III. **POLICIES – ADMISSION**

A. **Independent Living**

1. In order for an individual to be accepted as a RESIDENT of a ThriveMore community, the individual must be a minimum of sixty-two (62) years of age and in reasonable health sufficient to be capable of maintaining an independent living arrangement as determined by ThriveMore. After the acceptance of a RESIDENT, but prior to occupancy, if ThriveMore should determine that the RESIDENT has become incapable of independent living, the Agreement shall be canceled. After occupancy, the RESIDENT'S right to occupy an independent living residence shall terminate upon ThriveMore's determination that the RESIDENT is no longer capable of independent living. When it is determined by the ThriveMore organization that a RESIDENT can no longer live safely in an independent living environment and his/her right to occupy an independent living apartment has been terminated, he/she can elect to leave the community and if his/her occupancy has lasted for less than twenty four (24) months, receive a partial refund of the "fee" paid by him/her to the organization at the time of admission. The RESIDENT can also, if he/she elects this option, enter the organization's

health care center at the health care center's current rates if ThriveMore concludes that the health care center can provide the level of services the RESIDENT'S condition requires. If the RESIDENT elects the above mentioned option, he/she will not be required to pay an entrance fee for admission to the health care center nor will he/she receive a partial refund of the "fee" paid to the organization at the time of admission.

2. In general, the individual must pay the admission fees and be capable of paying the reasonable periodic fees as determined by ThriveMore in order to be accepted as a RESIDENT. The RESIDENT agrees to prudently conserve and maintain current and future income and assets in order to provide for payment of services to be provided by ThriveMore under this Agreement or otherwise. Upon verification satisfactory to ThriveMore that RESIDENT has complied with this obligation and that RESIDENT'S income and assets are no longer sufficient to pay for services required, ThriveMore will endeavor to provide assistance to RESIDENT by prudent use of finite funds available to it for such purposes. ThriveMore has no legal obligation to provide such assistance and is unable to represent or guarantee with certainty that such assistance will be available to RESIDENT. In any event, such assistance as may be available will be provided only after RESIDENT has applied for and taken all necessary steps to qualify for any public benefit program, or private funds or programs through which benefits may be available for payment of services required by RESIDENT.

ThriveMore offers three (3) options for entrance fee payments to the residents. The RESIDENT may choose between a Traditional Payment Program, a Fifty-Percent Refund Program, and a Ninety-Percent Refund Program. The Traditional program provides for a sixty (60) month amortization of the RESIDENT'S entrance fee (after sixty (60) months, there is no remaining equity). The Fifty-Percent Refund Program provides for a fifty-percent refund of the entrance fee paid at admission and the Ninety-Percent Refund Program provides for a ninety percent refund of the entrance fee paid at admission. The Fifty-Percent Refund Program is offered to RESIDENTS at a cost of 1.4 times the Traditional Program entrance fees. The Ninety-Percent Refund Program is offered to garden home RESIDENTS at a cost of 1.8 times the Traditional Program entrance fees.

ThriveMore may, in its sole discretion, offer up to five (5) RESIDENTS per year, with a maximum cap of twenty-five (25), an option to pay only twenty-five percent (25%) of the required Entrance Fee at least 30 days prior to occupancy and execute a Promissory Note stating that the RESIDENT will pay the remaining seventy-five percent (75%) of the Entrance Fee upon the earlier of the sale or transfer of title to the Resident's property or two (2) years. RESIDENTS participating in this Deferred Entrance Fee Plan will

also be required to execute a Deed of Trust securing the Promissory Note. The Deferred Entrance Fee Plan provides for a twenty-four (24) month amortization of the amount of the Entrance Fee RESIDENT has actually paid (after twenty-four (24) months, there is no remaining equity).

3. If a RESIDENT marries while at the Community, the RESIDENT must have the advance written permission of ThriveMore for the non-resident spouse to live in an apartment unit with the RESIDENT. Such permission is conditioned upon the non-resident spouse's ability and willingness to pay the difference between the "single" and "two person" monthly fee. The non-resident spouse must also agree to prudently conserve and maintain his/her current and future financial assets in order to provide for payment of services to be provided by the ThriveMore organization. The non-resident spouse must also be willing to submit medical information demonstrating his/her ability to live independently as determined by the ThriveMore organization. Lastly, admission of a non-resident spouse is conditioned on the execution of a new Residence and Services Agreement. Until such an Agreement is reached, the new spouse has no rights or privileges under the existing Agreement with the RESIDENT and cannot reside in his/her apartment. If a RESIDENT of ThriveMore marries a ThriveMore RESIDENT (with the permission of the ThriveMore organization), only one of the apartments used by the new couple can be occupied and the other must be relinquished. If the RESIDENT relinquishing his/her apartment has lived in that unit for less than twenty-four (24) months, ThriveMore will refund to the RESIDENT an amount equal to the amortized remaining value of the entrance fee paid by the RESIDENT. The refund will be made upon the re-occupancy of the unit and receipt and unrestricted use of the entrance fee from the successor resident. The new double occupant will be expected to pay the double occupancy monthly rate.
4. The RESIDENT must agree to prudently conserve and maintain current and future income and assets in order to provide for the payment of services. Upon verification that the RESIDENT has complied with this obligation and that the RESIDENT'S income and assets are no longer sufficient to pay for the services required, ThriveMore will endeavor to provide financial assistance to the RESIDENT pursuant to the Apartment Residence Agreement. ThriveMore has no legal obligation to provide such assistance and does not represent or guarantee that such assistance will be provided to a RESIDENT.
5. The following paragraphs provide a description of the refund provisions for rescinded or cancelled contracts:

The RESIDENT may cancel the Residence and Services Agreement within thirty (30) days following the latter of the execution of the contract or the receipt of a disclosure statement by giving written notice to ThriveMore, and the RESIDENT is not required to move into the facility during the above mentioned thirty (30) day automatic Rescission period. Under such circumstances, the RESIDENT would receive a full refund of any entrance fees paid. The RESIDENT will receive the “refund” within sixty (60) days following the receipt of the written notice. After the initial 30 day period following the payment of the full entrance fee but prior to occupancy, the RESIDENT may cancel the Agreement by giving ten (10) days written notice to ThriveMore and receive a refund of the entrance fees paid less 4% of the entrance fee for the standard contract. The refund will be paid within sixty (60) days following receipt of the written notice. If a RESIDENT dies before occupying an independent living unit in the facility, or if, on account of illness, injury, or incapacity, a RESIDENT would be precluded from occupying an independent living unit in the facility under the terms of the contract for continuing care, the contract is automatically cancelled. As noted above, should a RESIDENT die after the initial period of thirty (30) days but prior to move-in, he/she will be entitled to a full refund of the entrance fee paid. During the first sixty (60) months of occupancy, the RESIDENT may cancel the Agreement by giving thirty (30) days written notice to ThriveMore. ThriveMore will refund to the RESIDENT all amounts paid to the organization as an entrance fee less an amount equal to the amortized remaining value of the entrance fee based on a twenty-four (24) month term; provided, however, that a RESIDENT participating in the Deferred Entrance Fee Plan will only be entitled to a refund equal to the amortized remaining value of the portion of the entrance fee actually paid based on a twenty-four (24) month term starting with the date of occupancy. The RESIDENT will receive his/her entrance fee “refund” when RESIDENT’s apartment home has been occupied by another RESIDENT or within two (2) years of his/her termination of the Apartment Resident Agreement, whichever event occurs sooner. If the RESIDENT who purchased the Traditional Payment Plan or participated in the Deferred Entrance Fee Plan cancels the Agreement after twenty-four (24) months of occupancy, there shall be no refund of the entrance fee. The RESIDENT who purchased the Legacy Asset Management Program has a ninety percent (90%) refund option for life. ThriveMore may cancel the Residence and Services Agreement prior to or following occupancy by the RESIDENT, upon determining that the RESIDENT has either become incapable of independent living or has failed to comply with the obligations assumed pursuant to the Agreement. In the event of such cancellation, the RESIDENT shall receive a full refund if cancellation occurs prior to occupancy; a partial refund if cancellation occurs during the first twenty-four (24) months of occupancy, and, no refund if cancellation occurs thereafter.

If RESIDENT voluntarily terminates this Agreement, the applicable refund will be made at the earlier of two (2) years after ThriveMore is notified of termination or such time as ThriveMore has obtained an executed Residence and Services Agreement and has received full payment and unrestricted use of the Entrance Fee for the Apartment. ThriveMore shall make reasonable efforts to secure a RESIDENT for the Apartment as is feasible.

If a RESIDENT who has purchased the Traditional Payment Plan dies within twenty-four (24) months of occupancy, a refund of the unamortized entrance fee will be made to the estate of the RESIDENT. The estate of a RESIDENT who participated in the Deferred Entrance Fee Plan will only be entitled to a refund equal to the amortized remaining value of the portion of the entrance fee actually paid based on a twenty-four (24) month term starting with the date of occupancy. The refund will be issued when the residence has been released or two (2) years, whichever is sooner. No refund is made if death occurs after the first sixty (6) months of occupancy. If a RESIDENT who has purchased the Legacy Asset Management Program dies, a refund of ninety percent (90%) of the Entrance Fee will be paid to his/her estate when the residence has been released or two (2) years, whichever comes sooner.

A RESIDENT's contract with ThriveMore can be terminated if the RESIDENT being provided service requires a higher level of care than can be provided in the RESIDENT's current setting. In such a case, every effort would be made to place the RESIDENT at an appropriate level of care within ThriveMore's system. If a contract is terminated by ThriveMore, a refund of the unamortized entrance fee will be made to the RESIDENT as soon as the RESIDENT's residence has been released or two (2) years whichever is sooner.

6. If RESIDENT is away from The Gardens of Taylor Glen Retirement Community for thirty (30) consecutive days, he/she will receive a credit equal to the price for thirty (30) meals for each person on the monthly statement following the thirty (30) day period. If for any reason, RESIDENT returns to The Gardens of Taylor Glen Retirement Community for an overnight stay, he/she will be ineligible to take advantage of the away rate. The away rate can be taken for a maximum of three (3) months.
7. Upon cancellation of the Agreement by the RESIDENT or ThriveMore, the independent living apartment of the prior RESIDENT may be made available to a different or new resident by ThriveMore if the rights of all residents residing in the independent living apartment have been terminated.

B. Adult Care Home

1. In order for an individual to be accepted as a RESIDENT, the individual must be a minimum of sixty-two (62) years of age and in the mental and physical condition to be able to adequately function at the Adult Care Home level of care, which is determined by ThriveMore's Admissions Committee. After the acceptance of a RESIDENT, if ThriveMore should determine that the RESIDENT has become incapable of functioning at an Adult Care Home level of care, the Agreement shall be canceled pursuant to Sections IV of the Residence and Services Agreement.
2. Also, in general, the individual must be capable of paying the reasonable periodic fees as determined by ThriveMore in order to be accepted as a RESIDENT. The RESIDENT agrees to prudently conserve and maintain current and future income and assets in order to provide for payment of services to be provided by ThriveMore under this Agreement or otherwise. Upon verification satisfactory to ThriveMore that the RESIDENT has complied with this obligation, and that the RESIDENT'S income and assets are no longer sufficient to pay for services required, ThriveMore will endeavor to provide financial assistance to the RESIDENT, by prudent use of finite funds available to it for such purposes. ThriveMore has no legal obligation to provide such assistance and is unable to represent or guarantee with certainty that such assistance will be available to the RESIDENT. In any event, such assistance as may be available will be provided only after the RESIDENT has applied for and taken all necessary steps to qualify for any available public benefit program, or private funds or programs through which benefits may be available for payment of services required by the RESIDENT.
3. If a RESIDENT marries while at the facility, the RESIDENT must have the advanced written permission of ThriveMore for the new spouse to live with the RESIDENT. Such permission is conditioned upon negotiation and execution of a new written Resident Agreement and shall be subject to the appropriate fees. Until such an Agreement is reached, the new spouse has no rights or privileges under the existing Agreement with the RESIDENT.
4. The RESIDENT must agree to prudently conserve and maintain current and future income and assets in order to provide for the payment of services. Upon verification that the RESIDENT has complied with this obligation and that the RESIDENT'S income and assets are no longer sufficient to pay for the services required, ThriveMore will endeavor to provide financial assistance to the RESIDENT pursuant to the Resident Agreement. ThriveMore has no legal obligation to provide such assistance and does not represent or guarantee that such assistance will be provided to a RESIDENT.

5. The RESIDENT may cancel the Resident Agreement within thirty (30) days of execution and prior to occupancy by giving written notice to ThriveMore and receive a full refund of any admission fees paid within thirty (30) days of termination. After the initial thirty (30) day period but prior to occupancy, the RESIDENT may cancel the Agreement by giving thirty (30) days written notice to ThriveMore and receive all amounts paid on behalf of the RESIDENT less five thousand dollars (\$5,000.00) paid within thirty (30) days of termination. If RESIDENT dies before occupying the Room, the agreement is automatically cancelled and ThriveMore will refund all amounts paid on behalf of the RESIDENT within thirty (30) days of termination.

ThriveMore may cancel the Resident Agreement prior to or following occupancy by the RESIDENT, upon determining that the RESIDENT has either become incapable of living at the Adult Care Home level of care or has failed to comply with the obligations assumed pursuant to the Agreement.

A RESIDENT's contract with ThriveMore can be terminated if the RESIDENT being provided services requires a higher level of care than can be provided in the RESIDENT's current setting. In such a case, every effort would be made to place the RESIDENT at an appropriate level of care within the ThriveMore system.

6. Upon cancellation of the Agreement by the RESIDENT or ThriveMore, the Adult Care Home room of the prior RESIDENT may be made available to a different or new resident by ThriveMore if the rights of the RESIDENT residing in the Adult Care Home room have been terminated.

Board of Trustees

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Baptist Retirement Homes of North Carolina, Incorporated dba Thrivemore and Affiliate (collectively, the Organization), which comprise the consolidated balance sheets as of September 30, 2023 and 2022, and the related consolidated statements of activities, changes in net assets, and cash flows for the years then ended, and the related notes to consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of September 30, 2023 and 2022, and the results of their operations, and changes in their net assets, and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

Auditors' Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

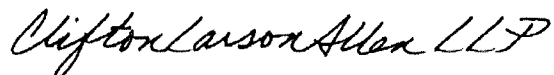

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The supplementary information on pages 35 to 39 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Baptist Retirement Homes of North Carolina, Incorporated dba Thrivemore (Homes) is a church-related nonprofit corporation organized under the laws of the state of North Carolina. The trustees of the Homes are nominated and elected by the board. The Homes has a historical relationship with the Baptist State Convention of North Carolina.

The Baptist Retirement Homes Foundation (the Foundation) was established primarily to raise funds for the benevolent ministries of the Homes.

The board of directors of the Foundation is elected by the board of trustees of the Homes.

Homes owns, maintains, and operates facilities throughout North Carolina for the purpose of providing for the care of older adults. The facilities consist of independent living homes and apartments, with freestanding and combination facilities that include assisted living residences, memory-care residences, and skilled nursing care rooms. Homes receives direct support from North Carolina Baptist churches, special church offerings, grants from foundations and through gifts and bequests from individuals and businesses to assist with capital projects and the benevolent ministries of the Homes.

Principles of Consolidation

The consolidated financial statements include the accounts of the Homes and the Foundation (collectively, the Organization). All material related party balances and transactions have been eliminated in consolidation.

Basis of Presentation

The Organization classifies its funds for accounting and reporting purposes as either with or without donor restrictions:

Net Assets Without Donor Restrictions

Resources of the Organization that are not restricted by donors or grantors as to use or purpose. These resources include amounts generated from operations, undesignated gifts, and the investment in property and equipment.

Net Assets With Donor Restrictions

Resources that carry a donor-imposed restriction that permits the Organization to use or expend the donated assets as specified for which the restrictions are satisfied by the passage of time or by actions of the Organization. These resources may also include amounts restricted by the donor in perpetuity, but may permit the Organization to use or expend part or all of the income derived from the donated assets. As restrictions are met, the contributions are released from net assets with donor restrictions and are transferred to net assets without donor restrictions. Those resources for which the restrictions are met in the same fiscal year in which they are received are included in net assets without donor restrictions.

**NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (CONTINUED)**

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments with an original maturity of three months or less from the date of acquisition, which are not included in investments.

Accounts Receivable

The Organization records accounts receivable at the total unpaid balance, which approximates fair value as of September 30, 2023 and 2022. The Organization determines past due status based on the billing dates, and charges a late fee on overdue accounts. The Organization provides an allowance for uncollectible accounts using management's judgment. Accounts past due are individually analyzed for collectability. Accounts receivable that management determines will be uncollectible are written off upon such determination. It is the Organization's policy to seek collection on all overdue accounts.

Contributions and Support

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at their fair value, which is measured at the present value of their future cash flows. Contributions receivable was approximately \$158,000 and \$145,000 at September 30, 2023 and 2022, respectively.

Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. Conditional contributions with conditions met in the same reporting period in which they are received are reported as unconditional contributions.

Grant awards are evaluated by management and determined to either be unconditional contributions, exchange transactions, or conditional contributions. If considered to be an unconditional contribution, revenue from grants is recorded upon notification of the award. If considered to be an exchange transaction, revenue from grants is recorded as expenses are incurred under the terms of the respective grant agreement. If considered to be a conditional contribution, revenue from grants is recorded at the time the conditions on which they depend have been met.

POLICIES (CONTINUED)**

Contributions and Support (Continued)

A portion of the Organization's revenue is derived from cost-reimbursable grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific grant provisions. Any amounts received prior to incurring qualifying expenditures would be reported as refundable advances in the consolidated balance sheets. The Organization received no advance payments for the year ended September 30, 2023 and 2022.

Assets Limited as to Use

Assets limited as to use include amounts set aside to meet the operating reserve requirements of NC General Statute Chapter 58, Article 64 and amounts internally designated for future capital development. The board retains control over amounts held for future capital expenditures and may, at its discretion, subsequently use them for other purposes. The statutory operating reserve balance can only be released upon the submittal of a detailed request and approval of the Commissioner of the North Carolina Department of Insurance.

Investments

Investments in debt and equity securities are measured at fair value based on quoted market prices. In determining realized gains and losses, the cost of investments is determined using the first-in, first-out method. Donated investments are recorded at fair value at the date of gift.

The Organization's investments are classified as trading securities. The investments are managed by brokers who actively buy and sell investments within the Organization's Investment Policy Statement. As trading securities, the investments are not subject to other than temporary impairment as the unrealized gains and losses on the investments are shown above the performance indicator of increase in net assets without donor restrictions on the consolidated statements of activities and changes in net assets.

