HEALTH CRITERIA -- Acts' policy is that residents be able to live safely alone in their own apartment at the time they are accepted as residents.

MEDICAL EXAMINATION FORM. Approximately thirty (30) days prior to the execution of the Resident Contract and payment of the reservation fee, a medical form is mailed to resident which must be completed by a physician at resident's expense, and immediately returned.

INTERVIEW WITH ADMISSIONS COMMITTEE. Approximately thirty (30) days prior to the execution of the Resident Contract and payment of the reservation fee, resident is scheduled for a final interview with an admissions committee or other authorized person(s) to determine if resident is able to meet physical and mental conditions of entrance. If resident is deemed to have met the physical and mental requirements, he/she will be granted entrance upon meeting the financial requirements.

INABILITY TO MEET HEALTH REQUIREMENTS. In the event an applicant is denied admission, the priority list contract shall terminate and the priority list deposit shall be refunded within thirty (30) days of the date of termination. Acts reserves the right to determine whether the applicant is unable to take occupancy due to illness, injury or incapacity. INABILITY OF ONE RESIDENT TO MEET PHYSICAL REQUIREMENTS. Please reference the previous section, "Inability to Meet Health Requirements."

FINANCIAL AND INSURANCE CRITERIA

REVIEW OF FINANCIAL CONDITION. Approximately thirty (30) days prior to the execution of the Resident Contract and payment of the reservation fee, resident will be given a financial qualification form which will be completed by resident and returned to Acts before the welcome interview is scheduled. The finance department will review the financial condition of the resident's estate and approve financial qualification prior to the execution of the Resident Contract. REQUIRED INSURANCE. As a condition to admission, resident will, prior to the date of availability, enroll in part A of the Medicare program and subscribe to and pay for coverage under part B of the Medicare program. If not eligible for Medicare, resident will enroll in some other insurance program providing equivalent benefits as approved in writing by Acts. Additionally, resident will subscribe to and pay for Medicare supplemental coverage (commonly referred to as "medigap insurance," covering days 21 through 100 of skilled care services), as approved by Acts. Throughout the duration of the Resident Contract, resident shall maintain, at resident's expense, the required insurance coverage. Proof of required insurance coverage must be provided to Acts prior to the date of availability. Acts may require resident to provide proof of required insurance from time to time after occupancy. Should resident fail to arrange for or maintain required medical insurance coverage, resident will be responsible for all charges that otherwise would have been reimbursed through these required insurance programs and shall demonstrate adequate financial resources for such coverage to Acts upon request.

Medicare Part A co-insurance for skilled days 21 through 100, and Medicare Part B annual deductible and co-insurance are the responsibility of resident.

ASSIGNMENT OF REQUIRED INSURANCE AND THIRD PARTY PAYMENTS. Resident assigns and transfers over to Acts all rights of resident to required public and private insurance and benefits to the extent necessary to pay Acts for services provided to resident under the Resident Contract. If resident becomes eligible to receive payment from any third party for services provided under the Resident Contract by Acts, resident shall at all times cooperate fully with Acts and each third party payor so that Acts may make claim for and receive any applicable third party payments. Resident authorizes Acts to make any and all claims for such insurance and benefits and agrees to execute all documents necessary to enable Acts to collect or enforce such claims. If for any reason Acts cannot apply directly for such benefits, resident shall from time to time apply for the payments for services provided by Acts to which resident is entitled under applicable insurance benefit programs, and pay to Acts the benefits received within ten (10) days of payment by the third party payor.

ENROLLMENT IN A HEALTH MAINTENANCE ORGANIZATION ("HMO") OR OTHER MANAGED CARE PLAN. Resident may only enroll in a health maintenance organization ("HMO") or other managed care plan for which Acts is a network or participating provider unless Acts provides prior written consent. Prior to enrolling in any HMO or managed care plan, resident shall sign an addendum identifying the plan and reflecting Acts' approval or disapproval. In the event that resident subscribes to an HMO or other managed care plan, including a managed care plan that provides Medicare benefits, and Acts is not a participating provider in resident's managed care plan, Acts may elect, at its option, to attempt to negotiate a contract with and obtain payment from resident's managed care plan for covered services to be provided by Acts. If Acts is or becomes a network provider in resident's managed care plan, Acts reserves the right to withdraw from participation as a network provider. If resident's managed care plan and Acts do not reach an agreement on the terms under which

services would be provided, or if resident's managed care plan does not agree to provide payment for covered services provided by Acts or if Acts withdraws from participation in resident's managed care plan, resident shall either transfer to and receive services from a participating provider in resident's managed care plan or shall pay Acts, in addition to the monthly rate, the daily rate for routine nursing care services which would have been covered by Medicare indemnity coverage, but only for the limited period of time during which Medicare or other required insurance coverage would have been available. In the event that resident is transferred to a provider participating in resident's managed care plan, resident shall continue to pay the monthly rate and additionally all costs and charges related to the transfer to and occupancy of the participating provider. There will be no reduction in the monthly rate as a result of resident's participation in any health insurance program or managed care plans which provide for payment for services rendered or made available by Acts. Any co-insurance required by the HMO or managed care plan shall be paid by resident.

AGE REQUIREMENTS -- As a condition to admission, resident will supply satisfactory evidence that he/she has obtained his/her sixty-second (62nd) birthday by the date of availability.

CHANGES OF CONDITION OF RESIDENT PRIOR TO OCCUPANCY

a) Change in financial condition. If, after the date of accepting and signing a Resident Contract by both parties and prior to the date of occupancy of a residential unit, a change in resident's financial condition occurs and resident no longer qualifies under Section 2.1 of the Resident Contract, Acts reserves the right to terminate the Resident Contract. Any portion of the entrance fee that has been paid shall be refunded in full no later than sixty (60) days after the effective date of termination of the Resident Contract.

b) Change in medical condition. Once a Resident Contract is accepted and signed by both parties, the Resident Contract shall not terminate solely due to a change in medical condition. However, Acts reserves the right to determine the appropriate living accommodation.

CANCELLATION/TERMINATION – (Please reference Section 13, "Termination of Resident Contract" of the Resident Contract and Section 5, "Termination of Addendum" of the Addendum for Modified Health Care Plan for more details).

TERMINATION BY RESIDENT PRIOR TO OCCUPANCY. If resident or resident's legal representative notifies Acts in writing of his/her election to withdraw or terminate the Resident Contract before resident takes occupancy, the Resident Contract with said resident shall automatically be terminated. If resident dies before the date of availability, or if, through illness, injury, or incapacity, resident is precluded from taking occupancy and becoming a resident under the terms of the Resident Contract, the Resident Contract shall be automatically rescinded. The resident or his/her designated beneficiary shall receive a refund in accordance with Subsection 14.1 of the Resident Contract.

TERMINATION BY RESIDENT DURING THIRTY (30) DAY RESCISSION PERIOD. Resident or resident's legal representative may terminate the Resident Contract within thirty (30) days of the later of the execution of the Resident Contract or the receipt date of this disclosure statement by signing the 'Notice of Right to Rescind' and delivering it to Acts. Resident is not required to move into the retirement community before the expiration of this thirty (30) day rescission period.

TERMINATION BY RESIDENT DURING TRANSITION PERIOD. After the lapse of the thirty (30) day rescission period and before the lapse of a one hundred twenty (120) day period commencing on the earlier to occur of (i) the date resident takes occupancy or (ii) the date of availability of residential unit (the "transition period"), resident or resident's legal representative, may terminate the Resident Contract by giving written and personally signed notice of termination to Acts. Resident shall surrender the residential unit within a period of thirty (30) days from the date on which such notice is received by Acts. The Resident Contract shall terminate on the date of surrender. Resident shall be entitled to a refund, as provided in Subsection 14.1 of the Resident Contract.

TERMINATION BY RESIDENT AFTER THE TRANSITION PERIOD. Resident or resident's legal representative has the right, at any time, to terminate the Resident Contract by delivery to Acts of written notice of his/her intent to do so. The written notice need not cite a specific reason for the termination but it shall state a date, of not less than thirty (30) days or more than one hundred and twenty (120) days, when the termination is to become effective, and on or prior to such date resident shall surrender the living accommodation. On the effective date of such termination, and contingent upon surrender of the living accommodation, resident's obligation to continue monthly rate payments shall cease and resident shall be entitled to a refund, if any, as provided in Subsection 14.2 of the Resident Contract.

TERMINATION BY DEATH OF RESIDENT. Unless sooner terminated by its own provisions, the Resident Contract shall terminate at death of resident, whereupon all obligations of Acts under the Resident Contract, other than those relating to the removal of resident's personal property, shall cease. At the death of resident, resident shall have no further rights in the living accommodation, and Acts shall have immediate access to the living accommodation. The removal of any personal effects of resident in the living accommodation or from storage shall be the responsibility of resident's executor, administrator, or legal representative, or of other persons entitled by law to receive them. Acts will hold such personal effects for a period not to exceed thirty (30) days, but Acts is not responsible for loss or damage to personal property in its possession. At the death of resident, all entrance fee refunds, excess monthly rate payments (prorated daily to the date of surrender), and any other funds deposited with Acts under the Resident Contract shall be refunded in accordance with Section 14 of the Resident Contract.

In the event removal of resident's personal possessions is not accomplished within thirty (30) days, Acts has the right to continue charging the monthly rate or

charge for storage of resident's personal possessions until such possessions have been removed from the living accommodation.

LIMITATIONS ON TERMINATION FOR SHARED OCCUPANCY. If any co-resident is precluded from taking occupancy of the residential unit because of death, illness, injury or incapacity, the Resident Contract shall remain in full force and effect as to the other co-resident(s), at the option of co-resident(s). The remaining co-resident(s) shall sign an addendum which changes the terms of the Resident Contract from shared occupancy to single occupancy, if applicable, and which reflects changes in the entrance fee and/or the monthly rate. As long as a co-resident continues to occupy any living accommodation within retirement community, the Resident Contract shall not terminate until the death, permanent transfer, discharge or voluntary departure of all co-residents from retirement community.

TERMINATION BY ACTS. Acts may terminate the Resident Contract prior to occupancy due to a change in financial condition or after occupancy for "just cause" (as described below), based on the judgment of Acts by providing resident with at least thirty (30) days written notice. If such action is taken by Acts, resident will have a maximum of sixty (60) days from the date of Acts' notice to surrender the residential unit. On or before the termination date, resident shall surrender. On the date of surrender, resident's obligation to continue monthly rate payments shall cease and resident or resident's designated beneficiary shall be entitled to receive a refund, if any, as provided in Section 14 of the Resident Contract or Section 6 of the 50% Refundable Plan Addendum, whichever is applicable.

Just cause shall include, but not be limited to, (i) a default in payment (a default in payment occurs when monthly payments are not received in accordance with Section 9 of the Resident Contract), (ii) the submission or omission of any material false information in the application documents and process, (iii) the failure of resident to abide by Acts' rules, regulations, policies and procedures, (iv) the breach of any of the other terms of the Resident Contract or addenda to the Resident Contract, or (v) a good faith determination in writing by Acts that continued occupancy by resident creates a serious threat or danger to the life, health, safety or peaceful enjoyment of resident or other residents or persons in retirement community. In situations where continued occupancy threatens the life, health, safety or peaceful enjoyment of resident or other residents, only such notice as is reasonably practicable under the circumstances will be provided to resident or resident's legal representative, and termination may be effective immediately.

In the event the Resident Contract may be terminated contemporaneously with the Addendum for Modified Health Care Plan pursuant to Section 5 of the addendum, Acts, in its discretion, may provide resident with an option to pay a lifecare conversion fee in accordance with Acts' prevailing policy.

SURRENDER. The obligation to pay the monthly rate shall continue until surrender of the living accommodation by resident or by the estate or family or

legal representative of resident in the case of death. The monthly rate shall be prorated for the month of surrender.

REFUND(S) APPLICABLE/NOT APPLICABLE – (Please reference Section 14, “Refunds of Entrance Fee” of the Resident Contract for more details).

NOTICE OF TERMINATION PRIOR TO OR DURING TRANSITION PERIOD. Entrance fee payments will be refunded in full if the Resident Contract is terminated prior to occupancy or within the thirty (30) day rescission period, or if written notice of termination of the Resident Contract is received during the transition period and resident surrenders within thirty (30) days. The Entrance Fee refund will be reduced by any costs specifically incurred by Acts at the request of resident to the extent those charges were not paid by resident.

NOTICE OF TERMINATION AFTER TRANSITION PERIOD. In the event written notice of termination of the Resident Contract is received after the transition period and prior to death, resident is entitled to a refund of the entrance fee paid less the administrative fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the entrance fee paid less the administrative fee for each month the Resident Contract has been in force, starting on the first day of the month after the earlier of the date of occupancy or date of availability, and ending on the date of surrender. The entrance fee refund will be reduced by any costs specifically incurred by Acts at the request of resident to the extent those charges were not paid by resident, and any amounts deducted to cover financial assistance.

In the event resident signed the 50% Refundable Plan Addendum to the Resident Contract for the Acts Life Care 50 Plan, Acts will refund to the resident, resident’s estate or designated beneficiary the refundable component of the entrance fee, which constitutes fifty percent (50%) of the net entrance fee plus any remaining balance of the amortizable portion of the net entrance fee, less any amounts deducted to cover financial assistance, as defined in the addendum, to cover costs incurred to refurbish, restore or repair the residential unit in the event of unreasonable wear and tear, or to cover costs incurred at the specific written request of resident, or to satisfy unpaid or subsidized charges.

TERMINATION BY DEATH OF RESIDENT PRIOR TO OCCUPANCY OR DURING TRANSITION PERIOD. In the event of the death of resident before occupancy or during the transition period, the entrance fee less those costs specifically incurred by Acts at the request of resident (to the extent those charges were not paid by resident), will be refunded to resident’s estate or to resident’s designated beneficiary. In situations of shared occupancy, in the event of the death of a co-resident before occupancy or during the transition period, resident’s estate or his/her designated beneficiary shall receive a refund of the difference between the entrance fee for shared occupancy and the entrance fee for single occupancy for the residential unit at the time of signing the Resident Contract.

TERMINATION BY DEATH OF RESIDENT AFTER TRANSITION PERIOD. If death should occur after the transition period, resident is entitled to a refund of the entrance fee paid less the administrative fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the entrance fee paid less the administrative fee for each month the Resident Contract has been in force, starting on the first day of the month after the earlier of the date of occupancy or the date of availability, and ending on the date of surrender. If death occurs after the fifty (50) month amortization period, the entrance fee is not refundable and shall automatically become the exclusive property of Acts upon the death of resident. In situations of shared occupancy, the amount of the entrance fee less the administrative fee shall be assigned to the surviving co-resident in the event of the death of a co-resident. Any entrance fee refund will be reduced by any costs specifically incurred by Acts at the request of resident to the extent those charges were not paid by resident, and any amounts deducted to cover financial assistance.

TERMINATION BY DEATH OF RESIDENT - ELECTION OF 50% REFUNDABLE PLAN ADDENDUM. In the event of the death of resident before occupancy or during the transition period, the entire entrance fee paid, less those costs specifically incurred by Acts at the specific written request of resident to the extent those charges were not paid by resident, will be refunded in full to resident's estate or to resident's designated beneficiary. If death should occur after the transition period, the refundable component of the net entrance fee shall be refunded to resident's estate or resident's designated beneficiary. Any unamortized balance of the amortizable portion of the net entrance fee shall be refunded with the refundable component. After the twenty five (25) month amortization period, the amortizable portion of the net entrance fee shall not be refunded and automatically shall be retained by Acts upon the death of resident. In situations of shared occupancy, the amount of the amortizable portion of the net entrance fee shall be assigned to the surviving co-resident in the event of the death of a co-resident.

TERMINATION BY ACTS. In the event that Acts terminates the Resident Contract in accordance with Subsection 13.6 of the Resident Contract, resident shall be entitled to receive a refund, if any, for some or all of the entrance fee as provided in Section 14 of the Resident Contract or Section 6 of the 50% Refundable Plan Addendum, whichever is applicable.

CHANGE OF RESIDENTIAL UNIT. If resident is authorized by Acts to change and move to a smaller residential unit in accordance with the terms of the Resident Contract, resident is entitled to a refund of the difference, if any, between:

- a) Present residential unit. The current entrance fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such entrance fee for each month the Resident Contract has been in force, commencing from the date of availability, and,

b) Proposed residential unit. The current entrance fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such entrance fee for each month the Resident Contract has been in force, commencing from the date of availability. This refund is payable pursuant to Section 14.6 of the Resident Contract.

TIME FRAME OF REFUND(S) -- As per Section 14.6, "Timing of Refund Payments", of the Resident Contract, prior to occupancy, any refunds of the entrance fee shall be made within sixty (60) days of Acts' receipt of resident's written notice of intent to cancel the Resident Contract. After occupancy, any refund of the entrance fee shall be made within one hundred twenty (120) days of the effective date of termination of the Resident Contract, or death. Please see Section 6(d) of the 50% Refundable Plan Addendum to the Resident Contract for time frame of refunds applicable to the Acts Life Care 50 Plan.

MOVES -- (Please reference Section 11, "Relocation to a Different Living Accommodation or Outside Facility" of the Resident Contract for more details).

FROM ONE RESIDENTIAL UNIT TO ANOTHER AS REQUESTED BY RESIDENT. Upon resident's written request and written approval of Acts, resident may exercise a limited option to move from one residential unit to another in accordance with the prevailing policy. Resident must notify Acts in writing of the type of residential unit desired. Acts reserves the right in its sole discretion to approve or deny requests to move. In the event resident receives approval from Acts to move to another residential unit, resident shall sign an addendum to the Resident Contract reflecting all costs and charges related to exercising the option to move, including the entrance fee and monthly rate for the selected residential unit. Resident may be required to pay a refurbishment fee as determined by Acts in accordance with prevailing policy. If resident moves to a larger sized residential unit an additional entrance fee may be required in accordance with Subsection 11.1(a) of the Resident Contract.

FROM ONE RESIDENTIAL UNIT TO ANOTHER AS REQUIRED BY ACTS. Acts may relocate resident to a different residential unit in the retirement community, substantially similar to that selected by resident, if it determines that such a move should be made for the benefit of resident or for the proper operation of retirement community, as determined by Acts. In the event resident is directed to relocate, Acts shall be responsible for all reasonable moving and relocation expenses. Resident shall execute an addendum which shall reflect all changes in the monthly rate.

TRANSFER TO ASSISTED LIVING RESIDENCE, SKILLED CARE CENTER OR OUTSIDE FACILITY.

a) Conditions of continued occupancy. Resident shall have the right to occupy the residential unit for so long as resident satisfies the health and other conditions of continued occupancy.

b) Decision to Transfer.

