizable value is less than the carrying amount. Management has determined that no such impairments exist as December 31, 2022.

Deferred Financing Costs

Deferred financing costs include costs incurred in connection with the issuance of debt. Such costs are amortized using the straight-line method, which approximates the effective interest method, over the term of the debt. Amortization of \$21,425 for the six-month period ended December 31, 2022, is included with interest expense in the accompanying financial statements.

Deferred Revenue from Entrance Fees and Refundable Entrance Fees

Entrance fees from the Village's residency and care agreements, excluding the portion thereof that is estimated to be refundable to the resident, are recorded as deferred revenue from nonrefundable entrance fees, and recognized as income over the estimated life expectancy, adjusted annually, for each resident.

(AN AFFILIATE OF WELL-SPRING SERVICES, INC.)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Revenue from Entrance Fees and Refundable Entrance Fees (Continued)

A portion of the entrance fee may be refundable when the residency is terminated. Such refundable amounts are shown as refundable entrance fees in the accompanying balance sheet. In accordance with the continuing care contract, the nonrefundable portion is reduced each month, commencing with the date of occupancy and recognized as income over the estimated life expectancy, annually, for each resident. Total contractual refund obligations in the event of move-out, death, or termination at December 31, 2022 were approximately \$10,554,000. Management's estimate of the portion of this amount that will actually be refunded in addition to the minimum amount is recorded as deferred revenue from entrance fees within current liabilities in the accompanying balance sheet.

The residency agreements acquired upon acquisition are projected at their estimated fair value. The fair value of those refundable entrance fees are accreted to face value using the effective interest method over the estimated life expectancy of the residents at acquisition. The discount rate assumed is 3.78%. At the date of the Member Substitution Agreement, management has assumed an unamortized discount of approximately \$973,000. Accreted interest upon amortization of these agreements on the statement of operation is approximately \$108,000 for the six-month period ended December 31, 2022.

Obligation to Provide Future Services

The Village annually calculates the present value of the net cost of future services and use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from entrance fees, a liability is recorded (obligation to provide future services). The obligation is discounted at 5.5%. The Village recorded no net obligation associated with its contracts for the six-month period ended December 31, 2022.

Asset Under Interest Rate Swap Agreement

The Village entered into an interest rate swap agreement to limit the effect of increases in the interest rates of variable rate debt. This interest rate swap agreement is reported in the accompanying balance sheet at the estimated fair value at December 31, 2022. The Village does not hold derivative instruments for any purpose other than limiting the effects of interest rate fluctuations and does not hold interest rate swap agreements for speculative or investment purposes.

Statement of Operations

Provision of resident care services is the sole function of the Village. For purposes of presentation, transactions deemed by management to be ongoing, major, or central to the provision of resident care services are reported within revenues, gains, and other support over expenses.

(AN AFFILIATE OF WELL-SPRING SERVICES, INC.)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benevolent Assistance

The Village has a benevolent assistance policy to identify residents who are unable to pay and uses certain funds designated for benevolent assistance to subsidize the charges for entrance fees and services provided to those residents. Such residents are identified based on financial information obtained from the resident and subsequent review and analysis. Since the Village does not charge the residents for services provided, estimated charges for benevolent assistance are not included in revenue.

The Village has estimated its direct and indirect costs of providing benevolent assistance under its benevolent assistance policy. In order to estimate the cost of providing such care, management calculated a cost-to-charge ratio by comparing the cost to provide services to residents and amount charged to residents. The cost-to-charge ratio is applied to the charges foregone to calculate the estimated direct and indirect cost of providing benevolent assistance. Using this methodology, the Village has estimated the costs for services under the Village's benevolent assistance policy to be approximately \$13,000 for the six-month period ended December 31, 2022.

The Village received no funds to subsidize the costs of providing benevolent assistance under its benevolent assistance policy for the six-month period ended December 31, 2022.

Contributions

The Village reports contributions of cash and other assets as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the accompanying statement of operations and changes in net assets as net assets released from restrictions.

The Village reports contributions of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long these must be maintained, the Village reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess of Revenue, Gains, and Other Support Over Expenses

The statement of operations and changes in net assets include excess of revenue, gains, and other support over expenses, which the Village uses as its measure of operations. Changes in net assets without donor restrictions, which are excluded from the operating measure, consistent with industry practice, are net assets released from restrictions for purchase of property, plant, and equipment, transfers to and from related organizations, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

Concentration of Credit Risk

Financial instruments, which potentially subject the Village to concentrations of credit risk, consist principally of cash and cash equivalents. The Village places its cash and cash equivalents with federally insured financial institutions, the balances of which exceed the federally insured limits from time to time. Management believes the risk of loss associated with these excess funds to be remote.

Advertising

Advertising costs are expensed as incurred. Advertising expenses were approximately \$85,000 for the six-month period ended December 31, 2022.

Income Tax Status

The Village is a nonprofit organization exempt from federal and state income taxes under Internal Revenue Code (IRC) Section 501(c)(3).

The Village files as a tax-exempt organization. Should any status be challenged in the future, the Village is open for examination by federal, state, and local authorities. Management is not aware of any activities that would jeopardize the tax-exempt status of the Village. Management is not aware of any significant activities that are subject to tax on unrelated business income or excise or other taxes for the Village.

The Village follows guidance on the income tax standard regarding the recognition and measurement of uncertain tax positions. This guidance has had no impact on the Village's financial statements.

Fair Value Measurements

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Village emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

ALAMANCE EXTENDED CARE, INC. DBA THE VILLAGE AT BROOKWOOD
(AN AFFILIATE OF WELL-SPRING SERVICES, INC.)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Village has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value measurement is based upon quoted prices, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, and other factors such as credit loss assumptions. Securities valued using Level 1 inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets. Interest rate swap agreements are valued using Level 2 inputs. The Village does not hold any assets or liabilities that are valued using Level 3 inputs.

The Village also follows guidance that allows reporting certain financial instruments at fair value. The standard allows entities the irrevocable option to elect fair value for the initial and subsequent measurement for certain financial assets and liabilities on an instrument-by-instrument basis. The Village has not elected to measure any existing financial instruments at fair value. However, it may elect to measure newly acquired financial instruments at fair value in the future.

Adoption of New Accounting Standards

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, *Leases* (Topic 842). This new accounting standard increases transparency and comparability among organizations by requiring the recognition of right-of-use (ROU) assets and lease liabilities on the balance sheet. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

(AN AFFILIATE OF WELL-SPRING SERVICES, INC.)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standards (Continued)

The Village adopted the requirements of the guidance effective the beginning of the period presented and has elected to apply the provisions of this standard to the beginning of the period of adoption. As of the six-month period ended December 31, 2022, the Village had no material leases which were applicable to this new standard.

Subsequent Events

In preparing these financial statements, the Village has evaluated events and transactions for potential recognition or disclosure through April 27, 2023, the date the financial statements were issued.

NOTE 2 RESIDENT FEES EARNED

Resident fees earned are reported at the amount that reflects the consideration to which the Village expects to be entitled in exchange for providing resident care. These amounts are due from residents. Service fees paid by residents for maintenance, meals, and other services are assessed monthly and are recognized as revenue in the period services are rendered. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Village. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Village believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to residents in the facilities receiving skilled nursing services or residents receiving residential services in the facilities. The Village considers daily services provided to residents of the skilled nursing facilities, and monthly rental for residential services as a separate performance obligation and measures this on a monthly basis, or upon move-out within the month, whichever is shorter. Nonrefundable entrance fees are considered to contain a material right associated with access to future services, which is the related performance obligation. Revenue from nonrefundable entrance fees is recognized ratably in future periods covering a resident's life expectancy using a time-based measurement similar to the output method. Revenue for performance obligations satisfied at a point in time is generally recognized when goods are provided to our residents and customers in a retail setting (for example, gift shop and cafeteria meals) and the Village does not believe it is required to provide additional goods or services related to that sale.