Assets in Split-Interest Agreements

The Organization is a beneficiary to several irrevocable split-interest agreements. These split-interest agreements are categorized as charitable remainder trusts and beneficial interests in perpetual trusts, both of which are included in net assets with donor restrictions. Assets in split-interest agreements are stated at fair value net of discounted future contractual payment obligations.

**NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (CONTINUED)**

Deferred Financing Costs

Deferred financing costs represent expenses incurred in connection with the permanent financing of the Homes and are deferred and amortized over the life of the related indebtedness using the straight-line method, which approximates the effective interest method. Deferred financing costs are net of accumulated amortization. Amortization expense was approximately \$14,000 and \$41,000 for the years ended September 30, 2023 and 2022, respectively, and is included as a component of interest expense on the consolidated statements of activities and changes in net assets.

Property and Equipment

Property and equipment are recorded at cost or, if donated, at market value at the date of contribution. All items with a cost over \$2,000 and an estimated useful life of 2 years or more are capitalized. Depreciation is computed over the estimated useful lives of the related assets, ranging from 3 to 31.5 years, using the straight-line method. All additions are depreciated beginning on the date of acquisition.

Homes periodically assesses its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. For assets to be held and used, impairment is determined to exist if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. For assets to be disposed of, impairment is determined to exist if the estimated net realizable value is less than the carrying amount.

Homes reports contributions of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long these assets must be maintained, Homes reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Deferred Revenue from Advance Fees

Advance fees paid by a resident, net of the estimated portion that is refundable to the resident, are recorded as deferred revenue and are amortized into income using the straight-line method over the estimated remaining life expectancy of the resident. Advance fees are refundable pro-rata over the first 24 or 60 months of residency depending on the contract type.

**NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING
POLICIES (CONTINUED)**

Obligation to Provide Future Services

The Organization annually calculates the present value of the net cost of future services and use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from advance fees. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from advance fees, a liability is recorded with the corresponding charge to income (obligation to provide future services and use of facilities). There was no liability recognized at September 30, 2023 and 2022. The discount rate used in calculating the present value of the net cost of future services was 8.02% for 2023 and 2022, and was based on the expected long-term rate of return on governmental obligations.

Resident Service Revenue

The Organization has agreements with third-party payors that provide for payments at amounts different from its established rates. Resident service revenue is reported at the estimated realizable amounts from residents, third-party payors, and others for services rendered.

Excess (Deficit) of Revenues Over (Under) Expenses

The consolidated statements of activities and changes in net assets include excess (deficit) of revenues over (under) expenses. Changes in net assets without donor restrictions, that are included in excess (deficit) of revenues over (under) expenses, consistent with industry practice, include unrealized gains and losses on investments in trading securities. Changes that are excluded include contributions of long-lived assets (including assets acquired using contributions that by donor restriction were to be used for the purposes of acquiring such assets), transfers of net assets, and net assets released from restrictions for property and equipment.

Income Taxes

The Homes and the Foundation are nonprofit organizations exempt from federal and state income taxes under Internal Revenue Code Section 501(c)(3).

The Homes and the Foundation file as tax-exempt organizations. Management is not aware of any activities that would jeopardize the tax-exempt status of the Homes or the Foundation. Management is not aware of any significant activities that are subject to tax on unrelated business income or excise or other taxes for the Homes or the Foundation.

The Homes and the Foundation follow guidance in the income tax standard regarding recognition and measurement of uncertain tax positions. The application of the standard has had no impact on the Homes' or the Foundation's consolidated financial statements.

Functional Expenses

The costs of program, management and general, and fundraising activities have been summarized on a functional basis in Note 12. Expenses not associated with a specific functional classification are allocated to program services, support services, and fundraising based on staff utilization or management's estimates of time spent, square footage, or other various allocation methods appropriate to the type of expense.

Fair Value of Financial Instruments

Fair value measurement applies to reported balances that are required or permitted to be measured at fair value under an existing accounting standard. The Organization emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability and establishes a fair value hierarchy. The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Organization has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Fair value measurement is based upon quoted prices, if available. If quoted prices are not available, fair values are measured using independent pricing models or other model-based valuation techniques such as the present value of future cash flows, adjusted for the security's credit rating, prepayment assumptions, and other factors such as credit loss assumptions. Securities valued using Level 1 inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets. Assets valued using Level 2 inputs include gift annuity funds and real estate investment trusts. Assets valued using Level 3 inputs include charitable remainder trusts and beneficial interests in perpetual trusts.

**NOTE 1 NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING

Fair Value of Financial Instruments (Continued)

Professional standards allow entities the irrevocable option to elect to measure certain financial instruments and other items at fair value for the initial and subsequent measurement on an instrument-by-instrument basis. The Organization has not elected to measure any existing financial instruments at fair value. The Organization may elect to measure newly acquired financial instruments at fair value in the future.

Risks and Uncertainties

The Organization holds investments in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments, either positively or negatively, will continue to occur in the near term and those changes could materially affect the Organization's investment and net asset balances and the amounts reported in the consolidated balance sheets of the Organization.

New Accounting Pronouncement

In February 2016, FASB issued ASU 2016-02 *Leases (Topic 842)*. The amendments in the update increase transparency and comparability among organizations by recognizing lease assets and lease liabilities on the statements of financial position and disclosing key information about leasing arrangements.

This pronouncement was effective and adopted by the Organization for the year ended September 30, 2023; however, the implementation of this standard did not have a material effect on the Organization. Lease disclosures for the year ended September 30, 2022 are made under prior lease guidance in FASB ASC 840.

Reclassifications

Certain amounts in the 2022 consolidated financial statements have been reclassified to conform to the 2023 presentation. These reclassifications had no effect on previously reported net assets or changes in net assets.

Subsequent Events

The Organization has evaluated its subsequent events through February 16, 2024, the date the consolidated financial statements were available to be issued.

NOTE 2 ASSETS LIMITED AS TO USE AND INVESTMENTS

Assets limited as to use at September 30 are summarized in the following table. Assets limited as to use are stated at fair value.

	<u>2023</u>	<u>2022</u>
Internally Designated for Capital Development:		
Cash and Cash Equivalents	\$ -	\$ 690,018
Internally Designated for Statutory Operating Reserve:

Total Assets Limited as to Use	<u>\$ 9,344,000</u>	<u>\$ 9,252,018</u>

Two of Homes' facilities are required by NC General Statute Chapter 58, Article 64 to fund an operating reserve account. The operating reserve must be an amount at least equal to 25% or 50% (depending on occupancy) of the forecasted operating expenses (net of depreciation and amortization) of the forecasted year, plus annual debt service. The operating reserve requirement for Brookridge Retirement Community was approximately \$7,042,000 and \$6,519,000 as of September 30, 2023 and 2022, respectively. The operating reserve requirement for The Gardens of Taylor Glen was approximately \$2,302,000 and \$2,043,000 as of September 30, 2023 and 2022, respectively.

Other investments, stated at fair value, at September 30 include:

NOTE 2 ASSETS LIMITED AS TO USE AND INVESTMENTS (CONTINUED)

Investment income and unrealized and realized gains for assets limited as to use, cash equivalents, and other investments are comprised of the following for the years ended September 30:

	<u>2023</u>	<u>2022</u>
Investment Income and Realized and Unrealized		
Gains:		
Interest and Dividend Income	\$ 1,639,545	\$ 2,013,328

Total	<u>\$ 1,534,559</u>	<u>\$ 6,959,614</u>
Unrealized Gain (Loss) on Investments	<u>\$ 5,116,953</u>	<u>\$ (18,581,304)</u>

The Organization has assessed the classification of its investments and determined the investments should be classified as trading securities. The investments are managed by two different investment brokers who have the ability to buy and sell investments within the parameters set forth by the Organization's investment policies. The brokers are not expressly limited to any number of transactions they can execute to achieve investment goals. Due to this, the investments are classified as trading securities. As trading securities, the investments are not subject to other-than-temporary impairment.

NOTE 3 ASSETS IN SPLIT-INTEREST AGREEMENTS

The irrevocable split-interest agreements in which the Organization has a beneficial interest are categorized as follows:

Charitable Remainder Trusts

A charitable remainder trust provides for payments to the grantor or other designated beneficiaries over the trust's term. The terms of most of the charitable remainder trusts which name the Organization as a remainder beneficiary are the lifetimes of the respective distribution recipients. At the end of the respective trust's terms, the remaining assets in which Homes has an interest will be distributed to the Organization.

Upon receipt of a beneficial interest in a charitable remainder trust, the present value of such interest is recorded as contribution revenue. The annual change in the present value of the beneficial interest is recorded as a change in value of charitable remainder trusts on the consolidated statements of activities and changes in net assets. Such valuations are based on estimated mortality rates and other assumptions that could change in the near term. The discount rates used in the calculations were 4.59% and 4.02% for the fiscal years 2023 and 2022, respectively.

NOTE 3 ASSETS IN SPLIT-INTEREST AGREEMENTS (CONTINUED)

Beneficial Interest in Perpetual Trust

Beneficial interest in perpetual trusts represents assets held in trust and administered by a third party, from which the Organization has the irrevocable right to receive a share of income from the trust's assets in perpetuity. These assets are stated at the fair value of the Organization's share of trust assets, which is an approximation of the present value of the estimated future distributions from this trust.

Upon receipt of an irrevocable interest in the income of a perpetual trust administered by a third party, the Organization records the fair value of estimated future distributions from the trust as permanently restricted contribution revenue. Over the term of the perpetual trust, income distributions to the Organization are included in investment income. Annual changes in the fair value of trust assets are recorded as permanently restricted gains or losses on the consolidated statements of activities and changes in net assets. Such valuations are based on estimated mortality rates and other assumptions that could change in the near term.

NOTE 5 LONG-TERM DEBT (CONTINUED)

In 2012, the Organization entered into a Construction and Permanent Loan Agreement to finance construction and renovations at Brookridge Retirement Community with a maximum borrowing of \$16,500,000. Interest only was due and payable for the first 12 months under the agreement and then principal and interest based on the bank's amortization schedule. On October 25, 2014, the Loan Agreement was finalized upon the completion of the construction project to adjust the principal and interest payments based on the actual borrowings. During the year ended September 30, 2020, the Organization refinanced this loan and recognized a loss on the early extinguishment of debt of approximately \$274,000 related to the write-off of unamortized deferred financing costs. Under the terms of the new agreement, the Organization is responsible for monthly payments consisting of interest and principal through maturity in June 2035 in the amount of \$81,065. The refinanced term loan carries an interest rate of 3.22%.

Security for the debt agreements consist of a pledge and assignment to the lender of all rights, title, interest in and first priority deeds of trust on all property of Brookridge and The Gardens of Taylor Glen.

The debt agreements contain certain payments and covenants, which include the maintenance of a long-term debt service coverage ratio, cash-to-debt ratio and restricts, among other things, incurrence of indebtedness, existence of liens on property, consolidations and mergers, disposition of assets and changes in members of the obligated group. At September 30, 2023 and 2022, management is not aware of any noncompliance with these requirements.

Aggregate maturities required on long-term debt as of September 30, 2023 are due in future years as follows:

NOTE 7 RESIDENT SERVICE REVENUE

Resident service revenue is reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing resident care. These amounts are due from residents, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Organization bills the residents and third-party payors several days after the services are performed. Service fees paid by residents for maintenance, meals, and other services are assessed monthly and are recognized as revenue in the period services are rendered. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Organization. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Organization believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to residents in the facilities receiving skilled nursing services or housing residents receiving services in the facilities. The Organization considers daily services provided to residents of the skilled nursing facilities, and monthly rental for housing services as a separate performance obligation and measures this on a monthly basis, or upon move-out within the month, whichever is shorter. Nonrefundable entrance fees are considered to contain a material right associated with access to future services, which is the related performance obligation. Revenue from nonrefundable entrance fees is recognized ratably in future periods covering a resident's life expectancy using a time-based measurement similar to the output method. Revenue for performance obligations satisfied at a point in time is generally recognized when goods are provided to residents and customers in a retail setting (for example, gift shop and cafeteria meals) and the Organization does not believe it is required to provide additional goods or services related to that sale.

Because all of its performance obligations have a duration of less than one year, the Organization has elected to apply the optional exemption provided in FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

The Organization determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Organization's policy, and/or implicit price concessions provided to residents. The Organization determines its estimates of contractual adjustments based on contractual agreements, its policy, and historical experience. The Organization determines its estimate of implicit price concessions based on its historical collection experience.

NOTE 7 RESIDENT SERVICE REVENUE (CONTINUED)

Agreements with third-party payors typically provide for payments at amounts less than the established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Organization's licensed nursing facilities participate in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). The nursing facilities were paid under the Medicare Prospective Payment System (PPS) for residents who are Medicare Part A eligible and met the coverage guidelines for skilled nursing facility services. The PPS was a per diem price-based system. CMS finalized the Patient Driven Payment Model (PDPM) to replace the existing Medicare reimbursement system effective October 1, 2019. Under PDPM, therapy minutes are removed as the primary basis for payment and instead the underlying complexity and clinical needs of a patient is used as a basis for reimbursement. In addition, PDPM introduces variance adjustment factors that change reimbursement rates during the resident's length of stay. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare and Medical Assistance programs are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

Medicaid

The Organization's licensed nursing facilities participate in the Medicaid program which is administered by the North Carolina Division of Health Benefits. Services rendered to Medicaid program beneficiaries are reimbursed using predetermined per diem rates as defined for each Medicaid provider in North Carolina. Annual cost report filings are required for Medicaid providers, which include the completion of the North Carolina Division of Health Benefit's supplemental schedules. For Continuing Care Retirement Facilities, the Supplemental Schedules do not contain a cost settlement.

Other

Payment agreements with certain commercial insurance carriers provide for payment using prospectively determined daily rates.

Approximately 12% and 12% of the Homes' resident service revenue for the years ended September 30, 2023 and 2022, respectively, was derived from Medicare. Approximately 14% and 13% of Homes' resident service revenue for the years ended September 30, 2023 and 2022, respectively, was derived from Medicaid.

NOTE 7 RESIDENT SERVICE REVENUE (CONTINUED)

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Organization's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations. Adjustments arising from a change in an implicit price concession impacting transaction price, were not significant in 2023 or 2022.

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Organization estimates the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent charges to the estimate of the transaction price are recorded as adjustments to resident services revenue in the period of the change. Additional revenue recognized due to changes in its estimates of implicit price concessions, discounts, and contractual adjustments were not considered material for the years ended September 30, 2023 and 2022. Subsequent changes that are determined to be the result of an adverse change in the resident's ability to pay are recorded as bad debt expense.

The Organization has determined that the nature, amount, timing, and uncertainty of revenue and cash flows are affected by the following factors: payors, service line, method of reimbursement, and timing of when revenue is recognized.

The Organization maintains records, and the board has oversight, to identify and monitor the amount of charges foregone for services and supplies furnished under its benevolent assistance policy and to identify and monitor the level of benevolent assistance it provides. These include reduced rates for Medicare, Medicaid, and other governmental programs. The charges foregone, based on established rates, were approximately \$4,665,000 and \$3,098,000 during the years ended September 30, 2023 and 2022, respectively.

NOTE 7 RESIDENT SERVICE REVENUE (CONTINUED)

The Organization has estimated the costs of providing assistance under its benevolent assistance policy. In order to estimate the cost of providing such assistance, management calculated a ratio by comparing the charges foregone to total operating revenue and applying this ratio to expenses to estimate the costs of providing benevolent assistance. Using this methodology, the Organization has estimated the costs for services under the Organization's benevolent assistance policy to be approximately \$1,264,000 and \$1,420,000 for the years ended September 30, 2023 and 2022, respectively. In addition, the amount of direct benevolent assistance provided by Homes was approximately \$1,595,000 and \$1,517,000 during the years ended September 30, 2023 and 2022, respectively.

Contract Costs

The Organization has applied the practical expedient provided by FASB ASC 340-40-25-4 and all incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset that the Organization otherwise would have recognized is one year or less in duration.

The opening and closing contract balances were as follows:

	Accounts Receivable	Deferred Revenue from Advanced Fees
Balance as of October 1, 2021	\$ 2,231,841	\$ 13,041,051
Balance as of September 30, 2022	5,264,664	16,277,037

NOTE 8 RETIREMENT PLAN

The Organization has a defined contribution annuity plan (the Plan) with Guidestone Financial Resources. The Plan has a contributory feature and participation in the Plan is optional at the election of the employees. To qualify for the employer matching contribution, employees must have been employed with the Organization for two years and must contribute 3% of their compensation to the Plan. Employer contributions to the Plan are made after each pay period at an amount equal to 100% match of the first 3% of employees' contributions and a 50% match of the next 2% contributed by employees. Employer contributions to the Plan were approximately \$162,000 and \$147,000 for the years ended September 30, 2023 and 2022, respectively.

NOTE 10 ENDOWMENT FUNDS

Interpretation of Relevant Law

The state of North Carolina adopted the North Carolina Prudent Management of Institutional Funds Act (the Act). The board of trustees of the Organization has interpreted the Act as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as net assets with donor restrictions, restricted in perpetuity, (1) the original value of gifts donated to the permanent endowment and (2) the original value of subsequent gifts to the permanent endowment.

**BAPTIST RETIREMENT HOMES OF NORTH CAROLINA,
INCORPORATED DBA THRIVEMORE AND AFFILIATE
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 10 ENDOWMENT FUNDS (CONTINUED)

Interpretation of Relevant Law (Continued)

The remaining portion of the donor-restricted Endowment Fund that is not classified in net assets restricted in perpetuity is classified as net assets restricted for purpose until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed in the Act. In accordance with the Act, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of the Organization and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Organization
- The investment policy of the Organization

Funds with Deficiencies

It is the Organization's policy to maintain the corpus amounts of each individual donor-restricted endowment fund received. If the fair value of assets associated with individual donor-restricted endowment funds were to fall below the level that the donor or the Act requires the Organization to retain as a fund of perpetual duration, in accordance with GAAP, then such deficiencies would be reported in net assets with donor restrictions.

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment. Endowment assets include those assets of donor-restricted funds that the Organization must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the board of trustees, the endowment assets are invested in a manner that is intended to preserve and grow capital, strive for consistent absolute returns, preserve purchasing power by striving for long-term returns which either match or exceed the set payout, fees and inflation without putting the principal value at imprudent risk, and diversify investments consistent with commonly accepted industry standards to minimize the risk of large losses.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Management targets a diversified asset allocation that meets the Organization's long-term rate of return objectives while avoiding undue risk from imprudent concentration in any single asset class or investment vehicle.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Organization's spending policy is consistent with its objective of preservation of the fair value of the original gift of the endowment assets held in perpetuity as well as to provide additional real growth through new gifts and investment return.