- (i) Authority to transfer. Acts may transfer resident from and between the residential unit and skilled care center or assisted living residence, or any other appropriate care facility, if it determines that such a move should be made because of the health and/or welfare of the resident, for the proper operation of the retirement community, to comply with regulations of the North Carolina Division of Facility Services, the North Carolina Department of Health, local regulations of the fire department, or any other duly constituted authority or agency, or to otherwise meet the requirements of law.
- (ii) Role of Acts' utilization review committee. The decision as to whether a transfer shall be deemed temporary or permanent shall be made by Acts' utilization review committee. The utilization review committee shall consider the opinion of resident and the advice of a family representative, if available, and, if requested and at resident's expense, a private physician. The opinion of resident and advice of family and resident's physician is advisory only and shall not be binding on Acts. The utilization review committee's decision regarding the temporary or permanent nature of any transfer may be made at any time. Upon a determination by Acts' utilization review committee that resident is no longer capable of meeting the health or other requirements for occupancy of the residential unit, resident or resident's next of kin, legal representative or agent acting on resident's behalf, will be notified by Acts that arrangements will be made for resident's immediate transfer to an assisted living residence, a skilled care center or other appropriate care facility.

c) Transfer to assisted living residence. When resident is in need of assisted living services as determined by Acts' medical director and/or the utilization review committee, and does not need routine nursing care services, resident may be transferred permanently to Acts' assisted living residence, if available, or other facility providing assisted living services. If there is no co-resident in the residential unit, resident will, within thirty (30) days, surrender the residential unit. The residential unit then occupied by such resident shall be declared vacant and Acts may reassign the residential unit to another person.

d) Transfer to skilled care center. When resident is in need of routine nursing care services as determined by Acts' medical director and/or the utilization review committee, resident will be moved to a shared accommodation in the skilled care center or other facility providing routine nursing care services under the Resident Contract. Upon request, resident may have access to a private room, if available, in Acts' skilled care center for which an additional fee may apply. If, after continued evaluation, it is determined by Acts that resident cannot return to his/her residential unit, and if there is no co-resident in said accommodation, Acts may declare the residential unit vacant, and may reassign

the residential unit to another person. Resident will, within a thirty (30) day period after such decision has been made, surrender the residential unit.

e) Transfer to outside facility. If it is determined by Acts' medical director and/or Acts' utilization review committee that resident cannot be cared for within the scope of the services Acts provides in the retirement community, or resident cannot otherwise meet the conditions of continued occupancy, and if there is no co-resident in the residential unit, Acts may declare the transfer permanent and the residential unit vacant, and reassign the residential unit to another person. Resident will, within a thirty (30) day period from the date the decision is made, surrender the residential unit and have all personal possessions removed from it.

f) Temporary and permanent transfers under Addendum for Modified Health Care Plan.

(i) Temporary transfer. If resident is temporarily transferred to a skilled care center or assisted living residence, resident shall pay the then current per diem rate for routine nursing care or assisted living services and any other charges for ancillary or miscellaneous services, and shall pay the monthly rate to retain possession of the residential unit. In situations of shared occupancy where one co-resident is temporarily transferred to a skilled care center or assisted living residence, the monthly rate shall be reduced to the monthly rate for single occupancy of the residential unit, and the transferred co-resident shall be charged, and both co-residents shall be collectively responsible to pay, the then current per diem rate for routine nursing care or assisted living services, and any other additional charges for ancillary or miscellaneous services. In the event both co-residents are temporarily transferred to a skilled care center or assisted living residence, each co-resident shall be charged and shall pay the then current per diem rate for routine nursing care or assisted living services, and any additional charges for ancillary or miscellaneous services. In addition, the monthly rate shall be reduced to the monthly rate for single occupancy during any period of temporary transfer and will be paid by the resident or co-resident in order to retain possession of the residential unit.

(ii) Permanent transfer. If resident is permanently transferred to a skilled care center or assisted living residence, then the obligation to pay the monthly rate shall cease, and resident shall be responsible for the payment of the then current per diem rate for routine nursing care or assisted living services, and any other additional charges for ancillary or miscellaneous services. In situations of shared occupancy where one co-resident is permanently transferred to a skilled care center or assisted living residence, the monthly rate shall be reduced to the monthly rate for single occupancy of the residential unit, and the transferred co-resident shall be charged, and both co-residents shall collectively

be responsible to pay, the then current per diem rate for routine nursing care or assisted living services, and any other additional charges for ancillary or miscellaneous services, as well as the reduced monthly rate. In the event both co-residents are permanently transferred to a skilled care center or assisted living residence, each co-resident shall be charged and shall pay the then current per diem rate for routine nursing care or assisted living services, and any additional charges for ancillary or miscellaneous services and the obligation to pay the monthly rate shall cease and the residential unit shall revert to Acts.

After transfer to and occupancy in a skilled care center or assisted living residence for a cumulative period of three (3) years (calculated using the total number of days in which the then current per diem rate was paid for temporary or permanent use of a skilled care center or assisted living residence), the resident's obligation to pay the then current per diem rate for routine nursing care or assisted living services in accordance with the above terms and conditions shall be converted to an obligation to pay the then current monthly rate for routine nursing care or assisted living services under the "life care" arrangement provided for in the Resident Contract. Resident remains responsible for any other additional charges for ancillary or miscellaneous services. In situations of shared occupancy, the cumulative three (3) year period shall apply to each co-resident individually; meaning each co-resident pays the then current per diem rate during his/her first three (3) years of occupancy in a skilled care center or assisted living residence before his/her payment obligation is converted to the then current monthly rate.

g) Release of or return to residential unit after transfer.

- (i) Temporary transfer. If resident is admitted temporarily to Acts' skilled care center, assisted living residence, or a hospital or other outside facility, with a medical prognosis of recovery and return to health consistent with the conditions of continued occupancy, then resident shall retain occupancy of the residential unit for the purpose of resuming residency. During any period of temporary transfer, resident shall continue to pay the applicable monthly rate for the residential unit. Resident may return to the residential unit which has been retained in accordance with the terms of this provision at such time as Acts determines that resident can satisfy the conditions of continued occupancy.
- (ii) Permanent Transfer. If resident is permanently transferred to Acts' skilled care center, assisted living residence, or a hospital or other appropriate outside facility, resident shall surrender the residential unit within thirty (30) days of written notice of Acts' decision to permanently transfer resident. If Acts, with the advice of Acts' medical director, determines that resident subsequently has recovered sufficiently to satisfy the conditions of continued occupancy of a residential unit, resident, upon request, shall be

eligible for consideration to receive the next available residential unit with a floor plan comparable to the one relinquished, provided resident repays Acts any amounts refunded to resident under the resident contract and pays the applicable monthly rate.

MARRIAGES/SECOND OCCUPANT

NEW SECOND OCCUPANT. As per Section 10 of the Resident Contract, if resident decides to marry/reside with a non-resident while occupying the residential unit and desires that the new spouse/additional occupant share the residential unit, the spouse/additional occupant must comply with the entrance procedure outlined in the Resident Contract and shall execute a then current version of the Resident Contract. The spouse/additional occupant shall pay an entrance fee equal to the then current entrance fee for the smallest residential unit in the retirement community at the time the spouse/additional occupant takes occupancy. The prevailing monthly rate for shared occupancy will commence on the day the spouse/second occupant moves into the residential unit. In the event the spouse/additional occupant is not accepted as a new resident, resident may terminate the Resident Contract pursuant to Section 13 and receive any refund as set forth in Section 14.

RESIDENT MOVES INTO ANOTHER RESIDENT'S RESIDENTIAL UNIT. The resident vacating his/her residential unit is entitled to a refund of the original entrance fee determined by the following calculation: depreciation of the original entrance fee as per Section 14.2 of the Resident Contract or Section 5 of the 50% Refundable Plan Addendum, whichever is applicable, less one-half (1/2) of the entrance fee of the retirement community's smallest residential unit at the time the first of the two residents took occupancy. If the resident vacating his/her residential unit selected the Acts Life Care 50 Plan at the time of original occupancy, only the amount that causes the vacating resident's refund to equal the refundable component of the entrance fee, as defined in Section 4 of the 50% Refundable Plan Addendum, shall be subtracted. If the depreciated entrance fee is less than one-half (1/2) of the smallest residential unit, then one-half (1/2) of the smallest residential unit shall not be subtracted. If the entrance fee is fully depreciated, the vacating resident shall receive a refund of ten percent (10%) of the net original entrance fee paid and payment of one-half (1/2) of the smallest residential unit shall be waived. The monthly rate for shared occupancy established for the original occupant of the residential unit will commence on the day the spouse/second occupant moves into the residential unit.

RESIDENTS LEAVE CURRENT RESIDENTIAL UNITS TO SHARE/OCCUPY LARGER RESIDENTIAL UNIT.

(a) If a larger residential unit is available when both residents choose to vacate the two smaller residential units: (1) the resident with the earlier Resident Contract will pay the difference between the smaller and the larger residential unit based upon the entrance fee schedule in effect at the time the first resident signed the Resident Contract, and (2) the other resident will be entitled to a refund of the original entrance fee determined by calculating the refund to which

the resident would be entitled if he/she vacated the premises less one-half (1/2) of the entrance fee of the retirement community's smallest residential unit in effect at the time the earlier of the two residents took occupancy. If the depreciated entrance fee is less than one-half (1/2) of the smallest residential unit entrance fee, one-half (1/2) of the smallest residential unit shall not be retained by Acts. The prevailing monthly rate for shared occupancy will commence on the day both residents occupy the larger residential unit. However, residents must move to the new residential unit the earlier to occur of sixty (60) days from the date of selection or on the date the restoration of the new residential unit is completed. Failure to move will result in resident paying a prorated monthly fee for all three residential units from the date the new residential unit is available until the date of the move.

(b) If a larger residential unit is not immediately available, residents may choose to vacate one residential unit until a larger residential unit is available. The resident vacating the residential unit will be entitled to a refund as stated in RESIDENT MOVES INTO ANOTHER RESIDENT'S RESIDENTIAL UNIT. When a larger residential unit becomes available, the residents will move at their own expense from the smaller to the larger residential unit and will pay the difference between the smaller and larger residential unit based upon the entrance fee schedule in effect at the time the first resident signed the Resident Contract. The prevailing monthly rate for shared occupancy will commence on the day both residents occupy the smaller/larger residential unit.

(c) If transfers result in residents paying more for the larger residential unit than they would have paid for the residential unit as new residents at current prices, then residents may elect to cancel their current Resident Contracts and reenter the retirement community in the larger residential unit at the current entrance fee.

INABILITY TO PAY -- (Please reference Section 12 of the Resident Contract for more details).

FAILURE TO MAKE PAYMENTS. If resident fails to make any of the monthly rate payments at the required time, or to pay any other amounts shown on the monthly statement within thirty (30) days after the first day of the month, then Acts may give written notice to resident to pay all such amounts and furnish most recent financial records. If resident fails to comply with such notice, Acts may terminate the Resident Contract, and shall provide resident with the refund, if any, set forth in Section 14, less any outstanding balances or financial obligations.

SPECIAL CONSIDERATION. Without in any way qualifying the right of Acts to terminate the Resident Contract, if the sole reason for non-payment is insufficient funds, beyond the control of resident, the matter will be reviewed by Acts with resident. If resident presents facts which justify special financial consideration, Acts may solely at its discretion, partly subsidize resident's monthly rate, provided that such subsidy can be granted without impairing the ability of Acts to meet and continue its objectives while operating on a sound financial basis. All determinations made by Acts shall be regarded as a confidential transaction

between Acts and resident except for reports required by regulatory or other government bodies.

SUBSIDY BY ACTS. Should Acts subsidize resident's monthly rate, resident agrees that any property which was his/hers at, or subsequent to the date of the Resident Contract, and remaining in his/her possession at death, is to be transferred to Acts for the purpose of repaying (at least to the extent of the value of such property) an amount equal to the aggregate amount of subsidy furnished resident by Acts during the period of residency. If the value of resident's possessions/property exceeds the aggregate amount of subsidy furnished by Acts, all excess proceeds will be returned to resident's estate. The Resident Contract shall operate as a grant, assignment, transfer and conveyance to Acts of such property, and resident hereby grants to Acts a security interest in such property, all of which may be enforced as a claim against resident's estate, and to effect such assignment and to enable Acts to enforce such claim, resident shall execute such further documents, instruments or contracts, such as stock powers, Uniform Commercial Code financing statements, deeds, bills of sale and the like, as Acts shall deem necessary or appropriate to protect or perfect its rights, interest and claims granted in this subsection. Acts may, from time to time, request financial statements from any resident whose monthly rate is subsidized by Acts. This section shall apply whether or not resident is in residence at retirement community at time of death and shall survive termination of the Resident Contract.

REDUCTION OF INCOME. Resident believes that his/her sources of income are adequate to meet his/her financial responsibility to Acts and to meet and pay any additional costs to resident, and to pay personal and incidental expenses during the period of residency. If resident's sources of income do not meet these requirements, resident may be required to relocate to a smaller unit in the retirement community at the discretion of Acts, and resident will make every reasonable effort to obtain assistance from family or other available means, and from public benefits, to the extent that resident is eligible to receive them, including, but not limited to federal, state or county aid or assistance, Aid to the Blind, veterans' pension, etc. resident agrees that he/she will apply for and diligently seek such benefits.

SERVICES

STANDARD SERVICES AVAILABLE -- (Please reference Sections 4, "Living Accommodation and Common Areas" and 5, "Services Provided by Company to Resident and Resident's Responsibilities", of the Resident Contract for more details).

LIVING ACCOMMODATION. From and after the date of availability, resident has the right to occupy and use, in accordance with terms of the Resident Contract, the residential unit designated in Section 3, and accommodations in assisted living residence and skilled care center as defined in Section 11 of the Resident Contract.

FURNISHINGS. Acts will furnish wall to wall carpeting (except in kitchen and bath), range with oven, microwave oven, refrigerator, window blinds, and other fixtures in the residential unit in accordance with Acts' prevailing policy. Resident may upgrade, change or replace the furnishings provided by Acts at resident's cost. These furnishings, even if upgraded, changed or replaced at resident's cost, shall become the permanent property of Acts unless otherwise agreed to in writing by both parties. All other furnishings shall be furnished by resident, subject to supervision of, and approval by, Acts, and shall remain as resident's personal property, except as set forth in Subsections 5.6 and 5.9 of the Resident Contract.

COMMON AREAS. Subject to scheduling requirements and availability as established by Acts and as part of the services included in the monthly rate, resident may use, in common with all other residents, the dining room(s), lobby or lobbies, auditorium, social and recreational rooms, and other common areas furnished by Acts.

UTILITIES AND TAXES. As part of the services included in the monthly rate, Acts will furnish water, light, heat, electricity, air conditioning and standard cable television service (excluding premium channels). Payments of real estate taxes are also included in the monthly rate. Payment of the monthly rate does not give the resident any interest in the land, improvements, or real estate of Acts and the retirement community. Resident shall participate in and assign all rights to any real estate, property tax or utility credit program.

TELEPHONE. Resident is required to have a telephone, or alternative communication device which is approved by Acts, in the residential unit, at resident's expense. Telephone service charges (excluding international calls) and connection charges are included in the monthly rate. Acts shall provide a directory of telephone numbers for access to retirement community personnel. Resident may have an option, at resident's expense, to add international calling plans.

TELEVISION AND INTERNET. Acts shall provide each residential unit with connection(s) for television signal and internet access through either an external antenna or cable system. Acts shall provide standard cable television service (excluding premium channels) and internet service. Costs for cable premium channels are not included in the monthly rate and shall be paid by resident. Resident may have an option, at resident's expense, to upgrade the internet service provided by Acts.

In addition, residents who have executed the Addendum for Modified Health Care Plan shall be charged the then current per diem rate for assisted living services and routine nursing care services for a cumulative period of three (3) years (calculated using the total number of days in which the then current per diem rate is paid for temporary or permanent use of an assisted living residence or skilled care center). In the event that those services are provided on the campus of retirement community, resident shall sign an admission contract upon transfer to either the assisted living residence or skilled care center, which contract(s) will supplement the terms of the Resident Contract. In the event that any payment provision of the admission contracts in the assisted living residence or skilled care center are in conflict or inconsistent with any terms or provisions of the Resident Contract,

then the Resident Contract shall control and govern the relationship between resident and Acts. As part of the monthly rate, Acts shall provide to resident three (3) meals per day when resident is in assisted living residence or skilled care center.

Acts, in its discretion, may provide any or all of the services not covered by the monthly rate at an additional charge, or refer the resident to another provider capable of providing higher acuity care services. Ancillary and miscellaneous charges in an assisted living residence or skilled care center are not included in the monthly rate.

TRANSFER TO HOSPITAL OR OTHER SPECIALIZED SERVICE FACILITY. Acts does not provide ambulance services, hospital care, acute care, transitional care or subacute care or other services provided by a special service facility. Acts shall have the right to transfer resident to a hospital or other facility in accordance with the provisions of Subsection 11.3 of the Resident Contract.

ILLNESS OR ACCIDENT AWAY FROM RETIREMENT COMMUNITY. If resident suffers an accident or illness while away from retirement community, Acts will have no responsibility to pay for resident's medical, surgical, hospital or nursing care obtained offsite; however, after resident returns to retirement community, Acts shall assume its responsibility to provide those services as specified in the Resident Contract that are deemed necessary by Acts.

ACCIDENT OR ILLNESS CAUSED BY OTHERS. In the event resident is physically injured by an individual or entity not a party to the Resident Contract, resident grants to Acts a right of subrogation, and authorizes Acts to bring such demands, claims or legal proceedings in the name of or on behalf of resident for purposes of recovering from any third party or third party's insurer responsible for

resident's injury, the dollar value of all care provided by Acts to resident as a result of any such injury. Resident shall cooperate and sign any documents necessary to facilitate Acts' ability to exercise its subrogation right. After all costs and expenses incurred by Acts (including legal fees and cost of care furnished to resident by Acts because of such injury) have been reimbursed to Acts through subrogation, the balance of any recovery, will be refunded to resident.

LIMITATIONS ON CARE. Acts is not designed to care for persons who abuse alcohol or drugs or who require specialized psychiatric care or service not authorized or permitted under the skilled care or assisted living licensing regulations. If Acts determines that resident's continued presence in retirement community is either dangerous or detrimental to the health, safety or peace of resident or other residents, then Acts may temporarily transfer resident to an appropriate institution of Acts' choosing and resident shall continue to pay the monthly rate directly to Acts. Acts will then be responsible to pay to the institution an amount that shall not exceed Acts' prevailing daily rate for shared accommodations in the skilled care center. Any additional charges beyond the amount paid by Acts are the obligation of and shall be paid by resident. If resident prefers an institution other than that chosen by Acts, Acts will then be responsible to pay the lesser of Acts' daily rate for shared accommodations in the skilled care center or the daily rate of the institution chosen by Acts.

RESPONSIBILITY OF ACTS FOR SERVICES INCLUDED IN MONTHLY RATE. Resident shall not be liable to any health care provider for the cost of any services which are covered by Acts under the Resident Contract and which are paid for by resident through payment of the monthly rate. In the event that Acts authorizes any health care provider to provide services, which Acts is required to provide under the Resident Contract, Acts shall assume responsibility for the payment of those health care services.

PRIVATELY EMPLOYED PRIVATE DUTY CONTRACTORS. Subject to the approval of Acts, resident may utilize the services of privately employed private duty contractors, or other licensed agencies unrelated to Acts, who provide personal or health care services in the residential unit. Such services are subject to Acts' prevailing policy and requirements, which are subject to change, and must be approved in advance and in writing by Acts. Resident is responsible to pay for all such services. In exchange for Acts' approval of resident's utilization of a private duty contractor or other licensed agencies unrelated to Acts, resident releases Acts from any liability for the acts or omissions of any individual or agency providing services to resident in the residential unit. Live-in companions, whether paid or unpaid by resident are not permitted, except with Acts' advance written consent.

AVERAGE ANNUAL COST OF SERVICES – The average annual cost to Acts (Obligated Group) of providing to resident the care specified in the Resident Contract, based on 2023 information, is \$66,070 for residential services and \$168,636 for medical care services.

FEES

APPLICATION FEE/PRIORITY LIST DEPOSIT -- Each resident, or couple of residents, executing a Resident Contract has paid to Acts a priority list deposit of one thousand (\$1,000) dollars. Additionally, a non-refundable application fee of two hundred (\$200) dollars is paid for each residential unit selected. The priority list deposit will be applied as a credit toward the reservation fee. If resident elects to terminate the Resident Contract before moving into and occupying his/her residential unit, the priority list deposit will be refunded. The application fee is not refundable in accordance with Acts' prevailing policy which is subject to change.

If resident elects to rescind the Resident Contract within thirty (30) days of the later of: (i) the date on which the Resident Contract is executed, or (ii) the date on which resident receives the disclosure statement required by North Carolina General Statutes, section 58-64-20, resident shall receive reimbursement for all amounts paid, less any monthly fee applicable to any time resident actually occupied the apartment, the non-refundable application fee, and those nonstandard costs specifically incurred by Acts at the request of resident, as specified on the addendum to the agreement. Resident shall not be required to move into the living accommodation prior to the expiration of the latest thirty (30) day period described above.