Because all of its performance obligations relate to contracts with a duration of less than one year, the Village has elected to apply the optional exemption provided in FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

NOTE 2 RESIDENT FEES EARNED (CONTINUED)

The Village determines the transaction price based on standard charges for goods and services provided, reduced by discounts provided to uninsured patients in accordance with the Village's policy, and/or implicit price concessions provided to residents. The Village determines its estimate of implicit price concessions based on its historical collection experience.

All resident fees earned are from private pay individuals. The Village has determined that the nature, amount, timing, and uncertainty of revenue and cash flows are affected by the following factors: service line, method of reimbursement, and timing of when revenue is recognized.

The composition of resident fees earned based on the Village's lines of business, method of reimbursement, and timing of revenue recognition for the six-month period ended December 31. are as follows:

Service Lines:	
Independent Living	\$ 4,555,527
Assisted Living	578,754
Health Care Services	1,238,666
Total	<u>\$ 6,372,947</u>
Method of Reimbursement:	
Monthly Service Fee	\$ 1,954,367
Amortization of Entrance Fees	1,283,273
Fee for Service	3,135,307
Total	<u>\$ 6,372,947</u>
Timing of Revenue and Recognition:	
Health Care Services Transferred Over Time	<u>\$ 6,372,947</u>

Financing Component

The Village has elected the practical expedient allowed under FASB ASC 606-10-32-18 and does not adjust the promised amount of consideration from residents for the effects of a significant financing component due to its expectation that the period between the time the service is provided to a resident and the time that the resident pays for that service will be one year or less. However, the Village does, in certain instances, enter into payment agreements with residents that allow payments in excess of one year. For those cases, the financing component is not deemed to be significant to the contract.

Summary of Significant Projection Assumptions and Accounting Policies

Introduction and Background Information

Basis of Presentation

The accompanying financial projection presents, to the best of the knowledge and belief of management of Alamance Extended Care, Inc, Well Spring Services, and Well Spring Management and Development (collectively, "Management") the expected financial position, results of operations and changes in net deficits, and cash flows of Alamance Extended Care, Inc. d/b/a The Village at Brookwood (the "Village" or "AEC") as of and for each of the five years ending December 31, 2027 (the "Projection Period"). The Village is a nonstock, nonprofit organization established to develop and operate a life plan community and provide housing, health care and related services to the elderly. The Village is an affiliate of Well Spring Services d/b/a the Well•Spring Group. Well Spring Services, Inc. functions as the sole member of the Village, Well•Spring Retirement Community, Inc., and Well Spring Management and Development are considered related parties to the Village. The accompanying financial projection only includes the Village and none of the other affiliates.

A projection, although similar to a forecast, is a presentation of prospective financial information that is subject to one or more hypothetical assumptions. Management has included assumptions that are considered to be a "Hypothetical Assumption" as defined by the American Institute of Certified Public Accountants' Guide for Prospective Financial Information. A Hypothetical Assumption is defined as follows: "An assumption used in a financial projection or in a partial presentation of projected information to present a condition or course of action that is not necessarily expected to occur, but is consistent with the purpose of the presentation."

Management's Hypothetical Assumptions are as follows:

- The Project, as defined hereinafter is constructed, financed, filled, and operated as noted in the Projection;
- Variable interest rates for debt instruments occur as projected; and
- Management is able to achieve the projected occupancies, operating revenue inflationary rate increases and operating expense inflationary increases, as described hereinafter.

Accordingly, the projection reflects Management's judgment as of May 15, 2023, the date of this projection, of the expected conditions and its expected course of action. The assumptions disclosed herein are the assumptions which Management believes are significant to the financial projection. There will usually be differences between projected and actual results because events and circumstances frequently do not occur as expected, and those differences may be material.

This financial projection is intended solely for the information and use of management, the Board of Trustees, and the North Carolina Department of Insurance (pursuant to the requirements of North Carolina General Statutes, Chapter 58, Article 64 and included in the Village's disclosure statement filing), and is not intended to be and should not be used by anyone other than these specified parties.

Organizational Information

Alamance Extended Care, Inc. d/b/a The Village at Brookwood is a North Carolina not-for-profit corporation which was founded in 1986. The Village has received a determination letter from the Internal Revenue Service stating that the corporation is an organization exempt from federal income tax under Section 501(A) of the Internal Revenue Code of 1986, as amended (the "Code"), as an organization described in Section 501(c)(3) of the Code.

Well Spring Services, Inc., (the "Parent") a North Carolina not-for-profit organization located in Greensboro, is a not-for-profit corporation chartered by the State of North Carolina in 1986 and is the sole member of the Village, Well Spring Retirement Community, Inc., Well Spring Solutions and Well Spring Management & Development. The Parent is not liable for any activities of the Village.

In July 2022, Well Spring Services became the sole member of the Village through a member substitution agreement, "the Member Substitution Agreement" with ARMC and The Moses H. Cone Memorial Hospital ("Cone Health"). The Member Substitution Agreement was entered into January 26, 2022 and the member substitution was finalized on July 1, 2022.

In July 2020, AEC closed its Edgewood Place Public Skilled Nursing Facility and sold 54 of the 81 bed licenses, keeping the remaining 27 beds licenses. As of the date of this Projection, Management has not determined the future use of the Edgewood Place Public Skilled Nursing Facility property nor the remaining 27 nursing bed licenses, and as such, Management has projected no activity during the Projection Period. Management does not plan to continue to operate Edgewood Place; therefore, depreciation was accelerated in 2020 so that all remaining equipment and real property were fully depreciated, leaving only approximately \$517,000 of net book value for land related to Edgewood Place. Management has projected the net book value of the land assets to remain unchanged during the Projection Period. Management does not believe these assets for Edgewood Place Public Skilled Nursing Facility to be impaired, and as such, has not projected any impairment of these assets during the Projection Period.

The Board of Directors for Alamance Extended Care, Inc. now includes the pre-substitution members selected, nominated, and approved by the Board of Trustees of ARMC HealthCare, Inc., in addition to the Board Members of Well Spring Services. The business and affairs of the Village are managed by its Board of Directors.

Community Information

The Village owns and manages a life plan community ("LPC") situated on approximately 47 acres located in Burlington, North Carolina called The Village at Brookwood (the "Community"). The Community consists of 109 independent living apartment units (one of which are offline as a guest suites) and 45 independent living cottage units (collectively, the "Existing Independent Living Units"); a 24-unit assisted living facility, which contains 12 traditional assisted living units (the "Traditional Assisted Living Units") and 12 memory support units (the "Memory Support Units") (collectively, the Traditional Assisted Living Units and Memory Support Units are referred to as the "Assisted Living Units"); a 24-bed sheltered nursing unit (the "Nursing Facility" or "Nursing Beds"); a community center; and a wellness center. Collectively, the Assisted Living Units and Nursing Beds are referred to as the "Health Care Center" or "Health Care Beds."

Notes:

- (1) One Birch unit is currently being used as a guest suite and is excluded from the table above.
- (2) In July 2020, Management closed Edgewood place and sold 54 of the total 81 Edgewood Nursing Beds. The Village still holds license for 27 beds, but Management has projected the beds to remain offline during the Projection Period and have been excluded from the table.

Expansion Plans

The Village plans to construct and operate an additional 15 garden homes on the campus (the "New Garden Home" or the "Project"). As noted in Table 5, the Village plans to use approximately \$2,644,000 of cash to initially fund construction and other related expenditures of the Project and then is projecting to draw from a working capital term loan to fund the remaining costs of the Project. Construction commenced in April 2023 and construction is projected to be approximately 15 months.

The projected unit configuration and sizing for the project units are presented in the following table.

Notes to Table 5:

- 1) Management has assumed that a portion of the Project would be financed through an existing Working Capital Term Note, with a variable interest rate based on Secured Overnight Financing Rate ("SOFR") plus the fee of 1.25 percent. Management has assumed the SOFR rate to be 4.75 percent and an all-in interest rate of 6.00 percent on the Working Capital Term Note during the Projection Period.
- 2) Management has projected it would pay for approximately \$2,644,000 of the Project's construction costs using the Village's cash and cash equivalents.
- 3) Construction and land improvements reflects the anticipated costs for constructing the Project.