At September 30, 2023 and 2022, the Organization had approximately \$13,580,000 and \$13,112,000 in net assets with donor restrictions-restricted in perpetuity, respectively. Of these respective totals, approximately \$6,887,000 and \$6,418,000 relates to split-interest agreements that are administered and managed by third parties as trustees at September 30, 2023 and 2022, respectively. The remaining \$6,693,000 of net assets restricted in perpetuity at September 30, 2023 and 2022, are managed by two different investment brokers within the Organization's Investment Policy Statement. The Organization had no board-designated endowment funds as of September 30, 2023 or 2022.

The Organization had approximately \$31,000 and \$1,918,000 of cash and cash equivalents included with investments as of September 30, 2023 and 2022, respectively, which is not included in the fair value hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value subsequent to initial recognition. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mutual Funds and Equity Securities

Securities traded on a national securities exchange (or reported on the NASDAQ national market) are stated at the last reported sales price on the day of valuation. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

Other Various Investments

Bond securities traded on a national securities exchange (or reported on the NASDAQ national market) are stated at the last reported sales price on the date of valuation. To the extent these securities are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy. The remainder of investments included in this classification is estimated using various techniques, which may consider recently executed transactions in securities of the issuer or comparable issuers, or market price quotations (where observable) and are, therefore, categorized in Level 2 of the fair value hierarchy.

Beneficial Interest in Perpetual Trusts

The value of Beneficial Interest in Perpetual Trusts represents an irrevocable right to receive distributions in perpetuity from a trust that is managed by a third-party. The Organization does not have variance power over the trust's portfolio. The value of Beneficial Interest in Perpetual Trusts uses a market approach and is estimated based on the fair value of the underlying investments held by the trust.

Beneficial Interest in Charitable Remainder Trusts

Valued using the income approach based on estimated mortality and discount rates. The discount rates used in the valuation calculations were 4.59% and 4.02% for fiscal years 2023 and 2022, respectively.

NOTE 14 COMMITMENTS AND CONTINGENCIES

The health care industry is subject to numerous laws and regulations by federal, state, and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for resident services, and Medicare and Medicaid fraud and abuse. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by health care providers. Violations of these laws and regulations could result in expulsion from government health care programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed.

Self-Insured Health Insurance

The Organization self-insures its employees' health plan. It has contracted with an administrative service company to supervise and administer the program and act as its representative. Provisions for expected future payments are accrued based on the Organization's experience and include amounts for claims filed and claims incurred but not reported. The Organization has stop loss insurance for excessive and unexpected health claims with an individual deductible of \$75,000 and an aggregate deductible of approximately \$1,255,000. The Organization reserved approximately \$310,000 and \$171,000 related to its self-insured health insurance at September 30, 2023 and 2022, respectively.

As of September 30, 2023 and 2022, the balance on the LOC was \$3,775,000 and \$1,200,000, respectively.

NOTE 16 PROVIDER RELIEF FUNDS

As a result of the Coronavirus pandemic, the U.S. Department of Health and Human Services (HHS) made available emergency relief grant funds to health care providers through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) Provider Relief Fund (PRF). During the year ended September 30, 2022 the Organization received approximately \$27,000. The PRF's are subject to certain restrictions on eligible expenses or uses, reporting requirements, and will be subject to audit. As of September 30, 2022, the Organization recognized approximately \$169,000 as other operating revenue in the consolidated statement of activities. As of September 30, 2023 and 2022, there were no balances. Management believes the amounts have been recognized appropriately as of September 30, 2023 and 2022.

NOTE 17 LIQUIDITY AND AVAILABILITY

The Organization regularly monitors the availability of resources required to meet its operating, capital, and benevolence needs. With a focus on maintaining adequate liquid funds to meet these needs, the Organization strives to maximize the return on the investment of its available funds, while adhering to the Investment Committee and Board Investment Policy Statement. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing care of its residents, campuses, and community outreach. In addition to financial assets available to meet general expenditures over the next 12 months, the Organization operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. The statement of cash flows, which identifies the sources and uses of the Organization's cash, reflects positive cash generated by operations.

NOTE 18 RISKS AND UNCERTAINTIES

In March 2020, the World Health Organization declared COVID-19 a pandemic. The continued spread of COVID-19, or any similar outbreaks in the future, may adversely impact the local, regional, national, and global economies. The extent to which COVID-19 impacts the Organization's results are dependent on the breadth and duration of the pandemic and could be affected by other factors currently unable to be predicted. These impacts may include, but are not limited to additional costs for emergency preparedness, disease control and containment, potential shortages of health care personnel, or loss of revenue due to reductions in certain revenue streams. Management believes the Organization is taking appropriate actions to mitigate the negative impact. However, the full impact is unknown and cannot be reasonably estimated at this time.

NOTE 19 SUBSEQUENT EVENTS

During 2023, the Organization entered into an asset purchase agreement for the acquisition of the Ardenwoods Retirement Community (Ardenwoods), which closed on October 2, 2023. Ardenwoods was acquired with a cash payment to the seller and with the Organization entering into a \$13,325,000 bridge loan with a financial institution, with monthly interest payable, based upon a 6.5 percent interest rate with any unpaid principal due September 2024. As part of the closing procedures, the Organization made a deposit payment prior to year-end of approximately \$8,258,000, as noted on the consolidated balance sheet. This amount was held in an escrow account by a financial institution until the closing became effective on October 2, 2023 and was credited towards the purchase price.

ATTACHMENT II

Financial Data – Actual Compared to Forecasted

Notes to the Comparison of Actual Net Income Results to Forecasted Projected

For the Statement of Operations, any variances greater than 5% and \$684,000 (.5% of assets) are highlighted on the comparison and explained below. For the Balance Sheet and Statement of Cash Flows, any variances greater than 5% and \$1,368,000 (1% of assets) are highlighted on the comparison and explained below.

Statement of Operations

- A. Actual Investment Income and Realized Gains was \$693k or 31% below the forecast. The variance was primarily due to market volatility and repositioning to address the market volatility during the year.
- B. Net Assets Released from Restrictions are not included in the 2023 forecast due to their unpredictable nature.
- C. Resident Care was \$5.467M or 32% above the forecast due to increased FTEs to meet the increased occupancy, increased wages to attract and retain quality staff and contract labor to address staffing shortages.
- D. Depreciation was \$1.238M or 28% above the forecast due to increased capital investment in multiple campuses property and equipment.
- E. Because the market is not predictable, these investment line items are not included in the 2023 forecast.

Balance Sheet

- F. Investments was \$11.641M or 35% above forecast primarily due to better market performance than anticipated at the time of the forecasted figures.
- G. Deposit represents proceeds from the sale of one campus which were then used to purchase another campus during fiscal year 2024.
- H. Internally designated for statutory operating reserve was \$3.452M or 27% below forecast due to actual purchase of new campus not occurring until fiscal year 2024.
- I. Property and equipment, net, was \$17.898M or 25% below forecast due to sale of one campus in fiscal year 2023, but anticipated purchase of new campus was delayed until fiscal year 2024.
- J. Goodwill, net of amortization as \$17.437M or 100% below forecast due to actual purchase of new campus not occurring until fiscal year 2024.
- K. Line of credit borrowing accessed in 2023 was not included in the 2023 forecast.
- L. Refundable advance fees on occupied units, net of current portion was \$12.728 or

65% below the 2023 forecast due to timing of purchase of new campus not occurring until fiscal year 2024.

- M. Actual net assets were lower than forecast due to investment performance and higher than forecast expenses.

Statement of Cash Flows

- N. Investment performances are not typically forecasted as the market is not predictable and we have limited control on outcomes.
- O. Advance fees received of \$3.873M were 94% above the 2023 forecast due to higher-than-expected entrance fees per the unit mix and contract type assumptions used in the forecast.

Summary of Significant Projection Assumptions and Accounting Policies

BACKGROUND AND INFORMATION

Basis of Presentation

This financial projection presents, to the best of management's knowledge and belief, the Baptist Retirement Homes of North Carolina, Incorporated dba Thrivemore (the "Homes") and its consolidated affiliate, Baptist Retirement Homes Foundation (the "Foundation") (collectively, the "Organization"), expected consolidated balance sheets, statements of operations and changes in net assets and cash flows as of September 30, 2024, 2025, 2026, 2027 and 2028 (the "Projection Period") and for each of the years then ending. As used herein, management of the Organization is referred to as "Management."

Accordingly, the projection reflects Management's judgment as of February 27, 2024, the date of this projection, of the expected conditions and its expected course of action during the Projection Period. The financial projection is based on Management's assumptions concerning future events and circumstances. The assumptions disclosed herein are those that Management believes are significant to the projection or are key factors upon which the financial results of the Organization depend.

The projected results may not be achieved as there will usually be differences between the projected and actual results because events and circumstances frequently do not occur as expected and those differences may be material. Management does not intend to revise this projection to reflect changes in present circumstances or the occurrence of unanticipated events.

A projection is a presentation of prospective financial information that is subject to one or more hypothetical assumptions. Management has included assumptions that are considered to be a "Hypothetical Assumption" as defined by the American Institute of Certified Public Accountants' *Guide for Prospective Financial Information*. A Hypothetical Assumption is defined as follows: "An assumption used in a financial projection or in a partial presentation of projected information to present a condition or course of action that is not necessarily expected to occur, but is consistent with the purpose of the presentation."

Management has prepared its financial projection with the following Hypothetical Assumptions:

- Management is able to achieve the operating revenue inflationary rate increases and operating expense inflationary increases as projected;
- Management is able to achieve projected occupancies, operating revenue, and entrance fee receipts as a result of increased marketing efforts, capital improvements, and strategic initiatives of the Homes;
- Management is able to market and achieve the projected fill-up of the "ThriveMore at Home Program" or "TMAHP", as defined hereinafter, as projected;
- Adequate demand exists to support TMAHP utilization and staffing;
- The TMAHP is able to achieve the pricing, entrance fee plan selection and service plan selection mix, as projected;
- Management operates the TMAHP, as projected;
- Financing to fund the construction of an additional 50 independent living apartments at Taylor Glen (the "New Independent Living Units") and 12 new assisted living units (the "New Assisted Living Units") (collectively, the "Taylor Glen Project") is accomplished through the issuance of approximately \$86,149,000 in direct bank placed bonds (the "Series 2024 Bonds") at the rates, structure, and terms disclosed herein;
- The Taylor Glen Project costs and timing of construction are consistent with the assumptions disclosed herein;

BACKGROUND AND INFORMATION (CONTINUED)

- All regulatory approvals, including those from the NCDOL, as defined hereinafter, to proceed with the Taylor Glen Project, are received in accordance with the timeline detailed herein; and
- The New Independent Living Units are successfully marketed, at the disclosed fee levels, and occupied during the Projection Period as projected.

Background of the Organization

Homes is a church-related, not-for-profit corporation organized under the laws of the state of North Carolina. Baptist Retirement Homes of North Carolina, Incorporated dba Thrivemore is governed by a Board of Trustees (the "Board"). The Board of Trustees nominates and elects its own members, each serving a four-year term.

The Foundation was established primarily to raise funds for the benevolent ministries of the Homes.

The board of directors of the Foundation are elected by the board of trustees of the Homes.

Homes owns, maintains, and operates facilities throughout North Carolina for the purpose of providing for the care of older adults. The facilities consist of independent living homes and apartments, and freestanding and combination facilities that include assisted living residences and skilled and intermediate nursing care rooms. Homes receives direct support from North Carolina Baptist churches, special church offerings, grants from foundations and through gifts and bequests from individuals and businesses to assist with capital projects and the benevolent ministries of the Homes.

Principles of Consolidation

The projected consolidated financial statements include the accounts of the Homes and the Foundation. All material related party balances and transactions have been eliminated in consolidation.

The Homes' Facilities

Brookridge Retirement Community: Brookridge Retirement Community ("Brookridge") is a continuing care retirement community located on a 44-acre tract of land on Bethabara Road in Winston-Salem, North Carolina. The community consists of 132 independent living units, 26 adult care home residences, 10 memory-enhanced residences, and a 77-unit nursing care center. Brookridge also contains the following support facilities: administrative offices, a bank, a chapel, a multi-purpose room, arts and crafts rooms, a library, a guestroom, physical therapy rooms, recreation areas, dining rooms, a cafe, beauty/barber shops, a convenience store, a mail area, parlors, pool and exercise area, a kitchen, and several areas for environmental services, maintenance and laundry. The facility originally opened in 1989, with additions made in 1998, 1999, 2001, 2006 and 2012-2014. The facility also underwent significant updating to its common areas in 2022 that was completed by October 2022. In addition, over the last four years, almost eighty percent of the homes and apartments have been upgraded to current market standards which has led to significant growth in occupancy and the beginning of a waitlist for the apartments and homes at Brookridge.

BACKGROUND AND INFORMATION (CONTINUED)

ThriveMore at Home Program

In 2010, the North Carolina General Assembly enacted a new statute (§ 58-67-7) that permits Continuing Care Retirement Communities (CCRCs) licensed in the state to offer “continuing care services without lodging.” The Organization received approval from the North Carolina Department of Insurance effective June 6, 2023 to offer its Without Walls Program (hereinafter the “ThriveMore at Home Program” or “TMAHP”) that will offer such services, as more fully described hereinafter.

The Organization offers older adults of North Carolina its Continuing Care at Home program in addition to its current “brick and mortar” campuses. This is a life care membership program for independent adults, without major health concerns, ages 62 and older who have expressed a desire to “age in place” in their own homes. Members are covered by a comprehensive package of long-term care services designed to enable them to remain independent and live at home as their care needs increase.

See the disclosure statement for more information regarding the contractual components of the TMAHP and the actual contract for such services.

The core elements of the TMAHP are as follows:

- Eligible applicants will be independent with activities of daily living and without major health concerns at time of acceptance as well as able to demonstrate the financial ability to afford the program.
- Acceptance is based upon a review of the potential member’s medical records by the program’s Medical Advisor and a review of provided financial information by the Organization’s Chief Financial Officer.
- Upon acceptance, the person becomes a “Member” of the TMAHP and remains living in their current home. Members accept the ThriveMore at Home Services Agreement (the “TMAHP Agreement”, or “Agreement” for this Supplemental Disclosure section) providing them with support services as described in the Agreement and the ability to project and plan for the cost of future health care.
- Members do not reserve a residential unit on any campus nor are they planning to move to a campus in the immediate future.
- Members pay a TMAHP a “membership fee” (entrance fee) and agree to a TMAHP monthly service fee that covers the costs of support services and future access to long-term care services subject to the agreed upon Published Cost of Care described hereafter.
- If the member subsequently moves to an independent living residence in one of Baptist Retirement Homes campuses, a portion of the membership fee (fee less cost of care paid by program) they paid originally for the TMAHP will be applied to the entrance fee for the residence to which they are moving.
- Member’s individual needs and goals will be reviewed initially and updated on an annual basis and as needed from time to time.
- In-home services that might be needed over time may be provided either by the Organization, a Provider Preferred Vendor, or other area providers, and will be limited to the agreed upon pricing for such services at the Published Cost of Care.

Summary of Significant Projection Assumptions and Accounting Policies

BACKGROUND AND INFORMATION (CONTINUED)

The TMAHP offers five plan types based on an annual Published Cost of Care that is provided by the Organization, without any lifetime maximum benefit as noted below:

Notes:

- (1) Maximum Daily Benefit Amount means the amount equal to the lesser of: (i) the actual fees, costs and charges to Member by the Provider for the services provided to Member in a day; and (ii) the maximum dollar amount limit of fees, costs and charges covered per day by the Provider as published by Provider from time to time ("Published Cost of Care") for services provided by Provider with both (i) and (ii) subject to the Member Plan (and corresponding percentages thereunder) selected by Member, including co-payments, deductibles and limitations, and subject to fees, costs and charges that are covered by any governmental payor program and/or insurance. The 2024 Published Cost of Care is \$420.

The plans provide the following benefits:

- Relationship with a Wellness Coordinator
 - Creation of individualized wellness plan with expressed goals
 - Coaching support to achieve goals of the wellness plan
 - Ready access to knowledgeable professionals to navigate health care systems
 - Monthly "check-in" to assess any needs and monitoring of agreed upon individualized wellness plan
- Access to Provider and Preferred Vendors for Home Health, Home Care and additional services to the extent available in a particular market area
- In-home safety assessment with attention to fall prevention and aging in place upon enrollment
- Access to the Organization's Medical Advisor
- Provision of educational opportunities addressing healthy aging and safety
- Provision of opportunities for social connection with other members

Revenue and expenses related to the TMAHP are reported separately on the projected consolidated financial statements for this projection, as is required by the North Carolina Department of Insurance.

Summary of Significant Projection Assumptions and Accounting Policies

Notes to Table 6:

- 1) The Organization's Underwriter projected proceeds from the Series 2024 Bonds in the amount of \$86,149,000 are planned to be generated utilizing the following structure and terms: The responsibility for the payment of the debt service on the Series 2024 Bonds is expected to be solely that of the Homes.
 - Management has projected that a portion of the Taylor Glen Project would be financed through the issuance of a direct bank placed fixed rate term draw-down bonds (the "Series 2024A Bonds"), bearing interest at 5.16 percent, subject to monthly principal and interest payments, with interest only payments beginning May 2024 and monthly principal and interest payments beginning May 2028 through April 2053.
 - Management has projected that a portion of the Taylor Glen Project would be financed through the issuance of a direct bank placed short term fixed rate draw-down debt (the "Series 2024B Bonds"). This debt is anticipated to be repaid from the availability of "Initial Entrance Fees" received from the Taylor Glen Project. The debt is assumed to have a 5 year maturity and is projected to qualify as qualified intermediate term indebtedness. Management has projected the repayment of the Series 2024B Bonds with Initial Entrance Fees from the Taylor Glen Project to occur within 3 years. Annual interest on the Series 2024B Bonds is assumed to approximate 4.64 percent.
 - Management has projected that a portion of the Taylor Glen Project would be financed through the issuance of a direct bank placed fixed rate term draw-down bonds (the "Series 2024C Bonds"), bearing interest at 5.16 percent, with monthly interest only payments beginning May 2024 with a maturity date of April 1, 2028 at which time all principal will be repaid.
- 2) Management has projected design and engineering costs of approximately \$1,361,000.
- 3) Management has projected construction costs of approximately \$50,712,000.
- 4) Management has projected furniture and equipment costs of approximately \$468,000
- 5) Management has projected development costs and fees of approximately \$100,000.
- 6) Management has projected marketing costs of approximately \$300,000.
- 7) Management has projected a project contingency of approximately \$4,059,000, or 7.7 percent of the project costs.
- 8) Represents the amount Management projects to be paid for land acquisition costs.
- 9) Represents the amount Management projects to be used for the refinancing of debt associated with the Ardenwood's acquisition.
- 10) Represents the amount Management projects to be reimbursed for previous and projected 2024 capital expenditures of approximately \$18,125,000.
- 11) Represents the amount Management projects to be utilized to pay projected related debt service for 25 months from the assumed issuance date of the Series 2024 Bonds.
- 12) Management has projected issuance costs of the proposed Series 2024 Bonds of approximately \$892,000.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Organization classifies its funds for accounting and reporting purposes as either without donor restrictions or with donor restrictions:

Net Assets without Donor Restrictions

Resources of the Organization that are not restricted by donors or grantors as to use or purpose. These resources include amounts generated from operations, undesignated gifts, and the investment in property and equipment.