ADMINISTRATIVE FEE – An administrative fee in an amount equal to five percent (5%) of the total entrance fee paid will be retained by Acts. The administrative fee is non-refundable after the transition period.

ENTRANCE FEE/MONTHLY FEE – Persons entering Tryon Estates as residents will be offered the option of choosing between five different financial arrangements, as shown on Attachment No. 7.

The entrance fee of a specific living accommodation may be higher or lower depending on certain attributes of the living accommodation. Please contact a Tryon Estates Life Care Consultant for further information.

The entrance fees in Attachment No. 7 are subject to change without notice, and the monthly fees are subject to change with sixty (60) days prior written notice (in accordance with the terms of the Resident Contract).

The entrance fee is a one-time fee paid to Acts prior to the admission of resident to Tryon Estates. The entrance fee assures residents lifetime access to a living accommodation at Tryon Estates (subject to the terms and conditions of the Resident Contract). The amount of the entrance fee is based on the model, size, location and number of occupants of the residential unit. Residents who have chosen to enter Tryon Estates under the financial arrangement described as Acts Life Care 50 Plan will pay a greater entrance fee and a greater monthly fee than residents choosing the financial arrangements described as Acts Life Care Premier Plan, Acts Life Care Asset Preservation Plan, or Acts Life Care Income Preservation Plan. Residents who have chosen to enter Tryon Estates under the financial arrangement described as Acts Modified Life Care Plan will pay a lesser entrance fee and a lesser monthly fee than residents choosing the financial arrangements described as Acts Life Care Premier

Plan, Acts Life Care Asset Preservation Plan, or Acts Life Care Income Preservation Plan.

For the financial arrangements described as Acts Life Care Premier Plan, Acts Life Care Asset Preservation Plan, Acts Life Care Income Preservation Plan and Acts Modified Life Care Plan, the entrance fee less the administrative fee (the "net entrance fee") is amortized by Acts in the amount of two percent (2%) per month for a period of fifty (50) months from the date resident actually takes occupancy of the residential unit or the date designated by Acts for resident to accept occupancy of the residential unit, whichever is earlier. After the fifty (50) month period, there will be no refund of the net entrance fee. For the financial arrangement described as Acts Life Care 50 Plan, the net entrance fee shall be amortized by Acts in the amount of two percent (2%) per month for a period of twenty five (25) months from the date resident actually takes occupancy of the residential unit or the date designated by Acts for resident to accept occupancy of the residential unit, whichever is earlier. After the twenty five (25) month period, an amount equivalent to fifty percent (50%) of the net entrance fee shall be retained in full by Acts and amortization of the net entrance fee shall cease. The remaining refundable component of the net entrance fee shall not be amortized. Please see pages 16 through 19 of this disclosure statement for details surrounding situations in which resident would be due an entrance fee refund under any financial arrangement.

The entrance fee may be used by Acts for any proper corporate purposes of Acts, whether or not directly related to the contract and without consulting resident. Acts reserves the right to establish entrance fee and monthly fee rates of a different amount for persons entering Tryon Estates, and the rates need not be uniform with or proportional to those charged to resident.

The monthly fee is the charge per month for occupancy of the residential unit and shall commence on the date resident occupies a residential unit in Tryon Estates. Payment of the monthly fee will entitle resident to receive (i) the services that are specifically identified in Section 5 of the Resident Contract (and on pages 24 through 27 of this disclosure statement) as being provided to resident without additional charge by Acts and (ii) the general medical, nursing and assisted living services that are specifically identified in Section 6 of the Resident Contract (and on pages 28 through 30 of this disclosure statement) as being provided to resident without additional charge by Acts.

The monthly fee is payable in advance each month within five (5) days of resident's receipt of the monthly statement. In the event that the date of occupancy occurs after the first day of the month, the monthly fee shall be reduced on a pro-rata basis for the number of days between the first day of the applicable month and the date of occupancy.

NOTIFICATION OF FEE INCREASE(S) -- Resident is required to pay a standard monthly fee for the type of unit selected effective as of the first day of occupancy or the date of availability, whichever occurs first. The amount may be increased or decreased, but no such increase or decrease shall be effective until resident shall have received at least sixty (60) days prior written notice of such change unless such change is required by state or federal assistance programs. The obligation to begin paying the monthly fee shall be due and payable within five (5) days of the date of resident's monthly statement.

CHANGES IN FEES FOR THE PREVIOUS FIVE YEARS -- Set forth below is a table which shows the average amount of the increase in the first person/second person monthly fees for occupancy in all units at Tryon Estates for the past five years.

Independent Auditors' Report

To the Board of Directors of
ACTS Retirement-Life Communities, Inc.

Opinion

We have audited the special-purpose combined financial statements of ACTS Retirement-Life Communities, Inc. Obligated Group (the Obligated Group), which comprise the special-purpose combined balance sheets as of December 31, 2023 and 2022, and the related special-purpose combined statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the special-purpose combined financial statements.

In our opinion, the accompanying special-purpose combined financial statements present fairly, in all material respects, the combined financial position of the Obligated Group as of December 31, 2023 and 2022, and the results of its operations and changes in net assets and its cash flows for the years then ended in accordance with the financial reporting provisions specified in the Master Trust Indenture dated December 1, 1996, as supplemented (the Agreement).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Special-Purpose Combined Financial Statements section of our report. We are required to be independent of the Obligated Group and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 of the special-purpose combined financial statements, which describes the basis of accounting. The special-purpose combined financial statements are prepared on the basis of the financial reporting provisions specified in the Agreement, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to comply with the financial reporting provisions of the Agreement. As a result, the special-purpose combined financial statements may not be suitable for another purpose. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Special-Purpose Combined Financial Statements

Management is responsible for the preparation and fair presentation of the special-purpose combined financial statements in accordance with the financial reporting provisions specified in the Agreement. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of special-purpose combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the special-purpose combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Obligated Group's ability to continue as a going concern within one year after the date that the special-purpose combined financial statements are issued.

Auditors' Responsibilities for the Audit of the Special-Purpose Combined Financial Statements

Our objectives are to obtain reasonable assurance about whether the special-purpose combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the special-purpose combined financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the special-purpose combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the special-purpose combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Obligated Group's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the special-purpose combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Obligated Group's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Restriction on Use

Our report is intended solely for the information and use of the Board of Directors and management of the Obligated Group, the Master Trustee under the Agreement, and other parties as required under the related Master Continuing Disclosure agreement and is not intended to be and should not be used by anyone other than these specified parties.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the special-purpose combined financial statements as a whole. The combining information on pages 28 to 33 is presented for purposes of additional analysis and is not a required part of the special-purpose combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the special-purpose combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the special-purpose combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the special-purpose combined financial statements or to the special-purpose combined financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the special-purpose combined financial statements as a whole.

This report is intended solely for the information and use of the board of directors and management of the Obligated Group, and the North Carolina Department of Insurance and is not intended to be used and should not be used by anyone other than these specified parties.

ACTS Management Services, Inc. (AMS) is a not-for-profit Pennsylvania corporation providing management, marketing and development services to senior living providers. AMS is the sole member of ACTS Retirement-Life Communities Management, LLC (ARLCM) and ACTS Alliance Management, LLC (AAM), Pennsylvania limited liability companies. ARLCM provides management, marketing and development services to ACTS Retirement-Life Communities, Inc. (ACTS) and the Affiliates (as herein defined). AAM provides management and related services to Willow Valley Communities, a not-for profit Pennsylvania corporation that provides residential, personal care and skilled care services to senior adults in its continuing care retirement community (CCRC) located in Pennsylvania.

ACTS, a not-for-profit Pennsylvania corporation that, along with the Affiliates (as herein defined), provides residential, assisted living and skilled care services to senior adults in its 27 CCRCs, located in Alabama (2), Delaware (3), Florida (5), Georgia (1), Maryland (4), New Jersey (1), North Carolina (2), Pennsylvania (8) and South Carolina (1). ACTS operates 22 CCRCs as divisions within the legal entity of ACTS, and 5 CCRCs within two separate, related legal entities (the Affiliates). On February 1, 2023, Presbyterian Retirement Corporation, Inc. (PRC), an entity under common control and a not-for-profit Alabama corporation, merged into ACTS and is operating as one of the 22 CCRCs within the legal entity of ACTS. PRC was a member of the ACTS Obligated Group in 2022.

ACTS is the sole member of the following entities:

ACTS Signature Community Services, Inc. (ASCS), a not-for-profit Pennsylvania corporation providing home and community-based services to ACTS and the Affiliates.

ACTS Legacy Foundation, Inc. (ALF), a not-for-profit Delaware corporation that provides fundraising, supports all charitable programs and manages the donor restricted funds for ACTS and the Affiliates.

ACTS is also the sole member of ACTS Acquisition and Development Company, LLC (AADC), a Florida limited liability company that engages in acquisition and development related activity on behalf of ACTS. AADC is the sole corporate member of the following Affiliates:

Integrace, Inc. d/b/a ACTS Retirement-Life Communities of Maryland (ARLC MD), a not-for-profit Maryland corporation which operates 4 CCRCs located in Maryland.

Mease Life, Inc. (ML), a not-for-profit Florida corporation which operates a CCRC located in Dunedin, Florida. ML is the sole member of Mease Life Residents Foundation, Inc. (MLRF), a not-for-profit Florida corporation that provides fundraising and supports all charitable programs for ML.

The ACTS Obligated Group includes ACTS, AMS, ARLCM, AAM and ASCS under the terms of a Master Trust Indenture (Note 9).

All of the above organizations, with the exception of AADC, ARLCM and AAM, are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and are exempt from federal income taxes on their exempt income under Section 501(a) of the IRC. AADC, ARLCM and AAM, as a single member limited liability companies, are considered "disregarded entities" for federal tax purposes. Because ACTS and AMS are exempt from federal income tax under Section 501(a) of the IRC, as charitable organizations described in Section 501(c)(3) of the IRC, and because AADC, ARLCM and AAM are disregarded entities for federal tax purposes, AADC, ARLCM and AAM are considered exempt under Section 501(a) of the IRC as a charitable organization described in Section 501(c)(3) of the IRC.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements
December 31, 2023 and 2022

Basis of Presentation and Principles of Combination

The ACTS Obligated Group (the Company) prepares special-purpose combined financial statements in accordance with the financial reporting provisions specified in the disclosure requirements of the Master Trust Indenture. The Master Trust Indenture specifies the preparation of combined financial statements of the Obligated Group members; accordingly, the accompanying special-purpose combined financial statements include only the accounts of the Obligated Group members and exclude the accounts of ARS, ALF, AADC, ARLC MD, ML and MLRF. The combination of financial statements for only certain controlled organizations differs from accounting principles generally accepted in the United States of America.

All inter-affiliate transactions between the members of the Company have been eliminated in combination.

2. Summary of Significant Accounting Policies

Cash, Cash Equivalents and Restricted Cash and Cash Equivalents

For purposes of the special-purpose combined statements of cash flows, cash, cash equivalents and restricted cash and cash equivalents include working capital accounts invested in highly liquid instruments purchased with an original maturity of three months or less. Cash and cash equivalents include investments comprised of debt related reserves and state reserves. The following table provides a reconciliation of cash, cash equivalents and restricted cash and cash equivalents reported within the special-purpose combined balance sheets that sum to the total of the same such amounts reported in the special-purpose combined statements of cash flows.

	<u>2023</u>	<u>2022</u>
	(In Thousands)	
Cash and cash equivalents	\$ 18,108	\$ 18,780
Cash and cash equivalents included in investments	<u>47,116</u>	<u>67,270</u>
Total cash, cash equivalents and restricted cash and cash equivalents	<u>\$ 65,224</u>	<u>\$ 86,050</u>

Investments and Investment Risk

Investments with readily determinable fair values are measured at fair value in the special-purpose combined balance sheets. Investment income (including realized and unrealized gains and losses on investments, interest and dividends) is included in net operating income (loss) in the special-purpose combined statements of operations and changes in net assets unless the income is restricted by donor or law. Interest income is measured as earned on the accrual basis. Dividends are measured based on the ex-dividend date. Purchases and sales of securities and realized gains and losses are recorded on a trade-date basis.

The Company's investments are comprised of a variety of financial instruments. The fair values reported in the special-purpose combined balance sheets are subject to various risks, including changes in the equity markets, the interest rate environment and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the amounts reported on the special-purpose combined balance sheets could materially change in the near term.

Investments include assets without restrictions and assets with restrictions. Assets without restrictions represent assets that are available for the general use and purposes of the Company. Assets with restrictions include amounts held in trust to meet debt related requirements, assets that are used to meet statutory reserve requirements and amounts restricted by donors for specific purposes or time periods.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements
December 31, 2023 and 2022

Accounts Receivable and Entrance Fee Receivables

The Company assesses collectability on all resident accounts prior to providing services. An allowance for expected credit losses is recognized to reduce accounts receivable to its net realizable value for impairment of revenues for changes in resident credit worthiness. The allowance is estimated by management based on factors such as aging of the accounts receivable, and anticipated collection of the consideration. Accounts are written off through bad debt expense when the Company has exhausted all collection efforts and accounts are deemed impaired.

Entrance fee receivables are evaluated for collectability prior to residents being admitted to the communities based on the resident's credit worthiness. The terms and conditions of each entrance fee receivable are determined when a resident agreement is executed.

Property and Equipment

Property and equipment are stated at cost. Donated assets are recorded at their fair value at the date of donation. Depreciation is computed using the straight-line method based on the following estimated useful lives:

Land improvements	10 to 25 years
Building and improvements	8 to 55 years
Furniture, fixtures and equipment	3 to 10 years

When assets are sold or retired, the asset values and related accumulated depreciation are eliminated from the accounts and any gain or loss is included in the special-purpose combined statements of operations and changes in net assets. The cost of maintenance and repairs is charged to expense as incurred. Significant renewals and betterments are capitalized.

Gifts of long-lived assets such as land, buildings or equipment are reported as other revenue unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted contributions. Expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Depreciation expense was \$87,890,000 in 2023 and \$83,371,000 in 2022.

Interest is capitalized for assets that require a period of time to be constructed or to prepare them for their intended use. The amount of interest capitalized was \$9,779,000 in 2023 and \$5,792,000 in 2022.

Goodwill

In connection with the recording of the assets and liabilities of PRC, as part of the affiliation with ACTS, the fair value of the assets was less than the fair value of the liabilities. As a result, goodwill of \$4,926,000 was recorded in connection with the transaction.

Goodwill is not amortized; instead the Company evaluates goodwill for impairment on an annual basis or more frequently if indicators of impairment exist. The Company performs its annual goodwill impairment test on October 1 each year. In 2023 and 2022, the Company assessed qualitative factors (events and circumstances) to determine whether it was more likely than not (that is, a likelihood of more than 50%) that the fair value of PRC was less than its carrying amount, including goodwill. Based on the assessment of qualitative factors, the Company concluded that it was more likely than not that the fair value of PRC exceeded its carrying amount, including goodwill. Therefore, additional testing to identify potential impairment was unnecessary. As such, no impairment losses were recorded in 2023 and 2022.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements

December 31, 2023 and 2022

Deferred Costs

Deferred costs include incremental costs of obtaining agreements that would not have been incurred if the agreements were not obtained and are recorded at cost. Deferred costs are amortized over the estimated life expectancy of the residents using the straight-line method, which approximates the period of time that services are expected to be transferred to residents. Amortization of deferred costs was \$1,424,000 in 2023 and \$1,132,000 in 2022.

Deferred Financing Costs

Deferred financing costs are amortized straight-line over the terms of the related debt, which approximates using the effective interest method and are classified net with the related debt. Amortization expense, which is included as a component of interest expense, was \$737,000 in 2023 and \$707,000 in 2022.

Derivative Financial Instruments

The Company uses interest rate swap agreements which are considered derivative financial instruments, to manage its interest rate risk on its long-term debt. The interest rate swap agreements are reported at fair value in the special-purpose combined balance sheets and related changes in fair value are reported on the special-purpose combined statements of operations and changes in net assets as a component of net unrealized gain (loss) on investments and investment contracts.

Deferred Revenue From Entrance Fees

Under a continuing care contract (resident agreement) for a residential living unit, the Company receives entrance fee payments in advance. The Company offers both nonrefundable and refundable resident agreements. As of December 31, 2023 and 2022, the majority of the Company's resident agreements are nonrefundable.

Under the majority of nonrefundable resident agreements, residents who terminate their contracts will generally be entitled to a full refund less an administrative fee of up to 5%, and less 1%-2% (based on the resident agreement) of the remaining entrance fee per each month of residency. Under refundable resident agreements, the entrance fee is reduced to no less than the guaranteed refund, as specified in the resident agreement, and refunds to residents are generally paid by the Company after a new resident occupies the residential living unit vacated by the former resident.

The nonrefundable portion of entrance fees is amortized to revenue over the actuarially computed life expectancy of the residents using the straight-line method, which approximates the period of time that services under the resident agreements are expected to be transferred to residents and the Company's performance obligation to the residents is satisfied, and is classified as deferred revenue from entrance fees on the special-purpose combined balance sheets. Amortization of entrance fees was \$126,730,000 in 2023 and \$113,990,000 in 2022.

The guaranteed refundable portion of entrance fees is classified as refundable portion of entrance fees on the special-purpose combined balance sheets and is not amortized to revenue.

The gross contractual refund obligations under existing resident agreements were approximately \$423,302,000 and \$378,352,000 at December 31, 2023 and 2022, respectively.

Under the majority of existing resident agreements, residential living residents are entitled to assisted living or skilled care services, as needed, with no increases in the current monthly service fees as a result of transferring to a higher level of care.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements
December 31, 2023 and 2022

Obligation to Provide Future Services

The Company engages an independent actuary once every three years to calculate the present value of the net cost of future services and the use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. Based upon the last calculation performed (as of December 31, 2023), the present value of the net cost of future services and the use of facilities, based on a discount rate of 5%, did not exceed the balance of deferred revenue from entrance fees. Based upon this calculation, and the analysis of management, no liability for the obligation to provide future services has been recorded at December 31, 2023 and 2022.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions. All revenue not restricted by donors and donor restricted contributions whose restrictions are met in the same period in which they are received are accounted for in net assets without donor restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. All revenues restricted by donors as to either timing or purpose of the related expenditures or required to be maintained in perpetuity as a source of investment income are accounted for in net assets with donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Resident Services Revenues

Resident services revenues are reported at the amount that reflects the consideration the Company expects to receive in exchange for the services provided. These amounts are due from residents or third-party payors and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Resident services revenues are recognized as performance obligations are satisfied.

Payment terms and conditions for the Company's resident agreements vary by contract type and payor source, although terms generally include payment to be made within 30 days. Resident services revenues for recurring and routine monthly services due from self-pay residents are generally billed monthly in advance. Resident services revenues for ancillary services due from self-pay residents are generally billed monthly in arrears. Resident services revenues due from Medicare, Medicaid and other third-party payor programs are billed monthly in arrears.

Resident services revenues are primarily comprised of skilled care, assisted living and residential living revenue streams, which are primarily derived from providing nursing, assisted living and housing services to residents at a stated daily or monthly fee, net of any explicit or implicit price concessions. The Company has determined that the services included in the stated daily or monthly fee for each level of care represents a series of distinct services that have the same timing and pattern of transfer. Therefore, the Company considers the services provided to residents in each level of care to be one performance obligation which is satisfied over time as services are provided. As such, skilled care, assisted living and residential living revenues are recognized on a daily or month-to-month basis as services are rendered.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements

December 31, 2023 and 2022

The Company receives revenue for services under third-party payor programs, including Medicare, Medicaid and other third-party payors. Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are included in the determination of the estimated transaction price for providing services. The Company estimates the transaction price based on the terms of the contract, correspondence with the third-party payor and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

Financial Support From Provider Relief Funds

The Company received financial support from federal and state funding sources related to the COVID-19 pandemic. The Company accounts for this funding in accordance with the Financial Accounting Standards Board Accounting Standards Codification 958-605 guidance for conditional contributions, and accordingly, support is measured and recognized when barriers are substantially met, which occurs when the Company complies with the terms and conditions related to the purpose of the grant rather than those that are administrative in nature.