Management has indicated that the Working Capital Term Note is anticipated to be repaid from initial entrance fees from the Project.

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Accounting Policies

Basis of Accounting

The Village maintains its accounting and financial records according to the accrual basis of accounting.

Use of Estimates

The preparation of projected financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported as assets and liabilities and disclosure of contingent assets and liabilities in the projected financial statements and accompanying notes. Estimates also affect the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net Deficits

The Village classifies its funds for accounting and reporting purposes as follows:

Net Deficits Without Donor Restrictions – Resources of the Village that are not restricted by donors or grantors as to use or purpose. These resources include amounts generated from operations and the investment in property and equipment.

Net Assets With Donor Restrictions – Resources that carry a donor-imposed restriction that permits the Village to use or expend the donated assets as specified, or is satisfied by the passage of time or by actions of the Village. Some of these resources may stipulate that donated assets be maintained in perpetuity, but may permit the Village to use or expend part or all of the income derived from the donated assets

Cash and Cash Equivalents

The Village considers all highly liquid investments, other than those included in assets limited as to use, with a maturity of three months or less when purchased, to be cash equivalents.

Resident Accounts Receivable

The Village records accounts receivable at the net expected balance. The Village provides an allowance for uncollectible accounts using management's judgement. Accounts past due are individually analyzed for collectability. Accounts receivable that management determines will be uncollectable are written off upon such determination. It is the Village's policy to seek collection on all overdue accounts.

Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market. Inventories include medical and surgical supplies and pharmaceuticals and are included in other current assets on the statement of financial position.

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Accounting Policies (Continued)

Assets Limited as to Use

Assets limited as to use are include assets set aside for the statutory operating reserves.

Property and Equipment

Property and equipment are recorded at cost. All items with a cost of over \$5,000 and an estimated useful life of three years or more are capitalized. Donated property and equipment are recorded as an addition to net deficits when received, based on the fair value of the asset on the date contributed. Depreciation is provided over the estimated useful life of each class of depreciable asset, and is computed using the straight-line method. Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the costs of acquiring these assets.

The following estimated useful lives are used to calculate depreciation:

Land Improvements	5 to 25 Years
Buildings	20 to 40 Years
Building Improvements	3 to 40 Years
Furniture and Equipment	3 to 20 Years

The Village periodically reviews its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Impairment is determined to exist for assets to be held and used if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. Impairment is determined to exist for assets to be disposed of if estimated net realizable value is less than the carrying amount. Management has projected no such impairments throughout the Projection Period.

Deferred Financing Costs

Deferred financing costs include costs incurred in connection with the issuance of debt. Such costs are amortized using the straight-line method, which approximates the effective interest method, over the term of the debt. Amortization is included with interest expense in the accompanying financial statements.

Deferred Revenue from Entrance Fees and Refundable Entrance Fees

Entrance fees from the Village's residency and care agreements, excluding the portion that is estimated to be refundable to the resident, are recorded as deferred revenue from entrance fees and are nonrefundable and recognized as income over the estimated life expectancy of each resident. A portion of the entrance fee may be refundable when the residency is terminated. Such refundable amounts are shown as Refundable Entrance Fees in the accompanying projected statements of financial position and are not amortized into income.

The residency agreements acquired upon acquisition are projected at their estimated fair value. The fair value of those refundable entrance fees are accreted to face value using the effective interest method over the estimated life expectancy of the residents at acquisition.

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Accounting Policies (Continued)

Obligation to Provide Future Services

The Village annually calculates the present value of the net cost of future services and use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from entrance fees, a liability is recorded (obligation to provide future services). Management has not projected any obligation to provide future services during the Projection Period.

Asset Under Interest Rate Swap Agreement

The Village entered into an interest rate swap agreement to limit the effect of increases in the interest rates of variable rate debt. The Village does not hold derivative instruments for any purpose other than limiting the effects of interest rate fluctuations and does not hold interest rate swap agreements for speculative or investment purposes. Management has projected no change in value in the interest rate swap throughout the Projection Period.

Statement of Operations

Provision of resident care services is the sole function of the Village. For purposes of presentation, transactions deemed by management to be ongoing, major, or central to the provision of resident care services are reported within revenues, gains, and other support over expenses.

Benevolent Assistance

The Village has a benevolent assistance policy to identify residents who are unable to pay and uses certain funds designated for benevolent assistance to subsidize the charges for entrance fees and services provided to those residents. Such residents are identified based on financial information obtained from the resident and subsequent review and analysis. Since the Village does not charge the residents for services provided, estimated charges for benevolent assistance are not included in revenue.

The Village has estimated its direct and indirect costs of providing benevolent assistance under its benevolent assistance policy. In order to estimate the cost of providing such care, management calculated a cost-to-charge ratio by comparing the cost to provide services to residents and amount charged to residents. The cost-to-charge ratio is applied to the charges foregone to calculate the estimated direct and indirect cost of providing benevolent assistance.

Excess of Revenue, Gains, and Other Support Over Expenses

The statement of operations and changes in net deficits include excess of revenue, gains, and other support over expenses, which the Village uses as its measure of operations. Changes in net deficits without donor restrictions, which are excluded from the operating measure, consistent with industry practice, are net deficits released from restrictions for purchase of property, plant, and equipment, transfers to and from related organizations, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets).

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Accounting Policies (Continued)

Resident and Health Care Service Revenue

Resident service revenue is reported at the amount that reflects the consideration to which the Village expects to be entitled in exchange for providing resident care. These amounts are due from residents, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Village bills the residents and third-party payors several days after the services are performed. Service fees paid by residents for maintenance, meals, and other services are assessed monthly and are recognized as revenue in the period services are rendered. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Village. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Village believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to residents in the facilities receiving skilled nursing services or housing residents receiving services in the facilities. The Village considers daily services provided to residents of the skilled nursing facilities, and monthly rental for housing services as a separate performance obligation and measures this on a monthly basis, or upon move-out within the month, whichever is shorter. Nonrefundable entrance fees are considered to contain a material right associated with access to future services, which is the related performance obligation. Revenue from nonrefundable entrance fees is recognized ratably in future periods covering a resident's life expectancy using a time-based measurement similar to the output method. Revenue for performance obligations satisfied at a point in time is generally recognized when goods are provided to residents and customers in a retail setting (for example, gift shop and cafeteria meals) and the Village does not believe it is required to provide additional goods or services related to that sale.

Because all of its performance obligations have a duration of less than one year, the Village has elected to apply the optional exemption provided in FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

The Village determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Village's policy, and/or implicit price concessions provided to residents. The Village determines its estimates of contractual adjustments based on contractual agreements, its policy, and historical experience. The Village determines its estimate of implicit price concessions based on its historical collection experience.

Agreements with third-party payors typically provide for payments at amounts less than the established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Village's licensed nursing facility participates in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). The nursing facilities were paid under the Medicare Prospective Payment System (PPS) for residents who are Medicare Part A eligible and met the coverage guidelines for skilled nursing facility services. The PPS was a per diem price-based system. CMS finalized the Patient Driven Payment Model (PDPM) to replace the existing Medicare reimbursement system effective October 1, 2019. Under

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Accounting Policies (Continued)

PDPM, therapy minutes are removed as the primary basis for payment and instead use the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variance adjustment factors that change reimbursement rates during the resident's length of stay. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare and Medical Assistance programs are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Village's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations.

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Village estimates the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent charges to the estimate of the transaction price are recorded as adjustments to resident services revenue in the period of the change.

Additional revenue recognized due to changes in its estimates of implicit price concessions, discounts, and contractual adjustments are not projected by Management during the Projection Period. Subsequent changes that are determined to be the result of an adverse change in the resident's ability to pay are recorded as bad debt expense.

The Village has determined that the nature, amount, timing, and uncertainty of revenue and cash flows are affected by the following factors: payors, service line, method of reimbursement, and timing of when revenue is recognized.