Net Assets with Donor Restrictions

Resources that carry a donor-imposed restriction that permits the Organization to use or expend the donated assets as specified for which the restrictions are satisfied by the passage of time or by actions of the Organization. These resources may also include amounts restricted by the donor in perpetuity, but may permit the Organization to use or expend part or all of the income derived from the donated assets. As restrictions are met, the contributions are released from net assets with donor restrictions and are transferred to net assets without donor restrictions. Those resources for which the restrictions are met in the same fiscal year in which they are received are included in net assets without donor restrictions.

Cash and Cash Equivalents

Cash equivalents are defined as short-term, highly liquid investments with an original maturity of three months or less from the date of acquisition which are not included in assets limited as to use or investments.

Accounts Receivable

The Organization records accounts receivable at the total unpaid balance. The Organization determines past due status based on the billing dates, and charges a late fee on overdue accounts. Accounts past due are individually analyzed for collectability. Accounts receivable that management determines will be expected credit losses are written off upon such determination. It is the Organization's policy to seek collection on all overdue accounts. Accounts receivable are reported net of an allowance for credit losses to represent the Organization's estimate of expected losses at the projected state of financial position date. The adequacy of the Organization's allowance for credit losses is reviewed on an ongoing basis, using historical payment trends, write-off experience, aging of receivables, a review of specific accounts, as well as expected future economic conditions and market trends, and adjustments are made to the allowance as necessary.

Contributions and Support

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at their fair value, which is measured at the present value of their future cash flows.

Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. Conditional contributions with conditions met in the same reporting period in which they are received are reported as unconditional contributions.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Grant awards are evaluated by management and determined to either be unconditional contributions, exchange transactions, or conditional contributions. If considered to be an unconditional contribution, revenue from grants is recorded upon notification of the award. If considered to be an exchange transaction, revenue from grants is recorded as expenses are incurred under the terms of the respective grant agreement. If considered to be a conditional contribution, revenue from grants is recorded at the time the conditions on which they depend have been met.

A portion of the Organization's revenue is derived from cost-reimbursable grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific grant provisions. Any amounts received prior to incurring qualifying expenditures would be reported as refundable advances in the consolidated balance sheets. Management has not projected any contribution income from cost-reimbursable based grants during the Projection Period.

Assets Limited as to Use

Assets limited as to use include amounts set aside for the TMAHPP, entrance fee deposits, and amounts set aside to meet the operating reserve requirements of North Carolina General Statute Chapter 58, Article 64 or those items required as part of Trustee agreements. The statutory operating reserve balance can only be released upon the submittal of a detailed request and approval of the Commissioner of the North Carolina Department of Insurance.

Investments

Investments in debt and equity securities are measured at fair value based on quoted market prices. In determining realized gains and losses, the cost of investments is determined using the first-in first-out method. Donated investments are reported at fair value at the date of receipt.

The Organization's investments are classified as trading securities. The investments are managed by brokers who actively buy and sell investments within the Organization's Investment Policy Statement. Investment income (including realized gains and losses on investments, interest, and dividends) is included in excess of revenues over expenses unless the income is restricted by donor or law. Unrealized gains and losses on investments, if any, are included in excess of revenues over expenses on the projected consolidated statement of operations and changes in net assets. Management has not projected any unrealized gains or losses on investments during the Projection Period.

Assets in Split-Interest Agreements

The Organization is a beneficiary to several irrevocable split-interest agreements. These split-interest agreements are categorized as charitable remainder trusts and beneficial interests in perpetual trusts, both of which are included in net assets with donor restrictions. Charitable remainder trusts are stated at fair value net of discounted future contractual payment obligations. The value of beneficial interest in perpetual trusts represents an irrevocable right to receive distributions in perpetuity from a trust that is managed by a third-party. The Organization does not have variance power over the trust's portfolio. The value of beneficial interest in perpetual trusts uses a market approach and is estimated based on the fair value of the underlying investments held by the trust.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are recorded at cost or, if donated, at market value at date of contribution. Property and equipment are capitalized if it has a cost over \$2,000 and an estimated useful life of at least 2 years. Depreciation is computed over the estimated useful lives of the related assets, ranging from 5 to 31.5 years, using the straight-line method. All additions are depreciated beginning on the date of acquisition.

The Organization periodically assesses the realizability of its long-lived assets and evaluates such assets for impairment whenever events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. For assets to be held, impairment is determined to exist if estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount. For assets to be disposed of, impairment is determined to exist if the estimated net realizable value is less than the carrying amount.

The Organization reports contributions of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Contributions of long-lived assets with explicit restrictions that specify how the assets are to be used and contributions of cash or other assets that must be used to acquire long-lived assets are reported as net assets with donor restrictions. Absent explicit donor stipulations about how long these assets must be maintained, Homes reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Deferred Costs

Deferred financing costs represent expenses incurred in connection with the permanent financing of the Organization and are deferred and amortized over the life of the related indebtedness using the straight-line method, which approximates the effective interest method. Deferred financing costs are net of accumulated amortization. Deferred financing costs are presented as a reduction of the related borrowings and the amortization is presented as a component of interest expense.

Deferred Revenue from Advance Fees

Advance fees paid by a resident, net of the estimated portion that is refundable to the resident, are recorded as deferred revenue and are amortized into income using the straight-line method over the estimated remaining life expectancy of the resident. Advance fees are refundable pro-rata over the first 24 or 60 months of residency depending on the contract type.

Obligation to Provide Future Services

The Organization annually calculates the present value of the net cost of future services and use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from advance fees. If the present value of the net cost of future services and use of facilities exceeds the deferred revenue from advance fees, a liability is recorded (obligation to provide future services and use of facilities) with the corresponding charge to income. There was no liability recognized at September 30, 2023. Management has not projected any obligation to provide future services liability during the Projection Period.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess (Deficit) of Revenue Over Expenses

The projected consolidated statements of operations and changes in net assets include excess (deficit) of revenues over expenses. Changes in net assets without donor restrictions, that are included in excess (deficit) of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments in trading securities. Changes that are excluded include contributions of long-lived assets (including assets acquired using contributions that by donor restriction were to be used for the purpose of acquiring such assets), transfers of net assets, and net assets released from restrictions for property and equipment.

Net Resident and Health Care Service Revenue

Resident service revenue is reported at the amount that reflects the consideration to which the Organization expects to be entitled in exchange for providing resident care. These amounts are due from residents, third-party payors (including health insurers and government programs), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Organization bills the residents and third-party payors several days after the services are performed. Service fees paid by residents for maintenance, meals, and other services are assessed monthly and are recognized as revenue in the period services are rendered. Revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Organization. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Organization believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Generally, performance obligations satisfied over time relate to residents in the facilities receiving skilled nursing services, home health services, or housing residents receiving services in the facilities. The Organization considers daily services provided to residents of the skilled nursing facilities, and monthly rental for housing services as a separate performance obligation and measures this on a monthly basis, or upon move-out within the month, whichever is shorter. Nonrefundable entrance fees are considered to contain a material right associated with access to future services, which is the related performance obligation. Revenue from nonrefundable entrance fees is recognized ratably in future periods covering a resident's life expectancy using a time-based measurement similar to the output method. Revenue for performance obligations satisfied at a point in time is generally recognized when goods are provided to residents and customers in a retail setting (for example, gift shop and cafeteria meals) and the Organization does not believe it is required to provide additional goods or services related to that sale.

Because all of its performance obligations have a duration of less than one year, the Organization has elected to apply the optional exemption provided in FASB ASC 606-10-50-14(a) and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Organization determines the transaction price based on standard charges for goods and services provided, reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Organization's policy, and/or implicit price concessions provided to residents. The Organization determines its estimates of contractual adjustments based on contractual agreements, its policy, and historical experience. The Organization determines its estimate of implicit price concessions based on its historical collection experience.

Agreements with third-party payors typically provide for payments at amounts less than the established charges. A summary of the payment arrangements with major third-party payors follows:

Medicare

The Organization's licensed nursing facilities participate in the Medicare program. This federal program is administered by the Centers for Medicare and Medicaid Services (CMS). The nursing facilities were paid under the Medicare Prospective Payment System (PPS) for residents who are Medicare Part A eligible and met the coverage guidelines for skilled nursing facility services. The PPS was a per diem price-based system. CMS finalized the Patient Driven Payment Model (PDPM) to replace the existing Medicare reimbursement system effective October 1, 2019. Under PDPM, therapy minutes are removed as the primary basis for payment and instead use the underlying complexity and clinical needs of a patient as a basis for reimbursement. In addition, PDPM introduces variance adjustment factors that change reimbursement rates during the resident's length of stay. Annual cost reports are required to be submitted to the designated Medicare Administrative Contractor; however, they do not contain a cost settlement.

Nursing facilities licensed for participation in the Medicare and Medical Assistance programs are subject to annual licensure renewal. If it is determined that a nursing facility is not in substantial compliance with the requirements of participation, CMS may impose sanctions and penalties during the period of noncompliance. Such a payment ban would have a negative impact on the revenues of the licensed nursing facility.

Medicaid

The Organization's licensed nursing facilities participate in the Medicaid program which is administered by the North Carolina Division of Health Benefits. Services rendered to Medicaid program beneficiaries are reimbursed using predetermined per diem rates as defined for each Medicaid provider in North Carolina. Annual cost report filings are required for Medicaid providers, which include the completion of the North Carolina Division of Health Benefit's supplemental schedules. For Continuing Care Retirement Facilities, the Supplemental Schedules do not contain a cost settlement.

Other

Payment agreements with certain commercial insurance carriers provide for payment using prospectively determined daily rates.

Summary of Significant Projection Assumptions and Accounting Policies

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Settlements with third-party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. These settlements are estimated based on the terms of the payment agreement with the payor, correspondence from the payor and the Organization's historical settlement activity, including an assessment to ensure that it is probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the retroactive adjustment is subsequently resolved. Estimated settlements are adjusted in future periods as adjustments become known (that is, new information becomes available), or as years are settled or are no longer subject to such audits, reviews, and investigations.

Generally, residents who are covered by third-party payors are responsible for related deductibles and coinsurance, which vary in amount. The Organization estimates the transaction price for residents with deductibles and coinsurance based on historical experience and current market conditions. The initial estimate of the transaction price is determined by reducing the standard charge by any contractual adjustments, discounts, and implicit price concessions. Subsequent charges to the estimate of the transaction price are recorded as adjustments to resident services revenue in the period of the change.

Additional revenue recognized due to changes in its estimates of implicit price concessions, discounts, and contractual adjustments are not projected by Management during the Projection Period. Subsequent changes that are determined to be the result of an adverse change in the resident's ability to pay are recorded as bad debt expense.

The Organization has determined that the nature, amount, timing, and uncertainty of revenue and cash flows are affected by the following factors: payors, service line, method of reimbursement, and timing of when revenue is recognized.

The Organization maintains records, and the board has oversight, to identify and monitor the amount of charges foregone for services and supplies furnished under its benevolent assistance policy and to identify and monitor the level of benevolent assistance it provides. These include reduced rates for Medicare, Medicaid, and other governmental programs.

The Organization has estimated the costs of providing assistance under its benevolent assistance policy. In order to estimate the cost of providing such assistance, management calculates a ratio by comparing the charges foregone to total operating revenue and applying this ratio to expenses to estimate the costs of providing benevolent assistance.

Contract Costs

The Organization has applied the practical expedient provided by FASB ASC 340-40-25-4 and all incremental customer contract acquisition costs are expensed as they are incurred as the amortization period of the asset that the Organization otherwise would have recognized is one year or less in duration.

Income Taxes

Homes and Foundation are not-for-profit organizations that are exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code.

The Homes and the Foundation file as tax-exempt organizations. Management is not aware of any activities that would jeopardize the tax-exempt status of the Homes or the Foundation. Management is not aware of any significant activities that are subject to tax on unrelated business income or excise or other taxes for the Homes or the Foundation.

The Homes and the Foundation follow guidance in the income tax standard regarding recognition and measurement of uncertain tax positions. The application of the standard has had no impact on the Homes' or the Foundation's projected consolidated financial statements.

Use of Estimates

The preparation of the projected consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the projected consolidated financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Summary of Significant Projection Assumptions and Accounting Policies

MANAGEMENT'S BASIS FOR PROJECTION OF REVENUE

Revenue for the Organization is generated primarily from monthly service fees for the independent living units, amortization of entrance fees, and monthly service fees and per diem charges from the assisted living residents, nursing residents, and individuals receiving home health services.

Revenue for the independent living units is based on the monthly service fees assumed by Management to be charged to the residents and the assumed utilization of the independent living units. Health care revenues consist of funds generated from services provided to residents transferring from the independent living units, and those services provided to residents admitted directly to the Health Center.

Management's projected occupancy assumptions are presented in Table 9.

Health Center Free Days

At the date of occupancy, each resident whose residence is in independent living at the Gardens, Brookridge, or Ardenwoods (for Ardenwoods, only with a contract effective October 2, 2023 or later), is granted 30 Health Center Free Days (Free Days). Free Days are non-transferable, must be used only as defined in the Resident Agreements and in Corporate policy, and have no value if not used. No new Free Days are granted after the resident moves to either assisted living or nursing, collectively the Health Center. Free Days will not be applied if the resident is receiving Medicare benefits.

For each day a resident occupies or holds an accommodation in the Health Center, whether or not that accommodation is the primary residence, Free Days will be credited until all such accumulated days are used. When Free Days are exhausted, the resident will be charged the private pay rate for their Health Center unit. While the resident uses Free Days, service fees continue based on the independent living residence from which the resident moved or transferred, and the resident will be charged for medicines, physician's services, and for supplies not normally included in the base fee for Health Center services.

The 30 Free Days benefit is not available for residents who were admitted directly to the Health Center and assisted living.

Projected Occupancy Levels

Projected occupancy for the Organization's independent living units is based upon the historical experience of Management as well as marketing efforts and strategies aimed at improving occupancy through a build-up of brand awareness of the Organization and upgrades to the product standards within the Organization.

Occupancy of the assisted living units and nursing beds are projected to be from transfers from independent living units, when available at the particular community, as well as direct admissions from the local market areas. Nursing bed occupancy for Gardens is based solely on internal transfers primarily from both independent living units and assisted living units. Projected resident transfers from independent living to assisted living or nursing have been provided by Management, and are based on the Organization's historical experience.

Projected Entrance and Monthly Service Fees

The following tables summarize the entrance fees, monthly service fees and daily rates for the Organization’s facilities. Note that these fees became effective during fiscal year 2024.

Brookridge Retirement Community offers three options for entrance fee payments for residents living in the garden home units. The resident may choose between a traditional entrance fee plan (the “Standard Plan – 24 Month”), a Fifty Percent Refund Plan, and a Ninety Percent Refund Plan. The Standard Plan – 24 Month provides for a twenty-four-month amortization of the resident’s entrance fee, and after 24 months, no refund balance remains. The Fifty Percent Refund Plan provides for a fifty-percent refund of the entrance fee paid at admission and the Ninety Percent Refund Plan provides for a ninety percent refund of the entrance fee paid at admission.

The Gardens of Taylor Glen Retirement Community offers three options for entrance fee payments for residents. The traditional entrance fee plan (the “Standard Plan – 60 Month”) provides for a sixty-month amortization of the resident’s entrance fee, and after 60 months, no refund balance remains. The Gardens of Taylor Glen also offers the Fifty Percent Refund Plan and the Ninety Percent Refund Plan.

Ardenwoods offers one entrance fee payment for residents, a Ninety Percent Refund Plan. Under the Ardenwoods Ninety Percent Refund Plan, the resident is entitled to a refund of 90 percent upon (1) the termination of the residency agreement or vacancy of the independent living unit and transfer to an assisted living unit or (2) the earlier of reoccupancy of the independent living unit or 36 months from the date of termination of the residency agreement.

The Standard Plan – 24 Month and Standard Plan – 60 Month are collectively referred to as the Standard Plan.

However, if the Participant dies before receiving membership or becomes incapable of meeting the physical, mental or financial requirements for admission, the ThriveMore at Home Agreement shall be cancelled and the membership fee shall be refunded. In the event of such termination, the Participant shall receive a refund of the membership fee within sixty (60) days following receipt of written notification of termination.

MANAGEMENT'S BASIS FOR PROJECTION OF OPERATING EXPENSES

Operating Expenses

Management has projected operating expenses based upon Management's operating plans, as well as historical operations, and has increased expenses in part based on inflationary increases as well as increases from increased occupancy levels.

Management has projected inflationary increases for all organizations of the Homes, except TMAHP, on both wage and non-wage expenses, of 4.5 percent in 2025 and 3.0 percent for all expenses thereafter during the Projection Period.

For TMAHP, Management has projected inflationary increases on all expenses of 4.0 percent, beginning in 2025.

The specific basis for major expense items were formulated by Management and are discussed below.

Salaries and Related Benefits

Benefit costs include payroll taxes and employee benefits including FICA, unemployment taxes, workers' compensation, health insurance, retirement plan, incentives and other miscellaneous benefits for the entire facility. These salaries and related benefit costs are assumed to vary with changes in occupancy levels as well as increase at the inflationary increases previously described, during Projection Period, based on Management's historical experience.

Resident and Health Care

Nonsalary related costs of resident health care include costs for care and support of residents. These costs are anticipated to vary with changes in occupancy levels as well as increase at the inflationary increases previously described, during Projection Period, based on Management's historical experience. These costs include activities and other similar costs.

Dietary

Nonsalary related costs of the dietary department include costs for raw food and dietary supplies and other such costs and are based on the historical operating experience of Management. Management projects that these costs would vary with changes in occupancy levels as well as increase at the inflationary increases previously described, during Projection Period, based on Management's historical experience.

Maintenance, Housekeeping and Laundry

Nonsalary related costs in these departments include housekeeping, laundry, and all activities of maintenance for the campuses. Management assumes that these costs would vary with changes in occupancy levels as well as increase at the inflationary increases previously described, during Projection Period, based on Management's historical experience.

General and Administrative

Nonsalary related costs of general and administrative include costs for supplies, professional fees, insurance, and other miscellaneous costs. Management projects that these costs would vary with changes in occupancy levels as well as increase at the inflationary increases previously described, during Projection Period, based on Management's historical experience.