The Coronavirus Aid, Relief and Economic Security Act and the American Rescue Plan Act were signed into law and created Provider Relief Funds (PRF) to combat the financial effects of COVID-19. The Company did not receive any funding related to these Acts in 2023. The Company received \$883,000 in 2022 related to these Acts. In accordance with the terms and conditions, the Company could apply the funding against eligible expenses and lost revenues. The Company incurred eligible expenses and lost revenues in accordance with the terms and conditions of the PRF of \$883,000 in 2022, which is included in other income in the special-purpose combined statement of operations and changes in net assets.

The Company also received funding of \$279,000 in 2023 from the Commonwealth of Pennsylvania Department of Human Services under Act 54 of 2022, and \$174,000 in 2022 from the State of Delaware Department Health and Social Services. In accordance with the terms and conditions, the Company could apply the funding against eligible expenses and lost revenues. The Company incurred eligible expenses in accordance with the terms and conditions of the state funding of \$322,000 in 2023 and \$131,000 in 2022, which is included in other income in the special-purpose combined statements of operations and changes in net assets.

Management believes that the Company complied with all terms and conditions of the PRF and state funding. However, the PRF and state funding is subject to future reporting and audit requirements. Noncompliance with the terms and conditions of the PRF and state funding could result in repayment of some or all of the support received, which can be subject to future government review and interpretation. An estimate of the possible effects cannot be made as of the date these special-purpose combined financial statements were issued.

Income Taxes

ACTS, AMS and ASCS are not-for-profit corporations. Each is exempt from federal income taxes on exempt income under Section 501(a) of the IRC and other income taxes under similar statutes. Accordingly, no provision for income taxes has been recorded in the special-purpose combined financial statements.

Measure of Operations and Performance Indicator

The special-purpose combined statements of operations and changes in net assets include the determination of operating income (loss) and net operating income (loss) (the performance indicator). Operating income (loss) includes only those operating revenues and expenses that are an integral part of the Company's program activities and net assets released from donor restrictions to provide resident services. Net operating income (loss) includes all operating activities, as well as changes in unrealized gains and losses on investments and investment contracts, loss on early extinguishment of debt, other valuation adjustment and net gain on nonoperating events.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements
December 31, 2023 and 2022

Changes in net assets without donor restrictions which are excluded from the determination of the performance indicator, consistent with industry practice, include transfer to affiliate and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets, if any).

Use of Estimates

The preparation of financial statements in accordance with the basis of accounting described in Note 1 requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the special-purpose combined financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company evaluated subsequent events for recognition or disclosure through April 29, 2024, the date the special-purpose combined financial statements were issued.

3. Liquidity and Availability of Resources

As of December 31, the Company has financial assets available for general expenditures within one year of the date of the special-purpose combined balance sheets, consisting of the following:

	<u>2023</u>	<u>2022</u>
	(In Thousands)	
Cash and cash equivalents	\$ 18,108	\$ 18,780
Accounts receivable, entrance fee receivables and other receivables, net	25,173	25,171
Investments without donor restrictions	<u>258,608</u>	<u>225,553</u>

Fair Value Measurements

The Company measures its investments and derivative financial instruments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America.

Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.

The levels of the fair value hierarchy are as follows:

Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Company for identical assets or liabilities. These generally provide the most reliable evidence and are used to measure fair value whenever available.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements
December 31, 2023 and 2022

Level 2 - Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset or liability through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in markets that are not active for identical or similar assets or liabilities and other observable inputs.

Level 3 - Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows and other similar techniques.

The fair value of the Company's investments and derivative financial instruments were measured using the following inputs at December 31:

Financial Instruments

Money market funds, mutual and exchange traded funds, equities and time deposits are valued based on quoted market prices in active markets, which are considered Level 1 inputs. U.S. government securities, corporate debt securities, other investments and municipal bonds are generally valued using quoted market prices of similar securities, which are considered Level 2 inputs. The Company has a beneficial interest in the investments of ALF and CFSA. Since ALF and CFSA generally invest the Company's funds in U.S. government securities, corporate debt securities, other investments and municipal bonds, the fair value of the beneficial interest in the investments of ALF and CFSA was deemed to be determined using Level 2 inputs.

The guaranteed investment contracts are reported at contract value, which approximates fair value, based on the ability of the counterparties to pay the guaranteed claims in accordance with the terms of the contracts. The credit ratings of the counterparties as of the measurement date uphold the guaranteed investment contracts ability to meet obligations set forth in the contracts. Contract value is the aggregation of contributions, plus interest, less withdrawals. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the counterparties historical credit rates. The guaranteed investment contracts have redemption restrictions based on the terms of the underlying contracts. The redemption restrictions do not have a material impact on the contract value of the guaranteed investment contracts.

The Company measures its accumulated loss on investment contracts at fair value based on proprietary models of an independent third-party valuation specialist. The fair value takes into consideration the prevailing interest rate environment and the specific terms and conditions of the derivative financial instruments and considers the credit risk of the counterparty to the agreements and the Company. The method used to determine the fair value calculates the estimated future payments required by the derivative financial instruments and discounts these payments using an appropriate discount rate. The value represents the estimated exit price the Company would pay to terminate the agreements.

10. Derivative Instruments and Hedging Activities

The Company has interest rate swap agreements with financial institutions that are considered derivative financial instruments. The objective of the swap agreements is to minimize the risks associated with financing activities by reducing the impact of changes in the interest rates on variable rate debt. The swap agreements are contracts to exchange variable rate for fixed rate payments over the terms of the swap agreements without the exchange of the underlying notional amount. The notional amount of the swap agreements is used to measure the interest to be paid or received and does not represent the amount of exposure to credit loss. Exposure to credit loss is limited to the receivable amount, if any, which may be generated as a result of the swap agreements. Management believes that losses related to credit risk are remote and that the swap agreements are continuing to function as intended.

The net cash paid or received under the swap agreements is recognized as an adjustment to interest expense. The Company does not utilize interest rate swap agreements or other financial instruments for trading or other speculative purposes.

Changes in fair value of the interest rate swap agreements are recorded as a component of net unrealized gain (loss) on investments and investment contracts. The change in fair value was \$209,000 in 2023 and \$5,732,000 in 2022.

At December 31, 2023, the Company had the following interest rate swaps in effect:

<u>Debt Series</u>	<u>Notional Amount</u>	<u>Maturity Date</u>	<u>Effective Interest Rate</u>	<u>Accumulated Unrealized Loss</u>

The Company participates in a 401(k) Plan (the ACTS 401(k) Plan) covering substantially all full-time employees. AMS provides a nonqualified Supplemental Executive Retirement Plan (SERP) to certain members of senior executive management in addition to those benefits available under the ACTS 401(k) Plan. Retirement benefits, as defined in the plan document and amendments, are based on age, years of service and average compensation during the last five years of employment. SERP expense was \$2,917,000 in 2023 and \$2,227,000 in 2022. The SERP liability is included in accounts payable and accrued expenses on the special-purpose combined balance sheets and was \$8,738,000 and \$5,821,000 at December 31, 2023 and 2022 respectively.

14. Concentrations of Credit Risk

The Company grants credit without collateral to its residents, some of whom are insured under third-party payor arrangements, primarily related to providing residential and healthcare related services.

The Company maintains cash accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses resulting from this, and management believes it is not subject to any significant credit risk related to cash accounts.

15. Commitments and Contingencies

Senior Living Services Industry

The senior living services industry is subject to numerous laws, regulations and administrative directives of federal, state and local governments and agencies. Compliance is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for resident services previously billed. Management is not aware of any material incidents of noncompliance.

Workers' Compensation

The Company maintains a self-insured workers' compensation program with a per occurrence retention limit of \$600,000. At December 31, 2023 and 2022, the reserve for workers' compensation liability claims was \$3,852,000 and \$3,205,000, respectively, and is included in accounts payable and accrued expenses on the special-purpose combined balance sheets. Reserves are based upon fully developed cases and are actuarially determined. These estimates are based on historical loss experience along with certain assumptions about future events. Changes in assumptions for such things as medical costs, as well as changes in actual loss experience could cause these estimates to change in the near term.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Notes to Special-Purpose Combined Financial Statements
December 31, 2023 and 2022

Construction Agreements

The Company entered into construction agreements for certain development and renovation activities at various communities. Commitments were approximately \$19,803,000 as of December 31, 2023.

Litigation

The Company operates in an industry where various suits and claims arise in the normal course of business. The Company maintains general and professional liability coverage on a claims-made basis through a commercial insurance carrier. Management is not currently aware of any claims that have been or will be asserted that will, after consideration of applicable insurance coverages, have a material adverse effect on the special-purpose combined financial statements.

16. Related-Party Transactions

AMS entered into a Management, Marketing and Development Agreement (the Agreement) with ARLC MD, which is automatically renewable for one year on each anniversary date. Effective January 1, 2023, AMS transferred and assigned the Agreement to ARLCM. ARLCM also entered into an Agreement with ML on October 1, 2023. Management fees are equal to 4% of gross revenues, plus any out-of-pocket expenses. Marketing fees are equal to 4% of gross entrance fee proceeds, plus any out-of-pocket expenses. Development fees are equal to 4% of project costs for qualified capital projects. ARLCM is also reimbursed for the costs related to certain key employees.

ARLCM has a management agreement with ALF, which is automatically renewable for one year on each anniversary date. Management fees are equal to 5% of gross program receipts (excluding investment income), plus any out-of-pocket expenses.

Total fees earned by ARLCM and AMS were \$7,242,000 in 2023 and \$6,471,000 in 2022. These balances are generally settled in the normal course of business.

ARLCM receives a fixed premium from ARLC MD, AADC and ML for their participation in workers' compensation and health insurance programs, which is adjusted from time to time. During 2022, the fixed premiums were received by AMS. Premiums collected by ARLCM and AMS in connection with these programs were \$4,755,000 in 2023 and \$3,665,000 in 2022.

At December 31, 2023 and 2022, the Company has a beneficial interest in the investments of ALF of \$23,912,000 and \$24,790,000, respectively, related to donor restricted funds. These amounts are included in investments on the special-purpose combined balance sheets.

At December 31, 2023 and 2022, the Company had balances due from ARLC MD of \$18,503,000 and \$16,812,000, respectively, balances due from ALF of \$785,000 and \$10,085,000, respectively, and balances due from other affiliates of \$355,000 and \$343,000, respectively.

17. Functional Expenses

The Company provides housing, healthcare and other related services to residents within its geographic locations. The special-purpose combined financial statements report certain expense categories that are attributable to more than one program service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, including depreciation and amortization, interest and other occupancy costs, are allocated to a function based on usage of space. Expenses relating to providing these services are approximately as follows for 2023 and 2022:

(“Acts”) and Brittany Pointe Estates, an ACTS Community, Inc. (“BPE”), has since admitted additional members including: Lanier Village Estates, Inc. (“LVE”), Azalea Trace, Inc. (“AT”), ACTS Management Services, Inc., ACTS Signature Community Services, Inc., Magnolia Trace, An ACTS Retirement-Life Community, LLC (“MT”), Peninsula United Methodist Homes, Inc. (“PUMH”), Park Pointe Village, Inc. (“PPV”), Acts Alliance Management, LLC (“AAM”), Presbyterian Retirement Corporation, Inc. dba Westminster Village (“WV”) and ACTS Retirement-Life Communities Management, LLC (“ARLCM”). BPE, LVE, AT, MT, PUMH, PPV, WV, and The Evergreens (“EG”), all formerly affiliates of Acts, have been merged with and into the legal entity of Acts and are now operating divisions. Acts also has affiliates that are not members of the Acts Obligated Group which include ACTS Acquisition and Development Company, LLC, ACTS Legacy Foundation, Inc., Integrate, Inc. dba ACTS Retirement-Life Communities of Maryland, Mease Life, Inc., and Mease Life Resident Foundation, Inc.

The accompanying financial statements have been prepared in accordance with GAAP, generally accepted accounting principles, and present fairly the financial condition of the ACTS Obligated Group and result of its operations, subject to year-end adjustments.

Statements made in this report which are not historical facts contain "forward-looking" statements (as defined in the Private Securities Litigation Reform Act of 1995) that involve risks and uncertainties and are subject to change at any time. Although Acts believes the expectations reflected in such forward-looking statements are reasonable assumptions, it can give no assurance that its expectations will be attained. The Acts Obligated Group assumes no obligation to update or supplement forward-looking statements that become untrue because of subsequent events.

Through the first three months of 2024, the Acts Obligated Group (“Acts”) continued to achieve positive financial results by exceeding budget for the first quarter and maintaining strong occupancy in all levels of living. Specifically, as of March 31, 2024, independent living occupancy was 92.1%, exceeding the budget of 91.2%, and ahead of 91.5% for the same period last year. Occupancy was supported by a 38% increase in resale and initial move-ins through the first three months of 2024 as compared to the same period in 2023 (52 resales and 21 initial sales through March 2024 compared to 39 resales and 14 initial sales through March 2023). In addition, sixteen of the 22 communities in the Obligated Group had hard occupancy at or above 90%. This increased to an impressive 21 of the 22 communities when including residences that are occupied, committed, and selected as the popularity of the Type A life care contract remains post-pandemic. Independent living occupancy continues to be supported by the real estate market as it remains resilient, allowing prospective residents to sell their homes despite continued high mortgage rates as the Fed has not yet taken action to reduce rates. Average occupancy in OakBridge Terrace assisted living (“OBT”) of 82.4% remains significantly ahead of budget of 75.7% and prior year of 77.1%, with lifecare and private pay residents exceeding budget expectations as resident care is strategically shifted from skilled nursing to assisted living and marketing for private pay residents continues to be a key focus. The strong census in OBT more than offset the WillowBrooke Court skilled care (“WBC”) census that fell behind budget and prior year. The positive change between the two levels of living is encouraging, as it helps residents stay more self-reliant in OBT, promotes our well-being initiative, and facilitates the ongoing privacy improvements in WBC.

The strong occupancy supported solid financial performance through the end of the first quarter as reflected in positive operating income of \$0.3 million which exceeded budget by \$2.5 million as an operating loss was assumed for the first quarter. Contracted services decreased compared to the same period last year as agency nursing has been significantly reduced. Most notable is the level of net resale entrance fee proceeds of \$179 million for the twelve months ended March 31, 2024,

providing for robust debt service coverage of 3.1x. The strong net proceeds from entrance fees also supported a net operating margin adjusted of 11.1% for the first quarter of 2024 and a healthy 27.7% for the twelve months ended March 31, 2024. In addition, the days cash on hand ratio remained healthy with 251 days.

FINANCIAL SUMMARY

The financial results and discussion presented within this package are those of the Acts Obligated Group. Therefore, these results do not include those of other affiliated organizations, including ACTS Acquisition and Development Company, LLC, ACTS Legacy Foundation, Inc., Integrate, Inc. dba Acts Retirement-Life Communities of Maryland, Mease Life, Inc., and Mease Life Resident Foundation, Inc. (See Consolidating Schedules).

Below is a summary explanation of the significant variances between the periods ended March 31, 2024 and 2023.

Statement of Financial Position:

Assets:

Assets increased \$104.1 million (5.1%) primarily due to a \$83.2 million increase in net property and equipment. The additions were reflective of ordinary capital improvements along with strategic initiatives to add additional independent living units to existing communities (Country House, Matthews Glen, and Indian River Estates) and enhance privacy in WillowBrooke Court Skilled Care Centers. Cash, cash equivalents and investments increased by \$22.7 million as a result of unrealized gains on investments offset by use of project funds supporting strategic capital investments. Other asset activity included i) a combined decrease in receivables, prepaid expenses and due from affiliates of \$3.0 million due to the timing of payments, ii) a \$2.0 million increase in deferred marketing costs, and iii) a decrease in intangible assets of \$0.9 million due to amortization.

Liabilities:

Total liabilities increased \$88.2 million (4.6%) primarily due to an \$86.9 million increase in deferred revenue from entrance fees supported by strong sales activity, offset slightly by an \$8.0 million decrease in refundable entrance fees and entrance fee deposits. In addition, an increase of \$43.4 million in long-term indebtedness mainly due to the \$69.8 million Series 2023 debt financing was offset by a \$45.1 million decrease in short term debt as it was reimbursed by the debt financing. Non-recourse indebtedness decreased by \$1.6 million as principal payments were made. Other changes in liabilities included a \$13.9 million increase in accounts payable and accrued expenses due to the timing of payments, and a \$1.3 million decrease in accumulated loss on investment contracts.

Net Assets:

The increase in net assets of \$15.8 million is primarily attributed to positive operating performance and net unrealized gains on investments.

Statement of Operations and Changes in Net Assets:

Revenue:

Operating revenue increased by \$9.6 million (6.7%) as the result of the healthy occupancy increase which was reflected in both the \$2.9 million increase in amortization of entrance fees, and most notably in the \$6 million increase in resident services revenue that also included a 4.65% monthly fee increase effective January 1, 2024. Investment income also increased \$1.2 million over the same period last year as investment returns remain high. These increases were offset by a \$0.5 million decrease in resident revenue from third-party payors due to a reduction in Medicare and Medicaid census in skilled nursing.

Expenses:

Operating expenses increased by \$10.1 million (7.1%) primarily related to a \$7.0 million increase in salary, wages and benefits attributable to an annual wage increase of 4.5% for all hourly team members effective the third pay of the year along with a 3.75% increase for senior leadership roles and a 4.0% increase for other salaried team members. Depreciation, amortization, and interest expense also increased in the aggregate by approximately \$2.6 million reflective of capital investments and expansions. Other changes in expenses included i) an \$0.8 million increase in food due to increased census, ii) a \$0.5 million increase in supplies (mainly software subscriptions, medical supplies and landscaping), iii) a \$0.3 million increase in property and professional liability insurance, and iv) a \$0.3 million increase in advertising included in other expenses. These increases were offset by i) reductions in contracted services of \$0.9 million as agency utilization continued to decline, and ii) a \$0.5 million decrease in utilities (specifically electric, gas and communications).

Operating Income:

The decrease in operating income of \$0.4 million comparing the periods ended March 31, 2024 to 2023 was predominantly attributed to the decrease in resident revenue from third-party payors resulting in revenue growing at a slightly slower pace than expenses.

Statement of Cash Flows:

Cash Flows from Operating Activities:

Net cash flows provided by operating activities increased by \$0.2 million primarily due to a \$1.4 million increase in entrance fees from non-refundable resale contracts, and a \$1.2 million increase in working capital accounts related to the timing of payments, offset by an increase in amortization of entrance fees of \$2.8 million.

Cash Flows from Investing Activities:

Net cash flows used in investing activities decreased by \$2.8 million primarily due to a \$6.2 million decrease in investments offset by a \$3.0 million increase in property and equipment purchases.

Cash Flows from Financing Activities:

Net cash flows used in financing activities decreased by \$20.6 million. This is primarily due to \$9.7 million in net short-term debt proceeds mainly used to fund the expansion at Matthews Glen, a \$5.7 million increase in initial sale entrance fees net of refunds, a \$4.5 million decrease in the payments of accounts payable, construction, and an \$0.8 million decrease in refundable entrance fee refunds.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

The accompanying financial projection presents, to the best of the knowledge and belief of management of ACTS Retirement-Life Communities, Inc. (Obligated Group) (Management), the expected financial position, results of operations and changes in net assets, and cash flows of ACTS Retirement-Life Communities, Inc. (Obligated Group) as of and for each of the five years ending December 31, 2028 if the hypothetical assumptions described in Note 1 below occur. Accordingly, the projection reflects Management's judgment as of May 31, 2024, the date of the projection, of the expected conditions and Management's expected course of action if the hypothetical assumptions occur.