The Village maintains records, and the board has oversight, to identify and monitor the amount of charges foregone for services and supplies furnished under its benevolent assistance policy and to identify and monitor the level of benevolent assistance it provides. These include reduced rates for Medicare, Medicaid, and other governmental programs.

The Village has estimated the costs of providing assistance under its benevolent assistance policy. In order to estimate the cost of providing such assistance, management calculated a ratio by comparing the charges foregone to total operating revenue and applying this ratio to expenses to estimate the costs of providing benevolent assistance.

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Accounting Policies (Continued)

Contract Costs

The Village has applied the practical expedient provided by FASB ASC 340-40-25-4 and all incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset that the Village otherwise would have recognized is one year or less in duration.

Income Tax Status

The Village is a nonprofit organization exempt from federal and state income taxes under Internal Revenue Code (IRC) Section 501(c)(3).

The Village files as a tax-exempt organization. Should any status be challenged in the future, the Village is open for examination by federal, state, and local authorities. Management is not aware of any activities that would jeopardize the tax-exempt status of the Village. Management is not aware of any significant activities that are subject to tax on unrelated business income or excise or other taxes for the Village.

The Village follows guidance on the income tax standard regarding the recognition and measurement of uncertain tax positions. This guidance has had no impact on the Village's financial statements.

Residents under the Lifecare Plans requiring skilled nursing and assisted living services receive 14 free Health Care Center days per calendar year, and are then required to pay a Lifecare rate if the 14 free days are used within each calendar year. The Lifecare rate is equivalent to the current weighted average Lifecare monthly service fee of a single resident of the Community, as well as the charge for two additional daily meals not provided for in the monthly service fee.

Occupancy of the Assisted Living Units is projected to be from internal transfers from Independent Living Units. Nursing Bed occupancy is projected to be from internal transfers from both Independent Living Units and Assisted Living Units. Internal transfers include both temporary and permanent transfers. Temporary transfers reside in a Health Care Center Bed for a short-term stay and pay an added fee, in addition to their monthly service fee, according to their Residence and Services Agreement, as well as the cost of two meals per day. The Independent Living Unit is held while temporary transfers reside in the Health Care Center. Upon permanent transfer to the Health Care Center, the Independent Living Unit is released and the resident pays the specified Health Care Center fee, according to their Residence and Services Agreement.

Residents under the Fee-for-Service contracts requiring skilled nursing and assisted living services pay the current market monthly rate or per diem rate for care.

The monthly and daily service fees for private pay Fee-For-Service and Lifecare residents in the Health Care Center have been projected to increase 4.0% annually throughout the Projection Period, and Medicare rates are projected to increase 3.0% annually.

Amortization of Entrance Fees and Entrance Fees Receipts

The Village currently offers the following two Residence and Services Agreement (the “Residence and Services Agreements”) options:

- Fee-for-Service Plans:
 - Fee-for-Service Standard Plan
- Lifecare Plans:
 - Lifecare - Traditional Plan (0% Refundable)

All options require payment of a one-time entrance fee and monthly service fees. Generally, payment of these fees entitles residents to the use and privileges of the facility for life. The Lifecare Plans entitle the resident to full services and amenities as defined in the Residence and Services Agreement. Under the Fee-for-Service Plans, residents who entered into a Residence and Services Agreement after January 1, 2007 pay additional fees for any housekeeping services and meals. Residents who entered into a Residence and Services Agreement prior to January 1, 2007 receive one meal credit per person for each day of the month. The Residence and Services Agreements do not entitle the residents to an interest in the real estate or other property owned by the Village. All residents are fully responsible for payment of the entrance and monthly service fees, associated with their respective plan.

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Projection Assumptions (Continued)

A portion of the entrance fee may be refundable when the residency is terminated. Such refundable amounts are shown as Refundable Entrance Fees in the projected statements of financial position and are not recognized into income. The nonrefundable portion of entrance fees is reduced each month, commencing with the date of occupancy, and recognized as revenue over the estimated life expectancy of residents, and are reflected as Amortization of Entrance Fees on the projected statements of operations and changes in net deficits. The unearned portion is classified as Deferred Revenue from Entrance Fees in the projected statement of financial position.

Entrance fees generated and refunded are based on turnover of the Independent Living Units, which has been projected by Management based on historical experience, as shown in the following table.

Based upon historical experience, Management has projected that approximately 56.0% of the residents would select the Fee-For-Service Standard Plan and 44.0% would select the Lifecare – Traditional Plan. Entrance fees are projected to increase 5.0% in 2024 and 4.0% annually throughout the Projection Period.

Management has assumed that the distribution of the Project's new entrants would be approximately 46.7% of the residents would select the Fee-For-Service Standard Plan and 53.3% would select the Lifecare – Traditional Plan.

The monthly and daily service fee revenues are based on the projected utilization and the fee schedules in the tables that follow. It is anticipated that the monthly service fees for independent living will be increased 4.0% annually throughout the Projection Period.

Operating Expenses

Management has presented departmental expenses based on their function. Each projected departmental expense includes salaries and benefits as well as other costs.

Salaries and Benefits

Staffing of the Village is based on the Village's existing staffing levels and the experience of Management giving effect to the level of services offered at the Village. The Village is estimated to employ full-time equivalent ("FTE") employees throughout the Projection Period as noted below in Table 16. An FTE is based on 2,080 hours. Average salary and wage rates are based on current rates paid and are projected to increase approximately 4.0% annually during the Projection Period. Management projected additional FTEs as a result of the Project in 2024 and 2025.

The costs of employees' fringe benefits are assumed to approximate an average of 37.0% of salaries and wages and primarily include FICA, medical and dental insurance, long-term disability, life insurance, worker's compensation, and retirement benefits.

The below table presents projected FTEs by department during the Projection Period.

Assets Limited as to Use

Under regulations of the North Carolina Department of Insurance, the Village is required to maintain an operating reserve based on projected operating expenses. The operating reserve is based on a certain percentage of operating costs that depends on the independent living and assisted living occupancy. If occupancy is 90 percent or greater, the reserve percentage is 25 percent; otherwise, it is 50 percent of operating costs.

Long-Term Debt and Interest Expense

On July 1, 2022, the Village entered into a loan agreement totaling \$25,000,000 with a financial institution (2022 Acquisition Loan). Proceeds of the 2022 Acquisition Loan were used to finance the acquisition of the membership interest of the Village in order to integrate the assisting living and health care facilities of the Village into the Well•Spring system. The 2022 Acquisition Loan is secured by a lien on substantially all of the real and personal property comprising the Village and by a security interest in the Village's unrestricted revenues. The 2022 Acquisition Loan bears interest at an adjustable rate of One-Month SOFR plus 1.25%. The first 12 months of the 2022 Acquisition Loan requires payments of interest only, with principal payable monthly starting July 2023. The 2022 Acquisition Loan matures in June 2037.

On July 1, 2022, the Village entered into a loan agreement totaling \$5,000,000 with a financial institution (the Working Capital Term Loan). Proceeds of the Working Capital Term Loan are to be used to finance working capital expense and/or capital improvements. The Working Capital Term is secured by a lien on substantially all of the real and personal property comprising the Village and by a security interest in the Village's unrestricted revenues. The Working Capital Term Loan bears interest at an adjustable rate of One-Month SOFR plus 1.25%. The first 12 months of the Working Capital Term Loan requires payments of interest only, with principal payable monthly starting July 2023. The Working Capital Term Loan matures in June 2037. No amounts have been drawn down on this loan as of December 31, 2022.

In conjunction with the Member Substitution Agreement effective July 1, 2022, the Village joined an Obligated Group with Well•Spring Retirement Community, Inc. (WSRC, and collectively with WSRC, the Obligated Group), who is a co-borrower on the loans noted above. As part of the Obligated Group, the Village is required to adhere to covenant requirements per WSRC's debt agreements. In addition, the Acquisition Loan contains a requirement of timely filing of audited and interim financial statements. In

addition, they contain other covenants restricting, among other things, the existence of liens on property, merger and consolidation, and disposition of assets.