Assets Limited as to Use

A narrative description of the assets limited as to use follows:

Internally Designated for Statutory Operating Reserve

Section 58-64-33 of the General Statutes of North Carolina, as amended, requires that all continuing care facilities maintain operating reserves equal to 50 percent of the total operating costs (as defined in Section 58-64-33) (or 25 percent of the total operating costs if such facilities maintain an occupancy level in excess of 90 percent and the North Carolina Commissioner of Insurance so approves) projected for the 12-month period following the period covered by the most recent annual statement filed with the North Carolina Department of Insurance. Such operating reserves may only be released upon approval of the North Carolina Commissioner of Insurance.

Internally Designated - At Home Program

Management has projected an Internally Designated – At Home Program account to increase throughout the Projection Period based upon projected cash flows from TMAHP.

Entrance Fee Deposits

Management has projected the resident deposits collected related to the Taylor Glen Project will be released upon the move-in and payment of the required entrance fees for the units, which is projected to occur during 2026 and 2027 once the Taylor Glen Project opens.

The following reflects the operating reserve requirements, as projected by Management:

Note Receivable - Western

On September 8, 2023, the Organization closed on the sale of the Western North Carolina Home for a transaction price of approximately \$13,050,000, resulting in cash proceeds and a note receivable (the Note Receivable) from the buyer for approximately \$2,500,000.

The terms of the Note Receivable note the Organization shall receive monthly interest payments based upon an interest rate of 6.2 percent. The maturity date of the Note Receivable shall be the earlier of the third anniversary of the Note Receivable, the date on which the outstanding principal balance of the Note Receivable becomes due and payable, whether by declaration or acceleration upon the occurrence and continuance of an event of default, as defined in the agreement, the refinancing of the existing senior mortgage encumbering the real property or a sale, or any other disposition of all or substantially all of the assets of the entity. Management has projected the notes receivable to be collected in 2026.

Property and Equipment

Property and equipment balances, net of accumulated depreciation, were projected based on anticipated property and equipment additions during the Projection Period, reduced by estimated annual depreciation.

Management has projected the following major property and equipment categories:

MANAGEMENT'S BASIS FOR PROJECTION OF OTHER ITEMS (CONTINUED)

Assets in Split-Interest Agreements

Management has not projected any change in balance of the assets in split-interest agreements nor any gains or losses arising from changes in the value of assets in split-interest agreements during the Projection Period.

Long-Term Debt and Interest Expense

Projected interest expense and long-term debt for 2024 and subsequent years were based on the construction loan and the commercial loan associated with the improvements at Brookridge and Gardens, the 2024 Note Payable associated with the acquisition of Ardenwoods, and the projected Series 2024 Bonds.

In 2013, the Homes entered into a Term Loan Agreement for \$34,650,000 to refinance North Carolina Medical Care Commission term bonds outstanding. During the year ended September 30, 2020 the Organization refinanced this loan. Under the terms of the new agreement, the Organization is responsible for monthly payments consisting of interest and principal through maturity in June 2035 in the amount of \$142,416. The refinanced term loan carries an interest rate of 3.22%.

Management made draws under a Construction and Permanent Loan Agreement that closed in 2012 for the purpose of improvements at the Homes' Brookridge Retirement Community. The total amount financed was \$16,018,000. The financing required interest-only payments until March 2013 when the Homes began making principal payments on this loan. During the year ended September 30, 2020 the Organization refinanced this loan. Under the terms of the new agreement, the Organization is responsible for monthly payments consisting of interest and principal through maturity in June 2035 in the amount of \$81,065. The refinanced permanent loan carries an interest rate of 3.22%.

In 2024 the Organization, as part of the Ardenwoods acquisition, entered into a 2024 Note Payable agreement in the amount of \$13,325,000, bearing interest at a rate of 6.50 percent with monthly interest payments beginning on November 1, 2023, to be made through September 2024, when the note is set to mature at which time all principal is projected to be due. Management has projected the pay-off of this loan in 2024. The total purchase transaction price for Ardenwoods is projected at \$21,850,000, with the Organization assuming the 2024 Note Payable and the remainder of the purchase price and closing costs is projected to be funded by equity of the Organization.

Management has projected that during 2024, the Series 2024 Bonds will be issued in the amount of \$86,149,000. See Table 28 for details.

Goodwill

As previously noted, Management has projected a purchase price of Ardenwoods of approximately \$21,875,000. A summary of the projected fair value of assets and liabilities at the date of the purchase are as follows:

Assets Assumed:	
Inventory	\$ 25,605
Property and Equipment	21,100,000
Liabilities Assumed:	
Accrued Expenses	(203,623)
Deferred Revenue from Advance Fees	(1,530,575)

Consideration Exchanged	(21,875,000)
<u>Goodwill - Acquisition</u>	<u>\$ (16,961,011)</u>

Management has not assumed any impairment of the goodwill during the Projection Period and has assumed projected amortizing goodwill over an assumed life of 10 years.

Refundable Advance Fees and Accreted Interest

The residency agreements acquired upon acquisition of Ardenwoods are projected at their estimated fair value. The fair value of those refundable advance fees are accreted to face value using the effective interest method over the estimated life expectancy of the residents at acquisition. The discount rate assumed by Management in its projection was 4.25%. At the acquisition date, the unamortized discount was approximately \$6,177,000. Accreted interest upon amortization of these agreements is projected as accreted interest on the projected consolidated statements of operations and changes in net assets.

ThriveMore will present you with a written quote detailing the prices specific to your options and custom features requested. The cost of options and custom features selected will be paid by you at the time of selection and will become part of the Residence and the property of ThriveMore. The value of such improvements will not be considered in computing Entry Fee refunds, unless specifically agreed to in an Addendum to this Agreement. All options and custom features must be approved by ThriveMore administration in advance of the changes made. All such changes become the property of ThriveMore.

You may be responsible for costs associated with restoring the residence to its standard condition prior to occupancy by a subsequent resident. You may also be responsible for the cost of repairing or replacing finishes or appliances damaged as the result of extraordinary wear and tear.

II. Terms of Residency

A. Resident’s Application

The Resident’s Application for Residency is attached to this Agreement as Exhibit C and incorporated by reference herein. Resident represents and warrants that Exhibit C is true, complete and accurate in all material respects. Resident further certifies the continuing accuracy and completeness of the factual representations contained in the application. Resident understands and agrees that the representations contained in the Application for Residency, and in particular the financial representations, were made by Resident to induce ThriveMore to enter into this Agreement. Any material misrepresentations or omissions in the Application for Residency shall render this Agreement voidable or terminable, including, the right to terminate the Resident’s residency, at the option of ThriveMore.

Resident may be asked to provide ThriveMore accurate and complete financial and health care statements periodically when requested by ThriveMore.

B. Rights of Resident:

You have the right to occupy, use, and enjoy your assigned residence, together with the common areas, amenities, programs, and services of the Community during your lifetime, subject to the terms and conditions of this Agreement, unless this Agreement is terminated as provided herein. It is understood that this Agreement is not a lease and does not transfer or grant any interest in the real or personal property owned by ThriveMore other than the rights and privileges as described in this Agreement.

C. Policies, Rules and Regulations:

You agree to abide by the policies, rules, and regulations of ThriveMore including such changes as may be adopted from time to time. These policies, rules, and regulations will be made available to you prior to the execution of this Agreement, and at any time when they are updated.

D. Business and Health Care Directives:

You agree to execute and maintain in effect a North Carolina Durable Power of Attorney valid and enforceable in accord with the provisions of Chapter 32C of the General Statutes of North Carolina (or similar laws subsequently enacted). This Power of Attorney shall designate as your attorney-in-fact, a bank, a lawyer, relative or other responsible person or persons of your choice, to act for you in managing your financial affairs and filing for your insurance or other benefits as fully and completely as if you would be acting personally. It shall be in a form which survives your incapacity or disability and otherwise be satisfactory to ThriveMore. You will deliver a fully executed copy of this Power of Attorney to ThriveMore prior to the Date of Occupancy. Additionally, you further agree to provide ThriveMore with a copy of any Living Will, or Durable Power of Attorney for health care decisions which may be in existence, and to provide such documentations which may develop subsequent to the execution of this Agreement. ThriveMore strongly encourages all residents to designate a Health Care Attorney in Fact capable of making health care decisions in the case of incapacity or emergency.

E. Property:

To the maximum extent permitted by law, ThriveMore will not be responsible for the loss or damage of any property not belonging to ThriveMore due to any cause. It is understood by both parties that you will have the responsibility for providing insurance protection covering any such loss or damage of personal property. Upon termination of this Agreement, ThriveMore has the right to promptly (within thirty (30) days) remove from the residence any and all of your property that remains therein or that is stored elsewhere on the property of ThriveMore, and ThriveMore may store such property either on or off the premises. You or your estate will be obligated for the payment of moving and storage charges and will reimburse ThriveMore for its incurred expenses.

Should such belongings remain stored for longer than ninety (90) days, ThriveMore shall have the right to sell such belongings and pay the proceeds from such sale to you or your estate, net of all expenses incurred to move, store and sell such property. If the proceeds are not adequate to fully reimburse ThriveMore for all such costs, you or your estate shall be responsible to ThriveMore for the deficiency.

F. Insurance:

1. Application for Benefits: Assignment of Benefits

You shall apply for any federal, state or local benefits for which you may be eligible or entitled upon request by ThriveMore. If requested by ThriveMore, any or all such benefits will be applied to the daily or monthly fee, as applicable, or other fees or charges incurred by you at ThriveMore.

You agree to assign to ThriveMore all insurance benefits received from third party payers for health services provided by ThriveMore. You agree to grant to ThriveMore a limited Power of Attorney for the purpose of permitting ThriveMore to act as your agent or attorney in fact in all matters relating to any such benefit.

2. Health Insurance:

You shall maintain eligible Medicare coverage (and supplemental health insurance coverage) and health insurance coverage that adequately covers hospital, medical, prescriptions and skilled nursing deductibles and co-payments required under your primary insurance policy. Your primary and secondary insurance coverage must recognize ThriveMore as a healthcare provider, or you shall be responsible for the cost of services rendered that otherwise could be covered by insurance. You agree to furnish ThriveMore with evidence of such coverage prior to the Date of Occupancy as stated in Exhibit A and also upon request.

If your health insurance coverage lapses, ThriveMore may require you to reapply for suitable insurance coverage. If you are unable to obtain suitable insurance coverage, you shall be responsible for the cost of any healthcare services rendered that otherwise could be covered by insurance. Upon request by ThriveMore, you shall provide evidence of health insurance coverage.

If Resident is ineligible for Medicare, Resident shall maintain equivalent health insurance in full force and effect, unless Resident demonstrates to ThriveMore's satisfaction that Resident is financially able to pay for those services that otherwise would be paid for by Medicare. Resident shall take such action and execute such forms as are reasonable and necessary to secure the payment to any hospital, nursing facility or other provider of health care services (including to ThriveMore for services provided by it), or to any physician, of any and all amounts payable in respect of services rendered to Resident and for which insurance is available.

However, notwithstanding any other provision in this Agreement, and to the extent allowed by law, Resident's failure to qualify for, obtain benefits under, or be reimbursed for any or all services set forth herein under a federal, state, or local grant, aid, benefit, or

health care program or under any private health care insurer shall not effect Resident's and Responsible Party's direct obligation to pay the fees, costs and charges set forth herein.

3. Medicare-Certified Skilled Nursing Facility Beds:

The Community maintains a limited number of Medicare-certified beds in the skilled nursing facility, which are available for use by residents whose skilled nursing care would qualify for Medicare payment on an "if and as available" basis. In the event that you need admission and the admission would qualify for Medicare payment, then your financial responsibility to ThriveMore will depend upon the type of Medicare coverage you have and whether ThriveMore is a contractual provider for your coverage.

a) Medicare-certified bed is not available.

In the event that there is not a Medicare-certified bed at the Community at the time you require admission, you may either choose to obtain skilled nursing care services at another healthcare facility at your cost until such time as a Medicare-certified bed becomes available at the Community (presuming you would use a facility that could provide a Medicare-certified bed) or be admitted to a bed in the skilled nursing facility at your cost which is not certified to accept Medicare payment until such time as a Medicare-certified bed becomes available at the Community.

b) Medicare-certified bed is available and you have traditional Medicare.

If you are admitted to a Medicare-certified bed in the skilled nursing facility and you have traditional Medicare coverage, ThriveMore will accept the Medicare reimbursement amount of such care while you shall be responsible for any applicable deductible, co-payment and/or co-insurance amounts that are not paid by Medicare and any supplemental Medicare insurance that you maintain.

c) Medicare-certified bed is available and you have Medicare Advantage coverage for which ThriveMore is an in-network provider.

In the event that ThriveMore is an in-network provider for your Medicare Advantage coverage, then ThriveMore will accept the reimbursement amount from your Medicare Advantage insurance carrier while you shall be responsible for any deductible, co-payment and/or co-insurance amounts that are not paid by the Medicare Advantage insurance that you maintain.

d) Medicare-certified bed is available and you have Medicare Advantage coverage for which ThriveMore is not an in-network provider.

ThriveMore will charge you the full private-payment amount for your admission into a Medicare-certified bed and credit against your financial obligation to ThriveMore the amount that is paid by your Medicare Advantage insurance if the insurance provides an out-of-pocket network benefit. A full private-pay resident in a Medicare-certified bed may be required by ThriveMore to relocate to a bed that is not Medicare-certified when such a bed becomes available.

G. Resident's Medical Examination:

You agree to be examined by a physician when there is reasonable cause for concern for your health and well-being.

H. Subrogation Rights:

In case of injury to you by a third party, ThriveMore shall have the right to subrogation for all of its costs and expenses incurred by reason of such injuries, and shall have the right, in your name or otherwise, to take all necessary steps and procedures to enforce the payment of the same by the person responsible for the injury. You agree to cooperate fully and to assist ThriveMore in recovering any such costs and expenses.

I. Resident Representation:

Residents have the right of self-organization through a residents' association which may convene to arrange social and recreational programs and to review the interests of the resident population.

J. Right of Entry:

ThriveMore recognizes your right to privacy, and ThriveMore shall limit entry to your Residence to legitimate emergencies and to scheduled work, including housekeeping, repairs, maintenance, and inspections. You hereby expressly authorize employees or agents of ThriveMore to enter your Residence upon reasonable notice for all such purposes.

K. Appliances:

ThriveMore is not obligated to determine your ability to safely utilize the appliances in your Residence. However, should ThriveMore determine that you have demonstrated an inability to safely operate the range, microwave, refrigerator, disposal unit, or any other appliances in your Residence, ThriveMore will have the right to turn off the power serving such appliance(s) and/or to remove any and all such appliances. In any such instance, you shall remain obligated to pay for any extra meals that you may incur due to the unavailability of any appliance.

L. Guests:

Guests are welcome at the Community subject to the Community's guest policies. Guests may also use the Community's guest room accommodations, subject to availability and based upon the Guest Room Reservation Policy in the Resident Handbook. At all times, you will be responsible for any injury to others, or damage to the property of others or of ThriveMore, caused by your guest(s). ThriveMore reserves the right and authority to limit or terminate the stay of any guest at any time and for any reason.

M. Emergency Notification:

You agree to provide ThriveMore with the following information prior to the Date of Occupancy:

- Names, addresses, and phone numbers of persons to notify in an emergency, or death
- Copy of current Durable Power of Attorney
- Copy of current Health Care Power of Attorney
- Copy of any Advance Directives
- Copy of current Insurance Coverages

ThriveMore shall not be responsible for funeral or burial arrangements or costs.

N. Compliance with Applicable Laws:

ThriveMore will operate in full compliance with all laws, rules, regulations, and ordinances promulgated by lawful governmental authorities. Notwithstanding any other provisions of this Agreement, ThriveMore shall have the right to change your Residence, and the terms of this Agreement, to meet the requirements of any law or regulation.

O. Relocation:

ThriveMore reserves the right to relocate you to another accommodation when deemed necessary in order for ThriveMore to fulfill its strategic plans, financial obligations or other obligations. ThriveMore will use reasonable efforts to relocate you to a similar or better accommodation. Any such decision to relocate you will be discussed thoroughly with you in order to enlist your understanding of the need for and cooperation with the relocation. ThriveMore will pay all required packing and moving costs, and all reasonable refurbishing costs necessary to achieve substantial comparability between your accommodation and any new accommodation to which you may be relocated.

III. Financial Provisions

A. Deposits:

Funds paid toward the Entry Fee may be refundable as outlined in Sections VI and VIII of this Agreement.

B. Entry Fee, Working Capital Fee and Monthly Fee:

You agree to pay ThriveMore an Entry Fee (as indicated below) and the Monthly Fee for the selected residence as outlined in Exhibit A. Within five (5) days of the Effective Date of this Agreement, you agree to pay a ten percent (10%) deposit to secure the Residence as outlined in Exhibit A. You are then required to make the final balance payment of the Entry Fee at least fourteen (14) days prior to the Date of Occupancy, as stated on Exhibit A. You agree to pay all fees and charges as set forth in this Agreement.

All references in this Agreement to Working Capital Fees shall only apply to Communities that charge Working Capital Fees. Working Capital Fees are paid at the same time your Entrance Fee and your Monthly Fee begin for your residence. You will pay ThriveMore a one time

Working Capital Fee in the amount equal to the monthly fee for your residence (including a 2nd person Monthly Fee if there are 2 of you). This is a one time non-repayable charge, which we will place in Working Capital Account to be used by us only for purposes related to Ardenwoods.

You agree to pay ThriveMore one of the following Entry Fees (selected option checked below) as a condition of becoming a Resident of ThriveMore. This Entrance Fee is refundable in whole or in part as described below and in Section VI of this Agreement, subject to the terms and conditions of this Agreement.

Entrance Fee Option	Entry Fee Option	Amount of Entry Fee	Amortization Schedule
_____	Standard Refund Entrance Fee	\$ _____ 2 nd Person _____	4% a month for 24 months less 4% non-refundable fee.
_____	50% Refund Entry Fee	\$ _____ 2 nd Person _____	2% per month for 23 months less 4% non-refundable fee. Refund never less than 50% of original entrance fee.
_____	90% Refund Entry Fee	\$ _____ 2 nd Person _____	1% per month for 6 months less 4% non-refundable fee. Refund never less than 90% of original entrance fee.