The accompanying financial projection was prepared for the purpose of submission to the North Carolina Department of Insurance, as required by North Carolina General Statute 58-64-20(a)(12) and should not be considered a presentation of expected future results. Accordingly, these projections may not be useful for other purposes. The assumptions disclosed herein are those that Management believes are significant to the financial projection. Furthermore, even if the hypothetical assumptions occur as described, there will usually be differences between projected and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The accompanying financial projection is not strictly limited to the North Carolina communities. As such, this projection includes all 22 communities considered part of the Obligated Group.

1. Hypothetical Assumptions

A hypothetical assumption is an assumption used in a financial projection to present a condition or course of action that is not necessarily expected to occur, but is consistent with the purpose of the presentation. Because of the nature of financial projections, Management need not have a reasonable basis for the hypothetical assumptions.

Management has elected to use certain hypothetical assumptions in the preparation of the accompanying financial projection but does not have documented support for these assumptions. The hypothetical assumptions used by Management in the preparation of the accompanying financial projection are that:

- a) Derivative instruments and investments do not reflect unrealized gains or losses or changes in the fair value of the asset or liability due to the inability to predict fair value changes.
- b) Interest rates for fixed rate debt are based upon actual interest rates, while variable rate bonds are based upon historical rates for similar debt outstanding.
- c) The composition of ACTS Retirement-Life Communities, Inc. (Obligated Group) will not change during the projection period.
- d) ACTS Retirement-Life Communities, Inc. (Obligated Group) will complete the proposed renovation and expansion projects at the campuses described in Note 10 and obtain the related financing.

2. Nature of Operations and Organizational Matters

ACTS Retirement Services, Inc. (ARS) is a not-for-profit Pennsylvania corporation that serves as the parent organization providing the highest level of governance and control over all of its controlled entities. The following is a listing of ARS' controlled entities:

ACTS Management Services, Inc. (AMS) is a not-for-profit Pennsylvania corporation providing management, marketing and development services to senior living providers. AMS is the sole member of ACTS Retirement-Life Communities Management, LLC, (ARLCM) and ACTS Alliance Management, LLC (AAM), Pennsylvania limited liability companies. ARLCM provides management, marketing and development services to ACTS Retirement-Life Communities, Inc. (ACTS) and the Affiliates (as herein defined). AAM provides management and related services to Willow Valley Communities, a not-for profit Pennsylvania corporation that provides residential, personal care and skilled care services to senior adults in its continuing care retirement community (CCRC) located in Pennsylvania.

ACTS, a not-for-profit Pennsylvania corporation that, along with the Affiliates (as herein defined), provides residential, assisted living and skilled care services to senior adults in its 27 CCRCs, located in Alabama (2), Delaware (3), Florida (5), Georgia (1), Maryland (4), New Jersey (1), North Carolina (2), Pennsylvania (8) and South Carolina (1). ACTS operates 22 CCRCs as divisions within the legal entity of ACTS, and 5 CCRCs within two separate, related legal entities (the Affiliates). On February 1, 2023, Presbyterian Retirement Corporation, Inc. (PRC), an entity under common control and a not-for-profit Alabama corporation, merged into ACTS and is operating as one of the 22 CCRCs within the legal entity of ACTS. PRC was a member of the ACTS Obligated Group in 2022.

ACTS is the sole member of the following entities:

ACTS Signature Community Services, Inc. (ASCS), a not-for-profit Pennsylvania corporation providing home and community-based services to ACTS and the Affiliates.

ACTS Legacy Foundation, Inc. (ALF), a not-for-profit Delaware corporation that provides fundraising, supports all charitable programs and manages the donor restricted funds for ACTS and the Affiliates.

ACTS Acquisition and Development Company, LLC (AADC), a Florida limited liability company that engages in acquisition and development related activity on behalf of ACTS. AADC is the sole corporate member of the following Affiliates:

Integrace, Inc. d/b/a ACTS Retirement-Life Communities of Maryland (ARLC MD), a not-for-profit Maryland corporation which operates 4 CCRCs located in Maryland.

Mease Life, Inc. (ML), a not-for-profit Florida corporation which operates a CCRC located in Dunedin, Florida. ML is the sole member of Mease Life Residents Foundation, Inc. (MLRF), a not-for-profit Florida corporation that provides fundraising and supports all charitable programs for ML.

The ACTS Obligated Group includes ACTS, AMS, ARLCM, AAM and ASCS under the terms of a Master Trust Indenture.

All of the above organizations, with the exception of AADC, ARLCM and AAM, are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and are exempt from federal income taxes on their exempt income under Section 501(a) of the IRC. AADC, ARLCM and AAM, as single member limited liability companies, are considered "disregarded entities" for federal tax purposes. Because ACTS and AMS are exempt from federal income tax under Section 501(a) of the IRC, as charitable organizations described in Section 501(c)(3) of the IRC, and because AADC, ARLCM and AAM are disregarded entities for federal tax purposes, AADC, ARLCM and AAM are considered exempt under Section 501(a) of the IRC as charitable organizations described in Section 501(c)(3) of the IRC.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

Basis of Presentation and Principles of Combination

The ACTS Obligated Group (the Company) prepares special-purpose combined financial statements in accordance with the financial reporting provisions specified in the disclosure requirements of the Master Trust Indenture. The Master Trust Indenture specifies the preparation of combined financial statements of the Obligated Group members; accordingly, the accompanying projected special-purpose combined financial statements include only the accounts of the Obligated Group members and exclude the accounts of ARS, ALF, AADC, ARLC MD, ML and MLRF. The combination of financial statements for only certain controlled organizations differs from accounting principles generally accepted in the United States of America.

All inter-affiliate transactions between the members of the Company have been eliminated in combination.

3. Summary of Significant Accounting Policies

Cash, Cash Equivalents and Restricted Cash and Cash Equivalents

For purposes of the projected special-purpose combined statements of cash flows, cash, cash equivalents and restricted cash and cash equivalents include working capital accounts invested in highly liquid instruments purchased with an original maturity of three months or less. Cash and cash equivalents include investments comprised of debt related reserves and state reserves. The following table provides a reconciliation of cash, cash equivalents and restricted cash and cash equivalents reported within the projected special-purpose combined balance sheets that sum to the total of the same such amounts reported in the projected special-purpose combined statements of cash flows.

Board-Designated Funds

Board-designated funds represent assets set aside by the Company's board of directors for future use by the Company, including capital projects and other special purposes approved by the board.

Investments and Investment Risk

Investments with readily determinable fair values are measured at fair value in the projected special-purpose combined balance sheets. Investment income (including realized and unrealized gains and losses on investments, interest and dividends) is included in net operating income in the projected special-purpose combined statements of operations and changes in net assets unless the income is restricted by donor or law. Interest income is measured as earned on the accrual basis. Dividends are measured based on the ex-dividend date. Estimates of the future changes in fair values are not readily determinable at this date; thus, future changes in the fair value of investments are not reflected in the accompanying projected special-purpose financial statements.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

The Company's investments are comprised of a variety of financial instruments. The fair values reported in the projected special-purpose combined balance sheets are subject to various risks including changes in the equity markets, the interest rate environment and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the amounts reported on the projected special-purpose combined balance sheets could materially change during the projection period.

Investments include assets without restrictions and assets with restrictions. Assets without restrictions represent assets that are available for the general use and purposes of the Company. Assets with restrictions include amounts held in trust to meet debt related requirements, assets that are used to meet statutory reserve requirements and amounts restricted by donors for specific purposes or time periods.

Accounts Receivable and Entrance Fee Receivables

The Company assesses collectability on all resident accounts prior to providing services. An allowance for expected credit losses is recognized to reduce accounts receivable to its net realizable value for impairment of revenues for changes in resident credit worthiness. The allowance is estimated by Management based on factors such as aging of the accounts receivable, and anticipated collection of the consideration. Accounts are written off through credit loss expense when the Company has exhausted all collection efforts and accounts are deemed impaired.

Entrance fee receivables are evaluated for collectability prior to residents being admitted to the communities based on the resident's credit worthiness. The terms and conditions of each entrance fee receivable are determined when a resident agreement is executed.

Property and Equipment

Property and equipment are stated at cost. Donated assets are recorded at their fair value at the date of donation. Depreciation is computed using the straight-line method based on the following estimated useful lives:

Land improvements	10 to 25 years
Building and improvements	8 to 55 years
Furniture, fixtures and equipment	3 to 10 years

Projected depreciation expense (in thousands) is \$94,137, \$98,421, \$103,889, \$110,098 and \$116,673 in 2024 through 2028, respectively.

When assets are sold or retired, the asset values and related accumulated depreciation are eliminated from the accounts and any gain or loss is included in the special-purpose combined statements of operations and changes in net assets. The cost of maintenance and repairs is charged to expense as incurred. Significant renewals and betterments are capitalized.

Gifts of long-lived assets such as land, buildings or equipment are reported as other revenue unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted contributions. Expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Interest is capitalized for assets that require a period of time to be constructed or to prepare them for their intended use.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

Goodwill

In connection with the recording of the assets and liabilities of PRC, as part of the affiliation with ACTS, the fair value of the assets was less than the fair value of the liabilities. As a result, goodwill of \$4,926,000 was recorded in connection with the transaction.

Goodwill is not amortized; instead the Company evaluates goodwill for impairment on an annual basis or more frequently if indicators of impairment exist. The Company performs its annual goodwill impairment test on October 1 each year. The Company assesses qualitative factors (events and circumstances) to determine whether it is more likely than not (that is, a likelihood of more than 50%) that the fair value of PRC is less than its carrying amount, including goodwill. Based on the most recent assessment of qualitative factors (events and circumstances), the Company concluded that it was more likely than not that the fair value of PRC exceeded its carrying amount, including goodwill. Therefore, additional testing to identify potential impairment was unnecessary. As such, no impairment losses are reflected in the accompanying projected special-purpose combined financial statements during the projection period.

Deferred Costs

Deferred costs include incremental costs of obtaining agreements that would not have been incurred if the agreements were not obtained and are recorded at cost. Deferred costs are amortized over the estimated life expectancy of the residents using the straight-line method, which approximates the period of time that services are expected to be transferred to residents.

Projected amortization expense (in thousands) is \$2,062, \$2,238, \$2,419, \$1,717 and \$1,912 in 2024 through 2028, respectively. The projected amortization expense amounts are inclusive of (in thousands) \$890 in 2024, 2025 and 2026 for amortization of an intangible asset.

Deferred Financing Costs

Deferred financing costs are amortized straight-line over the terms of the related debt, which approximates using the effective interest method and are classified net with the related debt. Projected amortization expense (in thousands), which is included as a component of interest expense, is \$704, \$695, \$689, \$683 and \$682 in 2024 through 2028, respectively.

Derivative Financial Instruments

The Company uses interest rate swap agreements, which are considered derivative financial instruments, to manage its interest rate risk on its long-term debt. The interest rate swap agreements are reported at fair value in the projected special-purpose combined balance sheets. Estimates of the future changes in fair values are not readily determinable at this date; thus, future changes in the fair value of derivative financial instruments are not reflected in the accompanying projected special-purpose financial statements.

Deferred Revenue From Entrance Fees

Under a continuing care contract (resident agreement) for a residential living unit, the Company receives entrance fee payments in advance. The Company offers both nonrefundable and refundable resident agreements. The majority of the Company's resident agreements are nonrefundable.

Under the majority of nonrefundable resident agreements, residents who terminate their contracts will generally be entitled to a full refund less an administrative fee of up to 5% and less 1%-2% (based on the resident agreement) of the remaining entrance fee per each month of residency. Under refundable resident agreements, the entrance fee is reduced to no less than the guaranteed refund, as specified in the resident agreement, and refunds to residents are generally paid by the Company after a new resident occupies the residential living unit vacated by the former resident.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

The nonrefundable portion of entrance fees is amortized to revenue over the actuarially computed life expectancy of the residents using the straight-line method, which approximates the period of time that services under the resident agreements are expected to be transferred to residents and the Company's performance obligation to the residents is satisfied, and is classified as deferred revenue from entrance fees on the projected special-purpose combined balance sheets.

The guaranteed refundable portion of entrance fees is classified as refundable portion of entrance fees on the projected special-purpose combined balance sheets and is not amortized to revenue.

Under the majority of existing resident agreements, residential living residents are entitled to assisted living or skilled care services, as needed, with no increases in the current monthly service fees as a result of transferring to a higher level of care.

Obligation to Provide Future Services

The Company engages an independent actuary once every three years to calculate the present value of the net cost of future services and the use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. Based upon the last calculation performed (as of December 31, 2023), the present value of the net cost of future services and the use of facilities, based on a discount rate of 5%, did not exceed the balance of deferred revenue from entrance fees. Based upon this calculation, the assumptions in this projection, and the analysis of Management, Management believes there will be no need to record a liability for the obligation to provide future services during the projection period.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions. All revenue not restricted by donors and donor restricted contributions whose restrictions are met in the same period in which they are received are accounted for in net assets without donor restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. All revenues restricted by donors as to either timing or purpose of the related expenditures or required to be maintained in perpetuity as a source of investment income are accounted for in net assets with donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Resident Services Revenues

Resident services revenues are reported at the amount that reflects the consideration the Company expects to receive in exchange for the services provided. These amounts are due from residents or third-party payors and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Resident services revenues are recognized as performance obligations are satisfied.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

Payment terms and conditions for the Company's resident agreements vary by contract type and payor source, although terms generally include payment to be made within 30 days. Resident services revenues for recurring and routine monthly services due from self-pay residents are generally billed monthly in advance. Resident services revenues for ancillary services due from self-pay residents are generally billed monthly in arrears. Resident services revenues due from Medicare, Medicaid and other third-party payor programs are billed monthly in arrears.

Resident services revenues are primarily comprised of skilled care, assisted living and residential living revenue streams, which are primarily derived from providing nursing, assisted living and housing services to residents at a stated daily or monthly fee, net of any explicit or implicit price concessions. The Company has determined that the services included in the stated daily or monthly fee for each level of care represents a series of distinct services that have the same timing and pattern of transfer. Therefore, the Company considers the services provided to residents in each level of care to be one performance obligation which is satisfied over time as services are provided. As such, skilled care, assisted living and residential living revenues are recognized on a daily or month-to-month basis as services are rendered.

The Company receives revenue for services under third-party payor programs, including Medicare, Medicaid and other third-party payors. Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are included in the determination of the estimated transaction price for providing services. The Company estimates the transaction price based on the terms of the contract, correspondence with the third-party payor and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

Income Taxes

ACTS, AMS and ASCS are not-for-profit corporations. Each is exempt from federal income taxes on exempt income under Section 501(a) of the IRC and other income taxes under similar statutes. Accordingly, no provision for income taxes has been recorded in the projected special-purpose combined financial statements.

Net Operating Income

The performance indicator is identified in the projected special-purpose combined statements of operations and changes in net assets as net operating income. Changes in net assets without donor restrictions which are excluded from the determination of the performance indicator, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets, if any).

4. Short-Term Indebtedness

ACTS has an available \$85,000,000 revolving line of credit with a financial institution. Interest is calculated monthly based on changes to the SOFR, as defined.

ACTS also has an available \$90,000,000 revolving line of credit with another financial institution. Interest is calculated monthly based on changes to the SOFR, as defined.

The Company's obligations under the line of credit agreements are secured under the terms of a Master Trust Indenture dated December 1, 1996, as supplemented, on a parity basis by a pledge of gross revenues (as defined), a covenant not to create or allow to exist upon its property any lien except for permitted liens, and a promise to deliver mortgages and/or deeds of trust granting liens upon and security interest in its facilities to the Master Trustee if certain events occur, as defined.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

5. Nonrecourse Indebtedness

In February 2021, the Company closed on a \$13,800,000 debt financing consisting of a nonrecourse, nonbank qualified tax-free mortgage loan. The proceeds from the financing were used to refinance the existing nonrecourse indebtedness, reimburse for the costs of capital improvements and finance closing costs. The nonbank qualified tax-free mortgage loan amortizes over 25 years and has a 2.61% fixed rate of interest for five years.

In addition, in December 2021, the Company established a \$4,500,000 promissory note with an unrelated third party in connection with an asset purchase transaction. The noninterest bearing note amortizes over three years with the final payment due on May 1, 2025.

6. Long-Term Indebtedness

The Company's long-term indebtedness has been issued under a Master Trust Indenture dated December 1, 1996, as supplemented, which secures the obligations of the Company and includes a pledge of gross revenues (as defined), a covenant not to create or allow to exist upon its property any lien except for permitted liens and a promise to deliver mortgages and/or deeds of trust granting liens upon and security interest in its facilities to the Master Trustee if certain events occur, as defined. The Company is required to maintain certain reserves with a trustee. Such reserves are included in assets whose use is limited. The Company is also required to meet certain financial covenants.

It is assumed that the Company will issue \$28,300,000 of fixed rate tax-exempt bonds in 2025. The proceeds from the issuance are assumed to provide for the payoff of the amount outstanding on the line of credit associated with the Granite Farms Estates Willowbrooke Court renovation and other miscellaneous capital improvements and renovations of \$8,625,000. It is also assumed that the proceeds will establish a project fund in the amount of approximately \$19,000,000 to fund the construction of a new assisted living and memory care center at Gwynedd Estates and the renovation of skilled care centers at various other communities located in Pennsylvania, and will be used to finance certain costs of issuance and other related costs. It is assumed that the bonds will mature in 2056 and carry a fixed interest rate of 4.75%.

Long-term debt is projected to be comprised of approximately 80% fixed rate, tax-exempt revenue bonds, 15% fixed rate, taxable revenue bonds and taxable term loans, and 6% variable rate, tax-exempt demand revenue bonds. The interest rate on substantially all variable rate bonds is fixed by interest rate swaps.

Anticipated principal repayments on long-term indebtedness are as follows (in thousands):

Years ending December 31:		
2024	\$	23,049
2025		24,300
2026		25,166

Summary of Significant Projection Assumptions and Accounting Policies

7. Revenue and Expense Assumptions

Revenue

The Company derives revenue from six primary sources: monthly resident fees, entrance fee amortization, per-diem rates charged for nonresident skilled care residents, income from "fee-for-service" programs, investment income and miscellaneous income. Monthly and per diem fees included in resident services revenue are assumed to increase approximately 3.0% per year each year during the projection period. Resident services revenue from third-party payors is assumed to increase 3.0% each year during the projection period. Entrance fee amortization will increase as the resident population grows through the occupancy of vacant residential living units, as existing occupied residential living units are vacated and resold, and as expansion residential living units are placed in service. Other revenue is projected to increase approximately 3.0% per year during the projection period.

Growth of occupied residential living units will be achieved as resales are expected to outpace turnover in 2024. During 2023, the Company's residential living units operated at an average occupancy level of 92%. Management projected level average residential living occupancy in 2024 followed by gradual increases in average residential living occupancy during the remainder of the projection period as follows: 91% in 2024 and 92% in 2025 through 2028 based on historical trends. During 2023, the Company's assisted living units operated at an average occupancy level of 79%. Management projected average assisted living occupancy to be 77% in 2024, 82% in 2025, 83% in 2026 and 2027, and 84% in 2028. During 2023, the Company's skilled care units operated at an average occupancy level of 81%. Management projected average skilled care occupancy to be 84% in 2024, and 81% in 2025 through 2028.

Investment income was assumed to equal approximately 3.0% of the ending cash and investment balances each year during the projection period.

Beneficial Interest in Investments

As of December 31, 2023, the Company has a beneficial interest in the investments of ALF of \$23,912,000 and a beneficial interest of the Community Foundation of South Alabama (CFSA) of \$218,000. These amounts, as well as growth in these amounts during the projection period, are included in assets whose use is limited in the projected special-purpose balance sheets.

The change in the Company's beneficial interest in investments of ALF and CFSA is projected based upon historical experience and Management's expectations of future net asset with donor restrictions activity, primarily contributions and net assets released from restrictions.

Operating Expenses

Operating expenses are projected to increase based on an assumed average inflation factor of 3.0% each year during the projection period, incremental costs associated with increased occupancy levels, and incremental costs associated with the renovation and expansion projects disclosed in Note 10. The outcome of the projection is particularly sensitive to variances in inflation. In addition, Management assumes that if there are further unexpected increases in operating costs, those could be offset by the ability to increase charges for resident services.