During 2022, the Village entered into a variable-to-fixed interest rate swap agreement to manage the interest rate risk on the variable rate indebtedness on a portion of the 2022 Acquisition Loan. Under the swap agreement, the Village's variable rate on \$15,000,000 of the 2022 Acquisition Loan is effectively converted to 4.25%. The swap has an effective date of July 1, 2022 and terminates on June 1, 2037.

Deferred Revenue from Entrance Fees and Accreted Interest

Entrance fees from the Village's residency and care agreements, excluding the portion thereof that is estimated to be refundable to the resident, are recorded as deferred revenue from nonrefundable entrance fees, and recognized as income over the estimated life expectancy, adjusted annually, for each resident.

A portion of the entrance fee may be refundable when the residency is terminated. Such refundable amounts are shown as refundable entrance fees in the accompanying statement of financial position. In accordance with the continuing care contract, the nonrefundable portion is reduced each month, commencing with the date of occupancy and recognized as income over the estimated life expectancy, annually, for each resident. Total contractual refund obligations in the event of move-out, death, or termination at December 31, 2023 were approximately \$10,554,000. Management's estimate of the portion of this amount that will actually be refunded in addition to the minimum amount is recorded as deferred revenue from entrance fees within current liabilities in the accompanying statement of financial position.

Summary of Significant Projection Assumptions and Accounting Policies

Summary of Significant Projection Assumptions (Continued)

The residency agreements acquired upon acquisition are projected at their estimated fair value. The fair value of those refundable entrance fees are accreted to face value using the effective interest method over the estimated life expectancy of the residents at acquisition. The discount rate assumed is 3.78%. At the date of the Member Substitution Agreement, the unamortized discount approximated \$973,000. Management has projected the accreted interest upon amortization of these agreements on the projected statement of operations and changes in net deficits.

Refundable Entrance Fees

Refundable entrance fees represent the portion of entrance fees that are refundable.

Related Party Transactions

As previously described, the Village is an affiliate of the Parent, who also is the sole member of Well Spring Management and Development. As of December 31, 2022, the Village had a Due to Parent obligation of approximately \$3,714,000. Management has not projected any change during the Projection Period.

The Village reserves the right to make rules regarding visits and guest behavior and may limit or terminate a visit at any time for reasons it deems appropriate. Two (2) weeks is the maximum continuous stay for guests unless prior approval from the Executive Director is obtained. Except for short-term guests, no person other than the Resident or a Co-Resident, if any, may reside in the Residence without prior approval of The Village.
- E. Occupancy by Two Residents.** In the event that two Residents occupy a Residence under the terms of this Agreement, upon the permanent transfer to the Health Care Center or the death of one Resident, or in the event of the termination of this Agreement with respect to one of the Residents, the Agreement shall continue in effect as to the remaining or surviving Resident who shall have the option to retain the same Residence. Should the remaining or surviving Resident wish to move to another residence, the policies of The Village governing said residence transfer will prevail.
- F. Addition of a Co-Resident or Marriage.** If a Resident marries a person who is also a Resident, the two Residents may occupy the Residence of either Resident and shall surrender the Residence not to be occupied by them. Such married Residents will pay the Monthly Fee for double occupancy associated with the Residence occupied by them. In the event that a Resident shall marry a person who is not a Resident of The Village, the spouse may become a Resident if such spouse meets all the current requirements for admission to The Village, enters into a current version of the Life Care Residence and Services Agreement with Provider, and pays the current single person Entrance Fee for the smallest one bedroom apartment at The Village. The Resident and spouse shall pay the Monthly Fee for double occupancy associated with the Residence occupied by them. If the Resident's spouse does not meet the requirements of The Village for admission as a resident, the Resident may terminate this Agreement in the same manner as provided in Section VI.B. hereof with respect to a voluntary termination.
- G. Loss or Damage of Property.** Provider shall not be responsible for the loss or damage of any property belonging to the Resident due to theft, mysterious disappearance, fire or any other cause. Resident shall provide any desired insurance protection covering any such personal loss. Provider shall insure all property (except personal property) within all residences and common areas belonging to The Village.
- H. Health Insurance and Assignments.** If not already enrolled, the Resident shall apply for and secure, before taking occupancy, coverage under Medicare Parts A and B and any other hospital or medical insurance benefit program which supplements Medicare or other comparable insurance accepted by Provider. The Resident shall provide Provider with evidence of such coverage or of an acceptable substitute insurance plan and shall pay all premiums.

The Resident shall authorize, as necessary, any provider of hospital, medical, and health services to receive reimbursement under the programs designated in this Section IV. H.

If the Resident is or becomes entitled to medical care and/or reimbursement from governmental agencies or insurance policies, application shall be made for such care and benefits, and the Resident shall assign all insurance proceeds receivable to Provider to the extent necessary to reimburse Provider for all health care expenditures made by Provider on behalf of the Resident.

- I. **Right of Entry.** Resident hereby authorizes employees or agents of Provider to enter the Residence for reasonable purposes, including without limitation the following: housekeeping, repairs, maintenance, inspection, fire drills, and in the event of emergency. Provider shall when feasible use reasonable efforts to enter at scheduled times or upon prior notice to Resident. Resident shall afford Provider's employees or agents access to all areas of the Residence when requested to ensure that the Residence is maintained in good repair in accordance with this Agreement and to ensure the health and safety of Resident and other Residents.
- J. **Residents' Association.** Residents of The Village are encouraged to participate in the Residents' Association Committees. The organization elects representatives, officers, and other positions to engage in concerted activities set forth by the Residents' Association.
- K. **Tobacco Free Campus.** The Village at Brookwood is a Tobacco Free Campus. Smoking and tobacco use is prohibited for residents, staff and visitors.

V. TRANSFERS OR CHANGES IN LEVELS OF CARE

- A. **Voluntary Transfer between Independent Residences.** The Resident may transfer from one independent Residence to another. The Resident shall comply with The Village's current Resident Transfer Advantage Program for selection of such Residence. There may be a refurbishment fee (for the Residence being vacated) charged for such a transfer.
 - 1. **Transfer of Resident to a Larger Residence.** If the Resident elects to transfer to a larger Residence, an additional Entrance Fee (according to the Entrance Fee Refund Option selected at the original Date of Occupancy) equal to the difference between the Entrance Fee for the smaller Residence and the Entrance Fee for the larger Residence will be due to The Village. The Resident will also pay the Monthly Service Fee associated with the larger Residence.
 - 2. **Transfer of Resident to a Smaller Residence.** The Resident may elect to transfer to a smaller Residence and pay the current monthly service fee for that Residence. The transfer to a smaller Residence shall not result in any entrance fee refund.
- B. **Transfer to the Health Care Center.** The Resident agrees that Provider shall have authority to determine that the Resident be transferred from one level of care to another

level of care within The Village. Such determination shall be based on the professional opinion of the Medical Director and shall be made after reasonable efforts to consult with the Resident or the Resident's chosen and legal representative.

- C. **Transfer to Hospital or Other Facility.** If it is determined by Provider that the Resident needs care beyond that which can be provided by The Village; the Resident may be transferred to a hospital, center, or institution equipped to give such care and such care will be at the expense of the Resident. Such transfer of the Resident will be made only after consultation to the extent possible with the Resident or the Resident's chosen and legal representative.
- D. **Surrender of Residence.** If a determination is made by Provider that any transfer described in Section V.B. or V.C. is likely to be permanent in nature, the Resident agrees to surrender the Residence upon such transfer. The Provider shall continue charging the monthly fees until such time that the Residence is vacated. If Provider subsequently determines that the Resident can resume occupancy in a Residence or accommodation comparable to that occupied by the Resident prior to such transfer, the Resident shall have priority to such residence as soon as it becomes available.

VI. TERMINATION AND REFUND PROVISIONS

- A. **Termination by Resident Prior to Occupancy.** This Agreement may be terminated by the Resident for any reason prior to occupancy by giving written notice to Provider. In the event of such termination, the Resident shall receive a refund of the 10% Deposit paid by the Resident, less any expenses incurred by The Village and less a nonrefundable fee equal to 2% of the total amount of the selected Entrance Fee option.