The Monthly Fee varies depending upon the type of residence. A Double Occupancy Monthly Fee is charged for Co-Residency. The Monthly Fee and costs for additional services are billed by the fifth (5th) business day of each calendar month, with payment due from you by the fifteenth (15th) of the same month. ThriveMore reserves the right, with thirty (30) days' notice, to change the billing date and the payment due date. For a partial first month, the Monthly Fee is pro-rated on a per diem basis. Thereafter, Monthly Fees are paid in advance and are not pro-rated at termination. If you fail to pay the Monthly Fee, ThriveMore reserves the right to terminate the Agreement. ThriveMore may add a service charge of one percent (1%) per month to fees and charges not paid by the fifteenth (15th) of the month. ThriveMore requires an automatic bank draft for the monthly charges.

C. Delayed Residency:

If you choose to defer occupancy, later than the Date of Occupancy as stated in Exhibit A, both the Entry Fee and the applicable Monthly Fee must still be paid as if you moved into ThriveMore on the Date of Occupancy. You will be credited as appropriate, with the Away Allowance as

described in Section III. I. until such time that you move to ThriveMore. Additionally, any refund will be calculated as of the Date of Occupancy as stated in Exhibit A.

D. Fee Increases:

It is understood by both parties that ThriveMore is a nonprofit corporation dedicated to providing high quality services, facilities, and care at the lowest feasible cost. The parties also recognize the uncertain nature of future costs and expenses for goods and services and their mutual need to maintain a sound financial basis for the continued operation of the facility. You agree that ThriveMore may adjust the Monthly Fee and any and all other fees and charges upon a thirty (30) day written notice to you, as may be reasonably necessary according to the economic requirements and conditions, and the level of services offered. The decision to adjust the Monthly Fee and all other fees and charges is made, in its sole discretion, by the Board of Trustees of ThriveMore.

E. Financial Hardship:

It is the intent of ThriveMore to admit only those persons who are able to pay its current and projected Entry Fee, Monthly Fee and any additional fees and charges. Resident agrees to prudently conserve and maintain Resident's current and future income, resources, and assets in order to provide for payment of services to be provided by ThriveMore under this Agreement or otherwise. Resident agrees to provide ThriveMore thirty (30) days prior written notice of any material transfer of Resident's income, assets or resources, including the creation of any trust, any material expenditure of Resident's income, assets, or resources, or any change in Responsible Party. Resident shall promptly notify ThriveMore of any material change in Resident's medical or financial condition, including but not limited to Resident's qualification for and intention to seek assistance from any public assistance benefit program, as hereinafter defined.

Upon verification satisfactory to ThriveMore that Resident has complied with the foregoing obligations and that Resident's income, resources, and assets are insufficient to pay for services required, ThriveMore will endeavor to provide financial assistance to Resident, by prudent use of finite funds available to it for such purposes. ThriveMore has no legal obligation to provide such assistance and is unable to represent or guarantee with certainty that such assistance will be available to Resident. In any event, such assistance as may be available will be provided only after Resident has applied for and taken all necessary steps to qualify for Medicaid, public assistance, any public benefit program, or private funds or programs through which benefits ("public assistance benefits") may be available for payment of services required by Resident. ThriveMore's ability to subsidize residents who have encountered financial hardship is expressly limited by its obligation to meet its commitments to all residents, and to operate on a sound financial basis. If it is apparent to ThriveMore that you have voluntarily divested assets and resources, or have used resources in a manner other than to meet ordinary and customary living expenses, ThriveMore may refuse to subsidize your fees and charges, and may elect to terminate this Agreement if payments for all fees and charges are not received in a timely manner. The use of ThriveMore's funds to subsidize residents who have encountered financial hardship is at the sole discretion of ThriveMore.

You agree to provide, if requested, financial statements and current financial information and copies of your tax returns for the purpose of demonstrating capacity to meet financial obligations to ThriveMore and other providers arising out of or in connection with this Agreement.

Resident agrees that he or she have not and will not make gifts of real or personal property for the purpose of evading his or her financial obligations to ThriveMore.

F. Subsidy by ThriveMore:

Should ThriveMore elect to subsidize your fees and charges, or any other cost for services or care which ThriveMore under this Agreement is not obligated to pay on your behalf, the accumulated amount of any such subsidy shall be offset against any refund that might become due to you, and any unrecovered balance shall also be a valid claim against your estate. This paragraph shall apply whether or not you reside at ThriveMore at the time of death or termination of this Agreement.

G. Occupancy by Two Residents:

When two (2) Residents occupy a Residence and one of them is no longer domiciled in the Residence, whether as a result of death or otherwise, or in the event of the termination of this Agreement with respect to one of the Residents, this Agreement shall continue in effect for the remaining Resident. The remaining Resident will thereafter pay the Single Occupancy Monthly Fee associated with the Residence. No Entry Fee refunds shall be paid to the remaining Resident until the Residence is vacated as described in this Agreement. Section V.B.7. addresses Resident's obligations when Resident(s) is transferred to the Health Care Center.

H. Addition of a Second Resident to Share a Living Accommodation with a Current Resident:

If, after the Date of Occupancy indicated on Exhibit A, you choose to have a second resident share your residence, ThriveMore may charge the second resident an Entry Fee equal to the current applicable Single Occupancy Entry Fee for such living accommodation, or such lesser amount as ThriveMore may determine in its discretion. Thereafter, you are responsible for paying the applicable Double Occupancy Monthly Fee for the residence.

Second residents are subject to the same review and entrance requirements as initial residents and must sign a Residence and Services Agreement. If the second resident is an existing resident, the second resident is subject to the same entrance requirements as initial residents, except in regard to health status evaluation.

I. Away From the Community:

If Resident is away from the Community for thirty (30) consecutive days, Resident will receive a credit for up to 30 days based on Resident's meal plan selection. If Resident takes advantage of the away rate, no meal credits are accrued during the away time. If for any reason Resident returns to the Community for an overnight stay, he or she will be ineligible to take advantage of the away rate. The away rate can be taken for a maximum of three (3) months.

IV. Resident Moves and Transfers

It is understood that when you move from one independent living residence to another, or if you move from one level of care to another, your status or rights as a ThriveMore resident do not change. You may transfer and/or move on a temporary or a permanent basis, at the determination of ThriveMore.

A. Independent Internal Moves:

- 1. Move to a Larger Independent Living Residence** – Should you desire to transfer to a larger independent living residence, an internal move request should be made in writing according to the Internal Move Policy in the Resident Handbook, which may be subject to change from time to time. An internal move fee may apply as noted in the policy. An additional Entry Fee equal to the difference between the then current Entry Fee for the larger residence and the Entry Fee you originally paid for the smaller residence will be due to ThriveMore prior to your move to the larger residence.

Any additional Entry Fee amounts paid shall be considered paid from the Date of Occupancy of the original residence (Exhibit A) for purposes of calculating any refund. You will also be responsible for the Monthly Fee associated with the larger residence from the Date of Occupancy for the larger residence, or the actual date of move-in, whichever is earlier. The Monthly Fee for the smaller residence is still in effect, and will be charged until all personal belongings have been removed, and a final walk-through has been completed as per the Internal Move Policy.

- 2. Move to a Smaller Independent Living Residence** – Should you desire to transfer to a smaller independent living residence, an internal move request should be made in writing according to the Internal Move Policy in the Resident Handbook. You will not be due any refund at the time of your transfer. Your refund, if any, shall be calculated and paid in accordance with the provisions of this Agreement based on the independent living residence you initially occupied under this Agreement.

You will be responsible for the Monthly Fee associated with the smaller residence beginning on the Date of Occupancy of the smaller residence, or the actual date of move-in, whichever is earlier. You will also be responsible for the Monthly Fee for the larger residence until all personal belongings have been removed from the larger residence, and a final walk-through has been completed as per the Internal Move Policy.

B. Moves to the Health Care Center:

ThriveMore expressly reserves the right to move you to an accommodation that can best provide for your safety and care. If your physical or mental condition deteriorates so that, in the best judgment of ThriveMore and upon the recommendation of ThriveMore's Clinical Team, you are unable to live independently, or if you cannot live in an independent living residence without endangering yourself or the health or safety of others, ThriveMore may move you to a more

appropriate accommodation. Such changes (if not at your request) shall be made only to protect your health or safety, or the general welfare of the residents of ThriveMore or others. Residents may request a meeting with ThriveMore for the discussion and consideration of any actions taken by ThriveMore. Should you fail or refuse to cooperate with any such move, ThriveMore has the right to terminate this Agreement and require you to leave the Community altogether.

If in the sole discretion of ThriveMore, it determines that your transfer is permanent, ThriveMore may assign your independent living residence to another resident. Should your condition subsequently improve to a point that you are able to live independently, you may apply for an independent living residence upon the same basis as existed before the transfer. You shall bear all costs of moving and storing your furniture and belongings in the case of such transfer. In addition, if ThriveMore determines that you can resume occupancy in an independent living residence, you will have priority for a similar residence as soon as one is available.

C. Limitations of Care/Transfer:

ThriveMore's facilities and services are not designed to care for persons who have an active psychiatric illness, who have a dangerous communicable disease or who are involved with drug or alcohol abuse. Should ThriveMore determine that your physical and/or mental condition becomes such that your continued presence at ThriveMore is dangerous or detrimental to your health or safety, or to others, ThriveMore may arrange for such transfer to a special service facility as may be required, and this Agreement will be terminated.

If you or your designee prefers a different institution or special service facility than that selected by ThriveMore, arrangements will be made to accommodate such preference with the understanding that ThriveMore is relieved of any financial responsibility associated with such transfer, or the costs of such a transfer.

V. Health Care Services

During the process of applying to ThriveMore, you have disclosed a true and correct health status and history, and have been approved by ThriveMore for independent living. You have disclosed any significant changes in your health status since your initial review. It is understood by both parties that your health condition may change and that you will inform ThriveMore of any significant changes. If there is reasonable cause for concern, you agree that a ThriveMore physician may examine you.

A. Health Care Center:

The Community's Health Care Center includes a primary care clinic, assisted living residences, skilled nursing residences, and residences offering special care/dementia services.

B. Continuing Care Services:

ThriveMore agrees to provide the health care services outlined below. These services are included in the Monthly Fee, except for those requiring additional payment as described below.

ThriveMore will seek reimbursement from any and all third party payers to the fullest extent available.

- 1. Wellness and Exercise Programs** – ThriveMore staff will conduct wellness and exercise programs for residents who wish to participate. Some special programs may require extra charges.
- 2. Other Health Care Services:**
 - a) Primary Care** – ThriveMore will make available primary care services to you in the Health Care Center during regularly scheduled office hours. Trained health care personnel will be on-site twenty-four (24) hours a day. A physician will be available for scheduled office visits and is on call for Community residents twenty-four (24) hours a day, seven (7) days a week. The ThriveMore physician will refer you to specialists as needed. You will be responsible for the cost of care rendered by physicians not reimbursed by Medicare or other third party payer.
 - b) Laboratory Tests and Other Procedures** – Limited laboratory testing services and diagnostic procedures will be provided in the Health Care Center according to the Health Care Center's fee schedule. You will be responsible for the costs of such services and procedures not reimbursed by Medicare or other third party payer.
 - c) Visiting Nursing Services** – Visiting nursing services may be available for consultation and assistance to you in your residence on a short-term basis. Such services may require an additional charge.
 - d) Special Services** – ThriveMore will provide facilities to accommodate some special services such as Dentistry, Physical Therapy, Occupational Therapy, Speech Therapy, and Pharmacy Services. You will be responsible for the cost of these, and other special services not reimbursed by Medicare or any other third party payer. You are responsible for the costs of medications procured through ThriveMore pharmacy service or elsewhere.
- 3. Assistance with Insurance Claims** – ThriveMore will assist you with the filing of health care insurance claims for services rendered by ThriveMore. Whenever ThriveMore files insurance claims for you, you agree to promptly and fully cooperate in the filing of all such claims. Resident shall be responsible for all fees, costs and expenses should Resident's insurance be denied for any reason.
- 4. Personal Assistants** – You may arrange for limited assistance to accomplish activities of daily living. Personal assistants may be required to be approved by ThriveMore before they are allowed access to ThriveMore facilities. You are responsible for any costs related to the services of any personal assistant. You are responsible for any injury to others or damage to the property of others or of ThriveMore by your assistant(s). ThriveMore may limit or terminate the services of any assistant and may refuse access to the grounds or facilities of ThriveMore by such assistant. You understand that arranging

and receiving care from a personal assistant does not take the place of care that may best be provided in the Health Care Center (See Section IV.B).

5. **Hospitalization** – ThriveMore may assist you in arranging your inpatient hospital care when ordered by a physician. You will be responsible for all hospital charges not covered by Medicare or other third party payer.

7. **Health Care Services in ThriveMore Health Care Center** – ThriveMore will provide temporary or permanent assisted living services, skilled nursing services, and respite care services to you when ordered by a physician. Health care services are provided based upon a specific fee structure as outlined below:
 - a) **Pre-Paid Days:** You are eligible for thirty (30) “free” days in the Health Care Center beginning with the initial Date of Occupancy at ThriveMore. Pre-paid days may also be used for a stay in an alternative health care facility. Should it be necessary to use one or more “free” days, these may again accrue to a maximum of thirty (30) days. One pre-paid day accrues on the first day of each month for which you have not occupied a Health Care Center bed or a bed in an alternative health care facility in the prior month up to a maximum of thirty (30) days. While residing in the Health Care Center or in an alternative health care facility (but only if such alternative health care facility is due to the Community’s inability to provide the necessary care to Resident and not for an alternative health care facility that Resident has chosen) when pre-paid days are available, you continue to pay the current Monthly Fee. After the accrued pre-paid days have been used, the rates as outlined in paragraphs 7.b through 7.h below apply or the rates actually charged by the alternative health care facility.

 - b) **Single Occupancy, Temporary Health Care Center:** When it is deemed by ThriveMore that you are a temporary resident of the Health Care Center, and after pre-paid days have been used, you will pay One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore in addition to the regular Monthly Fee. Resident that is temporarily transferred to the Health Care Center will receive a meal credit for up to 30 days based on Resident’s meal plan selection.

 - c) **Single Occupancy, Permanent Health Care Center:** When it is deemed by ThriveMore that you are a permanent resident of the Health Care Center and after pre-paid days have been used, you will pay One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore. Once you become a permanent resident of the Health Care Center, all personal belongings have been removed from your independent living residence and a final walk-through has been completed, you will relinquish the independent living residence, and the Monthly Fee for the independent living residence will no longer be paid.

 - d) **Double Occupancy, One Resident Temporarily in Health Care Center:** After pre-paid days have been used, the resident temporarily transferred to the Health Care Center and the resident remaining in the independent living residence will continue to pay the Double Occupancy Monthly Fee, plus One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore. Resident that is

temporarily transferred to the Health Care Center will receive a meal credit for up to 30 days based on Resident's meal plan selection.

- e) **Double Occupancy, One Resident Permanently in Health Care Center:** After pre-paid days have been used, the resident permanently transferred to the Health Care Center and the resident remaining in the independent living residence will continue to pay the Single Occupancy Monthly Fee plus One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore.
- f) **Double Occupancy, Both Residents Temporarily in Health Care Center:** After pre-paid days have been used, if both residents are temporarily transferred to the Health Care Center, each will pay One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore. In addition, the resident temporarily transferred to the Health Care Center and the resident remaining in the independent living residence will continue to pay the Double Occupancy Monthly Fee. Resident that is temporarily transferred to the Health Care Center will receive a meal credit for up to 30 days based on Resident's meal plan selection.
- g) **Double Occupancy, Both Residents Permanently in Health Care Center:** After pre-paid days have been used, if both residents are permanently transferred to the Health Care Center, each will pay One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore. Once all personal belongings have been removed from the independent living residence, and a final walk-through has been completed, you will relinquish the independent living residence and the Monthly Fee will no longer be paid for the independent living residence.
- h) **Double Occupancy, One Resident Temporarily in Health Care Center and One Resident Permanently in Health Care Center:** After pre-paid days have been used, if one resident is temporarily transferred to the Health Care Center, and the other resident is permanently transferred to the Health Care Center, the rates outlined in Section V.B.7.e will apply. In addition, the resident temporarily transferred to the Health Care Center will pay One Hundred Percent (100%) of the per diem rate for health care services published by ThriveMore. Resident that is temporarily transferred to the Health Care Center will receive a meal credit for up to 30 days based on Resident's meal plan selection.

If appropriate accommodations suited to meet your needs are not available, ThriveMore will be responsible for identifying alternative health care facilities for you, until such time as an appropriate accommodation is available in ThriveMore's Health Care Center.

Resident is responsible for the costs of care at the alternative health care facility. During the period of stay in an alternative health care facility, all costs of care will be billed to the Resident by the alternative health care facility. If such costs are not covered by Medicare or other third party payer, the Resident is responsible for the costs of care at the alternative health care facility and, the Resident may elect to use any available pre-paid days as described in paragraph 7.a above. Should you elect to use any available pre-paid days, ThriveMore will either reimburse you or credit your account for the scope of

services that would otherwise be included in the per diem rate, provided that ThriveMore's obligation shall not exceed the current prevailing per diem rate.

C. Direct Admission to the Health Care Center:

After the execution of this Agreement and prior to the Date of Occupancy, you may be admitted directly to the Health Care Center should it be determined that your physical or mental condition precludes you from living independently. Under this circumstance, health care services will be delivered as outlined below. Financial support as described in Section III.E. will not apply unless a co-resident takes occupancy of an independent living residence. Should independent living status as determined by ThriveMore be regained, you will have a priority right to an independent living residence equivalent to the independent accommodation previously contracted, and you may move to the independent living residence by paying the balance of the current Entry Fee and the applicable Monthly Fee.

- 1. Direct Admission to Skilled Nursing** – If after execution of this Agreement and prior to the Date of Occupancy, it is determined that you require skilled nursing services, you may be admitted directly to a skilled nursing residence if accommodations are available. You will pay the current daily skilled nursing rate, instead of the Entry Fee and Monthly Fees. Should you subsequently move to an independent living residence after having paid the remaining portion of the Entry Fee and again require Health Care Center services, you would be eligible for the reduced rates outlined in Section V.B.7 of this Agreement, after an agreed upon, pre-determined time of independent residency has been established and met.
- 2. Direct Admission to Assisted Living** – If after execution of this Agreement and prior to the Date of Occupancy it is determined that assisted living services are required, you may be admitted directly to an assisted living residence if accommodations are available. You will pay the current monthly assisted living rate instead of the Entry Fee and Monthly Fee. You may transfer to skilled nursing if more intensive care is needed and accommodations are available, and would then be charged the current daily skilled nursing rate. Should you move to an independent living residence after having paid the remaining portion of the Entry Fee and again require Health Care Center services, you would be eligible for the reduced rates outlined in Section V.B.7. of this Agreement, after an agreed upon, pre-determined time of independent residency has been established and met.
- 3. Double Occupancy and Direct Admission** – In the case of double occupancy, a resident entering an independent living residence with a co-resident directly admitted to the Health Care Center will pay the Single Occupancy Entry Fee and Single Occupancy Monthly Fee for the independent living residence.