Interest Expense

Interest expense is calculated based on the terms of current debt outstanding. Interest rates on fixed rate bonds and term loans outstanding were assumed to range from approximately 2.6% to 6.2%. Interest rates on variable rate bonds outstanding were assumed to range from approximately 3.3% to 3.6%, which represent the range of rates as of December 31, 2023 on the Company's existing variable rate bonds. Since variable interest rates are market-driven and not readily determinable, variable rate bonds were assumed to remain at these rates throughout the projection period. The interest rate on short-term indebtedness was assumed to be 6.4%.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

Interest costs capitalized are projected to be (in thousands) \$4,997, \$1,793, \$1,429, \$1,238 and \$1,041 in 2024 through 2028, respectively.

Depreciation

Depreciation is projected based upon historical levels and assumed capital expenditures during the projection period.

8. Balance Sheet Assumptions

Receivables

Receivables are projected to be 22 days of the resident services revenue and resident services revenue from third-party payors.

Investments

Investments are expected to be comprised primarily of money market funds, U.S. government securities, guaranteed investment contracts and fixed income mutual funds and are as follows:

These amounts are included in the projected special-purpose combined financial statements as board-designated funds, assets whose use is limited, and North Carolina operating reserve funds.

In accordance with North Carolina General Statute 58-64-33, the Company maintains an operating reserve equal to twenty-five percent (25%) of the total operating expenses (excluding depreciation and amortization expenses) of Matthews Glen and Tryon Estates based on occupancy of each community exceeding ninety percent (90%). Matthews Glen and Tryon Estates are continuing care retirement communities located in North Carolina for which the Company serves as the provider of continuing care. Matthews Glen and Tryon Estates each achieved an occupancy rate in excess of ninety percent (90%) as of December 31, 2023 and are expected to continue to do so each year throughout the projection period.

Accounts Payable and Accrued Expenses

Accounts payable and accrued expenses are projected to be 71 days of expenses excluding depreciation, amortization and interest based on historical experience. Amounts for construction related accounts payable are also included in accounts payable and accrued expenses.

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

Entrance Fee Deposits

Entrance fee deposits are projected as a percentage of sales activity based upon historical experience.

9. Cash Flows Assumptions

Entrance fees from resales are projected to increase as the result of increased occupancy and entrance fee price increases of 3.0% per year based on historical operating experience and future expectations.

Purchases of property and equipment include expenditures for renovations and expansion of existing properties as well as ordinary capital expenditures.

10. Renovation and Expansion of Existing Properties

The following are assumed renovation and expansion projects at specific communities which are considered to be the most significant.

Gwynedd Estates

It is assumed that a new assisted living and memory care center will be built on the campus during 2025 and 2026 at a projected cost of \$12,000,000. Construction costs will be primarily funded by the permanent financing done in 2025.

Spring House Estates

It is assumed that the skilled care center will be renovated in 2024 through 2026 at a projected cost of \$5,500,000. The renovations will primarily include privacy enhancements in resident rooms. Renovation costs will be primarily funded by the permanent financing done in 2023.

Granite Farms Estates

It is assumed that the skilled care center will be renovated during 2024 through 2026 at a projected cost of \$5,800,000. The renovations will primarily include privacy enhancements in resident rooms. Renovation costs will be partially funded by draws on a line of credit of \$4,600,000; these draws are assumed to be permanently financed in 2025. The remainder of the renovation costs will be primarily funded by the permanent financing done in 2025.

Cokesbury Village

ACTS Retirement-Life Communities, Inc. (Obligated Group)

Summary of Significant Projection Assumptions and Accounting Policies

Ordinary Capital Expenditures

In addition to the renovation and expansion of existing properties, the Company funds, through normal operations, a level of ordinary capital expenditures. During the projection period, ordinary capital expenditures are expected to range from \$82 million to \$114 million per year. Included in this amount are apartment restoration expenditures, which are based on units anticipated to return to inventory, and planned upgrades at certain communities.

11. Retirement Plans

The Company participates in a 401(k) Plan (the ACTS 401(k) Plan) covering substantially all full-time employees. The ACTS 401(k) Plan allows for qualified employees to voluntarily contribute up to the Internal Revenue Service maximum. In accordance with the terms of the ACTS 401(k) Plan, the Company matches up to 100% of the first 3% of the employee's contribution, plus an additional 50% of the next 2% of the employee's contribution.

AMS provides a nonqualified Supplemental Executive Retirement Plan (SERP) to certain members of senior executive management in addition to those benefits available under the ACTS 401(k) Plan. Retirement benefits, as defined in the plan document and amendments, are based on age, years of service, and average compensation during the last five years of employment.

12. Commitments and Contingencies

Senior Living Services Industry

The senior living services industry is subject to numerous laws, regulations and administrative directives of federal, state and local governments and agencies. Compliance is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for resident services previously billed. Management is not aware of any material incidents of noncompliance.

Litigation

The Company operates in an industry where various suits and claims arise in the normal course of business. The Company maintains general and professional liability coverage on a claims-made basis through a commercial insurance carrier. Management is not currently aware of any claims that have been or will be asserted that will, after consideration of applicable insurance coverages, have a material adverse effect on the projected special-purpose combined financial statements.

Live-in companions, whether paid or unpaid by Resident are not permitted, except with Company's advance written consent.

8.3 Right to Establish Entrance Fee

Company reserves the right to establish Entrance Fee rates and Monthly Rates (as described in Section 9) of a different amount for persons being admitted for Occupancy after the date hereof, and the rates charged such other persons need not be uniform with or proportional to those charged to Resident under this Resident Contract. The Entrance Fee amount, as defined in this Resident Contract, shall not be increased or changed during the duration of the agreed upon care, except for changes required by State or Federal assistance programs or regulations, or if Resident changes from the Residential Unit to another residential unit (as described in Subsection 11.1).

8.4 Administrative Fee and Amortization of Entrance Fee

(a) Administrative Fee

An Administrative Fee in an amount equal to five percent (5%) of the Entrance Fee is non-refundable after the Transition Period and will be retained by Company.

(b) Amortization of Entrance Fee

After deducting an Administrative Fee, which is five percent (5%) of the Entrance Fee, the remaining Entrance Fee shall be amortized by Company in the amount of two percent (2%) per month for a period of fifty (50) months from the date of Occupancy or Date of Availability, whichever is earlier. After the fifty (50) month period, there will be no refund of the Entrance Fee.

SECTION 9. Monthly Rate

9.1 Standard Monthly Rate

In addition to the other amounts paid by Resident to Company under this Resident Contract, Resident will pay to Company the standard Monthly Rate established for the unit selected.

9.2 Adjustments in the Monthly Rate

The Monthly Rate may be adjusted from time to time. Company shall provide at least sixty (60) days written notice of such change unless such change is required by State or Federal assistance programs or regulations.

9.3 Payment and Due Date

The Monthly Rate is billed in advance and shall be due and payable within five (5) days of the date of Resident's monthly statement. The obligation to pay the Monthly Rate shall commence on the earlier to occur (i) the date the Resident takes Occupancy of the Residential Unit or (ii) the Date of Availability, whether or not Resident moves in at the time. The Resident shall be billed on a monthly basis for all other charges, including but not limited to miscellaneous and ancillary charges or other services. Payment for all other charges shall be due with the Monthly Rate.

9.4 Service Charge for Late Payment

A service charge of one and one-half percent (1.5%) per month will be added to amounts past due in accordance with Company's prevailing policy. Resident is obligated to pay all reasonable attorneys fees and costs incurred relative to the collection of any amount past due.

SECTION 10. Co-Resident

10.1 Co-Resident's Fee Responsibility

In situations of Shared Occupancy, each Co-Resident shall be jointly and severally liable for all payments due under this Resident Contract. Upon the death of one or more Co-Residents, or should one or more Co-Residents leave the Retirement Community, any remaining Co-Resident(s) shall be responsible for payment of the applicable Monthly Rate and any other past or future charges.

10.2 Marriages/Additional Occupant

If Resident decides to marry/reside with a non-resident while occupying the Residential Unit and desires that the new spouse/additional occupant share the Residential Unit, the spouse/additional occupant must comply with the entrance procedure outlined in this Resident Contract and shall execute a then current version of the Resident Contract. The spouse/additional occupant shall pay an Entrance Fee equal to the then current Entrance Fee for the smallest residential unit in the Retirement Community at the time the spouse/additional occupant takes Occupancy. The prevailing Monthly Rate for Shared Occupancy will commence on the day the spouse/additional occupant moves into the Residential Unit. In the event the spouse/additional occupant is not accepted as a new resident, Resident may terminate the Resident Contract pursuant to Section 13 and receive any refund as set forth in Section 14.

SECTION 11. Relocation to a Different Living Accommodation or Outside Facility

11.1 Relocation From Residential Unit to Another as Requested by Resident

Upon Resident's written request and written approval of Company, the Resident may exercise a limited option to move from the Residential Unit to another in accordance with Company's prevailing policy. Resident must notify Company in writing of the type of residential unit desired. Company reserves the right in its sole discretion to approve or deny requests to move. In the event Resident receives approval from Company to move to another residential unit, Resident shall sign an addendum to this Resident Contract reflecting all costs and charges related to exercising the option to move, including the Entrance Fee and Monthly Rate for the selected residential unit. Resident may be required to pay a refurbishment fee as determined by Company in accordance with Company's prevailing policy.

(a) Relocation to Larger Sized Residential Unit

On the Date of Availability of the larger sized residential unit, an additional Entrance Fee will be paid. The additional Entrance Fee is equal to the difference between the Entrance Fee of the larger

residential unit as of the time Resident first took Occupancy and the Entrance Fee paid for the smaller Residential Unit designated in Section 3.

(b) **Relocation to Smaller Sized Residential Unit**

Any refund of the Entrance Fee as a result of relocation to a smaller sized residential unit is calculated as the difference between:

(i) **Present Residential Unit**

The current Entrance Fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such Entrance Fee for each month this Resident Contract has been in force, commencing from the Date of Availability, and

(ii) **Proposed Residential Unit**

The current Entrance Fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such Entrance Fee for each month this Resident Contract has been in force, commencing from the Date of Availability.

11.2 Relocation From Residential Unit to Another as Required by Company

Company reserves the right to make all necessary arrangements and adjustments regarding residence not otherwise specifically provided in this Resident Contract. Company may relocate Resident to a different residential unit in the Retirement Community, substantially similar to that selected by Resident, if it determines that such a move should be made for the benefit of Resident or for the proper operation of Retirement Community, as determined by Company. In the event Resident is directed to relocate, Company shall be responsible for all reasonable moving and relocation expenses. Resident shall execute an addendum which shall reflect all changes in the Monthly Rate.

11.3 Transfer to Assisted Living Residence, Skilled Care Center or Outside Facility

(a) **Conditions of Continued Occupancy**

Resident shall have the right to occupy the Residential Unit for so long as Resident satisfies the health and other Conditions of Continued Occupancy.

(b) **Decision to Transfer**

(i) **Authority to Transfer**

Company may transfer Resident from and between the Residential Unit and Skilled Care Center or Assisted Living Residence, or any other appropriate care facility, if it determines that such a move should be made because of the health and/or welfare of the Resident, for the proper operation of the Retirement Community, to comply with regulations of the North Carolina Division of Facility Services, the North Carolina Department of Health, local regulations of the Fire Department, or any other duly constituted authority or agency, or to otherwise meet the requirements of law.

(ii) **Role of Company's Utilization Review Committee**

The decision as to whether a transfer shall be deemed temporary or permanent shall be made by Company's Utilization Review Committee. The Utilization Review Committee shall consider the opinion of Resident and the advice of a family representative, if available, and, if requested and at the Resident's expense, a private physician. The opinion of Resident and the advice of family and Resident's physician is advisory only and shall not be binding on Company. The Utilization Review Committee's decision regarding the temporary or permanent nature of any transfer may be made at any time. Upon a determination by Company's Utilization Review Committee that Resident is no longer capable of meeting the health or other requirements for Occupancy of the Residential Unit, Resident or Resident's next of kin, Legal Representative or agent acting on Resident's behalf, will be notified by Company that arrangements will be made for Resident's immediate transfer to an Assisted Living Residence, a Skilled Care Center or other appropriate care facility.

(c) **Transfer to Assisted Living Residence**

When Resident is in need of Assisted Living Services as determined by Company's medical director and/or the Utilization Review Committee and does not need Routine Nursing Care Services, Resident may be transferred permanently to Company's Assisted Living Residence, if available, or other facility providing Assisted Living Services. If there is no Co-Resident in the Residential Unit, Resident will, within thirty (30) days, Surrender the Residential Unit. The Residential Unit then occupied by such Resident shall be declared vacant and Company may reassign the Residential Unit to another person.

(d) **Transfer to Skilled Care Center**

When Resident is in need of Routine Nursing Care Services as determined by Company's medical director and/or the Utilization Review Committee, Resident will be moved to a shared accommodation in the Skilled Care Center or other facility providing Routine Nursing Care Services under this Resident Contract. Upon request, Resident may have access to a private room, if available, in Company's Skilled Care Center for which an additional fee may apply. If, after continued evaluation, it is determined by Company that Resident cannot return to his/her Residential Unit, and if there is no Co-Resident in said accommodation, Company may declare the Residential Unit vacant, and may reassign the Residential Unit to another person. Resident will, within a thirty (30) day period after such decision has been made, Surrender the Residential Unit.

(e) **Transfer to Outside Facility**

If it is determined by Company's medical director and/or Company's Utilization Review Committee that Resident cannot be cared for within the scope of the services Company provides in the Retirement Community, or Resident cannot otherwise meet the Conditions of Continued Occupancy, and if there is no Co-Resident in the Residential Unit, Company may declare the transfer permanent and the Residential Unit vacant and reassign the Residential Unit to another person. Resident will, within a thirty (30) day period from the date the decision is made, Surrender the Residential Unit and have all personal possessions removed from it.

(i) **Temporary Transfer**

During any temporary transfer to a hospital or outside facility, Resident shall continue to pay the Monthly Rate and shall be responsible for all costs and charges related to the transfer to and occupancy of the outside facility or hospital except as provided in Subsection 6.12.

(ii) **Permanent Transfer**

Upon permanent transfer to an outside facility, and after Surrender of the Living Accommodation, the obligation to pay the Monthly Rate shall end and this Resident Contract shall terminate. Any refund due shall be paid in accordance with the refund provisions of this Resident Contract. In the event of Shared Occupancy, this Resident Contract shall not terminate and Co-Resident shall pay the Monthly Rate until the permanent transfer or discharge of all Co-Residents from the Retirement Community and Surrender of the Living Accommodation. Resident is obligated to pay all costs and

charges related to the transfer to and occupancy of any outside facility or hospital except when Resident is transferred to an outside assisted living or skilled care provider because of the unavailability of a bed or room in Retirement Community.

(f) **Release of or Return to Residential Unit After Transfer**

(i) **Temporary Transfer**

If Resident is admitted temporarily to Company's Skilled Care Center, Assisted Living Residence, or a hospital or other outside facility, with a medical prognosis of recovery and return to health consistent with the Conditions of Continued Occupancy, then Resident shall retain Occupancy of the Residential Unit for the purpose of resuming residency. During any period of temporary transfer, Resident shall continue to pay the applicable Monthly Rate for the Residential Unit. Resident may return to the Residential Unit which has been retained in accordance with the terms of this provision at such time as Company determines that Resident can satisfy the Conditions of Continued Occupancy.

(ii) **Permanent Transfer**

If Resident is permanently transferred to Company's Skilled Care Center, Assisted Living Residence, or a hospital or other appropriate outside facility, Resident shall Surrender the Residential Unit within thirty (30) days of written notice of Company's decision to permanently transfer Resident. If Company, with the advice of Company's medical director, determines that Resident subsequently has recovered sufficiently to satisfy the Conditions of Continued Occupancy of a residential unit, Resident, upon request, shall be eligible for consideration to receive the next available residential unit with a floor plan comparable to the one relinquished, provided Resident repays Company any amounts refunded to Resident under the Resident Contract and pays the applicable Monthly Rate.

SECTION 12. Company's Policy Concerning Financial Difficulty

It is the policy of Company that Resident shall not be dismissed nor his/her Resident Contract terminated solely because of Resident's financial inability to continue to pay all or part of the Monthly Rate. However, Resident's acceptance into Company has been based on the accuracy of facts recorded on Resident's financial statement, by which facts Company determined that Resident was able to meet all the financial obligations specified within this Resident Contract. If, in

the opinion of Company, Resident either has misrepresented information on the financial statement or in any way weakens, through omission or commission, his/her ability or the ability of his/her personal estate to satisfy his/her financial obligations under this Resident Contract, because Resident has made gifts of real or personal property or any imprudent financial transactions after submitting the financial statement and/or after acceptance into Retirement Community, Company reserves the right to terminate this Resident Contract.

12.1 Failure to Make Payments

If Resident fails to make any of the Monthly Rate payments at the required time, or to pay any other amounts shown on the monthly statement within thirty (30) days after the first day of the month, then Company may give written notice to Resident to pay all such amounts and furnish most recent financial records. If Resident fails to comply with such notice, Company may terminate this Resident Contract, and shall provide Resident with the refund, if any, set forth in Section 14, less any outstanding balances or financial obligations.

12.2 Subsidy by Company

Should Company subsidize Resident's Monthly Rate, Resident agrees that any property which was his/hers at, or subsequent to the date of this Resident Contract, and remaining in his/her possession at death, is to be transferred to Company for the purpose of repaying (at least to the extent of the value of such property) an amount equal to the aggregate amount of subsidy furnished Resident by Company during the period of residency. If the value of Resident's possessions/property exceeds the aggregate amount of subsidy furnished by Company, all excess proceeds will be returned to Resident's estate. This Resident Contract shall operate as a grant, assignment, transfer and conveyance to Company of such property, and Resident hereby grants to Company a security interest in such property, all of which may be enforced as a claim against Resident's estate, and to effect such assignment and to enable Company to enforce such claim, Resident shall execute such further documents, instruments or contracts, such as stock powers, Uniform Commercial Code financing statements, deeds, bills of sale and the like, as Company shall deem necessary or appropriate to protect or perfect its rights, interest and claims granted in this subsection. Company may, from time to time, request financial statements from any Resident whose Monthly Rate is subsidized by Company. This subsection shall apply whether or not Resident is in residence at Retirement Community at time of death and shall survive termination of the Resident Contract.

12.3 Special Consideration

Without in any way qualifying the right of Company to terminate this Resident Contract, if the sole reason for non-payment is insufficient funds, beyond the control of Resident, the matter will be reviewed by Company

with Resident. If Resident presents facts which justify special financial consideration, Company may solely at its discretion, partly subsidize Resident's Monthly Rate provided that such subsidy can be granted without impairing the ability of Company to meet and continue its objectives while operating on a sound financial basis. All determinations made by Company shall be regarded as a confidential transaction between Company and Resident except for reports required by regulatory or other government bodies.

12.4 Reduction of Income

Resident believes that his/her sources of income are adequate to meet his/her financial responsibility to Company and to meet and pay any additional costs to Resident, and to pay personal and incidental expenses during the period of residency. If Resident's sources of income do not meet these requirements, Resident may be required to relocate to a smaller unit in Retirement Community at discretion of Company, and Resident will make every reasonable effort to obtain assistance from family or other available means, and from public benefits, to the extent that Resident is eligible to receive them, including, but not limited to federal, state or county aid or assistance, Aid to the Blind, Veterans' Pension, etc. Resident agrees that he/she will apply for and diligently seek such benefits.

SECTION 13. Termination of Resident Contract

13.1 Termination by Resident Prior to Occupancy

If Resident or Resident's Legal Representative notifies Company in writing of his/her election to withdraw or terminate this Resident Contract before Resident takes Occupancy, this Resident Contract with said Resident shall automatically be terminated. If Resident dies before the Date of Availability, or if, through illness, injury, or incapacity, Resident is precluded from taking Occupancy and becoming a Resident under the terms of this Resident Contract, the Resident Contract shall be automatically rescinded. The Resident or his/her designated beneficiary shall receive a refund, in accordance with Subsection 14.1 of this Resident Contract.