If the Resident dies before occupying the Residence, or if, on account of illness, injury, or incapacity, the Resident would be precluded from occupying the Residence under the terms of this Agreement, this Agreement is automatically canceled. The nonrefundable fee (equal to 2% of the total amount of the selected Entrance Fee option) will not be charged, however, if such termination is because of death of a Resident, or because the Resident's physical, mental or financial condition makes the Resident ineligible for entrance to The Village.

Any such refund shall be paid by The Village within sixty (60) days following receipt of notification of such termination. Provider requires that such notification be in writing.

- B. **Voluntary Termination after Occupancy.** At any time after occupancy, the Resident may terminate this Agreement by giving Provider thirty (30) days written notice of such termination. Such notice effectively releases the Residence to The Village. Any refunds of the Entrance Fee due to the Resident shall be calculated based upon the Entrance Fee option chosen by the Resident and as described in Section II.A. Any refund due the Resident under this paragraph will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one

(1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.

- C. **Termination upon Death.** In the event of death of the Resident at any time after occupancy, this Agreement shall terminate and the refund of the Entrance Fee paid by the Resident shall be calculated based upon the Entrance Fee option chosen by the Resident and as described in Section II.A. Any refund due to the Resident's estate will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.
- D. **Termination by Provider.** Provider may terminate this Agreement at any time if there has been a material misrepresentation or omission made by the Resident in the Resident's Application for Admission, Personal Health History, or Confidential Financial Statement; if the Resident fails to make payment to Provider of any fees and charges due The Village within sixty (60) days of the date when due; or if the Resident does not abide by the rules and regulations adopted by Provider or breaches any of the terms and conditions of this Agreement. Any refunds of the Entrance Fee due to the Resident shall be calculated based upon the Entrance Fee option chosen by the Resident and as described in Section II.A. Any refund due the Resident under this paragraph will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.
- E. **Condition of Residence.** At termination of this Agreement, the Resident shall vacate the Residence and shall be liable to The Village for any cost incurred in restoring the Residence to good condition except for normal wear and tear. The Provider shall continue charging the monthly fees until such time that the Residence is vacated. Any refunds due the Resident upon termination may be credited against the cost of returning the Residence to its original condition.

VII. RIGHT OF RESCISSION

Notwithstanding anything herein to the contrary, this Agreement may be rescinded by the Resident giving written notice of such rescission to The Village within thirty (30) days following the later of the execution of this Agreement or the receipt of the Disclosure Statement that meets the requirements of Section 58-64-25, et.seq. of the North Carolina General Statutes. In the event of such rescission, the Resident shall receive a refund of the Entrance Fee paid by the Resident, less 2%. The Resident shall not be required to move into The Village before the expiration of such thirty (30) day period. Any such refund shall be paid by The Village within sixty (60) days following receipt of written notice of rescission pursuant to this paragraph.

VIII. FINANCIAL ASSISTANCE

Provider declares that it is the intent of The Village to permit a Resident to continue to reside at The Village if the Resident is no longer capable of paying the prevailing fees and charges of The Village as a result of financial reversals occurring after occupancy, provided such reversals, in Provider's judgment, are not the result of willful or unreasonable dissipation of the Resident's assets. In the event of such circumstances, Provider will give careful consideration to subsidizing the fees and charges payable by the Resident so long as such subsidy can be made without impairing the ability of Provider to operate on a sound financial basis. Any determination by Provider with regard to the granting of financial assistance shall be within the sole discretion of Provider.

IX. GENERAL

- A. Relationships between Residents and Staff Members.** Employees of The Village are supervised solely by The Village's management staff, and not by residents. Employees and their families may not accept gratuities, bequests, or payment of any kind from residents. Any complaints about employees or requests for special assistance must be made to the appropriate supervisor or to the Executive Director or his/her designee. The Resident acknowledges and agrees that the Resident or the Resident's family will not hire The Village's employees or solicit such employees to resign their employment at The Village in order to work for the Resident or the Resident's family. The Resident also acknowledges and agrees that, unless consented to by The Village, the Resident will not hire any former Village employee until three (3) months has elapsed from the date of termination of the person's employment at The Village.
- B. Assignment.** The rights and privileges of the Resident under this Agreement to the Residence, common areas, and amenities, and services, and programs of The Village are personal to the Resident and may not be transferred or assigned by the Resident or otherwise.

The Village retains all authority regarding acceptance of Residents, adjustment of fees, financial assistance, and all other aspects of the management of The Village. Residents do not have the right to determine admission or terms of admission of any other Resident.
- D. Entire Agreement.** This Agreement constitutes the entire agreement between Provider and the Resident. Provider shall not be liable or bound in any manner by any statements, representations, or promises made by any person representing or assuming to represent Provider, unless such statements, representations, or promises are set forth in this Agreement.
- E. Successors and Assigns.** Except as set forth herein, this Agreement shall bind and inure to the benefit of the successors and assigns of The Village and the heirs, executors, administrators, and assigns of the Resident.

- F. Power of Attorney, Will, Living Will, and Health Care Power of Attorney.** The Resident agrees to execute a power of attorney designating some competent person as attorney-in-fact. The Resident is also encouraged to execute a will, Living Will and Health Care Power of Attorney. The Resident shall provide The Village with copies of Power of Attorney, Living Will, and Health Care Power of Attorney, as well as the location of the Will, prior to occupancy.
- G. Transfer of Property.** The Resident agrees not to make any gift or other transfer of property for less than adequate consideration for the purpose of evading the Resident's obligations under this Agreement or if such gift or transfer would render such Resident unable to meet such obligations.
- H. Governing Law.** This Agreement shall be governed by the laws of the State of North Carolina.
- I. Disclosure Statement.** The Resident acknowledges that a current copy of the Disclosure Statement for The Village at Brookwood has been received.
- J. Third Party Injuries and Claims.** Provider is not required to provide any medical, surgical, nursing or other care for the Resident when the Resident is injured as a result of the fault or negligence of a third party or parties. The Resident shall promptly notify Provider of any such injury. In the event that Provider provides such care as can be furnished by its employees and facilities, the Resident hereby assigns to Provider any compensation that the Resident may recover from such third party or parties to the extent necessary to reimburse Provider for the cost of such care furnished by Provider. The Resident or his legal representative shall have the duty to pursue diligently any and all proper claims for compensation due from a third party or parties for injury to the Resident and to cooperate with Provider in collecting such compensation and reimbursing Provider for the cost of all such care provided the Resident.
- K. Affiliations of the Provider.** The Village at Brookwood is not affiliated with any religious or charitable provider other than its owner, The Well Spring Group. All financial and contractual obligations of The Village at Brookwood will be the sole responsibility of The Village; the owner will not be responsible for any of these obligations.
- L. Notice Provisions.** Any notices, consents, or other communications to The Village hereunder (collectively "notices") shall be in writing and addressed as follows:

IV. TERMS OF OCCUPANCY

- A. **Rights of Resident.** The Resident has the right to occupy, use, and enjoy the Residence, common areas, amenities, programs, and services of The Village during the term of this Agreement. It is understood that this Agreement does not transfer or grant any interest in the real or personal property owned by the Provider other than the rights and privileges as described in this Agreement.