VI. Termination Prior to Occupancy and Terms of Refund

A. Termination by the Resident:

- 1. Termination Within the Thirty (30) Day Right of Rescission Period** – You may rescind this Agreement prior to the Date of Occupancy, or after occupancy, by giving written notice to ThriveMore within thirty (30) days following the later of the execution of this Agreement or of the date that you received the Disclosure Statement as required by Section 58-64-1, et. seq. of the North Carolina General Statutes. You will receive a full refund equal to the funds paid toward the Entry Fee without interest, less any non-standard costs incurred by ThriveMore at your request and less any other costs and expenses incurred by you but not paid. Your refund will be paid within sixty (60) days of receipt of your written notice to terminate. You are not required to take occupancy before the end of the thirty (30) day rescission period.
- 2. Termination After the Thirty (30) Day Right of Rescission Period** – After the thirty (30) day rescission period and prior to the Date of Occupancy, if you terminate this Agreement, you will receive a refund equal to the funds paid toward the Entry Fee without interest, less an administrative fee equal to two percent (2%) of the Entry Fee for the independent living residence selected, less any non-standard costs incurred by ThriveMore at your request and less any other costs and expenses incurred by you but not paid. Your refund will be paid within sixty (60) days of receipt of your written notice to terminate.

B. Termination by ThriveMore:

The Agreement may be terminated by ThriveMore if it is determined by ThriveMore that you have misrepresented or omitted medical, financial, or other information given to ThriveMore during the application process, or if your financial status changes prior to the Date of Occupancy such that you no longer meet ThriveMore's financial requirements for admission. In such event, you will be due a refund equal to the total amount of funds paid toward the Entry Fee without interest, less an administrative fee equal to two percent (2%) of the Entry Fee based on the independent living residence selected, less any non-standard costs incurred by ThriveMore at your request and less any other costs and expenses incurred by you but not paid. Your refund will be paid within sixty (60) days of written notice to terminate.

C. Termination as a Result of Death or Illness of Resident:

Prior to the Date of Occupancy, should you die, become ill, be injured or otherwise incapacitated such that ThriveMore determines that independent living is not possible, this Agreement will automatically be terminated and a refund shall be due to you within sixty (60) days, equal to the funds paid toward the Entry Fee without interest, less any non-standard costs incurred by ThriveMore at your request and less any other costs and expenses incurred by you but not paid. In lieu of terminating this Agreement, you may

elect to enter the Community's Health Care Center under the terms of the direct admissions policy outline in Section V.C.

D. Termination of Residency If Listed on a Sex Offender Registry

Resident hereby acknowledges that it is the policy of ThriveMore to conduct sex offender screening for every prospective resident, regardless of independent status or level of care, at the time of application for admission to ThriveMore and again prior to entering into a Residence and Services Agreement. If the screening shows that the prospective resident is identified as a sex offender, ThriveMore will deny admission of Resident on that basis and not execute a Residence and Services Agreement. In addition, Resident hereby acknowledges and agrees that if, after ThriveMore and Resident have entered into a Residence and Services Agreement, ThriveMore becomes aware that Resident is listed on any sex offender registry, ThriveMore may terminate this Agreement with Resident and remove Resident from the Community. If there is more than one resident who is a party to this Agreement, the termination of this Agreement in such instance shall only apply to the resident listed on the sex offender registry.

VII. Conditions of Termination After Occupancy

A. Termination by the Resident: In addition to Section VI., this Agreement may be terminated by you in accordance with the following conditions:

1. The Agreement will be terminated upon your death, or the death of the surviving resident in the case of co-residency.
2. A permanent move to the Health Care Center is not considered a contract termination, and therefore a refund is not applicable. Refunds may only apply upon the termination of the Agreement. The Termination Date will be determined in accordance with Section VII.C. below.
3. Except in the case of death, you must give ThriveMore sixty (60) days written notice of your intent to terminate the Agreement.
4. You must leave the Residence in a condition satisfactory to ThriveMore. ThriveMore may charge you for the cost of work required to restore the Residence to its standard condition, with the exception of reasonable wear and tear.
5. Refunds to you shall be reduced by the amount of your outstanding fees and charges due to ThriveMore.

B. Termination by ThriveMore: ThriveMore may terminate the Agreement with you if you breach this Agreement, or if you fail to pay the Monthly Fee and any other ancillary charges, or fail to follow the standard policies or procedures of ThriveMore, or refuse to relocate as required by this Agreement, or engage in activities or conduct disruptive to

the Community, or if you interfere with the health and safety of the Community, or if you have misrepresented or omitted medical, financial or other information given to ThriveMore during the application process. ThriveMore will be required to give you at least sixty (60) days written notice to vacate your residence.

You must leave the Residence in condition satisfactory to ThriveMore. ThriveMore may charge you for the cost of work required to restore the Residence to its standard condition, with the exception of reasonable wear and tear.

Refunds to you shall be reduced by the amount of your outstanding fees and charges due to ThriveMore.

- C. Termination Date:** The “Termination Date” of this Agreement will be the date on which your personal property has been removed from the residence or sixty (60) days following written notice, whichever is later. You will be required to continue paying the Monthly Fee until the Termination Date or until your personal belongings have been removed and a walk-through has been completed by you or your designee and management, whichever is later.

VIII. Conditions for Refund After Occupancy

- A. Termination of Standard Agreement by Resident or by Death:** You may be entitled to a refund of the Entry Fee. If Resident dies or terminates this Agreement during the first twenty-four (24) months of this Agreement, you or your estate may be entitled to a partial refund of the Entry Fee. You or your estate will receive a refund in the amount equal to: (i) the Entry Fee; less (ii) four percent (4%) of the Entry Fee on the Occupancy Date and then four percent (4%) of the Entry Fee for each month that this Agreement has been in effect for up to twenty-four (24) months; less (iii) any amounts due to ThriveMore. After twenty-four (24) months, there is no refund of the Entry Fee. Entry Fees will not be pro-rated for a period less than one month.
- B. Termination of Standard Agreement by ThriveMore:** If ThriveMore terminates this Agreement pursuant to Section VII.B, you may be entitled to a refund of the Entry Fee. If termination of this Agreement occurs during the first twenty-four (24) months of this Agreement, you or your estate may be entitled to a partial refund of the Entry Fee. You or your estate will receive a refund in the amount equal to: (i) the Entry Fee; less (ii) four percent (4%) of the Entry Fee on the Occupancy Date and then four percent (4%) of the Entry Fee for each month that this Agreement has been in effect for up to twenty-four (24) months; less (iii) any amounts due to ThriveMore. After twenty-four (24) months, there is no refund of the Entry Fee. Entry Fees will not be pro-rated for a period less than one month.
- C. Payment of Refunds:** Any refund of the Entry Fee will be paid after all outstanding fees and charges due to ThriveMore by you have been paid, your personal belongings have been removed, and a final walk-through has been completed. Such payment shall be deferred until the earlier of (i) thirty (30) days after the independent living residence

formerly occupied by you is re-occupied and a full Entry Fee is received by ThriveMore for the residence and (ii) the Twenty-Four (24) month anniversary of the effective date of the termination of this Agreement. Refunds will be paid to you, or in the event of your death, to your estate or if this Agreement has been amended to provide that the refund will be paid to trustee(s) of the revocable trust(s) of Resident, the refund shall be paid to the trustee(s) rather than to Resident's estate. ThriveMore shall have the right to offset any fees and charges owed to ThriveMore with any refund due to you or your estate.

- D. Release upon Termination:** Upon termination of this Agreement, ThriveMore is released from any further obligations to you except for the payment of any refund which may be due under Sections VI and VIII of this Agreement.

IX. Miscellaneous

- A. ThriveMore's Disclosure Requirements:** In keeping with North Carolina requirements for disclosure of financial information to the public and to ThriveMore's residents, ThriveMore will file an annual disclosure statement with the North Carolina Department of Insurance ("Disclosure Statement"). A copy of the most recent Disclosure Statement will be delivered to you prior to the execution of this Agreement and a copy of each subsequent Disclosure Statement shall be made available to you so long as you reside at ThriveMore.
- B. The Resident's Disclosure Requirements:** During the process of applying for admission, you have disclosed your complete health status and history, and your complete financial position to ThriveMore as of the date of this Agreement. ThriveMore will not be responsible for any financial support, or for the cost of your care if the true and correct nature of your financial position and/or medical condition has not been revealed to ThriveMore as of the date of this Agreement or subsequent to the date of this Agreement based upon information you provided to ThriveMore, at its request. Upon the request of ThriveMore, you are obligated to provide us the current status of your health and/or financial position so long as you remain a resident of ThriveMore.
- C. Rights, Privileges and Limitations:** The rights and privileges to you under this Agreement for living accommodations, facilities, and services are personal and non-transferable and do not include any proprietary interest in the properties or assets of ThriveMore.

Your rights shall at all times be subordinate to any obligations of ThriveMore. Upon request by ThriveMore, you agree to execute and deliver a subordination agreement to establish the priority of such obligations as a lien or liens against the property.

- D. Management of The Community:** The absolute rights of management are reserved by ThriveMore and its Board of Trustees. ThriveMore reserves the right to accept or reject any person as a resident. Residents do not have the right to determine admission or terms of acceptance of any other resident.

- E. Assignment:** This Agreement and the rights and privileges of Resident under this Agreement to a residence, facilities and services, and any other rights and privileges hereunder, are personal to Resident and cannot be transferred or assigned by act of Resident, or by any proceeding at law, or otherwise.
- F. Successors and Assigns:** Except as set forth herein, this Agreement will bind and inure to the benefit of the successors and assigns of ThriveMore and your heirs, executors, administrators and permitted assigns.
- G. Uncontrollable Interruption of Service:** No breach of ThriveMore's obligations under this Agreement and no liability for injury to you shall result from an interruption of, or failure to provide, contracted service due to an act of God or other cause beyond the reasonable control of ThriveMore, specifically including strikes or other forms of labor disturbances, government regulations and/or embargoes, pandemic or epidemic, shortages of labor or materials, fire, flood, earthquake, inclement weather or acts of the resident. ThriveMore shall make reasonable efforts to continue to provide the usual services in such event.
- H. Confidentiality:** ThriveMore has the responsibility to keep all of the personal, medical and financial information you have supplied confidential. You agree that ThriveMore can disclose such information to those who have a need, in ThriveMore's judgment, or the right to know.
- I. Indemnity:** You agree to indemnify, defend and hold ThriveMore harmless from claims, damages or expenses, including attorneys' fees and court costs, resulting from any injury or death to persons and any damages to property caused by, resulting from, attributable to or in any way connected with your acts or omissions or those of your guests, including private duty nurses or any other third party service contracted by you. This Section IX. I. shall survive termination of this Agreement.
- J. Affiliation:** ThriveMore has an historical relationship to the Baptist State Convention of North Carolina. The Baptist State Convention of North Carolina is not responsible for the financial or contractual obligations of ThriveMore. ThriveMore holds membership in LeadingAge and LeadingAge NC.
- K. Subordination to Financing:** The rights of Resident are limited to those rights and privileges expressly granted by the terms of this Agreement. The Community or other ThriveMore facilities, properties, assets or revenues are or may be subject to a first deed of trust or other security instrument or serve as security for various financing arrangements. Certain legal rights of the lender, including any right of foreclosure in the event of default, are superior to the rights and privileges granted the Resident by this Agreement.
- L. Waiver of Breach:** The failure of ThriveMore in any one or more instances to insist upon the strict performance, observance, or compliance by you with any of the terms or provisions of this Agreement, or its waiver of a breach by you of any terms or provisions of this Agreement, shall not be construed as a waiver or relinquishment by ThriveMore of

its right to insist upon strict compliance by you with all terms or provisions of this Agreement.

- M. Rules Adopted by ThriveMore:** ThriveMore reserves the right to adopt policies, procedures and rules regarding the Community, ThriveMore, residents, residency, and/or services. - N. Amendment of Residence and Services Agreement and General Conditions:** ThriveMore reserves the right, upon thirty (30) days prior written notice to all residents, to modify or amend the Residence and Services Agreement whenever doing so is necessary to correct errors, omissions, or inconsistencies, to provide clarification of intent, or to conform the documents to the requirements of local, state, or federal laws and regulations applicable to ThriveMore, in particular, or to residential life care communities, in general, or whenever doing so is deemed by the Board of Directors of ThriveMore to be in the best interest of ThriveMore and the residents in light of changes in health insurance laws and coverages and/or local, state or federal tax laws or regulations.
- O. Entire Contract in this Agreement:** This Agreement, Exhibit A, Exhibit B, Exhibit C and any attached Exhibits, Schedules, Addenda, Application Forms, and Requests for Changes to the Living Residence constitute the entire contract between ThriveMore and you. ThriveMore is not liable for, nor bound in any manner by any statements, representations, or promises made by any person representing or purporting to represent ThriveMore unless such statements, representations, or promises are set forth in this Agreement. Except as set forth in Section IX.N., this Agreement may not be amended or modified except by written agreement signed by the parties hereto and incorporated herein by reference.
- P. Governing Law: Venue:** This Agreement shall be governed by, interpreted, construed and enforced in accordance with the laws of the State of North Carolina, without giving effect to any choice of law or conflict of law rules or provisions that would cause the application of laws or any jurisdiction other than North Carolina. Except to the extent that the parties have agreed to an alternative mechanism for the resolution of a dispute, to the full extent permitted by law, any action, suit or proceeding arising out of or relating to this Agreement shall be brought and enforced in the courts of the State of North Carolina located in Forsyth County or the United States District Court for the Western District of North Carolina, and the parties hereby irrevocably submit to the exclusive jurisdiction of such courts and irrevocably waive any objection that they may now or hereafter have to the laying of venue of any such action or proceeding in such courts. BAPTIST RETIREMENT HOMES OF NORTH CAROLINA, INCORPORATED

**AMENDMENT TO APARTMENT RESIDENT AGREEMENT
GARDENS OF TAYLOR GLEN RETIREMENT COMMUNITY**

THIS AMENDMENT TO APARTMENT RESIDENT AGREEMENT (“Amendment”) is entered into in Concord, Cabarrus County, North Carolina by and between Baptist Retirement Homes of North Carolina, Incorporated, a nonprofit corporation duly organized under the laws of the State of North Carolina, hereinafter referred to as “Baptist Homes,” and _____ hereinafter referred to as “Resident,” and _____, hereinafter referred to as “Responsible Party.” (If more than one person who will be a resident enters into this Amendment, the word “Resident” as used herein shall include both of them unless otherwise stated.)

In consideration of mutual promises and understandings herein set forth and set forth in the Apartment Resident Agreement (“Agreement”), Baptist Homes, Resident, and Responsible Party agree to amend the Agreement as follows:

1. Paragraph 1 of the Agreement is hereby deleted and replaced in its entirety with the following:

Resident shall pay to Baptist Homes the sum of \$ _____ as an Entrance Fee for Apartment # _____, in the following manner:

- a. Ten percent (10%) upon execution of the Agreement by Resident, including a credit for the reservation fee, if any, previously paid.
- b. An additional fifteen percent (15%) of the Entrance Fee not less than thirty (30) days prior to the “date of occupancy” as described in Paragraph 2 of the Agreement.
- c. The remaining seventy-five percent (75%) immediately upon the earlier of (i) the sale or transfer of title to that certain property located at _____ (the “Property”) which Property shall be more specifically described in the Deed of Trust (as hereinafter defined) executed, acknowledged and delivered to Baptist Homes concurrently with the Promissory Note (as hereinafter defined), or (ii) two (2) years following the “date of occupancy” as described in Paragraph 2 of the Agreement.

Not less than thirty (30) days prior to the “date of occupancy” as defined in Paragraph 2 of the Agreement, Resident shall (A) execute (and cause Responsible Party to acknowledge) a promissory note in an amount equal to seventy-five percent (75%) of the Entrance Fee and otherwise substantially in the form attached to this Amendment as Exhibit A (the “Promissory Note”) and (B) execute and have acknowledged by a notary (and cause Resident’s spouse, if any, to execute and have acknowledged by a notary) a deed of trust substantially in the

form attached to this Amendment as Exhibit B (the "Deed of Trust"). Baptist Homes is authorized to record the executed Deed of Trust in the Office of the Register of Deeds for the County in which the Property is located upon receipt.

2. A new Paragraph 10(c) shall be inserted to read as follows:

If Resident has executed a Promissory Note as described in Paragraph 1, Baptist Homes shall take such steps necessary to destroy or otherwise invalidate the Promissory Note in the event of termination under this Section 10.

3. Paragraph 11(a)(ii) of the Agreement is hereby deleted and replaced in its entirety with the following:

If Resident occupies the Apartment Home for a period of time but, within sixty (60) months of occupying the Apartment Home, voluntarily terminates the Agreement pursuant to Paragraph 11(a)(i) thereof or dies, Baptist Homes will refund an amount equal to the amortized remaining value of the Entrance Fee based on a sixty (60) month term; provided however, to the extent that Resident terminates the Agreement or dies prior to paying the full Entrance Fee as permitted under Section 1(c), such refund shall be an amount equal to the amortized remaining value of the portion of the Entrance Fee actually paid based on a sixty (60) month term starting with the date of occupancy (regardless of when such portion of the Entrance Fee was paid). If Resident voluntarily terminates the Agreement or dies more than sixty (60) months after occupying the Apartment Home, no refund will be paid by Baptist Homes.

4. A new Paragraph 11(e) shall be inserted to read as follows:

If Resident has executed a Promissory Note as described in Paragraph 1, Baptist Homes shall take such steps necessary to destroy or otherwise invalidate the Promissory Note in the event of termination under this Section 11.

5. Paragraph 14 of the Agreement is deleted and replaced in its entirety with the following:

When an Apartment Home is occupied by more than one person, all of whom have initially signed this Agreement, and one Resident dies or moves from the Apartment Home and releases or relinquishes further occupancy rights, leaving one or more Residents remaining in the Apartment Home, no refund is payable at that time. In such a case, the remaining Resident shall have the option of retaining the same Apartment Home, paying any portion of the Entrance Fee that remains outstanding by the maturity date reflected in the applicable Promissory Note, receiving no refund on the Entrance Fee, and paying the monthly service fee applicable to the number of persons then occupying that Apartment. Under such circumstances, Resident agrees to sign any ratification or amendment to the Agreement, a ratification of the applicable Promissory Note (if such Promissory Note was given in Resident's name), a new promissory note and related security instruments (if the Promissory Note is not in Resident's name), and/or such

similar instruments as Baptist Homes, in its reasonable discretion, deems appropriate to secure Resident's obligation to pay any outstanding portion of the Entrance Fee.