13.2 Termination by Resident During Transition Period

Resident or Resident's Legal Representative may terminate this Resident Contract within thirty (30) days of the later of the execution of this Resident Contract or the receipt date of the disclosure statement by signing the attached Notice of Right to Rescind and delivering it to Company. Resident is not required to move into the Retirement Community before the expiration of this thirty (30) day rescission period. After the lapse of the thirty (30) day rescission period and before the lapse of the Transition Period commencing on the earlier to occur of (i) the date Resident takes

Occupancy or (ii) the Date of Availability of Residential Unit, Resident or Resident's Legal Representative, may terminate this Resident Contract by giving written and personally signed notice of termination to Company. Resident shall Surrender within a period of thirty (30) days from the date on which such notice is received by Company. The Resident Contract shall terminate on the date of Surrender. Resident shall be entitled to a refund, as provided in Subsection 14.1 of this Resident Contract.

13.3 Termination by Resident After Transition Period

Resident or Resident's Legal Representative has the right, at any time, to terminate this Resident Contract by delivery to Company of written notice of his/her intent to do so. The written notice need not cite a specific reason for the termination but it shall state a date, of not less than thirty (30) days or more than one hundred and twenty (120) days, when the termination is to become effective, and on or prior to such date Resident shall Surrender the Living Accommodation. On the effective date of such termination, and contingent upon Surrender of the Living Accommodation, Resident's obligation to continue Monthly Rate payments shall cease and Resident shall be entitled to a refund, if any, as provided in Subsection 14.2 of this Resident Contract.

13.4 Termination by Death of Resident

Unless sooner terminated by its own provisions, this Resident Contract shall terminate at death of Resident, whereupon all obligations of Company under this Resident Contract, other than those relating to the removal of Resident's personal property, shall cease. At the death of Resident, Resident shall have no further rights in the Living Accommodation, and the Company shall have immediate access to the Living Accommodation. The removal of any personal effects of Resident in the Living Accommodation or from storage shall be the responsibility of Resident's executor, administrator, or Legal Representative, or of other persons entitled by law to receive them. Company will hold such personal effects for a period not to exceed thirty (30) days, but Company is not responsible for loss or damage to personal property in its possession. At the death of Resident, all Entrance Fee refunds, excess Monthly Rate payments (prorated daily to the date of Surrender), and any other funds deposited with Company under this Resident Contract shall be refunded in accordance with Section 14 of this Resident Contract.

In the event removal of Resident's personal possessions is not accomplished within thirty (30) days, Company has the right to continue charging the Monthly Rate or charge for storage of Resident's personal possessions until such possessions have been removed from the Living Accommodation.

13.5 Limitations on Termination in Situations of Shared Occupancy

If any Co-Resident is precluded from taking Occupancy of the Residential Unit because of death, illness, injury or incapacity, this Resident Contract shall remain in full force and effect as to the other Co-Resident(s), at the option of Co-Resident(s). The remaining Co-Resident(s) shall sign an addendum which changes the terms of this Resident Contract from Shared Occupancy to Single Occupancy, if applicable, and which reflects changes in the Entrance Fee and/or the Monthly Rate. As long as a Co-Resident continues to occupy any Living Accommodation within Retirement Community, the Resident Contract shall not terminate until the death, permanent transfer, discharge or voluntary departure of all Co-Residents from Retirement Community.

13.6 Termination by Company

Company may terminate this Resident Contract prior to Occupancy in accordance with Subsection 2.2 or after Occupancy for “just cause” (as described in Subsection 13.6(a) based on the judgment of Company by providing Resident with at least thirty (30) days written notice. If such action is taken by Company, Resident will have a maximum of sixty (60) days from the date of Company’s notice to Surrender the Residential Unit. On or before the termination date, Resident shall Surrender. On the date of Surrender, Resident's obligation to continue Monthly Rate payments shall cease and this Resident Contract shall terminate. Resident or Resident’s designated beneficiary shall be entitled to receive a refund, if any, as provided in Section 14 of this Resident Contract.

(a) Just Cause

Just cause shall include, but not be limited to, (i) a default in payment (a default in payment occurs when monthly payments are not received in accordance with Section 9, (ii) the submission or omission of any material false information in the application documents and process, (iii) the failure of Resident to abide by Company’s rules, regulations, policies and procedures, (iv) the breach of any of the other terms of this Resident Contract, or (v) a good faith determination in writing by Company that continued Occupancy by Resident creates a serious threat or danger to the life, health, safety or peaceful enjoyment of Resident or other residents or persons in Retirement Community.

In situations where continued Occupancy threatens the life, health, safety or peaceful enjoyment of Resident or other residents, only such notice as is reasonably practicable under the circumstances will be provided to Resident or Resident’s Legal Representative, and termination may be effective immediately.

13.7 Surrender

The obligation to pay the Monthly Rate shall continue until Surrender of the Living Accommodation by Resident or by the estate or family or Legal Representative of Resident in the case of death. The Monthly Rate shall be prorated for the month of Surrender.

SECTION 14. Refunds of Entrance Fee

The refunds, if any, payable to Resident, if this Resident Contract is terminated in accordance with its terms are as follows:

14.1 Notice of Termination Prior to or During Transition Period

Entrance Fee payments will be refunded in full if this Resident Contract is terminated prior to Occupancy or within the thirty (30) day rescission period, or if written notice of termination of this Resident Contract is received during the Transition Period and Resident Surrenders within thirty (30) days. The Entrance Fee refund will be reduced by any costs specifically incurred by Company at the request of Resident to the extent those charges were not paid by Resident.

14.2 Notice of Termination After Transition Period

In the event written notice of termination of this Resident Contract is received after the Transition Period and prior to death, Resident is entitled to a refund of the Entrance Fee paid less the Administrative Fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the Entrance Fee paid less the Administrative Fee for each month this Resident Contract has been in force, starting on the first day of the month after the earlier of the date of Occupancy or Date of Availability and ending on the date of Surrender. The Entrance Fee refund will be reduced by any costs specifically incurred by Company at the request of Resident to the extent those charges were not paid by Resident.

14.3 Termination by Death of Resident

(a) Prior to Occupancy or During Transition Period

(i) **Shared Occupancy**

In situations of Shared Occupancy, in the event of the death of a Co-Resident before Occupancy or during the Transition Period, Resident's estate or his/her designated beneficiary shall receive a refund of the difference between the Entrance Fee for Shared Occupancy and the Entrance Fee for Single Occupancy for the Residential Unit at the time of signing this Resident Contract.

(b) **After Transition Period**

If death should occur after the Transition Period, Resident is entitled to a refund of the Entrance Fee paid less the Administrative Fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the Entrance Fee less the Administrative Fee for each month this Resident Contract has been in force, starting on the first day of the month after the earlier of the date of Occupancy or Date of Availability, and ending on the date of Surrender. If death occurs after the fifty (50) month amortization period, the Entrance Fee is not refundable and shall automatically become the exclusive property of Company upon the death of the Resident.

(i) **Shared Occupancy**

In situations of Shared Occupancy, the amount of the Entrance Fee less the Administrative Fee shall be assigned to the surviving Co-Resident in the event of the death of a Co-Resident.

14.4 Termination by Company

(b) Deductions for Amounts Due on Monthly Statement

Any amounts due and unpaid as reflected on Resident's monthly statement will be deducted from any Entrance Fee refund.

Resident is released from any further obligations except for the payment of any amounts due Company, including the repayment of any financial assistance, the payment of the Monthly Rate until Surrender and the recovery of all personal property.

The rights and obligations of Resident as to property are as follows:

15.1 Right to Real Property

The rights and privileges of Resident do not include any rights, title or interest whether legal, equitable, beneficial or otherwise, in or to any part of the real property, including land, buildings and improvements owned or administered by Company, except the right granted to Resident to take Occupancy of the Residential Unit in accordance with the terms of this Resident Contract. Resident shall have no interest in the real property of the Company. Resident's rights are primarily for services, and this Resident Contract does not create the relationship of Landlord and Tenant and it does not confer any legal or equitable ownership or other interest in the real property or in Company itself. Any rights, privileges or benefits

arising under or related to this Resident Contract shall be subordinate and inferior to all mortgages or deeds of trust on any of the premises or real properties of Company, previously or subsequently given, to secure any loans or advances made to Company or its successors, now outstanding or made in the future, and subordinate and inferior to all amendments, modifications, replacements, or refundings. Resident agrees that, upon request of Company, or the holder of any such instrument, he/she will execute and deliver any document which is alleged to be necessary or required to effect or evidence such subordination.

15.2 Right to Personal Property of Company

As in the case of real property, Resident has no right, title or interest, legal, equitable, beneficial or otherwise in or to any part of the personal property owned by Company, and this includes carpets, window blinds, appliances, kitchen cabinets, and fixtures in the Living Accommodation, even if upgraded at Resident's cost.

15.3 Responsibility for Damages

Any loss or damage to real or personal property of Company, caused by the negligence of Resident, Resident's guests or Resident's pet, shall be charged to and paid for by Resident. Similarly, if any negligence of any of the above-mentioned results in injury, illness or damage to any other resident, Company assumes no responsibility and Resident hereby releases and discharges Company from any injury to Resident or damage to Resident's personal property caused by the fault or negligence of other residents of Company or of their guests or pets.

15.4 Responsibility for Protection of Resident's Property

Company shall not be responsible for the loss of any personal property belonging to Resident due to theft, fire, or any cause, unless said property is specifically entrusted in writing to the care and control of Company, and then only for lack of ordinary care to safeguard, and account for, such property. Company is not responsible for personal injury to other residents or guests within Resident's Residential Unit. Resident shall have the responsibility, at his/her own expense, of providing and maintaining a standard property and liability insurance policy as deemed necessary by Company, and to file a copy of said policy detailing the coverages with Company's administrative office.

15.5 Removal of Resident's Personal Property

If the Residential Unit is vacated under the terms of this Resident Contract, the contents of the Residential Unit must be removed within thirty (30) days. After the thirty (30) day period, Company shall have the right, at Resident's expense, to remove all personal property of Resident from his/her Residential Unit, and store the same, at Resident's expense and

risk. If the property is stored in a commercial storage warehouse or commercial storage facility, Company shall have no responsibility for such property during transfer or after it has been placed in storage, and Resident, or Resident's estate, shall be liable for all moving and storage fees incurred.

16. Arrangement for Guardianship, Resident's Estate and Burial

16.1 Advance Directives and Power of Attorney Requirements

Resident, no later than the Date of Availability shall inform Company of his/her decision regarding advance directives stating Resident's wishes concerning the type and extent of medical care he/she receives if he/she is unable to make wishes known. Resident who has executed advance directives shall provide to Company a copy of such document no later than Date of Availability.

Likewise, Resident, no later than the Date of Availability, shall appoint a power of attorney to act on Resident's behalf in the event Resident is unable to represent him/herself. A copy of the power of attorney will be provided to Company no later than the Date of Availability.

16.2 Legal Guardian

If Resident becomes incapacitated or unable to properly care for self or property, and no representative has been lawfully designated to act on behalf of Resident or no lawfully designated representative is available or willing and able to act on behalf of Resident, then Company may institute legal proceedings to adjudge Resident incapacitated and have a guardian appointed for Resident's estate and person or both. Resident authorizes Company to nominate a legal guardian to serve subject to court approval, and Resident releases Company from any liability related to the nomination. All costs of such legal proceedings, including counsel fees, shall be paid by Resident or the legally appointed guardian of Resident's estate.

16.3 Burial Plans

Company does not provide any burial or funeral benefits or services. Resident agrees to arrange for and take care of all such plans and costs.

SECTION 17. Non-Transferable

The rights and privileges of Resident under this Resident Contract to a Living Accommodation, facilities, services and medical care are personal to Resident and cannot be transferred or assigned by act of Resident, or by any proceeding at law, or otherwise. If any person, other than the person(s) who have/has signed

this Resident Contract, commence(s) to live in Resident's Living Accommodation without following the proper procedure established by Company, then, Company may immediately terminate this Resident Contract.

SECTION 18. Notice

All notices to be given in accordance with this Resident Contract shall be deemed to have been properly given if and when delivered personally or sent by mail as follows:

To Company: _____

To Resident (before taking Occupancy):

SECTION 19. Average Annual Cost of Providing Services

The average annual cost to Company of providing to Resident the care specified in the Resident Contract is reflected in the disclosure statement which will be made available to Resident.

All residents living in the Retirement Community shall have the right of self-organization and may meet privately at the Retirement Community to conduct business. The Board of Directors or a designated representative shall meet quarterly with the residents of the Retirement Community for the purpose of free discussion of subjects which may include, but are not limited to income, expenditures and financial matters as they apply to Company and the Retirement Community and proposed changes in policies and services. Company shall provide residents with at least seven (7) days notice of each quarterly meeting.

SECTION 21. Waiver

No act, agreement, or statement of any Resident, or other individual purchasing care for a Resident under this Resident Contract or under any contract to furnish care to the Resident shall constitute a valid waiver of any provision of any North

Carolina Statute enacted and intended to benefit or protect the residents of the Retirement Community, or any individual purchasing care for such residents.

SECTION 22. Arbitration

22.1 Procedural Rules

Any controversy, dispute or disagreement arising out of or relating to this Resident Contract, or concerning any rights arising under this Resident Contract or a breach of this Resident Contract, shall be settled by voluntary arbitration. This arbitration shall be conducted on Company's property in accordance with the American Health Lawyers Association ("AHLA") Alternative Dispute Resolution Service Rules of Procedure for Arbitration. The decision shall be final, binding and non-appealable, and any court having proper jurisdiction may enter judgment on the award rendered by the arbitrator.

22.2 Time Limit for Arbitration

Any request for arbitration of a dispute must be requested and submitted to AHLA or an alternate neutral arbitration service selected by Company if AHLA is unable or unwilling to serve, prior to the lapse of two (2) years from the date on which the event giving rise to the dispute occurred. In the event AHLA is unable or unwilling to serve, then the request for arbitration must be submitted to Company within thirty (30) days of receipt of notice of AHLA's unwillingness or inability to serve as a neutral arbitrator. Company shall select an alternative neutral arbitration service within thirty (30) days thereafter and the selected arbitration agency's procedural rules shall apply to the arbitration proceeding. The failure to submit a request for arbitration to AHLA or an alternate neutral arbitration service selected by Company within the designated time (i.e., two (2) years) shall operate as a bar to any subsequent request for arbitration, or for any claim for relief or a remedy, or to any action or legal proceeding of any kind or nature, and the parties will be forever barred from arbitrating or litigating a resolution to any such dispute.

SECTION 23. Uncontrollable Interruption of Services

In the event that Company is unable to fulfill any of its obligations under the Resident Contract resulting from an interruption of, or failure to provide, contracted services due to an act of God or other cause beyond the reasonable control of Company, specifically including labor strikes or other forms of labor disturbances, and/or embargoes, fire, flood, earthquakes, inclement weather or acts of Resident, then Company shall not be liable or responsible for any personal injury to Resident or damage to Resident's property arising from any such event. Company will make every effort to provide the usual services in such event and Resident shall continue to pay the Monthly Rate.

24.4 Invalidity, Unenforceability

If any portion of this Resident Contract shall, for any reason, be held to be invalid or unenforceable in any jurisdiction in which it is sought to be enforced, such invalidity and unenforceability shall not affect any other provision of this Resident Contract, and it shall be construed as if such invalid or unenforceable provision were omitted.

50% REFUNDABLE PLAN ADDENDUM
(ADDENDUM TO RESIDENT CONTRACT)
ACTS RETIREMENT-LIFE COMMUNITIES, INC.

ADDENDUM

50% REFUNDABLE PLAN

THIS ADDENDUM, made this _____ day of _____, 20____, amends the Resident Contract (the "Contract") dated _____, 20____, and any preceding addenda or amendments to the Resident Contract by and between

called "Resident" (and where two individuals sign the Contract for Shared Occupancy, they are called collectively "Resident" where the context permits, and individually Co-Resident") and ACTS Retirement-Life Communities, Inc. (called "Company").

BACKGROUND

Contemporaneously with the execution of this Addendum, Resident entered into the Contract with Company; and

The Contract provides for an Entrance Fee which is amortized by Company over a certain period of time; and

Company desires to offer and Resident desires to accept a refundable Entrance Fee option called the "50% Refundable Plan," which allows for a refund of fifty percent (50%) of the Entrance Fee; and

Resident and Company desire to enter into this Addendum to modify the refund and other applicable provisions of the Contract.

NOW THEREFORE, in consideration of the mutual promises contained in this Addendum and intending to be legally bound, Company and Resident agree as follows:

1. Limited Option Period

Resident must elect the 50% Refundable Plan on or before the execution of the Contract. After execution of the Contract, the 50% Refundable Plan shall not be available to Resident.

2. Payment of Entrance Fee

The Resident shall pay to Company an Entrance Fee in the amount of _____ dollars (\$_____).

The Entrance Fee shall be paid in accordance with Section 3 of the Contract.

3. Administrative Fee

An Administrative Fee in an amount equal to five percent (5%) of the total Entrance Fee paid will be retained by Company.

4. Designation of 50% Refundable Plan

There shall be a Refundable Component of the Entrance Fee, in an amount equivalent to fifty percent (50%) of the net Entrance Fee (after deducting the Administrative Fee), and an Amortizable Portion of the Entrance Fee in an amount equivalent to fifty percent (50%) of the net Entrance Fee (after deducting the Administrative Fee).

5. Limited Amortization of Entrance Fee

The net Entrance Fee shall be amortized by Company in the amount of two percent (2%) of the net Entrance Fee per month for a period of twenty five (25) months from the date of Occupancy or Date of Availability, whichever is earlier. After the twenty five (25) month period, an amount equivalent to fifty percent (50%) of the net Entrance Fee, shall be retained in full by Company and amortization of the net Entrance Fee shall cease. The Refundable Component of the net Entrance Fee, in the amount of \$ _____, shall not be amortized.

6. Modification of Refund Provisions

(a) Termination of Contract Prior to or During the Transition Period

The Entrance Fee will be refunded in full if the Contract is terminated prior to or during the Transition Period. Resident will receive a refund of the entire Entrance Fee paid, less those costs specifically incurred by Company at the specific written request of Resident, to the extent those charges were not paid by Resident. The refund shall be made within one hundred twenty (120) days of the effective date of termination of the Contract.

(b) Termination of Contract After Transition Period

In the event of termination of the Contract after the Transition Period, Company will refund to the Resident, Resident's estate, or designated beneficiary the Refundable Component of the Entrance Fee, which constitutes fifty percent (50%) of the net Entrance Fee, plus any remaining balance of the Amortizable Portion of the net Entrance Fee, less any amounts deducted to cover financial assistance pursuant to paragraph 7 below, to cover costs incurred to refurbish, restore or repair

the Residential Unit in the event of unreasonable wear and tear, or to cover costs incurred at the specific written request of Resident, or to satisfy unpaid or subsidized charges.

(c) **Termination by Death of Resident**

In the event of the death of Resident before Occupancy or during the Transition Period, the entire Entrance Fee paid, less those costs specifically incurred by Company at the specific written request of Resident to the extent those charges were not paid by Resident, will be refunded in full to Resident's estate or to Resident's designated beneficiary. If death should occur after the Transition Period, the Refundable Component of the net Entrance Fee shall be refunded to the Resident's estate or Resident's designated beneficiary. Any unamortized balance of the Amortizable Portion of the net Entrance Fee shall be refunded with the Refundable Component. After the twenty five (25) month amortization period, the Amortizable Portion of the net Entrance Fee shall not be refunded and automatically shall be retained by Company upon the death of the Resident. In situations of Shared Occupancy, the amount of the Amortizable Portion of the net Entrance Fee shall be assigned to the surviving Co-Resident in the event of the death of a Co-Resident.