- D. **Visitors.** The Resident shall be free to invite guests to the Residence for daily and overnight visits. Guest rooms may be available from time to time at a reasonable rate for overnight stays by your guests. The Village reserves the right to make rules regarding visits and guest behavior and may limit or terminate a visit at any time for reasons it deems appropriate. Two (2) weeks is the maximum continuous stay for guests unless prior approval from the Executive Director is obtained. Except for short-term guests, no person other than the Resident or a Co-Resident, if any, may reside in the Residence without prior approval of The Village.
- E. **Occupancy by Two Residents.** In the event that two Residents occupy a Residence under the terms of this Agreement, upon the permanent transfer to the Health Care Center or the death of one Resident, or in the event of the termination of this Agreement with respect to one of the Residents, the Agreement shall continue in effect as to the remaining or surviving Resident who shall have the option to retain the same Residence. Should the remaining or surviving Resident wish to move to another residence, the policies of The Village governing said residence transfer will prevail.
- F. **Addition of a Co-Resident or Marriage.** If a Resident marries a person who is also a Resident, the two Residents may occupy the Residence of either Resident and shall surrender the Residence not to be occupied by them. Such married Residents will pay the Monthly Fee for double occupancy associated with the Residence occupied by them. In the event that a Resident shall marry a person who is not a Resident of The Village, the spouse may become a Resident if such spouse meets all the current requirements for admission to The Village, enters into a current version of the Fee for Service Residence and Services Agreement with Provider, and pays the current single person Entrance Fee for the smallest one bedroom apartment at The Village. The

Resident and spouse shall pay the Monthly Fee for double occupancy associated with the Residence occupied by them. If the Resident's spouse does not meet the requirements of The Village for admission as a resident, the Resident may terminate this Agreement in the same manner as provided in Section VI.B. hereof with respect to a voluntary termination.

G. Loss or Damage of Property. Provider shall not be responsible for the loss or damage of any property belonging to the Resident due to theft, mysterious disappearance, fire or any other cause. Resident shall provide any desired insurance protection covering any such personal loss. Provider shall insure all property (except personal property) within all residences and common areas belonging to The Village.

H. Health Insurance and Assignments. If not already enrolled, the Resident shall apply for and secure, before taking occupancy, coverage under Medicare Parts A and B and any other hospital or medical insurance benefit program which supplements Medicare or other comparable insurance accepted by Provider. The Resident shall provide Provider with evidence of such coverage or of an acceptable substitute insurance plan, and shall pay all premiums.

The Resident shall authorize, as necessary, any provider of hospital, medical, and health services to receive reimbursement under the programs designated in this Section IV.H.

If the Resident is or becomes entitled to medical care and/or reimbursement from governmental agencies or insurance policies, application shall be made for such care and benefits, and the Resident shall assign all insurance proceeds receivable to Provider to the extent necessary to reimburse Provider for all health care expenditures made by Provider on behalf of the Resident.

I. Right of Entry. Resident hereby authorizes employees or agents of Provider to enter the Residence for reasonable purposes, including without limitation the following: housekeeping, repairs, maintenance, inspection, fire drills, and in the event of emergency. Provider shall when feasible use reasonable efforts to enter at scheduled times or upon prior notice to Resident. Resident shall afford Provider's employees or agents access to all areas of the Residence when requested to ensure that the Residence is maintained in good repair in accordance with this Agreement and to ensure the health and safety of Resident and other Residents.

J. Residents' Association. Residents of The Village are encouraged to participate in the Residents' Association Committees. The organization elects representatives, officers, and other positions to engage in concerted activities set forth by the Residents' Association.

K. Tobacco Free Campus. The Village at Brookwood is a Tobacco Free Campus. Smoking and tobacco use is prohibited for residents, staff and visitors.

V. TRANSFERS OR CHANGES IN LEVELS OF CARE

- A. Voluntary Transfer between Independent Residences.** The Resident may transfer from one independent Residence to another. The Resident shall comply with The Village's current Resident Transfer Advantage Program for selection of such Residence. There may be a refurbishment fee (for the Residence being vacated) charged for such a transfer.
- 1. Transfer of Resident to a Larger Residence.** If the Resident elects to transfer to a larger Residence, an additional Entrance Fee (according to the Entrance Fee at the original Date of Occupancy) equal to the difference between the Entrance Fee for the smaller Residence and the Entrance Fee for the larger Residence will be due to The Village. The Resident will also pay the Monthly Service Fee associated with the larger Residence.
 - 2. Transfer of Resident to a Smaller Residence.** The Resident may elect to transfer to a smaller Residence, and pay the current monthly service fee for that Residence. The transfer to a smaller Residence shall not result in any entrance fee refund.
- B. Transfer to the Health Care Center.** The Resident agrees that Provider shall have authority to determine that the Resident be transferred from one level of care to another level of care within The Village. Such determination shall be based on the professional opinion of the Medical Director, and shall be made after reasonable efforts to consult with the Resident or the Resident's chosen and legal representative.
- C. Transfer to Hospital or Other Facility.** If it is determined by Provider that the Resident needs care beyond that which can be provided by The Village, the Resident may be transferred to a hospital, center, or institution equipped to give such care and such care will be at the expense of the Resident. Such transfer of the Resident will be made only after consultation to the extent possible with the Resident or the Resident's chosen and legal representative.
- D. Surrender of Residence.** If a determination is made by Provider that any transfer described in Section V.B. or V.C. is likely to be permanent in nature, the Resident agrees to surrender the Residence upon such transfer. The Provider shall continue charging the monthly fees until such time that the Residence is vacated. If Provider subsequently determines that the Resident can resume occupancy in a Residence or accommodation comparable to that occupied by the Resident prior to such transfer, the Resident shall have priority to such residence as soon as it becomes available.

VI. TERMINATION AND REFUND PROVISIONS

- A. Termination by Resident Prior to Occupancy.** This Agreement may be terminated by the Resident for any reason prior to occupancy by giving written notice to Provider. In the event of such termination, the Resident shall receive a refund of the 10% Deposit paid by the Resident, less any expenses incurred by The Village and less a nonrefundable fee equal to 2% of the total amount of the Entrance Fee.

If the Resident dies before occupying the Residence, or if, on account of illness, injury, or incapacity, the Resident would be precluded from occupying the Residence under the terms of this Agreement, this Agreement is automatically canceled. The nonrefundable fee (equal to 2% of the total amount of the Entrance Fee) will not be charged, however, if such termination is because of death of a Resident, or because the Resident's physical, mental or financial condition makes the Resident ineligible for entrance to The Village.

Any such refund shall be paid by The Village within sixty (60) days following receipt of notification of such termination. Provider requires that such notification be in writing.

- B. Voluntary Termination after Occupancy.** At any time after occupancy, the Resident may terminate this Agreement by giving Provider thirty (30) days written notice of such termination. Such notice effectively releases the Residence to The Village. Any refunds of the Entrance Fee due to the Resident shall be calculated as described in Section II.A. Any refund due the Resident under this paragraph will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.
- C. Termination upon Death.** In the event of death of the Resident at any time after occupancy, this Agreement shall terminate and the refund of the Entrance Fee paid by the Resident shall be calculated as described in Section II.A. Any refund due to the Resident's estate will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.
- D. Termination by Provider.** Provider may terminate this Agreement at any time if there has been a material misrepresentation or omission made by the Resident in the Resident's Application for Admission, Personal Health History, or Confidential Financial Statement; if the Resident fails to make payment to Provider of any fees and charges due The Village within sixty (60) days of the date when due; or if the Resident does not abide by the rules and regulations adopted by Provider or breaches any of the terms and conditions of this Agreement. Any refunds of the Entrance Fee due to the Resident shall be calculated as described in Section II.A. Any refund due the Resident under this paragraph will be made at such time as such Resident's Residence shall have been reserved by a prospective resident and such prospective resident shall have paid to The Village the full Entrance Fee, or within one (1) year from the date of termination, whichever first occurs. All refunds may be reduced by the cost of returning the Residence to its original condition and by any outstanding charges due from Resident.

- E. Condition of Residence.** At termination of this Agreement, the Resident shall vacate the Residence and shall be liable to The Village for any cost incurred in restoring the Residence to good condition except for normal wear and tear. The Provider shall continue charging the monthly fees until such time that the Residence is vacated. Any refunds due the Resident upon termination may be credited against the cost of returning the Residence to its original condition.