6. If a Resident transfers or otherwise accepts space in the Health Care Center under Paragraphs 15 or 16 of the Agreement, notwithstanding any other provision of the Agreement, including but not limited to Section 16(a)(i), such transfer shall not impact Resident's obligation to pay any outstanding balance on the Entrance Fee by the maturity date set forth in the applicable Promissory Note.
7. Except as otherwise amended herein, the Agreement shall remain in full force and effect, and shall be binding upon the parties.
8. The Resident and Responsible Party have read this Amendment and understand its provisions. The Agreement, this Amendment, and any other amendments thereto constitute the entire Agreement between Baptist Homes and Resident and Responsible Party and supersedes all prior negotiations, understandings, and agreements between them. Baptist Homes is not liable for nor bound in any manner by any statements, representations or promises made by any person representing or purporting to represent Baptist Homes unless such statements, representations or promises are set forth in the Agreement, this Amendment, or any other amendments thereto.
9. If there is a final determination by appropriate legal authorities that any portion of this Amendment conflicts with or is inconsistent with valid state or federal law or regulation applicable to Baptist Homes, the Resident and/or the services covered by this Amendment, such law or regulation shall control the relationship between Baptist Homes and the Resident in lieu of any portion of this Amendment as to which there has been such a final determination.
10. If a portion of this Amendment shall be determined to be illegal or not in conformity with appropriate laws and regulations, it shall not invalidate or affect the validity of the remainder of this Amendment or the Agreement.

13. **Manner and Method of Payment.** All payments called for in this Note shall be made in lawful money of the United States of America by wire transfer to an account designated by Holder, which account may be changed by Holder from time to time upon notice to Maker pursuant to Section 15 hereof, or by certified check.

14. **No Usury Intended; Usury Savings Clause.** In no event shall interest contracted for, charged or received hereunder, plus any other charges in connection herewith which constitute interest, exceed the maximum interest permitted by applicable law. The amounts of such interest or other charges previously paid to the holder of the Note in excess of the amounts permitted by applicable law shall be applied by the holder of the Note to reduce the principal of the indebtedness evidenced by the Note, or, at the option of Holder, be refunded. To the extent permitted by applicable law, determination of the legal maximum amount of interest shall at all times be made by amortizing, prorating, allocating and spreading in equal parts during the period of the full stated term of the Note, all interest at any time contracted for,

WITNESSETH :

WHEREAS, the Grantor is indebted to the Beneficiary in the principal sum of _____ and ___ Dollars (\$ _____), as evidenced by a Promissory Note of even date herewith (the "**Note**"). The maturity date of the Note, if not sooner paid, is the earlier of (i) the transfer or sale of title to the Property (as hereinafter defined) or (ii) _____, 20__.

NOW, THEREFORE, as security for the indebtedness under the Note, advancements and other sums expended by Beneficiary pursuant to this Deed of Trust and costs of collection (including attorneys fees as provided in the Note) and other valuable consideration, the receipt of which is hereby acknowledged, the Grantor has bargained, sold, given and conveyed and does by these presents bargain, sell, give, grant and convey to Trustee with power of sale, Trustee's heirs, or successors, and assigns, the parcel(s) of land situated in the City of _____, _____ County, North Carolina, (the "**Property**") and more particularly described on Exhibit A attached hereto;

TO HAVE AND TO HOLD the Property with all privileges and appurtenances thereunto belonging, to said the Trustee, his heirs, successors, and assigns forever, upon the trusts, terms and conditions, and for the uses hereinafter set forth.

IN TRUST, HOWEVER, that if the Note is timely paid and performed and each and every representation, warranty, agreement, and condition of this Deed of Trust is complied with and abided by, this Deed of Trust and the estate hereby created shall cease and be null, void, and canceled of record at the request and expense of Grantor.

Grantor WARRANTS AND REPRESENTS that Grantor is seized of the Property in fee simple, has the right to convey the same in fee simple, that the title is marketable and free and clear of all encumbrances, and that Grantor will warrant and will defend the title thereto to Trustee, Beneficiary and Beneficiary's successors and assigns, against the lawful claims of all persons whomsoever.

Grantor further represents and agrees with Trustee and Beneficiary as follows:

1. Insurance. Grantor shall keep all improvements on the Property, not or hereafter erected, constantly insured for the benefit of the Beneficiary against loss by fire, windstorm and such other casualties and hazards, in such manner and in such companies and for such amounts, not less than that amount necessary to pay the sum secured by this Deed of Trust, and as may be satisfactory to the Beneficiary, and shall provide liability insurance providing coverage in such amount as Beneficiary may require (collectively "**Insurance**") naming Beneficiary as an additional insured. Grantor shall purchase the Insurance, pay all premiums therefore, and shall deliver to Beneficiary such policies along with evidence of premium payments as long as the Note secured hereby remains unpaid. All proceeds from any Insurance shall at the option of Beneficiary be applied to the Note and if payable in installments, applied in the inverse order of maturity of such installments or to the repair or reconstruction of any improvements located upon the Property.

2. Waiver. Grantor waives all rights to require marshalling of assets by the Trustee or Beneficiary.

3. Impositions. Grantor will pay all taxes, levies, assessments and other fees and charges imposed upon or which may become a lien upon the Property under any law or ordinance (collectively "**Impositions**") before they become delinquent and in any event in the same calendar year in which they first become due.

4. Condition of Property. Grantor shall keep and maintain the Property in good condition and repair and fully protected from the elements to the satisfaction of Beneficiary. Grantor will not remove, demolish or structurally alter any of the buildings or other improvements on the Property (except such alterations as may be required by laws, ordinances or regulations) without the prior written consent of Beneficiary. Grantor shall promptly notify Beneficiary in writing of any loss, damage or adverse condition affecting the Property. Grantor shall comply with all governmental regulations and requirements respecting the Property or its use and will not commit waste.

5. Eminent Domain. Should the Property or any interest therein be taken or damaged by reason of any public use or improvement or condemnation proceeding (“**Condemnation**”), or should Grantor receive any notice or other information regarding such Condemnation, Grantor shall give prompt written notice thereof to Beneficiary. Beneficiary shall be entitled to all compensation, awards and other payments or relief granted in connection with such Condemnation and, at its option, may commence, appear in and prosecute in its own name any action or proceedings relating thereto. Beneficiary shall be entitled to make any compromise or settlement in connection with such taking or damage. All compensation, awards, and damages awarded to Grantor related to any Condemnation (the “**Proceeds**”) are hereby assigned to Beneficiary and Grantor agrees to execute such further assignments of the Proceeds as Beneficiary may require. All the Proceeds shall be applied to the outstanding principal balance under the Note. Grantor appoints Beneficiary as its attorney-in-fact to receive and endorse the Proceeds to Beneficiary, which appointment is coupled with an interest and shall be irrevocable as long as the Note remains unsatisfied.

6. Inspections. Beneficiary, or its representatives or agents, are authorized to enter at any reasonable time upon any part of the Property for the purpose of inspecting the Property and for the purpose of performing any of the acts it is authorized to perform under the terms of this Deed of Trust.

7. Liens and Subrogation. Grantor shall pay and promptly discharge all liens, claims and encumbrances upon the Property made after the recording of this Deed of Trust.

8. Payments by Beneficiary. After notice to Grantor and Grantor’s failure to pay, Beneficiary may pay such sums as Beneficiary deems appropriate for the protection and maintenance of the Property including, without limitation, sums to pay Impositions and other levies, assessments or liens, maintain Insurance, make repairs, secure the Property, maintain utility service, intervene in any condemnation and pay attorneys’ fees and other fees and costs to enforce this Deed of Trust or protect the lien hereof (including foreclosure) or collect on the Note, without limitation, including those incurred in any proceeding including bankruptcy or arbitration. Any amounts so paid shall bear interest at the default rate stated in the Note and shall be secured by this Deed of Trust. No payment by Beneficiary or anything else contained in this section shall constitute a waiver by Beneficiary or prevent such failure to perform from constituting an Event of Default.

9. Indemnification. Grantor shall protect, indemnify and save harmless Beneficiary from and against all losses, liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys’ fees and expenses) (collectively, “**Damages**”) imposed upon, incurred by or asserted against Beneficiary on account of (i) any claim of loss or damage to the Property or any injury or claim of injury to, or death of, any person or property that may be occasioned by any cause whatsoever pertaining to the Property or the use, occupancy or operation thereof, (ii) any failure or alleged failure of Grantor to comply with any law, rule or regulation applicable to the Property or the use, occupancy or operation of the Property (including, without limitation, the failure to pay any taxes, fees or other charges), provided that such indemnity shall be effective only to the extent of any Damages that may be sustained by Beneficiary in excess of any net proceeds received by it from any insurance of Grantor (other than self-insurance) with respect to Damages, or (iii) any and all liability

arising from any leases related to the Property. Nothing contained herein shall require Grantor to indemnify Beneficiary for any Damages resulting from Beneficiary's negligence or its willful and wrongful acts. If any suit or proceeding is brought against the Trustee or Beneficiary or if any suit or proceedings is brought which may affect the value or title of the Property, Grantor shall defend, indemnify and hold harmless and on demand reimburse Trustee or Beneficiary from any Damages and any sums expended by Trustee or Beneficiary shall bear interest as provided in the Note and shall be due and payable on demand. The indemnity provided for herein shall survive payment of the Note and shall extend to the officers, directors, employees and duly authorized agents of Beneficiary.

10. Due on Sale or Further Encumbrance or Transfer of an Interest in Grantor. Without the prior written consent of Beneficiary in each instance, Grantor shall not (i) sell, convey, transfer or encumber the Property, or any part thereof or interest therein, whether legal or equitable, (ii) cause or permit any transfer of the Property or any part thereof, whether voluntarily, involuntarily or by operation of law, or (iii) enter into any agreement or transaction to transfer, or accomplish in form or substance a transfer, of the Property. A "transfer" of the Property includes: (a) the direct or indirect sale, transfer or conveyance of the Property or any portion thereof; or (b) the execution of an installment sale contract or similar instrument affecting all or any portion of the Property.

11. Assignments of Leases. Grantor assigns to Beneficiary, in the Event of Default, all rents and profits from the Property and any improvements thereon, and authorizes Beneficiary to enter upon and take possession of the Property and improvements, to rent same, at any reasonable rate of rent determined by Beneficiary, and after deducting from any such rents the cost of reletting and collections, to apply the remainder to the amount due under the Note.

12. Events of Default. Each of the following shall constitute an Event of Default by Grantor hereunder (each, an "Event of Default"):

- (a) A default under the Note; or
- (b) A breach of any covenant, condition, warranty, obligation, representation or agreement of Grantor under this Deed of Trust.

13. Remedies. If an Event of Default shall have occurred, Beneficiary may take one or more of any of the following actions:

(a) Acceleration. Beneficiary may declare the Note immediately due and payable, without presentment, demand, notice of any kind, protest or notice of protest, all of which are expressly waived.

(b) Foreclosure and Sale. Beneficiary may (i) direct Trustee to sell under power of sale (and Trustee is hereby empowered to sell) all or any part of the Property at public auction to the last and highest bidder for cash (free of any equity of redemption, homestead, dower, courtesy or other exemption, all of which are expressly waived by Grantor) at such time and place and upon such terms and conditions as shall be determined by Trustee, in its discretion, in accordance with applicable law or rule of court; (ii) elect to foreclose this Deed of Trust pursuant to a judicial foreclosure action; or (iii) take such other action at law, equity or by

contract for the enforcement of this Deed of Trust and realization on the security herein or elsewhere provided for, as the law may allow, and may proceed therein to final judgment and execution for the entire unpaid balance of the Note, together with any other sums due by Grantor in accordance with the provisions of this Deed of Trust, together with interest from the date of default at the default rate under the Note and all expenses of sale and of all proceedings in connection therewith, including reasonable Trustee's fees (not to exceed the maximum fee allowed by law) and reasonable attorneys' fees. The unpaid balance of any judgment shall bear interest at the greater of (1) the statutory rate provided for judgments, or (2) the default rate under the Note. Any sale may be adjourned by announcement at the time and place appointed for such sale without further notice except as may be required by law. Beneficiary may bid and become the purchaser at any sale under this Deed of Trust.

(c) Other Remedies. Beneficiary shall have the right, from time to time, to bring an appropriate action to recover any sums required to be paid by Grantor under the terms of this Deed of Trust, as they become due, without regard to whether or not any other Obligations shall be due, and without prejudice to the right of Beneficiary thereafter to bring an action of foreclosure, or any other action, for any default by Grantor existing at the time the earlier action was commenced.

14. Substitute Trustee. Beneficiary may, at any time and from time to time, without notice, at the Beneficiary's discretion, remove Trustee and appoint a substitute trustee ("**Substitute Trustee**") by filing in the records where this Deed of Trust is recorded an instrument affecting such removal and appointment. A Substitute Trustee shall be vested with title to the Property and with all rights, powers, and duties of the original Trustee herein and all provisions hereof pertaining to the Trustee shall similarly affect any Substitute Trustee. Any oath or bond by the Trustee is hereby waived.

15. Miscellaneous Provisions. Grantor agrees to the following: (i) All remedies available to Beneficiary with respect to this Deed of Trust or available at law or in equity shall be cumulative and may be pursued concurrently or successively. No delay by Beneficiary in exercising any remedy shall operate as a waiver of that remedy or of any default. Any payment by Beneficiary or acceptance by Beneficiary of any partial payment shall not constitute a waiver by Beneficiary of any default; (ii) The provisions hereof shall be binding upon and inure to the benefit of Grantor, their heirs, personal representatives, successors and assigns including, without limitation, subsequent owners of the Property or any part thereof, and shall be binding upon and inure to the benefit of Beneficiary, its successors and assigns and any future holder of the Note; (iii) Any notices, demands or requests shall be sufficiently given Grantor if in writing and mailed or delivered to the address of Grantor shown above and to Beneficiary if in writing and mailed or delivered to the address of Beneficiary shown above, or such other address as Beneficiary may specify from time to time and in the event that Grantor changes Grantor's address at any time prior to the date the Note is paid in full, that party shall promptly give written notice of such change of address by registered or certified mail, return receipt requested, all charges prepaid; (iv) This Deed of Trust may be terminated or modified only by an instrument in writing signed by the Beneficiary and Grantor and may be modified without the Trustee joining or signing such instrument; (v) The captions or headings at the beginning of each paragraph hereof are for the convenience of the parties and are not a part of this Deed of Trust; (vi) If the lien of this Deed of Trust is invalid or unenforceable as to any part of the Note, the unsecured

portion of the Note shall be completely paid (and all payments made shall be deemed to have first been applied to payment of the unsecured portion of the Note) prior to payment of the secured portion of the Note and if any clause, provision or obligation hereunder is determined invalid or unenforceable the remainder of this Deed of Trust shall be construed and enforced as if such clause, provision or obligation had not been contained herein; (vii) This Deed of Trust shall be governed by and construed under the laws of the State of North Carolina; and (viii) Grantor by execution and Beneficiary by acceptance of this Deed of Trust agree to be bound by the terms and provisions hereof.

Bedrail Policy

It is the policy of this community not to use bedrails. This is due to the possible risk and negative outcomes that can be involved with utilization. Bedrails may involve risk such as getting caught in the rail, getting caught between the rail and mattress, strangulation, suffocation, hitting against the rail causing bruising and/or skin tears and crawling over the top of the rail risking a fall from a higher level with a risk for greater injury or death. Other negative outcomes may still occur regardless of bedrail use.

If you request a bedrail, an interdisciplinary team will evaluate your care and request and educate you on the risk vs benefits of bedrail utilization.

___ I understand the risk described above and do not request a bedrail.

___ I would like for an interdisciplinary team to evaluate and consider use of a bedrail despite the risk described above.

STANDARD ADMISSION WAIVER

1. The Community shall not be responsible for lost missing or damages personal articles or belongings, such as, though not limited to, dentures, glasses, hearing aids, furniture, equipment or clothing.
2. The Community shall not be responsible for any valuables or money left in possession of the Resident of this Community.
3. The Community shall exercise such reasonable care towards the Resident as his/her known condition may require; however, Community does not represent, claim or promise that someone a Community employee or representative will be with the Resident at all times. Resident, the Resident's legal representative and/or the Resident's Responsible Party understand that the Community will not be able to prevent falls or other accidents brought about by the Resident's own activities.

DURATION OF AGREEMENT

The resident, sponsor, or legal representative may terminate this agreement with an appropriate notice. A five (5) day notice is requested in order to give the community, the resident and/or responsible family members time to make necessary arrangements. Otherwise, it will remain in effect until a different agreement is executed. However, this does not mean that the resident will be forced to remain in this Nursing Community against his or her will for any length of time. Community may discharge resident with appropriate notice if resident no longer requires services provided by Community or resident's needs can no longer be met by community or the safety of individuals in the community is endangered, or the health of the individuals in the community would otherwise be endangered, or failure to pay for services provided.

HOLDING ROOM PROVISION

If the Resident is transferred to the hospital for admission, the Resident or their legal representative shall notify the Community within twenty-four (24) hours following transfer if they desire to request that the Resident's bed be reserved. If the Community is not notified within the twenty-four (24) hour period, then the room will be automatically released by the Community for use. If the Resident or their legal representative desires to hold the bed for Resident, then an advance payment for a five (5) day period at the full regular room rate must be made (the "Room Hold Charge"). The Room Hold Charge begins the day the Resident goes to the hospital, however, there will not be any charge for the day the Resident returns to the Community. Except in special circumstances, residents are not normally re-admitted on weekend or holidays.

Out of Community Visits

Residents may leave the community, but please notify the nurse when you leave and when you plan on returning. Residents whose stay is being paid by Medicare cannot leave for extended periods of time and cannot stay out overnight. Residents who leave without telling staff or who stay out overnight may be considered discharged against medical advice.

Addendum (community name)

Bedrail Policy

It is the policy of this community not to use bedrails. This is due to the possible risk and negative outcomes that can be involved with utilization. Bedrails may involve risk such as getting caught in the rail, getting caught between the rail and mattress, strangulation, suffocation, hitting against the rail causing bruising and/or skin tears and crawling over the top of the rail risking a fall from a higher level with a risk for greater injury or death. Other negative outcomes may still occur regardless of bedrail use.

If you request a bedrail, an interdisciplinary team will evaluate your care and request and educate you on the risk vs benefits of bedrail utilization.

___ I understand the risk described above and do not request a bedrail.

___ I would like for an interdisciplinary team to evaluate and consider use of a bedrail despite the risk described above.

Lost/Damaged Dentures

The community will assume responsibility for replacing/repairing lost or damaged dentures if after a thorough investigation the faculty determines the community staff were responsible for not properly storing, caring for and/or handling the resident's dentures.