(d) **Timing of Refund Payments**

(i) **Termination Prior to or During the Transition Period.** In the event of termination of the Contract prior to or during the Transition Period, the amounts due as a refund will be paid within one hundred twenty (120) days of the effective date of the termination of the Contract.

(ii) **Termination After the Transition Period.** In the event of termination of the Contract after the Transition Period, amounts due as a refund will be paid within thirty (30) days of the admission of a new resident to the Residential Unit vacated by Resident.

7. **Deductions for Financial Assistance**

In the event that Company approves financial assistance to Resident in accordance with the financial assistance policy in Section 12 of the Contract, Company, in its sole discretion, may deduct from the Refundable Component of the net Entrance Fee and any unamortized balance of the net Entrance Fee, amounts equivalent to the amount of any financial assistance approved for the Resident. Such deductions shall be made at the time any refund becomes due and payable to the Resident under the Contract. If any portion of the

Refundable Component is exhausted by deductions made to reimburse Company for financial assistance approved by Company, there shall be no refund, partial or otherwise, of the net Entrance Fee.

8. Federal Income Tax Disclosure Statement

The Internal Revenue Service ("I.R.S.") may characterize the amount to be refunded to Resident, Resident's estate, or Resident's designated beneficiary as an interest-free loan from Resident to Company, and may attribute to Resident annual receipt of interest income on the amount characterized as a loan, even though Resident did not receive interest payments. Resident should consult with Resident's accountant or attorney to determine whether and to what extent this provision affects Resident.

9. Other Terms and Conditions

All of the other terms and conditions of the Contract, to the extent not inconsistent with this Addendum, shall remain in full force and effect, and shall govern the terms and conditions of the relationship between Resident and Company.

IN WITNESS WHEREOF, ACTS Retirement-Life Communities, Inc. and Resident have duly executed this Addendum as of the date first mentioned above.

ADDENDUM FOR MODIFIED HEALTH CARE PLAN

(ADDENDUM TO RESIDENT CONTRACT)

ACTS RETIREMENT-LIFE COMMUNITIES, INC.

ACTS RETIREMENT-LIFE COMMUNITIES, INC.

ADDENDUM FOR MODIFIED HEALTH CARE PLAN

THIS ADDENDUM, made this _____ day of _____, 20____, amends the Resident Contract (called “Resident Contract”) entered into on the _____ day of _____, 20____, and any preceding addenda or amendments to the Resident Contract by and between ACTS Retirement-Life Communities, Inc., a nonprofit corporation, (hereinafter called “Company”), and _____ (called “Resident,” and when two or more individuals sign this Addendum for Shared Occupancy, they are called collectively “Resident” where the context permits, and individually “Co-Resident”).

BACKGROUND

Resident entered into the Resident Contract with Company for occupancy of Residential Unit # _____ in the Retirement Community; and

Under the terms of the Resident Contract, Company offers to Resident a “life care” arrangement which contemplates the provision of Routine Nursing Care and Assisted Living Services in a Skilled Care Center and/or Assisted Living Residence at no additional charge (except for charges for ancillary services) above the Monthly Rate as defined more fully in the Resident Contract; and

In addition to the “life care” arrangement, Company intends to offer a Modified Health Care Plan, under which the cost and charges for Routine Nursing Care and Assisted Living Services are not included in the Monthly Rate, and Resident shall be obligated to pay the then current per diem rate for such services as set forth in Paragraph 4 herein; and

It is the intent of Company to limit participation in the Modified Health Care Plan to Resident if, and only if, Resident obtains and maintains long-term care insurance with certain terms and conditions as set forth in Paragraph 1 herein; and

Resident desires to participate in Company’s Modified Health Care Plan;

and

Company and Resident desire to enter into this Addendum to establish the terms and conditions related to participation in the Modified Health Care Plan, and to modify and amend the charges applicable to transfer to a Skilled Care Center and/or Assisted Living Residence as described in the Resident Contract.

NOW THEREFORE, in consideration of the mutual promises contained in this Addendum and intending to be legally bound, Company and Resident agree as follows:

1. **Long-Term Care Insurance Requirement.**

In order to be eligible to participate in the Modified Health Care Plan, the Resident shall obtain and maintain an acceptable long-term care insurance policy (the "LTCI Policy") as determined by Company which shall provide coverage for charges for accommodations and services for Resident's stays in either the Assisted Living Residence or Skilled Care Center. The LTCI Policy benefit must provide adequate coverage and benefits, as determined by Company in its sole discretion, for residency in the Assisted Living Residence or Skilled Care Center. Resident shall provide Company with a copy of the LTCI Policy prior to acceptance into the Modified Health Care Plan. If permitted by the insurance carrier, the LTCI Policy shall name Company as a co-payee. If the Resident fails to maintain the LTCI Policy, then Company, at its option, may terminate this Addendum. In the event Company terminates this Addendum due to Resident's failure to maintain the LTCI Policy, then the Resident Contract shall be terminated, except as provided for in Section 5.2.

2. **Payment of the Entrance Fee and Monthly Rate.**

Resident shall pay to Company an Entrance Fee in the amount of _____ dollars (\$_____), and Resident's Monthly Rate shall be _____ dollars (\$_____). The Entrance Fee shall be paid in accordance with Section 3 of the Resident Contract.

3. **Costs in the Skilled Care Center and Assisted Living Residence.**

3.1 **Temporary Transfer.**

If Resident is temporarily transferred to a Skilled Care Center or Assisted Living Residence, then Resident shall pay the then current per diem rate for Routine Nursing Care or Assisted Living Services and any other additional charges for ancillary or miscellaneous services, and shall pay the Monthly Rate to retain possession of the Residential Unit. In situations of Shared Occupancy where one Co-Resident is temporarily transferred to a Skilled Care Center or Assisted Living Residence, the Monthly Rate shall be reduced to the Monthly Rate for Single Occupancy, and the transferred Co-Resident

shall be charged, and both Co-Residents shall collectively be responsible to pay, the then current per diem rate for routine nursing care or assisted living services, and any other additional charges for ancillary or miscellaneous services. In the event both Co-Residents are temporarily transferred to the Skilled Care Center or Assisted Living Residence, each Co-Resident shall be charged and shall pay the then current per diem rate for Routine Nursing Care or Assisted Living Services, and any additional charges for ancillary or miscellaneous services. In addition, the Monthly Rate shall be reduced to the Monthly Rate for Single Occupancy during any period of temporary transfer and will be paid by the Resident or Co-Resident in order to retain possession of the Residential Unit.

3.2 Permanent Transfer.

If Resident is permanently transferred to a Skilled Care Center or Assisted Living Residence, then the obligation to pay the Monthly Rate shall cease, and Resident shall be responsible for the payment of the then current per diem rate for Routine Nursing Care or Assisted Living Services, and any other additional charges for ancillary or miscellaneous services. In situations of Shared Occupancy where one Co-Resident is permanently transferred to a Skilled Care Center or Assisted Living Residence, the Monthly Rate shall be reduced to the Monthly Rate for Single Occupancy, and the transferred Co-Resident shall be charged, and both Co-Residents shall collectively be responsible to pay, the then current per diem rate for Routine Nursing Care or Assisted Living Services, and any other additional charges for ancillary or miscellaneous services, as well as the reduced Monthly Rate. In the event both Co-Residents are permanently transferred to a Skilled Care Center or Assisted Living Residence, each Co-Resident shall be charged and shall pay the then current per diem rate for Routine Nursing Care or Assisted Living Services, and any additional charges for ancillary or miscellaneous services and the obligation to pay the Monthly Rate shall cease and the Residential Unit shall revert to Company.

4. Occupancy in the Skilled Care Center or Assisted Living Residence.

After transfer to and occupancy in a Skilled Care Center or Assisted Living Residence for a cumulative period of three (3) years (calculated using the total number of days in which the routine per diem rate was paid for temporary or permanent use of an Assisted Living Residence or Skilled Care Center), the Resident's obligation to pay the then current per diem rate for Routine Nursing Care or Assisted Living Services in accordance with the terms and conditions of the Modified Health Care Plan shall be converted to an obligation to pay the then current Monthly Rate for Routine

Nursing Care or Assisted Living Services under the “life care” arrangement provided for in the Resident Contract. Resident remains responsible for any other additional charges for ancillary or miscellaneous services. In situations of Shared Occupancy, the cumulative three (3) year period shall apply to each Co-Resident individually; meaning each Co-Resident pays the then current per diem rate during his/her first three (3) years of occupancy in a Skilled Care Center or Assisted Living Residence before his/her payment obligation is converted to the then current Monthly Rate.

5. Termination of Addendum.

5.1 This Addendum shall terminate: (1) at Company’s option, due to Resident’s failure to maintain the LTCI Policy in accordance with the terms and conditions of Paragraph 1; or (2) if Resident dies or leaves the Retirement Community, except in situations of Shared Occupancy, then this Addendum shall not terminate until both Co-Residents die or leave the Retirement Community. Termination of this Addendum shall automatically and contemporaneously terminate the Resident Contract.

5.2 In the event this Addendum is terminated due to Resident’s failure to maintain the LTCI Policy in accordance with the terms and conditions of Subparagraph 1, Company, at its option, may provide Resident an option to pay Company a lifecare conversion fee in accordance with Company’s prevailing policy.

6. Acknowledgements of Resident.

Resident acknowledges that participation in the Modified Health Care Plan is conditioned on Resident obtaining and maintaining the LTCI Policy as specified in Paragraph 1. Resident recognizes that failure to maintain the LTCI Policy in accordance with the terms and conditions of Paragraph 1 may result in termination of this Addendum and the Resident Contract.

7. Severability.

The various provisions of this Addendum shall be severable one from another. If any provision of this Addendum is found by a court or administrative body of proper jurisdiction and authority to be invalid, the other provisions shall remain in full force and effect as if the invalid portion had not been part of this Addendum.

8. Governing Law.

This Addendum shall be governed by and construed in accordance with the laws of the state named in the Resident Contract.

9. **Non-Transferable.**

The rights and privileges of Resident under this Addendum are personal to Resident and cannot be transferred or assigned by act of Resident, or by any proceeding at law, or otherwise.

10. **Other Terms and Conditions.**

All of the other terms and conditions of the Resident Contract, to the extent not inconsistent with this Addendum, shall remain in full force and effect, and shall govern the terms and conditions of the relationship between Company and Resident.

IN WITNESS WHEREOF, Company and Resident have duly executed this Addendum as of the day and year first mentioned above.

Each individual residence is priced to reflect the many attributes of that particular residence. Your Life Care Consultant will help you decide on the location and pricing plan that best suits your preferences. Pricing plans include:

Acts Life Care® Premier

The most popular of the Acts financial options, Acts Life Care Premier features an entrance fee and monthly service fee that secure your residency at an Acts community. With Acts Life Care, monthly service fees will never increase solely as a result of needing a higher level of care.

Acts Life Care Asset Preservation

The Asset Preservation Plan is for those who desire the highest level of asset preservation. This plan offers the same benefits of lifestyle and health care security, but has a higher level of asset protection than Acts Life Care Premier. With a lower entrance fee, this plan is designed for those who enjoy a comfortable and predictable income.

Acts Life Care Income Preservation

The Income Preservation Plan is for those who have a strong asset base. With Acts Life Care Income Preservation, your assets fund the entrance fee, while you enjoy higher income protection with more value-driven monthly service fees.

Acts Life Care 50

Acts Life Care 50 offers a refund of 50% of the net entrance fee for those who wish to provide a financial legacy. Under this plan, the entrance fee (less an administrative fee) amortizes over a 25-month period, with the balance being returned to you or your estate when your period of occupancy ends.

Acts Modified Life Care

Acts Modified Life Care is a desirable plan for anyone who already carries comprehensive long-term care insurance and chooses to maintain it throughout their residency. You pay a lower entrance fee and lower monthly fee with this plan during your time in independent living. If you later require care, your long-term care insurance policy will be used toward the per diem care costs for a cumulative period of three years, after which time your fees revert to the Acts Modified Life Care monthly fee in effect at that time. The entrance fee (less an administrative fee) amortizes over a 50-month period with the balance returned to you or your estate should you no longer reside at the community during that period.

DISCUSSION OF 2023 ACTUAL RESULTS COMPARED TO FORECAST

BALANCE SHEET

A threshold of \$1.5 million between actual and forecasted results is considered material.

Assets

Total assets were below forecasted expectations by \$29.0 million (1.3%) in 2023 due to the following factors:

- (1) Investments were under the forecasted amount by \$10.7 million (2.7%) due to the assumption in the forecast of a larger debt financing transaction with the establishment of a larger project fund offset by the positive market conditions resulting in realized and unrealized gain on investments of \$17.0 million.
- (2) Property and equipment, net of accumulated depreciation, was less than forecasted expectations by \$8.7 million (0.5%) due to fewer capital projects being placed into service than anticipated.
- (3) The amount due from affiliated organizations was lower than the forecasted amount by \$7.2 million (27.0%) due to the ability of affiliated organizations to reimburse amounts owed for shared vendor payments.

Liabilities and Net Assets

Total liabilities and net assets were below forecasted expectations by \$29.0 million (1.3%) in 2023 due to the following factors:

- (4) Accounts payable and accrued expenses were less than forecasted by \$2.8 million (2.7%) due to the timing of payments.
- (5) Short-term indebtedness was lower than forecasted expectations by \$35.1 million (32.3%) due to greater availability of resources to repay amounts on available bank lines of credit than expected.
- (6) Long-term indebtedness fell short of the forecasted amount by \$21.0 million (2.5%) due to the debt financing transaction that was completed at a lower amount than assumed in the forecast.
- (7) Entrance fee deposits were less than forecasted by \$3.3 million (18.2%) due to the timing of receipt of partial entrance fee payments and resident move-ins.

- (8) The refundable portion of entrance fees was under the forecasted amount by \$2.8 million (27.9%) due to a greater number of independent living units that became reoccupied triggering the required entrance fee refund for a previous resident.
- (9) Deferred revenue from entrance fees was above forecasted expectations by \$21.1 million (2.3%) primarily due to higher collection of nonrefundable resale entrance fee proceeds as compared to the forecast coupled with a lower amount of nonrefundable entrance fee refunds than expected.
- (10) Net assets without donor restrictions were greater than forecasted expectations by \$20.3 million (22.4%) primarily due to the realized and unrealized gain on investments of \$17.0 million. Net assets with donor restrictions were below forecasted expectations by \$5.1 million (17.4%) due to a greater amount of released net assets as donor stipulations were met than assumed in the forecast.

STATEMENT OF OPERATIONS

A threshold of \$500 thousand between actual and forecasted results is considered material.

Total Operating Revenue:

Operating revenue exceeded forecasted expectations by \$7.6 million (1.3%) in 2023 due to the following factors:

- (1) Resident services revenue from third-party payors was below the forecasted amount by \$6.1 million (13.5%) due to lower than expected Medicare Part A and Medicaid resident census in the skilled care centers and lower than expected revenue from outpatient therapy services covered by Medicare Part B.
- (2) Investment income was greater than forecasted expectations by \$4.5 million (51.3%) during 2023 due to a higher than forecasted average rate of return coupled with realized gains on investments which are not included in the forecast due to the inability to predict market conditions.
- (3) Other revenue was above the forecasted amount by \$2.0 million (12.5%) due to a higher than anticipated amount of apartment modification income from new residents.
- (4) Amortization of entrance fees was greater than the forecasted level by \$7.2 million (6.0%) due to a higher average entrance fee per resale coupled with a greater amount of income recognized from terminated resident agreements.

Total Operating Expenses:

Operating expenses were unfavorable to forecasted expectations by \$7.6 million (1.3%) in 2023 due to the following factors:

- (5) Administrative and general expenses were lower than forecasted by \$4.2 million (3.2%) due to lower than expected amount of marketing and advertising costs resulting from positive growth in the percentage of occupied independent living units.
- (6) Health care costs were greater than forecasted expectations by \$8.8 million (9.5%) due to higher than expected costs related to paid overtime, agency nursing, medical related supplies, and bad debt expenses.
- (7) Property management expenses were higher than forecasted by \$5.2 million (6.2%) due to higher than expected costs related to contracted maintenance services and maintenance supplies.

- (8) Resident care expenses were less than forecasted expectations by \$1.6 million (3.0%) due to lower than anticipated team member professional development and outpatient therapy consultant costs.
- (9) Interest expense was lower than forecasted expectations by \$0.7 million (2.2%) due to a greater than expected amount of interest that could be capitalized coupled with the expectation of a mid-year closing on an additional bond issue that was not completed until December 2023.

DISCUSSION OF 2023 ACTUAL RESULTS COMPARED TO FORECAST

STATEMENT OF CASH FLOWS

A threshold of \$1.5 million between actual and forecasted results is considered material.

Cash Flows from Operating Activities:

Net cash provided by operating activities exceeded forecasted expectations by \$29.1 million (23.0%) in 2023 due to the following factors:

- (1) Amortization of entrance fees was greater than the forecasted level by \$7.2 million (6.0%) due to a higher average entrance fee per resale coupled with a greater amount of income recognized from terminated resident agreements.
- (2) Entrance fees and deposits from nonrefundable resale contracts were above the forecasted amount by \$23.6 million (12.7%) due to a higher number of independent living resales than anticipated in the forecast coupled with a higher average entrance fee per resale.
- (3) Refunds of entrance fees and deposits from nonrefundable resale contracts were lower than forecasted by \$2.4 million (11.7%) due to a lower than expected amount of terminated contracts with a remaining refund liability.
- (4) Administrative fee included in gross entrance fees was \$2.3 million (25.6%) higher than forecasted commensurate with the greater than forecasted amount of entrance fees from nonrefundable resale contracts.
- (5) In 2023, the net realized and unrealized gain on investments was \$17.0 million. The forecast does not consider realized and unrealized gains or losses due to the inability to predict market conditions.
- (6) The net change in beneficial interest in the investments of ACTS Legacy Foundation, Inc. was lower than the forecasted amount due to the greater satisfaction of donor stipulations resulting in a greater amount of released donations than forecasted.
- (7) There was an decrease in the amount due from affiliated organizations of \$7.2 million in 2023 versus a forecasted decrease of \$0.3 million. The actual decrease was due to the timing of reimbursement from affiliated organizations for shared vendor payments.
- (8) There was a decrease in accounts receivable of \$1.1 million in 2023 versus a forecasted increase of \$1.1 million. The actual decrease was due to positive collection efforts for accounts with past due balances.

- (9) The increase in accounts payable and accrued expenses was \$2.6 million (82.5%) greater than forecasted due to the timing of vendor payments at year-end.

Cash Flows from Investing Activities:

Net cash used in investing activities were less than forecasted expectations by \$27.2 million (15.0%) in 2023 due to the following factors:

- (10) The purchase of property and equipment was less than the forecasted amount by \$22.1 million (13.6%) in 2023. The lower than expected amount of cash outflow for purchase of property and equipment was due to the timing of certain capital projects.
- (11) The increase in investments was \$5.1 million (27.3%) less than forecasted primarily due to the assumption in the forecast of a larger debt financing transaction with the establishment of a larger project fund.

Cash Flows from Financing Activities:

Net cash (used in) provided by financing activities were below forecasted expectations by \$77.4 million (142.5%) in 2023 due to the following factors:

- (12) Refunds of refundable entrance fees were \$2.6 million (287.2%) over the forecasted amount as a greater number of independent living units became reoccupied triggering the required entrance fee refund for a previous resident.
- (13) Payments of accounts payable, construction, were greater than forecasted expectations by \$18.2 million (107.9%) in 2023. The payments were made in connection with ordinary capital improvements, major renovation projects, and expansion projects that occurred in the prior fiscal year.
- (14) Proceeds from short-term indebtedness and payments on short-term indebtedness were higher than forecasted expectations by \$12.7 million (21.2%) and \$45.8 million (171.3%), respectively. Available bank lines of credit are utilized to fund certain independent living expansion projects and payments are made to repay amounts drawn as entrance fees are received.
- (15) Proceeds from long-term indebtedness was \$23.0 million (60.9%) less than forecasted as a smaller project fund was established in connection with the 2023 debt financing transaction than anticipated in the forecast.