VII. RIGHT OF RESCISSION

Notwithstanding anything herein to the contrary, this Agreement may be rescinded by the Resident giving written notice of such rescission to The Village within thirty (30) days following the later of the execution of this Agreement or the receipt of the Disclosure Statement that meets the requirements of Section 58-64-25, et.seq. of the North Carolina General Statutes. In the event of such rescission, the Resident shall receive a refund of the Entrance Fee paid by the Resident, less 2%. The Resident shall not be required to move into The Village before the expiration of such thirty (30) day period. Any such refund shall be paid by The Village within sixty (60) days following receipt of written notice of rescission pursuant to this paragraph.

VIII. FINANCIAL ASSISTANCE

Provider declares that it is the intent of The Village to permit a Resident to continue to reside at The Village if the Resident is no longer capable of paying the prevailing fees and charges of The Village as a result of financial reversals occurring after occupancy, provided such reversals, in Provider's judgment, are not the result of willful or unreasonable dissipation of the Resident's assets. In the event of such circumstances, Provider will give careful consideration to subsidizing the fees and charges payable by the Resident so long as such subsidy can be made without impairing the ability of Provider to operate on a sound financial basis. Any determination by Provider with regard to the granting of financial assistance shall be within the sole discretion of Provider.

IX. GENERAL

- A. Relationships between Residents and Staff Members.** Employees of The Village are supervised solely by The Village's management staff, and not by residents. Employees and their families may not accept gratuities, bequests, or payment of any kind from residents. Any complaints about employees or requests for special assistance must be made to the appropriate supervisor or to the Executive Director or his/her designee. The Resident acknowledges and agrees that the Resident or the Resident's family will not hire The Village's employees or solicit such employees to resign their employment at The Village in order to work for the Resident or the Resident's family. The Resident also acknowledges and agrees that, unless consented to by The Village, the Resident will not hire any former Village employee until three (3) months has elapsed from the date of termination of the person's employment at The Village.
- B. Assignment.** The rights and privileges of the Resident under this Agreement to the Residence, common areas, and amenities, and services, and programs of The Village

are personal to the Resident and may not be transferred or assigned by the Resident or otherwise.

The Village retains all authority regarding acceptance of Residents, adjustment of fees, financial assistance, and all other aspects of the management of The Village. Residents do not have the right to determine admission or terms of admission of any other Resident.
- D. **Entire Agreement.** This Agreement constitutes the entire agreement between Provider and the Resident. Provider shall not be liable or bound in any manner by any statements, representations, or promises made by any person representing or assuming to represent Provider, unless such statements, representations, or promises are set forth in this Agreement.
- E. **Successors and Assigns.** Except as set forth herein, this Agreement shall bind and inure to the benefit of the successors and assigns of The Village and the heirs, executors, administrators, and assigns of the Resident.
- F. **Power of Attorney, Will, Living Will, and Health Care Power of Attorney.** The Resident agrees to execute a power of attorney designating some competent person as attorney-in-fact. The Resident is also encouraged to execute a will, Living Will and Health Care Power of Attorney. The Resident shall provide The Village with copies of Power of Attorney, Living Will, and Health Care Power of Attorney, as well as the location of the Will, prior to occupancy.
- G. **Transfer of Property.** The Resident agrees not to make any gift or other transfer of property for less than adequate consideration for the purpose of evading the Resident's obligations under this Agreement or if such gift or transfer would render such Resident unable to meet such obligations.

- I. **Disclosure Statement.** The Resident acknowledges that a current copy of the Disclosure Statement for The Village at Brookwood has been received.
- J. **Third Party Injuries and Claims.** Provider is not required to provide any medical, surgical, nursing or other care for the Resident when the Resident is injured as a result of the fault or negligence of a third party or parties. The Resident shall promptly notify Provider of any such injury. In the event that Provider provides such care as can be furnished by its employees and facilities, the Resident hereby assigns to Provider any compensation that the Resident may recover from such third party or parties to the extent necessary to reimburse Provider for the cost of such care furnished by Provider. The Resident or his legal representative shall have the duty to pursue diligently any and all proper claims for compensation due from a third party or parties for injury to the

Resident and to cooperate with Provider in collecting such compensation and reimbursing Provider for the cost of all such care provided the Resident.

The Reserved Residence and The Village may vary somewhat from the information furnished to you. The Village will furnish you with a Disclosure Statement as required by North Carolina law.

- The Reservation Fee shall equal ten percent (10%) of the Entrance Fee (less the One Thousand Dollar (\$1,200.00) FAP fee, if applicable) as set forth in Exhibit A. It shall be paid upon execution of this Reservation Agreement and will be credited to the total Entrance Fee. The Entrance Fee for your Reserved Residence for the Refund Option selected shall not be increased above the Entrance Fee set forth on Exhibit A.

If additional information is required, you or your physician will be contacted, and The Village may contact and request information from other physicians and health care providers who have provided you with treatment.

Once The Village has received the additional information from your physician, The Village will evaluate your eligibility for residency at The Village in accordance with its residency criteria. For residency at The Village, applicants must be at least sixty-two (62) years of age, in the case of Co-applicants, the Co-applicant must be at least fifty-five (55) years of age, able to live independently, and possess adequate resources to meet present and future financial obligations to The Village for the Reserved Residence selected.

Your race, color, gender, religious beliefs, sexual orientation, or national origin will not have any bearing upon whether you are accepted into The Village.

If you are approved for residency at The Village, an acceptance letter will be sent welcoming you. You agree to execute the then current version of the Residence and Services Agreement within seven (7) calendar days after The Village notifies you that you have been accepted for residency at The Village.

You agree that if you are accepted for residency by The Village and decide to sign a Residence and Services Agreement, you will commence occupancy on a mutually agreed upon date. This date shall not be more than ninety (90) calendar days after you sign the Residence and Services Agreement. The Village will use its best efforts to establish an occupancy date that is acceptable to you. The balance of the Entrance Fee and first month's Monthly Fee shall be due and payable at or before your Target Occupancy Date.

TERMINATION AND REFUNDS

This Agreement will terminate upon any of the following occurrences:

- (a) you fail to pay the Reservation Fee;
- (b) you die, or if your Co-applicant dies, before the Residence and Services Agreement becomes effective;
- (c) you submit to The Village written notice of termination of Agreement for any reason;
- (d) you are not accepted by The Village;
- (e) you fail to sign a Residence and Services Agreement in accordance with the terms of this Agreement;
- (f) you experience changes in your financial status prior to occupancy at The Village that causes you to fail to meet The Village's financial qualifications for admission;
- (g) you experience changes in your health status that prevent you from being able to live in independent living.

The Reservation Fee, less any fees charged by The Village, will be credited to the balance of the Entrance Fee when payment of that balance is due.

If you or The Village terminate this Agreement for a reason other than your signing a Residence and Services Agreement, The Village shall have the right to reassign the Reserved Residence, and you will have no further rights to that Reserved Residence except that a surviving Co-applicant shall be given the opportunity to enter into a new Reservation Agreement for the Reserved Residence based on single occupancy or on joint occupancy with another Co-applicant before the Reserved Residence is offered to others. In case of termination of this Agreement for reasons set forth in a., b., d., f., and g. above, The Village will return all Reservation Fees, less any fees charged by The Village, to you or your legal representative. Should this Agreement be terminated for the reasons set forth in c. or e. above, in addition to any fees charged by The Village, The Village reserves the right to withhold an administrative charge of two percent (2%) of your total Entrance Fee amount, from any refunds owed to you to the extent permitted by law.

Any refund due to you will be made within sixty (60) days after the termination of this Agreement (unless this Agreement is terminated as a result of you and The Village entering into a residence and Services Agreement in which no refund is due hereunder).

MISCELLANEOUS

Your rights under this Agreement may not be transferred to any other person. When a reservation is made by Co-applicants, the word "you" shall be deemed to include both of you.

This Agreement will be governed by the laws of the State of North Carolina, and specifically by the North Carolina law governing continuing care facilities, Chapter 58, Article 64 of the General Statutes of North Carolina.

Notices shall be given in writing and shall be given to The Village or to you at the addresses set forth in Exhibit A, or at such address as The Village and you shall specify in writing to each other.

By signing this Agreement, you certify that you understand and agree to its terms.
